Penn is the Opener--Contest at Philadelphia Saturday Bloomsburg Week Later

COACH REYNOLDS WORKING SQUAD HARD.

MORE THAN 50 MEN ON THE ORANGE AND BLUE SQUAD

Second 'Varsity Team Is Arranging Series of Four of Five Games on Foreign Fields.--May Play at Home on Thanksgiving Day.

Tentative lineup for the Penn game:
McDermott, L. E.; Peal, L. T.; Rosenbloom, L. G.; Morett, C; Johnson, R. G.. Homan, R. T.; Bihl or Hendern, R. E., Dayhoff, Murray or Hughes, Q; Kostos, R. H; Hendren, L. H., Bowers, Baldauf or Hahn, F. B.

Bucknell will open the football season with Penn at Philadelphia on Saturday afternoon and the Bloomsburg game scheduled for this date will be played on the college campus Saturday, October 4. This adds another game to the schedule arranged under the former management last year, by the Athletic committee in charge.

This change is an agreeable one for it adds another game, and gives to Bloomsburg a chance to make a better showing a liverly game for the opening contest on the College field. Coach Reynolds spend the first week with his squad of more than fifty men, testing them through the preliminaries, getting acquainted with them and the positons for which they are trying. Last Saturday he worked four teams for about an hour of scrimmage and again on Monday. Since last Thursday the men have been put under training rules and each successive practice this week is becoming stiffer in preparation for the Penn game.

More than a dozen former 'varsity men are back on the squad and they are receiving preference, being considered 'varsity members unless beaten out by newer members of the squad. There is a total of more than fifty candidates with a few more still reporting. There is much rich material for every position on the eleven and the former 'varsity players who are trying hard to secure their positions played in past seasons are pressed to the highest pitch by many of the best stars who appeared on state high school teams last season. Assistant Coach Weymouth and "Bobby" Waddell are aiding in coaching.

At present the following members of the team are sitting at the training table: McDermott, Peale, Rosenbloom, Morett, Donaldson, Homan, Bihl, Hendern, R. Wargo, Ebner, Mangan, Dayhoff, J. Kostos, Hughes, Baldauf, Hahn Bower, Hendren, J.

Continued on 4th page.

NEW COLLEGE ORCHESTRA FORMED THIS YEAR

A new musical organization known as the Derby Saxaphone Orchestra has been formed by College men. They have many engagements scheduled for College fraternity functions, and also will play at the American Legion block dance that will take place in Lewisburg on the evenings of October 9 and 10. The personnel is Errol Derby, violin; R. W. Angstadt, traps; "Eggy" Quinn, piano; "Curly Lawson, banjo; Melhuish, saxaphone.

Prof. Russell Hamblin, '14, who has been teaching at a West Virginia College since his graduation will soon enter the University of Chicago to take special work in Latin. He has been spending the summer with his father Dr. J. F. Hamblin, of the college faculty.

Chester S. Keefer, '18, spent several days last week at the Phi Gamma Delta house, before returning to school at John Hopkins.

Subscription Rate For The Bucknellian is $1.50 Per Year.

To Assure Receiving the Paper Subscriptions Should be sent At Once Accompanied by Subscription Price.

GLEE CLUB PLANS

Trips Being Arranged For New Jersey, Ohio and Penna.

Returning to its popularity of two years ago, the Bucknell Glee club at a meeting Monday night, laid tentative plans for trips through western Pennsylvania, Ohio and New Jersey, the trips being directed somewhat by the many requests during the past two years for return engagements. Two seasons ago the Glee Club toured western and southern Pennsylvania and almost unanimously requests were made for return engagements. With the wealth of material this season the club expects an early start and will soon co-operate with the orchestra on the details of these serveal trips planned.

Manager Dewire, of the club issues a call for candidates. The manager wishes it to be emphasized that membership in the Glee Club is entirely on a competitive basis. All those wishing to try out will see Professor Stolz or Professor Howard in their respective studios at the School of Music, between the hours of 10 and 12 a. m., from Monday, September 22, to Friday, September 26.

A week ago at a meeting of the club members plans were discussed for the coming season. The manager has already arranged several dates and has many more under consideration from which trips will be arranged. At present trips are planned through Northwestern Pennsylvania, Northwestern and Eastern Ohio, Southeastern Pennsylvania and New Jersey

Due to the S. A. T. C. last year a very limited program was followed, but it was necessary to continue the season several weeks on account of demands for further engagements. Very successful concerts were given in Shamokin, Sunbury, Williamsport, Muncy and other nearby towns.

Professor Howard, a new man added to the music faculty, will assist the Glee club. Professor Berlino who always pleases with his piano solos, has returned from the service and will be with the Glee club again. Among other men of former Glee club fame are "Steve" Paif, Russell Stout, Julius Seebach and Harry Thomas.

Without the support of the student body the Glee club cannot equal the great success it has had in previous years. Many men were lost through graduation. This leaves plenty of room for new men. All who possess musical ability are urged to come out.

As to the orchestra, announcements will be made later. Positions are open and anyone interested should watch the bulletin board.

MASS MEETING TONIGHT TO EXPLODE "PEP"

COLLEGE MEN WILL GIVE VENT TO FEELINGS

Arrangements to See Team Off—Classes Close at 12.20 and Varsity Leaves at 1.05, Be There.

There will be a rousing big mass meeting in the Gymnasium this evening at 7 o'clock to give the 'varsity a real Bucknell send off when they leave tomorrow for Philadelphia for the Penn opening game. Penn is preparing for a hard fight and the contest will be influenced by the spirit you display tonight and at the send-off tomorrow.

The speakers for the evening will be Senior President Nancarrow, Waddell, "Johnnie" Hendren, McDermott and Registrar Thomas. Several other men may give snappy talks. Freshmen roll will be called and they must be there. Every other Bucknell man will be there.

The second assistant cheer leader will be elected from the candidates, Bechtel, Florin and Aleshouckas. Cheering practice and singing will be supervised by by Cheer Leader Matheison.

Tomorrow classes will close at 12.20 through the kindness of Dr. Hunt to enable students to see the team off. It is asked that fraternities and all other organizations have lunch at 12.30 and then proceed directly to the pennContinued on 4th page.

NEW BUCKNELL PRESIDENT, DR. EMORY W. HUNT

COACH REYNOLDS HAS EXCELLENT FOOTBALL RECORD

C. W. P. Reynolds is the new Orange and Blue coach and is being assisted by Robert Waddell and Assistant Coach Weymouth. Robert Waddell, Captain of last season's eleven, is injured and unable to play so is assisting Reynolds.

Bucknell's Athletic Committee has announced the engagement of C. W. P. Reynolds, field coach at Syracuse University for the last two years, as head coach of the Orange and Blue football eleven for the next three years. He will have complete charge of Bucknell's gridiron squad, and summoned the candidates for practice on September 15, three days before college re-opened. Although there were a dozen applicants for the place, Reynolds was the unanimous choice of the committee.

The selection was made largely on the recommendation of Bill Hollenback, Syracuse's former football mentor. Hollenback endorsed Reynolds as one of the foremost exponents of the game in the East, crediting him with the success of the Syracuse teams of the last two years. Reynolds come to Bucknell with ten years' experience as a college football coach. Following his graduation from Syracuse in 1909, he developed strong elevens at Hobart College for five years and at Hamilton College for the next three years. He served as field coach at Syracure in 1917 and last season. Reynolds was a 'varsity end during the four years of his college course.

NEW BASKETBALL MGR. HAS BEEN APPOINTED

Robert Bell has been appointed manager of basketball for the coming season and has taken over the position, left vacant by R. O. Snyder who has not returned to College this year.

Snyder was elected by the Athletic Association last spring but is not back this year and as a student manager is now necessary to handle preliminary work in basketball affairs, the governing board of the athletic association instructed the appointment of a student manager. Bell who has had much past experience as student comptroller, has been placed in the position.

CLOSE RETURNS IN ELECTION OF CLASS OFFICERS

The annual election of class officers occurred Friday, and an unusual amount of interest was shown in the outcome of the election. The results were close in every case and in several instances one vote was the deciding factor. The results follow:

Seniors
Pres.—Harry Nancarrow.
V. Pres.—Andrew Mathieson.
Sec.—Miss Aileen Lott.
Treas.—Felix Piekarski
Juniors.
Pres. George Kunkel.
V. Pres.—Hobart Brown.
Sec.—Miss Elizabeth Davis.
Treas.—Selah Sutton.
Historian—Miss Anna Fairchild.
Poetess—Miss Lydia Coene.
Sophomores.
Pres.—Norman Stewart.
V. Pres.—Kenneth Lewis.
Sec.—Miss Ray Seaman.
Treas.—Geo. Mathieson.
Poetess—Miss Helen Kitlowski.
Freshmen.
Pres.—Cloward.
V. Pres.—Hendron.
Sec.—Miss Hill.
Treas.—Stable.

ASSISTANT COACH WADDELL.

"Bobbie" Unable to Play, Will Aid Reynolds and Weymouth.

It was announced yesterday that Robert N. Waddell had been appointed as assistant coach for the football team, as there were so many men out for the team that Coach Reynolds could not keep them all going at once. Waddell, it will be remembered, was Waddell, it will be remembered, was the captain of last season's championship football team, and was also a member of the basketball team. Because of an operation, his doctors will not allow him to participate actively in the game this year, so he is helping the school by coaching.

Henry Lawerence Fonda, '18, American Vice Consul at Montevideo, Uruguay, is spending his vacation in the United States, and has been visiting his Phi Gamma Delta brothers recently.

Raymond Wilson, ex, '22, and Caroll H. Dertrick, Cornell '20, visited Phi Gamma Delta brothers here over last week.

Hundreds of Students Greet Return of College to Pre-War Conditions

CHAPEL ATTENDANCE

Separate Sessions for Both Upperclassmen and For Freshmen.

The first big chapel session that Bucknell has seen in years occurred on Tuesday when the men of the three upper classes met at the President's call to resume active chapel exercises. With morning recitation hours changed, the chapel hour is placed at 9 to 10.30 a. m. and under the supervision of Prof. Rice a schedule is arranged to accomodate all students.

More than 300 men trooped in Bucknell Hall along with the entire faculty at the first exercises Tuesday and sang the songs with a zeal that fairly made the building vibrate. Dr. Hunt conducted the worship and the Department of Music conducted the singing of which they will have sole charge. Later Professor Stolz may choose a choir from the student body.

It is Dr. Hunt's policy to place chapel exercises on their proper important basis, for in addition to the spiritual importance it is the one time when he entire college can assemble as a unit. This is the one occasion when faculty and students can meet as a unit and can acquaint themselves directly with the policies of Bucknell.

For a short time the attendance will not be compulsory, for in spite of the removal of the partition in the rear of the hall the students can be accomodated only in groups. Saturday chapel exercises are eliminated and present plans will continue. The men of the three upper classes will meet Tuesdays and Thursdays, the Freshmen will meet Wednesdays and Fridays. In a short time lists of students' names will be arranged and places will be assigned each student, classes being grouped according to seniority. Attendance will then be required is the understanding. These arrangements are for the College men, only; the young ladies will likely meet in the Women's College chapel.

Special attention will be given to chapel music and the best talent in the music faculty as well as the student body will take part daily. This arrangement will continue until some method is devised whereby the entire student body can meet daily.

1919 Class Memorial

Work is progressing rapidly on the 1919 class memorial, which is being erected on the campus near University avenue entrance. When completed it will hold a bronze tablet containing the memorial.

HERE ARE FACTS CONCERNING TRYOUT FOR MANAGERSHIPS

CANDIDATES REGISTER AT ONCE FOR FOOTBALL.

JUNIORS AND SOPHOMORES ELIGIBLE TO OFFICE

Clauses Passed by Members of the Athletic Association. Gradual Elimination to Best Fitted Man for Student Managerships.

Following the action of the Athletic Association to place all Student Managerships of Athletics on a competitive basis, A. O. Vorse, Graduate Manager, has issued a call for candidates which will come to a close, October 1, for football. Candidates for assistant managership of basketball, baseball and track must register not later than November 1.

The system of competition is the most efficient and most popular in many of the big eastern colleges. The method set forth in the constitution is the gradual elimination of all candidates to the final and most efficient man who will take charge in his Senior year. The call issued and now open allows any number of men, who should be from the Sophomore class, to compete during the present football season for Second Assistant Managers. Any number of men of the Junior class may now hand in their names and will compete until November 1 for First Assistant Managerships when three of them will

Continued on 2nd page.

MANY SERVICE MEN RESUMED THEIR INTERRUPTED STUDIES THURSDAY.

WOMEN'S COLLEGE TAXED BEYOND FORMER FIGURES

Wolfe Residence Purchased by College to House Young Ladies. Many Students Rooming in Town—Campus Resounding with Medley of Old-time Activities.

Bucknell University opened officially on Thursday afternoon with one of the largest enrollments in its history. Registrar Thomas is quoted as having said that there are at present over 850 students enrolled here now, and it is expected that the usual number of tardy students will be dropping in during the next week.

The present Freshman class is one of the largest the University has ever had, and officials say there are more here now than were present under the S. A. T. C. conditions last year. At the "Sem", the conditions are even more crowded than on the Hill, and in addition to securing another property, girls are being housed in private residences throughout the town. The Wolfe property has been purchased by the University and is now being occupied by girls of the two upper classes.

On the Hill, East and West colleges are filled to their utmost capacity while rooms in Main College, are now receiving their share of the new students. The Academy, or "Prep", as it is commonly called, is filled to overflowing, the football men occupying the dormitories. In addition, many of the Freshmen have secured rooms in Lewisburg, while many more are commuting daily from nearby towns and cities, including Mifflinburg, Milton, Montanlon, Sunbury, Montgomery, Watsontown, Muncy and even as far as Williamsport.

Besides the new men, nearly all of the men who left Bucknell for service in the army and navy have returned to school to take up their work where they have left off, and are strengthening the college by the morale and training they received while in service. About the barge buttons and American Legion pins are common sights on the campus. Most of the men in the two Bucknell Ambulance Units have returned to Bucknell, and have become absorbed into the loyal and enthusiastic student body.

Large numbers of students are seen on the sidelines following the plays of the football squad, and watching the practice of the half-hundred men who appear daily wearing the Orange and Blue colors. In fact, everything points to one of the largest and most successful years in the history of Bucknell.

BUCKNELL PUBLICITY.

Albert O. Vorse, '05, who had a wide newspaper experience and is well known throughout Pennsylvania is already deep in his work as publicity manager for the college. Besides his work as graduate manager of Athletics, Mr. Vorse is spending lots of college news to Pennsylvania papers and during the fall term football will receive special attention. For several years he served as publicity manager for Penn State College, besides previous experience on Philadlphia papers.

COMPULSORY BUDGET BEGINS THIS TERM

Compulsory Budget fees supporting College activities are being charged all students this year, following a vote of the student body last spring in favor of the system. A fee of $10.00 is charged each student and is divided among these College activities: Baseball, football, track, band, Glee Club, Y. M. C. A. class dues, Debating, Bucknellian and Commencement News.

Freshmen not at the Chapel meeting Wed. evening must report to Senior President Nancarrow in Bucknell Hall at 1.15 p. m. Friday and receive a copy of Freshmen rules. Failure to report means a midnight conference with Senior Council.

ALPHA

The command has been given by our new President, We have stepped out to-gether and in cadence, Faculty, Students, Student Organizations and Athletics, and each is striving for a better and mightier Bucknell. The first requirment is to-continue in our proper relationship and our unity of purpose.

Remember to welcome the members of the new class—and remember, too, the returned Service men, the new Faculty members and new college innovations. Get this year's College spirit. Forget the natural tendency to say: "It has been the custom," and substitute, "Let's try it!"

The College is beginning on its pre-was basis; student activities have started anew; in football the spirit already abounds. Behind the appearance of the first issue of your newspaper is a new and partial staff. Contrary to former years it did not take charge at spring term opening, and the staff is stepping out with the others. The paper is what you make it. Criticisms contributions,—and assistants are needed. If you like the newspaper game get busy. If you complain of lack of news in the weekly issues, get active somewhere and make it. The paper is but a mirror of your ideals and attempts to reach them.

MARSH LEWISSON

Innumerable friends returning to pleasant associations and friendships heard with sorrow the untimely death of Marsh Lewisson. Unlike many graduates he always kept in close association with his Alma Mater. His friendship here he continued unbroken and in the same proportion as the strength of these friendships pleasant memories of his associations and popularity will continue. His life shows a well balanced interest in church and fraternal organizations, and in social and business circles. In his departure our Alma Mater loses an Alumnus whose staunch loyalty increased with each successive year.

CLASS SCRAP EXCITING.

The class of 1923 made a favorable impress on on the college Saturday in its first appearance as a body by defeating the Sophmores in the annual class scrap by a score of 46 to 11. This time-honored event was carried out in the usual manner as handed down by tradition, and impressed the onlookers with the fact that if the Frosh take as much interest in their other school activities as they did in the scrap, the name of 1923 will hold a prominent place in the history of the college.

Seventy-five men were picked from each class, football candidates were not allowed to participate. The combat as usual for a short period resembled a small riot as each man tried to take another over the line. Great deeds of valor were performed, and it was rumored that one of the Frosh who lives in a nearby city, took over four Sophs as his contribution, among them two of the huskiest of the class of '22.

THOSE SMOKERS

Friday night was an introductory one for Freshmen and they were informally entertained at the various fraternities at the usual Fall term receptions.

FACULTY RECEPTION TONIGHT IN HONOR OF DR. EMORY HUNT

A reception will be given this evening at 8 o'clock in the College Library to Dr. and Mrs. Emory W. Hunt by the members of the faculty. The affair will be a formal one and is of the nature of welcome to the new President and his wamily.

Following the installation exercises last June, Dr. Hunt took active charge at the Fall opening last Thursday. He is introducing in College the policy of chapel attendance for all students and has changed recitation hours so that chapel exercises can take place from 10 to 10.30 a. m. with no chapel on Saturday morning as formerly.

Physical training has been adopted for all College women and a physical director has been appointed. There will be physical training for College men also as soon as the new physical director, Malcolm Musser is able to take charge. At present he is connected with the Milton Y. M. C. A. but will be relieved shortly.

Today the alterations at the President's residence were completed and Dr. Hunt and his family are now at home in the residence at University avenue and St. Loomis street.

Annoucement has been made that the college is again on a pre-war basis, and one of the chief interests affected by this is the rule requiring nine College credits before students can become members of a fraternity. This ruling was set aside during the war period.

FIRST MASS MEETING

President Hunt, Graduate Manager and Others Spoke.

All student managers of the various sports in College will secure their positions through competition. That was the decision of the members of the Athletic association at the initial mass meeting held in the Gymnasium Saturday under the auspicies of the College Y. M. C. A. Every activity of the college was represented in the talks which were given to acquaint the Freshmen with Bucknell, and to renew in other students the proper "pep" in student undertakings.

President Nancarrow, of the Senior class, had charge of the meeting and opened it by introducing Cheer Leader Mathieson and Assistant Rickenberg who were re-elected immediately. Action was also passed to elect a second assistant and Florin and Aleshouckas were nominated but neither were present so the election was held open until the next mass meeting this Thursday evening when a second man will be chosen. Following the election the new class received an opening lesson in cheering and college yells.

"Bobby" Bell gave a talk on "Outside Activities," stressing the importance of the band at all occasions and the prominent part it has taken in past years. He announced a meeting Monday night for all former members and for candidates. He told of former trips of the band to State College and to Harrisburg when the football team and students journeyed to those towns for the annual contests, urging the men with musical ability to organize and make efforts toward taking thees trips again this season.

Harry Warfel gave a talk to the new men touching on "Inside Activities," acquainting them to the many possibilities of finding instruction and entertainment outside college studies. Engineering societies, College publications, Dramatic club, Glee club, orchestra, Debate team and other organizations well known to older men who are members of one or more of these societies.

Lieut. Col. Morris, Jr., gave an exhibition of snappy live "pep" as an introduction to his talk on the R. O. T. C. showing the men just what they need to make a real succes of themselves and to properly support the football team. He urged that the Freshmen especially take up work in the R. O. T. C., explaining the chief outline of the four-year course.

Harry V. Thomas, a member of one of the Bucknell Ambulance units, told of the attitude of overseas men in college at the present time. Thomas spoke in behalf of all service men who saw foreign shores. His plea was for the new men get started right and learn from the beginning that they may become worty enough to be upperclassmen

A. O. Vorse, Graduate Manager of Athletics, explained part of the constitution which was presented to the members of the Athletic Association by the Athletic Advisory Committee The only part taken up was that concerning the election of student managership by competition. Due to the present need of assistant managers in football three clauses of the constitution were read by President Pickarski, of the Athletic Association. They were unanimously accepted by the members of the association, each student being a mumber of the association due to the new Budget system

Continued on 3rd page.

NEW FACULTY MEMBERS

Miss Keeney in Modern Language. —Rev. Rossweiler in Oratory. Other Additions.

Among the important and valuable changes noticeable with the opening of the Fall term are the new members of the faculty headed by the president, Dr. Emory W. Hunt who began his initial term at the head of the teaching staff. Several professors have returned from the service and assumed their former duties and several new instructors have been placed in the various departments. There has been created also the new department of Milltary Science and Tactics and placed in the hands of Lieut. Col. W. H. Morris, Jr.

The most recent addition to the faculty is Miss Ruth Keeney who will teach classes in German and in Spanish. Miss Keeney comes from DePauw College, Ind., where she taught last year. Previous to this she was on the faculty of Lawrence College, Wis., at which station she was Dean of Peabody House. She also taught for some time at Lake Erie College.

Miss Keeney was graduated from Oberlin College and soon after entered Marburg University, Germany, at which university she continued her studies. She has resided for a year in South America acquiring the localisms of Spanish. Miss Keeney comes highly recommended to teach Spanish and German.

Northwestern College makes its contribution to the faculty in the person of the Rev. Rassweiler. Previous to his engagement by Bucknell he was engaged in Y. M. C. A. secretary work at Ft. Riley, Kan. Prof. Rassweiler formerly taught elocution and public speaking at Denver, also working in the ministry. He received his divinity degree at Northwest University. He will teach oratory and elocution and may direct some of his efforts toward Cap and Dagger Society.

Prof. Howard, in the Department of Music, and Miss Mary Downer, of the class of 1919, in the Department of Chemistry are also new additions to the faculty this term.

Relieving Capt. Beasley, Wm. H. Morris, Jr., Lieut. Col. Inf., U. S. A., has taken charge of the R. O. T. C. work. Col. Morris has recently returned from active service in France where he received several medals and citations for bravery and competence. His capability evidenced itself greatly and as a member of the faculty he will undoubtedly render successful.

Prof. Berlino instructor of music and Prof. Stewart of the Biology Department, both from the service have resumed active duties in their respective capacities, and will continue the excellent work they rendered in the past.

HERE ARE THE FACTS.

Concluded from 1st page.

be elected by the committee delegated in the constitution. Manager Smith will continue in his office during the season and at the close one of the three First Assistant Managers will be elected for the season of 1920.

Following is the notice to the Student Body:

In accordance with the action of the Athlete Association at the mass meeting, September 20, the competition for First Assistant Managers and Second Assistant Managers of football is now open:

First Assistant Managers—From the candidates for the position of First Assistant Manager for the present football season, three men will be elected November 1st by the Committee delegated with that power by the section of the Athletic Association Constitution adopted on September 27. The three successful candidates will remain in competition for the remainder of the present season. At the close of the season the same committee will elect one of the three as the Student Manager of Football for the season of 1920. These candidates should be members of the Junior Class.

Second Assistant Managers— All applicants for the position of Second Assistant Managers for the present football season will remain in competition for the entire season. Following the close of the season, an election will be held by the Committee delegated with the power by the Constitution, at which time three of the candidates will be made First Assistant Student Managers of football for the season of 1920. All of these applicants should be members of the Sophomore Class.

All candidates should register at the Graduate Manager of Athletics immediately. No applications will be received after October 1.

Candidates for similar positions in basketball, baseball and track, will register not later than Nov. 1.

A. O. VORSE,
Graduate Manager.

FIRST MASS MEETING.

(Continued from Second Page.)

adopted by the students last spring.

Mr. Vorse explained that the new constitution has been modeled after consulting a dozen or more now in use in the big eastern colleges. The new constitution, except for slight changes, is similar to those in use at Penn State and Cornell where they are highly successful. The remainder of the constitution will at an early date be presented to the Athletic association for action.

With the acceptance of this part of the constitution, student managers of athletics will now be chosen upon an efficiency basis, working up to the position from the Sophomore year. The exact clauses as they were passed and an explanation of them will be found in another article in this issue.

Coach Reynolds made his first appearance before the student body, beginning his talk with the statement that this was his first speech to students in 11 years of experience in football. He said he felt the need of the student body to co-operate with members of the squad, to aid them by appearing at the football field during practice. Coach Reynolds wants every man to be a regular attendant at daily practice, but to keep on the running track and not on the field. Four or five teams need all available space possible and the coach insitts that the field be kept free of spectators. But come out learn the men as they appear in uniform and be ready to cheer for them when local contests are played.

Dr. Hunt introduced a new ovation into the college by presenting "B" certificates to athletes who won letters in basket ball, baseball, tennis and track last year. His speeching to all the men, preceeding the awarding to the certificates, was one that every man should weigh seriously in his mind. Dr. Hunt discussed the growth of College spirit and the duty every man owes to others and to himself to stand foresquare for the thing he feels is right, and not to trail college ideas because they are popular. The men who put petty personal affairs ahead of attending the mass meetings were "hanging a sign," he said, which everybody was able to read. And such men should not object if the sign is read. Every man owes something to the whole body and they do not appoint a leader to act for them, but only to act and do the things on time.

"B" certificate awards made following the President's talk is a new custom at Bucknell. The certificates are engraved prints on parchment paper about 8x10 inches square. In the center is a large "B" and about it are circles for each year in each sport. The marked circles represent the branch of sport and the year in which the athlete has won college recognition. These men were honored: Joseph Kostos, S. T. Peale, A. R. Mathieson, Weber Gerhardt, D. R. Dorris, R. K. Bell, Joseph Dent, W. H. Callhoun, W. E. C. Speare, F. W. Rornbach, and F. S. Townsend.

Dr. Phillips, of the faculty, urged a larger interest in Y M C A., especially by the leading men in other activities. Following the meeting refreshments were served by the Y M. C. A.

CHURCH RECEPTIONS

Friday Night Will Be Union Reception.

Friday night will be a big night for the students of Bucknell as it is the time for the annual reception. In past years the second Friday of the term has always been one of the really big social functions of the college when the Baptist C. E. Society held a reception to all students.

This year's affair is the first "getting acquainted" opportunity offered to the students. Plans are somewhat different, the new word among the student being "co-operation" and accordingly each church will conduct a reception of its own at 7.30 Friday evening. This is a new idea and all reports point to a very favorable outcome. No college function will take place on the campus this night, all fraternities are requested to keep the night open and every student in the University "Semitca" and "Hillites" are given a hearty invitation to attend the reception at the church of their choice. Students are asked to attend the church of their denomination unless they prefer to accompany friends to another church.

Students whose churches are not represented in town and students with no church connection are invited to select some church and go there. Everyone will be at some reception.

Receptions are arranged for these town churches: Presbyterian, Baptist, Methodist, Evangelical, Lutheran and Reformed.

Bucknell refused an offer to play at Princeton on November 18 on account of the home game arranged.

ANNOUNCEMENT!

WE are taking this opportunity of assuring you that we are the same old "Purity" despite the rather extensive changes which are being made. Those of you who are merely returning need no further explanation, but it might not be out of place to tell the new students that the "Purity" is the headquarters of that "different" ice cream and those wonderful sundaes and sodas; the only place in town which makes its own candies, the famous "Purity" chocolates, fresh every day.

But to get back to the subject: Our present facilities have proved inadequate to our constantly increasing business. Therefore, in harmony with our policy of giving our customers nothing but the best, we are remodeling and improving our store to such a degree that it will be one of the most beautiful places of business in this part of the state and worthy in every way of the goods handled there.

Naturally, while these changes are being made, more or less confusion is inevitable and the purpose of this article is to ask you to bear with us if our service is not up to its usual standard. We are working under difficulties now but are certain that you will think them more than justified when you see the new "Purity."

Purity Candy Company.

FRESHMEN RULES DISTRIBUTED TO UNDERCLASSMEN

The Freshmen saw their first real mass meeting last evening at seven o'clock in Bucknell hall, when copies of the rules were given out to them by Senior President Nancarrow. The rules are about the same as those of previous years, the changes being slight, and should not prove hard to obey. In Rule 10, the Frosh are allowed to bring girls to fraternity dances and dinner parties without the usual upperclassmen to accompany them. In Rules 11 and 12 the use of sweaters between the hours of 8 and 4.30 is prohibited, and no preparatory or high school insignia will be allowed to be worn by Freshmen.

The Frosh were warned especially about Rule 8, which says that they must speak to everybody at all times. President Nancarrow said that there were numerous complaints about the new men not speaking, and that all men brought before Senior Council on this charge will be punished for the first offense. A warning was also issued about Freshmen keeping of Senior path at all times, as it is understood that a large number of them went down this path yesterday. After the reading of the rules, Cheer Leader Mathieson led the new men in an enthusiastic cheering practice, and much "pep" was developed. The mass meeting for this evening was also announced, and the Frosh were told the penalty of not putting in their appearance.

Senior Class President Nancarrow has perfected a system for the handling of names of Freshmen who are to appear before Senior Council, and has authorized its publication. All names of Frosh who have broken any of the rules must be handed to a member of Senior Council, who will turn them in to the Senior president. These names will be handed to the editor of the Bucknellian for publication. When the name of any first year man is published in these columns, he must appear before Senior Council to answer the charge that has been made out against him.

The man who turns in a Freshman's name to a Senior Council member must also state the charge, the date, time and place, and his own name besides.

SCHUYLER ASST. EDITOR; CLARE ASST. MANAGER

Assistant Managership Was On the Competative Basis.—Assistant Editor Appointed Through Efficiency Shown.

Following a meeting of the Faculty committee governing the appointment of member to the staff of the Bucknellian, the assistant managership was placed on a competitive. Men named by the fraternities last spring competed and the contest extended from last Saturday until Wednesday evening. Victor Clare exceed all returns by a large amount in collecting advertisements, winning the Assistant Managership.

George Schuyler, who has been active on the Bucknellian and Commencement News in past years, was appointed Assistant Editor by the Faculty Committee in charge, through interest and efficiency shown.

Other staff members will be appointed by competition, full requirements being made known in the next issue. At present anyone wishing to compete please get in touch with the editor or manager as the contest is opening and will continue several weeks.

BUCKNELL BAND BUSY; ORGANIZED LAST MONDAY

Robert Kyle Re-Elected Leader and Shaw New Choice for Manager.

At the first meeting of this year of the Bucknell University band, held last Monday evening, the members present elected their officers for the coming season. Robert Kyle was re-elected leader by unanimous consent. "Scary" Shaw the newly chosen manager, is already busily engaged in making his plans and expects to get out a fine pep-producing organization of at least thirty pieces.

A favorable number of band men showed up for practice in spite of bad weather, but not nearly enough new men made their appearance. During the summer leader Kyle culled a lot of new band music for use this year. After the business session, the fellows tried some of the new pieces. A lot spirit is being shown by the men, and a successful season is expected.

Y. W. C. A. RECEPTION.

Saturday night an informal reception was given the Freshmen girls by the Y. W. C. A. in the Women's College Parlors. Games and refreshments were the items on the program. It is understood there will be a "general jam" party at Women's College, on the evening of October 3.

LEWISSON KILLED

POPULAR BUCKNELL GRADUATE STRUCK BY PENNSY TRAIN

Sedan and Locomotive Crashed Together at Milton Crossing.—Miss Louise Mathers Was Injured.

Marsh Lewisson, '17, son of Mr. and Mrs. F. H. Lewisson, of Milton, was instantly killed on the night of September 12, when the automobile which he was driving was struck by train at the Broadway crossing in Milton. The young man who has a host of friends at Bucknell, was returning from a dance with Miss Louise Mathers, of Lewisburg, daughter of Mr. and Mrs. H. H. Mathers, who was severely injured, but is now almost recovered.

Mr. Lewisson and Miss Mathers were returning from a dinner-dance at Riverside Park Club and stopped just east of the Broadway crossing in Milton at the Swartz residence where Miss Helen Swartz and a guest left the car. Mr. Lewisson continued up the hill, turned his Sedan about and had just reached the Pennsylvania crossing at the foot of the hill when an engine and caboose came along at a speed of at least 40 miles and hour, and struck the machine, smashing it to bits. The two occupants were hurled through the glass windows and fifty feet beyond the crossings, clear of the wreckage.

The young man was killed instantly and Miss Mathers was carried hurriedly to the Swartz residence, where she received medical attention. Harry Mathers, a brother of the young lady who has just returned from overseas ambulance work, was following in another car at the time of the accident, heard his sister scream and was the first to reach her side.

The force of the collison was so great that the large Peerless Sedan, one of the finest cars in Milton was tossed from the locomotive to the iron base of one of the safety gates, snapping it off like a tooth pick, and finally came to a stop, jammed up against the watchbox. All that remained intact of the entire machine was one rear wheel. The rest of the car was a mass of twisted steel and broken glass.

At the coroner's inquest which followed Engineer J. I. Stumpf, and the Fireman W. A. Frey, both testified that the locomotive was running 40 miles and hour and that the whistle was blown for the crossing. There is no watchman on duty at the crossing at night and Engineer Stumpf did not see the automobile until he was within fifty feet of the crossing and he declared he hardly had time to apply his brakes when the crash came.

Mr. Lewisson was 23 years of age and attended Milton Schools, graduating from the high school in 1913. He continued his education at Bucknell and was graduated in 1917. He was a faithful member of the Methodist church and at the time of his death was superintendent of the Sunday school department of his church. He was a member of Milton lodge, F. and A. M., and only a few days before his death was taken into Odd Fellowship. He was a member of the S. A. E. fraternity of the University and also of the F. G. F. Club of Milton.

Since graduation he was connected with his father in the millinery and dry goods business, one of the largest business houses in this section. A sad feature of his death was that he was to assume control of the big Lewisson store beginning Jan. 1st, 1920.

Last Sunday Miss Mathers was brought to her home in Lewisburg from the Swartz residence at Milton. She was exceptionally fortunate to escape from any internal injuries she having received only ugly cuts and bruises and a severe nervous shock.

"Mundy" Weishar, ex '20, visited his Phi Gamma Delta brothers last week. Weishaar is a Junior at Pennington this year, and is a member of the varsity football squard there.

T. Maurice Orchard, '19, visited the Phi Gamma Delta house, last week before entering Massachusetts Tech.

J. RUSSELL HERMAN AWARDED KANE SCHOLARSHIP PRIZE

J. Russell Herman, one of the two student Commencement speakers last June has been awarded the J. J. Kane prize for the best oration delivered from the Commencement platform by members of the graduating class.

Due to the very unusual nature of the Commencement exercises last June there was no announcement made in Commencement News concerning the Kane prize. Recently it has been learned that he was awarded the prize on the basis of having the highest scholastic standing. Miss Alice Ferris was the only other student speaker on the Commencement platform, and both addresses were of the nature of a welcome to the president, Dr. Hunt.

Mr. Herman was editor of the 1919 L'Agenda in his Junior year and in the early session of the Bucknell S. A. T. C. taught several classes in Mathematics. Later he went to Camp Zachary Taylor and continued with military training. He was part way through Officers' Training school when the armistice was signed and he continued his course, receiving a commission in the Reserve corps. He returned to Bucknell during the Spring term and was able to graduate in the class in which he first entered Bucknell. Mr. Herman is now teaching at Ridgewood, N. J.

E. E. Aubrey, '19, a member of Ambulance Unit 604, which saw service in Italy and France, spent several days during the past week visiting friends and Delta Sigma brothers. Aubrey was secretary of the University Y. M. C. A. in 1917 and was granted his degree last Commencement having attended Cambridge University in England, following the signing of the armistice. He is on his way to the University of Chicago where he will continue his theological studies.

MASS MEETING TONIGHT

Concluded from 1st page.

Band members will be present and will lead the students in a parade back to the College campus, disbanding at the Chemical laboratory. It is expected that students will make a special effort to be on time for 1.50 classes in appreciation of the kindness extended by Dr. Hunt.

PENN IS THE OPENER

Concluded from 1st page.

Gelanice, Garrison, Bradely, Moore, Short, Morgan, and Lauster.

What to be expected of the game Saturday may be judged from the following clipping from the Philadelphia Bulletin last evening:

Yesterday an old Penn player who lives near Lewisburg dropped into the training house to see Folwell. He did his best to impress our head coach with the fact that the Bucknell team were coming to Franklin Field with blood in their eyes. He seemed to think we were taking this game too lightly and wanted to warn us against being overconfident. Believe me, we are not any too sure and far from overconfident.

We have nothing to feel chesty about as it is our first game and any team is as good as we are who have not played a game. The fact that Bucknell was so anxious to play us that it dropped or cancelled a game to take us on would make us feel skeptical.

They are not taking a beating at this time of year if they can avoid it. It seems that Bucknell has a number of men back from last year and that team was very good. I am afraid our management scheduled a game which is a little strong for so early in the year.

THE BUCKNELLIAN.

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. September 30, 1919 No. 2

N. A. WEISSNER BUCKNELL JUNIOR DIES OF INJURIES

THROWN FROM TRAIN AT HOME IN GLASSBORO, N. J.

Was a Member of Kappa Sigma Fraternity.—Funeral Will Take Place Thursday at Kempton, Pa.

Neville A. Weissner aged 20 years a student at Bucknell last year and a member of the local chapter of the Kappa Sigma fraternity died at his home at Glassboro, N. J., on Sunday from injuries sustained by being thrown against a railroad fence post while boarding an electric train of the West Jersey & Seashore Railroad at the Glassboro station. There was a crow of passengers waiting for the train and it started up before young Weissner the last to board it, had gotten all the way on. His foot caught on a signal box and this threw him against the post of a cattle fence, causing an internal hemorrhage, which Dr. Luffbary pronounced was the cause of his death.

He was a son of A. A. Weissner, a member of the Glassboro Board of Education and was a member of the junior class of this institution. This year he did not return to college, but was employed in the drafting department at the New York shipyard. He was leader of the Reformed choir nn his town and had hosts of friends in Glassboro and among college students.

A telegram received here stated the funeral will take place Thursday at Kempton, Pa. The Kappa Sigma fraternity, of which he was a member, will send a representative to be present at the funeral, and to carry messages of condolence to his family.

Weissner's death is keenly felt by the school as well as the fraternity of which he was a member, and a section of the 1921 L'Agenda is being reserved to commemorate his name. He was one of the best liked men in college and participated in many activites death is a great loss to the University and his death is a great loss to the University.

PHYSICAL DIRECTORS

INSTRUCTORS HAVE BEEN APPOINTED FOR MEN AND WOMEN

Malcolm Musser Takes Charge at Tustin Gymnasium.—Miss Virginia Walter Has Charge of Physical Education at Women's College.

Physical training has finally been assured the women of the College and Miss Virginia Walton has been secured to take charge of Physical Education. The work is already begun and includes two hours a week for the young women.

Miss Walton is a graduate of Oberlin College and comes to Bucknell very highly recommended. Miss Jennie Burke Manager of the Girl's Athletic Association is arranging interclass games and other contests in basketball, indoor baseball ad tennis.

The University has secured the services of Malcolm Musser, of Lewisburg, a graduate of Bucknell and a former varsity basket ball player, as physical director for the men. At present he is at the Milton Y. M. C. A. and as soon as he is relieved, he will take charge at the College. Details concerning physical training for College men will be announced later, but it is the understanding that underclassmen will be required to take gymnastic work.

"STRONGHEART" IS OPENING PLAY OF CAP AND DAGGER

NEWLY DESIGNED PINS FOR THREE-YEAR MEN

They Are Pearl Set and Given As ---A Reward for Dramtic Ability—Bright Season Prospects.

"Strongheart" will be the play given this term by Cap and Dagger Dramatic Society, this decision being made at the first meeting yesterday afternoon. A discussion of fall and winter activities occurred and plans were formulated for the season.

Cap and Dagger is one of the most popular organizations in the college and it is with great pleasure that students will hear of the decision to give "Strongheart." Parts from this play have been given at various times and have been very well received. Due to the popularity it has been decided to present the entire play. It is a drama dealing with college life, the setting being laid at Columbia University. Phases of college life so familiar to every college student abound throughout the production and it is felt a common chord of interest will be struck in the student body.

During the past seasons the dramatic society has had unusual success in the three plays staged each year, one each term, besides many cuts from plays and sketches for special occasions. Such comedies and dramas as "The Truth," "The World and His Wife," "A Doll's House," "The Queen of Hearts," "The Arrival of Kitty" "Officer 666" have been staged.

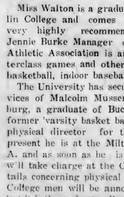
Membership into the society is on a strictly competitive basis. Competition occurs in the Spring term. However, opportunity is afforded new men to appear in the minor sketches and also in the Winter term play, so that they may gain experience. Any students wishing to register now for tryouts should confer with LeRoy Heller, president of the society who can be found at the Kappa Sigma house.

After a member has had three years of active service in the organization he is awarded one of the official Cap and Dagger pins. These pins are not the former small gold dagger, but a new and neatly designed society insignia. It is a cap and bells through which a small dagger is thrust, and is set with pearls. The three-year men will receive their pins this term. Last spring Miss Edith Schillinger, who supervised the plays and Chester R. Leaber, who won such success in the leading roles in Lewisburg and elsewhere, were given these new pins with crown set pearls, in appreciation of their services.

President Heller will manage the first play. The other officers of the society are Harry R. Warfel, vice president; Errol H. Derby, secretary and Stephen Dimlich, treasurer. At present no director has been elected to take the place of Miss Schillinger, who coached for many years, but the older members will take charge for the greater part of this term and the office of director will be filled later.

BUCKNELL GRADUATE COACHING AT WMSPORT.

Earl Bartholomew, a Double Letter Man Heads Football in Up-River High Schol.



Earl A. Bartholomew is the new athletic coach at the Williamsport High School. Bartholomew will teach history and train the school's teams. He is a Bucknell graduate having won his letters in both football and basketball when a student there, and he was also a member of the basketball team which won the championship of the A. E. F. in France last winter.

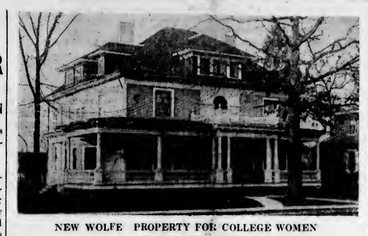
A report from Williamsport High says several hundred students have come out for the team.

BASKETBALL PROSPECTS

Manager Robert Bell is already active in arranging a basketball schedule and is receiving many queries for games. At present Cornell has offered a choice of three dates at Ithaca and several other colleges ask for games here and in their own cages.

CLASS HISTORIAN

Miss Margaret Abbott has been elected historian of the Sophomor. class.



NEW WOLFE PROPERTY FOR COLLEGE WOMEN

FRATERNITIES ANNOUNCE NAMES OF PLEDGE MEN

With the return of many service men, College fraternities have all been considerably increased in active memberships. These organizations are again on the pre-war basis and nine points will be required before candidates can be initiatd. During the war this ruling was temporarily set aside.

Out of the large class of more than 200 Freshmen the different fraternity chapters announce the pledging of the following men:

Kappa Sigma

Richard Horman, Norman Morgan, Byron Hahn, Herbert Hughes, Richard Hogden, Frank Davis, Norman Piersol, Richard Shippee, Hartlieb and Steiger.

Sigma Alpha Epsilon

Harry Stabler, Lawrence Kimball, Joseph Bassinger, Nevin Grieb, Francis Hylands, William Baker, Haward Vandermark, Baden Thomas, Fred Moore, Lester Horam and Robert Shultz.

Phi Gamma Delta

R. V. Grone, R. J. Tark, F. M. Cambell, J. A. Davis, R. M. Dawson, F. H. Gibson, J. C. Koch, S. D. Lewis, J. C. Purnell, S. H. Rickard, A. E. Weishaar and J. R. Schaffer.

(continued on second page.)

FALL TENNIS

Inter-Class Tournament for University Championship Begins Friday.

Through a number of requests Tennis Manager Connelly, will complete plans on Friday of this week for an inter-class tennis tournament, with the University championship as the ultimate goal.

All candidates desiring to try out for the respective class teams must hand their names in at once to their class president. No fees will be charged and candidates must supply balls. With the number of tennis players now in college who expect to take part it will be necessary for all candidates and teams to be arranged by Friday.

A LITTLE B. U. LADY

Cards have been received in Lewisburg announcing the arrival of a daughter to Mr. and Mrs. W. Henry Miller, on September 26. She has been named Margaret Penilla. Mr. Miller was a graduate of the class of 1912 and Mrs. Emily Z. Miller was a member of the class of 915.

BAND REHEARSAL THURSDAY

Th, Bucknell Band will rehearse on Thursday evening at 8 o'clock. All members are asked to be present. Any men seeking membership can meet the Leader Kyle, at this time.

EUPIA LITERARY SOCIETY

A meeting is called for Wednesday evening at eight o'clock in Eupia at which time the matter of re-organizing the Eupia Literary Society will be considered.

Benj. F. Wilson, '91, was in town a few days visiting his brother.

WOLFE RESIDENCE MODEL HOME FOR COLLEGE GIRLS

The latest acquisition of the University to the college buildings and grounds is the purchase of the Wolfe property at Sixth and St. George Sts., during the summer. In spite of this addition it was necessary to turn about 100 young ladies away from the Women's College due to lack of quarters.

The Wolfe property was formerly owned by the late Charles J. Wolfe, a well known local druggist, and is one of the prettiest residences facing Bucknell's campus.

Lighting and heating faeilities have been improved greatly and with other minor changes the home has been placed in excellent condition for the eighteen young women who are now housed there.

The first floor was a large and spacious reception room and a library room which add greatly to the desirability of the building as a home for college women. The upper floors are furnished for studies and sleeping quarters, making a neat and room addition to Women's College quarters along with the Bower residence annex purchased several years ago.

Miss Bromley is in charge of the new residence.

BUCKNELL REPRESENTED

Vorse and Reynolds Attended Annual Conference at New York.

Coach Reynolds and Graduate Manager Vorse have returned from New York City where they attended the annual meeting of the American Intercollegiate Football Rules Committee. About 175 leading college coaches, graduate managers and football officials were in attendance and for the first time Bucknell was represented by delegates.

Chairman, Dr. James A. Babbitt, of Haverford, Walter Camp, dean of football at Yale, and Dr. Al. Sharpe, head of Yale athletics, had charge of the meeting of the Rules committee.

The meeting was opened by an address by Walter Camp, who gave a general survey on the outlook for football this season, following the crimp put in this sport by war conditions.

AMBULANCE MEN

Will Meet on Wednesday Night on Important Business.

All former members of Bucknell Ambulance Unit S. S. U. 525 are requested to meet at the Delta Sigma House on St. George Street on Wednesday evening at 7 o'clock. Plans for a "get-together" meeting and other important matters will be discussed.

GLEE CLUB BUSY

Thirty-five members were present at last night's meeting of the Glee Club and a promising season is predicted from the success of the first practice. Another meeting will take place in Bucknell Hall on Thursday evening at 7 o'clock.

Grant Herb, '21, was a visitor at his home in Snydertown over Sunday.

All subscriptions must be paid before October seventh. Subscriptions payable to manager.

SEM GIRLS DANCED AT PHI GAMMS UNDER NEW RULES

FIRST INFORMAL DANCE WAS VERY SUCCESSFUL

Phi Kappa Psi Fraternity Had A Pretty Dance Also on Saturday Night at Fraternity House—S. A. E. Dance Next Friday Night.

Dancing privileges have been extended to the women of the college with the opening of this term. This announcement comes from President Hunt, following a thorough consideration of the matter in conference with representative members of the men of the college and a full discussion of the subject by the women of the college in session with the Dean of the Woman's College, Miss Anna R. Carey.

Th new ruling permits the co-eds to attend informal dances at fraternity houses during the early hours of Friday and Saturday evenings. The chaperons are appointed from the Women's College.

The Phi Gamma Delta members were the first to avail themselves of the new privilege and gave a dance at their fraternity house Saturday evening in honor of the Phi Gamma pledge men. A similar dance was given by the Phi Kappa Psi fraternity on Saturday evening, but the young ladies were from Lewisburg and adjoining towns.

The Phi Gamma Delta house was tastefully decorated with purple and white streamers and colored lights. Lively music was played by "Rev." DeLong's Jazz Trio, consisting of Herbert DeLong, Emery Dieffendaffer and Rhodes.

Dancing started at 7.15 and ended promptly at 10.25. The chaperons were Mis Fowler and Miss Cooper, of the Women's College, Mrs. Christy W. Mathewson and Lieut. Col, and Mrs. Morris.

The Phi Psi dance began at 8.30 and lasted until 11.50 About forty couples were present, the girls being from Lewisburg and nearby towns. Derby's orchestra made its initial appearance and struck a hit with "peppy" music and novelties. The chaperons were Mr. and Mrs. L. N. Tripician and Mr. and Mrs. Heinen.

Members of the Sigma Alpha Epsilon fraternity will give a formal dance at the Lewisburg Club on Friday evening in honor of their pledge men.

CHEM. LAB. IMPROVEMENTS.

During the summer months the wooden addition added to the Chemical Laboratory for the war period last year, was removed giving a pleasanter appearance to the building and campus in that section. Terra cotta pipe has been placed in the small creek beside the laboratory for considerable distance which will prevent standing pools during low water.

CLASS MEMORIAL OF 1919 CLASS IS NOW COMPLETED

The 1919 class memorial, which occupies a prominent position on the campus near the University Avenue entrance, was completed last week and the bronze tablet with an appropriate inscription has been set in place. The memorial takes the form of a monument of solid granite and is about nine feet high, with the fine bronze tablet on the northern side facing the President's mansion. The plate contains the following inscription, "Erected by the Class of 1919 in memory of the men from Bucknell University, who gave their lives in the World War that the 'Government of the people, by the people and for the people shall not perish from the earth.'" As yet no plans have been made for the unveiling of the memorial, but it is expected that these will be taken up soon.

HERE, SECONDARY FRESHMEN

At the weekly meeting of the Senior Council last evening it was decided that freshmen who were under S. A. T. C. rules last year and left college, are under Freshmen rules this year. They must don freshman caps immediately.

PENN GAME GIVES BUCKNELL SOUND "REP"

ORANGE AND BLUE MADE EXCELLENT SHOWING.

12,000 SPECTATORS SAW BUCKNELL HOLD AGAINST FAMED STARS

Speedy Team Predicted For Us This Season.—Only Praise on All Sides For Coach Reynold's Fighting Eleven.

Bucknell with its usual popularity in Philadelphia drew 12,000 fans to see Saturday's contest who were in no wise disappointed in the battle staged. The Orange and Blue soon struck stride and held tight in spite of Penn's efforts to make a strong showing and only 16 points were gleaned by the big aggregation of Red and Blue stars. Our game was a defensive one and was commended unamiously.

Of the game the North American said: "Of the Bucknell team, John C. Hendren, the Philadelphia boy, displayed the best skill. He made one or two good gains and frequently spilled Penn backs after they had had cleared the first line of scrimmage. Homan, another Philadelphia boy, playing tackle, also looked very good. McDermott, at left end, was a hard worker.

Coach Pete Reynolds, of Bucknell's eleven even in defeat, made a good impression and fought to the end. Bucknell accepted the game to the last minute and showed that the upstaters will have a speedy team before the season is far advanced."

The final score of 16-0 in Penn's favor was attributed to the generalship of Capt. Bell who contributed nine points to the score. Hobey Light, whose occasional open field advances and defensiveness were fine points well noted, put Penn in the lead with a touchdown when the game was a few minutes in age.

Folwell's team was well groomed in the aerial attack, which netted one touchdown that was earned. It might be said that for the initial six points the Quakers received the advantage of a poor punt when Bucknell was against its wall. Long and well placed passes, with ex-captain Miller for the most part on the recipient's end, featured the general offensive attack of the winners. The interference on these overheal shots was knitted well.

(continued on second page.)

NEW PLAN POPULAR

CHURCH RECEPTIONS VERY WELL ATTENDED BY COLLEGE STUDENTS

Union Social Functions With Informal Programs Thoroughly Enjoyed Friday Night.

The new plan of church reception to college students on Friday night was very successful and every one of the six separate events were well attended. All the programs were quite informal in nature with readings, music and refreshments.

An unusally large number of students attended the Baptist reception and a series of games were enjoyed. Prof. Owens told of the Sunday evening discussion groups to which he invited all students, Last year in the Rev. Peacock of that church first introduced these discussion groups which proved very interesting and were well attended.

At the Reformed and Evangelical churches informal programs were given and the students were welcome to the services of the two churches.

The Presbyterian students enjoyed informal recitations, musical solos and games. The Rev. Everitt welcomed the students to all services of that church and told of his winter plans, especially those concerning Christian Endeavor meetings.

At the Lutheran church Cloyd N. Steininger, a member of the University faculty welcomed the students. Readings and vocal and instrumental solos were rendered. The Rev. Mr. Brenneman of the Methodist church, extended a hearty welcome to the students. He gave a short talk and readings and solos were enjoyed during the evening.

ARE YOU GUILTY?

Do you know that for years back there has been fostered in this and in other colleges a careless little word that does more to retard the growth and respect of college ideals than can be estimated? This word that means so much is continually replaced by another.

What does the word "College" convey to you? What a mighty procession troops through your brain in the wake of that word! The highest institution of learning; learned and respected professors who have devoted their lives that we may more easily learn the basic principles by which we live; mighty men who rule because college developed them; stalwart, clean-limbed athletes; all real men down that long, unceasing line.

Those are the figures that rise up out of the mist of high school dreams. Into this dream has come realization; you are one of that unceasing throng that marches on to rule the world. And thousands who never have and millions who never will step into the privileged realm, hold the same respect for that word "College," for they see the same procession. Yet you stand by and see such an institution treated so lightly.

What about the word "School?" It may mean Kintergarden, public school or high school. It is but avagabond word that tramps along side you from infancy until you learn to think for yourself. It conveys no ideas, no towering respect. It's an easy word to say because it arouses no more passion than the word "the."

Which is it with you? "College spirit," or "School spirit?" Do you wish to be judged by your choice of these two expressions you now use almost every day of your colleg life? He who says "School spirit" is a living example of it, and it's time for him to go back there until developed enough to think for himself and substitute "college" for the little word "school."

THE BAND.

Everybody at Bucknell knows that this year our enrollment has exceeded all previous records. More than that, the new basis upon which the University will be managed provides facilities for perhaps the largest and may we hope the best football squad Bucknell has ever turned out. Nevertheless, the football aggregation must be boosted with all might and main by the student-body, before the team can go "over the top and at 'em." The most direct way to effect this is through a smashing good band. When we clash with Gettysburg at Harrisburg this fall we want to have a thirty-five piece band.

Then too there will be many occasions here during the college year when we shall need a faithful band. So come out, Freshmen and others; get into the game, you have the instruments. Boost and we we'll all boost with you; knock and you knock alone.

STAFF COMPETITION

Names Should Be Handed to Editor Immediately.

Beginning with this issue competition will start for position of associate editors on the Bucknellian staff. A number of names have already been received and men are now competing. The contest will continue for the next two issues when the associates will be named.

Freshmen as well as other college men are eligible, and those having experience on high school publications have an opportunity of winning a place.

The candidates will be judged by the newspaper quality of their copy and the final decision will be made by the editor-in-chief and the committee from the English department of the college which controls the appointment of all staff members.

Candidates do not need newspaper experience to compete. The only requirement is an interest in the work. Names should be handed in at once with local address so that assignments can be made to candidates.

FROSH RULES

A Few Items of Extreme Interest To New Men.

1. Freshmen must attend all mass meeting and cheering practices.

2. All Freshmen must wear blue skull caps with green buttons, black ties and socks, every week day for the college year, except to the Junior Prom. and College Girl's Reception. They shall not wear derbies during the college year. Underclassmen will not at any time appear without headwear.

3. Freshmen must at all times salute members of the faculty and must show due respect to upperclassmen.

4. Freshmen must not smoke cigarettes in public and must not smoke at all in the halls or on the campus.

5. Underclassmen must not loiter around class memorials and steps, and the entrance to main college.

6. Freshmen, except in company of an upperclassman must not be seen on the streets with a young lady before Washington's Birthday, (Wives sisters excepted) "Pussies" allowed at college functions, including athletic contests, but calling at the Seminary or in town forbidden before Washington's Birthday.

7. Freshmen must not cut across the the campus or athletic field.

8. Freshmen must speak to everybody at all times.

9. Mustaches are a Senior privilege.

10. Freshmen are not allowed to fuss before Washington's Birthday without upperclassmen, except to frat dances and dinner parties. Caps however at all times must be worn.

11. Freshmen are not allowed to wear sweaters during class house, 8—4.30. Hikes, skating and canoeing excepted.

12. Freshmen are not allowed to wear any Prep. or High School insignia.

13. All new students not having full Sophomore standing, who have not served at least one year under Freshmen Rules at some college, will be governed by these rules.

14. These rules and college customs will be rigidly enforced and any person violating them will be dealt with according to the regulations of the Senior Council.

15. All Upperclassmen and Sophomores are urged to make a specific report of all violations of the above rule to members of the Senior Council.

By Order of
SENIOR COUNCIL.

PENN GAME

(concluded from first page.)

Bucknell braced considerably as the game wore on. The most creditable phase to Bucknell's playing was its noticeable determination to hold the more experienced machine to a reasonably low score. This was accomplished much to the pleasure of the Lewisburg rooters.

The game was but three minutes old when Penn had crossed Bucknell's goal line. Kerr opened the 1919 football war with a kick off to Kostos. Bucknell in its four attempts to advance warranted a punt by Kostos, who kicked too straight in the air and Penn had the leather on Bucknell's 5-yard line. Deer and Light were the two backs in the first score. Light taking the ball over on a short right end sprint. Miller fell down on his kicking, booting the ball against the posts.

Bucknell had an opportunity to score in the opening period, collecting the ball when Penn fumbled, Brunner thwarted the visitors' opportunity by intercepting a forward pass, the fourth chance Reynold's boys had. Open field running behind interference brought Light and Brunner in turn, down the field. Following the straight line of attack, Penn advanced the ball to Bucknell's 25-yard line, where Penn opened an aerial attack, with Heinie Miller taking a long pass. Bell and Light operating on the delivery. The second touchdown was scored when Bell ran to the extreme left end and took up a short pass from Light and scored. Folwell's men are credited with the strongest playing in the first period, then the Orange and Blue dug in their toes and Penn in spite of mad attacks scored only a field goal in the three following periods.

With Bucknell on the offensive near the close of the second period, Bert Bell attempted a goal from the field while standing on the 35-yard line. This boot went wide. Arguments and medical administrations held the attenton of all up until the conclusion of the half.

Football as it should be played held the great throng during the third period. Penn scored 3 points when Capt. Bell kicked a goal from the 25-yard line. Penn made some substitutions during the remainder of the game but Bucknell held and the fresh players could make no strong advance against the stubborn defense.

Maxwell, the referee, officiated over the three last quarters in a deserving manner, after handling several uncalled penalties to Bucknell in the first quarter. The Penn team had at least two weeks extra drill and training on Bucknell's line-up which became manifest on the start of the game when Kostor received the kick-off on Bucknell's five yard line, and, in returning the punt it went in the air and fell within eight yards of the point from which it had been kicked. The interference of the Univ. of Penn players demonstrated the two weeks' extra training which interference the local team did not have.

In the last three quarters of the game, Homan, right tackle, apparently opened Penn's line whenever he so desired. Moretti, center put up an excellent defense against Ludray, and Rosenbloom and Johnson played good football. The work of McDermott on left end, was exceedingly brilliant. In the latter part of the third quarter McDermott alone spilled the three men of the opposing interference, composed of Light, Derr and Brunner and at the same time accomplished a very beautiful tackle on Bell, who carried the ball, throwing Bell for a fourteen yard loss. This coupled with penalties of Penn players holding the Bucknell men, gave the unusual condition of Penn on its fourth down having sixty-seven yards to gain.

Summary:

Penn		Bucknell
Hopper	left end	Bihl
Titzel	left tackle	Hoosen
Dieter	left guard	Johnson
L. Wray	center	Morrett
Thomas	right guard	Rosenbloom
Little	right tackle	Peale
H. Miller	right end	McDermott
Bell	quarterback	Dayhoff
Brunner	left half back	Hendren
Derr	right half back	Kostos
Light	fullback	Baldauf

Officials—Referee, Robert W. Maxwell, Swarthmore; Umpire Taggat.

Time of periods—12 minutes.

Touchdowns—Light and Bell, Pa.

Missed goals from touchdown—Miller, Penn.

Goals from touchdown—Miller, Penn.

Goals from field—Bell, Penn.

TRI DELTA

INITIATED PLEDGES

On Saturday morning the following girls were initiated into Delta Delta Delta: Sue Plummer, Marguerite Quigley, Grace Swan, Elizabeth Wiehum, Mary Williamson.

The rest of the day, chaperoned by Mrs. N. F. Davis, the Tri Deltas spent at the Davis cabin where a ham and egg supper was enjoyed.

BRIGHT PROSPECTS FOR COLLEGE ORCHESTRA MEN

The first call for applicants for the college orchestra which accompanies the Glee Club was made last evening by the manager of the organization. A short rehersal was held following the Club's rehersal in Bucknell Hall. More men than has attended the first rehersal in years responded, and prospect are indeed bright. It is probable that before another week many men will be out for the orchestra and that a larger orchestra will be carried on trips this year than previous years. A wealth of material in the new class will add to the organization and instrumentation will be far in advance of other years.

Three saxaphone players, two 'cello players, a flutist and innumerable violinists, cornetists and trombone players, besides the clarinet players are ready to join the organization which represents the college on the trips will be far in advance of anything that has ever been heard before.

BLOOMSBURG WILL PLAY ON CAMPUS ON SATURDAY

Coach Reynolds Expects To Try Out Many Players.

Posters are displayed in nearby towns for the Bloomsburg contest on the Bucknell campus on Saturday afternoon at 2.15 o'clock and many spectators are expected for the first home game of the season. Many motorists are planning an afternoon trip to Lewisburg as a recreation and a record crowd is expected for the contest.

Coach Reynolds is planning to stiffen the practise daily and work the green from the large squad of players. The Penn contest shows a great need for real, live, hard football training. Wind, speed and early retiring hours must be carefully considered to bring Bucknell players the proper successful season. More training with the students aiding the men to train is an absolute necessity. It is up to every student to aid and encourage every player to strictly observe training rules.

At least 30 men will be given a trial in the contest Saturday and it is the chance that many of the new men are hoping for to show their ability in college athletics.

R. O. T. C. LEADER

Lieut. Colonel Morris Has Excellent Military Record.

Bucknell will have a unit of Reserve Officers' Training Corps. Lt. Col. W. H. Morris, Jr., will have charge of the work as professor of Military Scence and Tactics, a department which is placed on equal footing with other departments of the University. Col. Morris is a man of good military experience. He was graduated from West Point in 1911, winning while he was there his letter in footall and basketball. Since that time he has seen active service in the Phillippines, China, Mexican border and overseas. He was at the head of the R. O. T. C. at the Texas A. and M. College, which is consndered the largest military school in the United States. Col. Morris was actively engaged in the recent war, going overseas as commander of a battalion of the 90th Infantry. He was wounded in the Argonne and St. Mihiel drives and received the D. S. C. He has also been recommended for the French Legion of Honor and the Belgium War Cross. He was the first American Officer to enter Belgium and he started the railroads from Belgum to France. His home is in Asbury Park, N. J.

Students will be supplied with a complete military uniform, but further information regarding their substance cannot be given until after special legislation is made by Congress. In this Bucknell students will fare the same as students of other institutions where R. O. T. C. is maintained.

SECOND VARSITY PLANS

Series of Four of Five Games On Foreign Fields.

Plans are now under way for an out-of-town schedule of four or five games for the second varsity team and arrangements are well under way. There will be no home games unless a contest is scheduled here for on Thanksgiving when the varsity will be playing Dickinson at Carlisle.

At present the first game will be played with Wyoming Seminary on their field. Negotations are under way for a game with Bloomsburg Normal on October 11 and an attempt is being made to have Dickinson second varsity play on the B. U. field on Thanksgiving. A full schedule will be announced as soon as possible.

GIRLS' TENNIS TOURNAMENT TO BEGIN SHORTLY

WOMEN'S COLLEGE ASSURED ATHLETICS.

MISS WALTON DIRECTOR OF PHYSICAL EDUCATION

Other Organizations Becoming Active.—Frill and Frown Election.—Kappa Delta Hiked Freshies.

It is the aim of the College women to make athletics play a large part in the school life this year. Formerly sports have been neglected but a great deal of enthusiasm has recently been aroused. A manager and a captain have been elected in each class. These officers will co-operate with Miss Walton, the new physical director, and plans have already been formulated for a tennis tournament which will open next week. A list of contestants will be published later.

At a special meeting of the Student Government Association Thursday night the President announced the new dancing privileges.

The Frill and Frown Dramatic Association elected the following officers for the year. V. president Matilda Bell; Secretary, Marie Chambers and Treasurer, Marcella Wood.

Due to an oversight Miss Beatrice Fetterman holding office in the Student Government Association was elected president but has declined. A president will be elected at the next meeting. A ruling prevents girls from being exertaxed with activities allowing them to hold only one office at a time.

The Kappa Delta fraternity entertained several Freshmen on a hike and picnic on Saturday.

Marguarite Brierly accompanied by her mother and Mrs. Robbins arrived Friday night. Both Mrs. Brierley and Mrs. Robbins were former students here, Mrs. Brierly was formerly Edith Glosphly, '85, and Mrs. Robbins was Lizzie Shanafelt, '82.

MASS MEETING FRIDAY

Important Business to Come Before Students This Week.

The mass meetine on Friday evening is called for 7.30 P. M. in the Tustin gymnasium and important business relative to the acceptance of the new Athletic Association constitution will be taken up. The constitution contains many clauses relative to changes of deep importance to players and students. It takes up such items as the size of Athletic "B's" and other items of this character in addition to the usual clauses.

Good speakers will be announced later in the week and cheer leader Mathieson will start the ball rolling for the real college yelling that is to be exhibited on Saturday afternoon. A second assistant cheer leader will be elected. An unusual opening crowd is predicted and it is up to the students to show just how they support the team. Be sure and plan on attending this important mass meeting.

PENN COACH WAS DISSATISFIED

Bob Folwell gave his varsity team a rest from scrimmage yesterday afternoon as a reward for their hard work in the Bucknell contest. Several of the regulars are suffering from bruises and sore muscles but none serious enough to keep them out of the game with the P. M. C. next Saturday. Hobey Light cut his hand on Saturday, Bert Bell had two stitches placed over the left eye and Heinie Miller received a bruised hip. Folwell sent the Varsity to the showers early and put the scrubs and the members of the second eleven who did not see action on Saturday thru a short scrimmage. The Mullica Hill farmer was not at all satisfied with the showing of the backfield in the Bucknell game and yesterday told of the mistakes of the men on every occasion. Dr. Wharton took the linemen to one side of the field and pointed out the mistakes in the game.

Too Suggestive.

"Why didn't Sue continue to go to that beauty doctor?"

"Because when he was going to tell her how to take care of her complexion he said, 'Now let me give you a few wrinkles.'"

Working Both Ways.

"What is the object of these statistics you are compiling?"

"They are for the purpose of proving that the conclusions drawn from statistics previously compiled on the same subject are all wrong."

United States Debt Per Capita.

The national debt of the United States figures up at $149. Great Britain's $660, France's $515 and Italy $275 per capita.—Detroit Free Press.

Other College Men And What They Are Doing

LEHIGH

Secretary of War Newton D. Baker was the guest of honor at the opening of Lehigh University. He addressed the students and others gathered there on the theme, "The Great Movement for Preparedness,' stressing the great work that's being accomplished by the officers' training corps, which course has been adopted by more than fifty colleges and universities including Lehigh. The university opened with the largest freshman class in its history, namely 500. The total registration will be close to 1000.

UNIV. OF PENNSYLVANIA

To provide adequate facilities for feeding the enormous number of students now living in the dormitories of the University of Pennsylvania, a system is being considered by the trustees whereby a student commons will be built in the Big Quad. The University for many years felt the need of such an institution, being virtually the only large university in the east without it. The proposal provides a series of dining rooms, each group being centered about a main lobby or lounging room. In addition to the main dining halls in the dormitories, it is suggested that at suitable points four or five service stations will be placed in the gymnasium. Houston Hall, Sargent Hall and in the Evans Dental Institute. The food for these stations will be prepared in the central kitchen and conveyed to the dispersing points. The commons may be erected as a memorial to the Pennsylvania men killed in the war.

UNIV. OF WISCONSIN

The University of Wisconsin is perhaps the first to take the lead among educational institutions to aid the nation in its fight against recurrence of the influenza epidemic this fall and winter. This work will be done through the extension division of the university.

A well-known college president once called together his students and made the rather startling announcement that from that time on all the rules were abolished. He explained his action with: "Every man knows what is right and what is wrong and each of you will be expected to follow what you know to be right."

A few freshmen always enter college from the rule bound restricted life of prep or high school, and immediately make the mistake in thinking that the lack of college rules, give them license to do anything under the sun. However, the majority of freshmen realize that the college man is old enough "to know what is right and what a wrong" and is expected to follow the right.

YALE-PRINCETON

The 60,000 persons who will pack themselves into the Yale bowl on Saturday, November 15, to witness the Yale- Princeton game, are very likely to witness one of the greatest "brotherly love" exhibitions ever staged on the gridiron. When the Tigers and Elis start to claw each other on that date the center men in the two lines in all probability will be the Callahan brothers, Captain "Tim," of the Yale team, facing the younger scion of the house of Callahan in a battle royal.

Reports from Princeton have it that the most promising candidate for the snapback position is Callahan, while in New Haven Captain Callahan is sure to be found in the center of the big blue line when the whistle blows.

UNIV. OF LONDON

An important step toward the further development of British foreign trade is indicated in the plans announced by the University of London for establishing degrees in commerce.

The National Foreign Trade Council learns from London that it is proposed to institute a three year course of study leading to the degree of bachelor of commerce. The addition of a minimum of two years' practical experience in the particular trade or industry selected would qualify the candidate for the degree of master of commerce.

The work of the first year would comprise the compulsory subjects at organization and industry, banking, trade and transport, elementary economic developments of the British empire and chief foreign country commercial law and statistical methods.

The second and third years would be devoted to specialization.

The scheme has the warm support of representative men in Britain's foreign trade, who are urging all the business men to contribute liberally in support of this program in order to secure for British commerce the advantages of a thorough and recognized commercial training.

COLGATE

Herbert Hoover has "retired from public life" and is to devote his future time toward making the $3 and $6 a day salaries of Stanford university professors more commensurate with the $8 and $9 wages of home building artisans and to various relief measures in Europe, according to a letter received from Hoover by a San Francisco newspaper. The letter was in response to one sent Hoover asking him about his future plans.

STANFORD UNIVERSITY

Frank McCullough, of Kane, Pa., who entered Colgate University, was drowned in Lake Moraine, located near the college, in a hazing in which sophomores at Colgate are said to have been the guilty persons. County officials have already started a rigid investigation into his death.

Two stories are told regarding the drowning. One is that after McCullough, along with other freshmen, arrived at Hamilton preparatory to the opening of the college he was seized and bound by sophomores and then placed in a boat in which sophomores rowed him to a small island in the center of the lake. The story says the men reached the island in safety and that McCullough, with two others, after removing the rope from around their arms and legs, started to swim to shore. In doing so McCullough was drowned, the report says.

The other story is that the boat in which the sophomores were taking McCullough upset about fifty feet out from shore, with the result that he quickly sank into the water.

Police have already learned the names of some of the alleged guilty students.

The Dickinson is raising its subscripton price to two dollars for the coming year, but despite that fact intends to increase its circulation from 650 to 1000.

The Swartmore Phoenix issued a Commencement Special of six pages last June which was sold the minute Governor Sproul finished his commencement address. The issue contained a full report of the Governor's speech together with announcements given to the public just five minutes before.

AUTUMN.

The days are growing ever shorter,
'Tis the dying of the year;
Fair Springtime and Summer are vanished
And the Autumn days are here.

You can hear it in the evening
In the insects' endless hum,
In the weird call of the owl
And the song the mire frogs drum.

The leaves, once green are gold and brown
And the breezes that come to play,
Flutter them down in colored heaps
Till a mottled carpet they lay.

In between the rustic cornstalks
Shows the pumpkin's golden hue;
Dreams the bob-white of the springtime
And the summer days it knew.

There's a coolness in the evenings,
Indian Summer days are here;
Rippling breezes softly whisper,
'Tis the dying of the year."

DR. PHILLIPS WILL SPEAK AT WILLIAMSPORT

THE WAR AND EDUCATION IS HIS SUBJECT

Members of Civic Club of that Town Anxious to Hear Lecture So Favorably Reported From Philadelphia.

Dr. Llewellyn Phillips, dean of the college of education of Bucknell University, has been secured to address the Civic Club of Williamsport at the meeting of the club at the City Hall on Tuesday evening. Dr. Phillips will take as his subject "The War and Education," and will point out the changes made and those expected as shown by the history of education. Dr. Phillips has given this address before large audiences in Philadelphia and has created a favorable impression.

ORATORY CLASSES

Prof. Rassweiler Now Announces All Details Concerning Oratory and Elocution.

The courses in Oratory and Elocution have been arranged by the new professor of those subjects, Prof. C. F. Rassweiler, as follows:

The required work for the Freshmen and Sophomores has been divided so as to offer courses in four different subjects and thus lay th four foundation stones for any further work either in Orntory or Elocution.

The Freshmen work is a year's course in Story Telling in order to quicken and develop the expressional powers and impulses.

For the Sophomores, three different courses are offered from which they may choose according to their preferences or the arrangement of their schedules of recitations.

1. Public speaking.
2. Interpretation (a course in good reading.)
3. Debating.

The hours and places of recitation are posted upon the Bulletin boards. Either on, of these courses can be taken by those required to take oratory. Those desiring to work along the lines of Oral English or wishing to take special work in Elocution or work for a diploma should take all four of these courses as soon as possible, since if there is a demand for it, advanced courses in Dramatic Interpretation, Amateur Dramatics and The Elements of Oral Expression may be offered later. These would supply all courses needed for students in Elocution, except the work in private lessons, needed for the development of the art of expression. Any students uncertain as which course to choose should confer with Prof. Rassweiler at once.

FACULTY RECEPTION

DR. HUNT AND FAMILY WERE GUESTS OF TEACHING STAFF.

A reception was given by the faculty in honor of Dr. and Mrs. Emory W. Hunt in the Library last Thursday even ng, and was of the nature of a welcome for the new President and his family. The affair was a formal one, and almost every member of the faculty was present to pay his respects to the new Bucknell leader.

This was the first time that the Library has been used for such a function and the new lights showed up to a good advantage. It was the general opinion of those in authority that this building will be used to a still greater extent in the future. The Library has also been remodeled during the summer and presents a fine appearance.

As the members of the faculty arrived they were received by the new pres dent and his wife, together with Dean Phillips and Miss Carey. The members then mingled with each other and were introduced to the new mmbers of th faculty, including Miss Keeney, Rev. Rassweiler, Col. Morris, and Professors Howard, Stewart and Berlino, who have been absent from school while in the service, were also present and were enthusiastically greeted by the rest of the faculty.

A general good time with the refreshments made by the domestic science department completed the evening.

Y. W. C. A.

The first meeting of the Y. W. C. A. was held Tuesday evening. Dr. Hunt gave a splendid talk on "Being True to Home Ideals." There were also several musical numbers.

Subscription Rate For The Bucknellian is $1.50 Per Year.

To Assure Receiving the Paper Subscriptions Should be sent At Once Accompanied by Subscription Price.

RECENT GRADUATES

News of Popular Graduates Now Holding Responsible Positions.

Ellis Deibler, '23, visited his home in Shamokin over the week-end.

Louis A. Eaton, '20, spent the week-end at his home in Harrisburg.

Geirge T. Keech, Jr., '15, was a visitor with his Forum brothers during the past week.

E. W. Deibler, "Jack" Schafer, Leroy Gans, Lloyd Snyder, Miles Henninger, all of Shamokin and members of the class if 1923, were home over Saturday and Sunday.

Joseph T. Fitzpatrick, ex-'22, visited Trevorton friends here on Friday before enrolling at Carnegie Tech.

Herman T. Smith, ex-'2, is now at Temple University studying dentistry.

PERSONALS

E. L. Kohler, '21, visited friends in Washington, D. C., the later part of the week.

Bowser, of W. Va., who turned his ankle in the scrimmage a week ago on Monday, is walking around comfortably again. We hope to see him in the Penn State game on October 11.

Louise N. Tripician, of Atlantic City, N. J., and Miss Esther Thomas, of Lewisburg, were married at Baltimore, December 27, 1918. The bride is a daughter of Mr. and Mrs. Harry Thomas, of this place, and became acquainted with Mr. Tripician when he attended college. The groom was graduated with the class of 1916, and also a graduate of Harvard Law School, class of 1919. He is associated with the law firm of Thompson and Smathers, Atlantic City, where they will be at home after October 1.

George Jammer '19 and Raymond Lewis '19, both members of the Lambda Chi Alpha fraternity, are enjoying the name of "Papa". Jammer is the proud father of a little girl and Lewis boasts of a second "Bunny".

"Cracker" Williams stopped over for a few days to renew old acquaintances.

Harry Paul spent a few days last week at the Lambda Chi house.

Morrison '19, ex-varsity football player visited here, before taking up studies at Penn Medical.

Stanley N. Harris, '18, is visiting his father, Dr. John Howard Harris. He recently returned from France, where he served a year with the A. E. F.

Alden E. Davis and Dewitt K. Botts, of the class of 1919, are conducting the English Department at St. Johns Military School at Manlius, N. Y.

John Schaffer, '23, visited his parents in Shamokin on Sunday.

Robert Gione, '23, was a Danville visitor Saturday and Sunday.

Berkely Hastings, '12, was a visitor at the Phi Gamma Delta dance on Saturday evening.

UPPERCLASSMEN MADE SPEECHES AT MASS MEETING

A lively send-off was given the varsity team last Thursday night in the gymnasium at which time several addresses were made by members of the team and former wearers of the "B." "Bobby" Waddell, assistant coach, Captain Hendren, "Joe" Dent, Copeland and senior president Nanearrow, were the speakers of the evening. Cheer Leader Mathieson addressed the assembly.

Cheer leader Mathieson spoke regarding college spirit at the conclusion of his remark's a short period was devoted to cheering practice when the Freshmen were pitted against the upperclassmen and the Freshmen made an excellent showing in spite of their rather incomplete knowledge of the yells.

Robert Waddell, captain of last season's eleven, was the next speaker. He praised this year's team and its deserving coach, C. W. Reynolds. Waddell also spoke very highly of the new athletic system which has been installed this year. He also mentioned the important part college backing plays in winning games.

The next speaker was temporary captain "Johnny" Hendren, who corroborated Waddell's remarks regarding the influence of a strong backing by the student body. He also mentioned the fact that several members of this year"s team are Freshmen and consequently are unfamiliar with the college spirit and he urged the student body to let these new men know that they are backing them to the last ditch and in that manner install in the new men a confidence which is very essential to the success of the team.

"Joe" Dent, varsity end, spoke next and addressed his remarks particularly to the Freshmen. He praised their attendance and apparent show of spirit and predicted a promising future for the class. He also explained from experience what it means to a new player to hear a big "Bucknell-el-el" when he leaves the station on his first trip.

MANY CANDIDATES

ARE NOW COMPETING FOR FIRST AND SECOND ASST. MANAGERSHIPS

Registration for Football Will Close Wednesday.—Candidates Seeking Office in Other Sports Report Before Nov. 1.

The notice concerning the opening of the competition for first and second assistant managerships in the various sports has drawn a large number of candidates from both Junior and Sophomore classes.

In football many candidates are competing. Tomorrow will be the last day that names will be received for try-outs in football, while in others sports candidates will have until November 1 to register their names at the Athletic office in the Main building.

Names are already being received as competitors for the assistant managerships in basketball, baseball and tennis and it is hoped that a still larger list will appear in the next few days.

Following is a copy of the clauses passed concerning competitive election of assistant student managers:

Section B.—Team Government.

Article XI—Officers; the officers of each team in this Association shall be a Captain, a Student Manager, Three First Assistant Student Managers and a Coach.

Article XII.

Paragraph 2.— Student Managers and First Assistant Student Managers—Within two weeks immediately following the close of the inter-collegiate seacon in each branch of sport, the Student Manager and three First Assistant Student Managers shall be chosen by the following method:

The Student Manager shall be elected from the retiring First Assistant Student Managers by a committee consisting of the Graduate Manager, the retiring Student Manager, the retiring Student Captain, the Presidient of the Athletic Association and the Coaes.

The two defeated candidates in the election of the Student Manager shall be Managers of the Second Varsity and the Freshmen teams, respectively.

3.—The Three First Assistant Student Managers shall be elected from the squad of Second Assistant Student Managers by a committee consisting of the Graduate Manager the retiring Student Manager, the retiring Captain, the President of the Athletic Association and the three retiring First Assistant Student Managers

4.—Second Assistant Student Managers—Any member of the student body in good scholastic standing may enter the competition for Student Managerships in any branch of sport governed and recognized by this Association. These competitors shall be known as Second Assistant Student Managers.

Registration of Second Assistant Student Manager candidates shall be made with the Graduate Manager within two college calendar months immediately following the close of the preceeding season.

Elimination of Second Assistant Student Managers may be made from time to time during the period of competition by the committee above provided for the selection of the three First Assistant Student Managers.

MONTGOMERY MUST PROVIDE BETTER SCHOOL FACILITIES SAYS RIEMER

Dr. G. C. L. Reimer, of Lewisburg, formery an instructor at the University, but now one of the State High School Inspectors, recently visited the high school building at Montgomery.

Following his visit there it was necessary for the school board to install extra desks and they were instructed to secure more room for high school purposes, as well as secure another teacher for the school.

HERE'S PRAISE

Williamsport Sun Has Pleasing Words for Bucknell.

The "Bucknellian," the student publication of Bucknell University this year has on its editorial staff two Williamsport men. Hayes L. Person is editor-in-chief and George J. B. Schuyler is assistant editor.

The "Bucknellian" has been in existence since 1895. It is published each week during the school year. Unlike most publications of its kind it follows the style of a newspaper instead of magazine form. The appearance of Vol. 23, No. 1, does great credit to the University.

RESPONSIBLE POSITION

Clifford C. Dick, one of the honor men of the class of 1918 who has been a first lieutenant in France ever since his graduation, now holds a very responsible position as assistant engineer for once of the largest western railroads, Mr. Deck is a graduate of the electrical engineering course.

Our Store Is full of Golden Values

Seidel & Spangler's

MILTON, PA.

There never was an Autumn Season when Styles were more becoming, when garments were more serviceable and when we disposed of so many beautiful garments early in the season. There is a reason for this not only for the fact that we allowed early buying—but the real fact of the matter is we are saving our early customers some golden dollars and giving them qualities which they find hard to duplicate at any other store.

Our full line of Fall and Winter Suits, Coats, Dresses Waists, Furs, Millinery, Rugs, Carpets, etc., is now ready for your inspection.

Registrar's Office

THE BUCKNELLIAN.

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. October 7, 1919 No. 3

R. O. T. C. Assured For University; Has 112 Members

CAMPAIGN FOR MEN SUCCESSFUL LAST WEEK.

WORK WILL BEGIN MONDAY ON FIELD

Additional Men Must Report Before Thursday to Get In.—Uniforms to Be Issued Wednesday and Thursday.—Other Equipment Ordered.

The past few days has seen a campaign for about two dozen more men for the R. O. T. C. to assure the unit for Bucknell and 112 are now ready to start work. Men, from the under classes mostly, have been signing up and now more than are needed to complete the necessary number to keep Bucknell in the front rank with other colleges in this class have reported.

Other college R. O. T. C. units are already active and Bucknell will begin in earnest on Monday.

The War Department now has over 100 applications from colleges and preparatory schools for units, but no officers are availbale and Bucknell's speedy action prevented the college from losing Col. Morris. The college which he trained in Texas is clamoring for his return besides urgent requests for officers puts a premium on those possessing the excellent qualities and records of the man placed at Bucknell.

Judge Albert W. Johnson, a Bucknell trustee, has been taking up the matter of finding the necessary remaining quota and it took only a few days to secure more than the required number of students.

The desire to obtain as many under classmen as possible and some of the fraternities report that 100 per cent. of the Freshmen and Sophomores have signed up. Judge Johnson states that an endeavor will be made to have the alumni meet the students individually and acquaint them with the R. O. T. C. aims.

At present more than 112 men are prepared to take up the R. O. T. C. work which consists of two excellent courses, a basic course of two years and a following two- year advanced course.

The basic course is especially excellent for men who have not had military training. With the installing of units throughout the college world, rudiments of military training and life will continue to be a necessary and common part of general knowledge and education. Ignorance of military rank, insignia, terms, etc., will be a daily detriment. The basic course of two years requires three hours each week of drilling and practice and gives one a a half units that will count here or at any college toward graduating degree or higher degrees.

Col. Morris states that this first work is being divided into two classes, Freshmen at 8 to 9 A. M. on Monday, Wednesday and Fridays. The second year for Sophomores is arranged for the same days from 2.30 to 3.30. Men who enter and receive credit for previous training will be put ahead in advanced classes.

Should 50 or more men find it impossible to come at the hours arranged another class can be arranged at a convenient hour.

It is the intention of Col. Morris to devote practically all of the fall and spring term hours to field work so that there will be little or no preparation outside of the three hours work each week. The men will be allowed to wear uniforms at any time, and will be required to wear them during drill hours only. The winter term with its inclement weather will be devoted to class work which will be largely of a conference nature and a discussion of the field work and drilling. This, too, will require little amount of outside study as it will review the fall field work.

(Turn to page two)

NOTICE

Each Fraternity is requested to hand to Manager Benjamin a list of men receiving mail at the fraternity houses. Bucknellians will be mailed in one package and save time in the sorting at the post office.

PROMISING STAFF

Many Experienced Men and Women Trying Out For Positions

Altho many students have already handed in their names as candidates for the staff positions on the Bucknellian, the editorial board desires still more names to be submitted. It is particularly desired that every fraternity should have several men try out, and there should be a big delegation from the non-fraternity group as well. It is probable that the staff for the present year will be selected within the next two weeks, so it is important that all who have journalistic tendencies report for try-outs

The staff of the Bucknellian is chosen by competitive try-outs and all candidates are given a fair chance for the positions. All indicatons point to a fine staff for this year as there are several candidates who have had considerable experience on the newspapers. All four classes are represented and from the fine quality of material which has been already handed in a good paper may be safely predicted for the year of 1919-20.

UNIVERSITY CLUB ENTERTAINED FRIDAY FOR DR. AND MRS. HUNT

The University Club met last Friday evening at the home of Rev. F. B. Everitt, and had, as its guests, President and Mrs. E. M. Hunt. A full discussion of the place and work of such an organization in a college community, was held, and ways of service were named. The opinion prevailed that a real need existed for an organization of college-trained people and adjournment was made to meet with Dr. and Mrs. Hunt on Monday, Oct. 14. Meanwhile the college graduates of the town, of whatever college will be interviewed and new plans and purposes set by them. It is estimated that there are at the least a hundred of such graduates in the town.

FALL CONVENTION

Intercollegiate Newspaper Association Will Meet at Lafayette.

The second convention of the Intercollegiate Newspaper Association of which Bucknell is a member will be held at Lafayette College October 18. Exact information regarding the time set will be published later. Cyrus S. Fleck, editor of the Lafayette will be the host at Easton.

Those who were at the college last fall will no doubt recall when the Intercollegiate Newspaper Association was first brought to light at Swarthmore and Errol Derby, Editor in chief of the Bucknellian last season was chosen vice president. Representatives from the papers of thirteen of the colleges and universities of the middle Atlantic states met with the staff of the Swarthmore Phoenix and representatives of the Philadelphia Public Ledger, forming the association. At the coming convention, a prominent journalist will address the delegates. Although only thirteen colleges were represented at Swarthmore last May, extension of membership is being contemplated and it is thought that at this meeting at Easton fifteen college journals will be represented.

College administrators are coming to regard the I. N. A. as a potent organization and one which in a short time should come to wield great influence in intercollegiate circles.

Frosh May Hop.

At a meeting of Senior Council Monday evening, it was decided that all Freshmen may attend the Block Party of the American Legion Post, but that the first year men must be back on the hill by 11 o'clock. The party will be held on Thursday and Friday nights of this week on Market street between Second and Third streets from 8 to 11 o'clock.

Ministerials Will Meander

The members of the Ministerial Association will hike with the ladies a week from Saturday and return in time for the Muhlenberg game.

"Y" HANDBOOKS DISTRIBUTED TO FRESHIES

BOOKLETS GIVEN OUT TO NEW MEN ONLY.

IS NEAT EDITION WITH SOME CHANGES

More Advertisements Than in Any Previous Years.—Evan Ingram Is Editor and Warren Slocum the Manager.

The Y. M. C. A. handbooks were received Friday and have been distributed to practically every Freshman by President Richards of the Y. M. C. A. This year the volume was distributed to the Freshmen only, including the Freshmen girls. Due to the great influx of students following the placing of the contract and the ordering of necessary printing materials, it has been found there is practically only enough to comfortably supply the new students.

At the time the edition was put in the hands of the printer approximate figures were obtained from the col-

MANAGER WARREN SLOCUM

lege and the order was almost doubled. The last few weeks of the summer, however there was a rush of students continuing to the present time and there has been an unexpected returning of service men and students who did not register, so that the book this year will be strictly a "Freshman Bible."

The "Freshmen Bibles" were distributed on Friday by the Y. M. C. A. later than customary the printing contract being held up due to scarcity of stock and the difficulty of obtaining the material and binding desired. The book is vest pocket size with a black binding and leather finish bearing a neat "B" and the umerals of the college year 1919-1920.

The booklet contains 108 pages a number more than last year's edition and shows several departures

EDITOR EVAN INGRAM

from the usual makeup of this annual publication that is so handy to new men. The pages for memoranda are neatly arranged in the second half of the volume, alternating with the advertisements: The terse little quotations at the top of the note pages have been set in attractive sized type and draws attention at once.

One of the noticeable changes is the article on "How to Get Started," and it has replaced the customary catalogue system of informing the Freshmen of the necessary information needed to break into college life. Although a number of items in the articles have already been ex-

(Continued on Second Page.)

HINTS ABOUT PENN STATE FOOTBALL MEN

A FEW POINTS ABOUT OUR HUSKY OPPONENTS

Base Bucknell's Hopes in the Conference Upon Which To test on Saturday.

The hardest week's practise of the season confronts the Orange and Blue this week in preparation for the game with Penn State at State College this Saturday. Gettysburg made a fine showing last Saturday against the Penn State team and Bucknell is preparing for a battle of big odds but there is sure to be a fight from beginning to finish. Both teams are still too green to predict any results

The account of the Gettysburg contest at Penn State on Saturday gives an idea of the playing of State and the work of he men Bucknell will meet.

* * * *

"After being held without score during the entire first half Penn State eleven came back strong and registered five touchdowns during the ast two periods. The visitors played an exceptionally strong game and up until the intermission they had outplayed the Blue and White team.

"Coach Bezdek's eleven cut loose in the second half, however, and tore the Gettysburg defense to pieces.

"Higgins, the State, Captain, scored the first touchdown when he scooped up a fumble and ran 25 yards, planting the ball behind the posts. Cubbage missed the goal. A long forward pass from Robb enabled Higgins to score again before the end f the period and Cubbage added the extra point

"Charlie Way and Wilams replaced

(Turn to page four.)

NAUGHTY SOPHS.

WON'T LET FRESHIE GIRLS PAINT UP EXCEPT ON SUNDAYS

Daren't Display Any Man's Phiz.—Can Breathe Without Asking But For Most Everything Else They Consult Sophs.

The rules for the Freshmen girls went into effect Wednesday night. Since then the Sophomores have been very busy seeing that they are not violated. It is feared that rule No. 6 will greatly affect Colgates' and some other manufacturers, for shining faces have surely been in evidence. Rule No. 5 has lifted a great burden from the Sophs, shoulders altho m inute instructions were necessary in every case. As for No. 7, it is keeping many a famished second year girl from starvation. The rules in full follow:—

1 All freshmen must learn the Alma Mater.

2 All freshmen must hold doors open and give up chairs in chapel and show due respect to all teachers, Sophomores and Upperclassmen.

3 All freshmen must abandon high school jewelry nd remove high school letters from their sweaters.

4 Freshmen must play the piano for dancing at all times.

5 All freshmen must make the Sophomores' beds unless excused by the Sophomores.

6 Freshmen must not use powder rouge, liquid veneer or any other make up, except on Sunday, and then in moderation.

7 When two or more freshmen have a feed a Sophomore chaperone must be present. Girls in Wolfe Building and Bower House must report feeds to Sophomore President and a Sophomore will be provided. This Sophomore, will sleep at the Wolfe Building all night.

8 No freshman girl will display any man's picture except her fathers in her room.

9 Freshmen must ask permission of Sophomores and obtain Sophomores' approval before going on a date.

10 Freshmen must carry Sophomore's packages from town and run all other necessary errands.

11 Freshmen must wear a green ribbon, one inch wide around the right arm. The owner's name must be written in white ink. This ribbon must appear only in Women's College and up the hill.

HOME GAME WITH BLOOM EASY VICTORY

VARSITY ROLLED UP 45 POINTS DURING THE THIRTY-SIX MINUTES PLAY

Bowser Hendren, Kostos and Mangan Did Most Work, Dormack Good For Visiting Team.—Summaries.

Before a big crowd of students and visitors on the Orange and Blue Campus Bucknell defeated Bloomsburg Normal rolling up 45 points against the visiting teams' 0 on last Saturday afternoon. Bloom played pluckily but were outweighed and outclassed and the final score was the largest in several seasons against this aggregation. The College Band and the students turned out in big numbers for the opening contest and royally supported the varsity.

From the opening kickoff received by Hendren until the close of the game with the ball in Bloomsburg's territory, the game was all Bucknell's, Kostos, Hendren and Bowser starring. The visiting team played hard but with the exception of Dormack's playing the game was a mild one. Dormack the one-armed player showed some pretty work in running back punts.

Hendren, Baldauf and Kostos pushed the pigskin down the field in long sprints reaching Bloom's 5-yard line in the first several downs. Bloom held for one down and then Kostos found and opening and ran the ball over the line near the goal post for the first score. Hendren missed the kick following the touchdown.

Bucknell kicked off and stopped the opponent on the 10-yard line. Bloomsburg punted out and Mangan carried the ball forward ten yards. Kostos added another ten and Mangan followed with 12 more yards. The Normal school braced for two downs and Kostos repeated his performance around left end for the second scoring. Hendren again missed the kick for the point following the goal and the quarter ended 12-0.

Bucknell began many substitutions and early in the second period secured the oval on a fumble and again the Orange and Blue relayed it up the field in dashes by Hendren and Kostos. Bucknell was penalized for offsides and Hendren made up the penalty and added 3 yards for good measure. Bowser, the big freshman hit the left end for 30 yards and a touchdown, but no point was added in the trial at kicking the goal after the touchdown.

Bowser soon featured again when he dropped on an unsuccessful forward of Bloomsburg eleven. Hughes snatched a gain of 10 yards and the Orange and Blue returned the ball on a fumble. Then came a forward pass which Bucknell snatched and Bowser in the next down spilled four men for a long end run of 15 yards and the second period ended 18-0.

In the opening of the second half Bowser sent the kickoff over the visitors' goal post and Homan covered the field and dropped on the ball for a third scoring. Bowser missed the try for the goal. Again Bowser sent the ball from the kickoff point in the rear of Bloomsburg's goal posts and Bloom touched down the ball and continued the play from the 20-yard line. McGann with most of the second varsity playing stopped the Normal boys at the 3-yard loss, then Morgan blocked a punt and the home team took the pigskin.

Hughes scored and Bowser kicked

AMBULANCE UNIT 525 WILL MEET AT HARRISBURG

The first annual banquet and get-together meeting of the members of Bucknell Ambulance Unit S. S. U. 525 will take place at Harrisburg on November 15. The decision was made at a meeting of the members Wednesday evening.

This is the date of the Gettysburg game and Harrisburg is a central point for members of the unit who have not returned to college. The men will attend the game and in the evening will meet at a place to be decided later.

MANY GIRLS HAVE SIGNED UP FOR TENNIS

INITIAL DRAWINGS MADE; CLASS ELIMINATION FIRST; THIRTY-SIX ENTRIES

Sophomores Have Nearly Half the Number. Hopes to Play First Sets This Week, Referees Chosen.

Girl athletics has returned tennis to its popularity of former years and the courts at Women's College are now scenes of much activity. The contests bid well to be one of the most interesting events of the season An unusually large number of contestants have entered, the girls are showing every bit as much interest as the men are now manifesting in the mens' tournament.

Thirty-six are entered for the first elimination contest and they have been arranged in order of the classes. Practically half of the players are members of the Sophomore class. The drawings for the first heat are as follows:

Seniors—Ethera Corson vs. Pauline Schenck. The winner will play Betty Patterson.

Juniors—Tess Lotte vs. Lydia Coene, the winner to play Dot Spangler; Esther Dodson vs. Emily Devine; Katherine Fulford vs. Betty Weidner; Ruth Mount vs. Barbara Coe; Freda Mackereth vs. Hilda Coates.

Sophomores—DeEtte Edgett vs. Catherine Pettigrew; Jennie Burke vs. Esther Fleming; Margaret Abbott vs. Elsie Watson; Loie Wentling vs. Frieda Ebner; Mary Appleman vs. Amorita Sessinger; Marcella Wood vs. Clara Wasilewski; Helen Kitlowski vs. Mary Sholl; Betty Laedlein vs. Sue Plummer.

Freshmen—Louise Hood will meet the winner of the Bertha Cupp vs. Anna Althause contest; Phyllis Ottmeyer vs. Louise Llewellyn; Marion Jack will meet the victor of the last contest.

The sets will not be considered unless referred by one of the officials designated. The referees are:

Seniors—Betty Weidner.

Juniors—Ruth Mount.

Sophs—Mary Sholl and Jennie Burke.

Freshman—Emily Devine.

Weather permitting the first sets will likely be played this week.

MISS ETTA BROWN PASSED AWAY MONDAY MORNING

HAD BEEN ILL SINCE LAST MARCH

Was A Teacher of Voice at Women's College for the Past Five Years.—Funeral on Wednesday.

Miss Etta Althea Brown, a member of the musical department of Bucknell faculty passed away at her home at Morristown, N. J., on Monday morning following an extensive illness.

Miss Brown was a graduate of Bucknell and for the past five years taught music and theory work at the Women's College. Last March she suffered a nervous breakdown and was forced to return to her home at Morristown. Later a complication set in and she gradually became worse until her death Monday.

She left her parents, Mr. and Mrs. Arthur Brown, and a sister, Miss Helen Brown, who graduated from Bucknell two years ago. The funeral took place at the home in Morristown, N. J., on Wednesday afternoon at 2.30 o'clock. Miss Jessie Cooper, a close friend of Miss Brown attended the services as a representative of the faculty members.

* * * * * * * * *

FRESHMEN.

If you want a Y. M. C. A. handbook get it in the "Y" office in Room 4, West College between the hours of 8:15 and 8:30 Thursday night. Any books remaining after Thursday night will be given to any other men of the three upper classes who first appear.

Entered at the Lewisburg post office as second class matter.

Contributions from students and alumni are earnestly solicited. They should be written in a legible hand and on but one side of the paper. Address all articles to the Editor.

Member of Intercollegiate Newspaper Association.

R. O. T. C.

Bucknell's R. O. T. C. unit is assured. With this fact comes a satisfaction that the Orange and Blue is on the same standing with many other in this respect. Out of the gloom of a week ago men have stepped forth and made secure for the University an organization that will be valued more and more as the seasons progress.

At Lehigh one hundred and eighty men signed up immediately in the work. Lafayette stepped forth with a big stride. State College is enthusiastic over the appointment of a Lieut-Col. assigned to that college. Practically every institution that Bucknell meets in intercollegiate activities has a unit and is taking much pride in the fact for dozens of colleges and preparatory schools are seeking units from the War Department. No officers are available. The Orange and Blue has secured an officer whose college and war record stands enviable in the eyes of R. O. T. C. leaders in other colleges.

With military science and tactics a part of the curriculum in the majority of the colleges, this phase of knowledge is not ceasing with the war, but growing Active membership will never be regretted.

Before the next Commencement every student and alumnus will be at least proud of the unit as they were of the S. A. T. C. when classed with other colleges. Let us make General Bliss, our alumnus, proud of the unit of his Alma Mater.

THE BAND

Comments were heard on all sides in appreciation of the band which made its first appearance at the game on Saturday. About thirty men were present and the playing was fine, especially with only one practice previous to the game. Manager Kyle is to be congratulated on the excellent showing and the worthy manner in which the men are supporting him.

From Saturday's showing the students feel well assured of a band at Harrisburg for the Bucknell-Gettysburg annual fray next month.Several more practices and a parade or two about the town before mass meeting will ripen the "pep." How about the uniforms?

MISS ETTA A. BROWN

It is with extreme sorrow that the Bucknell students and faculty members hear of the death of Miss Etta Brown who has been a congenial and loving friend of all for the past five years, both as a teacher and previously as a student of the college. During her entire association with the college in both capacities she has proven herself a friend of the noblest character and the highest type of womanhood. Her pleasing disposition and social nature has always been a bright spot and all feel deeply the loss of such a true friend.

NEVILLE WEISSNER

In the death of Neville Weissner, the student body loses a man whose place is not readily filled. Quiet and dependable, a thorough student combining all the qualities of a gentleman, we associate with a friend in whose loss we can best show our sorrow in the expression of his fraternity brothers.

IN MEMORIAM.

Whereas, the Great and Supreme Ruler of the Universe has, in His infinite wisdom, removed from our midst, our late and faithful brother, Nevin Amos Weissner highly respected by all who knew him and a loyal member of our Fraternity.

Whereas: we bow our hearts in humble submission to the will of our things and while we mourn the loss of our brother we know that our loss is his eternal gain, therefore, be it

Resolved, that we the members of Alpha Phi Chapter of the, Kappa Sigma Fraternity, extend to the family of our departed brother our deepest sympathy in this, their dark hour of grief and sorrow, and be it further

Resolved that we drape our badges for a period of thirty days as a token of respect to our departed brother, that a copy of these resolutions be sent to the family our our departed brother, a copy be spread upon the minutes of our Chapter and published in the Bucknellian.

Respectfully submitted Alpha Phi Chapter of Kappa Sigma Fraternity.

Martin K. Mohler, Hugh D. Kytle, and William J. Rinebold, Committee.

JUNIOR DEBATERS

All Juniors who wish to be considered as applicants for the Junior Prize Debating contest see Prof. G. F. Rassweiler as soon as possible. If possible Thursday at 2:30 at the Eucpia Room.

R. O. T. C.

(From page one)

Men will be given new uniforms each year. The summer camp is not required for the basic course and the only feature of this first course is that the men who begin it must continue for two years unless they depart from college. Packs, rifles and equipment will be issued. If the men do desire to attend summer camp they will be permitted and all travel expenses and camp expenses will be paid.

The camp will be a maximum of six weeks and will begin early in the summer. Men need not continue in the advanced course.

The advanced course of two years includes five hours a week of work and leads to a commission in the Reserve Corps. In this course subsistence or ration money will be paid averaging about $12 a month. This, of course, necessitates a contract with the government and men must sign up with the government for this reason.

The course must be completed in two consecutive years; it cannot be pursued one year, dropped a year and then finished later. Two summer camps of a maximum of 6 weeks each are required. At the completion of the course reserve commissions will be offered and may be accepted or rejected. Any man who has completed this course can apply any time later for a Reserve Commission provided he meets age and physical requirements.

The course covers three and a half units toward graduation or for a higher degree in this or another college.

Col. W. J. Bull, one of the three inspectors for the Third R. O. T. C. training district visited Bucknell last week and this was the last trial that was made to establish a unit here, according to Lieut. Col. Morris. Col. Bull's district includes all the R. O. T. C. units in Pennsylvania, Delaware, Maryland and Washington, D. C. He stated that he was sorry that the college which had General Bliss as an alumnus, should be so slow in its military unit's establishment. He was formerly Professor of Military Science and Tactics at Cornell.

Units have been placed at State College, Cornell, Lehigh, Lafayette, Muhlenberg and many other colleges which have already begun active work.

Will Go To Wilkes-Barre.

William E. C. Square, '20, and Stephen Coho, '23, will leave for Wilkes-Barre Friday where they will attend the state convention of Sunday Schools as delegates from Lewisburg.

DR. PHILLIPS LECTURED TO CIVIC CLUB

WILLIAMSPORTERS DELIGHTED WITH LECTURE OF BUCKNELL DEAN

"The War and Education" Was the Subject of Address Which Has Gained Wide Reputation at Philadelphia.

Dr. Llewellyn Phillips, dean of the Bucknell University, addressed the Williamsport Civic Club in the City Hall at that place on last Tuesday evening. He tiok for his subject "The ar and Education," this being the same address gven before large audiences in Philadelphia. The Gazette and Bulletin reports as follows on Dean Phillip's address.

Speaking on a subject that is receiving the consideration of the entire thinking world today, "War and Education," Dr. Llewellyn Phillips, dean of Bucknell University, last evening addressed the Civic Club at the first of its winter meetings and delivered one of the most forceful talks ever heard by a Williamsport audience.

Preceding Dr Phillips's address, Mrs. F. W. Robbins president of the club, in a few words spoke of the work of the Civic Club and then introduced Dr. Phillips, who said in part, "I come to you as a student of education to speak of the war and education from a historical point of view for the purpose of bringing out the fact that we must expect changes as the result of the war thru which we have just passed.

"The majority of the people have a misconception of the meaning of education. It is not information nor is it that which enables us to rise above other people. It was almost impossible to define it, but in its truest sense an educated man is he who has in him that quality which enables him to grow until his dying day. Education is sympathy enlightened by knowledge and to have the sense of that which must be vital. There is no difference between the school and the workshop, between the home and the store in the opportunities they offer for education, for all are being educaed in the truest sense of the word when they are acquiring an aptitude towards life thru growth.

"War does not directly effect education. War breaks up and wields an influence over society and society in turn effects education. Every war in history has effected the education of the countries involved. The education of Germany, which has in a degree contaminated the thoughts of the world is the outgrowth of the defeat of the German nation at the battle of Jena. From that time the education of Germany became national instead of cosmopolitan. What she will do in the future will be determined by the attitude with which she accepts her defeat, and in the future her education will be commercial. She will teach her children only the things which will restore her losses thru cointernational commerce and trade."

Dr. Phillips spoke of the great improvement already noticeable in the schools of England. "In our own country evidences of the struggle thru which we have just passed are also to be seen in th. attitude of the people towards education and its importance. In our colleges and schools we have heretofore borrowed from England, France and Germany. In the future we will borrow only from England and France for we are losing the spell of Germany

The education of America will feel seriously the effect of the war in that it will recognize that society itself is a university.

"Y" HANDBOOKS

(Concluded from Page One)

perienced by the new men, there still abounds many a friendly, unbiased and worthy bit of advice to keep in mind throughout the year.

Every item of college activities is well and clearly explained, different departments being devoted to each. The success of the publication is due to the hearty cooperation of local merchants and it will be well for the student body to show their appreciation by favoring the firms listed. A number of foreign advertisements make a noticeable showing, and show a marked activity on the part of the managership, as well as the editor's ability in informal, free and clear style thruout. Both Manager Warren H. Slocum and Editor Evan W. Ingram are to be congratulated in the publication and the interest displayed in producing the booklet.

Fraternity Dances

Sigma Chi and Delta Sigma fraternities will hold dances on Friday night.

Other College Men And What They Are Doing

Big Three.

American universities and colleges have been brought into serious difficulties by the rise in price caused by the war, according to a joint appeal by President Hadley, of Yale; President Hibben, of Princeton and President Lowell, of Harvard, made public today.

Urging loyal support of all institutions of learning, the statement declared that professors, never highly paid, find their salaries are not high enough to enable them to live in reasonable comfort and educate their children. The observation is made that the situation is grave because it means the impossibility of recruiting men of the calibre required for teaching youth.

PENN STATE

An important decision of Student council of Penn State is that of the holding of a "Poverty Day" on Saturday, Oct. 25.

"Poverty Day" is observed very successfully in other institutions and it seems only fitting to try it out. On this day every male member of the Freshman class must dress in the oldest clothes he can possibly find and must attend classes, football games and other functions in such garb. Any who seem to have been too fastidious in the selection of their garments may be told pre-emptorily by an upperclassman to return to his room and put on some older duds. Stunts will be the order of the day, and according to reports where this kind of an affair has already been tried, the whole thing is a "scream."

* * * *

It happened that Penn State students made the annual hazing trip to Boalsburg last Thursday evening and about two hundred freshmen were in the gang that left State College and secured about another dozen at Boalsburg and began to poster up the town as usual.

All was well until the young men, evidently not realizing a mistake placed several posters on an honor roll of Boalsburg heroes. When the citizens of the town noticed this indiscretion they forgot that they were only college boys out for some fun and a good time, they thought only that a lack of respect was being paid their honor roll. And they became angry. A score or more of citizens gathered and said things, evidently pretty strong and the boys replied in an answer and tone that showed they were ruffled in temper by such remarks. Hot words were exchanged and it is said that the boys used the initiation paddles to some advantage and finally left.

UNIV. OF MINNESOTA.

The men students of the sophomore class of the State University struck recently against compulsory physical education.

Two years of physical education is required now for all men in the university. The Sophomores say they entered the school with the idea that only one year was required. They do not object to two years of military training, they say, but expect to force the issue on physical education.

LEHIGH.

Two notable features marked the founder's day exercises at Lehigh University last week. President Dr. H. S. Drinker conferred the honorary degree of doctor of engineering upon on of the University's most distinguished sons, Charle L. Taylor, '76, of Pittsburgh, president of the Carnegie Hero Fund, vice chairman of the United States Steel and Carnegie pension funds and a trustee of Lehigh University. Following the exercises the first sod was turned by President Drinker, Mr. Taylor and Dr H. R. Rice for the new $500,000 Lehigh memorial alumni building to be erected in honor of the men from Lehigh who participated in the recent world war. The building will be located west of Packer Hall.

UNIV. OF PENNA.

Announcement was made yesterday that a new agreement had been adopted by the interfraternity council of the fraternity of Pennsylvania, providing for the support of fraternities by the faculty and the provost. Under the new ruling when violations of the agreement are discovered an arbitration committee consisting of three members will be selected by the provost. This committee will try the case of the chapter alleged to have broken the agreement. It may be admonished of a fine of $50 to $250 imposed.

AMHER.

A new balloon has been perfected by Leo Stevens, a pilot which will be used in the near fuuture by Prof. David Todd, director of the Amherst college astronmical observatory, in aneffort to signal the planet Mars. With Stevens as pilot, Prof. Todd expects to reach an altitude of 50,000 feet where the experiment will be conducted. The balloon contains two compartments one holding hydrogen gas and the other oxygen.

SWARTHMORE.

A unique feature of the Fiftieth Anniversary program at Swarthmore this week will be the reproduction of a scene on the east campus fifty years ago, when the officers and the friends of the College assembled with pride to view the completed buildings, to turn in their receipted bills and to express by a ceremony of tree planting their hopes for the future. On that occasion 50 years ago Lucretia Mott and her son, James, planted two oaks to commemorate the founding of the College. Fortunately the speeches delivered then were preserved as well as a picture of those present, so that the students can be selected to impersonate the Founders who best resemble them in appearance. After the pageant and the procession of faculty and students past, present and future, the class songs will be sung. Then they proceed to the ampitheatre where Dr. Thomas E. Finnegan, of Columbia University, the new Comissioner of Education for Pennsylvania will deliver an address.

* * * *

Jane Adams, founder of the Hull House, Chicago, and well known as a social worker, spoke to the students at the Collection services last Thursday morning. Miss Adams delivered an address the previous evening at the Fifteenth and Race streets Meeting House in Philadelphia, and upon invitation of the College, came to Swarthmore.

The "Constitution" of To-day—Electrically Propelled

THE U. S. S. "New Mexico," the first battleship of any nation to be electrically propelled, is one of the most important achievements of the scientific age. She not only develops the maximum power and, with electrical control, has greater flexibility of maneuver, which is a distinct naval advantage, but also gives greater economy. At 10 knots, her normal cruising speed, she will steam on less fuel than the best turbine-driven ship that preceded her.

Figures that tell the Story of Achievement
Length—624 feet
Width—97 feet
Displacement—32,000 tons
Fuel capacity—a million gallons (fuel oil)
Power—28,000 electrical horsepower
Speed—21 knots

The electric generating plant, totaling 28,000 horsepower, and the propulsion equipment of the great super-dreadnaught were built by the General Electric Company. Their operation has demonstrated the superiority of electric propulsion over old-time methods and a wider application of this principle in the merchant marine is fast making progress.

Six auxiliary General Electric Turbine-Generators of 400 horsepower each, supply power for nearly 500 motors, driving pumps, fans, shop machinery, and kitchen and laundry appliances, etc.

Utilizing electricity to propel ships at sea marks the advancement of another phase of the electrical industry in which the General Electric Company is the pioneer. Of equal importance has been its part in perfecting electric transportation on land, transforming the potential energy of waterfalls for use in electric motors, developing the possibilities of electric lighting and many other similar achievements.

As a result, so general are the applications of electricity to the needs of mankind that scarcely a home or individual today need be without the benefits of General Electric products and service.

An illustrated booklet describing the "New Mexico," entitled, "The Electric Ship," will be sent upon request. Address General Electric Company, Desk 44, Schenectady, New York.

HOME GAME

(From page one)

the goal. Bowser for the third time sent the kick off over the goal line, and Bloomsburg held this ball. It was put in play on the 20-yard line. The next play was a forward, the only successful one worked by the visitors. The last feature of this period was a long and clever run by Bortz dodging half a dozen opponents.

In the third period Coach Reynolds returned the entire varsity to the field and the Orange and Blue soon sent Kostos over for six more points. Kostos added the extra goal point. Bloomburg tried hard for a score but fumbled on a forward and Kostos and Mangan carried the ball near the visitors' scoring line, McDermott took a pretty forward under the goal post and Kostos kicked the goal and the ball was hardly in play again until the whistle blew.

The summary:—

Bucknell	Bloomsburg
Wargo ..... left end	Strange
Homan ..... left tackle	Felker
Pickarski .. left guard	Kahler
Donaldson ..... centre	Davis
Rosenbloom .. right guard ..	Anthony
Peale ..... right tackle	Dormack
McDermott .. right end ..	Sweetwood
Mangan ..... quarterback	Sweeney
Henriren, J. .. left half-back	Fish
Kostos ..... right half-back	Hess
Baldauf ..... full back	Shell

Substitutions: Bucknell—Julian for Bihl, Morrett for Donaldson, Hughes for Mangan, Bradley, for Kostos, Bihl for Wargo, Hendren for McDermott, Morgan for Peale, Garrison for Hendhen, Bortz for Barkley, McGann for Bihl, Bihl for McGann, Reinbold for Hartligh, McGraw for J. Henriren; Bloomsburg—Sosa for Hess. Touchdowns—Kostos, 3; Homan, McDermott, Bowser, Hughes.

Score by periods—

Bucknell	12	6	13	14	—45
Bloomsburg ..	0	0	0	0	—0

Goals after touchdown—Bowser, Kostos, 2. Missed goal from touchdowns—Hendren, 3; Bowser. Referee —Miller, Penn State. Umpire—Gerhart, Lewisburg. Head linesman—Smith, Bucknell. Assistant linesmen —Irvin, Bucknell, and Berger, Bloomsburg. Time of periods—9 minutes each.

SCORES EVERY SATURDAY

Journal Office Will Give Out Football Results During Season

The Lewisburg Journal was the recipient of many favorable comment last Saturday night when it was learned by the student body of the University that the football scores of the various big games were being received at their office and it was not long before a very large crowd was on hand to get the results as they came over the wire.

The Journal will continue to get the results of the big football games every Saturday night from Philadelphia and post them. The scores will commence to arrive about seven o'clock. This is the first time in many years that the scores of the big games have been received in Lewisburg before the Sunday papers arrive.

PERSONALS

"Jimmie" Tyson and "Dutch" Rice visited their Sigma Alpha Epsilon fraternity brothers during the week.

Sigma Alpha Epsilon on Tuesday last initiated J. Fred Moore, '22, into the brotherhood and on Wednesday pledged David Morgan, 23.

H. C. Chase, '18, spent the week end with his Lambda Chi Alpha brothers.

"Rex" Lauer, '21, had a pleasing visit from his parents from Port Allegany on Saturday.

Cooley, '23, entertained his father and mother on Saturday.

the French department.

C. V. Jennings, Princeton, 23, visited friends here several days this week.

Warfel, '20, entertained his friend Ralph Whitman, of Washington, D. C., over Saturday and Sunday.

Kohler, '21, spent sevel days at his home at Hughesville.

Hutchinson, '23, enjoyed a parental visit on Thursday.

E. S. Smith, '21, visited in New York on Sunday.

Ralph M. Dyer, '20, transacted business in Bloomsburg on Saturday.

R. H. Reitz, '22, visited in Wilkes-Barre with his brother Stanley, of the class of 1914.

Intercollegiate Debating.

All those interested in Intercollegiate debating will meet wth Prof. Fries in Room 12, Thursday afternoon between 2:15 and 4 p. m.

Future Teachers.

All those who are majoring in English, especially those who aim to teach that subject are asked to meet with Prof. Fries in Room 12, Thursday at 4:30.

WOMEN'S COLLEGE

FRATERNITY GIRLS INITIATED AND SOPHS. GAVE PARTY TO FRESHIES.

Last Saturday Delta Delta Delta Fraternity holds its initiation. Five girls were taken into the fraternity. Susanne Plummer, Marguerite Quigley, Grace Swan, Elizabeth Wichum, and Mary Williamson. After the initiation the girls left for Mrs. Davis' cabin where a picnic supper was served.

Pi Beta Phi fraternity held its initiation Thursday night at the home of Marion Goho in Lewisburg. Four girls were made members of the chapter: Helen Kitlowski, Charlotte Peters, Mary Sholl and Clara Wasilewski. After the initiation there were several musical numbers and a social time was enjoyed. Several alumnae were present.

Mrs. F. C. Connelly, (Aileen Johnston, '17') of Minersville and Mrs. Carl Shug, (Alice Johnson, '17) of Hughesville, have been spending a few days in town.

Friday night the Sophomore girls entertained the Freshmen in the gymnasium. If the Freshies had visions of a hazing party they were greatly disappointed. The evening was pleasantly spent in dancing and playing games. The eating contest which afforded much amusement was won by the Sophomores. Refreshments were served.

Pan-Hellenic entertained the Freshmen Saturday night in the living room of Women's College. The room was prettily decorated with banners and Insignia skins of the various fraternities. Dancing was the feature of the evening and during the intermission refreshments were served.

Margaret Small, '23, spent several days at her home in Williamsport.

Rose Dolder, 23, visited her home in New York City on Saturday and Sunday.

Beatrice Fetterman entertained her parents and brother over last Sunday.

Bertha Cupp, '23, entertained several friends from Williamsport on Sunday.

LAMBDA CHI DANCE

The active members of the Lambda Chi Alpha fraternity gave a dance at their home Saturday night in honor of their pledge men. One of the features of the evening was the using of the dancing space by many of the Phi Kappa Psi men, who were also holding a dance in their house. The men with their ladies from both fraternities danced in both houses and an enjoyable time was the result.

Derby's Saxaphone orchestra, composed of college men, furnished the music for the dancing and repeated its successes made on former occasions. Mr and Mrs. Albert Vorse, of Milton, were the chaperones.

S. A. E. DANCE.

Sigma Alpha Epsilon gave the first of a series of dances at the Lewisburg Club on Friday evening. Gubin's Orchestra, of Sunbury, furnished the music. Dancing continued without interruption from 8 until 12 Miss Bender, Mrs. Bernhart, Mr. and Mrs. Leroy T. Butler and Lt. Col. and Mrs. Morris chaperoned.

Lieut. Harold N. Gilbert, ex-'19, and wife attended the game Saturday. Gilbert is now a regular army officer. He left Bucknell and was one of the first men commissioned at the first Officers' Training Camp at Ft. Nagarn. He saw considerable service overseas.

GAME HINTS

(From page one)

Beck and Robb in the fourth quarter and they immediately speeded up the Penn attack. The home team opened up a smashing attack off tackle, and this gained them considerable ground, while Way circled the ends for 25 and 30 yards at a time. Haines carried the ball over for a touchdown shortly after the start of the period after Way had carried it to within scoring distance."

Here are star men who are working hard this week and who will be pitted against the Varsity on Saturday:

* * * * *

"Red" Henry played tackle last fall and was the strongest line player on the squad. His work in the Pitt game earned him much favorable comment. He will make a hard fight for a guard position this year

Ed. Edge has been in the service for two years. He played at end in 1916 but injured his knee early in the season and was unable to be of much service While not a flashy player, he is a very consistent end.

Harold Hess is unquestionably the best defensive back that has ever worn the Blue and White. He was just coming into his own in 1916 but enterel the service before the 1917 season began. After spending over a year in France he look bigger than ever. He will play fullback and do the punting. In practice he has been getting of his punts in good shape.

Charlie Way needs no introduction. In the first year on the varsity in 1917 he was the sensation of the year and his open-field running in the Dartmouth and Pitt games stamped him as a successor to Shorty Miller. He weighs only 138 pounds but is a flash on his feet and is a deadly tackler as well. His work in practice has been little short of marvelous and he will hold down a place in the backfield, barring accidents and the like.

Ben Cubbage is one of the most dependable men on the squad. After playing substitute for two years he be came a regular in 1916. In 1917 he played end on the USAAC eleven and was given much favorable mention for his fine work. He served with Beck in Italy and is almost sure of a berth on the team. In order to strengthen the line, he has been finally shifted to tackle and is rapidly developing into a strong lineman. He is one of the surest handlers of the forward pass on the squad.

H. T. MacKenzie was a Freshman last fall and played center on the varsity. His work in the Pitt game was particularly good. He may be used as a guard.

"Doc" Rangely is a big southener, who entered Penn State last year. He is a hard fighter and although he is green, he looks like the best prospect for one of the tackle positions.

"Buck" Williams was the regular quarterback last year and his headwork enabled the team to score on Pitt. He has been laid up with an injured back, but is now back in harness.

"Hinkey" Haines looks like a find for the Blue and White backfield. He entered Penn State last year from Lebanon Valley College and played baseball and basketball in addition to football. He is the fastest man on the big squad and is an adept at handling the forward passes. He has been doing fine work on the second team backfield.

Joe Gill was a strong line candidate back in 1915 but broke his collar bone After two years in service he has returned this year and although he has only been out of practice a week he looks like a new prospect for the guard position. He weighs 208 pounds and is the best defensive lineman on the squad:

Secret practice has been instituted at Penn State and certain days students are permitted to watch the practice, but on the other days the field is kept cleared of spectators. Coach Bezdek has been spending considerable time with Hess and Beck teaching them a new style of punting. Hess in particular has been getting much greater distance to his spirals. In addition Bezdek has been teaching Hess how to buck the line and the latter is rapidly developing into a consistent ground-gainer. Beck has also improved in his plunges through the line.

The coach is not worrying over the backfield situation. With Robb, Beck, Hess and Way as first string of backs and with Haines, Killinger, Ritner and Williams for substitute, the backfield is very well taken care of. The line is his greatest problem and during the past week it was continually shifted about. Horn, the scrub center, displaced real form in scrimmage and he has been given a try at guard on the varsity. Bentz, another former center, is also being tried at guard. Cubbage continues to show improvement at left tackle and will no doubt solve that problem.

MILTON, PA.
There never was an Autumn Season when Styles were more becoming, when garments were more serviceable and when we disposed of so many beautiful garments early in the season. There is a reason for this not only for the fact that we allowed early buying—but the real fact of the matter is we are saving our early customers some golden dollars and giving them qualities which they find hard to duplicate at any other store.
Our full line of Fall and Winter Suits, Coats, Dresses Waists, Furs, Millinery, Rugs, Carpets, etc., is now ready for your inspection.

THE BUCKNELLIAN.

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. October 14, 1919 No. 4

Bucknell Gave Penn State a Palsied Scare on State's Own Field

OLD RIVALS' 9-0 VICTORY WAS A MILD ONE

BLUE AND WHITE MET MATCH IN EVERY PLAY FROM START TO FINISH

Coach Reynold's Machine Worked in True Form and Really Allowed Three Points.—State's Star Men Were Baffled.

Bucknell lost to Penn State Saturday in one of the most hotly contested games ever played on Beaver field at State Colelge by a score of 9 to 0. In many respects, Bucknell outplayed its heavier opponents, and the up-State men only nosed out a victory by having the breaks of the game on their side. The real score should have been 3 to 0 as the touchdown which State made was purely a fluke, and Bucknell nearly made a pretty goal from placement. The Bucknell line held like a stone wall, and the only gains that State could make were around the ends with seven men acting as interference for the runner. The game was featured by the punts that both sides got off, there being eight punts in the last quarter alone. After the first quarter, a heavy rain turned the field into a sea of mud, and all that happened after that was pure luck on either side.

Over three hundred men from Bucknell made the trip to State College, and every one was glad that he was a Bucknell man after the first play of the game. With one exception, the game was unusually clean, and State was worried from the first kick-off. The exception occurred when Conover, the husky State tackle, jumped on Ebner after the ball was out of play, and inflicted severe injuries on the plucky Bucknell quarterback. This, however, was the only extreme case of unsportsmanship on the part of the up-State club.

The game began when State kicked off to Kostor, who made a nice run with the ball. Bowser then made several plunges which netted eight yards but the Orange and Blue could not make the necessary ten. Bowser then punted well down into the State territory, and after a few plays Peale recovered a fumble and the ball was in Bucknell hands again. Shortly after, Hendren tried the kick from placement, which failed.

A few plays more and the ball went to State, and after a few slight gains by Killinger, Hess punted the ball to the Bucknell 20-yard line. Here State was penalized five yards and after several line plunges, Bowser punted to the opponents' 45-yard line. State again received a five-yard penalty for being off-sides, and on the second down, Hess punted out of bounds on the Bucknell 30-yard line. Another return punt and Conover kicked a goal from placement, which netted State three points. This was the only score that State really earned during the whole game. The ball was kicked off again, and after a few minutes of play, in which both sides failed to gain, Hess punted to Bucknell's five-yard line and the ball rolled over the goal line for a safety. At this point the whistle blew for the quarter, with the score 3 to 0 in State's favor. In this period, Bucknell held its opponents to one first down.

The second quarter began with the ball on our 20-yard line. Kostos got off for a three-yard gain, and Hendren was tackled for a loss. Bowser punted out on State's 30-yard line, and Way got off for a 20-yard run. Way then made a 55-yard run which would have been good for a touchdown, but the play was off-sides and the ball was brought back. At this point Dent was put in for Wargo and Bihl for Donaldson. Hess again punted over Bucknell's goal line and the ball was brought out 20 yards for a safety. Bowser intercepted a forward pass, and after a few plunges through the line which netted several yards, the ball was punted back down into State territory, and the man who received it was downed on the 45-yard line. Way got off for a 40-yard run, with half of the State team acting as interference for him. He was brought to earth on Bucknell's five-yard line, and State made two attempts to get the ball over for a touchdown, but failed each time. The

(Turn to page two)

ALBRIGHT CANCELLED

Goes Back on Contract. Indefinite Reasons as Excuse

Graduate Manager Vorse announces that Albright has canceled its contract for a game here on November 1 and more than 20 colleges have been asked for a game but as yet none has been secured. Negotiations are still under way with Pennsylvania Military Academy at Chester and the Hahnemann Medical College, of Philadelphia.

Albright arranged the game last March and on the last of September asked that it be cancelled due to "unforseen circumstances." Manager Vorse replied that they would be expected to fulfil the contract and also wrote to the President of Albright appealing to him on a sportsmanship basis. The answers were unsatisfactory and mentioned hard schedule, etc., but gave no clear reason for the withdrawing from their contract.

DISCUSSION GROUPS

MET SUNDAY EVENING AND DISCUSSED CURRENT SOCIAL TOPICS

More than 120 Attended Sunday for Discussion, "Sing" and Address.—Popular Things Planned for Weekly Talks.

More than 120 students and members of the Bucknell faculty attended the opening of the discussion groups in the Baptist Church Sunday evening and the "sing," and lecture which followed. For the first Sunday evening meeting this is an excellent showing and as the series of Sunday evening meetings advance some unusual discussions and features will be introduced into the novel Sunday evening plan.

The discussion groups are for students of the four classes at college and members of the faculty as well as townspeople. In fact Dr. Hunt and several professors are taking a live and active interest in the novel idea. There is a group in which everyone can find his or her sphere and take an active part in the informal program.

The leading group is perhaps the Brotherhood groups for Men of the town, faculty members and students. Dr. Emory Hunt is in true capacity the Godfather of these groups and Professor Leo Rockwell is president. The members met in the main auditorium at 6:30 Sunday evening and the other groups met in rooms assigned. All met at the same hour and held informal discussions on current social topics until 7:15, when the groups convened in the main room and held a "sing" under the supervision of Prof. Paul Stoltz of the music faculty. This part of the program was entirely new and will likely develop into excellent voice training, and sight reading in music.

Folowing the twenty-minute "sing" Sunner R. Winton gave his lecture which was very instructive and much appreciated.

The other groups which met held very enthusiastic meetings and have outlined courses of informal discussion. The Upperclassmen groups for men and women is in charge of Prof. C. C. Fries and will continue the discussion of current social problems. At present and for the next few evenings "The League of Nations" will be considered in open, informal manner where a change of opinions is indulged in.

The Sophomores, a large group, have their own members take turn in leading the groups. Their discussion takes up the matter of "making Americans," and the nucleus of their discussion is found in Brook's "Americanization." The attendance in this group was so large that an addition of many more members will mean the dividing of the class.

Prof. N. H. Stewart, who has had a wide experience in front line Y. M. C. A. work in France conducts this class for the men of the Freshmen class. His general topic is Use and Abuse of Amusements and is proving of wide interest to all new men and they are

(Turn to page three)

CROSS COUNTRY

ORANGE AND BLUE ASKED TO JOIN SMALLER COLLEGE ASSOCIATION

Director Musser Will Meet All Track Men Friday at 4.30 in Tustin Gymnasium.—More Than Twenty Have Already Signed Up.

The Orange and Blue will in all possibility take part in a big cross country meet next month with the smaller eastern colleges, an event which is quite new in the sport world among Bucknell athletes.

The college has been invited to apply for membership in the Middle Atlantic States Intercollegiate Athletic Association which conducts the meet and Graduate Manager Vorse has made this application to the proper-ty official, Director of Athletics, Harold A. Bruce, at Lafayette.

In the meantime Physical Director Malcolm Musser issued a call late last week for sprinters, runners, long distance men and others interested. More than 20 men reported and since many others have made inquiries. Track men have been out daily getting into shape and on Monday real cross country practice will begin in addition to track work.

Director Musser will call a meeting at 4:30 o'clock Friday afternoon at Tustin gymnasium for all men interested, including those who have already reported. More details are expected daily about the meet which will likely take place November 20 at Lafayette, Easton, Pa.

Rutgers, Lafayette, Lehigh, Ursinus and other colleges of this size are members of the association and take part in this annual cross country tournament. Besides preparing to take part in the event Director Musser will watch for track material for next spring, and with athletic authorities, lay plans for spring track meets according to the sentiment shown. He will begin real practice next Monday and take to the roads in addition to coaching on the track.

I. N. A. MEETING

Second Semi-annual Convention Will Be Held on Saturday.

The second semi-annual convention of the Intercollegiate Newspaper Association will be held at Lafayette College, Easton, Pa., Saturday.

Dr. D. Thomas Curtin, a noted English journalist of the Northcliffe press, will address the meeting. He is better known to European diplomatic circles as "the man who dragged the truth out of Germany." This title was given him because of his intrepid work in Germany as a spy during the Great War.

The thirteen charter members of the I. N. A. will be represented with the possible addition of delegates from three other college papers, which are petitioning membership to the I. N. A. The delegates will probably meet first on Friday evening. Most of the business will be dispatched Saturday morning. Dr. Curtin is to address the student body of Lafayette College on Saturday afternon. In the evening he will confer with the I. N. A. editors.

The securing of such a noted speaker as Dr. Curtin is a significant indication of the growing importance of the I. N. A., which had its birth at Swarthmore not more than five months ago.

Editor Hayes L. Person and Manager George N. Benjamin will attend the conference and represent Bucknell in this rapidly growing association.

SIGMA CHI DANCE

Last Friday's dance at the Sigma Chi house was an enjoyable event for the Semites. Fifty couples attended and the Phi Gamma Delta orchestra played. The chaperones were Col. and Mrs. Morris, Miss Fowlen, Miss Walton and Mr. and Mrs. L. H. Campbell.

MUHLENBERG HINTS

BUCKNELL MUST PLAY HARD TO DEFEAT HEAVY ELEVEN

Visiting Team Well Drilled and Ready for Hardest Fight,—Best Home Game of the Season.

Muhlenberg is coming heavy and strong for Bucknell on Saturday and hopes to hold, if not defeat, the Orange and Blue team by a small margin. A Bucknell man who attended the game between Lebanon Valley and Muhlenberg last week says the team is perhaps heavier than Bucknell and an exceptionally well drilled machine. Bucknell will conquer them only by the hardest fighting.

The following report shows the fight that Muhlenburg displayed last Saturday.

* * * * *

Unable to stem the terrific rushes of the Muhlenburg team, Lebanon Valley went down to defeat by the score of 31 to 0.

Lebanon Valley came full of confidence, and put up a game struggle. The contest was too one-sided to be thrilling, but never for a minute did the game lack ginger.

Muhlenburg took the lead the first few minutes of the play, when Feldman scored a touchdown by a brilliant end run of 20 yards. In the second quarter, Captain Anderson won a touchdown by dint of a clever off-tackle run. In the third quarter, Symthe, the quarter-back, formerly of Norristown High, added two touchdowns to the Muhlenburg score, both by means of end runs. Muhlenburg's last tally was scored in the final quarter, when Lewis plunged through guard.

Muhlenburg never had much trouble stopping the visitors, and the home goal was at no time in serious danger. Muhlenburg's one weak spot was failure to kick the goals from touchdowns. On the other hand, Coach Bill Ritter remonstrated to the fans that he is developing a football machine bound to be noticed for its aggression and energy. Muhlenburg's formations are close, and its driving power was irresistible. The comparative strength and vim of the teams is told by the first downs, 21 for Muhlenburg and one for Lebanon Valley.

R. O. T. C. BEGAN MONDAY MORNING WITH 135 MEN

Bucknell's R. O. T. C. now has 135 men signed up and a number more ready to start in the course as soon as their class schedules can be arranged so as not to conflict with the work. The first drill took place Monday and Col. Morris is unusually well pleased with the fine showing made and prospects are bright for a banner unit for the college.

The men have been receiving uniforms during the past week and a number are already well equipped. Requisitions have been sent for additional clothing equipment as well as pack equipment. In spite of Bucknell's request for clothing going to the quartermaster somewhat belated it is hoped that all the men will be fully equipped in a couple weeks.

Col. Morris has worked out a progressing schedule which operates on a monthly plan, advancing every four weeks. At present there are 11 men signed up in the advanced course. The men in the basic course are divided into classes of 86 Freshmen and 38 Sophomores. The normal schedule for this fall term will be three hours' drill a week. When the weather prevents drilling the Freshmen class will meet in the study hall in the Academy

(Turn to page four.)

S. A. E. DANCE FRIDAY

The S. A. E. will conduct its second dance of the term at the Lewisburg Club on Friday night.

BEAT MUHLENBERG!
All College Men and Women Out for Open Air Mass Meeting - - - - -
Thursday Afternoon
ATHLETIC FIELD 4 O'CLOCK

Snappiest Series of Mass Meetings in College History Scheduled for This Week

WILL BEGIN NEW LIFE FOR THE SEASON

TWO MIGHTY CROWDS PLANNED THURSDAY; ONE BEFORE GAME

Three "Pep" Raisers to Help the Varsity Defeat Confident Muhlenberg on Saturday Afternoon.

A gigantic "pep-raising" week-end series of meetings of the student body will take place in preparation for the coming game with Muhlenberg on Saturday afternoon. The opening affair will be a new innovation at Bucknell, an open air mass meeting on the Athletic field with a scrimmage promised by Coach Reynolds to add ginger to the incentive to YELL and SING. Thursday evening will be another mighty mass meeting in the Tustin Gymnasium at 7 o'clock and the session will be short and snappy. Following will be one of the old-time parades through the town, snake dances, yells and the band to lead the aggregation which will wind up at the block dance party on Market street.

Freshmen rules will be off for the dance the same as last week. And the plans previous to the contest Saturday will lend the final stagger to the deluge of "pep" that will make the old hill vibrate.

Thursday afternoon everybody,—men and women—will be out at four o'clock and the few who have classes will report as soon as possible. The band is getting all set for the occasion and will produce the best of music. Incidentally there will be scrimmage and a fine chance to learn the players as they appear in uniform.

Cheer Leader Mathieson and his assistants will lead the cheering and the singing. Freshmen will all be present and try to outdo the upperclassmen in cheering. If you are going to fuss, then fuss to the outdoor meeting.

Thursday night at 7 o'clock in the gym more snappy cheering practice and a few short, minute talks, will likely take place. The biggest event will be after the meeting when such a parade as is only known to the Senior class will be staged. The band will lead the largest line the Orange and Blue has ever seen parade as a sort of practice for Saturday afternoon. The line of march will be past the seminary and down one of the main streets to Market street with snake dances and runs to keep everybody full of snap-and-go. They will countermarch on Market street and finally wind up at the American Legion and Citizens Band block dance, where Freshmen rules will be declared off.

Saturday afternoon all college men will meet in the Quadrangle at the Library and will march to the Athletic Field, led by the band. Here there will be music for a snake dance which will wind up at the gymnasium doors. The men will line up in two files for the Varsity to pass down through to the field. Then will come the scamper to the bleachers and the fight is on.

BLAIR COUNTY CLUB

Students From That Country Formed Bucknell Society

Thursday afternoon a representative number of Blair Countians met "up the hill" and formed an organization to be known as the Blair County Bucknell Club, with these officers elected to direct their work: President, Richard Hutchison; Vice President, Andrew Rooney; Secretary, Grace Swan; Treasurer, Roy Stine and Reporter, Helen Johnston.

It was decided to admit as charter members all the people from Blair County who are Bucknell students at the present time, and to take in the others as active members as they come to college. The charter roll will have the following names on it: Grace Swan, Elizabeth Wichum, Myra Effinger, Helen Johnston, Margaret Lees, Richard Hutchison, John Hughes, Paul Cooley, Andrew Rooney, Edwin McGill, Julius Seebach, Oliver Walters, James Walters, Roy Stine.

OPENING CHAPEL SESSION GIVES A FINE SHOWING

NEW PLANS MAKE ROOM FOR EVERY COLLEGE STUDENT

Prof. Stolz Has Charge of Musical Program and Good-sized Choir. Entire Faculty Attends.—Sessions Are Popular.

Tuesday morning the new system of chapel attendance arranged by Prof. Stolz went into effect and the remodeled Bucknell Hall took on an appearance that is new in its history. About 450 students and members of the faculty met in the session and began a custom that shows evidence of becoming one of the biggest and most enthusiastic innovations of the Fall term.

Due to the thorough system worked out, the initial session was started on its way with very little confusion. Blue prints of the seating plan of the house accompanied by typewritten lists and also individual cards placed in the hands of students gave ample opportunity for every student to become familiar with his or her special seat in Bucknell Hall and the system began in the best of order.

The two sessions now include the college women and gives a full representation of the entire student body. The sessions are known as the Tuesday-Thursday session for upper classmen and the Wednesday-Friday session for the under classmen. In this latter section is included mostly Sophomore girls and freshmen.

The blue prints have been placed in Main Hall, on the bulletin board at Women's College, in the two chapel halls. In addition individual cards have been made out for each student. The chapel is divided into right, left and center sections, facing the stage end of the building. By the removal of the partitions at the rear of the room and the placing of a large number of chairs, the capacity has been almost doubled and from a seating capacity of less than 300 it now seats more than 450. Senior girls and men have been given the center section, Juniors the left section and Sophomores the right section. The section for the faculty and the choir on the platform includes about 50 in number.

(Turn to page two)

MORE BURDENS

Poor Freshies Must Wear Their Dinks Outside R. O. T. C. Drill

Freshmen in the R. O. T. C. who are under Freshmen rules must wear their dinks except during the actual hour of instruction under Col. Morris. This was the decision made at Senior Council on Monday night.

Freshmen who attend classes immediately following their drill periods must carry ther campaign hats and wear dinks or return them to their rooms.

GLEE CLUB ACTIVE

Many Trying Out for Membership and Rehearsals Look Promising

With several good rehearsals to their credit the Glee lub has shown much improvement during the past two weeks. About 60 men have turned out for rehearsals and the competition for berths in the club will prove interesting and with a wealth of material good results are expected.

Manager Dewire has a number of prospective dates and is increasing the list almost daily. The trip through Western Pennsylvania and Eastern Ohio now seems a certainty, as also does the trip through Eastern Pennsylvania and New Jersey. The date for the Shamokin concert has already been set. With a few more rehearsals such as that of Monday night the program for the season will begin to assume a definite form. This splendid advertisement for Bucknell should have the active support of every student, so if you haave any prospective dates in view, report them to Managre Dewire at once.

Published weekly during the college year by the Bucknellian Board, representing the student body of Bucknell University. Subscription $1.50 per year. Make all checks payable to the Manager.

Entered at the Lewisburg post office as second class matter.

Contributions from students and alumni are earnestly solicited. They should be written in a legible hand and on but one side of the paper. Address all articles to the Editor.

Member of Intercollegiate Newspaper Association.

THAT STATE GAME

For the first time in a score of years Bucknell proved dangerous to their old-time rivals last Saturday and they proved a great deal more dangerous than Penn State expected. From start to finish the Orange and Blue played an even game with the Blue and White. There is not one feature of State's playing to which Bucknell cannot measure a similar outstanding play.

In the first half our eleven amazed State and in the mud of the second half it discouraged them. Their sounding and heavy formations proved useless. Their All-American athletes and letter men were shamed and bowed as former State men were in the big games of past history. The up-staters can claim no credit to themselves for their playing and can thank only themselves for not giving Bucknell the credit that is due. Gettysburg received credit for the showing made when they held Penn State for two quarters. Bucknell held them for a whole game and the write-up that appeared said nothing in State's favor and nothing in Bucknell's favor—it discussed a muddy field!

Every man on the Bucknell team deserves the greatest praise as well as the coach. The eleven is the best this college has had for several seasons. Turn out Saturday and show the team your appreciation of its deeds.

JOIN A SOCIETY

Underclassmen should watch closely the re-opening of various societies this term. Every live student is a member of one or more organizations. here is a group for every student activity; find the one you are interested in and join.

The value of membership in these societies cannot be overlooked. If you are in the engineering course get in the proper atmosphere where you can profit by the experience of others. If you are interested in law, dramatics, singing or music, you are a welcome member to a college group.

Each year the men who are most active in these associations are the men who make out best in their work after graduation. If you don't want to be driftwood carried along by your classmates, get busy and join a group.

The Penn State Collegian gave Bucknell a commendable writeup last week in its survey of the Orange and Blue eleven—and incidentally—Bucknell more than lived up to the "rep" given.

COMMUNICATION

Where is the Y. M. C. A.?

In former years around the institution there was a room occupied by the Y. M. C. A., a Secretary, elected from the student body was in charge, and a cabinet appointed who made it their business to have some sort of entertainment at least once a week. Lectures to the students were given by the Professors of the University, daily papers were in the reading room a telephone for the accommodation of the students, What is the matter with the Secretary? The writer understands that Mr. Elton P. Richards was appointed President, Mr. Henry I. D. Moore, Secretary, Mr. George W. Lowry, Treasurer. Why don't these fellows get on the job and give the men on the Hill what is coming to them and what they are paying for and supporting them under the Compulsory Budget? The Fraternity man is well taken care of so far as a place to spend his spare time goes, but what about the non-fraternity man. He has nothing but his own room, or the very few places of amusement and recreation that Lewisburg has to offer.

The writer also believes that a faculty committee supervised by the Y. M. C. A. Why don't they get around and give them what is justly due them and so badly needed?

A Hill Resident.

Forceful Praise From Noted Athlete, Once Bucknell Star.

Here is a Philadelphia sentiment from C. A. Weymouth, class of 1900, a former star halfback at Bucknell, now a member of the Bucknell Board of rustees and chairman of the Athletic Committee. He was also a fullback on Yale's team during his college days. Such praise is the highest the Orange and Blue receives.

Philadelphia, Pa.
October 18, 1919

Mr. A. O. Vorse,
Bucknell University,
Lewisburg, Pa.

Dear Barney:

I read with great glee the State College game, and want to congratulate most sincerely Coach Reynolds on his work. Of course I realize that the boys must have produced in every manner, for I know that State has always a strong team, especially of late years, and I understand that they expected to trim Bucknell, very properly.

Sincerely yours,
With sincerest congratulations, I am,

C. A. WEYMOUTH

CHAPEL OPENING

(From page one.)

Special music will be a feature of the chapel session and is in the efficient care of Prof. Stolz of the Department of Music. In many instances former chapel customs will be used. Chapel roll checkers have been appointed among the students and all students must be in their seats at 10.05 when services begin or it will be considered an absence.

* * * *

Chapel Hints

At the close of the session the student body will stand while the members of the faculty file down the aisles. Students will pass out in class order, Seniors, Juniors, Sophomores and Freshmen. The front row of Senior Girls will follow the faculty and continue in successive rows toward the rear of the building. Men and women will not use separate entrances but the one nearest their respective seats.

With the narrower aisles it may be found inconvenient for the faculty members to pass down them when the students are standing. If such is proven to be the case a request will be made for students to remain seated.

SEE THE TEAM THAT SCARED STATE

Don't forget the open air mass meeting on the Athletic field Thursday afternoon. The band will be there with the best turnout of the season and there will be real music. Singing and cheering.

BUCKNELL GAVE PENN STATE PALSIED SCARE

(From page one.)

third time Way was given the ball to take over, but fumbled and the pigskin rolled across the goal line in solitude. Higgins, the alleged "All-American" end, who was roaming around behind the line in a dizzy state of mind, fell upon the ball and was credited for a touchdown. Conover missed the kick for goal and the score stood 9 to 0, with Bucknell on the little end.

Only once again in the whole game was State dangerous. This happened a few minutes later when they advanced the ball by a series of end runs and line plunges to the Bucknell two-yard line. Here the Orange and Blue showed the stuff that has always made the college famous, and held the State team, with their 35-letter men, ll-American players and the rest for four downs, and did not allow them to gain an inch. At this point Way decided that the side lines were more inviting than the muddy field, and Ritner was sent into take his place. However, the whistle blew for the end of the first half at this time, and the players abandoned the field to the ravages of the elements. All the time during the second quarter it had rained steadily and heavily, and by this time the field was slippery, and water stood in miniature fish ponds all over it.

During the intermission between the halves, a few of the more spirited of the Penn-State students organized a half-hearted attempt at a snake dance, but this failed miserably, and the rest of the State students laughed them to scorn from the stands. The Penn-State Trombone Band, so called because it was composed of 15 trombones and very little else, except discordant noise, ground-out a few aged hymns, to the appreciation of the student body of the up-State institution. Bucknell cheering section, under the leadership of Jimmy Copeland, '20, had gotten fully organized by this time and let State know that there was some one from our school there in addition to the team.

Bowser kicked off at the beginning of the third quarter, and Killinger received the kick, and ran for about ten yards before he was downed. Ritner got off for another ten yards, but the Bucknell line held after that, and State was forced to punt. After this the married fray seemed more like a naval battle in frog ponds, than a foot ball game. Several of the State scout criusers slipped around the ends for slight gains, and once in a while one of their super-dreadnaughts broke through the line under full steam ahead, but they made no serious gains. Killinger canoed arcond the left end, but was submarined by Bucknell and was forced to send up distress signals. Robb made a motorboat attempt to steer through the line, but went aground on the Bucknell rocks.

For Bucknell, Hendren and Ebner tried several dives for distance, and when they came up for air, found that they had advanced the ball several yards. Bowser took several fine long distance swims, but reported that the water was rather muddy in places. Kostos oozed through the mud for several five yard gains, but both lines were holding like stone fences, and State always punted on the second play, realizing that nothing could be gained by trying to buck through the Orange and Blue line. The third quarter ended with no score, and the last quarter, even wetter than the one before, netted nothing for either side.

The game ended with the ball in Bucknell's possession on the 25-yard line, and great sighs of relief could be heard coming up from the State stands, as they realized that the game of worry was over for them.

The line-up was as follows:

Bucknell		State
Wargo	L.E.	McCullum
Homan	L.T.	Conover
Morrett	L.G.	Henry
Donaldson	C.	Rouch
Rosenblum	R.G.	Hilles
Peale	R.T.	Cubbage
McDermott	R.E.	Higgins
Mangan	Q.B.	Robb
Hendren	L.H.B.	Killinger
Kostos	R.H.B.	Way
Bowser	F.B.	Hess

Referee—Bennis, U. of P. Umpire—Taggart, Rochester. Head Linesman, Hollenback, U. of P. Time of quarters—15 minutes. Substitutions, Bucknell, Bihl for Donaldson, Short for Rosenblum, Ebner for Mangan, Hughes for Ebner, Dent for Wargo, Penn State—Ritner for Way, Haynes for Robb, Snell for Killinger, Emery for Henry, Beck for Hillis, Baer for Emery. Touchdown—Higgins. Goal from placement—Conover.

Notes on the Game

Higgins and Cubbage, selected for All-American positions, showed up fairly good, but there was nothing about their playing to distinguish them as exceptional.

There may have been four ex-captains on State's team as far as the final results of the game totaled they proved the "ex," part of their title.

State's 35 letter men back for the team didn't seem to make much difference in the game.

Killinger, Robb and Hess put up a much better game than the far-famed State All-Americans and the ex-captains. It State had more men like these, their team would have increased chances against Penn and Pitt.

Every Bucknell man put up a wonderful game, and no one in particular can be picked out as the star of the game. Bowser was fine and not one of the State men could come up to his playing. Peale was in his element. He intercepted a forward pass and made some fine tackles. McDermott outplayed Higgins, and was in on every action. Kostos battered the State line, and penetrated it at will. Short scattered his opponents in all directions over the landscape. Ebner was going strong when he was taken out because of his injuries, while Captain Hendren played his usual good game. Rosenblum was a regular Rock of Gibraltar after the first half, and the rest of the team deserve the highest praise for the fine showing they made against a school of 3,100 students, including two All-American men, four ex-captains, thirty-five letter men and the rest of the squad.

Orpheum

TUESDAY
Return showing by popular request, Marguerite Clark in "Come Out of the Kitchen." This picture pleased in its previous showing and is repeated by request. Comedy—"Jazz and Jail Birds."

WEDNESDAY
Constance Talmadge in "Experimental Marriage." Miss Talmadge always pleases. Pathe News.

THURSDAY
Rex Beach's "Crimson Gardenia," from Beach's great story. Bill Parson's comedy—"He Did and He Didn't."

FRIDAY
William Hart in "Square Deal Sanderson." A story of the West and a rugged honest hero. International News.

SATURDAY
"Love and the Woman," featuring June Elvidge. Sennett Comedy—"A Milk Fed Vamp."

NEXT WEEK
Douglas Fairbanks in "A Knickerbocker Buckaroo." Matinee, 4:15. Evening 7:15 and 8:45.

OXFORD HONORS DR. J. S. ZEIGLER NOTED B. U. GRAD

ADDRESSED ENGLISH COLLEGE CONFERENCE LAST SUMMER

Dr. S. Lewis Zeigler, class of '80, was an invited participant in the Oxford Ophthalmological Congress at Oxford, England, during the past summer. He gave an address on the problem of "The Artificial Pupil" which was apropos to the Ravages of the War. At the close of his address the members of the congress had such an interest in it that they kept him for a half of an hour with their questions.

Dr. Ziegler also responded to the toast of our Overseas Visitors in the evening banquet.

While abroad he embraced the opportunity of studying the problem of Facial Reconstruction following severe war injuries in the hospitals in London and in Paris.

As is well known Dr. Ziegler is one of the most distinguished surgeons and physician in his specialty in the United States.

SUMNER R. VINTON

Producer of Methodist Centenary Pictures to Lecture at Baptist Church

The Baptist Church, in cooperation with the University, plans to bring to Lewisburg during the year leading specialists in various field of religious work.

Sunday night Sumner R. Vinton, graphic expert of the Interchurch World oMvement, producer of the remarkable missionary pictures shown at the Methodist Centenary, lectured on Modern Missionary Activities, showing pictures which President Hunt describes as the finest he has ever seen. Arrangements are being made to have a second showing of the pictures to accommodate town people. The first, with Mr. Milton's lecture on "The Investment of Life," will be for students, at 7:30. Mr. Vinton brings his own operator and machine.

MORE CANDIDATES ARE WANTED FOR ASST. MANAGERSHIPS

A list of names from the Athletic office shows that many more candidates will be acceptable to try out under the competitive system for assistant student managerships. Nine men reported for football and this competition is now closed to all except those men. Only three men reported for first assistant managership and the election of three men occurs on November 1, so each man is assured his position.

Five men have reported to the present for try out in baseball and seven men for basket ball. No men have reported for either track or tennis. No names will be accepted after November 1. All who wish to compete should hand in their names at once.

The following names have been received:

Football, First Assts.—Floyd Maybood, C. W. Smith, W. C. Willman. Second Assts.—N. H. Davis, H. T. Davenport, William W. Parry, H. E. Shaffer, Willis Ross, E. L. Worthington.

Basket-ball—First Assts.—Willard H. Collins, S. W. Sutton, F. F. Reamer, Alex. Roller; Second Assts.—W. N. Lowry, George Mathieson, Edward Sisserson.

Baseball—First Assts.—Nelson F. Rounsley, D. R. Crossgrove; Second Asts.—E. B. Mickley, L. K. Stuntzner, LeRoy Dehaven, Fred Foxall.

DR. EMORY HUNT TO BE GUEST OF HONOR AT WMSPT.

Dr. Emory W. Hunt, president of Bucknell university, spoke at the First Baptist Church in Williamsport on Sunday. He took as his subject "The Greatest Institution on Earth." This, he said, is the church of Jesus Christ. He delivered a very forceful address.

On Tuesday evening, October 30, Dr. Hunt is to be the guest of honor at a banquet in the dining room of the church, to which all men of the church and congregation and their friends, and all resident alumni of the university, are invited. The women of the church will prepare and serve the dinner. Arthur A. Smith has been named chairman of the committees and the Men's League Brotherhood class are back of the project.

PHYSICAL TRAINING IS REQUIRED OF EVERY UNDERCLASSMAN HERE

Freshmen Must Report at Once For Physical Examination and Class Period.

The first steps toward physical training for underclassmen are now begun and Physical Director Malcom Musser issues the following statement:

"All Freshmen who have not reported to arrange a time for physical examination and an hour for physical training class, will do so at once. It is necessary that all Freshmen report."

It is the understanding that all Freshmen will take physical training one hour a day on Mondays, Wednesdays and Fridays of each week. Later a call will be issued for all Sophomores to report for physical examination and they will likely be required to take physical training on Tuesdays and Thursdays.

Training will be elective for juniors and seniors.

MECHANICALS' MEETING

The first meeting of the season took place Monday evening and a number of Freshmen in the Mechanical Engineering course attended. It is hoped that all will become members A number of returned service men have again joined the society. Regular monthly meetings will take place the first Monday night of each month.

MEN'S TENNIS TOURNAMENT IS NEARING FINALS

During the past week, quite a number of sets of singles were played off, to decide who should represent the various class teams. Waddell and Spear will represent the Seniors. Hartz and Lybarger will represent the Juniors. The Sophomore contests are still going on. Hoffa defeated Beers 6-0 and 6-1, he Freshmen, too, have several sets yet to play off. Purnell defeated Haslam 2-6, 7-5 and 6-4.

BUCKNELL GRAD HAS WIDE FAME IN SCIENCE WORK

DANIEL L. WISE, '12, HAS COMPLETED ANOTHER LONG TRIP

Travels for Carnegie Institute Making Magnetic Observations of the Surface of the Earth.—Many Trips Made.

Daniel L. Wise, who has been in South America for the past four months, in the interest of the Carnegie Institute, of Washington, returned to his home in South Williamsport recently. He is a graduate of Bucknell, class of 1912, and a member of Lambda hCi Alpha fraternity. He has been in many of the far corners of the globe and has gained a wide reputation in his research work.

Durin gthe time he has been connected with the Carnegie Institute Mr. Wise has made trips to North ern Canada, Africa, various sections of the United States and has twice visited South America for the purpose of making magnetic observations and the results of his work along this line have been far reaching in the scientific world. The object of all his research work has been to determine how much of the earth's magnetism is due to the sun's rays, and his recent observations in South America will be immensely valuable to all scientists.

Mr. ise sailed from New York, in company with Andrew Thompson, also of the Carnegie Institute, on March 20 and landed at Pernambuce the latter part of April. From there they traveled north to Ceara, a state in Brazil, where the total eclipse of the sun was to take place May 28.

A temporary observation post was established and when the day arrived, everything was in readiness to make the observations. Weather conditions were favorable and splendid results were obtained of the eclipse, which was of especial interest to the scientific world, because the length of time that the sun was totaly eclipsed was five minutes, the longest time possible.

Observations of the eclipse were also made in Africa by representatives of the Carnegie Institute.

Mr. Wise also did some research work near Para, while waiting there for transportation to the States, and

The "Constitution" of To-day—Electrically Propelled

THE U. S. S. "New Mexico," the first battleship of any nation to be electrically propelled, is one of the most important achievements of the scientific age. She not only develops the maximum power and, with electrical control, has greater flexibility of maneuver, which is a distinct naval advantage, but also gives greater economy. At 10 knots, her normal cruising speed, she will steam on less fuel than the best turbine-driven ship that preceded her.

Figures that tell the Story of Achievement
Length—624 feet
Width—97 feet
Displacement—32,000 tons
Fuel capacity—a million gallons (fuel oil)
Power—28,000 electrical horsepower
Speed—21 knots

The electric generating plant, totaling 28,000 horsepower, and the propulsion equipment of the great super-dreadnaught were built by the General Electric Company. Their operation has demonstrated the superiority of electric propulsion over old-time methods and a wider application of this principle in the merchant marine is fast making progress.

Six auxiliary General Electric Turbine-Generators of 400 horsepower each, supply power for nearly 500 motors, driving pumps, fans, shop machinery, and kitchen and laundry appliances, etc.

Utilizing electricity to propel ships at sea marks the advancement of another phase of the electrical industry in which the General Electric Company is the pioneer. Of equal importance has been its part in perfecting electric transportation on land, transforming the potential energy of waterfalls for use in electric motors, developing the possibilities of electric lighting and many other similar achievements.

As a result, so general are the applications of electricity to the needs of mankind that scarcely a home or individual today need be without the benefits of General Electric products and service.

An illustrated booklet describing the "New Mexico," entitled, "The Electric Ship," will be sent upon request. Address General Electric Company, Desk 44, Schenectady, New York.

DISCUSSION GROUPS

(From page one.)

fortunate in obtaining this faculty member. A social "get-together" evening is already planned for the very near future.

Mrs. Benjamin Griffith has charge of the class of Freshmen girls and is talking with them on points raised in Bosworth's little booklet "About Jesus." Here, too, current social topics are in vogue. Prof. William Owens conducts a class in Teachers' Training Methods.

Present plans call for these groups to meet at 6:30 every Sunday evening, and close discussion at 7:15 o'clock. Then all gather in the auditorium where Prof. Stoltz holds his sing. It is in the nature of a singing school and all take part. An excellent opportunity is afforded here to secure vocal training and practice in sight reading. It may develop that some famous cantata will be studied during this part of the meeting.

Lectures, talks and short sermons are be ng arranged for the period following the "sing." The entire program is very popular among the college students, and the Rev. Mr. Peacock, pastor of the Baptist Church, deserves credit for the novel form of Sunday evening discussions.

Delta Sigma Dance

The first dance of the season at Women's College was held Friday evening and proved a lively success. The Demosthenean Fraternity entertained with "Mel's" Saxe orchestra, rendereing the music which was thoroughly enjoyed.

The dancing began at seven o'clock and continued until ten twenty-five when the young ladies bid their hosts good-night. The attendance was just of sufficient size to nicely fill the floor, there being about twenty-five couples present. Misses Schultz and Burgstresser made delightful chaperons. Altogether a very enjoyable evening was had by all.

Don't forget to meet in the Quadrangle at 2 p. m. Saturday.

DEBATING RENEWED

Many Men Handing In Names To Try Out for the Intercollegiate Team

Debating was given a strong backing this fall when it shared in a part of the compulsory budget system and plans can now be arranged to have one of the best debate teams in several seasons. In fact Prof. Fries, who has charge of this work, has already issued a call for candidates and many are reporting.

It is understood one or more extensive trips will be planned and live and snappy preliminary trials will be given for memberships on the team which will represent the college at home and abroad. Any other men in college aspring to membership will hand their names to Prof. Fries.

FORUM'S "SEM" HIKE

The cloudy weather on Saturday morning did not hinder the members of the Forum from keeping their dates with the Seminary girls and holding a splendid hike to Sleepy Hollow. Nineteen couples, with Prof. and Mrs. Rockwell and the President of the Student "Exec." as chaperons, left the Woman's College at ten o'clock and enjoyed the day immensely.

They partook of refreshments in the grove, beside the creek, then played various games and had a general good time, including a "spiral nose dive" by one of the men and the marathon by one of the couples as the folks started for home. Threatening clouds caused an early departure for Lewisburg and the party finished a splendid day at the Orpheum.

Mass Meeting

Bucknell meets Muhlenburg on the home field Saturday at 3 o'clock and every student will be there. Come out to the mass meeting Thursday afternoon, hear the band—and cut loose REAL yells. Talk about it, plan for it, and bring somebody along.

ALUMNI NOTES

Stanley Harris, '18 and Tommy Orchard, '19, have entered Boston Tech to take post graduate work.

The Rev. D. Marvin Sutton, of the class of 1904, visited his Forum brothers on Monday of this week. This is his first visit at Bucknell since his graduation. He is now pastor of the First Baptist church at Cassadaga, N. Y.

J. Russell Herman, '19, s teaching in Ridgewood High School, Ridgewood N. J.

Ruth Farquhar, '19, is teaching at Centerville High School, Washington count.

Lee Sprout, '10, is principal pro tem at Keystone Academy and his brother, Sprout, '17, has begun this year as a professor in the same Institution.

BASKETBALL LEAGUE

Unsuccessful Attempt to Renew Central Penna. Association.

An attempt has been made to renew the Central Pennsylvania Intercollegiate Basketball League but without success. In the past this league was composed of Gettysburg, Albright, Dickinson and Bucknell.

The Orange and Blue has not consented to re-entering and it is understood that Dickinson has taken a similar action.

Patronize our advertisers.

R. O. T. C.

(Concluded from Page One)

building and Sophomores will meet in Bucknell hall.

The uniforms issued do not become personal property until after the first year. Before a man can leave college he must receive property clearance from Col. Morris. This does not apply to week trips and visits at home or out of Lewisburg, but a severing of relations with the college.

WOMEN'S COLLEGE

INTERESTING EVENTS OF PAST WEEK AT THE SEM.

Fraternity Girls Initiated. —Much Rain Prevented Playing of Preliminary Tennis Sets.—Personals.

The rain of the past week prevented the contestants in the tennis tournament from making much progress. Ever since the names were posted, there has been enough wet weather to canoe on the courts and most elimination sets could not be played. Several of the preliminary sets have been played off, however, and it is hoped that many more can be played this week.

Kappa Delta fraternity held its initiation last Monday night in the parlors of Women's College. The following girls were initiated: Nellie Balliett, Arline Baumeister, Elizabeth Confer, Phoebe Davis, Edna Follmer, Vera Haas, Angeline Kissinger, Corine MacNamara, Miriam Oakley, Kathryn Pettigrew, Ethel Richrdson, Ray Seaman and Laura Smith.

Thursday evening Eta Sigma fraternity held its initiation at the home of Margaret and Charlotte Sipley in Lewisburg. The six girls initiated were: Eva Bunnell, Marie Chambers, Lillian Derr, Hulda Heim, Ruth King, and Elsie Watson.

Ruth Clark entertained her parents, brother and aunt over Sunday.

Marian Ellenbogen spent Saturday and Sunday at her home in Danville.

Reba Mackenthern was visited by her mother on Sunday.

Frances and Charlotte Van Cleaf spent the week-end at their home in Stockholm, N. J.

Miss Walton and Miss Keeney saw Bucknell play Penn State at State College last Saturday. While at that place they were entertained at the Kapp Sigma House.

Marjorie Sprout and Lois Cruse visited their homes in Pictur, Rocks over Saturday and Sunday.

Helen Walton, ex-'20, who is teaching in Williamsport, visited her Delta Delta Delta sisters last week.

Nellie Balliet has returned from a visit at her home in West Nanticoke.

Lydia Coene visited at Mt. Carmel over Saturday and Sunday.

Mrs. Ben. F. Coe was the guest of her daughters for several days last week.

Barbara and Marguerite Coe spent Sunday at Northumberland.

Clara Casner spent Sunday at her home in Williamsport.

Ethben Corson, Hannah Madison, Dorothy Lent, Marian Reese, Paula Annan and Mary Williamson witnessed the Bucknell-Penn State football game at State College on Saturday.

Elizabeth Davis spent Saturday and Sunday at her home in Nanticoke.

Tess Lott, '21, entertained Helen Bodine, ex-'20, and Mrs. Marguerite Chubb, '19, (nee Buck) on Saturday and Sunday.

Crozer Theological Seminary

Located within thirteen miles of Philadelphi, students have access to the great museums and libraries of that city. Experienced faculty. Tuition and room rent free. Scholarships available to qualified students.

Thorough connection with the University of Pennsylvania the Seminary can offer:

1. Regular Courses for Preachers and pastors. Seminary. Degree of B. D., or Diploma.
2. Special Training for Community Service. Seminary and University. Degrees B. D. and A. M.
3. Training for Advanced Scholarship, seminary and University.

Degrees of Th.M. and Ph. D.
MILTON G. EVANS, LL.D.,
President, Chester, Pa.

EXTENSION COURSE

Crozer Seminary maintains a Correspondence Department for men unable to take a course in residence.

Six usual Seminary studies. Each student treated as an individual.

Cost, including books, $10 a year. Usually certificate on completion.

Address ELI S. REINHOLD, A. M., Director, Chester, Pa.

THE BUCKNELLIAN

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. October, 28 1919 No. 6

Navy Won In Last Ten Min. Play

MIDDIES HAD A VERY HARD TUSSLE

FINAL SCORE OF 21-6 DOES NOT REPRESENT WORK DONE

Ebner Made Run—McDermott Scored on a Forward Pass.—Rawlings a Wonder.

Bucknell gave Navy a surprise and a scare in the 21-6 defeat Saturday until the last ten minutes of play when the Navy blocked a punt and scored and then received the kickoff and went down the field in 15-yard gains and again scored.

The game was nip and tuck during the first three quarters and the Orange and Blue gave surprise after surprise. Ebner made a wonderful run but his injured leg caused him a tackle near the goal. His interference and run down the field was spectacular. Rawlings, put in by Navy, in the last quarter, was the best gainer and the hardest back to stop that Bucknell has met so far this season. His running was amazing and he showed exceptional ability at finding holes. He was instrumental in getting the navy's last goal.

The Midshipmen won from Bucknell in a game which was full of good football and gave the Navy lads the first real test of the season.

Dobie started his team with his first choices in all the backfield positions, but had to make changes in the first quarter. While the regular four were in, the team gained with line plunges, and an occasional short forward pass, but it was not until the final period that the new backfield really shook itself together.

The Navy scored a touchdown and goal in the first period, and two of each in the final quarter. The second was a stand-off with the Midshipmen battling in their own territory most of the time, making a stand and getting the ball, and King kicking out of immediate danger. Bucknell scored in the third quarter on two spectacular plays, while the final quarter was all Navy's, the new backfield getting itself together and playing with fine dash, the best work being done by Koehler and Rawlings.

In the third quarter, Bucknell got into position to score when Ebner intercepted a Navy forward pass and ran 70 yards to his opponents' 10-yard line. On the next play, Bucknell fumbled to the Navy, but the Navy's kick was a short one, and a touchdown was scored on a beautiful forward pass from Mangan to McDermott.

Summary:

Naval Academy		Bucknell
Woodruff	E.	Dent
Murray	L.T.	Morgan
Benfeld	L.G.	Morrett
Larson	C.	Bihl
Moore	R.G.	Rosenbloom
King	R.T.	Peale
Parr	R.E.	McDermott
Watters	Q.B.	Mangan
Alford	L.H.B.	Ebner
Benoist	R.H.B.	Kostos
Clark	F.B.	Bowser

Score by periods:

Naval Academy	7	0	0	14	—21
Bucknell	0	0	6	0	—6

Substitutions—Ehler, for Alford; Rawlings for Clark; Dole for Benoist; Lewe for Parr; Niemeler, for Moore; Groves for Woodruff; Homan for Mangan. Touchdowns—Koerler, Dendell, McDermott. Goals from touchdowns—Ring 3. Referee—Maurice, U. of P. Umpire—C. Williams, U. of P. Head linesfan—W. G. tSevenson, War Department. Time of quarters —15 minutes.

WEATHER HOLDS UP TENNIS TOURNAMENTS

Inter-class tennis tournaments for men are again being held up by Jupiter Pluvius and his gang. If possible the games will be played this week on the S. A. E. court. Participants and interested students should watch the bulletin board in Main hall for announcements. If weather prevents the playing of the finals in the contest it will be completed in the spring.

NO SOPHOMORE EXAMS.

Sophomores need not report for physical examination until further notice Director Musser announces.

MORE CANDIDATES WANTED BEFORE LAST DAY NOV. 1

It is very important that more men hand in their names on or before Nov. 1st for competition for first and second assistant managerships in basket-ball, tennis, track and baseball. It will be remembered under the provision of the new athletic constitution these names must be in by the close of the day on November 1st..

At present two or more additional names are needed in the competition for first assistant managers in basket ball and four or five for second assistants. At least two more candidates are wanted for both first and second assistants in the base ball competition. Not a single man has signed up for the competition in track and tennis for first and second assistant managers. It is imperative that men appear to try out for these positions. In addition to the honor of holding the positions there are the various trips for the men elected.

HALLOWE'EN PLANS

"Semites" Will Introduce Real Noisy Night of Celebration Soon

Hip! Hip! Bang! Rah! Who ever said that girls did not know how to give class yells and cheers They are going to prove they can. Hallowe'en approaches and if the noise issuing from Women's College does not remind all of that memorable day or night when the armistice was signed, it will not be the fault of the "Semites." Even the Freshies are into it heart and soul and there is going to be some keen competition as to who is going to make the most noise.

Then, too, the poetical talent of the Semites will shine forth, for class songs and popular airs are favorites, so the anthem of "Bubbles," "The Vamp" and all jazzy songs, would never believe, if they were told, that their masterpieces could be visited into such strange words. Class yells, will also be numerous.

Baptist Union Highly Honors Rev. Max Wiant

Rev. Max Wiant, '10, former pastor of the First Baptist Church at Sunbury, was highly honored yesterday by being elected president of the Pennsylvania State Baptst Ministers' Union at its sessions at Braidford, Pa. The honor is the highest that can be bestowed by the Baptist ministers of Pennsylvania.

Rev. Wiant, who is a son-in-law of Mrs. J. P. Dunham, of Water street, is well known throughout the State. He left the pastorate of the local church some time ago, and recently has been pastor of the large First Church at Reading, one of the most influential charges in the Eastern part of the State.

CHEMICAL ELECTED OFFICERS

The Chemical Engineering society held its first meeting of the year recently, and elected the following officers: President, Chance; Vice President, Martin; Treasurer, Schwenkler; Secretary, Everett. A program committee consisting of Dr. Brown, chairmain, Professors Owens and Schuyler and David Martin was appointed, and work has already been started on several feature programs. A social committee was also appointed and is composed of the following students: Botts, chairman, Clare and Derr. Meet ings will be held frequently, and will be featured by addresses by members of the program committee and other prominent men who are to be scheduled for the occasion.

FATHER AND SON BANQUET

A number of faculty members of the University and students attended the Father and Son banquet at the Baptist Church on Monday evening. Bucknell was very largely represented in the social program of the evening. Dr. John H. Harris was toastmaster and short talks were given by President Emory W. Hunt, Dr. Henry Coleatock, Prof. H. S. Everett, Prof. B F. Thomas, Prof. Bromley Smith, Dr. Enoch Perrine, Rev. W. J. Peacock, Dr. John T. Judd and Mr. Wingard, a Bucknell alumnus.

SPEAKER AT BAPTIST

The Rev. J. F. Russel, of the Philippines, will speak at all the services at the Baptist Church Sunday including the meeting at the close of the discussion groups.

PRESIDENT HUNT ASKED TO FIND TARDY LETTER WRITING FRESHMAN

One of the little problems which confront a college president, was disclosed by President Emory W. Hunt, of Bucknell University, in talking to newspaper men at the Bucknell-Muhlenberg game on Saturday afternoon.

President Hunt stated that he had been making inquiry for a Freshman from Trenton, N. J., who was a student in the school. It appears that this Freshman left his home for the university and had not written to his parents for two weeks.

President Hunt received a telegram from a friend of the student's family asking that he try and locate the boy, asking also if he was still in college, and disclosing the information that the family was greatly wrought up over the failure of the Freshman to write to his home folks.

Such a college student is rare. A boy who don't write home for money in less than two weeks is worthwhile.

Early Start For Big Game At Gettysburg

VARIOUS PLANS NOW BEING FORMED

BUCKNELL WILL HAVE FULL CHARGE OF ARRANGEMENTS

Biggest Contest in Years Expected.—Special Train as on Former Trips —Officials Named.

Big plans are forming for the Gettysburg-Bucknell game at Harrisburg on November 1. Graduate Manager Vorse has applied to the Pennsylvania Railroad for a special train for 350 or 400 students and an endeavor is being made to have the railroad company handle the tickets instead of the college as in former years.

This year Bucknell officials have charge of the game arrangements, according to the alternating agreement and the field at Harrisburg has been inspected and preliminary arrangements made. The general admission will be seventy-five cents and twenty-five cents extra for seats. Tickets will be sold at the two college institutions several days prior to the game for twenty-five cents less than the arranged admission. These tickets will sell for seventy-five cents and will include seating. They will be lapel tickets and one only will be sold to each Bucknell man on presentation of his budget ticket.

The game this year will be one of the biggest in many seasons and Harrisburg citizens will be in a quandry as to which team to root for. In past years that town has swayed its sentiment according to the number of its local boys on either college team. This year Gettysburg has five Harrisburg lads and Bucknell has a similar number from Harrisburg and Steelton. This means a record breaking crowd from Harrisburg and vicinity and lively newspaper articles that will keep the contest constantly in the public eye.

The officials for the game will be Taggart, C. L. Miller and E. E. Miller.

DR. HUNT POPULAR

Will Speak at Three Places and the Guest of Honor at Williamsport

Dr. Emory W. Hunt, President of the University, has a series of three engagements beginning on Sunday. Next Sunday he will speak at the Fifth Baptist Church of Philadelphia, and on the evening of the same day will address the congregation of the Baptist Church at New Britain, Pa. Monday evening he will attend a gathering at Doylestown, of the congregations of a number of churches in that community.

The men of the First Baptist congregation and the Bucknell almuni of Williamsport and vicinity will give a banquet in the social rooms of the church Thursday evening, and the guest of honor will be Dr. Emory W. Hunt, who will address the company on "Standards of Manhood."

DEATH OF MRS. EVANS

Hayden J. Evans has been called home on account of the death of his mother, which occurred on Sunday at the Evans home at Johnstown.

Triangular Debate For Winter Term

ARRANGEMENT MADE WITH PENN STATE AND DICKINSON

University of Pittsburg Also Scheduled.—Candidates Wanted for Assistant Managership.

Debating at college this year is starting out with a vim that excels all past records and in addition to a Triangular Debating League being formed with Penn State and Dickinson, there is bright prospects also that the girls will be given an opportunity to have intercollegiate debates.

Under the supervision of Prof. C. C. Fries, of the English department, and Manager G. W. VanDyke arrangements have been completed and both Penn State and Dickinson have accepted invitations to form a triangular debate with Bucknell. It is a couple seasons since Bucknell was represented by intercollegiate debates but prior to the war these inter-college contests were among the popular affairs of the winter terms.

At present fifteen or more men have handed in their names for the two teams of three men each that will be chosen to represent Bucknell. Tryouts and practices will take place late in this term and early in the winter term. The active season will begin about the first week in February and definite dates will be announced later. It is assured, however, that the debates will be of a dual nature and the question will be debated here on the same evening that it is debated at Penn State, and likewise with Dickinson. As in former years one team will debate on the local floor and the other Orange and Blue team will meet the opposing college team on the foreign floor.

University of Pittsburg has accepted an invitation for a debate during the last of February and negotiations are under way for a meeting with Washington & Jefferson College. The questions are to be decided upon later.

George W. Van Dyke has been appointed manager and under the supervision of Prof. Fries is arranging the season's schedule. An assistant manager is to be appointed and it is requested that names of applicants for this position be handed to Manager Van Dyke, Prof. Fries or Prof. Rassweiler who is also aiding, not later than Saturday of this week.

A novel development that may be introduced into debating is the formation of a girls' team from Women's College. This matter will be taken up later this term and in case enough interest is shown to form a team, an assistant manager for the girls will be appointed and one or more intercollegiate debates arranged. At present the girls of Penn State have a debating team and it will likely be easy to arrange a debate for next term and also issue challenges to other co-educational colleges for similar events.

Any additional college men who wish to hand in their names for the tryouts which will occur later can get in touch with Professors Fries and Rassweiler.

LAW CLUB OFFICERS

The law club held its first "pep" meeting of the term last Wednesday evening, and a large number were present. The following were elected officers for the coming year: President, G. W. Van Dyke; Vice President, F. F. Riemer; Secretary, C. M. Emerick; Treasurer, Henry Moore. The club is making preparations for a mock trial to take place in November. All those who desire to become participants in the activities of the club should watch the bulletin boards for announcements.

Former Bucknell Players

Two former Bucknell football stars are playing stellar ball for other schools this year. Newcomb, ex-'18, is captain of "Ry" Dickson's Franklin and Marshall team, and "Bucknell" Smith ex-'19, is playing fullback at Washington and Jefferson.

It is a hard blow for the American Professor of Latin to learn that in spite of the high cost of living, he is not receiving as large a salary as did the professors of ancient Rome and Greece.

RE-ORGANIZED LIT. SOCIETY IS NOW A CO-ED GROUP

At a meeting Thursday evening Eupelia Literary Society was reorganized and more than twenty co-eds were admitted to the organization. A number of years ago the society was one of the most active on the campus but it has not been in existence for several years.

The name of the society is now known as Eupelia Co-Educational Literary Society. Its purpose is to provide those in college who have no other opportunity to cultivate and develop their talent and also enjoy the social benefits of such a society. The weekly program includes original speeches, book reviews, essays, debating and perhaps musical features.

Officers have been elected to represent the men and women. The men chosen to serve are: President, G. W. Van Dyke; vice president, H. Shoemaker; secretary, Paul G. Schmidt; corresponding secretary, Miles Henninger; treasurer, Lloyd Snyder. The girls have elected Miss Jennie Burke as second vice president. The other officers are; Secretary, Ruth Brown; assistant treasurer, Amorita Sessinger. Miss Beatrice Fetterman is chairman of the social committee.

OFFICE HOURS

President Hunt Now Arranging Regular Time to be on Hill and Meet Students

Due to a number of convention trips and out-of-town engagements, in addition to the inconvenience caused by repairs at the President's residence, Dr. Emory Hunt has been unable to arrange definite office hours "on the hill" and they will appear on the door of his office.

In addition he states that any time students wish to confer with him at his home they are welcome to come. When absent, Dr. Hunt's secretary, Miss Mary Hunt, will gladly give any information and if desired she will make an appointment for students who wish to confer directly with the President upon his return.

St. Bonaventure Will Play Here This Saturday

Practically all arrangements have been completed for a game with St. Bonaventure on the Bucknell campus Saturday to take the place of the canceled Albright game. A few minor details are to be settled but that team has signified its willingness to play here.

Manager Vorse tried 31 colleges in an effort to secure a game and he had already opened negotiations with the Vincent Athletic Club of Philadelphia, when word was received from St. Bonaventure.

Announcements concerning mass meetings this week will be made soon and will be posted on the bulletin board, as no definite arrangements have been made at the time of going to press.

DR. PHILLIPS ATTENDED COLLEGE PRESIDENT'S SESSIONS

Dr. Llewellyn Phillips, Dean of the University, attended the convention of the association of College Presidents of Pennsylvania held at Pittsburg on last Thursday President Hunt being unable to attend due to other engagements. Dr. Hunt had consented to speak at the Ohio State Baptist convention and the similar convention at West Virginia last year but the "flu" epidemic caused them to be postponed until this year.

Dr. Phillips represented Bucknell as the sessions which were attended by about twenty-five or thirty college presidents and deans of Pennsylvania colleges. The chief discussion was the modification of courses of study and of financial problems caused by the war.

During the latter part of the morning the entire association joined in the procession with the King and Queen of Belgium to visit the Carnegie museum. Later the college heads were given special seats at the exercises of bestowing of the degree upon King Albert at the University of Pittsburg and they were the only guests allowed at the ceremony.

Dr. Charles Finnegan, State Superintendent of Schools, took a prominent part in the convention.

State Baptist Convention "All Bucknell"

DR. HUNT'S ADDRESS HIGHLY APPRECIATED BY ALL DELEGATES

Big Plans Made for Orange and Blue Reunion at Williamsport Next Year —Will Ask College to Close.

Bucknell was the predominating group at the Pennsylvania State Baptist convention at Bradford last Tuesday and the election of the Rev. Wiant as president and the address of Dr. Emory W. Hunt were the high lights of the sessions, with closing plans for a rousing Bucknell reunion at Williamsport, the place of the next meeting next October, as a final clinch to the success of the annual sessions.

The Rev. W. J. Peacock of the Baptist Church, and President Hunt were the Bucknell delegates from this place and the latter gave a lecture on "Christian Education" on Tuesday evening. The following evening he spoke at the Ohio State Baptist convention at Dayton. Dr. Hunt's Bradford address was characterized by the large gathering of Bucknell alumni and it was stated as being one of the outstanding lectures of the entire convention. He has been asked to deliver this same address in Lewisburg this winter. The Orange and Blue graduates were present in large numbers, chiefly among the ministers of the State. They met between sessions Wednesday evening and organized a Bucknell Reunion Club of the State convention which will hold its first meeting in connection with the convention at Williamsport next October. The Rev. W. J. Peacock is chairman of the club.

The reunion will be in the form of a banquet and will be open to all students of the university, faculty, alumni and members of their families who may be attending the next convention. A commendable feature is a decision to invite all delegates who are not members of some alumni organization of other colleges represented at the convention. Bucknell is the biggest alumni organization represented at this annual affair and much comment was heard on this favorable decision made to assure a social time for strangers.

It is hoped that Education Day, of the gathering, may prove a real reunion of Bucknell men from all over the State. If possible a half day recess will be asked for the college that students and faculty members may attend the event. Another feature discussed was the possibility of arranging a football game between the 'Varsity and some nearby college for that date, although it will come in the middle of the week. A later suggestion made was that in case a game is scheduled with Penn State this coming season it might possibly be played at Williamsport at this time.

Alumni present voted a hearty appreciation of President Hunt as head Bucknell and made known their purpose to be of all possible service to him in any affairs. Particular mention was made of a number of members of the college faculty, especially the older members. Words of appreciation and of their sacrifice and loyalty to the institution in aiding to keep Bucknell well to the front in college distinction were expressed unanimously.

While at Bradford, Dr. Hunt found time, at the invitation of the high school principal to address the students. It happens that the principal Mr. Raker is a Bucknell alumnus as well as two faculty members, Miss Woodward and Mr. Fitchbilds.

IMPORTANT

Dr. Hunt wishes to meet the following college men at his home Wednesday evening at 7 o'clock: Okanee, Copeland, Hoover, Dave Martin, Mathieson, Nancarrow, Neal, Piekarski, Richards, Riemer, George Smith, Stewardson, Schwenkler, Townsend, Thomas, Waddell, Warfel.

DELTA SIGMA DINNER PARTY

A dinner party was given Friday evening by Delta Sigma members to seminary girls. At 6:30 the couples sat down to the candle-lighted tables, chaperoned by Miss Bromley, Prof. Berlino and Miss Cooper. Following the dinner, music, cards and other forms of entertainment were enjoyed.

INSURANCE QUESTION

The matter of former service men continuing war risk insurance is one to be carefully weighed. Practically every man carries insurance in the business and professional world. These men find it necessary and advisable. Service men now in college will find insurance advisable after graduation. The problem is now up to you. Will you continue war risk insurance now, or wait a few years and take out insurance in old line companies at almost fifty per cent. over government insurance?

Two or three thousand dollars of government insurance will cost less than two dollars a month to the average S. A. T. C. or service man. In a line insurance company a similar amount will cost about double, perhaps more. The government insurance can be carried as straight life insurance for five years before it need be converted into regular or desired policies. This means protection for you while in college and later when a position is obtained after graduation it means a sound investment with several years paid on the policy. In addition it will be found of immense value in securing a loan to aid a student in completing a college course.

Bear in mind that the government insurance is still very new and many details are yet to be worked out. The government intends to make no money and the service men, few in number in comparison with the entire population of the United States, will be the ones to profit by the insurance.

The American Legion in many places is taking up the matter of low rates in this insurance. In the next few years there is bound to be legislation that will make government insurance an investment without equal. If you are wise you will continue to hold several thousand dollars worth or reinstate to that amount and carry it merely as insurance several years until developments are made.

BAND WANTS MEN

With the increase of "pep" the band is gradually increasing in numbers, but they want more men. The Gettysburg game is scheduled two weeks from next Saturday, and the band has always been a feature of the trip to Harrisburg. In former years they have always proved that we are "up and doing," and have showed the people of Harrisburg that Bucknell is on the map.

This year's football team will prove it is in the game. The student body will prove it by their support of the team. Now bandsmen, let's put the band on a par with the rest, and help support our team, its rooters, and Bucknell. If you know of anyone that plays, get after him. If you know of any band suits let Leader Kyle know of their whereabouts. There are plenty of both around the college and the band needs them. Help the band, and they'll do their best.

Among Our Alumni

Leslie W. Stout, '13, and Miss Eleanor Leola Brill were married at Wilmington, Delaware, on Oct. 11. They will be at home at Marquette Apartments, Wilmington, after Nov. 15. Mr. Stout is connected with the banking house of Laird and Company in that city.

• • • • •

Robert E. Oberdorf, son of Mr. and Mrs. W. R. Oberdorf, of Sunbury, who has been located in Frankfort, Ind., joined the ranks of the benedicts last week when he took as his bride, Miss Agnes M. Dearth, of Frankfort. The ceremony was performed at the home of the bride's mother. Mr. Oberdorf holds a responsible position as civil engineer with the Clover Leaf Company, of Frankfort. He is a graduate of Bucknell University and a member of the Lambda Chi Alpha fraternity. He is one of Sunbury's most popular young men and has a host of friends. They will reside at Frankfort.

George R. Madtes, '14, and Miss Katherine Eastman were married at the home of the bride's parents in Marinette, Wisconsn, on Saturday, October 18. The Rev. Henry Madtes, '83 pastor of the First Baptist Church of Belle Vernon, Pa., father of the bridegroom, performed the ceremony. They will make their home in Youngstown, Ohio, where "Matty" is telegraph editor of the Youngstown Vindicator.

• • • • •

Miss Mary Helen Matthews, ex-'20, youngest daughter of Dr. E. W. Matthews, recently was united in marriage to Ensign Will I. MacCurdy of Jeanette. Following the ceremony and the young couple left the city at noon for a honeymoon tour to western points. Upon their return they will reside in Jeanette, where Mr. MacCurdy has been employed in the rubber works since the leaving the navy service.

Miss Poust B. U. Freshman In Accident

SEVERELY INJURED AT THE HUGHESVILLE FAIR

BUGGY IN WHICH SHE WAS RIDING STRUCK BY FORD

Young Lady Has Concussion of Brain and is Painfully Cut and Bruised.—Auto Driver Hurried Away.

A serious accident occurred at Hughesville Saturday evening when Miss Georgine Foust, a Bucknell University freshman, whose home is about a mile from town, was thrown from a buggy and badly injured when a Ford car, driven at a fast rate of speed, collided with the vehicle.

Miss Foust, with another young woman and an escort, were driving home when the accident happened. Her father saw the collision and carried her into the home of Mr. Beeber, near by. Physicians found her suffering from concussion of the brain. She had lost two front teeth, one eye was swollen shut and her entire face was cut and bruised.

The driver of the Ford stopped for an instant, and when he saw that the accident was of a serious nature, and apparently realizing his responsibility, made a hasty departure. It is claimed that his identity is known.

Violations of the traffic laws have been common in Hughesville, speeding being more the rule than the exception, it is claimed, and the town is appealing for the stationing of a State policeman here to enforce the traffic laws.

FRENCH UNIVERSITIES

It is expected that as many as twenty-five fellowships in French Universities, distributed among the various fields of science, will be awarded each year by the Society for American Fellowships in French Universities. This Society is administered by a self perpetuating Board of Trustees consisting of nineteen members, and an Executive Committee of five members, one of whom is chairman of the Board of Trustees. One fellowship will be awarded in each field of science, but where the number of candidates is proportionally large, two fellowships may be granted. A fellowship will be of the value of $1,000 a year and will be awarded for two years, unless a shorter period is specified.

The giving of these scholarships should be of prime interest to college men in America. The fields of science covered include chemistry, the physics, education, mathematics, the various branches of engineering, medicine, and many other fields. The requirements are of such a nature that it is not too much to expect that every college may early find representation among the students sent by the Society to the Universities of our recent ally.

COMMUNICATION

Editor of The Bucknellian

Dear Sir: Way back in memory's dim haze the writer faintly recollects a subscription being lifted among students for the awarding of military "B's" to service men.

The war is history. Our boys have returned to the campus, but where are the "B's?" Many of those entitled to them are unaware that such action was ever taken.

As far as can be learned, no report of those in charge of this enterprise has been published. The student body most certainly would appreciate a statement as to the disposition of the funds and the military "B's."

"Christy" Spoke

Students Cheered Hoarse in Greeting Him,—Prof. Lindemann and Prof. Rockwell Gave Live College Talks.

In spite of mud and threatening rain, five hundred students were on hand at the Pennsylvania station when the battery car started the team off in its trip to Annapolis Friday noon. The band was on hand with a fine selection of music, and accompanied the students in the singing of "Ray, Bucknell." Cheer Leader Mathieson and his assistants led the cheers and after the car pulled out, a parade was formed, and headed by the band, marched up Market street and then up to the college.

Thursday evening the best mass meeting in years was held in the chapel, and what the audience lacked in numbers it made up in enthusiasm. The band was on hand, and made the old hall ring with its stirring marches while the cheer leaders got 100 per cent volume from the lung-power of the audience.

Professor Lindeman was the first speaker, and made a great hit with his "Freshman Rules for Upperclassmen." His speech was in his usual humorous vein, but was funnier than ever, and the Frosh, and all howled with delight. He told the team to be sure to put up a good fight, and concluded with a great round of applause from the audience. Prof. Rockwell was the next speaker, and took his coat to show that he was in earnest. In a lively talk, he complimented the team on their hard and clean playing, and said it was better to play a square game and lose than to win at any price. He was also given a hurricane appreciation at the conclusion of his talk, with a cheer as good measure.

The band then intervened to put some more pep in the crowd, and it did it with thoroughness and dispatch. "Doc." Gerhart, '19, gave a short and enthusiastic speech, Harold Musser, another alumnus, gave a fine talk on the way things used to be in the good old days when victories against Penn State were common.

McDermott, the hard hitting end, was then called on and after much persuasion, was coaxed to the platform, where he made a short but enthusiastic speech, saying that the men had the fighting spirit, and that they were in perfect physical condition. Kostos also made a speech along the same line, saying that the Bucknell team would fight till the final whistle blew.

The meeting was just about to close when Christy Mathewson, '02, a famous base ball, basket-ball and football star of the University, arrived and was called on to speak. He was greeted by a wild burst of cheering, which lasted for several minutes, and was compelled to wait until it died down before he could make himself heard. He urged all of the college men to be in athletics, if not on the field to be at least on the side lines cheering for the old school. He said the team could play much better and put up a real fight when the student body was back of them pulling hard for victory. At the close of his short address he was given another applause, and was the object of all eyes as he walked down the aisle. After a few instructions about seeing the team off, the meeting was adjourned, and was declared by all upperclassmen and alumni to be the best ever held in the history of the college.

STAFF APPOINTMENTS

This issue contains the names of a number of competitors appointed to the staff. There is still a large number of names being considered and in the next several issues additions will be made and competitors will continue to receive assignments.

OTHER COLLEGE MEN AND WHAT INTERESTS THEM

SWARTHMORE

At a mass meeting at Swarthmore last week preparations were begun for boosting A. Mitchell Palmer for the Democratic presidential nomination. Palmer is an alumnus of Swarthmore. Governor Sproul, who is also a Swarthmore graduate, is not without supporters at the college and his admirers are planning to start a Republican campaign, putting him up for the presidency.

PRINCETON

The Princeton field artillery school building was destroyed by fire last week with a loss of $50,000. Much valuable government property was lost, including highly specialized instruments, a large quantity of small arms, 3000 rounds of ammunition and the clothes of about thirty-nine enlisted men. One of these men lost a $500 Liberty Bond and another $1200 in cash. Major Taggart said that at one time he and several men had the flames in check, but that as soon as the furnace room door was opened a draft was created and the building was in flames in about three minutes. This school has cost the government about $650,000 for operation and equipment.

CORNELL

Cornell University is planning a very extensive trip for their Glee Club around Christmas. The tour includes, Buffalo, Cleveland, Akron, St. Louis, Chicago, Cincinnati, Pittsburg and New York. Two special cars will be chartered for the use of the club.

PENN STATE

The enrollment in the engineering departments at Penn tSate is the largest in the history of the institution. It consists of 139 Seniors, 211 Juniors, 365 Sophomores and 353 Freshmen. There are also a number of special students, most of them being recently returned soldiers.

• • • • •

The dramatic societies are planning a very strenuous season. The Thespians will produce "Stop Thief" and "The Second Sheppard's Play," while the Shakespeare Club will step before the footlights with the master playwrights "The Merchant of Venice."

P. M. C.

Recognizing the rapidly developing commercial aspect of aviation, Pennsylvania Military College, located at Chester, Pa., has inaugurated a comprehensive course in aerial observation, which will include actual flying in a big Curtiss biplane. This is the first college in the United States to include the science of flying in its curriculum. The biplane has already been purchased and delivered to the college, and an excellent landing field has been secured two miles north of Chester, near the Spring Haven Country Club. The biplane is one of the latest types, which has been used all over the world for training purposes. The course will be conducted by Lieutenant Theodore H. Covee, of the Air Service, U. S. A.

WASHINGTON & JEFFERSON

Courses in the night school are about to be inaugurated for the benefit of industrial workers here. During the first semester courses in economics, history, and accounting will be offered.

• • • • •

Pres. Black at his inauguration on Wednesday, announced a plan for a greater W. & J. He proposes to raise $2,5000,000 with which several new departments will be organized, buildings repaired, and salaries increased.

UNIV. OF PENNA.

Twenty-eight men, who have been in war service, have been given free four-year scholarships to the University of Pennsylvania by the committee on war activities of the Knights of Columbus. In order to utilize surplus war funds the committee selected twenty Catholic institutions and twenty non-sectarian schools to which to send worthy men who had been in the service for some time. Seventy-five men expressed a preference for the University of Pennsylvania and were assigned to turn in their preparatory school records to Dr. George G. Chambers, director of admissions.

War Risk Insurance Is Important

A MATTER WELL WORTH CONSIDERING

BIG CHANGE IN RE-INSTATING GOOD POLICIES IN EFFECT

Arrangements Made for College Students to Obtain Special Personal Information.—Insurance a Live Problem for All Business Men and College Graduates.

Owing to the fact of the larger number of service men and S. A. T. C. men in Bucknell, latest news for the Government War Risk Insurance department is being received and is a subject of vital importance to all such men. So important is the subject that at the conference of the intercollegiate newspaper association at Easton recently, a special government agent was sent by the department to thoroughly acquaint college men with government insurance.

Francis D. Baldwin, who spoke at the conference outlined especially the new ruling in reestablishing lapsed insurance of S. A. T. C. and service men. At present the government insurance is ready for conversion into the various kinds of policies and is for twenty to thirty per cent. cheaper than line insurance companies.

The great majority of men carry insurance during their life. Men now in Bucknell who can reinstate and who will carry insurance later in life will pay considerably more if they wait and take it out in line companies.

There is now an unusually liberal offer in reobtaining this insurance for service men. Information is being sent regularly to the Bucknellian, and it can be obtained by getting in touch with the editor. In addition special cases and special information can be obtained. There has been difficulty in getting personal letters from the War Risk Insurance Bureau, but it can be obtained now according to the statements in a letter which follows. The editor has a supply of blanks for reinstatement and he will aid any men who wish to clear difficulties of any nature which have arisen.

The government letter follows:

• • • • •

Treasury Department
Washington
October 20, 1919.

Editor, The Bucknellian,
Bucknell University,
Lewisburg, Pennsylvania.

Dear Sir: I desire to thank you for the very cordial reception and assurance of cooperation which you gave to Mr. Francis D. Baldwin of this Bureau, on the occasion of his recent address to the Intercollegiate Newspaper Association at Easton, Pennsylvania.

I am sending you under seperate cover some of the recent material in regard to War Risk Insurance, which it would be very helpful to the Bureau to have published, especially the material setting forth the privileges of reinstatement of lapsed and canceled insurance. I have also placed your name on the list of publications to receive all material henceforth, as issued.

We realize that a very large number of young men who served in the greater war are now in college, and that your organization can perform a very valuable and practical service by reaching them through the columns of the college papers.

If there is any special information which you would like to have at any time, I shall esteem it a privilege if you will write and ask me for it. If you should care to undertake to secure specific information about the cases of students who wish to have their allotment and allowance accounts or compensation matters adjusted, or who wish to reinstate their insurance and do not understand exactly the method, I shall be very glad indeed if you will forward me full details regarding such cases. They will receive prompt attention. In order not to confuse this service with the regular bureau mail, which is of enormous volume, the request should be addressed to me personally. In the majority of instances, I think we can give a reply within thirty-six hours.

Sincerely and cordially yours,
R. W. EMERSON,
Assistant Director.

Secretary of the Treasury Carter Glass, on July 25, signed a decision of momentous importance and interest to discharged soldiers, sailors and marines.

In the decision the Secretary ruled that discharged soldiers, sailors, and marines who have dropped or canceled their insurance may reinstate it within eighteen months after discharge without paying the back premiums. All they will be asked to pay will be the premium on the amount of insurance to be reinstated for the month of grace in which they were covered and for the current month.

Thus, for example, if a man dropped $10,0000 of insurance in January, 1919, and applies for reinstatement the 1st of September for $5,000, all he will have to pay will be the premium for January (the month of grace) on $5,000 and the premium for September on $5,000. Or, if he applies for reinstatement of the full $10,000, he will pay a total of two months' premiums on $10,000, one for January and one for September. He will not have to pay premiums in either case for the intervening months.

The decision stipulates that the former service man applying for reinstatement be in as good health as at date of discharge. Former Treasury Decision 45, W. R., and other prior regulations in conflict with the new decision are revoked.

The series of decisions issued by the Director of the Bureau of War Risk Insurance with the approval of the Secretary of the Treasury provides more liberal conditions for reinstatement of lapsed or cancelled insurance.

The provisions of Treasury Decision No. 47, allowing eighteen months from the date of discharge for reinstatement upon payment of only two months' premiums on the amount of insurance to be reinstated, are retained. That decision is liberalized, however, by a new provision that men out of the service are permitted to reinstate by merely paying the two months' premiums without making a statement as to health at any time within three calendar months following the month of discharge.

After the three months following the date of discharge have elapsed, a statement from the applicant to the effect that he is in as good health as at the date of discharge or at the expiration of the grace period, whichever is the later date, will be required together with a written application for reinstatement and the tender of two months' premiums on the amount of insurance he wishes to reinstate.

In order to give all former service men whose insurance has lapsed or been cancelled, a fair chance to reinstate their insurance, including men who have been out of the service eighteen months or more, and who are therefore barred from reinstatement under the former ruling, a special blanket ruling is made which allows all ex-service men to reinstate their insurance before December 31, 1919, provided that each applicant is in as good health as at date of discharge or at the expiration of the grace period, whichever is the later date, and so states in his application.

Service men who reinstated their insurance by payment of all back premiums prior to July 25, 1919, when the decision requiring payment of only two months' premiums went into effect, upon written application to the Bureau may have any premiums paid in excess of two applied toward the payment of future premiums. For example, if after a policy had lapsed for six months, a man reinstated and paid six months' premiums instead of two, he may secure credit for four months' premiums.

The provisions for reinstatement do not protect a man until he actually reinstates. If he waits he may not be in as good health as he was at the time of discharge and consequently may not be able to secure reinstatement.

LAMBDA CHI ENTERTAINED

The members of Lambda Chi Alpha fraternity entertained last Saturday and evening for seminary young ladies. The fraternity men after taking the girls to the Muhlenburg, Bucknell foot ball game, gave a dinner and dance at the chapter house. For those who did not dance, cards were provided.

Dinner was served promptly at six o'clock, and dancing began at seven thirty, with Derby's Saxaphone orchestra furnishing the music. The house was prettily decorated with fraternity colors, palms and ferns. Forty couples sat down to dinner, and enjoyed the other activities. The chaperons were Miss Keeney, Miss Walton and Mr. and Mrs. Chauncey H. Derby of Scranton. Among the out of town guests besides the last mentioned were Joseph Hedding and Charles Dougherty, of the Pennsylvania State College Chapter, of Lambda Chi Alpha; J. Russell Walsh, of the Rhode Island State College chapter; Edgar Nichols, of Williamsport, and David Jones, of Plymouth.

FORUM RECEPTION

Last Friday evening the Forum fraternity entertained friends from the Women's College at the fraternity house. It was the first reception of the college year and was a most enjoyable occasion. Games were played, the Forum quartet rendered several selections, and light refreshments were indulged in. Miss Keeney and Dr. and Mrs. Enoch Perrine were the chaperons.

The optimist gives his best—and then some. The pessimist does only what he is paid to do.

FRILL AND FROWN TRYOUTS TO BEGIN NOVEMBER FIRST

Girls' Fraternities Have Social Functions.—Callers at the Seminary and Home Visitors.

Everyone interested in dramatics should take advantage of the call issued by Frill and Frown for the first week in November has been set aside for the beginning of try-outs. Frill and Frown consists of but twenty-five members and this year five girls from the Freshman and Sophomore classes will be chosen by competition to fill the places left vacant from last year. Bentrice Fetterman has been elected student dramatic coach, and the coaching of the plays will be in her care and that of the Upperclassmen of Frill and Frown. The girls are looking forward to a big year in the dramatic world. Freshmen and interested dramtics hand in your names.

Kappa Deltas entertained the members of the Greek World in Women's College parlors last Friday, when Miss Sara Blue, the Kappa Delta National Chapterian, talked to the girls about the National Pan-Hellenic Congress held during the past summer.

Despite the inclemency of weather last Tuesday, Eta Sigma, accompanied by some Freshmen, with Miss Walters as chaperon, hiked to Red Brock, where they cooked supper and made merry.

Thursday afternoon in the parlors of Women's College, Pi Beta Phi fraternity entertained alumnae and patronesses at an informal reception. The entertainment consisted of instrumental and vocal selections.

Tri Delta fraternity held the first dance given by members of Women's College in the living room and parlors Saturday night. The room was attractively decorated with numerous Jack O' Lanterns and cornstalks. Music was furnished by the Phi Gamma Delta orchestra, Mrs. Davis, Miss Fowler and Miss Walton were the chaperones.

Madonna Harris, '19, visited her sorority sisters and attended their dance Saturday evening. Miss Harris is teaching in the high school at Lacyville.

Barbara Coe spent the week-end at Annapolis, where she witnessed the game and attended a dance at the Naval Academy.

Martha Shaffer entertained her father of Ridgway, Pa., on Saturday.

Vivian Livingston, '23, was visited by her mother during the week.

Clara Casner, '21, spent Saturday and Sunday at her home in Williamsport.

Dorothy Davis, '21, entertained her mother last week.

Miss Sara Blue, from Albama, is visiting her Kappa Delta sisters

Emma Fuhr, '21, has returned after spending a few days at her home in Scranton.

Agnes and Elizabeth Hoffman were visited by their parents over Saturday and Sunday.

Rose Dolder, '23, left Saturday for New York City, to visit her parents.

Anorita Sessenger, '22, spent the week-end at her home in Glassboro, N. J.

Hannah Madison and Elora Bawer, '21, spent several days as the guests of Dorothy Spangler in Milton.

Anna Fisher, '23, visited her home in Reading last week.

Emily Tregellas spent Sunday at her home in Mahanoy City.

Helen Fowler, ex-'20, visited her Tri Delta sisters at the Women's College on Saturday.

Martha Shaeffer, '23, was visited by her father during the week.

L'Agenda Contract

AWARDED TO SPECIAL BAKER, JONES, HAUSAUER COMPANY OF BUFFALO

Urge Taking of Individual Photographs at Earliest Moment.—Publication Will be Issued May 15.

The management of the 1921 'Agenda has announced that the annual will come out on May 1, 1920, and that a campaign for subscriptions will soon be inaugurated. The price has not been set as yet for the book, but it is understood that it will be lower than expected, in spite of the large increase in the price of materials and the wage increase demanded by the printers' union. The cover for the book will arrive in Lewisburg before the Christmas vacation and will be placed on exhibition in one of the town store windows. It is said to be something entirely new in the line, and will be finished in flexible brown leather.

The contract for the printing and binding of the book was let to the firm of Baker, Jones, Hausauer, Inc., of Buffalo, N. Y. This company makes a specialty of printing college annuals, and the finest of workmanship is assured, and present plans will make the book distinctive throughout.

Already many Juniors have had their pictures taken at the Ishiguro studio in Milton. All those who have not yet made appointments for their individual photographs would be wise to do so in the near future, as the time limit expires on November 15th. Appointment cards may be secured from either Martin Mohler at the Kappa Sigma House or Victor Clare at the Lambda Chi Alpha House. All members who have not yet made their appointments are urged to do so as soon as possible.

The individual write-ups which go with the pictures must be in the hands of the editor before the Christmas vacation. Instructions will be sent out within the next week to those who have this work in charge, so that they will have ample time to prepare the copy. As always, nothing of an injurious or harmful nature will be tolerated in these write-ups. Several additional members of the staff are announced. The Literary department is edited by Hobart Evans, with Elizabeth Davis as his assistant. Frank Brandt is editor of the athletic department.

FRAT. ENTERTAINMENTS

Delta Sigma will dance at Lewisburg Club and Lambda Chis will dance at their house Friday night. Sigma Chis will hold a dinner-dance and Phi Gammas will dance Saturday evening.

Ishiguro.

There She Goes

Up the street in a PROWANT'S Suit Box--the "Premier" Suit or Overcoat.

Going straight into some home to spread sunshine and radiate the warmth and wealth of mind that comes from knowing you are rightly dressed without tormenting your soul, with the thought of extravagance

Every dollar you put into "Premier" clothes comes out on your back in good, hard, solid wear.

Every desirable thing about a high grade garment is yours—even to the last touch of custom tailoring—without the customary custom touch.

"Premier" clothes are $25 to $45.

THE BUCKNELLIAN

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. November 4, 1919 No. 7

MORE HONOR FOR BUCKNELL IN ELECTION

NOW REPRESENTED IN BIG TRACK ASSOCIATION

MADE MEMBER OF MIDDLE STATES ATHLETIC ASSOCIATION

Extend Letter of Welcome and Invited To Take Part in Cross Country Run at Easton on November 15.

Bucknell has been elected a member of the Middle Atlantic States Collegiate Athletic Association and has also received an invitation to enter the annual cross country run held by the association at Lafayette Nov. 15. This is the event in which local college track men have been hoping to enter and the word received by Graduate Manager Vorse is welcome news.

Secretary F. C. Garwood has informed Bucknell that ten of the fourteen colleges in the association have voted in favor of the Orange and Blue becoming a member, and the other four have not yet replied. Two-thirds vote of the number of colleges is required and the university has been notified without awaiting the results of the four remaining votes.

Along with the letter comes a welcoming into the association from Secretary Garwood and a hope that Bucknell will be represented in the annual cross country run.

The latest plans for the event which is slated to take place Nov. 15 at Lafayette, Easton, Pa., includes teams participating from Rutgers, Muhlenberg, Lehigh, Lafayette, Stevens and Delaware. The course arranged is a shade over five miles in length and begins at Northampton Country Club near Easton. It follows a highway and across the country to the limits of Easton where the main streets are traversed to the centre of town, then up that noted, muscle-racking hill to Lafayette College campus. The event will finish just before the football game at Lafayette on that date.

As many men as desired may enter the run from each college, but only the first five finishing from each college, count in the scoring. The event promises to be a big one, and the grand finish will be witnessed by the large crowd on hand to attend the football contest.

Bucknell's decision to enter into the run is not yet made, and according to Graduate Manager A. O. Vorse is entirely a matter to be decided by the men. The quality and quantity of material for such an event is the deciding factor. If sufficient speedy men are found among the runners now working out, there is a strong possibility that the college will take part. During the coming week Director Musser and the athletic advisors will confer.

If the decision proves favorable elimination tryouts will be staged, possibly as early as Saturday, with a greater lessening, and a choosing of a team during the few days following.

During the past week the cross country squad has been practicing in the open country. So far Director Musser has held the men in check, letting them get used to cross country running and get into shape. The fourteen candidates for the team are covering the four-mile course in good style and the outlook is fine for a well balanced team.

Negotiations have been opened with Carnegie Tech. for a dual run to be held at Pittsburg the latter part of November. No definite word has been received, but it is likely that arrangements can be made.

BLAIR COUNTY CLUB

There will be a special meeting of the Blair County Bucknell Club Monday evening, November 10, in Room 5, Main Building at 3 p. m. All members are urged to be present to take up special matters of business.

DELTA SIGMA FALL PARTY

The annual Fall party of Delta Sigma will be given at the fraternity house Friday evening.

S. A. E. WILL DANCE

The S. A. E. fraternity will give a dance at Women's College on Saturday evening.

SUCCESSOR NAMED

Former Position of A. O. Vorse at State College Has Been Filled.

Announcement has just been made by the Penn-State college authorities of the engagement of Mr. Donald Cresswell, a Penn State graduate of the class of 1918, as head of the Department of College Publicity, just recently established. Mr. Mason C. Gilpin of the class of 1915, has been engaged as assistant to Mr. Cresswell.

The new department has been formed to take over the work carried on for the last few years by Mr. A. O. Vorse, former college news editor, who resigned his position last spring. Mr. Vorse who came to Bucknell from State College, is responsible for the live Bucknell news appearing in many of the newspapers of the State. He first organized State's publicity work into its strong standing of the past few years. He is a graduate of Bucknell and well known throughout the State in newspaper circles.

Y. M. C. A. NOW RE-ORGANIZED WITH MANY PLANS

NEW OFFICERS NOW PREPARING LIST OF SEASON'S DOINGS

Announcement of Cabinet Committees and Winter Events Will Be Printed Next Week.—Bright Season in Prospect.

Following the course of all other activities at Bucknell the student Y. M. C. A. was put on a sound footing Tuesday morning when new officers were elected, and all the old officers having resigned, Harry V. Thomas was elected president. Harry P. Warfel received the vote for secretary and "Andy" Mathieson was made treasurer.

On last Monday evening a number of representative seniors and juniors thoroughly discussed Y. M. C. A. affairs and it was found that war conditions made necessary the reorganization of the association. Some members of the cabinet had not returned to college and the officers headed by Elton F. Richards, resigned and turned in to start the society on a brand new basis.

Following chapel exercises Tuesday morning Dr. Hunt outlined the situation and as a result the officers named received the election. At once they began their work and Y. M. C. A. membership cards are now in the hands of the members. These cards are found especially valuable in visiting strange towns where Y. M. C. A. buildings prove a needy comfort. President Thomas expects to be able to announce his new cabinet next week and a tentative outline of the winters' events, both social and instructive.

In the meantime, as a starter, the social program opens this Tuesday evening with a smoker in the gymnasium as in previous years. A program of events is arranged and a jolly time is assured for all. The program will begin about nine o'clock.

In the very near future a regular "Y" reading room and social hall will be opened on the hill. It will be fitted to serve as a means of entertainment for the men on the hill as well as an office for the secretary.

Holiday Ruling

As customary on holidays freshman rules will be off. The usual custom will however prevail that Freshmen must stay on the railroad side of the athletic field during class contests.

CANDIDATES WANTED FOR WOMEN'S DEBATE

So many of the girls are getting interested in debate that there seems to be a possibility of a women's intercollegiate debate team. It has been decided to have one of the assistant managers of debate chosen from the upper-class girls. One will be selected from the list of those who apply as candidates. Any such should hand in their names this week either to Miss Carey or to Prof. Rassweiler.

Student Voters

A number of men from nearby counties journeyed home today to cast their ballots.

SPECIAL TRAIN FOR GETTYSBURG GAME NOV. 15

PROBABLE THAT ABOUT 400 STUDENTS WILL JOURNEY TO HARRISBURG

Completed Arrangement of Train and Sale of tickets Will Be Announced Next Week. —Record Crowd Expected.

A few additional developments are forming for the Bucknell-Gettysburg game at Harrisburg on November 15 and the next issue will contain full plans for the big special train and final game arrangements, including the local sale of admission tickets.

The Pennsylvania Railroad has asked that enough tickets be sold to assure 125 men and this work will be turned over to one of the assistant football managers, who will likely make some announcement at the mass meeting Thursday evening. It is estimated that at least 400 students will attend the game this year including the players that will in all probability travel on the special train.

The time asked for the train to leave will be 8:30 a. m. and return, leaving Harrisburg, at 11 p. m., so students may attend social functions arranged that evening or visit one of the theatres in the capitol city. There will likely be some request that the tickets will be good on earlier returning trains, and this will be discussed at the mass meeting perhaps and settled. In previous years tickets have been good on the special train only.

The game will be called at 2:30 o'clock and the headquarters for the Bucknell team will be at Penn-Harris Hotel. Gettysburg will be at the Bolton House.

PRESIDENT HUNT SPOKE AT DOYLESTOWN CONVENTION

More than 500 persons attended the eleventh semi-annual convention of the Bux-Mont Union, a federation of the Baptist Churches of Bucks and Montgomery Counties, here, today, in the First Baptist Church. Delegates from twenty churches, representing a membership of 6,000, were present.

There was a discussion of the organization of a new church association similar to the North Philadelphia Association. The convention address was made by Dr. Emory Hunt, president of Bucknell University.

MASS MEETING THURS. EVENING BUCKNELL HALL

There will be another big mass meeting in Bucknell hall Thursday evening at 7 o'clock and all students are asked to arrange to attend and give the fullest amount of encouragement to the team before it leaves for the big game at Syracuse on Saturday. The game is going to be a difficult one and the team needs all the encouragement possible from the student body. All the regulars will be in condition for this contest and as with other big teams, Bucknell expects to surprise the York Staters.

President Nancarrow states that roll call will be on the program for the freshmen and they must be present when it begins at 6:45 o'clock, before the regular meeting at 7 o'clock. The speakers for the meeting will be good ones and will be announced later. At this meeting will be announced any plans that may be formed for seeing the team off on Friday.

JACK O'BRIEN HERE

"Jack" O'Brien, 1912, an "old star" quarterback of the football team, is visiting his Sigma Chi brothers. He is employed by the Vandergrift Sheet & Iron Co., and had not been back to college since his graduation.

G. N. Benjamin at Philadelphia

George N. Benjamin, Bucknellian manager, visited at Philadelphia last week and attended a lecture of Roy Barnhill Advertising Agency. The meeting was for the purpose of information on advertising and many prominent men were in attendance, among them the assistant manager of General Electric Company with whom Mr. Benjamin has a pleasing discussion.

BIG GLEE CLUB ARRANGEMENTS TAKING SHAPE

FIRST CONCERT IN LOCAL EVANGELICAL CHURCH NOVEMBER 17

Popularity of Past Seasons Will Be Eclipsed by New Singers and Players.—Excellent Opening Program.

The first concert of the season for the Bucknell Glee Club will be held in Lewisburg at the Evangelical Church on Monday evening, Nov. 17, at 8 o'clock. An unusual program is being prepared, featuring the stringed instrument trio and the Glee Club quartet, composed of the Hartz Brothers, DeWire and Appleton. Solos, vocal and instrumental, and the combined Glee Club will find out an interesting evening's entertainment for music lovers.

Manager DeWire continues to hear favorable news from the various towns where concerts are looked forward to. The western trip will take place during a portion of the Christmas holiday vacation. The definite schedule has not been arranged with the respective dates, but the favorable itinerary for the western trip will be with concerts in the following towns: Altoona, Johnstown, Latrobe, Scottdale, Ford City, Greenville, Bradford, Port Allegheny and Renovo.

The eastern trip will be held during the Easter vacation and will include concerts in the following places, in some of which definite arrangements have been made: Reading, Pottstown, Philadelphia, Bridgeton, N. J., Salem, N. J., Vineland, N. J., Woodstown, N. J., Morristown, N. J., and Westfield, N. J.

The local dates for which arrangements are being made will be at Muncy, Williamsport, Milton, Shamokin, Sunbury and Mt. Carmel. All these trips offer a splendid opportunity for the services of the club, and much interest is being manifested in the competitive tryouts.

There seems to be some misapprehension concerning the Glee Club orchestra members, but Manager DeWire has asked to make clear that the members of the orchestra will accompany the club on the trips.

The Glee Club and orchestra picture will be taken at Miss Shield's studio, on Market street, on Wednesday of this week at 3:30 p. m.

LEAGUE OF NATIONS

Explained to Mechanical Engineers By Dr. T. F. Hamblin Last Evening.

The second meeting of the American Society of Mechanical Engineers was held Monday night in Main College, Prof. T. F. Hamblin who was the speaker of the evening, addressed the meeting on the subject, "The League of Nations." Dr. Hamblin has made a very deep study of the treaty and rendered some very sound opinions which were well received by those present.

Dr. Hamblin opened with an explanation of the treaty and defined it as a contract. In touching upon the Shantung question he remarked that as a diplomatic question it should be temporarily deferred to a later date.

Dr. Hamblin also said that the Irish question should be settled by Great Britain and that the U. S. should keep hands off. In conclusion, Dr. Hamblin defined the class of wars and also dissected Poindexter's plan of a super-nation.

There were about seventy-five present at this meeting at the conclusion of which several new freshmen were enrolled in the society.

SIGMA CHIS' AT HARRISBURG ON NOVEMBER FIFTEENTH

There will be a tri-angular meeting of S'gma Chi chapters of Dickinson, Gettysburg and Bucknell Colleges at Harrisburg Nov. 15, the day of the big game between Gettysburg and Bucknell. All Sigma Chis are asked to arrange to be present at the time and place to be announced in next issue of this paper.

Overseas' Freshmen

The final ruling by Senior Council Monday night requires Freshmen with service overseas, to wear dinks, but they are privileged to remove the conspicuous green button.

DR. PERRINE SPOKE

Members of Euepia Society Thoroughly Enjoyed His Address

The weekly meeting of the Euepia Literary society was held Thursday evening in Bucknell Hall. The members were favored with a valuable talk by Dr. Enoch Perrine, of the faculty, on "What Characterizes an English Classic." The society is endeavoring to arrange a permanent place and time for the weekly meetings and a program of well arranged events will be worked out by the committee.

The society is looking for more members and students interested and will be heartily welcomed at the meetings. The meeting Thursday evening was featured by fine musical selections and a story by one of the "Semite" members. The reorganized society promises to become a flourishing college activity.

BUCKNELL PUT WHOLE SQUAD IN SATURDAY'S GAME

ST. BONAVENTURE PROVED AN EASY MARK

VISITORS FOUGHT AND SPLASHED MUD BUT WERE TOO LIGHT

Plucky Red Team Game to Last Minute But Lacked Weight.—Rain Made Field a Sea of Mud That Furnished Much Amusement.

Bucknell defeated the light, fast St. Bonaventure team on the local athletic field Saturday by a score of 27-0 in a game that was well attended in spite of the inclement weather. During the whole game rain made the field a sea of mud, with pools of water making the playing difficult for both sides. A large portion of the student body was out, and the cheering section was better than had been expected on account of the downpour. The band added to the spirit of the game, and a large part of the dampness and chill in weight, but showed up well in swiftness. The New Yorkers played a hard game and never gave up. They almost crossed the Bucknell goal line near the close of the first half, and only the whistle of the timekeeper prevented a score.

Bowser, Fullback

At the end of the first half the ball was on Bucknell's 1-yard line, and going strong. It is probable that the team could have rushed the ball across had the quarter not ended and saved the second varsity team from being scored on.

One of the points of the game was that the second team showed up to a better advantage than the varsity as far as scoring, having three of the four touchdowns. With few exceptions, the visitors were kept in their own territory. The Bucknell backfield showed up to an advantage, and executed many pretty runs in spite of the wet field. Bowser, Kostos, and Hendren were missed in the Bucknell line-up, although Captain Hendren got in for a few minutes near the end of the game as a substitute tackle.

St. Bonaventure kicked off to Peale, who received the ball and carried it a few yards. McDermott got off for a pretty forward pass which netted

(Turn to Page Three)

NEXT TUESDAY ARMISTICE DAY BIG HOLIDAY

PRESIDENT HUNT GRANTS COLLEGE CLOSING

PROGRAM INCLUDES FRESH-SOPH GAME AND BIG ADDRESS

Y. M. C. A. In Charge and Will Announce Complete Arrangements Soon.—Fast Class Game Expected.

Next Tuesday will be the first holiday since the opening of college, and all students will join in the popular celebration of Armistice day. Dr. Hunt has consented to a college demonstration of the day and appropriate services will take place in the morning and in the afternoon the annual Sophomore-Freshmen game will be played.

The program for the day will be under the supervision of the new Y. M. C. A. men and at present they are working on the final details of the preliminary events being arranged. The morning feature will be a public address, in all probability in the Baptist Church by an out-of-town speaker. It was hoped to have President Hunt speak but he will be out of town and President Harry V. Thomas, of the Y. M. C. A., is arranging with another man to speak.

It is likely that overseas men and the R. O. T. C. men will march in a body from the athletic field to the Baptist Church where the address will be delivered. Other service men and students will be assigned a place in the line for the short march. The exact time will be announced later on the bulletin board but will be about 10:30 or 11 o'clock, when the, speaking will begin. College women, members of the faculty and friends are invited to attend the exercises at the church.

In the afternoon, at 2 o'clock, as a big feature, the annual grapple of Sophs and Frosh will be witnessed on the gridiron. Here the embryo athletes and future rulers of college customs will meet in the great struggle for supremacy. Each evening practices of these teams grow livelier and spirited will be high by the end of this week.

A battle royal is expected when the heavy Sophomore team comes up against the light but fast Frosh aggregation. The game will be a fight from start to finish, and the outcome is in doubt at the present time. Both teams have a large number of men trying out, and most of these have had some previous experience in prep school. In spite of their advantage in weight, the Sophs will have a hard time getting the better of the first year men, as the Frosh are showing lots of fight and determination, and are showing up well in practice. The first year men have an advantage here, as they have been having some real scrimmage, and also nearly a week's more practice.

Kostos, a brother of the famous varsity back, was elected to lead the Frosh team yesterday. He has played on the Mt. Carmel team and is showing up well. Grieb, Wren, Purnell, Loughlin, Woodring, Tomlinson, Bunting, Moore, Anderson, Tench, and others are making a fine showing in the practice. "Jimmy" Bortz, '21, is coaching this team; Earle is manager and Markowitz is assistant manager. Nearly 40 men are out every day and all are working hard for positions.

Pekarski, '20, coach of the Soph team, also has quite a squad out every day on the athletic field. "Dutch" Miller is captain of this husky aggregation, and is putting them through their paces in a truly professional manner. Mathieson, Stewart, Schultz, Foxall, Davenport, Aleshoukas, Searles, Cline and Treadwell are making the mad fly, and a number of others are not far behind them. If Armistice Day brings with it a muddy field, the Sophs are picked to win because of their weight, but on a dry field the game will be a toss up. Davis is having his hands full as manager of the Sophs, and is making preparations for a big day.

DELTA SIGMA DANCE

Delta Sigma entertained a number of young ladies from Lewisburg and vicinity at a dance Friday evening at Lewisburg Club. Col. and Mrs. Morris were the chaperons. Derby's orchestra furnished the irresistible notes.

Entered at the Lewisburg post office as second class matter.

Contributions from students and alumni are earnestly solicited. They should be written in a legible hand and on but one side of the paper. Address all articles to the Editor.

Member of Intercollegiate Newspaper Association.

A CHAPEL HINT

How about a little more politeness in chapel? Wouldn't it be more gentlemanly to allow all girls, both seniors and juniors to pass out before making a hurried push for the doors? It is a condition to be remedied at once.

It would perhaps be a more feasible plan for the student body to remain seated as the faculty passes down the aisles. There is two reasons for such an action. It is a long and restless siege for the juniors and sophomores to stand while the seniors pass out. And the men unconsciously, and often purposely, push the aisle men into the passage ways and practically close the aisles, making it necessary for them to move down the aisles or block those passing out.

Let's try remaining seated and a row at a time pass out, each successive row rising as those in front file past. It will be more expedient and more becoming of college men.

The editor and the manager of the BUCKNELLIAN wish to express their thanks for the verbal and written words of encouragement from students and alumni in appreciation of the paper. The entire staff is working hard to make it representative of the college. As always, suggestions and contributions are asked from the readers. A number of communications have been received, a few of them without writers' names. This is necessary in the newspaper game to have for the editor's information, but the writer's name will be omitted from any printed communication upon request. Communications mailed to the editor without a signature cannot be considered.

The Band deserves much credit for their staunch support at the game on Saturday and it may be encouraging to the members to know that many expressions were heard on all sides concerning the generous number of players as well as the excellent quality of the music rendered in spite of the interfering rain.

Following the big game at Syracuse on Saturday, the most interesting contest of the season will be the Gettysburg-Bucknell game at Harrisburg November 15. Now is the time to plan on attending.

FRESHMAN SPELLING

Be not Overbearing.
Nor Insinuating.
Nor Dictorial.
Nor Effervescent.
Nor Obnoxious.
Nor Egotistic.
Nor Incorrigible.
Nor Pugnacious.
Nor Garrulous.
Nor Obstreperous.
Nor Loquacious.
Nor Obstrusive.

And ye would enter the Kingdom of Sophdom without disastrous mishap. Learn well this catechism and study carefully the wisdom thereof.

Among Our Alumni

REV. N. C. FETTER HEADS BOSTON CHURCH SOCIETY

A significant feature in connection with the Sunday morning preaching service in the First Church, Boston, is the large number of students in attendance. The history of the work for students that this church has accomplished during the past few years is a noteworthy one.

The Board of Education of the Northern Baptist Convention, which has been watching its progress, agreed a few months ago to cooperate financially in the support of the enterprise. As a result of this offer the church commenced its search for a competent leader, and found him in the person of Rev. Newton C. Fetter, Jr., who accepted the call to the position of student pastor, at a salary of $3,000, and began his ministry under promising auspices.

Mr. Fetter was graduated from Bucknell University in 1909, and from the Rochester Theological Seminary in 1912. He served for four years and a half as Baptist student pastor at the University of Michigan, and for the past two and a half years has been general secretary of the Young Men's Christian Association at the same university. He has come in contact with thousands of students has conducted large Bible classes, and has led student deputation teams which have held evangelistic services in various cities of the State. He has also been active in social reform, and in 1916 managed the "dry campaign" in Washtenau County, Michigan, which changed a "wet majority" of 1,000 into a "dry majority" of 2,500. Mr. Fetter is a man of fine personality, evangelical and deeply spiritual in his religious life and outlook.

PROMINENT SPEAKERS AT BAPTIST CHURCH DURINNG THE WINTER

The Rev. W. J. Peacock ,of the Baptist Church, announces a number of prominent speakers who will appear in this church on Sunday evenings during the winter months.

The Rev. J. F. Russell, of the Philippines ,spoke last Sunday. On Sunday, Nov. 30, P. H. J. Lenigo, M. D., candidate secretary of the Baptist Foreign Missionery Society, will lecture. Dr. Lenigo was formerly a medical missionary but is now an important official in the home society.

Dr. S. Z. Batten, social service secretary, is to appear later and on January 11, Dr. Rolvix Harlan, New York secretary of the Rural Live Movement, who spoke so interestingly, will again address Lewisburg students. Other prominent speakers will be announced later.

PHI GAM DANCE

After attending the Bucknell-St. Bonaventure game, the Phi Gams, with their guests, many of whom were out-of-town girls, proceeded to the House for a Hallowe'en dance.

At 6:30 o'clock a buffet luncheon was served, immediately after which dancing commenced. In spite of the dismal rain outside, the spirit of the party was by no means dampened, but just the opposite, due to a large extent to the great "pep" shown by the orchestra. Time and again "Rev's" jazz quartet was the recipient of compliments.

The feature of the evening was the introduction by DeLong of his newest song, "That Girl of Mine From Way Back Home." It made a decided hit. He was forced to give encore after encore. The song is a snappy fox-trot, the lyric being very pleasing.

The house was prettily decorated with various colored streamers and pumpkins. Colored lights helped to produce a "spooky" effect. The patrons and patronesses were: Mr. and Mrs. G. W. Lees, Mr. and Mrs. Matthewson, Colonel and Mrs. Morris, Mr. and Mrs. Raupt.

ALUMNI MONTHLY WILL MAKE ITS APPEARANCE

The first issue of the Alumni monthly will make its appearance the latter part of this week, under the supervision of A. O. Verse. It will contain six pages for the first issue, and four pages for the remaining numbers.

It is four columns wide and eleven inches deep and will have alumni news, and advertisement will be excluded. Alumni news only will be printed.

Two Harrisburg Events

The members of the Sigma Chi fraternity, and the members of Bucknell Ambulance 525, will both hold social events at Harrisburg, following the Gettysburg-Bucknell game.

BUCKNELL GRADUATE KILLED IN HUNTING ACCIDENT ON SATURDAY

One of the most shocking accidents that have occurred in this section of the State happened early on Saturday afternoon, near Clarkstown, about six miles back of Muney, when William S. Heinen, '13, of Milton, a popular young man of that place, was fatally wounded by his own gun while out hunting rabbits.

Owen Ritter, William Heinen and Clarence Voris, all of Milton, had departed early Saturday morning to hunt in the vicinity of Muncy where they were in the act of hunting for rabbits when the accident occurred. Heinen had scared up a rabbit and it took refuge in a clump of bushes. Grasping his shotgun by the barrel he poked the bushes when in some manner the gun was discharged, the entire load of shot entering his abdomen. He sank to the ground and died almost instantly.

Surviving him are his wife, father and mother, two brothers and one sister.

S. F. Forgeus, '72, chaplain of the Pennsylvania Reformatory at Huntington, was elected president of the Chaplains' Association, Auxiliary to the American Prison Association, at its recent meeting in New York City.

Paul D. Schreiber is principal of the high school at Port Washington, N. Y.

A recent letter from "Red" Abrams, '19, states he is a junior engineer for the Empire Gas & Fuel Co. at Bartlesville, Okla. Eight other Bucknell men are employed at the same place.

Claire Gruver, a graduate of Bucknell, has recently been made head of the Latin department at Williamsport High school.

BAPTIST GROUPS OF DISCUSSION GROWING RAPIDLY

WEEKLY 'SING' OF PROF. PAUL STOLZ PROVING POPULAR

Entire Audiences Rehearsed In Classis Hymns.—Standard Sacred Oratorio to Be StudiedThis Winter.

The Sunday Evening Discussion groups at the Baptist Church are growing in a marked degree every successive Sunday and it is now becoming a problem how to find separate class rooms for some of the swelling classes.

The group for upperclassmen, including men and women of the junior and senior classes of the college, is so large that Prof. C. C. Fries, the leader, is now conducting it in the chapel room. His topics are on current social questions, at the present the League of Nations. The sophomore group has also added a number of men and women, threatening to demand more instructors and room, while Prof. N. H. Stewart and Mrs. Benjamin Griffith are enjoying wide sucess in their work with freshmen boys and girls.

Perhaps one of the most interesting features in connection with the groups is Prof. Paul Stolz's rehearsal in connection with the weekly "sing," that opens the vesper service. The Professor's work is the rehearsing of popular classic hymns, in which the entire audience is instructed. It is the instructor's purpose to drill the entire Sunday night body in classic anthems and later in the winter to take up and study some standard sacred oratorio.

LOST

Woman's gold Elgin wrist watch with in tials A. M. S. on back. Believed to have been lost somewhere on Market street. Will finder please return to Women's College or Registrars' Office?

THAT GETTYSBURG GAME

Don't forget the game at Harrisburg in two weks. The event will be a big one.

WILD ONES

Weekly Contribution By Our Staunch Friend "Scissors."

You Tell 'Em, Si

A farmer in a nearby county has posted the following notice on his farm:

"Notis:—tresspassers wil be persecuted to the fulest extent of 2 mungrel dogs which never was oversochibel to strangers and 1 dubble bri shotgun which aint' loaded with sofa pillers; dam if I ant' gitin' tired of this hel raisin' on my farm."

Orpheum
ANOTHER BIG WEEK OF ALL STARS
TUESDAY
Tom Moore in "The City of Comrades," from the Saturday Evening Post story by Basil King. "A man may be down but never out." This picture shows the reason. One of Tom Moore's very best pictures.
Larry Semon comedy—"Single Life."
WEDNESDAY
Alice Brady in "The World to Live in." Brilliantly portrays a pleasure-seeking American girl. A picture of society. Pathe News.
THURSDAY—MARY PICKFORD —in— "DADDY LONG LEGS" from Jean Webster's famous story and play. Miss Pickford's first great production from her own studio. Positively her very best picture. Admission 20 cents and tax. A comedy.
FRIDAY
Elsie Ferguson in "The Avalanche" The work of this star is always a thing of beauty. In this production she plays the dual role of mother and her daughter, both Spanish, impulsive and devotees of the goddess chance. Pathe News.
SATURDAY

LAMBDA CHI ANNIVERSARY

Lamba Chi Alpha men were wearing carnations Tuesday in honor of the tenth anniversary of the National founding of Lamba Chi Alpha fraternity, as well as the tenth anniversary of the Alpha Sigma chapter which became national in 1913. The local chapter is now the second largest chapter of Lambda Chi Alpha.

MUHLENBURG PLAYER EXPECTS GOOD RECOVERY

Muhlenburg players injured in the game with Bucknell are pretty well over their bruises, with the exception of Arthur Van Zant, fullback, whose leg was broken. X-ray photographs taken at the Allentown Hospital show a double fracture of the lower third of the right leg, but the breaks are clean and in perfect apposition, so a good recovery may be expected.

Cute little Adam Fisher scurried across the University of Pennsylvania campus yesterday afternoon. Freshman he is and late for class he was, and one has to be careful about keeping one's professorial dates when one is only 17 and has four long years ahead in a great big university.

Adam, who came to Pennsylvania to study chemical engineering a few days ago, told the folk at home they needn't' worry about him. The naughty old sophomores wouldn't touch him, either, no sir, and he'd be downright gosh-danged if he'd wear one of them ugly buttoned caps.

"Hey, freshy, why that Stetson?" From somewhere in the depths of Houston Hall came the growl which made Adam forget all about the nice hydrogen sulphide he was going to make in the "lab." Alas, it was the battle call for at least 10 sophomores and Adam became the first rebellious freshman this fall to go through the sophomore mill at the University."

The Sophs took off his passionate pink necktie and rolled down his colored socks to his shoe tops. Freshmen are required to wear black hose and a dark tie. They mussed up his hair, took his name and then, oh everlasting disgrace, Adam was boosted to the shoulders of four husky sophomores and in the midst of that wild mob his picture was snapped as a permanent trophy of the second-year archive.

V. P. I.

Four students at Virginia Polytechnical Institute were found guilty of assault because of participation in a hazing episode at the school last spring, and Bernard Siegel, of Newport News, one of the number, was sentenced to a year in the penitentiary. John Fox, a freshman, testified that injuries he suffered resulted in paralysis of his spine.

SWARTHMORE

The Bolshevist flag is quite prevalent on the college campus, for the Freshmen girls, at the request of the Sophomore girls, are wearing bright red hair ribbons. Powder puffs and hairnets are also banished from the scene of action.

MISS ROSE DOLDER A RECENT BRIDE

Word was received here during the week of the marriage of Miss Rose Dolder, of the class of 1923, to Ralph Karger, of New York City. Miss Dolder came here in September and was pursuing the General Science Course. A week ago she left here to visit her home in New York and Monday word was received of her marriage. This week she returned to Women's College, where she spent a few days before returning to New York, where she will take up a course of study at Columbia University.

LAMBDA CHI HALLOWE'EN

The members of the Lamba Chi Alpha entertained the young ladies of Lewisburg and vicinity on Friday evening with a Hallowe'en party and dance in the chapter house which was decorated with the fraternity colors, corn and pumpkins appropriate to the occasion. The early evening which was spent in the enjoyment of old-time games was followed by dancing, Delong's orchestra furnishing the music.

Mrs. Albert W. Johnson and Mr. and Mrs. Clarence Voris, of Milton, chaperoned the party.

DELTA SIGMA SMOKER

The Apple Knockers' aggregation of mechanical engineers of Delta Sigma gave a smoker to the men at the fraternity house Saturday evening. Prof. Burpee was the guest of honor and aided the men in a program of informal music, singing and cards and light refreshments.

PRESIDENT HUNT GUEST OF HONOR AT WILLIAMSPORT

Williamsport, gives the following article concerning Dr. Hunt's reception in Williamsport last Tuesday:

In spite of the rain, a large number of men gathered at the banquet beard of the First Baptist Church Tuesday evening and enjoyed a splendid dinner and a fine program. Dr. Emory Hunt, president of Bucknell University, was the speaker and guest of honor.

Throughout the dinner, the Sunday school orchestra rendered a fine musical program. Miss Emma Kiess sang two well received solos. Arthur A. Smith was toastmaster for the evening and called first upon superintendent of schools, Frederick W. Robins, who responded with an appeal to the men to support the bond issue to be submitted to them at the election on next Tuesday. Dean Robert Williams, of the Dickinson Seminary, delivered a short address on "New Ideas.' Dr. Edwin Simpson responded next.

Dr. Hunt took as the subject for his address, "The Standard of Manhood." Man, he declared, is wont to let the women do the church going because he feels that it is not in concord with his character as a man. Going to church appeals to him in the same way that wearing skirts appeals to the small boy.

He proceeded then to show just what were the chief characteristics that place the man above the beast. Man is, above all, a thinking creature. At times he strives to get away from it though. He drinks, reads and attends shows simply to cease thinking. He abhors funerals for the sole reason that they cause him to think along lines that are distasteful to him, and in doing this he is not living up to his character. Man feels; is sympathetic beneath the self-created crust of indifference.

But above all, man is a praying creature. He is incurably religious and when he gets in a really tight pinch, he prays, whether or not he has ever done so before. Why, then, concluded Dr. Hunt, should man be ashamed of these characteristic which mark him as a super animal and why should he shun the church, which specializes in the supreme interests of man and tends to raise him still higher?

On to Gettysburg!

BUCKNELL ORCHESTRAS GAINING REPUTATION WITH ORIGINAL HITS

The two dance orchestras composed of Bucknel men, have both been making a big hit with the dancers of the school and surrounding towns during the fall season. Both Delong's Jazz Quartet, and the Derby Saxaphone Orchestra have provided music for nearly all of the fraternity dances this season, and are meeting with generous compliments on all sides.

Last week the "Rev." Delong's orchestra furnished the music at the Lamba Chi Alpha house and the Phi Gamma Delta house, while Derby officiated at the Milton Country Club, the Lewisburg Club, for Delta Sigma, and the Sigma Chi house for the dinner dance.

The Milton Evening Standard stated the following about the latter orchestra: "Music for the evening was furnished by the Derby Saxaphone Orchestra from Bucknell, which made a decided hit with the big crowd of merrymakers."

INTER-CLASS TENNIS TOURNAMENT

Due to continuation of rain and poor condition of courts, the inter-class tennis tournament will be postponed until early spring.

BUCKNELL PUT SQUAD

From Page One

25 yards, and Dayhoff got off for 8 more. After a few plays the ball went to the visitors, and a punt formation was called. However, Bibl, the plucky little center, blocked the kick, and then fell on the ball for a touchdown. Mangan missed a try for goal. The only other feature of this quarter were plays by McDermott and Dayhoff, "Mac" ran 35 yards on a pretty forward pass, and Dayhoff tackled a man for a 15-yard loss.

At the beginning of the second quarter the whole second team was put in, with the exception of Mangan at quarter. They started off with a rush, and made a fine showing. Brandt took the ball around end for 18 yards, Hendren for fifteen and Hahn for ten. After a few plays Gdaniec took the ball over the line for the second touchdown of the game. Mangan kicked the goal. The only time the visitors were at all dangerous was in this period, when they advanced the ball by a series of rushes and forward passes to within one yard of the Bucknell line but failed to score because the whistle blew.

At the beginning of the second half St. Bonaventure kicked off and Rosenbloom received but was downed in his tracks. Garrison got off for a nice plunge of 12 yards, and after several plays in which first downs were made, and then Dayhoff made a pretty run of 20 yards, Elmer ran 25 yards but was injured when tackled, and Bradley was sent in to take his place. Bucknell was going for a score but fumbled on the visitors' three-yard line. This quarter ended with no score for either side.

The scrubs were sent in again at the beginning of the last quarter and showed some fine spirit. Brandt ran for 25 yards on a pretty run, and on the next play crossed the line for another touchdown. Dayhoff kicked the goal. Following the kickoff, Gdaniec intercepted a forward pas, and after a few plays, Brandt threw a long pass to Dayhoff, behind the goal line for the last touchdown of the game, and then kicked the goal. No other plays of any importance were made, and the final whistle blew soon after.

The summary follows:

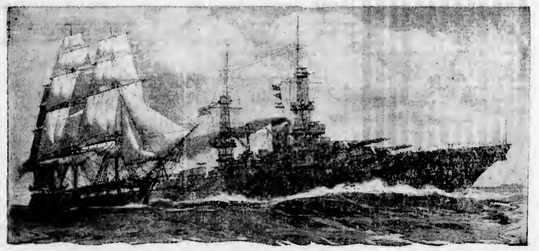
Bucknell		St. Bonaventure
Dent	L. E.	Martineau
Homan	L. T.	McLaughlin
Morrett	L. G.	O'Mara
Bibl	C.	Kelly
Rosenbloom	R. G.	Joyce
Peale	R. T.	Bonner
McDermott	R. E.	Kinney
Mangan	Q. B.	Garvey
Garrison	L. H. B.	Haynes
Dayhoff	R. H. B.	Lucco
Ebner	F. B.	Carlo

Score by periods:

Bucknell	6	7	0	14	—27
St. Bonaventure	0	0	0	0	—0

Substitutions, St. Bonaventure—E. Murphy, for Carlo, Carlo for Lucco, Collins for Joyce, McGoldrick for E. Murphy, McCann for Garvey. For Bucknell—R. Hendren for McDermott, Moore for Peale, Short for Morrett, Donaldson for Bibl, Lauster for Rosenbloom, Morgan for Homan, Wargo for Dent, Hahn for Ebner, Gdaniec for Garrison, Brandt for Dayhoff, J. Hendren for Moore, McGraw for Lauster, McGann for Wargo, Stewart for Gdaniec, Dietrich for Hahn, Bradley for Ebner. Touchdowns—Bibl, Gdaniec, Brandt, Dayhoff. Goals from touchdowns—Mangan, Dayhoff 2. Referee—Miler of Haverford. Umpire—Saul, of Otterbein. Head linesman—Musser, of Lewisburg. Assistant linesmen—Irvin, Bucknell, Kalinsky, of St. Bonaventure. Time of periods—10 minutes.

Myra Effinger was visited by her sister last week and by Miss Emma Weber.



The "Constitution" of To-day—Electrically Propelled

THE U. S. S. "New Mexico," the first battleship of any nation to be electrically propelled, is one of the most important achievements of the scientific age. She not only develops the maximum power and, with electrical control, has greater flexibility of maneuver, which is a distinct naval advantage, but also gives greater economy. At 10 knots, her normal cruising speed, she will steam on less fuel than the best turbine-driven ship that preceded her.

Figures that tell the Story of Achievement
Length—624 feet
Width—97 feet
Displacement—32,000 tons
Fuel capacity—a million gallons (fuel oil)
Power—28,000 electrical horsepower.
Speed—21 knots

The electric generating plant, totaling 28,000 horsepower, and the propulsion equipment of the great super-dreadnaught were built by the General Electric Company. Their operation has demonstrated the superiority of electric propulsion over old-time methods and a wider application of this principle in the merchant marine is fast making progress.

Six auxiliary General Electric Turbine-Generators of 400 horsepower each, supply power for nearly 500 motors, driving pumps, fans, shop machinery, and kitchen and laundry appliances, etc.

Utilizing electricity to propel ships at sea marks the advancement of another phase of the electrical industry in which the General Electric Company is the pioneer. Of equal importance has been its part in perfecting electric transportation on land, transforming the potential energy of waterfalls for use in electric motors, developing the possibilities of electric lighting and many other similar achievements.

As a result, so general are the applications of electricity to the needs of mankind that scarcely a home or individual today need be without the benefits of General Electric products and service.

An illustrated booklet describing the "New Mexico," entitled, "The Electric Ship," will be sent upon request. Address General Electric Company, Desk 44, Schenectady, New York.

Women's College

MUCH ORIGINALITY IN FRILL AND FROWN HALLOWE'EN PARTY

Exceptionally Clever Parodies Sung and Popular Professors Imitated. Prize Awards for Costumes.

Who ever heard of a Purity Special any place but at the Purity, and who even heard of a real live butterfly or turnip walking about in the form of a "Semite?" Such things were in evidence at Women's College on Friday night when Frill and Frown held its annual Hallowe'en party. Students and women of the faculty made merry, dressed in such costumes as Martha Washington and "Sis" Hopkins, a typical school ma'am.

At six p. m. the parade started to the dining room where the eyes of all were greeted by fried oysters, which come annually just as Hallowe'en, once a year. A merry yell was given by Frill and Frown girls which broke the ice, for then started the songs and yells, first by the Seniors, and then the other classes, followed in succession. The poor little Freshies in their clever parody bewailed the fact that they dared not "powder their nose, their tiny nose, their shiny nose" while the Sophs answered with a song telling the Freshies all the wicked things they would do to them if they dared powder and disobey. Freshies then started up with "Thats' where our powder goes, to anear the Sophomores nose, they are too cheap to spend a cent to take off the shine,"—and the Sophs did not dare to tell the Freshies that they would haze them, for all is fair on Hallowe'en.

"Ray, Bucknell," was sung as the faculty followed by the Seniors, Juniors, Sophs and lastly as the Freshmen walked from the dining room to the "gym," led by Miss Walton.

Spooks! On entering the gym all was dark, but for the light from the pumpkins and there real live ghosts to greet the girls.

Vannie's jazz orchestra furnished the music for dancing, which was interrupted for a short time while class stunts were given. To those who have been taken Social Ethics under Dr. Harris, Sanitary Science under Dr. Davis, Dr. Perrine's English Literature or Miss McClure's rFench, they surely learned what they were like when they saw the Seniors interpret the first, Juniors the second, Sophs the third, and the Freshies the French class. The prize went to the Sophs who performed their task nobly.

Then came the prizes which Frill and Frown decided for originality. The first went to Miss Lillian Russell, '23, who represented a "Purity Special. Honorable mention was given to Grace Fry, '22, who was dressed as a turnip. The prize for the prettiest went to Ruth Brown, '22, while honorable mention was given to Mary Appleman, '22, who represented a yellow and black butterfly.

Notes

Miss Lottie Dietz, '21, visited her home in Danville during the past week.

Mis Helen Kitlowski spent several days with her parents in Nanticoke.

The following visited in Williamsport during the week, Catharine Johnson, Margaret Small, Dorothy Wilhelm and Elizabeth Laedlieu.

Verna Smith, '21, spent Sunday at her home in Mahony City.

Martha Unger and Isabelle Deibler spent the week-end at their homes in Shamokin.

Lillian Derr, '22, visited her parents at Turbotsville during the week.

Corrine MacNamara received a visit from her mother during the week.

Marie Volkmar and Martha Wellaufer, '18, visited Charlotte Volkmar on Saturday and Sunday.

MISS MAC CUE HAS REAL TREAT FOR MUSIC LOVERS

To the music lovers of Bucknell and Lewisburg an announcement that Miss Beatrice MacCue will give a recital comes as a real treat. Miss MacCue performed in Lewisburg in 1915, taking an important role in the oratorio given during the Commencement exercises of that year.

Miss MacCue has done much concert work throughout the West and South and has been in much demand by various Symphony orchestras. Her contralto voice is well fitted for such services and leaves a lasting impression on her audiences.

Miss Cooper will accompany Miss MacCue. The concert will take place in Bucknell Hall on Thursday evening, November 13, at 8 o'clock.

The following program will be rendered:

"When Two that Love are Parted," Locchi.
"A Rose, a Kiss, and You," Arthur.
"Wind Song," Rogers.
"A Song of Seasons," Hawley.
"Malgre Moi," Pfeiffer.
"Tes Yeux," Pabey.
"Auvres tes Yeux bleus," Massenet.
"Hindor Slumber Song," Ware.
"A Fairy Flower," Campbell-Tipton.
"Sylvelin," Linding.
"Happy Song," du Piegr.
"Voce di donna—from La Giconda," Fonchielli.
"In Flanders Field," Jules Yorder.
"Sea Dream," Metcalf.
"Faithful Johnnie," Beethoven
"Robin, Robin, Sing me a Song," Spross.

Admission will be made by invitations given those desiring them, by any member of the music faculty. Invitations should be secured promptly.

SIGMA CHI ENTERTAINED

The members of Sigma Chi fraternity entertained seminary and town girls last Saturday afternoon and evening. After taking the young ladies to the St. Bonaventure-Bucknell football game, a luncheon and dance was given at the chapter house.

Luncheon was served at six o'clock and daneing began at seven, with Derby's Saxaphone orchestra furnishing the music. The house showed an autumn tint, with its decorations of leaves, palms and ferns, while fraternity colors were arranged tastefully from the lights and ceiling.

A number of out-of-town guests were present, among them Church and Hasenplug, of the Pennsylvania State Chapter. Robert Hendershot, and Miss Josephine Dewey, of Blooms burg. The chaperons were Miss Bergstresser, Miss Walton, Col. and Mrs. Morris, Mr. and Mrs. Campbell.

All wool coats from $5.00 and up.

Two very special and limited lots at $5.00 and $10.00.

Bucknell University

THE BUCKNELLIAN

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. November 11, 1919 No. 8

ONLY PENN STATE HAS CROSSED GETTYSBURG'S GOAL

Winter Term Registration Has Fee For Change Or Lateness In Signing up

WEEK BEGINNING DECEMBER 1 IS TIME SET

ACCOUNTS OF ALL STUDENT TREASURERS WILL BE AUDITED

Faculty Committee Will Pass Upon Scheduling of All Public Student Activities and Scholastic Ability of All Participating—Calendar Much Needed.

The Faculty have set as the date for registration for next term the week beginning on December 1, after which date a fee of one dollar shall be charged for each change in registration, and a fee of three dollars for each late registration. They also appointed the following advisors:

Prof. Lindemann for Sophomores, Juniors and Seniors in Civil Engineering Course.

Prof. Rhodes for Sophomores, Juniors and Seniors in Electrical Engineering Course.

Prof. Burpee for Sophomores, Juniors and Seniors in Mechanical Engineering course.

Prof. Owens for Sophomores, Juniors and Seniors in Chemical Engineering course.

Prof. Davis for Sophomores, Juniors and Seniors in Biology.

Miss Carey for Sophomores, Juniors and Seniors in Domestic Science.

Dean Phillips for Freshmen, Juniors and Seniors in all other courses.

It is supposed that the group of professors who took charge of their respective cases will keep and direct them for all the upperclassmen in the fall.

The matter of supervising the accounting is an action that will aid student activities materially and tend to make all treasury work. The greatest help will come, however, in the saving upon the probability of publicity matter. This action will make it necessary for a calendar for college activities and will do away the continual possible of conflict of the time and dates of various public events because of other affairs being overlooked.

Scholastic ability requirements to participate in such activities, important action was taken by the faculty upon the matter of restricting beginning men freshmen, such as the appointing of a committee to audit all accounts of student activities. The official announcement from the faculty follows:

At a recent meeting of the Faculty a committee on Student Activities was appointed. The work of this committee was outlined:

First, to supervise the accounting and to audit the accounts of (1) the treasurers of the four undergraduate classes, (2) the treasurer of any committee appointed by any of the four undergraduate classes, (3) the business managers of the "1'Arcenia, the Bucknellian, and the Commencement News, (4) the treasurers of the Y. M. C. A., the Y. W. C. A., the Glee Club, the Bucknell Band, the Debating Board, the Dramatic and Literary Societies."

Second, "to pass upon the scheduling of all public activities of organizations of the college not controlled by the Board of Trustees and to pass upon the scholastic eligibility of students participating in all public activities."

Prof. Drum and Prof. Fries were appointed on this committee, the remaining members to be named at a later date.

Scholastic ability requirements to participate in such activities will raise the honor of participating in public events.

Fees for changes in registration and for lateness in registration is in vogue at many of the colleges and its adoption at Bucknell will soon prove its worth.

FORUM PARTY

The Forum fraternity held the most successful town girls' party in its history on Monday evening. The program featured various military terms and incidents relating to the armistice and peace treaty. After a short interesting program dancing and cards completed a most enjoyable evening. The Forum house was tastefully decorated with palms and ferns. Guests were present from Williamsport, Shamokin, Mifflinburg, Lewisburg and vicinity. Mrs. I. N. Castle acted as chaperone.

Students Celebrated Armistice Holiday With Three Events

LIBRARY OPEN EVERY EVENING IS NEW RULING

Beginning Tuesday night President Hunt granted the opening of the college library every evening until 9 o'clock. Many students have been availing themselves of the new privilege and the new custom is proving a boom.

RED CROSS

Many Bucknell students took out membersh pa in the recent Red Cross drive.

FIRST HOLIDAY FROM STUDIES SINCE COLLEGE OPENED

SOPHOMORES DEFEATED FRESHMEN 6-0 IN FOOTBALL CONTEST

Annual Class Event Was a Lively One —Impromptu Speeches in Morning and Armistice Legion Dance in the Evening Well Patronized.

All students enjoyed the Armistice Day Tuesday in spite of threatening weather and the day's celebration under the auspices of the college Y. M. C. A. was successful from beginning to end. Three big features were on the day's entertainment, a celebration embracing in the morning the annual Freshman-Sophomore football game in the afternoon, and an American Legion dance in the evening, with most of the stress on the football game.

Playing in a sea of mud, the Sophomores defeated the members of the class of '23 in the annual game by the low score of 6-0. The first year men with a lighter team, at various intervals, outplayed their opponents. In line-plunging and kicking the two teams averaged about equal although the results show the the Sophomores made more first downs than the Freshmen did. In aerial attack, however, the Freshmen had the edge as many of their passes went for substantial gains, and they also interrupted several passes at critical moments. Cook, Williams, Wood and Mather starred on the Frosh team for the Sophomores, Gordon, Yerger and Dunn were the solemn lights. Both teams, however, played good football considering the condition of the field.

On the first play in the second quarter the Sophs made their only score of the game. The team swung back up with the ball about a yard to the good of the Frosh goal, and a well executed quick play, Williams carried the ball 35 yards for a touchdown. The goal was missed after the touchdown and the ball was brought back to the center of the field.

Between halves a spirit of "pep" was injected in the Freshmen and a spirited cheer-leader was hailed off on the field. The spirit displayed throughout the game caused a feature displayed in years past, to loom back to the old suggestion of "what use to be." From the opening whistle to the last down there was yelling—loud noise yelling. The Sophomore girls came out banner and all to help their heroes win, and they treated the boys and yelled with vim and they had their own yells too. The spirit throughout the game caused much comment on the condition of the field. Quite a few times a player would fall to the ground and couldn't be hid in spite of the mud that made the players look like chocolate coated soldiers. And to put the topper to events the Soph and Frosh had their little battle during the halves at removing a '22 flag from the flagstaff. The Frosh were the winners but had to endure the chagrin of losing the game so all was well that ended likewise.

The football game however was not the only celebration of Armistice Day. In the morning at 11 o'clock, memorial services were observed at the Baptist Church. Many of the over-seas men now in college and a large portion of the local R. O. T. C. unit attended the services. Col. Morris M. McDermott and several other men who have seen active service over-seas gave short talks at the ceremony.

In the evening a dance was given in the Lewisburg Club rooms under the auspices of the local American Legion. Derby's orchestra furnished the music for the occasion which topped off the first observance of Armistice Day.

BUCKNELL TRACK MEN TO CONTEST AT LAFAYETTE

SIX LOCAL RUNNERS IN CROSS COUNTRY RUN SCHEDULED SATURDAY

Announcement Was Made First This Week That Bucknell Would Appear in Intercollegiate Event at Easton—Many Colleges to Take Part.

For the first time Bucknell will be represented in the Cross Country run of the Middle Atlantic States Colleges Association at Lafayette, Saturday. While Bucknell's football team is battling with Gettysburg before the student body, six Orange and Blue runners will be at Irving to uphold the honor of Bucknell in Intercross country contests. The men who will represent the college will be: Sisserson, F. U. Davis, H. Jones, A. R. Dinn, S. Goho and F. Lovejoy. Manager Lewis and Coach Musser will accompany the men.

The cross country squad, after a stiff practice, covering from five to seven miles each day, finished the week with a race against time Saturday. The length of the course covered in the race was slightly over five miles and included some rough road and stiff hills. Twelve men started in the race at 3:45 p. m. and eleven men completed the course, one man being compelled to drop out due to an injured foot.

The runners held together for about the first mile and then Davis and Sisserson increased their pace, drawing away from the main squad. These two men ran stride for stride until the last half mile when Davis began to set the final pace. When the entrance to the athletic field was reached Davis was leading by about two hundred yards and although both

Final Plans Completed For Gettysburg Contest

Coach Reynolds Announces Men Who Will Start The Game and Who Squad Will Make Trip Accompanied By Band and Many Student.

Definite plans for the Harrisburg-Gettysburg contest to be held on Saturday afternoon at Island Park were announced by the athletic association this week. Every fraternity is making an effort to have a 100 per cent turnout. Good speakers are assured and the important announcement that girls will be permitted to attend the game and many are planning to go. Only 425 are needed to assure the train and with more than 500 players, managers and 25 band members there will be little trouble in obtaining more than the required number.

These men will start the game for Bucknell:

Dent	Right End
Peale	Right Tackle
Morrett	Right Guard
Bihl	Centre
Rosenbloom	Left Guard
Homan	Left Tackle
McDermett	Left End
Mangan	Quarter Back
Hendren	Left Half
Kostos	Right Half
Ebner	Full Back

RECORD OF GETTYSBURG-BUCKNELL CONTESTS

1907—At Gettysburg—Bucknell	5; Gettysburg	0

SYRACUSE CLAIMS BUCKNELL GAME AMONG VERY BEST

YORK STATERS 6-0 VICTORY A HARD EARNED ONE

ORANGE BEGAN FIGHT WITH SECOND STRINGERS PUT SOON CHANGED

Punting and Forward Passing of Little Avail and Line Plunging Took Prominent Place.—Last Heavy Game of Season for Local Eleven.

Syracuse University had a hard battle when it defeated the Bucknell eleven by a score of 6-0 Saturday. Eye witnesses say that the Orange and Blue eleven outplayed their heavier opponents on their own field, and outside four first downs to the New Yorkers' two. It is also said that the Bucknell eleven scored a touchdown in the last quarter that the officials counted out because they did not see it. One Syracuse paper claims that Bucknell should be credited with the touchdown, and the Syracuse coach and captain made the same remark according to reports stated.

The untalled touchdown occurred when Bucknell was on the Syracuse 20-yard line when the signal for a drop kick for field goal was called. Just as the ball was kicked, one of the Syracuse men touched the ball, and instead of crossing the bar of the goal post, it sailed straight up in the air. Dent fell on the oval when it landed across the line, but the officials claimed that they did not see the play, and would not allow it to count.

Sunday papers appear somewhat incorrect in their accounts for it is said by those who saw the game that the ball was in the Syracuse half of the field most of the time. Various

VICTORY OR BUST!

On to Harrisburg!

That has been the annual war hoop at Bucknell every year for more than a decade. Again the familiar ring is in our ears, and most students are planning for a joyful romp to Harrisburg and an easy victory over Gettysburg on Saturday.

As usual the same fear is forthcoming concerning the special train. It will be at the station on Saturday the same as always, and instead of 125 students going, there will be several hundred. It has always proven the case. The mass meeting tonight in Tustin gymnasium will start that Orange and Blue football excitement and it will grow and die only after the last echo dies down Harrisburg streets as the Bucknell special with team and band leaves again for Lewisburg.

There is one big point to consider. Our opponent's goal has been crossed only by Penn-State, a team that acknowledged the fleetness and team work of the battlefield boys. They have been saving, driving, urging, pleading for this one great test. Bucknell must fight down a tendency toward any over-confidence. It is granted that our season's record shows up better in many ways,—but keep in mind that football is a game of surprises.

Our coach is training our 'Varsity with this thought in mind. We can depend on the team. What is needed is the support of the students at Harrisburg on Saturday. Every man who has once attended will be there—it's the new men who must realize such a treat of college football and being a part of it is a chance no college man can afford to miss.

The game is not going to be a walkover, but fight, fight, FIGHT! And you've got to aid from the bleachers. Be there and you'll never regret it.

APPRECTIATED ACTION

The action of the Faculty in appointing an auditing committee to audit treasurers' accounts of student activities as well as maintain a college calendar for public events is one of the most important and best actions taken in a long time.

From this date on the ceaseless arguments of "graft" by treasurers will cease, accounts will be kept in a systematic way and there will be no longer conflicts in dates of public events.

Treasurers of all accounts will be protected from unwarranted and indirect accusations concerning funds. With the live start of all activities, each is rapidly growing. Next year will be a further increase. Now at the start is the time to systematize accounts, which may remain as permanent and clear records of protection against the future slander of any man's honesty.

The assurance of a college calendar needs no comment. It has the hearty backing of every student, as will be the case of auditing of accounts.

COMMUNICATION

"What's the Matter?"
(By a Senior Councilman)

Every Bucknell student has heard no little comment concerning the noticeable lack of spirit in Bucknell. And it certainly must be painful to every real Bucknell man to realize that things are so. You asked yourself, "why is it so?" Perhaps you blamed the Sophomore class for their apparent disinterest. Maybe justly so. But, I sincerely hope that you were more broad-minded and looked for other possible causes. I, for one, did. And found several. But the most flagrant one was the occurrence of Monday night. I hate to term it a disgrace, for really, it pains me to call it such, but my limited vocabulary contains no stronger word. Moreover, it becomes highly displeasing to be compelled even to imagine that any student or students can actually deteriorate into so narrow-minded an individual or individuals. But, Bucknellians, it is actually so. This article, let me remind you, is by no means a trifling personal matter or petty grievance. Far be it from me to have a personal motive in writing this. It is a matter not of this or that body to consider; it is a subject which should command the serious attention of every college student who has the interest of his Alma Mater at heart—who thinks more of the good of his college than of a few moments jazz.

Now to the specific point. A number of Freshman had been scheduled to appear before Senior Council, and were quite conspicuously notified to that effect. And they appeared. And likewise did an orchestra or something (I don't exactly know what) appear—in Lewisburg. Then, lo and behold, no Senior Council meeting. And that in view of the fact that this is the week of the Gettysburg game, a time when each and every one should do his uttermost for a team which has repeatedly shown its right to command the college's respect. The proper time for the discussion of mass meetings, a wonderful opportunity to advertise the game by means of those yearlings who were charged with certain infractions upon the rules and customs of our university—and no meeting! How advantageously could that be done at the Fresh-Soph. game on the following day. But, oh no. It resolved itself into a race between a dance—or whatever it may have been—and Bucknell and the fun overwhelmingly won out. How, let, me ask would you feel if you were one of the councilmen present when the messenger entered and informed us that there would be no meeting? I have this much to say: if matters continue as they now are, if those "higher ups"—if I may avail myself of that term—take no more interest than they did on Monday last, only Divine power will be in a position to make Bucknell what she has a just right to be.

COMMUNICATION

Lud Wray, the Penn football player, who struck John Hendren in the Bucknell-Penn game, is keeping up his reputation and in the Penn-Dartmouth game Saturday was put out of the game soon after the opening for slugging.

NOTICE NEWSPAPERMEN

All men having journalistic tendencies and desiring to become members of a local Press Club, with the ultimate idea of petitioning for a Bucknell chapter of a large national journalistic fraternity are requested to meet for the purpose of organizing such a club at Delta Sigma House on Wednesday evening, November 19, at 7:30 o'clock.

I'll see you in Harrisburg on Saturday.

Among Our Alumni

Miss Adaline Byers, a teacher in the Norwood School at Chester, has resigned and gone to her home in Harrisburg. In doing so she has taken a stand in which school teachers everywhere will be interested. She refused to follow the suggestion of the school board that all the teachers devote a part of their vacation to study at one of the colleges or universities. Her August pay was therefore, held up, and the young woman at once handed in her resignation.

The board subsequently held a meeting, but took no action upon Miss Byer's resignation. The school principal, Professor Fisher, endeavored to persuade her to reconsider, but Miss Byers finished her work for the day, and then left for home. She is graduate of Bucknell University and State Normal school and took a special course in elocution and literature at a Philadelphia college.

August S. Keck, '06, is practicing medicine in Altoona, and is Physician-in-Chief of the State Tuberculosis Dispensary at that place.

Grant Painter, '17, has accepted a position of Sales Manager with the Sun Printing & Binding Co., of Williamsport.

H. G. Florin, '09, has announced the opening of an office for the general practice of law at 109 Berger Building, Pittsburg, Pa.

A subscription comes from Thomas E. "Bill" Moore '14 proprietor of D. Ranch, Las Animas, Colo.

Jean Flannigan '19 is on the faculty of the Indiana High School at Indiana, Pa. She teaches French.

Alvie M. Welchons '14 former football star while at Bucknell, is coach of the Indiana State Normal School team at Indiana, Pa. The schedule includes the Freshman teams from Pitt, Syracuse, Carnegie Tech., State and West Virginia. Indiana Normal and Kiski are the two leading prep schools of the western end of the State. The Pittsburg Gazette-Times features a full page writeup and photographs of the Normal team on Sunday, Nov. 9, with a photograph and record of Welchons while at Bucknell.

E. Carroll Condict '08 for seven years has been a missionary in Burma is now on an extended furlough at his home at Hamilton Square, N. J., Box 14.

Mrs. Walter S. Wilcox, wife of the former registrar of the University, visited friends at Women's College and in town last week.

H. C. Reed '19 principal of Turbotville High School, visited his S. A. E. brothers last week.

Roscoe Davis '16 and wife, formerly Miss Katherine Redeline, '17, visited friends in town recently and were the guests of Kappa Sigma fraternity.

R. E. Boyer '18 a popular cartoonist for the L'Agenda for several years visited his Kappa Sigma brothers recently.

SYRACUSE CLAIMS
(From Page One)

Philadelphia papers played up the fact that it was only the Syracuse second team that played against Bucknell last Saturday, but a close survey of the box score will show that every member of their varsity was in the game except Ackley.

The Syracuse Post-Standard gives the following account of the Syracuse game, and shows that the Bucknell warriors put up one of the gamest fights ever seen on the New Yorker's gridiron:

* * * *

Football fortune played strange pranks in the Syracuse-Bucknell combat in the Stadium yesterday afternoon, which the Orange won, 9 to 0, after the visiting players had proven one of the gamest combinations that ever trod the gridiron. A fumble in the third period Syracuse received the ball on the kickoff and brought it back to the 40-yard line, where Bucknell held and Malone was forced to punt. Mangan attempted to return the kick from his own 40-yard line, but Schwartzer broke through the opposing line, grabbed the ball and ran down the field for a touchdown. Malone's effort at goal failed, the ball hitting the uprights and bounding back into the field.

Captain Alexander, Robertson, Gulick and Schwartzer played brilliant football for the Orange, while Bihl, Rosenbloom, Hendren and Dent starred for the invaders.

The game was played on a sodden gridiron which rendered open field running both difficult and dangerous. A crowd of approximately 4,000 spectators witnessed the contest. Line-up and summary:

Syracuse		Bucknell
Andreas	L.E.	Dent
Dooley	L.T.	Peale
Alexander	L.G.	Morrett
Robertson	C.	Bihl
Thompson	R.G.	Rosenbloom
Gulick	R.T.	Homan
Schwarzer	R.E.	McDermott
Malone	Q.B.	Mangan
Barsha	L.H.B.	Hendren
Parker	R.H.B.	Kostos
Steele	F.B.	Ebner

Score by periods:

Syracuse	3	0	6	0	—9
Bucknell	0	0	0	0	—0

Syracuse scoring — Touchdown, Schwarzer. Goal from field—Malone. Substitutions—Syracuse, Martin for Steele, Steel for Martin, Sawyer for Steele, Gulde for Malone, Lucier for Andreas, Perrin for Robertson, Bucknell—Dayhoff for Ebner, Ebner for Dayhoff. Officials—Referee, Dr. Daniel Luby, Pennsylvania. Umpires —Jas. Cooney, Princeton. Head linesman—Percy Miller, Haverford. Time of periods—15 and 12 minutes.

TWO NEW NAMES ADDED TO STAFF

William Speare, '20, and Caroll Myers, '22, have been appointed to the staff of the BUCKNELLIAN. These men have been contributing material for several issues and they are worthy additions to the staff.

'Y' ENTERTAINMENT

SOCIAL PROGRAM, GOOD SPEAKERS AND REFRESHMENTS ON PROGRAM OF NEW OFFICERS

The "Y" meeting held in the Tustin gymnasium last Tuesday evening was one of the peppiest in many seasons. The new regime of officers and the advisory board made this social event their opening one and with aid from the budget system this year the Y. M. C. A. bids fair to have its banner year.

President Harry V. Thomas made the address of welcome to the guests who were seated not only on the benches but everywhere on the "gym" floor to enjoy the program. Thomas emphasized the purpose and watchword of the organization this year which is service. He also announced a "Y" program for Armistice Day, which since was successfully carried out in spite of inclement weather. His speech ended with a plea for unanimous support throughout the year.

The band again made itself popular with excellent music, and Secretary Harry Warfel added more joy by passing out smokes, followed by refreshments.

Prof. Lindemann, one of the most popular faculty speakers, brought out an excellent thought in that the "Y" is a symbol of association. He developed the thought with mention of the overseas men who gave their lives, claiming that their association with men was worth life itself. These examples of what experienced men tell us prove that in education, service and fellowship are the basic elements.

Professors Phillips and Stewart gave short talks on the function of the Y. M. C. A., bringing out that essential efforts of the association is not to be based on religious training, but upon the real social association slce of student life.

The evening's program was brought to a rousing close by snappy boxing, wrestling an lively numbers by the Sigma Chi quartet.

DR. HUNT AT CHICAGO

President Emory W. Hunt is attending the Board of Promotions meeting, having left Friday for Chicago where the Board of Promotions of the Northern Baptist Convention meets all week in executive sessions in which he is taking part.

B. U. UNIT 524

Bucknell Ambulance Unit S. S. U., No. 524 is completing a work that will make the unit a permanent one for the members. A volume entitled "Memoirs," is being edited and will soon be turned over to the printers.

The editors are Follmer, '17, Sipley, '17, and Doughty, a student at University of California. It is understood that the book is well illustrated and will be a fine reproduction of the work of that organization.

HERE'S THE REASON

The BUCKNELLIAN is issued somewhat late this week due to the installing of a new press in the printing office.

Don't forget to watch for announcement of 'Varsity basketball practice.

Orpheum
FRIDAY
Major Robert Warwick, late of the General Staff of General Pershing in the picturized version of the famous stage success "Secret Service." A story of the Civil War with all the stirring events and heart aches of the period. G. A. R. members will be the guests of the Orpheum this day. Pathe News. Admission 22c.

SATURDAY
Montague Love in "A Broadway Saint." An amusing antics of a small town idea that everybody from New York is wicked. Sennett Comedy—"Love's False Faces." Coming on 21st "The Woman Thou Gavest Me," one of the good pictures.

Bucknell's Football Squad That Will Go To Harrisburg

BUCKNELL TRACK MEN
(From Page One)

men made a strong finish they retained the same relative position. The next five men to cross the finish were close together and came in the following order: Masters, Goho, Jones, Dinn and Lovejoy. The time was good and is very encouraging considering that this was the first real test of the season.

These seven have been ordered to the training table starting Monday and they will be governed during the next three weeks by strict training rules.

On Wednesday the entire squad was over the five mile course for the final tryouts. The first six men to finish will make the trip to Lafayette for the intercollegiates on Saturday.

Arrangements have been completed for the trip to Lafayette and the team will leave Friday, arriving in Easton at 9 p. m. The headquarters for the team will probably be at the Hotel Karldon, other plans for entertainment will be taken care of by Lafayette.

The correspondence that has been carried on with Carnegie Tech. is about completed and it is being planned now to send the team to Pittsburg on Thanksgiving for a duel run with that institution.

Add a cheer for the Bucknell Cross Country runners at Lafayette on Saturday.

BUCKNELL AMBULANCE UNIT 525 WILL BANQUET AT HARRISBURG SATURDAY

The plans for the first annual reunion of the members of the Bucknell unit S. S. U. 525 have already taken a definite form, and a large attendance is expected at Harrisburg on Saturday evening. There are seventeen of the men in attendance at the University at present, and they will meet their comrades, representing several of the Eastern States at the Penn-Harris Hotel before the game and attend in a body. After the game, they will help in the hoped-for celebration of the victory and later convene again at the Penn-Harris Hotel at 7:30 p. m. for a big feed and general meeting of the organization.

The following men who are not in college have been heard from and will be in attendance at the meeting: Lt. Clapp, Lt. Whitehouse, who enlisted the men in 1917; Willson, Agnew, Gutelius, Martell, Calkin, Meredith, Gregg, Vanderbilt, Bainbridge, Cragg, Beyer, Fisher and Shipman. Several others are expected to decide definitely in the time between now and Saturday, and these with the seventeen in college will constitute a gathering that will make a good start for a young army.

GYM CLASSES

Physical training classes have begun for Freshmen and all men who have not reported will do so immediately.

L'AGENDA PICTURES MUST BE TAKEN THIS WEEK TO INSURE A PLACE IN THE BOOK

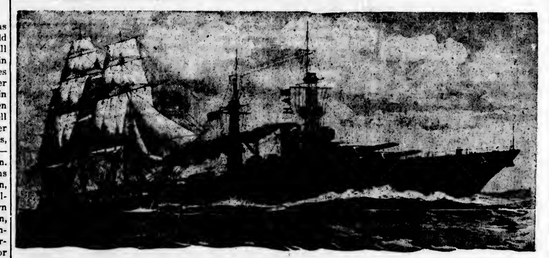
Saturday is absolutely the last day to have L'Agenda pictures taken, and all of the delinquent ones are urged to have this work done this week. If a picture is not taken by Saturday, the management will not be responsible if the picture of the individual is left out of the L'Agenda.

George Schuyler, the editor, is receiving many contributions in clever drawings, pictures of fussers, photographs of many odd, strange and curious things, and literary contributions as well. Work on the write-ups which accompany the individual cuts is progressing very well, and it is expected that this part of the book will be in the hands of the publishers by Christmas. The calendar staff is working on a plan that will be new to many of the students here, and this department will be illustrated better than it has usually been in the past. Everything points to a very successful year for the L'Agenda, and the staff is doing its best to have the best book ever published at Bucknell.

WINTER TERM REGISTRATION

Winter term registration is announced for the week of December 1. A fee of three dolalrs will be charged for late registration, and a fee of one dollar for changes in registration.

Glee Club Monday night.



The "Constitution" of To-day—Electrically Propelled

THE U. S. S. "New Mexico," the first battleship of any nation to be electrically propelled, is one of the most important achievements of the scientific age. She not only develops the maximum power and, with electrical control, has greater flexibility of maneuver, which is a distinct naval advantage, but also gives greater economy. At 10 knots, her normal cruising speed, she will steam on less fuel than the best turbine-driven ship that preceded her.

Figures that tell the Story of Achievement
Length—624 feet
Width—97 feet
Displacement—32,000 tons
Fuel capacity—a million gallons (fuel oil)
Power—28,000 electrical horsepower
Speed—21 knots

The electric generating plant, totaling 28,000 horsepower, and the propulsion equipment of the great super-dreadnaught were built by the General Electric Company. Their operation has demonstrated the superiority of electric propulsion over old-time methods and a wider application of this principle in the merchant marine is fast making progress.

Six auxiliary General Electric Turbine-Generators of 400 horsepower each, supply power for nearly 500 motors, driving pumps, fans, shop machinery, and kitchen and laundry appliances, etc.

Utilizing electricity to propel ships at sea marks the advancement of another phase of the electrical industry in which the General Electric Company is the pioneer. Of equal importance has been its part in perfecting electric transportation on land, transforming the potential energy of waterfalls for use in electric motors, developing the possibilities of electric lighting and many other similar achievements.

As a result, so general are the applications of electricity to the needs of mankind that scarcely a home or individual today need be without the benefits of General Electric products and service.

An illustrated booklet describing the "New Mexico," entitled, "The Electric Ship," will be sent upon request. Address General Electric Company, Desk 44, Schenectady, New York.

WOMEN'S COLLEGE

GIRLS WANT BUDGET TO COVER ATHLETICS FOR COLLEGE WOMEN

Want Women's College Journal Renewed.—Juniors and Sophomores Hiked.—Personals.

What do the girls get out of the budget? This seemed to be the question in prominence Wednesday night at the Student Government meeting, and from the comment, argument, and discussion, it was strongly evident that the girls did not like their end of it. Last June, a committee was appointed to draw up the things which the girls wished to have included in girls' budget but the women claim little attention was paid to it.

When money is needed for Student Government dues the girls hestitate to pay out their money as before, and they insist it was partly to eliminate such things, that the girls voted "yes" for compulsory budget. Then, too, the girls wanted some apportionment for girls' athletics, but this request was not granted. They also wanted a Girls' Glee Club.

The girls say they are willing to support mens' athletics, and every cent that goes toward that they give gladly. But on the other hand they ask that they receive a small amount of athletics, basket-ball, baseball, etc.

At Student Government Association meeting last Wednesday night, the girls discussed the idea of renewing the Women's College Journal, which was dispensed with last year, because of the war. It was decided to put the matter before the English Department and that staff nominations should be made by them and then put before the girls to vote on.

A wonderful day for hikes was last Saturday, and the Junior girls accompanied by young men, started out from Women's College for a long hike to Wolfeland. There they roasted "ugies," toasted marshmellows, played games and made merry. Miss Cooper and Miss McClure were the chaperons.

The same morning found the class of '22 hiking to Montour. They were minus the other sex but the girls all said they had "such a good time." Miss Walton and Miss Keeney accompanied the Sophomores.

"Here Comes the Bride! Here Comes the Bride" echoed through the dining room Friday evening when the Senior girls announced the engagement of one of their members. The two Senior tables were cleverly decorated with Kewpies and a miniature bride and a groom. Clever songs were sung in which the girls offered up a toast to the honored one.

Miss Beatrice Fetterman '20 spent part of the week at her home in Delano.

Miss Mildred Hayden '23 was visited by her sister last week.

The following girls attended Pennsylvania Day festivities at State College last week: Misses Kathryn Spotts Hattie Fertig, Freda Mackreth, Hilda Heim, Anna Hill, Emily Kuntz, Grace Swan, Harriet Kinsman, Phoebe Davis and Anna Althouse.

Helen Beck ex-'21 is visiting her Phi Beta Phi sisters at Women's College.

Margaret Fowler '23 spent the Sunday in Philadelphia.

Miss Irene Fritz '19 visited at Women's College last Saturday and Sunday. Miss Fritz is teaching in Trevorton High school.

Miss Ruth Agnew was visited by her sister this week.

Irene Gosseveiler '19 and Grace Poust ex-'22 visited their Eta Sigma sisters at the "Sem" during the past week.

Mrs. H. A. Smith of Philadelphia is visiting her daughter, Bertha, of the class of 1923, this week.

Gladys Morgan '18 was a caller last week.

There was great excitement the other night in Women's College when five bells—the alarm for fire—rang. The girls piled out of the windows and down the fire escapes to their assigned places on the campus, wondering all the while which building was burning down. Their fears were soon calmed when they learned it was only an unexpected fire drill.

Mildred Hayden entertained her father and sister over the week-end.

THE BLUE TRIANGLE

The recent Y. W. C. A. meeting took the form of a musicale in which Orpheus held full sway. Lured on by the irresistible pipes of Pan, the coeds taxed the chapel to its capacity. Miss Schultz charmed the audience by her excellent rendition of "Abide With Me," while the musical selection of Esther Fleming, Louise Coombs, and Mary Reed, were heartily enjoyed by all.

Without a doubt, music is a big drawing card and should not be overlooked by those in charge of Y. W. C. A. meetings.

Cabinet girls, dressed up as Red Cross nurses, solicited members for the Red Cross on Friday and were very successful in their efforts.

The Cabinet wishes to announce the following members of their advisory board: Miss Rose Rainey, Conference Committee; Mrs. Gundy, Social Service; Mrs. Lee Rockwell, Bible Study; Mrs. J. Everitt, Meetings and Membership Committee; Mrs. L. Phillips, Social Committee; Mrs. N. Davis, Finance and Miss Schultz, Music Committee. Members of the Advisory Board met with the Cabinet on Wednesday evening.

Girls! Start the day right and come to "morning watch." This is not purely a cabinet affair. Everybody welcome.

WRIGHT'S ORCHESTRA
AT SIGMA CHI HOUSE

Monday evening the Sigma Chi was fortunate in receiving Wright's Syncopated orchestra and with the permission of Miss Gauge, a dance was scheduled for "Sem" and town girls. The affair proved a very enjoyable one.

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. November 18, 1919 No. 9

Bucknell Humbled Gettysburg In Last Minutes Of Play

BATTLEFIELD LADS ALLOWED SEVENTEEN POINTS

ONE OF BEST GAMES IN YEARS STAGED ON HARRISBURG FIELD

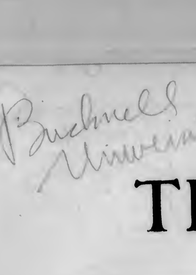
Mangan, Hendren, Kostos, Ebner, Bihl and McDermott Aided Line in Crumbling Down State Boys in Closing Moments of Game.

Three hundred students went to Harrisburg Saturday by special train, autos and on foot to attend the annual game with Gettysburg. With the usual favorable weather for this game, nearly every student left the hill for the Harrisburg game among them many who started out on foot and got "lifts" along the way, arriving in town Friday night. The special arrived before noon Saturday, soon followed by the Gettysburg aggregation and band.

The optimism of the followers of both sides was keenly displayed and the streets of the city throughout the morning and early afternoon. Hundreds of visitors reached Harrisburg during the morning, and among these were enthusiastic delegations of students from both colleges who proceeded to make merry by various methods, the most prominent of which were parades over the streets in the central section of the city, both represents with good student bands.

Both teams arrived Saturday morning. The Gettysburgians reached Harrisburg within a short period and while the teams were immediately headed for their head quarters—Bucknell to the Penn-Harris and Gettysburg to the Bolton,—the followers spread out and spent the morning and early afternoon in viewing the points of interest in the city.

The crowd on the Island at the



Ebner

start of the game was considered one of the largest in the history of the dual combats at Harrisburg. This is regarded as mainly attributable to the large number of Harrisburg boys in the two squads. A total of thirteen players from Harrisburg and immediate vicinity are included in th squads, seven being with Gettysburg and six with Bucknell.

Lunch was served for each of the teams at their headquarters. Dinner was served bioh squads at the Penn-Harris Hhotel at 6 o'clock in the evening, and the members of the two squads attended the drama, "The Bird of Paradise" at the Orpheum theatre in the evening where much cheering was in evidence.

The Game

Bucknell added another victory to its list against the old rivals on Saturday when Gettysburg fell to a 17-0 defeat in the annual contest at Harrisburg. After almost four periods of see-saving up and down the field in close formation plays, with moderate run by either team, Bucknell cut loose in the last [illegible] minutes of play and scored a [illegible] touchdowns. Gettysburg seemed dazed to a man and both goals were made by smashing line plunges on the part of Bucknell's

On Page Three

BASKET BALL PRACTICE

The basketball squad will report for practice some time this week for the first and opening work for the coming season. Manager Robert Bell will post a notice on the bulletin board regarding the time. The largest squad in the history of the college is scheduled to report and an excellent season and a good team is in prospect. It is understood that several games will be played before the Christmas holidays.

YOUR BUCKNELLIAN!

Was late last week because a new press was being installed which delayed the printing of the paper.

FIRST BANQUET OF B. U. UNIT MARKED SUCCESS

AFFAIR WAS INFORMAL AND WILL BE ANNUAL EVENT IN FUTURE

Lester Lighton Elected President and Treasurer.—Prof. Lindemann and Major Whitehouse Honorary Members.

Following the football victory at Harrisburg on Saturday, the members of Bucknell Ambulance Unit, 525, assembled in the Penn-Harris Hotel and enjoyed the first annual get-together banquet. The affair at the first one at which the men have gathered together in peace conditions and the informal manner in which it was conducted showed the same camaraderie spirit existed and the evening was a round of delight and happy reunions, in "civies."

Thirty men sat down to the festive board, thirteen of them being from college at the present time and the remainder were officers and unit members now scattered throughout the United States. Prof. Lindemann was the guest of honor and a novel feature of the event was its conduction without a toastmaster. Each man spoke a few informal words and then all joined in the general discussion of American Legion and other live and current topics of interest to all ex-service men.

Major Whitehouse who enlisted the men here in the Tustin gymnasium in May, 1917, was present as well as Lieut. Clapp who drilled and traveled with the Bucknell men through their first engagement. Lieut. Parson who later took charge and was with the men when they returned home to be mustered out last spring was also present.

During the conduction of the business of the evening, Prof. Lindemann, who has always been highly interested in the Unit, was elected an honorary member as well as Maj. Whitehouse, their first officer. The unit was officially organized under a peace basis and will hereafter be known as Bucknell Unit, 525. Lester Leighton received the honor of being elected president and treasurer, the only offices created.

The next annual meeting will take place at Philadelphia on Thanksgiving Day, 1920, or on the day that Bucknell meets Penn, if such a game is included on the next season's football schedule.

Following are the Bucknell men in college who were present: Emerson R. Miller, Clayton Yon, George R. Beattie, John P. Williams, Eugene Duffee, Donald B. Cloward, Harry V. Thomas, Charles M. Emerick, Harold A. Stewart, Lester Leighton, Grover R. Short, C. H. Bashore, Walter Schoffstall.

Other members who were present were: R. C. Martell, Philadelphia; Thomas Agnew, Caldo, Texas; L. P. Calkin, Atlantic City; G. J. Meredith, Roselle, N. Y.; F. M. Gregg, Brownsville, Pa.; John V. Vanderbilt, Williamsport; E. R. Bainbridge, Philadelphia; H. N. Cragg, Washington, D. C.; Warren S. Reed, Lewisburg; W. H. Dreyer, Penns Grove, N. J.; D. N. Gobbs, Northumberland, Pa.; Allan E. Willson, Williamsport; Major Whitehouse and Lieut. George R. Clapp, both of Philadelphia; Lieut. H. H. Parsons, of New York City and Prof. Lindemann, of Lewisburg.

Bucknell Glee Club and Orchestra

GLEE CLUB MADE BIG HIT IN FIRST CONCERT

The first Glee Club and Orchestra concert of the season took place in the Evangelical Church Monday night and was attended by the largest crowd that ever visited a Glee Club event.

The soloists and other singers made a market hit and the orchestra was at its best without a former peer. The trio composed of Stein, Appleton and Moore as well as the quartet of Houtz Brothers, Appleton and Brysden, were the most popular numbers on the program. The orchestra did excellent work and all indications for the December trip through the West point to a banner week. The men will start December 9 and stay at 11 places.

In preparation for the first home concert, which was given in the Evangelical Church Monday, the members of the Bucknell Univer[illegible] Student Club held their last rehearsal Monday afternoon, and the results [illegible] a decided improvement in Professor Paul G. Stoltz, the director of the organizations.

The boys were joined for the first concert of the season and an unusually fine program was given. The concert will start promptly at 8 o'clock the largest crowd ever greeting the men.

The orchestra of twelve pieces, which is always a great favorite wherever it is heard, rendered some fine overtures this evening, among them being the great "Raymond Overture," which is being repeated this year by request, of the many audiences which heard this selection four years ago on the first western trip of the organization. Several lighter numbers, and the well known standard marches were presented in true college style by the players.

BUCKNELL '524' MEN MET AN OLD FRIEND

Frederick W. Forrester, the leading man in "The Bird of Paradise" play witnessed by Bucknell football men and at Harrisburg Saturday evening, proved to be a close friend of the many of the local boys of Bucknell Unit 524 while in France. In addition to giving a toast to Bucknell from the stage, following the performance he went to the Penn-Harris Hotel and there had an enjoyable chat with the men. He entertained them with a number of recitations, among them several of the works of Robert W. Service, "Poppies Grow in Flanders Land," and his famous humorous selection, "Corn-el Beef."

Forrester was formerly a member of Harvard Section 511 and later was connected with the well known "Let's Go Company."

WHAT WILL BE SUSQUEHANNA SCORE?

What will the Orange and Blue do to Susquehanna on Saturday?

Having feasted and grown fat on a bevy of easy opponents, Susquehanna University is near the top of the college elevens with a total of 263 points.

Susquehanna on Saturday overwhelmingly defeated Drexel Institute by odds of 61 to 0.

Susquehanna

B. U. HARRIERS AWARDED MEDALS AT LAFAYETTE

MADE GOOD SHOWING IN X COUNTRY EVENT

DAVIS WON LETTER WHILE JONES AND MASTERS DID WELL

Considering Experienced Contestants Bucknell's Runners Showed Much Material for Spring Track Events.

In spite of inexperience and being pitted against prominent runners, Bucknell harriers made a fair showing in the third annual Cross Country Championship of the Middle Atlantic States College Athletic Association, held at Lafayette on Saturday. Three colleges were competing, Lafayette, Bucknell and Lehigh, and [illegible] individuals, [illegible] each college entered [illegible] and [illegible] with 22 points, [illegible] Davis was the first Bucknell man to finish, coming in eighth. An interesting fact about [illegible] is that his time was only [illegible] seconds less than that of the winner of the event last year.

Walter C. Crawford, of Lafayette, one of the greatest runners in college at the present time, came in first, his time for the six-mile course being slightly over 32 minutes, which broke the previous records by two minutes. Twenty-two men participated in the event, only the first five men to finish for each college counting in the scoring. The first eight runners finished in the following order: Crawford, Lafayette; Carr, Lehigh; Bray, Lehigh; Heisler, Lafayette; Evans, Lafayette; Boardman, Lehigh; Meekle, Lehigh; Davis, Bucknell. The other Bucknell men came in as follows: Jones, 12th, Masters 13th, Goho 14th and Dinn 15th.

The runners toed the mark at Northampton Country Club at 1:30 Saturday afternoon and started the six-mile race. The course followed the William Penn highway for three miles to the outskirts of Easton, and thence through the main streets of Easton to the central square and out to the left half a dozen blocks to the Lafayette college hill. This grade is a long and steep one and famed for the gruelling final test it offers. The race ended with one lap around the Lafayette football field before the spectators gathered for the football game.

Davis' running was very good, considering the men he was pitted against and he kept with the leaders during the entire distance, as most of the men before him finished in a group separated only by a few seconds.

Jones made a pretty finish that won much applause from the large crowd. When he entered the field for the final lap, a Lafayette runner was hitting his last sprint over fifty yards ahead. Jones lengthened his stride and with a brilliant spurt caught up in the last 25 yards, finishing neck and neck with the man, amid the admiring cheers of the onlookers.

The five men of the Lafayette team received goal medals, Lehigh team was given the silver medals and Bucknell runners received bronze medals. Besides these honors Davis will get his major sport "B" for finishing among the first ten runners and Jones and Masters will receive the Cross Country "cBc" letter.

The order of the finish and points tallied follows:

Lafayette—1-4-5-9-10—Points, 29.
Lehigh—2-3-6-7-11—Points, 29.
Bucknell—8-12 13-14-15—Points, 62.

Considering this as the first cross country run for Bucknell, the results are excellent. All local runners tried

(Turn to Page Two)

Two Bucknell Freshmen Injured In Auto Accident

W. B. STRINE, OF MILTON, DIES AS RESULT OF INJURIES

ONE OF FIVE OCCUPANTS DIED AT HOSPITAL LATER

Machine Crashes Over Ledge to Railroad Tracks Beneath, Near Marysville.—Was Drop of 150 feet. Victims in Hospital.

Somewhat of a gloom was cast over otherwise a victorious day for Bucknell students, Saturday when it became known in the early evening that an automobile in which some of the students were journeying home went over an embankment a few miles outside of Harrisburg. Various reports concerning the accident were abroad, and little definite information could be learned.

Warren B. Strine, 28 years, of Milton, who was driving the automobile and who suffered the most injuries, died last night in the Harrisburg Hospital as the result of the fall. The others, all of whom are in the Harrisburg Hospital with severe bruises are:

Robert Markowitz, 19, of Pottstown, a student at the University, injured internally.

Elijah Deturk, 20, of Greenville, Pa., a student at the University, lacerated face and contusions.

Ralph Beckman, 26, of Milton, lacerations.

John Melaughlin, 27, of Milton, [illegible] and cuts.

The [illegible] according to [illegible] that the [illegible] automobile [illegible] the top of the hill as they [illegible] the [illegible] rail and dropped 150 feet, to the railroad tracks below.

The road had received recently an application of tar from the State Highway Department and some are inclined to believe that the automobile skidded when the driver attempted to round the sharp turn at the top of the hill. It is stated also that the driver of the car was blinded by the approach of another car with very strong headlights, and that he called to his companions, "to be careful, we are going to hit a pole." Instead, the car crashed through the fence and onto the Pennsylvania tracks beneath.

The earliest reports of the accident brought the news that the car was filled with Bucknell students, and a general scare was manifested by everyone who heard of the fatality, as all knew of men who were traveling home in cars. For a time the details of the all-important victory were forgotten and the news of the accident was the sole topic of conversation. Many of the Bucknell students journeyed to the hospital to see the unfortunate victims, and the reports brought back were anything from encouraging.

It was first thought at the hospital that nearly all of the men would die, but after a more careful examination of the bruises received by each it was stated that the condition of Strine was the most serious of the crowd. The injuries sustained by Markowitz were also serious, but the latest report states that he will probably recover, as will the rest.

Definite details of the funeral of Mr. Strine have not yet been made public.

News of the accident reached Lewisburg a short time after it occurred, and great fear was expressed by the people of this town who had friends at the game.

Mr. Strine is survived by his wife and two daughters, Rhea and Catherine. The following brothers and sisters also survive: Harry Strine, George Strine, of Milton; Mrs. Elmer Wagner, of Lewisburg, Newman Strine, Ralph Strine and Misses Hazel and Lola Strine, of Milton.

X-COUNTRY NOTES

Possible Event With Delaware on Saturday.—Carnegie Event Canceled.

Bucknell has just received word from Delaware College at Newark, Delaware, asking our Cross Country team to run in a dual meeting at Delaware on Saturday with that team. The matter is being considered favorable and Graduate Manager Vorse has wired to the college for particulars.

The Carnegie run at Pittsburg will not take place as was hoped, owing to the fact that the guarantee offered was not sufficient to cover expenses.

SENIOR COUNCIL CONSTITUTION DULY ACCEPTED

PRESIDENT NANCARROW DREW UP OFFICIAL DOCUMENT

ORGANIZATION LACKED CONSTITUTION AND BY-LAWS PREVIOUSLY

Faculty Has Accepted Document Through Committee and Body Is Now Fully Equipped for Emergencies.

For the first time in its history Senior Council is now governed by a

President H. L. Nancarrow

[illegible] submitting it to the faculty.

It appears that the matter of having the body officially backed by a constitution and by-laws has been overlooked until this year and the recent acceptance of the governing rules is one very much in keeping with the advances in all other lines of college activities.

The aim of the Senior Council as outlined is to "maintain the traditions of the college and good conduct among students both on and off the campus." The rules of governing the election of representatives from fraternities and non-fraternity members are fully covered.

The duties of the council as stated is to be responsible for the ways and means used to maintain the aim of the council and under two-thirds vote of the entire Council membership, the suspension of a student may be recommended to the President of the University.

The constitution was officially accepted by the faculty on October 29, and the committee in charge was composed of Professors Lindemann, Rockwell and Phillips.

SOCIAL EVENTS

Among the events scheduled for this week are: Friday night, Delta Sigma dance at Seminary, S. A. E. dance at the Lewisburg Club, Forum dance at house. Saturday night there will be a dance at Phi Gamma Delta house and the American Legion dance at the Lewisburg Club.

EUEPIA MEETING

Due to the Glee Club recital Monday night there was no weekly meeting of Euepia Literary Society. The regular meeting will take place at the usual time next Monday evening in Bucknell Hall. All students are invited to attend.

COACHING TELLS

Another victory against Gettysburg was added Saturday to the long list, taken from that rival Orange and Blue team with it Bucknell has completed the hardest part of the season's schedule in a manner that has not been rivaled in several seasons.

The game was one of the best ever played and was only because of one reason. That was the coaching of Reynolds. It was no streak of luck or no fluke on the part of Gettysburg that our team could not be stopped in those last seven minutes of play. The whole secret of the line smashing was the lasting endurance developed in our men. When Gettysburg crumpled, every man on the team was played out and even three and four found it hard to down any one of our backfield men. The lack of injuries and the wonderful manner in which Bucknell's players took hold and followed up their lead in the last quarter sets a record and a foundation upon which the 'Varsity can build next year.

The perfect condition of the men at the opening of the game, and the same solid unbruised players, enjoying the evening and the satisfaction of victory is the result of coaching—the kind Bucknell has needed for some time.

OUR SQUIRRELS

Have you noticed that very many of our little grey, bushy-tail pets have left the campus and are scattered all over to number. There's two reasons for the change during the summer. Either they are being driven from the campus or the food supply is perhaps no longer sufficient to supply the growing tribe which adds so much to the natural beauty of the college campus.

Five seasons ago when a dozen of the pets were freed among the trees it was necessary to kill the chipmunks and red squirrels to keep them from driving the new animals away. A student campaign was inaugurated, it is understood, and in a few weeks every enemy so fearful to the grays was eliminated. It is common knowledge that these smaller species drive the gray squirrels away, and during the past years there are dozens of chipmunks appearing robbing and harrassing our larger friends. Which do you prefer, the gray squirrels or the chipmunks?

As for food, perhaps it would pay the college to supply it in some form, but the students can do their part by making an added effort to feed the coaxing little fellows.

Feed them as often as possible, and if necessary why not talk over with Dr. Davis and arrange some means of removing the forces that are driving the squirrels away?

The Glee Club and Orchestra is planning a winter season that will build up a name for Bucknell in Ohio, New Jersey and Pennsylvania as no other Bucknell activity has ever before accomplished.

Dr. Hunt's method of devoting several minutes of chapel exercise to the expression of sentiment on current topics of the day is developing wide appreciation among the students and members of the faculty. Every one of these talks would make a fitting editorial and do honor to any newspaper.

Of course with all this rainy weather it may be the season for mud slinging instead of sod busting, but don't you think the base about the 1919 Class Memorial would be improved greatly by placing sod about it and hide the ugly appearance now so very noticeable?

Adrift On the Deep

That there can be humor even in the anguish of deep loss is exhibited by the following item which was copied from the Bucknell bulletin board.

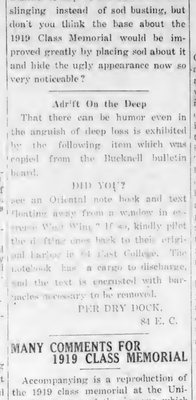
DID YOU?

see an Oriental note book and text floating away from a window in extreme West Wing ? If so, kindly pilot the drifting ones back to their original harbor in 34 East College. The notebook has a cargo to discharge, and the text is encrusted with barnacles necessary to be removed.

PER DRY DOCK,
84 E. C.

MANY COMMENTS FOR 1919 CLASS MEMORIAL

Accompanying is a reproduction of the 1919 class memorial at the University avenue of the campus which creates much praise by visitors. The



1919 Class Memorial

memorial was completed several weeks ago when the bronze tablet was placed in the face of the granite. It was hoped that members of the class of 1919 would later hold some sort of unveiling exercises but as yet no word has been received.

PRESIDENT HUNT BUSY

Dr. Emory W. Hunt returned from the Baptist Convention at Chicago, on Monday morning, and left again last evening for Boston where he will meet with the quarterly Board Meeting of the Baptist Foreign Missionary Society.

NEXT "Y" MEET WILL BE ON NOVEMBER 20

ILLUSTRATED LECTURE IN CHEMICAL LABORATORY

INTERESTING OVESEAS SCENES WILL FEATURE BIG EVENING PROGRAM

Tentative Plans for Fall and Winter Terms.—New Advisory Board Named.—Plans for Student Volunteer Convention.

President Harry V. Thomas of the College "Y," after carrying through a real get-together smoker in the gym and a splendid Armistice Day Service in the Baptist Church is planning for the Fall and Winter work of the organization. The first meeting under the auspices of the "Y" is to be held Thursday evening, Nov. 20, in the Chemical laboratory building. The hour, starting at 7:15 p. m. will be given over an Illustrated lecture on overseas scenes. The meeting will be in charge of President Thomas and a most satisfactory time can be expected. It will be a pleasure to the men who have seen overseas service to go over again the scenes of their recent activities it will not only be interesting but also instructive.

The Student Volunteer Convention, held every four years will be this years in Des Moines, Iowa. It will in all probability be the greatest gathering in its history. The messages that will be brought to the conference and the spirit of service that will prevail will be felt not only by those who attend but by those who read of it and come in contact with those that were present. It s hoped that at least four delegates will be sent from this college to the convention.

The "Y" Cabinet will be formed this week and also the necessary committee, consisting of Piekarski, chairman, Cloward, Speare, Lowry and Bowser has already been appointed and are now at work planning for a "Reading and Lounging Room" on the Hill. This committee will meet with Dr. Hunt to discuss the question. There has been a long-felt desire for such a room as the "Y" plans to put in West College the beginning of the yera. Heretofore, the men on the hill have had no place in which to get together to talk things over and this room will be the answer to that feeling.

The "Y" membership cards which are now ready, can be had by any holder of a Budget Ticket, on Wednesday afternoon from 3:30 to 5 p. m. in Room No. 4, West College. This cards is of great value to any fan visiting other colleges. His also recognized by the various branches of the organization in the cities throughout the country and the privileges of the house are extended to any man holding a card.

The former Advisory Board of the "Y" has resigned and a new Board will be appointed in its place.

The following men have been made members of the Y. C. A. cabinet: Piekarksi, Neale, Chance, Hoover, Martin Mathieson, Warfel, Stewardson, Harris, Emerick, Lighton. The members of the advisory board iwll be announced later.

The optimist is a comma, (more coming.) The pessimist is a period. (He's done.)

Among Our Alumni

Bucknell alumni in Philadelphia and vicinity will hold a reunion in November.

The executive committee met in the office of the secretary, Louis W. Robey, in the Stephen Girard Building, Sept. 19, and authorized the appointment of the following committee to arrange for the November event:

Paul A. Wendt, chairman; Attorney General J. Warren Davis, of Trenton, N. J., a trustee of the instution; John H. R. Roberts, Professor R. Bruce Morris, of the Southern Manual Training School; Athol V. Wise, Blair Jaekel, of Doylestown, and E. H. Manchester, of Wilmington, Del.

It is proposed to bring together in November the graduates not only from Philadelphia, but also from New Jersey, Delaware and adjoining cities.

Dr. Ezra Allen, '95, who was in complete charge of all educational work in the first American army has returned from France, where he conducted schools with an enrollment of 22,000 soldiers. Thousands of youths, most of them alien born, were taught how to read and write under Professor Allen's direction.

"I am satisfied," said Professor Allen, "that the A. E. F. is heartily satisfied with President Wilson's plan for a league of nations. Some of the professional officers may be displeased with it, but the junior officers and the doughboys as a whole are enthusiastically in favor of it."

B. U. HARRIERS

hard and made commendable showings among experienced runners, all familiar for the course and training for the hard roads and pavements for many weeks, while Bucknell's runners have been in strict training only a little over one week and in full training only six weeks.

The work of these men speaks well for spring track events and gives promise of a spring schedule. Manager Lewis was praised by other managers at the run on the work of his men and requests were made for spring events. A track schedule will likely be arranged for spring during the coming term.

Orpheum
TUESDAY
Ethel Clayton in "A Sporting Chance." A picture of romance and adventure. A Semon Comedy—"Yaps and Yokels."
WEDNESDAY-
Norma Talmadge in "The Way of a Woman. Pathe News.
THURSDAY
Pauline Frederick in "The Woman on the Index." A comedy.
FRIDAY
"The Woman Thou Gavest Me," by Hal Caine. Remarkable all star cast. Katherine McDonald, Jack Holt, Milton Sills, Theodore Roberts, Fritzi Brunette and Katharine Griffith. We want YOU to sit in Judgment and Decide—Is a Woman Justified in Going to the Man She Really Loves when she is already married to Another? See the picture, then ask yourself—"What Would I Do." Like Caine's story—the picture is a sensational, daring, intimate history of a beautiful woman's life. This production has broken attendance everywhere. Admission, 22 cents. Pathe News.
SATURDAY
Evelyn Greely in "Bringing Up Petty." A breezy comedy of the seashore. Sennett Comedy, "No Mother to Guide Him." Coming, Thanksgiving Day—Return of Mary Pickford in "Daddy Longlegs."

Swarthmore

When Business Manager Boyd J. Brown signed a contract with the Grit Publishing Company of Williamsport last Tuesday, the gunning season for the Halcyon Bird the Junior year book, officially opened. From the present writing until the latter part of May, when the Halcyon of 1921 will appear, the Junior Class will exert every effort to produce a book that will stand preeminent among the publications of former years.

Thomas E. Finegan, Superintendent of Public Instruction of the State of Pennsylvania, delivered the main address of the Founders' Day exercises, in Collection Hall, Saturday afternoon, October 25. Dr. Finegan, formerly of Columbia University, has been recently appointed to the chief post of education in the State by Governor Sproul, who, as it happened, sat to the right of the speaker during the address.

Dartmouth

Dartmouth is to have a stadium in which to play its football, lacrosse and soccer games next year.

The alumni body has decided to donate the stadium, which is to be called Alumni Oval.

Dartmouth has been playing football since 1882, but the Colgate-Dartmouth game to be held at Dartmouth this year will be the first championship game ever played on the home grounds. Hereafter, the college expects to have at least one big game played on their home grounds every year. The stadium is to be erected at an approximate cost of $350,000 and will seat 10,000.

Stevens

A movement is a-foot at Stevens inaugurate a daylight savings plan. It is argued that the extra hour afforded would be of inestimable benefit to athletic teams.

Penn-State

Seventy-five men, listed as permanently or temporarily disabled, who have recently been discharged, from the American army, are now at Penn State. They are under the auspices of the Federal Board of Vocational Education and are having their college expenses paid by the Government, which also gives them eighty dollars a month for board, lodging and clothing.

A majority of the men come from Pennsylvania, but a number are scattered through the Middle West and the South. About two-thirds of the men are pursuing the Agricultural course while the remainder are enrolled in Engineering departments.

Delaware College

The largest freshman class ever enrolled starts Delaware off with the largest student body in history and she is looking forward to a most successful year. Not to be left out of the swim, Delaware also has launched a campaign to raise her endowment fund.

Gettysburg

The student body has abolished hazing in every form and a petition for closer relationship in every sphere of college activity has been presented to and unanimously accepted by the faculty. The movement was started by the ex-service men who have returned to college. It was decided that such action would be a betterment for the college and for the mutual confidence between the faculty and students.

Pittsburg

A weeping colored bootblack, who claimed to be the "Son of Man," a "Prophet," a "Lineal Decendent of Abraham and Sarah," and a "Cenature," tried in vain to hold the attention of a laughing crowd on the Pitt campus. He was seeking converts to his doctrines, and professors to inspect and criticize his bok, which prophesized that the world was due to come to an end in one week.

Ursinus

A State-wide campaign was launched here to raise $50,000 to erect a memorial library.

NEXT FOOTBALL SCHEDULE

Work on the football schedule for next year has already been started and letters are being sent out by the officials in charge.

BUCKNELL HUMBLED
(From Page One)

backfield men, which proved nothing more than superior training and endurance fo the part of the victors, and one whose credit should be given entirely to Coach Reynolds.

The first three quarters were quite evenly contested with several good gains in the first period by Gettysburg backfield men and a brilliant tackle by McDermott who threw Houtz for a loss of 10 yards. Through the three first periods the game almost developed into a punting contest to relieve the incessant line plunging. Very few forward passes were tried by either team and only two were completed by Gettysburg, one for 10 yards, the only aerial play of this nature during the game that was worth mentioning. Twice during the first three quarters Bucknell got within 20 yards of the battlefield of team's goal, and only once was Gettysburg dangerous when they tried for a field goal from the 30-yard line in the third period. Although almost directly in front of the uprights, the attempt was a miserable one and the ball wobbled harmlessly several yards to the left of the goal posts.

Bucknell won the toss and elected to kick as five thousand Harrisburg people and students from both colleges began the cheering which lasted almost without a breath during the entire contest in which a dozen Harrisburg men battled on the two opposing teams. The sentiment was well divided with Bucknell slightly in favor and the contest proved to be one of the most exciting that has ever been played in the capitol city.

For Gettysburg Houtz, Moyer, Phillips and Martz were the favorites while for the Lewisburg Orange and Blue team Captain Hendren, Mangan, Kostos, Ebner and McDermott showed the best work with Bihl holding the centre position in fine form.

First Quarter

Peale sent the ball flying into play and on the second down Bream fumbled and Hendren snuggled in the ball and Bucknell took the offensive. In the second rush Bucknell was a little too confident and a fumble returned the ball to the battlefield team. Gettysburg carried the pigskin for two first downs and then McDermott objected and slipped through the line and downed Moyer for a loss of ten yards, and a punt followed on the next play. Ebner received and recovered several yards. One down followed with little gain and Mangan punted. Bucknell held Gettysburg solid for the next two downs and the team again punted to the Lewisburg eleven. Ebner received and made a brilliant run of 20 yards. In two downs each, Hendren and Kostos gained first downs and was going strong up the field when Capt. Houtz intercepted a forward pass. Moyer was able to gain little on the following play and Gettysburg punted. Ebner and Kostos successively returned the ball through the line for substantial gains and the first penalty of the game of five yards for off sides was tacked to Bucknell. Mangan followed with a put and McDermott dropped Moyer in his tracks and the quarter ended.

Second Quarter

Two downs netted little to Gettysburg in the opening of the second round and a punt to Mangan followed. In a series of downs Ebner, Kostos and Hendren battered the opposing line and reached the shadows of the rival Orange and Blue goal posts. A forward pass was slipped to McDermott behind the posts, but the watchful Gettysburg end spoiled the toss and Gettysburg rooters yelled in relief as their team started the ball from the 20-yard line.

Moyer and Houtz gained 20 yards on the next two downs and Gettysburg was again penalized 15 yards for rough play ng. Moyer then punted and Ebner and Hendren made the first down with the ball in midfield when the half ended with no score.

Third Quarter

Peale kicked off and Moyer after the first down punted only to have Ebner return the ball 20 yards before he was tackled. On the next play Keiser took a fumble and for the only time during the game Bream menaced the Bucknell goal at a try for a score from the field. The ball went wide and Bucknell recovered it. Garrison and Dayhoff took their places at half back positions and finished the quarter. In the remaining part of the quarter the ball changed hands several times but without any featured playing.

Fourth Quarter

Gettysburg continued to play strong in the next two downs and gained 20 yards and then Bucknell started the overwhelming rush. They held the opponents for downs and began the line smashing that dazed Gettysburg.

Mangan went straight through the line for 20 yards and Kostos made his first down in one play and Mangan retaliated with another first down, all the plays being directly through the opposing team. Hendren and Mangan both made first downs and then in Bihl's neat toss to McDermott who placed the ball, Hendren sent it spinning between the posts for the first score of the game. Peale again kicked off and Mangan soon spoiled a forward pass and Gettysburg punted. Hendren 15 yards, Mangan 25 yards and Ebner 40 yards through the line and another by Hendren tells the story that put the ball in position for Mangan to score on the next down. Hendren kicked the goal after a touchdown. Following the kickoff Bucknell again spoiled an attempted forward and Ebner slipped through half a dozen men for 40 yards. Kostos carried the ball over and Mangan kicked out to Hendren who clinched the final point, in the last touchdown which was scored in little over two minutes.

The summary:

Bucknell		Gettysburg
Dent	L.E.	Keiser
Homan	L. T.	Lerew
Rosenbloom	L. G.	Briggs
Bihl	C.	Martz
Morrett	R. G.	Neely
Peale	R. T.	Dulebohn
McDermott	R. E.	Emanuel
Mangan	Q. B.	Moyer
Hendren	L. H. B.	Houtz
Kostos	R. H. B.	Phillips
Ebner	F. B.	Bream

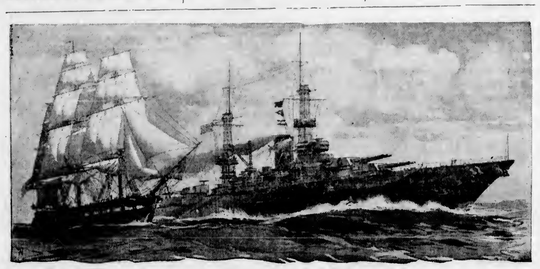
Substitutions — Gettysburg: Gingrich for Briggs, Fuhrman for Lerew; Stewart for Keiser, Bright for Phillips, Zeigler for Neely, Neely for Fuhrman, Bucknell: Garrison for Kostos, Dayhoff for Hendren, Lauster for Rosenbloom, Morgan for Morrett, Moore for Homan, Hahn for Hendren, Donaldson for Bihl, Kostos for Garrison, Hendren for Dayhoff.

LAST CHANCE

Because many of the Juniors were at the Gettysburg game over the week end, Manager Mohler has decided that a week's grace will be given to those who have not yet had their 'Agenda pictures taken. Arrangements have been made that these pictures may be taken at the Ishiguro studio in Milton any night this week. Almost all of the pictures have been taken up to the present time, and work on other portions of the 1'Agenda is well under way.

PI BETA PHI DANCE

The members of Pi Beta Phi Sorority held their dance in the parlors at Women's College Friday evening. The event was a very successful and much appreciated by the guests.



The "Constitution" of To-day—Electrically Propelled

THE U. S. S. "New Mexico," the first battleship of any nation to be electrically propelled, is one of the most important achievements of the scientific age. She not only develops the maximum power and, with electrical control, has greater flexibility of maneuver, which is a distinct naval advantage, but also gives greater economy. At 10 knots, her normal cruising speed, she will steam on less fuel than the best turbine-driven ship that preceded her.

Figures that tell the Story of Achievement
Length—624 feet
Width—97 feet
Displacement—32,000 tons
Fuel capacity—a million gallons (fuel oil)
Power—28,000 electrical horsepower
Speed—21 knots

The electric generating plant, totaling 28,000 horsepower, and the propulsion equipment of the great super-dreadnaught were built by the General Electric Company. Their operation has demonstrated the superiority of electric propulsion over old-time methods and a wider application of this principle in the merchant marine is fast making progress.

Six auxiliary General Electric Turbine-Generators of 400 horsepower each, supply power for nearly 500 motors, driving pumps, fans, shop machinery, and kitchen and laundry appliances, etc.

Utilizing electricity to propel ships at sea marks the advancement of another phase of the electrical industry in which the General Electric Company is the pioneer. Of equal importance has been its part in perfecting electric transportation on land, transforming the potential energy of waterfalls for use in electric motors, developing the possibilities of electric lighting and many other similar achievements.

As a result, so general are the applications of electricity to the needs of mankind that scarcely a home or individual today need be without the benefits of General Electric products and service.

An illustrated booklet describing the "New Mexico," entitled, "The Electric Ship," will be sent upon request. Address General Electric Company, Desk 44, Schenectady, New York.

WOMEN'S COLLEGE

NEARLY HALF HUNDRED GIRLS TRYING OUT FOR FIVE POSITIONS

MASS MEETING MUCH ENJOYED AND MANY ATTENDED GAME NOTES

"Mass Meeting! Everybody out!"

And everybody included the fair coeds, who Thursday night set out for the "gym" to cheer the team and promote the motto "On to Harrisburg." The girls occupied the gallery of the "gym" and led on by Cheer Leader Mathieson they gave some snappy yells. The girls cannot help it if they yelled rather high for they meant well enough and the spirit is there, even if they do sort of fall down on the famous "Skin-a-marick-ma-naw." It was the girls' initial appearance at mass meetings this year and every last one of them were filled with "pep." "Wasn't it great? It was wonderful," and "I hope they will invite us often," were some of the exclamations that have been heard across the Athletic Field to the Women's College.

NOTES

Parts have been given out by Frill and Frown for the try-outs which will take place shortly after Thanksgiving vacation. Practices have been started and it looks as if there will be some keen competition. Over forty girls are trying out for five places and there is a chance for the hardest workers to be one of the honored five.

NOTES

Miss Lydia Coene, '21, is spending a few days at her home in Patterson, N. J.

Miss Margaret Young, '23, received a visit from her father and mother Sunday.

Misses Sarah Bernhart, Sarah K. Kerstetter and Edna Martin were present at the Pennsylvania Day festivities at Pennsylvania State College.

Miss Georgine Poust, '23, who was injured some time ago in an auto accident, is back to college again.

Miss Kathryn Keylor, ex-'20, spent the week-end as the guest of Miss Carrie Wetzel, ex-'20, of Hershey, Pa.

Miss Catherine Fulford and Beatrice Fetterman will leave this week to attend the Women's Student Government Conference at Wilson College, at Chambersburg.

Miss Laure Smith, '22, spent the week-end at her home in Reading.

Misses Freda Macknett, Clara Casner, Esther Flemming and Mary R. Reed took part in a recital at Watsontown last week.

Miss Helen Trump, '20, spent Saturday and Sunday at Picture Rocks.

Miss Marian Ellenbogen, '20, visited her parents in Danville over Sunday.

The following girls motored to Harrisburg on Saturday where they witnessed the Bucknell-Gettysburg football game: Frances and Charlotte Van Cleaf, Agnes and Elizabeth H. Hoffman, Isabelle Deibler and Jenne Burke.

Some of the girls who witnessed the game at Harrisburg on Saturday were Beatrice Fetterman, Mary Apt-Culbert, Edna Baker, Antine Baumeister, Ethel Richardson, Nellie Balliett, Margaret Brown, Martha Ackenbach, Nina Grace Smith, Arbutus Harner, Mary Reed, LaRue Unger, Mildren Hayden, Ruth Clark, Helen Reed, Gladys Emerick, Lois Wentling, Sara and Harriet Swartz, Elizabeth Cauffer and Dorothy Villinger.

Misses Ruth Apgar and Ruth Ruhl spent Saturday and Sunday in Williamsport.

If the pessimist could see himself as others see him, he might—eventually—become an optimist.

THE BLUE TRIANGLE

The Eighth International Convention of the Student Volunteer Movement will be held in the Coliseum, Des Moines, Iowa, beginning Wednesday afternoon, December 31, and closing on the evening of January 4, 1920. The purpose of the convention is fourfold: To bring together at Des Moines representative delegations of students and professors from all the important institutions of higher learning of Canada and the United States and leaders of Christian enterprise throughout the world; to consider unitedly the serious situation in all countries today, and the problem of wrangling the non-Christian people to gain inspiration and a vision of the world-wide missionary responsibilities of the church and to write in prayer and work for a great advance in the direction of extending the christianity among all nations. There will be delegates from no less than one thousand institutions, foreign missionaries from all the great mission fields the secretaries of the leading foreign mission boards, fraternal delegates from Student Christian Movements of other lands, and other prominent Christian workers. Addresses will be given by the ablest speakers. No institution expecting to play its part in the world's great movements can afford not to be brought into contact with the influences which will be released at the Des Moines Convention.

The basic of representation at this convention is two student delegates from each institution and one additional student delegate for each 100 students or fraction thereof, above the first 200 students matriculated in the institution. For instance, an institution having 400 students will be entitled to one faculty member and four student delegates.

The Y. W. C. A. at Bucknell has definitely decided to send at least one delegate to the convention, but if a way can be found two delegates will be sent, as it is desired to have our university well represented.

The Y. W. C. A. conducted a dance in the gymnasium on Saturday evening which was marked with much gaiety due to the pleasant memories of the day's victory over Gettysburg. Next to the Jazz orchestra, ice cream was the chief attraction. The cabinet has arranged a dancing class for all girls desiring to learn to do the latest fantastic toe. No extra charge will be made but it is desired that all applicants bring with them their costumes, patience and their lowest aversidepoint.

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. December 9, 1919 No. 11

Interchurch World Movement Includes at Least $1,000,000 For Bucknell University

SPRING CAMPAIGN WILL BE LAUNCHED AND OFFICIALS CONFIDENT OF THAT SUM FOR THE COLLEGE

DR. HUNT ALREADY ACTIVE IN INTEREST OF ORANGE AND BLUE SUM.

DR. PHILLIPS HEADS WORK OF PREPARING EDUCATIONAL FACTS

Baptist Denomination Has Charge of Preparing Extensive Survey Reports of All Colleges, Theological Seminaries and Private Preparatory School of Penna. and Dean Phillips Appointed by Secretary Padelford to Handle This Big Task.

The Interchurch World Movement and its spring campaign for large sum of money for educational institutions will include at least $1,000,000 for Bucknell.

The survey of the Theological Seminary Colleges and private Preparatory Schools is in charge of Dean Phillips, who has received the important appointment from Dr. F. W. Padelford secretary of the Northern Baptist Convention.

The object of the Movement is to find the total sum required by all educational institutions in the world in their work and then open a drive for the total amount and divide it among the institutions, according to needs. Massive reports will be required and it is this work that Dr. Phillips will prepare for the entire State of Pennsylvania.

During last week Dr. Hunt attended a meeting of the special committee of the Board of Promotions of the Northern Baptist Convention at Chicago. The purpose of the meeting was to discuss the various sums of money asked for by Baptist institutions of the Northern district which includes Bucknell. The President will return on Wednesday from Chicago.

These reports are to be very lengthy ones and every minute in details and means the appointment of many assistants by Dr. Phillips in the institutions throughout the State. The only institutions not directly under Dr. Phillips are State educational institutions, and the public high schools and grade schools. The biggest part of the movement and the results of Dr. Phillips' reports will make itself evident next spring when the interdenominational campaign for college funds will open.

The facts of the reports will be presented to the various denominational boards late this winter and in the spring a world-wide campaign will be opened to secure funds to meet the needs of all educational institutions. The sum asked for by Bucknell will be not less than $1,000,000. This amount stipulated is with the sanction of the Northern Baptist convention and will set forth needs at Bucknell for that amount as a minimum. There is little doubt but that Bucknell will receive the sum according to men closely allied with the details of the Interchurch movement.

The details required before the spring campaign means an immense amount of data, and the work in various States has been allotted to different denominations. Pennsylvania is in charge of the Baptist denominations and it is through Dr. F. W. Padelford that the important appointment was made allotting the work in this State to Bucknell's professor.

Each report asked from the educational institutions is very lengthy and minute. The reports are divided into a number of schedules and will require a personal visit by Prof. Phillips or detailed correspondence with every college, theological and private preparatory school in the State, and in many instances will require both correspondence and personal visits.

An assistant will be appointed in each institution by Dr. Phillips and the work between now and the last of February, when the local professor hopes to complete the reports, will be very intensive. An idea of the requirements of the reports may be gained from the schedules into which they are divided. The first schedule asks for a history of the institution in reference to students, etc.

The remaining schedules each several pages in length are devoted to social life, school conditions, religious life, activities, Alumni and Alumnae and financial date. In total, each report is between twenty-five and fifty full pages in length and will be prepared under the supervision of Dr. Phillips and turned over to him by the assistants he appointed in the various colleges and schools, exclusive of State institutions. From the facts set forth will be determined the amount of funds each institution needs, and the total amount required by the various denominations will be the goal set for the spring campaign.

All branches connected with Bucknell, as fraternities, publications, societies will be asked to furnish certain reports necessary in the Bucknell report. The requests of Dr. Phillips are open in nature and each student and faculty member can aid greatly by early answers to request of the Dean.

ELECTRICAL ENGINEERS ENJOYED INSTRUCTIVE LECTURE OF EXPERT

The Bucknell Branch of the A. I. E. E. at its regular monthly meeting on Monday evening, Nov. 24, had a real treat in the lecture delivered by W. L. Nodell, District Illuminating Engineer of the Westinghouse Company.

The speaker briefly detailed the history of illumination, and carefully and thoroughly explained the development of standards and terms used in photometric and illumination problems. A general problem in illumination was then taken up and accurately worked out in all its details. This was intensely interesting to the audience since it involved the location of lights, amount and quality of light, type of reflectors, and in fact everything connected with the very best method of handling in a practical way, a problem of this kind.

Numerous types of lamps were exhibited and the specific use of each explained. Different styles of reflectors were shown and photographs showing the proper placing of each to secure the best results. The process of lamp manufacturing was shown in all its details and Mr. Nodell had taken considerable pains to bring a complete exhibit to illustrate this process.

The lecturer showed a thorough mastery of his subject, and his exactness in definition and logical discussion appealed strongly to his audience. The members of the Branch are very grateful to Mr. Nodell for giving so generously of his valuable time, and to H. M. Wiest, Electrical Contractor of Lewisburg, through whose friendship for the Branch Mr. Nodell was secured for the occasion.

ANNOUNCEMENT

On December 14, Dr. T. F. Hamblin, makes an annual exchange with the pastor of the Baptist Church. Dr. Hamblin for some time past, has been preaching in the Christian Church, and all of those who have heard him have learned the value of his interesting and thoughtful talks.

By request of Dr. Peacock, he will repeat his sermon, "The Gospel of Liberty." When Dr. Hamblin spoke in the Baptist Church last year, a large audience greeted him. A fine sermon is assured, and Bucknell should be worthily represented Sunday morning, Dec. 14.

EXAMINATION SCHEDULE

Classes reciting at 10:30	Saturday, Dec. 13 at 8 a. m.
Lecture courses	Monday, Dec. 15 at 8 a. m.
Dr. Hunt's classes	Monday, Dec. 15 at 9 a. m.
Classes reciting at 11:30	Monday, Dec. 15 at 10:30 a. m.
Classes reciting at 1:30	Monday, Dec. 15 at 2:30 p. m.
Classes reciting at 8:00	Tuesday, Dec. 16, at 8 a. m.
Classes reciting at 2:30	Tuesday, Dec. 16 at 1:30 p. m.
Classes reciting at 9:00	Wednesday, Dec. 17 at 8 a. m.
Classes reciting at 3:30	Wednesday, Dec. 17 at 1:30 p. m.

MECHANICAL ENGINEERS HAD PROFITABLE TRIP

Saturday evening Professor Frank Burpee, of the Mechanical Engineering Department and nine students, returned from a successful annual week trip of instruction to plants in Philadelphia, Trenton and New York City.

The men were accorded very royal treatment throughout the entire trip and while at the National Convention of Mechanical Engineers in New York City, had the pleasure of meeting about a dozen graduate engineers of Bucknell.

ANNUAL COLLEGE GIRLS RECEPTION FEBRUARY 20

The annual College Girls' reception will take place at Women's College on the evening of February 20. The date was decided at a meeting of college women last evening.

DICKINSON HELD BUCKNELL ON SOFT FIELD

TIE SCORE OF 0-0 RESULTS OF MUDDIEST CONTEST OF SEASON

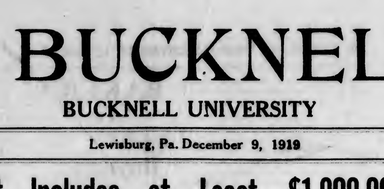
Punted Ball Wouldn't Even Bounce and No Type of Playing Was Successful.—Last College Football Game For Dent and Peale.

Bucknell's tie game with Dickinson at Carlisle on Thanksgiving was played on the muddiest field encountered during the entire season and every kind of play tried by either team was of no avail. Due to the several days' inclement weather prior to the game the field was covered with a thick coating of mud everywhere and almost prevented playing.

Punting was the main item of the game after attempts at line plunging, end runs and aerial attacks by both teams proved of no avail. Even in the punting duel the ball fell to bounce when it struck the soft ground. Dickinson found dropping to the ground prevented line plunging and the system was adopted time after time. At no time was Dickinson anywhere near the Orange and Blue goal, their closest distance being 30 yards. Penalties were numerous and in the middle of the first period Bucknell was on the five-yard line when penalized for holding and the ball was retraced to the 20-yard line, in this period Ebner got away for one long run. The second period was an even break with the ball in midfield most of the time. Bihl made a number of pretty and difficult passes over 15 yards in length this period to enable Ebner to start from firmer positions on the field.

In the third period Palm made the feature run for his team when he advanced the spigskin 25 yards. On the next play Dayhoff intercepted a forward pass in the centre of the field and ran 45 yards to the 10-yard line before he was downed. In the last period Bucknell braced hard and punting began in earnest with the ball edgechanging sides two and three times in succession. Dickinson had a slight edge on Ebner in these punts but Ebner gained more ground and caught the ball with greater surety. In the last five minutes of play Bucknell began rushing the ball down the field

Turn to Page Three



A NEW EDUCATIONAL BOARD IS CREATED

At a meeting in the Baptist Church last Friday evening, a new board was created to deal with the subject of education in the church. The board is composed of Dean Phillips, Professors Rockewl and Stolz, Miss Eliza J. Martin, Mrs. Heim and Mrs. W. J. Peacock.

The board has a task of planning courses of study for the entire membership of the church, including the students who attend. Futhermore in addition to Bible study Dean Phillips and his assistants are expected to formulate courses in matters of social welfare, Christian missions, teacher training, and in the organization of the church itself. For the past year, Dr. Phillips has been advisor of the work done by the young people's group of the church and work in this department is expected to be enlarged and standardized further by the election of the new board.

BASKETBALL GAME WAS 62-20 VICTORY

FORESTRY ACADEMY UNABLE TO HOLD BUCKNELL TOSSERS

Coach Musser Was Able to Try Out Nearly Every Man on Squad.—Visitors Allowed Five Points in Second Period.—Kramer Sustained Broken Nose.

Bucknell's opening basketball game with Pennsylvania State Forestry Academy Friday evening resulted in a victory by a 62-20 score, and enabled Coach Musser to get a good line on almost his entire squad of players. The first half proved a fair game, but in the second part the visitors began to lag and rapid substitutions followed.

The game proved a steady contest for the opening minutes of play with the score running low and quite even until the latter part of the period when Mathieson began to show up in his old-time form. Few long shots were tried by either team, only one by Mathieson being of such character as to win applause from the spectators. Short shots however, soon began to tell and when the first period closed the score stood 34-15.

Early in the second substitutions were the feature of the game. Dietrich and Bowser appeared favorites and each won applause from the large number who witnessed the contest. During this part of the game the visitors were able to secure only two baskets and only one score from fouls. The refereeing of Col. Morris took the good will of those present and was highly satisfactory. The class of team presented by Forestry Academy was good, considering a student body of thirty-three members and their passing was good. In the whole game only four fouls were called against the visiting team. Haupt proved their star man with five baskets.

Mathieson showed up with ten baskets and Waddell and Martin followed with five baskets each. Bucknell's quintet managed to keep the ball most of the time. Kramer sustained a broken nose in the latter part of the game.

Summary:

Bucknell		Pa. Forestry
Townsend	forward	Haupt
Mathieson	forward	Swingler
Dorris	centre	Kramer
Waddell	guard	LeRoof
Bell	guard	Nicholas

Goals. Bucknell—Mathieson 10, Townsend, Waddell 5, Martin 5, Julian, Searles 2, Bowser 2, Caldwell, Claro. Dodge; Forestry—Haupt 5, Swingler, Kramer 2. Goals from fouls—Waddell 2 out of 4, Haupt 4 out of

ERNEST TUSTIN GIVEN HIGH HONOR IN PHILADELPHIA

APPOINTED DIRECTOR OF NEW PUBLIC WELFARE DEPT.

ONE OF BUCKNELL'S STRONGEST ALUMNI IN PUBLIC EVENTS

A Trustee of the University and Holds Many Prominent Positions in Widely Known Institutions.—Disposed of Private Business for Public Affairs.

The Public Ledger of Philadelphia gives the following account of interest to Bucknell:

Ernest L. Tustin was recently named first director of the new Department of Public Welfare by Mayor-elect Moore of Philadelphia.

Mr. Moore later issued this statement:

"I have asked Mr. Tustin to take the place of director of public welfare and he has accepted. The department of welfare presented a few more difficult questions than some of the other places because of being a new department under the new charter and in which there was much civic interest displayed.

"These names were all given careful consideration, some of the gentlemen referred to not being candidates and not desirous of taking up the arduous duties of the department. Senator Tustin's name has been before me since election, and his endorsements have been fine. The Playground Association and the many other civic bodies urged his selection.

"After conferring with him this morning I invited him to take the place and he accepted. We will confer later with Colonel Furbush about the relationship of the two departments of welfare and health, so that their work will not overlap, and will arrange for the organization of the new department as speedily as may be."

"The naming of a director of public welfare was pressing because no appropriation was provided for in the mayor's budget as submitted to councils. It was necessary to get on the job at once, while the finance committee was in session or let the new department stand over for a whole year.

"I have personally known Senator Tustin since he was a young man at the bar and have always appreciated his energy and adaptability to public service.

"His experience in public welfare work, including playgrounds, should commend him to public confidence. In my talk with him this morning Mr. Tustin advised me that he had disposed of his interest in the Hoskins Co. and was prepared to give his entire time to the public service."

Mr. Tustin was born in Lewisburg, a son of Francis Wayland Tustin, one of the founders of Bucknell University. He is a graduate of Bucknell and a post-graduate of the University of Pennsylvania. He began practice at law in Philadelphia in 1887, and is a member of the National, Pennsylvania and Philadelphia Bar Associations.

He was elected to the State Senate in 1907 and re-elected in 1911. He is the author of banking and pure food laws. A member of the commission that revised election laws, and was chairman of the Pennsylvania Commission to the Panama Exposition.

Mr. Tustin was recorder of deeds of Philadelphia County for four years, a member of board of recreation for many years, and president for three years.

During the war he was chairman of the United States Speakers' Bureau and organized every county in the State. He was president and is now honorary vice president of the Playground Association, and is a director of the child federation.

He has been for the last twenty years vice president and treasurer of the William H. Hoskins Co., and managing executor of Alexander Reed & Co. He is a member of the Pennsylvania Chamber of Commerce and a director of the Philadelphia Board of Trade.

He is vice chairman of the board of Bucknell University and of the Hahnemann Hospital and College of Philadelphia, and a director of the board of education of the Northern Baptist convention, Crozier Theological Seminary, Crozier Hospital and Home, Chester, Pa.

Mr. Tustin is general counsel and director of the American Baptist Publication Society and the Pennsylvania Baptist Education Society, and treasurer and director of the Philadelphia Baptist Association and the Wisler Memorial Home.

He is a member of the Historical Society, Sons of the Revolution, Colonial Society, Union League, City, University and Philadelphia Country Clubs and president of the Overbrook Golf Club. In 1889 he married Ella Mae Woodruff. He lives at Overbrook.

ANNOUNCEMENT OF COLLEGE DEBATERS CHOSEN FOR SEASON

Tryouts for the two Intercollegiate Debating teams, the first to be formed since before the war, were held last week under the supervision of Prof. Rassweiler and resulted in the following men being chosen: G. W. VanDyke, C. M. Emerick, D. Hobart Evans, Finley Keech, Evan Ingram, Ralph Hartz, William Sugden and Walter Roos.

From these eight men two Varsity teams will be chosen for the Triangular Debate during the coming term as well as several other debates which are being planned. Each team will, of course, be composed of three men and the two remaining will be alternates, and they will be given full opportunity in appearing in debates other than the Triangular events.

The freshman alternates chosen are Shumaker, Henniger and McGuire. These men will work as alternates wit the regular Varsity debaters and will in that manner receive considerable aid in preparing material. T hey will conduct their debates separately when a schedule is formed.

TRACK LETTERS AWARDED

On Tuesday F. U. Davis received his major "B" for track, having finished among the first ten in the Cross Country Intercollegiate run at Lafayette. W. S. Masters and H. W. Jones received their "eBe" letter for participating in the same events.

LAST ISSUE

This is the last issue of the BUCKNELLIAN to appear this term, due to examinations beginning on Saturday.

New "Cut" System Effective Next Term

The new system of regulations regarding absences from class recitations will go into effect with the opening of the Winter term. Following is the ruling as set forth by the faculty:

A record of all absences will be reported weekly and filed in weekly at the Dean's office. Professors will hand in grades and pay no attention regarding absences in the grading, the professor's report being a judgment of the student's classroom and laboratory work.

The official ruling reads:

"Upon the completion of any course, the Dean shall deduct from the grade awarded by the professor, a certain amount determined as follows:

On a basis of 100, one point each for each of the three first absences, and three points each for each of the absences in excess of three. The remainder shall be the grade.

"Any student may annul the effect of absences by employing a tutor, who shall be designated by the President, with the advice of the professors in the several departments, and who shall be under their supervision as to amount, character and record of the work required. The expense of this additional work is borne by the student engaging the tutor, and the work must be completed within two school weeks subsequent to the absence and approved by the professor concerned.

INDEPENDENT SPORT

With the opening of basketball season comes the annual side-phase of basketball players who wish to form independent teams and play games on foreign floors. Nearly every season for the past several years Bucknell students have been surprised in picking up newspapers to find that "the Bucknell basketball team played at Neverheardofville and was defeated, or won by a small margin."

Such teams, although appearing under a different name, but composed of Bucknell students, are always advertised by the opposing team as the Bucknell 'Varsity, and the practice of allowing independent teams to play is detrimental to the name of the local college sport. The President of the college as well as the majority of students disfavor independent teams. Such groups are not authorized by the Athletic Committee. Every man has a chance to play Varsity basketball and if his ability is not of that calibre he will be given an opportunity to play in interclass games which will be arranged soon.

This is the last issue of the paper for the Hall term. Pre-war conditions have been evident in college and all its activities. Even more, each activity as well as the college itself has taken a mighty stride forward. You have been a part of that stride. You have reason to be glad, to be happy, to be thankful at the privilege of being a part. With this knowledge of a true season for rejoicing the BUCKNELLIAN extends to you the greetings of a very Merry Christmas and joins with you in looking forward to a still greater and a Happier New Year.

Women's College is to have two more telephones, but don't try and use this fact as evidence that women must talk even if more 'phones are necessary.

Why Not at Bucknell?

The Y. M. C. A. at Penn State has started something new to provide entertainment for the students. Every Friday night, they have moving picture shows in the Old Chapel, according to recent reports. In conjunction with the movies, they have a ten-minute talk. The speaker takes as his topic some subject and generally it concerns college affairs.

ALUMNI NOTES

Registrar B. F. Thomas was recently called to Factoryville to attend the funeral of Kathryn, nine-year-old daughter of B. J. Gardner, '06. Gardner was treasurer of the college athletic association while in college. He is very active in church and other work in his community where he holds the office of deacon and trustee. He is one of the leading active men in Factoryville and friends hear with regret of his recent bereavement.

Prof. R. J. W. Templin, '16, principal of Sunbury High school, visited at college several days ago. He taught in the Academy while attending college, and last spring he received his master degree.

James K. Pettite, '19, has been visiting friends at the Sigma Chi house during the past week.

C. E. R. Wenrich, '19, employed in engineering work at Pottstown, is visiting friends at Bucknell.

J. T. BAKER BUCKNELL GRAD. PASSED AWAY

J. Thompson Baker, a former resident of this place and a native of Union County, died Sunday morning at the St. Agnes Hospital, Philadelphia, where he had been confined for several weeks following an operation. Mr. Baker of later years became prominent as the founder of Wildwood, N. J., and was elected a Congressman from his district in 1912. He was a close friend of President Wilson.

Mr. Baker received his elementary education in the district schools in his neighborhood and later completed his studies at Bucknell University, Lewisburg. He pursued his law studies in the office of the late Judge Bucher and was admitted to the bar in 1870 and immediately entered the practice of the profession.

Mr. Baker and his family made their home in Lewisburg for many years. Later he went to Wildwood, N. J., and found that city, became its first mayor and the leading light in the city for many years. While a resident of Lewisburg Mr. Baker was identified with many interests. He served for a time as president of the Union National Bank, the Lewisburg Water Company, the Home Telephone Company and was also president of the board of trustees of the Beaver Memorial Methodist Church.

With his brothers he founded the present city of Wildwood, N. J., and later Wildwood Crest. He was elected first mayor of the consolidated city of Wildwood and was later chosen Congressman from the second New Jersey District in 1912, defeating "Stanwit Pat" John J. Gardner. Shortly after his election to the office he appeared as a guest of members of the Lewisburg Club in this place and delivered an excellent address.

Mr. Baker was a member of the Pennsylvania State Bar Association and later the American Bar Association. He received his degree of Master of Arts of Bucknell University.

The former Congressman was a historian of note and had collected much valuable data in connection with the services of his ancestors in both the Revolution and the Indian wars. For more than thirty years he was prominent in Masonic circles.

Mr. Baker is survived by his widow, whom he married in 1874, and by three daughters. They are Miss Frances Baker, who also served as a nurse in France; Miss Mary H. Baker and Mrs. Heeber Crane. Two brothers also survive, Philip P. Baker and Latimer R. Baker.

The funeral services will be held on Wednesday afternoon at three o'clock in St. Simeon's Protestant Episcopal Church, of which he was a member. Interment will be made in Cold Spring Cemetery.

Orpheum

WEDNESDAY

Constance Talmadge in Happiness a la Mode. A breezy farce comedy of the trials of a young married couple. Produced with many new twists which will afford amusement for all. Pathe News.

THURSDAY

Tom Moore in "Heartsease." From Charles Kline's stage success. A picture produced in a big way. The Grand Opera scenes with fashionable society in attendance on the "first night" has never been surpassed in pictures. Elaborate treatment and fine cast make this a production above the average.

FRIDAY

"The False Faces." Paramount Sensational Feature. Henry Walthall the star. A secret service story of the war. Enough "Big" situations to supply a dozen average picture plays. The escape of "Lone Wolfe" from a torpedoed steamer and his rescue by the submarine that sunk his ship is a big scene and gives Lone Wolfe the opportunity to learn the innermost secrets of the enemy. Big in Plot—Big in Production. Pathe News. Admission 22c.

SATURDAY

"The Girl Alaska. The First and Only Photoplay made in Alaska. Wonderful scenic effects, enormous glaciers, snow clad mountain peaks, thrilling snow slides, a Real Alaskan dance hall and an interest-holding story make this picture different. **Added Attraction—Mack Sennett Bathing Girls** in a **Lively Comedy. Coming**—The great production—"The Miracle Man." Griffith's big feature —"Broken Blossoms."

"THE LOVE DOCTOR"

Manuel Lederer's singing and dancing sensation "The Love Doctor," which will be the attraction at the Chestnut Street Opera House, Sunbury, Pa., on Tuesday, Dec. 9, is conceded to be one of the smartest and brightest musical comedies of recent years. The keynote of all Mr. Lederer's productions is the "intimate" spirit between players on the stage and the audience in the theatre.

"The Love Doctor" affords a splendid opportunity for all because the play has a real plot, natural, intelligent, witty dialogue and possesses that subtle touch of refined comedy that compels laughter. There are interwoven a number of pretty love scenes which add greatly to the effectiveness of the story.

JOE KOSTOS ELECTED CAPTAIN 1920 FOOTBALL

Ross, Shaffer and Parry are New First Assistant Managers. Mayhood in Charge of Freshman Team and Smith in Charge of 2nd 'Varsity.

The last events in the football season took place this past week when football men were awarded letters, the captain elected and the new student manager and first assistant managers chosen. These items of business brought to a close one of the most successful season the Orange and Blue has enjoyed in several years.

Thursday evening "Joe" Kostos was elected captain of the Eleven for the coming season. Kostos played a consistent game at halfback position and as a dependable ground gainer he won the hearty applause and favor in the student body as well as among the football players.

Twelve men were awarded the Bucknell "B," the first letters to be awarded football men under the new Athletic Constitution. The new clause under which the letters were granted requires each man to play at least two periods in each of not less than six games: F. B. McDermott, J. C. Hendren, V. A. Bihl, D. W. Morrett, W. F. Homan, Joe Dent, J. Kostos, S. J. Peale, Max Rosenbloom, T. J. Mangan, A. Bowser, G. E. Ebner.

The choice of student football manager from the three first assistants was William Willman, with Chelton V. Smith second and Floyd Mayhood third. By ruling of the athletic constitution Smith becomes manager of the second 'Varsity team and Mayhood will take charge of the Freshman football team. The choices for first assistant football manager from the group of second assistants was Willis Ross, Harry E. Shaffer and William Parry.

GLEE CLUB PUBLICITY A NEW PHASE

ERROL H. DERBY APPOINTED TO SUPPLY PUBLIC INFORMATION

Annual Trip to Winfield Saturday Night Accompanied by Rain for Fourth Time in as Many Seasons.—Large Audience in Attendance.

The Glee Club is rounding out a plan of action this year that will be better and larger than ever before in the history of that organization. Errol H. Derby has been appointed publicity manager, and has already started a campaign of advertising which promises to have big crowds for the club at every place they give their entertainment. Cuts of the club and soloists are being made, and when completed, will be sent out to all of the newspapers in the town and cities which the club will visit. The picture was taken several weeks ago, and will be used in the programs as well as in the publicity work.

Publicity Manager Derby

The publicity manager is in charge of all of the advertising matter and newspaper material that is to be used by the various interests in the cities that are putting on the concert. The material is all sent out from Lewisburg, and in so far as possible is adapted to each respective city. Special news stories concerning the clubs are sent out each week, and in case certain members of the organization live in towns where concerts are scheduled stories are sent out to those papers in the town, mentioning the fact that a local man or men are appearing with the organizations.

It is also planned to send the publicity manager ahead of the club and to have him arrange for all of the small details in connection with the concert, thus avoiding possible misunderstandings. It also may be undertaken for the spring trip throughout New Jersey.

Daily rehearsals are now being held by the Glee Club and orchestra and everything is being put in readiness for the western trip. The men who live west of Lewisburg are to assemble at Altoona on December 20, and meet the other men who will come to Lewisburg and leave here in a body for Altoona. A special coach has been provided by Manager DeWire for the entire trip, and the full itinerary calls for twelve concerts. The itinerary is practically the same as was published.

The clubs journeyed to Winfield on Saturday night where an excellent concert was given. Many of the new men are rapidly gaining confidence and it is now hoped to have another concert scheduled this week in one of the other nearby towns in order that the men may get used to appearing in public.

The men who are to make the trip will assemble in Lewisburg December 27 and 28 and will leave Lewisbug for Altoona early on the morning of the twenty-ninth. The boys will return to Lewisburg on January 11.

DICKINSON GAME

From Page One

and reached the 20-yard line when the whistle blew.

This game was the last college football for Peale and Dent who, though both injured, expressed a desire of playing in the final contest of the season. Their work was of the usual high calibre as it has always proven in the past several seasons.

FRESHMAN OFFICERS

The following permanent Freshman class officers, following matriculation were elected last week: President, Cloward; vice-president, Lovejoy; secretary, Miss Musser; treasurer, Parmley; historian, Miss Fisher; poet, Miss Livingston.

A Gateway—Electrical

ONLY a forty-foot gateway bounded by two brick pilasters and ornamental lamps, but unlike any other gateway in the entire world.

For back of it is the General Electric Company's main office building, accommodating 2300 employees. And just next door is its laboratory with the best equipment for testing, standardizing and research at the command of capable engineers. Then down the street—a mile long—are other buildings where everything electrical, from the smallest lamp socket to the huge turbines for electrically propelled battleships, is made by the 20,000 electrical workers who daily stream through.

What a story this gate would tell, if it could, of the leaders of the electrical industry and business, of ambassadors from other institutions and from foreign lands.

The story would be the history of electric lighting, electric transportation, electric industrials and electricity in the home.

This gateway, as well as the research, engineering, manufacturing and commercial resources back of it, is open to all who are working for the betterment of the electrical industry.

Illustrated bulletin, Y-863, describing the company's several plants, will be mailed upon request. Address General Electric Company, Desk 43, Schenectady, New York

WOMEN'S COLLEGE

Frill and Frown Dramatic Society Made Appointments.—Thanksgiving Dance and Sorority Parties.—More Telephones for Girls.

Regardless of the fact that a large number of the students left Bucknell during Thanksgiving vacation, those who remained enjoyed the vacation far more than former ones spent here. Perhaps the reason was the fact that the co-eds on Friday evening gave one of the most successful dances of the season. The thirty couples present, chaperoned by Miss Bromley and Miss Rainey, put life in the "gym" to the strains of Derby's orchestra which lacked nothing in "pep." The dance was under the management of Bertha Smith, '23, and Hilda Coates, '21.

The long-looked-forward-to rFill and Frown tryouts took place in the "gym" Saturday morning when seven plays were staged under the direction of Beatrice Fetterman, Emily Devine, Marjorie Sprout, Evelyn Powell, Matilda Bell, Martha Leiser, and Clara Casnen. But five members were chosen from the forty or more girls who competed and the successful ones were Sue Plummer, Ray Seaman, Mar Appleman, Lillian Russell and Helen Kitlowski, all of the class of 1922.

Delta Delta Delta held their annual Christmas party for Freshmen in the Women's College living room Friday night. The place was decorated with pine trees and society colors, making in all, a very lovely scene. Dinner was served and afterwards dancing was enjoyed.

Women's College living room was the scene of a pretty Christmas party Saturday night, when Eta Siga entertained a number of freshmen. The room was decorated to resemble a snow storm, with pine trees about, making the appearance of a forest in winter time. Dinner was served followed by games and dancing.

At Student Government meeting last Wednesday night the girls were informed that two telephone booths would be installed in the Women's College office during Christmas vacation. Needless to say the announcement met with great applause.

MISS KEENEY TO BE MARRIED ON CHRISTMAS

Tuesday evening at a party given to the ladies of the faculty in Women's College, Miss Ruth M. Keney, instructor in Spanish and German, announced her engagement to Dr. William Gray Vermilye, of New York City.

The wedding will take place on Christmas afternoon at four o'clock in the Methodist Church at Monson, Mass., Miss Keeney's home. The wedding march will be played by Miss Jessie Cooper and Miss Charlotte Armstrong will render a violin solo.

Dr. Vermilye is a Lieutenant, Senior Grade in the navy and during the period of the war was head surgeon on one of the army transports. Previous to the war he was in the Secret Service department.

Up to the present time no successor to Miss Keeney has been secured.

NEW SOPHOMORE CLASS PRESIDENT IS R. K. HUTCHISON

A busy class meeting was held by the Sophomores Friday afternoon at 2:30. President Stewart appointed the following annual banquet committee: G. Mathieson, V. Mullen, Sugden, R. K. Hutchison, Bob Williams, Parry, Diffenderfer, A. K. Lewis.

It was decided to award class numerals to all fellows out for class athletics. Dallman was elected base ball manager. Norman L. Stewart, Sophmore President, tendered his resignation, as he left college last Saturday. Lewis, the vice-president, took the chair until R. K. Hutchison was elected the new president.

COACH REYNOLDS IS BACK TO BUSINESS

Coach C. W. P. Reynolds has returned to his merchant's business in Syracuse which is known as C. W. P. Reynolds & Co. Inc. He has again assumed active charge after his eleven weeks at Bucknell. This is the first lengthy trip Coach Reynolds has had from his business and he has promised to give a decision early in January concerning coaching next year, as soon as he learns how his business has progressed during his absence.

SECOND ASSISTANT MANAGERS

Registration for second assistant managers in football is open now and will remain open until March 1. These offices are open now to members of the freshman class as all second assistants are sophomores and the candidates who appear now will begin active work next fall when the season opens. It is hoped that at least eight or ten men will report.

PAYMENT OF COLLEGE BILLS

All College bills for the Winter term must be payed on or before January 10.

THREE DEFEATS AND THREE WINS IN BASKETBALL

LOST LAST WEEK TO SYRACUSE CORNELL AND COLGATE.

WON GAMES FROM GEORGE WASHINGTON LEB. VALLEY AND HOPKINS

Summaries of Contests Played During Holidays and of New York State Trip Last Week.

Following three successive defeats, the Bucknell basketball quintet came back Saturday evening by defeating Lehanon Valley on the local floor by a score of 55 to 15. During vacation Bucknell defeated John Hopkins Dec. 19 by the score of 33 to 25. The following evening they defeated George Washington 42 to 17. On January 6 Syracuse defeated the Orange and Blue 38 to 25. Cornell followed the next evening by defeating our team 36 to 25 and the third evening Colgate ran up 56 points to our 38.

Johns Hopkins Game

The Johns Hopkins game at Baltimore was quite evenly matched and Bucknell kept just enough points in the lead to make the game exciting. Weinert secured six of the nine baskets of the home team and "Matty" led the Orange and Blue with five baskets. The other forward position was played by Townsend, with Dorris at centre and Bihl and Woodring at guard. There were no substitutions. The victory of 32-25 by Bucknell shows good guard work on the part of both teams.

George Washington Game

The same lineup won from George Washington at Washington, D. C. on Dec. 20, Martin for Dorris being the only substitution in the easy victory of 42-17. Mathieson showed the George lads some pretty playing when he tossed nine baskets while the total number of baskets for the whole game for the Washington team was only seven. The game was an easy one for the Bucknell quintet who showed superior playing in all departments of the game.

The three successive defeats a week ago at the hands of Syracuse, Cornell and Colgate represents some of the hardest playing that the 'Varsity has met with this season. In the Syracuse and Cornell games Bucknell secured more points than their opponents in the second half but in Colgate game the second half was the winning one against Bucknell.

Syracuse Game

At the close of the first half Syracuse led 27 to 9 and in the second period Bucknell got 16 points to the opponents' eleven, losing the game by the score of 38 to 25. Dietrich won applause when he substituted for Woodring and held Syracuse's star forward to no scoring. The lineup:

Bucknell		Syracuse
Townsend	Forward	Lavin
Mathieson	Forward	Paul
Dorris	Centre	Conlin
Waddell	Guard	Barsha
Woodring	Guard	Greenman

Goals—Townsend 4, Mathieson 3, Dorris, Waddell 2, Lavin 4, Paul 5, Conlin 3, Greenan 2, Parker 2. Goals from fouls—Waddell 5 out of 9; Lavin, 2 out of 5; Paul, 4 out of 8. Substitutions—Dietrich for Woodring. Parker for Conlin, Sawyer for Lavin.

Cornell Game

In Cornell's victory of 36-25, that team lead Bucknell 19 to 6 in the first period. In the second half Bucknell secured 19 points against 18 of the home team. Mathieson played this game with a sprained knee and ankle and was able to secure only one basket in the entire game, although he put up a game fight. The lineup:

Bucknell		Cornell
Townsend	Forward	Porter
Mathieson	Forward	Molinet
Dorris	Centre	Rippe
Dietrich	Guard	Bastian
Waddell	Guard	Cornish

Goals—Townsend 5, Mathieson, Waddell 5, Porter 3, Molinet 3, Rippe 2, Spader 3, Cornish, Spader, Seit. Goals from fouls—Porter 5 out of 12; Spader 1 out of five; Waddell 3 out of 5. Substitutions—Martin for Dorris, Spader for Molinet, Seidman for Porter, Seit for Cornish.

(On Page Three)

FRESHIES NOTICE

Freshmen will hear with satisfaction that Senior Council has authorized President Nancarrow to announce that rules will be very rigidly enforced this term in every phase.

NEW COLLEGE CATALOG

The annual college catalog will show some marked changes when it appears during the Winter term. Through the efforts of Grant Painter '17 the volume is being printed at the Williamsport Sun job department. For many years the catalog has been printed at Philadelphia.

NEW STUDENTS

Among the new students this term are three men sent by the Federal Educational board for disabled soldiers. They are Jesse B. Thompson, Walter B. Shaw and Rupert Swetland. Other new students are Thomas W. Ling, Miss Theresa Malfara, Frank W. Summerfield and A. Leonard Wheat. Miss Grace Poust and Miss Helen Walton, who have been absent from college, have returned and resumed their studies.

NEWSPAPER ASSOCIATION SECURES EDITOR MORGAN AS EXECUTIVE SECRETARY

The Intercollegiate Newspaper Association of which this paper is a member, took another big stride in its rapid advancement when an executive secretary was secured. George Morgan, one of the editors of the Philadelphia Record, has consented to serve in this capacity, and under such able guidance each college publication is confident of a profitable future.

Mr. Morgan is author of the volume, "The True Lafayette," as well as a history of Philadelphia not yet completed, besides being a leading newspaper man of the East. The history which he is writing is to be used in the semi-centennial number of the Record next May. He is a graduate of Delaware College and has always been in college journalism.

B. U. DELEGATES REPORTED HELPFUL DES MOINES TRIP

CONVENTION WAS ALL THAT STUDENTS HOPED

WANT MILLION DOLLAR ENDOWMENT TO CARRY ON WORK OF SOCIETY

Local Delegates Met Fetter Brothers and McGann, Graduates of Bucknell, at Convention.

A definite report of the Des Moines Conference will be forthcoming next week when Professor Lindeman will submit his analysis of the five days' conference. There are, however, certain phases of the conference that it is deemed proper to place before the students at this time.

A project was brought forward which proposed that all the colleges raise a million dollars as an endowment for the next four years to carry on the work of this organization. This means that Bucknell will be asked through her Alumni and students to raise a definite sum for the proposed endowment. Many of the delegates stated that they believed that the proposition would meet with the approval of the various colleges.

Another thing that was brought out forcibly at the convention was the fact that there is a call for men and women from all lands. These calls include not only appeals for missionaries but for men and women trained along medical, legal and business lines. To those who desire to follow up missionary work, the chances are exceptional because the old religion of the Orient is failing.

The part that the Y. M. C. A. played in the convention may best be summed up in the word, "Cooperation." As an organization expressing the thoughts and purposes of the student body of Bucknell, it entered into the spirit of the convention whole-heartedly and pledged itself to carry out the things that the great leaders advocated. One thing that helped to bind the purposes of the Y. M. C. A. to the great convention was the singleness of purpose and the ideals of both.

The great gathering was not without its personal touches. The Bucknell delegates had the pleasure of meeting several old Bucknell graduates, among the most prominent being the Fetter Brothers and McGann. The Fetter boys are both student pastors, one being stationed at Cornell University and the other at Boston; while McGann headed the Oregon delegates at the conference.

Those who were not at the Con. (On Page Three)

MASS MEETING LAST NIGHT FOR DELEGATES

DES MOINES MEN MADE REPORTS OF CONVENTION AND GLEE CLUB PROVIDED SOCIAL ENTERTAINMENT OF EVENING.

Two splendid selections by the Glee Club opened the mass meeting held at the gymnasium on Monday night.

Nancarrow, President of the Senior Class, introduced the speakers of the evening, the first being Dr. Hunt, who stated that the purpose of the meeting was to receive some of the reports of those who attended the Student Volunteer Conference at Des Moines, held during the past holidays. Dr. Hunt pointed out that the messages transmitted to these representatives was too colossal to be imparted at one meeting and that the student body cannot fully realize, at this time, the advantages secured by those attending the convention.

Delegate Ingram gave the purpose of the conference: that, of spreading religion and good throughout the world. Such speakers as John R. Mott and Sherwood Eddy outlined the plans they have formulated in civilizing those countries whose whole existence depends upon the action of the Christian world.

Delegate Harris, the next speaker, pointed out what the Student Volunteer stands for. Not only for oneself or country but for God and to exemplify His teachings broadcast was the theme.

The student body was thanked by McDermott for their aid in making it possible for these people to attend the conference and the honor connected with the appointments.

Haslam and Eaton spoke upon the possibilities of Africa and the agricultural end of missionary work respectively.

The Reverend Condict, an alumnus and graduate of the class of 1908, vividly impressed his audience with the importance of more men seeking the position, rather than have a few share all the burdens of carrying religion throughout the uncivilized countries of the world.

He was followed by Professor Lindemann whose address did much to please and more to impress the audience.

Harry Thomas, president of the Y. M. C. A., was the last speaker and thanked the students personally for the magnificent work they have enabled the representatives to do by sending them to the convention.

Regular Y. M. C. A. meetings will be held every Thursday night and a large attendance is desired at all the meetings.

WEST WING REPAIRS

EXCELLENT ALTERATIONS AND NEEDED FACILITIES ADDED ALLOWING MORE CLASS ROOMS IN ACADEMY BUILDING.

Improvements are being made on the rooms in West Wing and in the Academy buildings, which when fully completed, will be a fine addition to the housing capacity of the university. The improvements consist of repairs, remodeling shower baths and complete toilet facilities and papering and painting of these rooms. It is expected that they will be the equal, if not the better, of any of the rooms in the other dormitories of the University. A most careful overhauling is being made, and the improvements will considerably raise the standard of the college in regards to the dormitories.

It is worthy of especial notice that the repairs are being made on West Wing, as this is one of the oldest parts of the University buildings. For several years it has remained empty while the students of the college were at war, but the fact that it is being put into first class repair shows that Bucknell is coming back to its pre-war state. The Academy buildin, or the "Prep," as it is better known, was used as quarters for the football team this year. These rooms and the big mess hall are being remodeled into recitation rooms.

DAVIS ELECTED CAPTAIN

Last week at a meeting of Cross Country men Frank U. Davis was elected captain for the coming season.

PROF. EVERETT AT IMPORTANT COLLEGE MEETING

National Collegiate Athletic Association Urges Boxing as a College Sport—Football Action Taken

Bucknell was represented at the important sessions of the National Collegiate Athletic association at Hotel Aster in New York city on December 29 by Prof. Harry S. Everett, of the Bucknell faculty. The annual sessions of this association are very exclusive and important as can be judged by the principal speakers who were the Hon. Newton D. Baker, Secretary of War; Dr. J. H. McCurdy, of the Springfield Training schoo and Major John Pickering and Dr. R. Tait MacKenzie, both of the University of Pennsylvania.

While not compulsory, the recommendations of these sessions are usually adopted by colleges and the action is always taken seriously. This year it was decided that boxing be added to the curriculum of sport in all colleges and universities throughout the country. A committee has been appointed to draw up intercollegiate rules. Professional boxers and professional coaches will not be allowed to have anything to do with the sport however.

The question of football considered was the adoption of only those football schedules which supported the rules of the association, especially the one-year freshmen rule. This motion was passed in spite of a spirited objection from smaller colleges who claimed to suffer a disadvantage in not being allowed to draw players from the freshman class.

During the mid-year vacation Asst. Prof. H. S. Everett also attended the annual meetings of the Penna. State Educational Association at Philadelphia and the American Mathematical Society and the Mathematical Association for college teachers of America at Columbia Univ. New York City. Prof. Everett is a member of the latter organization. He also represented the University at the annual meeting of the National Collegiate Athletic Association at the Hotel Aster.

1920 L'AGENDA

ALL GROUP PICTURES MUST BE IN HANDS OF MANAGER MOHLER BY JAN. 28.

A meeting of the L'Agenda staff will be held in the parlors of the Womens' college at 7:15 Thursday evening, of this week. This will be one of the last meetings of the complete staff, and all of the members are urged to be present, as matters of importance will be brought up. In all respects, work on this publication is progressing very well. Manager Mohler has secured many advertisements and all of the individual photographs of the class are in hands of the editorial board, while most of the pictures of the class officers are being engraved. All of the latter class should communicate with the manager at once in order that their pictures may appear in the annual.

All fraternities and sociaties must have their pictures taken and in the hands of the manager by the 28th of this month in order to insure their appearance in the L'Agenda. Miss Shields, the local photographer, has arranged to make these pictures, and satisfactory work is guaranteed.

Individual writeups, to accompany the pictures, are rapidly coming into the hands of the editor, as well as some fine literary contributions. The review of the past football season is under way, and a close record is being kept of the basketball games. The calendar is bigger and better than ever this year, and it will be an unusual thing for a student not to find his or her name somewhere in its columns. In addition to this, feature sections are being prepared of all the odd, strange and curious things and happenings around college, as well as several other important things. The cover of the book will arrive shortly and will be placed on exhibition in one of the leading down-town stores, and subscriptions will then be taken.

Phi Psi Fire

Live coals from a kitchen rage caused a slight fire in the kitchen of the Phi Kappa Psi House shortly after the close of the Fall term. The blaze was soon discovered and the damage was slight.

SANITARY SCIENCE NOTICE

Those wishing to make up one term of the minor in Sanitary Science will meet in Room 7 at 4.30 p. m. on Monday January 19. It will be necessary to have a card of admittance to the class signed by the Dean.

DR. BARTOL HONORED

Dr. William Bartol, head of the Department of Mathematic, was elected a member of the Mathematical Association ofAmerican at a meeting in New York city January 2.

STUDENTS SORROWFUL AT DEATH OF A. E. LEES

Allen Eugene Lees, a member of Bucknell Ambulance Unit, No. 525, passed away at his home at Altoona on December 28, following illness caused by his hardships overseas.

Lees who received the Croix de Guerre decoration was a graduate of Bucknell Academy, class of 1916. He was in his freshman year athe University when he enlisted in the Unit and served about two years overseas. He was gassed and failed to completely regain his health. Last fall "Gene" as he was popular called, tried to resume his studies here, but his health prevented, and he returned home after several days. About Christmas time his condition became worse, and he passed away several days later.

A number of members of the Unit in that section of the State attended the funeral, as well as the Unit members who were on the Bucknell Glee Club trip in that section at the time. The floral tribute of his soldier-student companions was of exceptional beauty and a wonderful tribute to the companion who had always been so popular and helped to keep good cheer in the Unit during the gloomy months abroad.

INTER-CLASS BASKETBALL BEGINS THURS.

COLLEGE 'VARSITY AND ALUMNI TEAM WILL PLAY FEB. 27

Proceeds of Game to be Used to Purchase Insignia for Members of the 'Varsity Players.

An interclass basketball schedule has been arranged to take the place of the inter-fraternity league of past seasons and the first game will take place Thursday evening. The schedule includes fourteen games, among them one with the Alumni and the 'Varsity, the proceeds to be used in buying insignia for the members of the 'Varsity basketball team.

Due to the early opening of the schedule it will be necessary for classes to organize, arrange for practice besides electing a manager and captain for the different teams. Each class will arrange for the coaching of its team. The adte of the Alumni and 'Varsity game is Feb. 27.

Following is the schedule of games:

Jan. 14—Sophomores vs. Freshmen.
Jan. 19—Seniors vs. Juniors.
Jan. 22—Juniors vs. Sophomores.
Jan. 26—Seniors vs. Freshmen.
Jan. 29—Seniors vs. Sophomores.
Feb. 2—Juniors vs. Freshmen.
Feb. 4—Seniors vs. Juniors.
Feb. 9—Juniors vs. Sophomores.
Feb. 12—Seniors vs. Freshmen.
Feb. 16—Seniors vs. Sophomores.
Feb. 23—Juniors vs. Freshmen.
Feb. 26—Sophomores vs. Freshmen.
Mar. 4—Sophomores vs. Freshmen in case of tie.

GLEE CLUB TRIP A ROUSING SUCCESS

On Sunday the members of the Bucknell Glee Club and orchestra returned from their trip through Western Pennsylvania where they gave 12 concerts since December 29. Everywhere they were met by large audiences and the entire trip was the most successful ever arranged.

Practice will continue for the Eastern trip and for concerts in nearby towns during this term.

NEW REGISTRATION SYSTEM PROFITABLE

The new system of registration effective this term is proving of much worth and showed a decided improvement over past terms' registration. In general students' decision are very accurate and much time is saved in time required for registration of all students.

BIHL SHOT 14 OUT OF 14 FOR FRESHIES

UNUSUAL WORK AGAINST HARRISBURG TECH.

HE CAGED SIXTEEN FOULS OUT OF 21 AGAINST STEELTON HIGH

Freshman Team Lost to Tech, 40 to 28 and Won From Steelton 30 to 25.

The Freshman basketball team was defeated at Harrisburg in its first game by a score of 40 to 28 by the fast Harrisburg Tech. team last week. The game was fast and cleanly played throughout. For the first ten minutes of play, the score was close. The Tech. boys then jumped into a ten point lead and were never overtaken. Bihl was the star for the Freshmen, scoring 20 out of the 28 Bucknell points with 14 out of 14 fouls, and 3 baskets. The other members of the Freshman team held up well, but due to not having practiced long, the ten did not show its true strength. Emmanuel Single and Willsback played best for Tech. Summary:

Freshmen, 28;		Technical 40...
Dayhoff	Forward	Emmanuel
Julian	Forward	Lingle
Wren	Centre	Willsback
Bihl	Guard	Smith
Morrett	Guard	Frank

Substitutions—Elmer for Wren; Wren for Julian. Goals—Bihl 3, Ebner 2, Dayhoff, Julian(Emmanuel 5, Lingle 4, Willsback 3, Smith 2, Frank 2. Goals from fouls—Bihl 14 out of 14; Lingle 8 out of 11. Time of periods—20 minutes. Referee—McConnell, of Harrisburg. Scorer—F. Reamer, Bucknell. Timer—Knauss, Harrisburg Tech.

The Freshman team worked together better in the second game of the trip on Saturday night, defeating the Steelton High School team 30 to 25. Bihl was again much in evidence with his foul shooting, caging 16 out of 21 trials. The game was fast and close throughout. During the first half, Wren with four field goals, Bihl with 6 fouls and Caldwell with one field goal kept the Freshie team in the lead, the half ending 16 to 15 in favor of Bucknell. In the second half Dayhoff's playing showed up best, getting Dayhoff's playing showed up best, getting two field goals and doing some fine guarding. Bucer was the star for Steelton, caging four field goals and 3 fouls. In this game the team work of the Freshmen was much better than in the Tech. game. Morrett outjumped his man, which aided materially.

Freshman, 30;		Steelton, 25
Wren	Forward	Sellers
Caldwell	Forward	Bucceo
Morrett	Centre	Dailey
Bihl	Guard	Krout
Dayhoff	Guard	Roth

Goals—Wren 4, Dayhoff 2, Caldwell, Sellers 3, Bucceo 4, Krout, Roth. Goals from foul—Bihl 16 out of 21; Bucceo 3 out of 5; C. Dailey 4 out of 11; Sellers 0 out of 2. Time of periods—20 minutes. Referee—White of Steelton. Scorer—Reamer, Bucknell. Timer—Regan, Steelton.

BUCKNELL OFFICIALS CONVENE AT PHILADELPHIA

Trustees and other officials of the University met in session last evening at Philadelphia, where it is expected that important business was transacted. No word was learned today of the meeting but Graduate Manager A. O. Verse, Prof. B. W. Griffith and Prof. E. M. Heim, who are interested in Bucknell athletics are in attendance.

SPRING TRACK PLANS

Bucknell has received an invitation to take part in the Twenty-Sixth Annual Race carnival of field and track events at University of Pennsylvania April 30. Arrangements are being made for an Orange and Blue team to take part.

Basketball Schedule

Jan. 16—	Dickinson	Here
Jan. 17—	Lehigh	Away
Jan. 24—	Franklin & Marshall—	Here
Jan. 31—	Navy	Away
Feb. 6—	Juniata	Here
Feb. 13—	Ursinus	Here
Feb. 14—	George Washington—	Here
Feb. 19—	Marietta	Here
Feb. 27—	Gettysburg	Here
Mar. 4—	Gettysburg	Away
Mar. 5—	Dickinson	Away
Mar. 13—	Lehigh	Here

Contributions from students and alumni are earnestly solicited. They should be written in a legible hand and on but one side of the paper. Address all articles to the Editor.

Member of the Intercollegiate Newspaper Association.

AID BUCKNELL

Dr. Phillips has received an appointment which will play a prominent part in the Interchurch World movement in which Bucknell will be vitally concerned along with other college throughtout the nation. He is preparing a survey of Bucknell upon which facts the Universitius need or at least, $1,000,000 will be based.

The report asked of Bucknell and of all educational institutions, state institutions excepted, is minutely detailed. Each Bucknell activity, each organization, each student and each alumnus will be needed to do his bit in making our college report accurate and complete.

The facts asked for will be just, and should be carefully prepared and submitted when requested by Dr. Phillips. He will be overwhelmed in aiding other institutions of the State in preparing their reports due by February. Cooperation must be the Bucknell motto and Bucknell action.

Dr. Hunt and Dean Phillips are already active in Baptist circles for the arrangements for a request of at least $1,000,000 for the University. Their endeavors will be beneficial to every person interested in Bucknell. Professors, Alumni and undergraduates will play their part in a greater and a more efficient by cooperating.

COACH REYNOLDS WANTED

To more than a mediocre degree has interest been centered during the past several weeks in the matter of the selection of a coach for the football season of 1920. And no little anxiety is being manifested in the outcome of the meeting held in Philadelphia last night. Whatever disposition is made of the case by those who control the destinies of Bucknell in her relative athletic pgsition, nothing can do more for the good of Bucknell's gridiron representation than to secure the services of that man who has done more for football in our university during the past several years than has any other coach. Mr. Reynolds has proved convincingly that on the field he is master of the situation, the right man in the right place. He endeared himself to the student personally and to the student body as a whole. And this he has accomplished not through any politics, but by his true blue spirit for Old Bucknell. His efforts could produce nothing other than results of which student and alumnus alike must feel proud. Every student positively must, whenever he mentions the name Reynolds says, "There is a man." It is a name that has already made an enviable record for the College on the Hill; it is the name of the man who can continue the work so nobly begun; and every student, irrespective of his political inclinations, will, as a matter of course, be pleased to welcome Mr. Reynolds as coach for the following football season.

ALLEN EUGENE LEES

Following is an editorial from the Altoona Mirror on the death of A. E. Lees, a member of Bucknell Unit 525:

Allen Eugene Lees, the young Juniata soldier, gave his life to his country just as truly as if he had died in action in France, where he served with distinction for many terrible months.

He was not wounded although the was slightly gassed on several occasions. When he came home last spring he was apparently in the best of health. But the awful experience through which he had passed as an ambulance driver—gathering up the wounder under withering rifle and shocking shell fire, carrying them back to the surgeons, and doing all the countless things which ambulance drivers were obliged to do in the World War—had so sapped his vitality, had so shattered his rugged constitution that even his clean life was not sufficient against the ravages of the battlefield.

He was as courageous in meeting the grim reaper at home as he had been brave in risking his life on the crimsoned sectors of France. He had faced death before and was not afraid. His indifference to death in the discharge of his duties as a soldier won for him the croix de guerre. And so a little while before the spirit winged its flight back to its Maker, in Whom he had placed his trust, he smiled and gently pressed his father's hand in an unuttered farewell.

"Gene" Lees gave the last full measure of devotion to the flag and to the world; he died that others might have freedom. He did not die in vain.

We wish some of the Electricals—Factulty et al—would discover a feasible plan to take the flicker out of the lights on the hill. The local optometrists are reaping a rich profit from our suffering "Hilltites."

WILD ONES

Weekly Contribution By Our Staunch Friend "Scissors."

She laid the still, white form beside those that had gone before. No groan, no sigh burst from her. Suddenly she let forth a cry that pierced the still night air, making it vibrate into a thousand echoes. It seemed as if it came from her very soul. Twice the cry was repeated, and then all was quite quiet again. She would lay another egg tomorrow.

Delta Sigma Dinner

Saturday evening Delta Sigma will give a dinner party to a number of young ladies of the Seminary at their house on St. George street. The affair will be their opening social function for the term.

BASKETBALL PLANS FOR PRESENT TERM

Improvement in Seating and Lighting Likely.—Freshman Team Will Have Schedule and Interclass Teams Will Play.

Among the items of interest in connection with the basketball season has been the arranging of a Freshman team schedule, improvements at the gymnasium nad the arrangement of an interclass schedule.

Following the opening this term it is likely that bleachers will be placed on each side of the basketball floor beneath the running track, more lights may be installed and new score boards are planned, according to information from the athletic department.

This year for the Freshman basketball team schedule each of the five first assistant student managers have been instructed to arrange two games for the team. This work in arranging the games which is progressing rapidly, a test in determining the ability of the men as managers. The games will be played after the holidays.

Presbyterian Happenings

Just before the holidays forty affiliated student members were received into the church. All those who have no church of their own denomination here are given the opportunity next Sunday to affiliate themselves with the Presbyterian Church.

The pastor also desires to call attention to the Christian Endeavor Society, which is making fine progress junior the leadership of the President, Hobart Evans.

Methodist

Mitchey "19" Active

Rev. Brenneman, pastor of the Methodist Church, recently received a very interesting letter from Witchey a graduate of the class of '19. He is at present in Cleveland, Ohio, working in the offices of Swift & Co. meat packers. He is learning the business with the aim of becoming an office manager.

"EXPERIMENTAL PHYSIOLOGY" NEW BOOK BY PROF. RICE

Assistant Professor John W. Rice, of the Biology Department, has just received from the printer a book on "Experimental Physiology," of which he is the author. The volume contains about 100 pages and is arranged for experimental and laboratory work in Biology subjects. The volume is quite condensed and contains much material in practically every phase of Biology subjects. Prof. Rice has also made a number of excellent chart drawings during the past few weeks.

DEATH OF MRS. FRIES

Mrs. C. C. Fries, wife of Prof. Fries, of the University, died at Trenton, N. J., Dec. 26. Burial was made at Rutherford, N. J., Sunday. Mrs. Fries was a graduate of Bucknell. She had been in ill health for some time.

B. U. DELEGATES REPORTED

(From Page One)

vention cannot appreciate the fullest significance without knowing in part what the speakers said. Sherwood Eddy, one of the chief speakers of the convention, spoke on: "America Now is on Trial Before the World." Mr. Eddy declared that the only remedy for the social, moral and spiritual ills of America was the gospel; and further declared that the American nation was on trial before humanity. He wound up his remarks with the assertion that the league would become a reality only when the gospel made it so.

P. C. Chang, a Chinese educator, spoke on: China on the Brink of Upheaval." He declared that China was undergoing a transition which if not carefully watched would result in her ruin. He attributed her moral breakdown to the subtle influences of bureucracy and the fact that at present 96 per cent. of the Chinese are illiterate. However, missionaries have succeeded in opening 40,000 schools but these are still 65,000,000 Chinese children awaiting for school facilities.

Dr. John R Mott, chairman of the Convention, spoke on "The Needs of the Present." He declared that the students had gathered for the purpose of obtaining a commanding vision of the new world. The chief need of the present, Dr. Mott said, was leadership and he said that this must come from the students. Many others spoke on different subjects which had a direct bearing upon the convention.

At all events, it is important for Bucknell students to comprehend not vention from the point of view of alone the bigness of the student conmunbers that attended, but also to comprehend the greatness of the idea it signified and to realize that this great idea of world evangelization is in the line of the channel of human progress.

It is worth while to pause and note that in a time of world distress and disquiet not parallel in recent times, the underating effort of thousands of calm but enthusiastic young men and women, is bent toward the spreading of a kindly and confident view of life, the reporting of despondency and fatalism, the bringing of human comforts along with inspiring thoughts to the remotest of the world.

TWO MORE LECTURES IN STORE FOR BUCKNELL STUDENTS

Beginning with the instructive lecture of Count Tolstoy, of Russia, last Friday, the University Club has opened a series of three lectures which will prove of great interest of Bucknell. The two lectures following promise to equal Count Tolstoy's.

February 6 is the date for the next lecture to be given under the auspices of the University Club and the Y. M. C. A., and Hamlin Garlan, the novelist, will be the speaker. The last lecture of the series of three will take place on March 15 when J. I. Harbourn, Editor of Youth's Companion, will lecture here. Two hundred and thirteen season tickets have been sold, and the attendance at last Friday night's lecture was large. The Y. M. C. A. and the University Club desire the cooperation of the student body and it should be the aim and desire of every Bucknell student to give their support to organizations which have the welfare of the College at heart.

THREE DEFEATS

(From Page One)

Colgate Game

Bucknell played to a tie with Colgate in the first half, the score standing 21-21, but in the second half Colgate broke loose for 15 baskets, seven being tallied by N. G. Anderson, making the final score 66 to 38. The lineup:

Bucknell		Colgate
Mathieson	Forward	C. Anderson
Townsend	Forward	N. Anderson
Martin	Centre	Cottrell
Waddell	Guard	Steffen
Dorris	Guard	Lenirekman

Goals—Mathieson 7, Townson 5, Waddell 3, C. C. Anderson 5, N. G. Anderson 8, Cottrell 6, Steffen 3, Lenirekman 3. Goals from fouls—Waddell 5 out of 11; C. C. Anderson 1 out of 7. Substitutions—Woodring for Dorris, Moser for Steffen, Barnes for Cottrell.

Lebanon Volley Game

Team work was a noticeable lacking feature of the playing in Saturday's game, on the part of the visitors. The ball was in the hands of the Orange and Blue players most of the time. The playing was hard and fast throughout the entire game. Lebanon was unable to locate the basket and secured only seven points in the first period against 26 of Bucknell's. The lineup:

Bucknell		Leb. Valley
Townsend	Forward	Moore
Mathieson	Forward	Harvey
Dorris	Centre	Seltzer
Dietrich	Guard	Fishburn
Waddell	Guard	Wine

Goals—Townsend 8, Mathieson 7, Waddell 3, Martin 2, Moore 3, Harvery, Fishburn. Goal from fouls—Waddell 5 out of 8; Fishburn 5 out of 8. Substitutions—Martin for Townsend, Woodring for Dietrich, Schumaker for Wine. Referee—Col. Morris.

MEMORIAL TABLET ERECTED AND UNVEILED IN PHI GAMMA HOUSE

On December 12, 1919, Delta Chapter of Phi Gamma Delta, held a memorial service in the Chapter house upon the occasion of the erection of a bronze memorial tablet.

The service was opened with a song by the chapter. This was followed by the reading of the 90th Psalm and a prayer by the Rev. P. A. DeLong. Muhlenburg, '92.

After delivering a splendid address, Brother John S. Woodruff, '90, unveiled the tablet. Following Brother Woodruff's address, an inspiring address was given by Rev. P. A. DeLong. The ceremony was brought to a close with a song by the Active Chapter.

The memorial tablet is placed in the hallway of the front floor of the Chapter House. The student body, faculty and public are cordially invited to visit the house at any time to view the tablet.

J. B. WATSON WILL LECTURE HERE

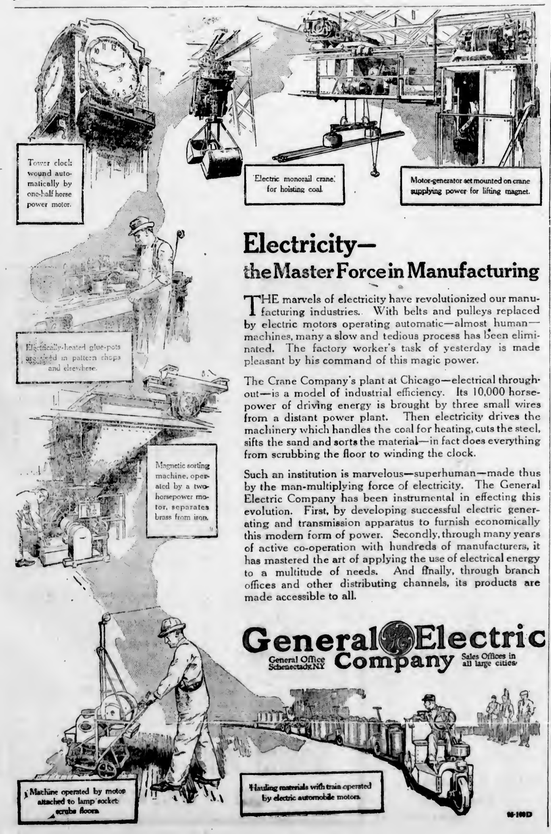
J. B. Watson, a national industrial secretary of the Middle Atlantic States, will address the student body of Bucknell on the 14th and 15th of January. The lecture will take place in Bucknell Hall and the subjects of them will be announced later. Mr. Watson has never spoken here before but from reports that have reached here, a treat is in store for the undergraduate body of Bucknell.

Pool Tournament

The results of the inter-fraternity pool tournament, of which two preliminary games was played off yesterday, were as follows:

Phi Gamma Delta, 100; S. A. E. 57.
Kappa Sigma, 100; Sigma Chi, 97.

It is the rule of the optimist to speak ill of no one. The pessmist is not so particular.



Tower clock wound automatically by one-half horse power motor.
Electric monorail crane, for hoisting coal.
Motor-generator set mounted on crane supplying power for lifting magnet.
Electrically-heated glue-pots specified in pattern shops and elsewhere.
Magnetic sorting machine, operated by a two-horsepower motor, separates brass from iron.
Machine operated by motor attached to lamp socket; cycles floors
Hauling materials with train operated by electric automobile motors.

Electricity—the Master Force in Manufacturing

THE marvels of electricity have revolutionized our manufacturing industries. With belts and pulleys replaced by electric motors operating automatic—almost human—machines, many a slow and tedious process has been eliminated. The factory worker's task of yesterday is made pleasant by his command of this magic power.

The Crane Company's plant at Chicago—electrical throughout—is a model of industrial efficiency. Its 10,000 horsepower of driving energy is brought by three small wires from a distant power plant. Then electricity drives the machinery which handles the coal for heating, cuts the steel, sifts the sand and sorts the material—in fact does everything from scrubbing the floor to winding the clock.

Such an institution is marvelous—superhuman—made thus by the man-multiplying force of electricity. The General Electric Company has been instrumental in effecting this evolution. First, by developing successful electric generating and transmission apparatus to furnish economically this modern form of power. Secondly, through many years of active co-operation with hundreds of manufacturers, it has mastered the art of applying the use of electrical energy to a multitude of needs. And finally, through branch offices and other distributing channels, its products are made accessible to all.

Among Our Alumni

A reorganization of the Pittsburg Alumni Association was effected December 11, at a luncheon given by prominent Bucknellians in honor of President Hunt at the William Penn hotel. Although relatively few graduates were on hand, owing to the short time available for announcements, a spirited and enthusiastic group greeted Dr. Hunt.

Owing to the departure from the city of the officers of the former branch association of Pittsburg, new officials were selected for the year, as follows:

E. P. Griffiths, '04, president; Fred R. Zug, '07, secretary, and C. E. Long, '08, treasurer.

The Pittsburghers plan to make their association a live and progressive organization for the betterment of the University and its interests in their city. They are the first alumni to establish a branch association with definite policies for co-operation with the new administration at Bucknell.

Prof. C. E. Geiger, '15, who is teaching at Peddie Institute, stopped off at the University during vacation.

"Pop" Snyder is now "Pop" for sure for a recent card was received by Prof. B. F. Thomas announcing the birth of a daughter, Dorothy Jane, to Mr. and Mrs. W. J. Snyder, who has been named Adaline Elizabeth. Prof. Snyder is a member of the class of '08, and is teaching at Edinboro Normal School near Erie, Pa.

Word has been received at Bucknell that Bertram H. Olmstead, M. D., class of '07, has opened offices in Detroit. Dr. Olmstead was formerly of the staff of the Calumet and Hecla Mining Company Hospital, Calumet, Mich., and recently returned from foreign service.

6534 Western Reference Teachers Wanted

During 1918-19 we received official requests from employers in forty-three States and four foreign countries for 6,534 teachers for Schools and Colleges from Kindergarten to University. OUR EIGHTH YEAR OF RECOMMENDING ONLY WHEN ASKED TO DO SO BY EMPLOYERS DIRECT. This is why OUR MEMBERS are usually chosen. They are wanted. No enrollment fee necessary. If you want a position with the Progressive Employers who depend upon our Professional Service for teachers you must use the same service they use.

WOMEN'S COLLEGE

GIRLS PREPARING FOR BIG BASKETBALL SEASON. — TENTATIVE PLANS FOR FRILL AND FROWN PLAY.—TOWN GIRLS IN STUDENT GOVERNMENT.

Upon returning after a merry Christmas vacation, the girls, much to their delight, found the "gym" equipped in preparation for some good basket ball games, besides a large amount of other gymnasium equipment. In a week or so all will be ready and then the co-eds expect to have many hard fought class battles. Managers and captains elected for the present season are:

Senior—Captain, Agnes Hoffman; Manager—Helen Walton.
Junior—Captain, Emily Devine; Manager—Ruth Mount.
Sophomore—Captain, Jennie Burke; Manager— Mary Shoti.
Freshman—Captain, Anna Fisher; Manager—Ada Thomas.

No doubt there will be a large number out from each class team and a lively season is being looked forward too.

At Women's College this week, the "Semites" discussed the idea of asking the College Girls living in town or commuting, to join them in their. After much discussion it was decided to put the matter before the town girls for their opinion on the subject. According to this idea, the town girls will have a part in all social functions, will take part in the honor system, but will have no rules or restrictions such as the "Semites" have. There will be a town girl as president of the town girls organization of Women's Student Government, along with an executive committee. However it will be necessary for "Semites" and town girls to meet at different times, but with co-operation, this will make Student Government a stronger, bigger and better body at Bucknell.

Frill and Frown on Thursday night last, discussed plans in regard to their big play to be given this term. Formerly it has been the custom to have the affair a private one, but now it is the aim of the club to try and give it to the public and charge an admission fee. The girls are all very much interested in the idea and each one expects to do all in her power to make the affair a success.

New telephone booths were to have been installed at the Women's College during Christmas vacation. This has not as yet been accomplished, but nevertheless the girls are looking forward to the happy day when they will arrive.

Miss Helen Meyle '20, Marion Reiss '20 and Rhea Burrett '22 have returned from the Student's Conference held in DeMoines, Iowa, during the holidays.

Word was received at the Women's College the week of the birth of Jane Elizabeth, daughter of Mr. and Mrs. Allen Henninger Jr. of Williamsport. Mrs. Henninger was formerly Miss H. Grace Good 'ex-'21.

GRADES FOR FRATERNITIES

At the recent faculty meeting it was decided that all grades given to fraternity representatives by professors shall be in alphabetical form, A, B, C, D and E.

Orpheum

WEDNESDAY
Olive Thomas in "The Spite Bride." Olive Thomas has scored another success in this picture. Her part of Tessie is the "straight," sweet and clean show girl, will appeal to all. The picture is very high class. Pathe News.

THURSDAY

MILTON, PA.

THE BUCKNELLIAN
BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. January 20, 1920 No. 13

New Football Schedule Contains Nine Contests With Four Local Games

GAMES WITH PENNSYLVANIA IS OPENING ONE.

LAFAYETTE IS NEW TEAM APPEARING ON LIST OF OPPONENTS

Assured That Thanksgiving Game Will be Played at Williamsport, Williamsport, — Games Declined With Many of Noted Eastern College Teams.

Following is the Bucknell football schedule for the next season:

Oct. 2—Pennsylvania at Philadelphia.
9—Ursinus at Lewisburg.
16—Navy at Annapolis.
23—Muhlenberg at Allentown.
30—St. Bonaventure at Lewisburg.
Nov. 6—Lafayette at Easton.
13—Gettysburg at Harrisburg.
20—Susquehanna at Lewisburg.
25—(Thanksgiving) Dickinson at Williamsport.

Four games at home and five away completes the schedule with perhaps the exception that a game may be scheduled for September 25. The game with Pennsylvania is their second one of the season.

By action of the Athletic Committee last September it was found advisable not to arrange games this year with Penn State and Syracuse. Games were also declined with West Point, Colgate, Cornell, Lehigh, Pittsburg and Detroit due to late requests and conflicting dates.

The game with Muhlenberg is the final one of a two-year agreement whereby they played on the Bucknell field last year and our team goes to Allentown this coming season. The Lafayette game, a new team on the schedule, includes a two-year agreement and Lafayette meets Bucknell again next year at either Lewisburg or Harrisburg. Lafayette hoped to play the game at Harrisburg this year but the game with Gettysburg the following week at the same place prevented arrangements.

The Dickinson game on Thanksgiving Day will be played in Williamsport as football fans in that town made strong efforts to bring the game there. Williamsport is a live town for football and in the past history of football many Penn State and Indian games as well as Bucknell and Indian games were played there before record crowds.

The handling of arrangements of the game will be done by college graduates in that town who are members of the Ross Athletic Association, Thomas H. Lynn, a Yale football man and an official, is president of the association, and Grant Painter, '15, is also a member. Final arrangements were just completed today to hold the game in this city.

INTERCOLLEGIATE PLANS DEVELOPING SATISFACTORILY

The Debating Concil has made some very substantial plans for debates with other colleges. The Triangular League opens February 27 with Dickisnon debating here with Bucknell debating at State, while State's other team is at Dickinson. Lafayette and Rutgers have both asked for debates and plans are being made for these debates. The debates with Lafayette will be a dual debate, held on February 21, if plans mature. The debate with Rutgers will be held at New Brunswick on March 18.

The question upon which these debates are too be held is, "Resolved, That labor, through representation of its own choice, should share in the management of corperate industry."

Besides the Varsity team, debates are being arranged for the Freshmen team and the girls' team.

The Penn State Collegian has the following to say concerning the debate schedule:

"The last two meets will be held on the twenty-seventh of February, one at home with Bucknell, and the other away at Carlisle with Dickinson."

"The only part of the schedule which remains uncertain is the girl's debate with Bucknell. The deciding factor of this is the personnell, and if the sufficient number of girls report for the squad this debate will be held some time in March.

L'AGENDA STAFF MET AND MADE FINAL PLANS

A meeting of the L'Agenda staff was held last Thursday evening in the parlors of the Women's College, at which time all of the final arrangements were made for getting the work done in time for the day set to go to press. it was announced that Weber,'20, had been secured to make all of the illustrations for the calendar, and that all other departments were coming along very well. The L'Agenda will go to press about the last of February, and will be distributed to the students on May 15.

The basketball game on Saturday with Franklin & Marshall in the Tustin gymnasium will be played in the afternoon at 3:30 o'clock.

DICKINSON AN EASY VICTORY FOR BUCKNELL

MANY SUBSTITUTIONS DURING SECOND HALF BY COACH MUSSER

Brock Was Heavy Scorer For Visitors Who Were Unable to Fathom Playing of Home Five.

The Bucknell University five defeated the fast Dickinson team at the Tustin gymnasium Friday evening by a score of 50 to 18. The local team had the situation well in hand at all times, and proved superiority over the Carlisle collegians at every point in the game. Waddell Townsend and Mathieson did most of the scoring for the Orange and Blue, Waddell being fine in shooting fouls, caging six out of a possible seven, and corralling three field goals in the bargain. Captain Townsend and Mathieson were tied with six baskets apiece. There was no high man in scoring in the game, as Waddell, Townsend and Mathieson each contributed twelve points toward the final count.

Bihl played a fine game in the other guard position, and held his man down to one basket. In the second half a number of substitutions were made by Coach Musser, and practically every man on the squad got in the game. Dietrich, Dayoff, Woodring and Julian showed up well in this line-up, while Bowser, who was put in as a substitute at center, had his opponent entirely at his mercy. In fact, the second half of the game proved to be of more enjoyment to the spectators than the first, as the scrubs played very well against Dickinson men, and caused their defeat to be more complete.

Brock was the heavy scorer for the Dickinson team, piling up ten out of their eighteen points. Davis and Kreps got one basket each, while Cohn shot four fouls. The first few minutes of play determined that the opponents were outclassed by the Orange and Blue aggregation.

Summary:

Bucknell		Dickinson
Mathieson	Forward	Davis
Townsend	Forward	Kreps
Dorris	Centre	Brock
Waddell	Guard	Minker
Bihl	Guard	Cohn

Goals—Mathieson 6, Townsend 6, Dorris 3, Waddell 2, Dayhoff 2, Woodring, Morrett, Davis Kreps, Brock 3. Goals from fouls—Waddell, 7 out of 8; Bihl, 0 out of 1; Julian, 1 out of 2; Brock, 4 out of 11; Cohn, 4 out of 8. Substitutions—Dickinson, Smith, Pritehard; Bucknell—Dayhoff, Dietrich, Dinn, Caldwell, Bowser, Julian, Wren, Gdaniec, Morrett. Referee—Bechtel.

BUCKNELL DANCE AT READING ON FRIDAY

The Derby Orchestra will furnish the music for the dance in Reading on Friday night. The dance is being held in the Masonic Temple after the Bucknell University Musical Club concert. The whole affair is being promoted by Bucknell students and alumni and promises to be one of the big social events of the present season.

Remember Inter-Frat Games.

COLLEGE EVENTS MUST RECEIVE O. K. OF FACULTY COMM.

The faculty committee governing students activities begins its work this week when the calendar opens for the arrangement of dates of public activities.

All students societies planning public entertainments must submit the desired time of giving the event as well as the names of the participants to the persons designated by the committee.

All women will hand the necessary information to Miss Carey. Technical students will confer with Prof. W. K. Rhoden and all other groups will report to Prof. C. C. Fries except musical societies who must report to Prof. Paul Stolz.

The necessity of reporting is to relieve the continual conflict of dates of student entertainments. All other leading colleges have adopted a plan of this nature and with renewed activities and growth of organizations the move is a necessary one.

All information must be submitted in writting, including the date and time desired and the names of the persons taking part. The eligibility to take part in the event will be based on scholarship and in case a student is below requirements in his studies he will be barred from taking part. Any organization contemplating a public entertainment in the near future must apply immediately for dates.

Each week the schedule of events authorized and permitted by this committee will be posted on bulletin boards in Main building on the hill and at Women's College, and in the Bucknellian.

BAPTIST RECEPTION FOR STUDENTS EVERY MONTH

Many students and leading discussion groups attended the reception at the Baptist Church last Saturday evening. The program consisted of "stunts" and games in charge of a student committee. These receptions served a double purpose, bringing together students who otherwise would not have the opportunity of meeting. Furthermore the students met many townspeople which helps establish a bond of friendship between them. it was decided by those present to hold a reception each month during the school term.

THREE "CUTS" PERMITTED BY FACULTY RULE

Three absences in a subject will be allowed beginning this term, is the amended ruling of the faculty at a meeting held last week. The news is received with great appreciation by the students who have been considerably agitated by the first ruling of the faculty whereby all absences resulted in a loss of grade and required special tutoring to annul "cuts."

The recent ruling states there will be no loss of grade for the first three absences, provided they do not occur within the first five days at the opening of a term or immediately before or after a recess. A fee of fifty cents for each absence will be collected by the college office for making up work to annul absences. If the work is done under a tutor designated by the professor, the fee will be paid to the tutor. The Dean is given the power to annul the fee in makeup work, if the absence is a legitimate one in his judgment.

The basis of 100 with 3 points off for each absence in excess of three is in effect.

VORSE HAS ACCEPTED POSITION WITH STATE DEPT.

A.O. Vorse has resigned as publicity manager and graduate manager of athletics and will sever connections with the university on February 1.

Mr. Vorse becomes editor of publications in the Pennsylvania Department of Labor and Industry at Harrisburg. It is hoped that he will still help on the college publicity work and on the Alumni Monthly. The Committee on Athletics will make revision for the athletic work of the graduate manager.

Basketball game at 3:30 Saturday.

REYNOLDS AGAIN BUCKNELL COACH FOR NEXT SEASON

Bucknell's athletic committee has announced the re-engagement of C. W. P. (Pete) Reynolds, of Syracuse, as football coach for next season. He has accepted the post.

Reynolds successfully handled the orange and blue eleven during the last season, and the demand for his return was unanimous. Faculty, trustees, student body and alumni are so well pleased with his work here last fall that they petitioned the athletic committee to engage Reynolds again.

With few experienced men in his squad Reynolds molded from his freshman recruits a team that was one of the best that has represented Bucknell in the last decade. He played Pennsylvania, 16 to 0; State 9 to 0, and Syracuse, 9 to 0. This showing against the strongest teams of the east has aroused the latent interest of Bucknellians all over the country, and it is believed that with Reynolds at the helm Bucknell will soon ascend to a high place in the gridiron sport.

Coach Reynolds refused an offer as coach for Columbia University and Frank K. (Buck) O'Neill, the past Syracuse coach, has accepted the position.

SILBERSTEIN TO WED

On January 27th, Miss Cecile Ruth Butler, of Pittsburg, will be married to Joseph R Silberstein, ex-'20, also of Pittsburg, according to word received here.

TRUSTEE BOARD MEETING

The semi-annual meeting of the Board of Trustees of th's University will convene at Philadelphia on Friday.

SACRED CANTATA IN PRESBYTERIAN CHURCH

The beautiful cantata "Holy Night" by Ashford, will be rendered in the First Presbyterian Church Saturday night at eight o'clock, by the Milton chorus of forty-two voices, assisted by an orchestra of twelve pieces. The admission is free, with a silver offering at the door for the Missionary fund of the Endeavor society. All music lovers should note this event, as choruses as large as this are seldom heard in towns of this size. It has been given twice in Milton to crowded houses, with hundreds turned away and has been the musical feature of the season.

FRESHMEN LOST AT WYOMING SEM. BY 46-29 SCORE

The Bucknell Freshman team took a trip to Wyoming Seminary on Saturday where they were defeated by a score of 46 to 29. The game was close until the first few minutes of the second half when the "Sem." boys jumped into a twelve point lead by a rush which netted six baskets. The individual star for the Freshman team was Julian, who scored 17 of Bucknell's 29 points, with five field goals and 7 out of 15 fouls. Caldwell with four field goals, showed up well while Dayhoff played hard at guard. For the "Sem." Krainey with seven field goals, starred.

Freshmen		Seminary
Julian	Forward	McCrone
Caldwell	Forward	Allen
Dinn	Centre	Boyle
Dayhoff	Guard	Krainey
Woodring	Guard	Goodiel

Time of periods—20 minutes. Referee—Brace. Scorer—Sutton. Timer —Quay. Goals from field—Julian 5, Caldwell 4, Dinn, Dayhoff, Krainey 7, Boyle 4, Goodiel 3, Allen 2, Harding 1. Goals from fouls—Julian 7 out of 15; Goodiel, 12 out of 17. Substitutions—Harding for Krainey, Fries for Boyle.

BROMLEY, '08, CHINESE MISSIONARY WILL SPEAK

Charles M. Bromley, '08, of Shanghai, China, brother of Miss Thirza Bromley, is slated to speak Sunday, January 25 in the Baptist Church. Mr. Bromley is well known in Lewisburg, and it is considered a privilege to have him speak at that time. The topic upon which he will speak has not yet announced.

Picture for L'Agenda will be taken at Miss Shield's studio at 2 p. m. Wednesday. All members of the BUCKNELIAN staff be present.

Inter-Fraternity League Organized and Season Opens Wednesday Night

THIRTY-SIX GAMES FOR NINE TEAMS.

CUP WILL BE AWARDED TO TEAM WINNING GREATEST NUMBER GAMES

Each Team Meets All Teams Once.—Double-Header Games Will be Played Three Nights a Week.

Following organization and necessary business details at a representative meeting Wednesday evening, an inter-fraternity basketball schedule was workout and the season will begin on Wednesday evening.

The following presentatives from each fraternity and a non-fraternity man met and formulated the league: Collins, Stewart, Yost, Brandt, Mohler, Clare, Parry, Willman, Williams.

The officers elected were: President, Harold A. Stewart, secretary, Victor Clare and treasurer, C. F. Brandt. The organization effected was in the nature of an executive council for the Inter-Fraternity league and it has completed all necessary details in the formation of the league. A cup will be awarded the team winning the greatest number of games. All games will begin promptly at 7.30 p. m., and will be played on Monday, Wednesday and Thursday evenings. No admission will be charged for the games. There is a tota lof 36 games during the period between January 21 and March 3. By the arrangement of the schedule each team meets each other team once.

The interest in the renewal of the league this year has warranted the canceling of the inter-class schedule with the exception of the annual Freshman-Sophomore game at a date near the close of the season.

Following is a schedule of the inter-fraternity games:

Jan. 21—Phi Psi vs. Kappa Sigma.
22—Delta Sigma vs. Sigma Chi.
22—Phi Gamma vs. S. A. E.
22—Lambda Chis vs. Forum.
26—Non-Frat vs. Phi Psi.
26—Kappa Sigma vs. Delta Sigma.
28—S. A. E. vs. Lambda Chi.
28—Sigma Chi vs. Phi Gamma.
29—Forum vs. Non-Frat.
29—Phi Psi vs. Delta Sigma.
Feb. 2—Kappa Sigma vs. Delta Sigma.
2—Phi Gamma vs. Lambda Chi.
4—S. A. E. vs. Forum.
4—Non-Frat vs. Kappa Sigma
5—Phi Psi vs. Sigma Chi.
5—Delta Sigma vs. Phi Gamma.
9—S. A. E. vs. Non-Frat.
9—Phi Psi vs. Forum.
11—Kappa Sigma vs. Lambda Chi.
11—Delta Sigma vs. S. A. E.
12—Sigma Chi vs. Non-Frat.
12—Phi Gamma vs. Phi Psi.
16—Lambda Chi vs. Delta Sigma.
16—Kappa Sigma vs. Forum.
18—Sigma Chi vs. S. A. E.
18—Phi Psi vs. Lambda Chi.
23—Kappa Sigma vs. Phi Gamma.
23—Delta Sigma vs. Non-Frat.
25—Sigma Chi vs. Forum.
25—Phi Psi vs. S. A. E.
26—Phi Gamma vs. Non-Frat.
26—Delta Sigma vs. Forum.
Mar. 1—Sigma Chi vs. Lambda Chi.
1—Kappa Sigma vs. S. A. E.
3—Phi Gamma vs. Forum.
3—Lambda Chi vs. Non-Frat.

Dr. Hunt at State College

Dr. Emory W. Hunt was the speaker at the chapel services at State College on Sunday. His sermon was much appreciated by the large number in attendance.

Next Sunday Dr. Hunt will speak at Peddie Institute at Hightstown, N. J.

Sigma Chi Dance

Saturday evening Sigma Chi entertained with a dance a number of the young ladies of the town. Calhoun's orchestra of Sunbury, furnished the music, which was thoroughly enjoyed by the dancers. Dancing began at eight and lasted until twelve. Mr. and Mrs. Robbins and Mrs. W. H. H. Morris were the chaperons.

Basketball Schedule

Jan. 24 Franklin & Marshall—Here
Jan. 31—Navy ..... Away
Feb. 6—Juniata ..... Here
Feb. 13—Ursinus ..... Here
Feb. 14—George Washington—Here
Feb. 19—Marietta ..... Here
Feb. 27—Gettysburg ..... Here
Mar. 4—Gettysburg ..... Away
Mar. 5—Dickinson ..... Away
Mar. 13—Lehigh ..... Here

PROF. RICE TO ADDRESS MEDICAL SOCIETY FEB. 6

At a meeting of the Medical society held Friday afternoon, the following officers for the year were elected: President, King, '21; vice president, Strine, '2; secretary, Jarka, '22 and treasurer and business manager, Zeller, '21. The picture of the society for the L'Agenda will be taken at Miss Shield's studio at one o'clock on Monday, January 26. The next meeting will be held on February 6, at which time Prof. John Rice will give a talk on various subjects dealing with medicine. From time to time other speakers will be on hand to address the society, and among them will be men of note and authorities on medical questions.

MUSICAL CLUBS AT READING THIS WEEK

TRYOUTS AND CHOICE OF ADVANCE AGENT FOR ADVERTISING CONCERTS

All Men Eligible and Candidate to be Named Before Next Week.—Will Advertise Scranton Trip.

The Glee Club and orchestra rehearsed Monday evening for the Reading-Pottstown trip and final plans have been made for the event which takes places Thursday and Friday of this week. Twenty-four members will make the trip and will leave on the Reading Railroad at 1:29 Thursday afternoon.

The first concert will take place at Pottstown on Thursday evening and on Friday evening the Reading concert will be given. The events have been well advertised and record crowds are expected as Bucknell is very popular in this section of the State.

For the coming Eastern trip Manager tryouts are arranged for this week. From advance advertising agent will be chosen and this lucky man will get his first experience on the Scranton trip which occurs before the big Eastern trip The Scranton trip includes concerts at Scranton, Carbondale, Wilkes-Barre and Pittston.

The complete details of the manager tryouts can be learned from Manager DeWire or President Botts. They will require candidates to write an article on how they would proceed to handle the advance advertising work for Glee Club concerts and their methods of arousing interest as well as including the writing of an article for a newspaper on the subject of a coming concert. The choice is to be made this week so men who wish to take part should report to Glee Club officers at once.

At the rehearsal last night President Hunt announced that men who were absent from classes on student activity events approved by the faculty committee will not be charged for making up the work, but must report to the Dean.

DISCUSSION GROUPS HAVE CHOSEN SECOND COURSE OF SUBJECTS

The courses being followed in the discussion groups on Sunday evening include four new topics. Miss Vera C. Rockwell has been persuaded by the student volunteers to lead an open group. The book to be used by the volunteers is called: "The Gospel for a Working World," which was written by Professor Ward.

The second topic to be taken up is the study of medical missions which will be under the supervision of Mrs. Peacock. This world-wide guild group will make an extensive study of these missions and much good is expected to be derived.

The Sophomore group for men and women have voted to take up a Biblical study course entitled: Jesus and the Young Man of Today. The pastor will be the leader.

The formation of these new courses are an indication that the discussion groups are realizing the importance of new topics and are devoting a great deal of time and efforts along this line.

Published weekly during the college year by the Bucknellian Board, representing the student body of Bucknell University. Subscription $1.50 per year. Make all checks payable to the Manager.

Entered at the Lewisburg post office as second class matter.

Contributions from students and alumni are earnestly solicited. They should be written in a legible hand and on but one side of the paper. Address all articles to the Editor.

Member of the Intercollegiate Newspaper Association.

Your Duty

Senior Council has started a worthy movement petitioning that Dr. John Howard Harris be made President Emeritus of the University. The petition is making its rounds now and should bear the name of every student. The request is one upon which our officials should take early action.

Dr. Harris spent the best thirty years of his life in behalf of Bucknell. He accomplished wonders and what the college is in the memories and hearts of most alumni can be credited to our past head. Unceasing and untiring in efforts, he still remains with us, continuing in his tenacity of purpose for a mightier Bucknell. Every Undergraduate and every Alumnus can base the love for his Alma Mater by observing and following in the wake of our past President's aims.

It is the serious duty of every thoughtful student to aid in the move to reward Dr. Harris for his past and his continued devotion to the University.

Little Miseries of Life

It is interesting to note that the senior men who set and insist upon the proper actions of other undergraduates, are exhibiting a disgusting custom in their method of exit from chapel services.

The good received by these services is exceeded by a desire to remain away rather than be forced into the jostle and unwarranted jam to leave the hall. It required a request from the President to even permit the girls to precede the men. Is a further request needed?

It would be the natural course to ask "Senior" Council to remedy this impoliteness but as some of the prominent men in the bi-weekly rush are members of the council this recourse is likely useless. Perhaps a further request from the President that the student body remain seated and then two or three rows at a time rise and pass out according to the capacity of the isles, would aid materially in the opinions many students are forming of these exercises.

All who are in favor of more cinders on the slippery paths raise your right hand. Those who have fallen please refrain from raising both hands until we get the exact count of the number of students attending the University.

POOL TOURNAMENT

The results of the interfraternity pool turnament games played Monday evening were as follows: Phi Kappa Psi, 100; Kappa Sigma, 37; Lambda Chi Alpha, 100; Phi Gamma Delta, 83.

WORTHY THRIFT PLAN OFFERED BY U. S. GOV'T

SPECIAL ATTENTION DIRECTED TOWARD COLLEGE STUDENTS

Some Substantial Facts Considered in the Matter of Thrift and College Students, Based on Savings During War Period.

The war demanded that every American save money and students in educational institutions were not expected. The Liberty Bond and War Savings Campaign showed that even the college student who is self-supporting could set aside a small margin for saving and investment. After-war economic conditions are demanding a continuance of war economies, and universal saving and safe investment on the part of all our people. Shall the college student have a part in this after-war program? At first thought one would say that it is inexpedient for the college student to set aside part of his current money for savings but a closer examination of the student's own best interests, regarded from the long-time point of view, and of his fundamental relation to the national economic crisis through which we are now going, has lead thoughtful advisers of the Treasury Department's Savings Division to urge that the present opportunity for regular saving and investment in government securities be put before the college students of the country, as was the need for war savings.

The Treasury Department is offering the 25 cent Thrift Stamp, $5 War Savings Stamp and the $100 and $1,000 Treasury Savings Certificates, as a means of popular saving. It is also urging the continued purchase of Liberty Bonds now held by banks as a means of reducing the expanded credit which is partly responsible for constantly increasing prices.

College students are urged to participate in Government Savings primarily because the country needs a rapid increase in its savings fund and because the practice of regular saving carries personal economic benefits so fundamental and lasting that college students as future leaders will wish to share in this movement.

Many a college student has earned and saved money before going to college and during his four years or more of academic and professional training has got entirely out of his habits of thrift and so starts his business or professional career heavily handicapped by the weight of unthrifty standards taken on during college life. The college student who practices thrift gets a self-discipline that like faith will move mountains.

The Treasury Department proposes the following program:

That students, as a matter of national service as well as personal advantage, work during term time when opportunity affords, and during part at least of vacations.

That every college student should save a minimum of a dollar a week during his entire college course.

That these savings should be funded as the nucleus for the start-in-life fund for use after graduation.

That these savings be invested safely in government savings securities.

That the student on receiving an allowance from home set aside, as a first charge on his allowance, his weekly savings.

That the student who is working his way through college and paying his own expenses in whole or in part, should set aside regularly a sum for savings even if it be so little as 25 cents a week, the cost of a U. S. Thrift Stamp.

That students plan their personal expenditures with a personal budget now recognized as the most practical instrument for promoting wise expenditure in government, in business and in personal finance.

That students discuss in debating clubs, fraternity clubs and other organizations, the relation of personal thrift to business efficiency and success in life, and the relation of individual savings to the country's capital fund, and to present economic problems.

That student organizations should as a national after-war service organize a public discussion of the economic problems related to thrift, savings and investment, seeking particularly a statement of their practical bearing on the reconstruction problem and of the personal responsibility which the college student has during college and afterwards, for personal thrift and for its promotion in the community, to the end that colleges and all higher institutions which in the work and save program for the bigger and better America.

OFFICIAL REPORT OF DES MOINES DELEGATES

Following is the official report of the expenditures of the delegates to the Des Moines convention:

Group	Collected	Amount
Delta Sigma		$ 27.50
Kappa Sigma		62.60

Jan. 19, 1920. W. K. RHODES.

STATE SECOND IN D. S. CROSSES

Four hundred eleven of Pennsylvanias sons received the distinguished service cross in the World War. The Keystone State ranks second, New York leading the nation with 613 awards.

Six of the crosses were awarded soldiers from Altoona, seven from Erie, six from Reading, five from Harrisburg, two each from Clearfield, DuBois, Lancaster, Huntington and Gettysburg, and one each to boys from Bellefonte, Chambersburg, Danville, Dillsburg, Elizabethtown, Franklin, Greencastle, Hershey, Holidaysburg, Landisville, Lebanon, Lewistown Marysville, Middletown, Meyerstown, Muncy, York and Tyrone.

No Pennsylvania soldiers received the medal of honor, according to statistics gathered by the Fassett Publishing Company of Washington, D. C., which has recently published a book, "Heroes All," in which the name and citation of each winner of the coveted awards are given. The book points out that less than one per cent. of the American soldiers who saw services with the A. E. F. received either of the two decorations.

TUESDAY
"The Vengeance of Durand," with Alice Joyce. A Big Special Feature. The Vitagraph Company wishes to impress upon you that **"The Vengeance of Durand"** is something unusual in photo plays. That it is a Super film in every sense of the word—a great, big, smashing feature, unsurpassed by any other. Written by Rex Beach, the master of story telling, and adapted for the screen by Mr. and Mrs. George Randolph Chester. It is a sensation as a picture play—it is out of the ordinary—it is different. It is so thrilling, so novel, so beautifully staged and so admirably acted that you will not realize it is "just a picture and not real life." It affords Miss Joyce the greatest role of her career. It inaugurates the series of twelve super-features by famous American authors which Vitagraph will present during the year. Be sure to see this picture. **Big V Comedy— "Girlies & Grubbers." Admission, Matinee—17c. Night—22c.**

WEDNESDAY
Bryant Washburn in "A Very Good Young Man." A rattling comedy by this Prince of Comedians. He was too good to be true until he was "caught" and the "catching" and the methods therof creates some excellent comedy. Pathe News Events.

THURSDAY
William Farnum — "The Jungle Trail." The exciting story of a White Man's world and hair-raising experiences in a city of savages who had never seen a white man before. Gorgeous scenes in a Lost City inhabited by semi-civilized people add greatly to the interest of the picture. Romance, mysticism, beauty and thrills abound. Comedy feature—"Little Bears"—A DeHaven production.

FRIDAY
"Told in the Hills," starring **Maj. Robert Warwick."** Late of General Pershing's staff in France. **Ann Little, Monte Blue and Wanda Hawley** in the cast. A strong, romantic story of the Far West in the "good old days," with its Indians, its army post; hard riding and thrilling situations. Taken from the famous book by Marah Ellis Ryan. Pathe News. Admission—Matinee, 17c. Night—22c.

SATURDAY
Miss Crusoe, featuring the successful new star, **Virginia Hammond.** A story of Life, a Struggle for Supremacy that will keep you interested throughout the picture. A big comedy—**"Up In Alf's Place."** Featuring Charles Murray and the shanely Sennet Bathing Girls. Rare doings, "Up in Alf's Place." Come and see. Admission—17c.

January 26—27—"The Miracle man."

February 5—Mary Pickford in "The Hoodlum."

SPECIAL NOTICE—Hereafter no child under 14 years of age will be admitted at Evening Shows unless accompanied and sitting with a member of the child's family. Our reason for this action is first—The criticism aimed at the Orpheum management in having school children attend night shows when they should be in their homes.

We believe the fault lies in the home, not the Orpheum.

Second—Our patrons have so complained of the annoyance caused by the noise, etc. coming from the "front seats" that we are forced to make the above rule. We welcome the children at matinees.

OTHER COLLEGE MEN AND WHAT INTERESTS THEM

W. AND J.

The first public meeting in the interest of the new endowment campaign for $2,500,000 for Washington and Jefferson College will be a preliminary supper given to all alumni of Washington County and a few friends of the institution. The slate, which will soon be announced, will be early in December.

SWARTHMORE

For thirteen weeks of the spring of 1920 all Swarthmore is going to be engaged in the continuance and completion of the Jubilee Endowment Fund.

Beginning March 1 and ending June 7, the campaign will "carry on" for the five hundred thousand required to meet Swarthmore's needs.

ILLINOIS

The faculty of the University of Illinois have instituted a new cutting system—called "the ten per cent cut rule." The maximum number of cuts allowed is one-tenth the total number of classes. The rule applies to all students. Heretofore Seniors have been granted more liberty than the Freshmen. The consensus of opinion among student leaders seems to be that the 10 per cent. rule is unjust; that the Seniors, because of maturer years and greater discretion ought not to be put on a par with the lower classmen; that education to them no longer means simply a matter of absent or present marks behind one's name; that worthy Seniors value their classes too much to cut indiscriminately and that a law which ranks them with heedless freshmen is unfair.

CLEARER FOOTBALL RULES

Changes that will, he says, go far toward bringing about uniform interpretation of football rules, some of which only few coaches, officials and players now agree on, will be suggested to the meeting this winter of the rules committee by Fielding H. Yost, coach of the University of Michigan since 1901, became known recently. The proposed modification would in no way affect the play, according to Coach Yost.

It is not the spirit of the rules to take away touchdowns by inflicting penalties for fouls which had no bearing on the play, the Michigan mentor holds. In line with that idea, he believes that the rules imposing ten-yard penalties for "clipping" or running into an opponent after the ball has been declared dead, and for crawling, should be changed to apply the punishment in such manner that loss of a touchdown, if one had been made, would not be caused by bringing the ball back to where it was in play and measuring the distance from that point.

Coach Yost also favors strongly a penalty being levied against a team that is not on the field ready to play at the hour for the game to begin. He cites the rule penalizing a team for failure to report promptly at the time for starting the third quarter.

The 15-yard penalty for attacking a runner when he has gone out of bounds, should be inflicted from the point where the ball was carried across the sideline instead of where it snapped back, in the opinion of Yost.

LEHIGH DOWNED 'VARSITY FIVE BY 42-18 SCORE

WADDELL WAS CHIEF SCORER FOR BUCKNELL.

LOCAL TEAM UNABLE TO DO MUCH WORK IN FAST SECOND HALF

Rote Was Star for Brown and White, Scoring Seven Baskets.—Home Game With Lehigh March 13.

On Saturday the Bucknell five journeyed to Lehigh to meet the Brown and White team, and lost by a score of 42 to 18. The Philadelphia Public Ledger gives the following account of the game:

"The Lehigh University basketball five defeated Bucknell Saturday in a game which was fast throughout. The final score was 42 to 18.

"The game was close during the entire first half, with Waddell keeping his team in the running with five goals from the floor and four goals from the foul line. The score at half time was 22 to 15, with the Brown and White on the long end.

"Lehigh started an offensive right at the start of the second half, which the visitors were unable to check. Harry Rote, the speedy forward, who starred throughout, made several sensational shots during this half. He was ably assisted by Hess, Straub and Donovan, who also went up the floor for several scores apiece. The work of Lehigh's guards was so effective during this half that the Bucknell five were unable to score a field goal."

Lehigh		Bucknell
Rote	Forward	Mathieson
Donovan	Forward	Townsend
Hess	Centre	Dorris
Straub	Guard	Bihl
Simendiger	Guard	Waddell

Goals from field—Rote, 7; Hess, 4; Straub, 4; Donovan, 3; Waddell, 5; Dorris. Goals from foul—Straub 6 out of 10; Waddell, 6 out of 9. Substitutions—Lehigh, Frain for Simendiger, Kopf for Rote, Maurer for Donovan, White for Straub. Referee—C. A. Reed, Springfield Y. M. C. A. Timekeeper—Shepperd, Lehigh. Time of halves—20 minutes.

MISS KEENEY TO TEACH IN OKLAHOMA UNIV.

Miss Ruth M. Keeney, whose fiance, Dr. William Grey Vermilye, of Brooklyn, N. Y., failed to put in an appearance for their wedding at Monson, Mass., on Christmas Day, and who later refused to see Miss Keeney at a Brooklyn hospital, has secured a position as instructor in Spanish at Oklahoma University, at Norman, Okla. She will leave Monson this week for that place to take up her duties there.

Miss Keeney resigned as a teacher in the Spanish Department of Bucknell University just prior to the Christmas holidays in anticipation of her coming wedding.

Among Our Alumni

Sixty-five men and women, representing the chool system and women's clubs of six Counties of Pennsylvania, met in conference in Altoona on Saturday, Nov. 29, for the purpose of studying ways and means as to how "Thrift" can be taught in the schools, industries and homes. Dr. F. W. Robins, '98, Supt. of Schools, Williamsport, Pa., gave a very interesting and helpful address by telling of the work, interest and enthusiasm shown, in the schools of Williamsport. He made good pretical suggestions as to how the work can be started and carried out successfully. He made a plea for teaching of Thrift, not merely to meet present needs but in order to save democracy itself, to preserve our Government. "We have been a generation of spenders and it must be stopped. When the idea of Thrift is absorbed, and the people see the value of it, it will be easy to carry on, but to get people started is a hard job."

A comprehensive picture of the social and industrial evils of today, and the duty of the churches concerning them, formed the subject of an address by Rev. Raymond M. West, '89, of Newark, N. J., at a meeting of the Baptist ministers in the First Baptist Church, at Philadelphia. Dr. West said the chaos over the entire globe was such as should make thoughtful men stop and fear. In Europe the greatest empires of the world were being disintegrated, and nations were being torn asunder.

Installation services were held at Pitman, N. J., recently for the Rev. Edward O. Clark of Bradford, Pa., new pastor of the Baptist church, and were followed by a reception for the pastor and his wife. The Rev. D. J. Clark, of Towanson, Md., father of the pastor, was among the speakers. Mr. Clark is a graduate of both Bucknell University class of 1915, and Rochester Theological Seminary. He served as a chaplain with the American expeditionary forces in France, and this is his first charge.

Among the Bucknell men Prof. H. S. Everett met while attending the recent athletic meeting in New York City, was Victor Schmidt, '12. He is football coach at New York Military Academy. When he has had remarkable success in the past four seasons, winning every game except one. While in college Schmidt was interested in athletics and his unusual success as a coach shows his ability in athletic lines. He is a member of the Phi Kappa Psi fraternity.

The Rev. Alexander Renshaw DeWitt, rector of St. James Episcopal church, Muncy, has announced the engagement of his daughter, Miss Edith Dorothy, to George Grantham Painter '15.

Prof. Walter S. Wilcox, former registrar, stopped off in Lewisburg just before Christmas for a short visit.

C. W. Mason, '18, and wife, of Williamsport, are rejoicing over the birth of a son, on January 18.

Everett T. Jones, '19, is organizing a club of Bucknell Alumni in the city of Scranton and vicinity.

6534 Western Reference Teachers Wanted

During 1918-19 we received official requests from employers in forty-three States and four foreign countries for 6,534 teachers for Schools and Colleges from Kindergarten to University. OUR EIGHTH YEAR OF RECOMMENDING ONLY WHEN ASKED TO DO SO BY EMPLOYERS DIRECT. This is why OUR MEMBERS are usually chosen. They are wanted. No enrollment fee necessary. If you want a position with the Progressive Employers who depend upon our Professional Service for teachers you must use the same service they use.

WOMEN'S COLLEGE ACTIVITIES

New Student Government Officers and Executives.----Frill and Frown Society Initiated New Members.----Notes

Student government hold its election of president and the Executive Committee of the association at the Women's College this week. Miss Beatrice Fetterman, '20, was reelected to the office of President and the following girls were elected to serve on the executive committee. Dorothy Willingers, '20, Evelyn Powell, '20, Marjorie Sprout, '21, Elizabeth Weidner, '21, Jennie Bunke, '22. The new officers take up their duties this week.

House presidents were elected from among the seniors in the several buildings which resulted in the choice of Helen Trump in Main building, Elthera Corson in New and Helen Walton in Annex. The idea of electing a house president is a new one which is being tried out among the co-eds.

Frill and Frown on Thursday night last initiated five girls who were successful in the annual tryouts last term. A miniature movie drama was staged by the new girls who initiated such favorite movie stars as Mary Pickford, Theda Bara, Charlie Chaplin, Fatty Arbuckle and Douglas Fairbanks. The play was entitled "The Village Vamp," written by Booth Tarkington and staged by Griffith. The players were Misses Mary Appleman, Helen Kitlowski, Susanna Plummer, Lillian Rusell, and Ray Seaman, all of the class of 1922.

The hearts of the "Semites" are being examined this week to see if the fair ones are physically able to play basketball. Inter-Class and Inter-Sorority games begin this week and some lively ones are expected.

The Girls' Athletic Association has received request for games from several colleges, but as far as is known at present, the co-eds will compete with no other college.

Two new members were initiated into Eta Sigma during the week. Miss Jennie Burke and Miss Grace Poust, both of the class of 1922.

Edna Marin, '21, entertained a number of friends at her home during the week in honor of her birthday.

Junior girls received glad tidings this week in that they are now allowed out until 9:30 p. m. Due thanks is extended to the Seniors for their willingness to allow this privilege to be granted.

College Women's reception will take place February 20. Have you handed your name in? Do not forget it!

Miss Geraldine Kocher, '22, was called home this week on account of the death of her uncle.

Dr Hamlin spoke at the Women's College on Monday night on "The League of Nations."

Sigma Chi Makes Repairs

During the holiday recess Sigma Chi made several improvements completely renovating the bathrooms on the second and third floors of their fraternity house. Shower bath facilities, additionnl wash bowls, new tiling and a large mirror were installed.

News for Math. Students

Students majoring in mathematics and others interested in such subjects are asked to keep open the date of Wednesday, January 28 at 4:30 p. m. A wide-awake Mathematic club with a live future is in view. The next issue of this paper will contain further information.

THE BLUE TRIANGLE

Convention Lectures Reproduced by Bucknell Delegates at Recent Meeting.

Bucknell students availed themselves of the opportunity to attend a Des Moines convention meeting which was reproduced by local students who attended that convention recently. The meeting was opened by a hearty college yell after which Dr. Bliss, better known as Mrs. Haslam, led in prayer. Miss Helen Moyle as Dr. Mott, introduced the worthy speakers in a creditable manner. Evan Ingram as Bishop MacDowell, declared his inability to look the part of the bishop, however, he vividly described the needs of Mexico and South America. Miss Phea Burgett, as Dr. Franklin, gave an interesting talk on Democracy and Christianity. Dr. Robert Speare leader of the Christian Endeavor Movement, alias Harry Thomas, gave a forceful address on the topic: "Winning the World for Christ." Mexico's needs were well presented by Mr. Sayre, better known as Mr. Eaton while Miss Marion Rees ably reproduced Mrs. Montgomery's address on "Woman's Place in the World." Other interesting talks were given by Mr. MacDermott as Dean Brown of Yale University and by Mr. Harris who closed the meeting by prayer.

DR. HARLAN'S ADDRESS WAS MUCH APPRECIATED

Dr. Harlan spoke last Sunday morning in the Baptist Church and took as his topic: "The Demands of the Present Social Unrest Among the Churches." This was a repetition of the same speech that the doctor made recently at the Conference of "The Interchurch World Movement" in Atlantic City. He held an informal conference at the Women's College Sunday afternoon where he spoke on the Peace Conference in Versailles at which he was a visitor.

The first thought that Dr. Harlan advanced as a primary cause for the social unrest of the United States was the fact that the nation had failed to adopt an adequate peace program. He declared that the program which had been adopted was too theaetic in its construction and purpose. As a second consideration, he pointed out that the working people are constantly increasing their demands for more wages and living conditions. Dr. Harlan also declared that the present program of industrial work was inadequate since it has as its motive the returns that individuals hope to receive.

THE BUCKNELLIAN
BUCKNELL UNIVERSITY
Vol. XXIII. Lewisburg, Pa. January 27, 1920 No. 14

University Purchased Valuable Groff Property Occupied by Forum Frat.

ENTIRE "HILL" NOW COLLEGE PROPERTY.

SCIENCE BUILDING AND BOTANICAL GARDEN ARE PLANNED

Land Was Owned by Sigma Chi Fraternity.—Forum Men Need Not Move.

Bucknell University added another building and several acres of valuable land to its holdings recently when the Groff property now occupied by the Forum Fraternity, was purchased.

The property includes the large orchard of East College and is several acres in extent. The plot commands a pretty view of the Susquehanna, and now gives the college full ownership of the entire "Hill."

"The Groff property," as it is comonly known, dates back to Professor Groff, a celebrated botanist, one time a member of the faculty who erected this home some fifteen or twenty years ago. At his death it came into the possession of the Sigma Chi fraternity who used it until they became affiliated with the D. T. U. fraternity two years ago. The Forum then rented it and remodeled the structure.

Assurance has been given the Forum that they will not be forced to evacuate for some time, possibly two or three years. As the University is growing, the need of a botanical garden was felt and this land was purchased with that thought in mind. The ground will be used for cultural purposes and future plans call for a science building to be erected on this ground.

FRESHMEN WON FROM LEWISTOWN AND BURNHAM

LEWISTOWN SCORE WAS 32-18 AND BURNHAM 45-35

Both Games Were Easy Victories for First Year Men.

On Saturday night the Freshman team played its second game of its week-end trip, defeating Lewistown Big Five, 32 to 18. The game was faster and closer than on the preceding night. The first half ended 12 to 11 in favor of the Freshmen. But in the second half, Wren and Caldwell with three field goals each, put them well in the lead. Caldwell was the highest scorer of the game with six baskets, Julian with three field goals and 4 out of 9 fouls eame next. The team again showed up well in respect to good team work. For Lewistown each man had but least one basket, but no one starred, the entire team working well together.

Bucknell		Lewistown
Julian	Forward	Bieghle
Caldwell	Forward	Schaal
Morrett	Centre	Stever
Woodring	Guard	Lawler
Wren	Guard	Gushard

Goals from field—Caldwell 6, Wren 4, Julian 3, Morrett, Bieghle 2, Schaal 2, Stever, Lawler, Gushard. Goals from foul—Julian 4 out of 9; Bieghle 4 out of 8. Referee—Ford, Scorer—Bucknell, Timer—Wertz, Lewistown.

On Friday night the Freshman team defeated the Burnham Y. M. C. A. team at Burnham 45 to 35. The Freshman team work was well in evidence. Time and again perfect passing and working the ball up the floor resulted in baskets. After the first few minutes, the Freshman took the lead and were never overtaken. Wren scored seven field goals, while Julian and Dayhoff each had five. Julian fouls, getting 11 out of 18. Peters starred for Burnham with six baskets.

Bucknell		Burnham
Wren	Forward	Wilson
Julian	Forward	Peters
Morrett	Centre	E. Curry
Dayhoff	Guard	Filson
Woodring	Guard	Ward

Substitutions—J. Curry for Wilson; T. Rhodes for Ward. Goals from field—Wren 7, Julian 5, Dayhoff 5, Peters 6, E. Curry 4, Wilson 2, Filson.

(On Page Three)

Y. M. C. A. MEETING THURSDAY EVENING, 7:30

The regular weekly meeting of the Y. M. C. A. will take place Thursday evenin gat 7:30 o'clock in Bucknell Hall. The program has not yet been announced. The following week, February 5, Dr. Davis will deliver one of his addresses which proved so popular in past years to Y. M. C. A. audiences.

SEMESTER SYSTEM BECOMES EFFECTIVE AT OPENING NEXT FALL

Following action taken at a faculty meeting recently, a committee of professors is arranging the course in semester form for next year. In place of the present system, the two-semester system will be adopted begining next fall.

COMMITTEES NAMED FOR JUNIOR WEEK APRIL 5 TO 9

THREE BIG GATHERINGS WILL BE ON PROGRAM.

RECEPTION, SMOKER AND PROM WILL COMPOSE CHIEF EVENTS

President Kunkle Plans to Make the Week the Biggest Ever Known at Bucknell.

President Stanford Kunkle, of the Junior class, is very busy arranging plans for a big Junior week in April with all the events of past seasons to make the annual program a banner one.

The week planned on is April 5 to 9, inclusive, ending on the latter date with the Junior Prom at a place to be decided by the committee. Among the other events of the week will be the Junior reception and the Smoker.

Necessary dates and preliminary plans are being laid before the faculty committee on student activities and as soon as these matters are settled a full program will be worked up in detail.

The committees arranged are as follows: Junior Prom—Chairman Thomas Mangan, Kalley, George Schuyler, Selah Sutton, Victor Clare, J. B. Hutchinson, Robert Hartz, E. L. Kohler, John C. Finnigan.

Junior Reception—Chairman C. F. Brandt, Ralph Wilkinson, Clarence B. Moore, Hiding Larson, M. K. Mohler, Howard C. Shelly, Chelton Smith Donald Smith, Robert Angstadt.

Junior Smoker—Chairman, Alan R. Plaws, Herbert Bieg, Homer Eaton, R. F. Keller, Alden King, Luke Bender, Edwin Cooke, Willard Collins, William Lewis.

BAPTIST NOTES

In the one year that student membership has been nopened at the Baptist Church, 84 students have taken advantage of the privilege. The present list includes 18 members of the present Senior class.

The play, "Sunlight or Candlelight," which was given by the studen tmembers of the Baptist Church recently, is to be repeated in neighboring towns. Next Sunday evening it will be given in the First Baptist Church, Milton. The following Sunday the presentation will be made at Winfield.

Presbyterian Announcement

Dr. C. A. R. Janvier, President of Alalahabad College, India, will deliver the vocational board address at the Presbyterian Church on Sunday morning, Feb. 15. Dr. Janvier will bring a message which should be of immense interest to the student body as well as the townspeople because of the rich experience that he has had in his special work. It will be worth while for the student body of Bucknell to him and come in contact with him personally.

ENGINEERING MEETINGS

The Electrical Engineering Society will meet Wednesday evening at eight o'clock for the election of officers.

The Mechanical Engineering Society will meet Monday at 7 o'clock in Bucknell hall. A good talk is scheduled and movies of an instructive nature will be shown.

PLAN FOR FORMATION OF MATHEMATICAL CLUB

On Wednesday afternoon at 4:30, a student organization meeting will be held in Room 4 for the purpose of organizing a Mathematical club. Dr. Bartel will be the principal speaker; his topic of discourse being, "A Non-Euclidean World."

In all likelihood the membership of the club when fully organized will be dependent upon qualifications. Until these are defined constitutionally, an invitation to the Wednesday meeting is extended to all members of the student majoring in, or otherwise especially interested in mathematics.

The object of the club is the consideration of important and interesting phases of mathematics not usually inevluded in the regular curriculum. The success of this organization will depend entirely upon the cooperation and support of the students, it appears evident that enough interest is being manifested to make the project successful.

BUCKNELL PRESIDENT AT PENN STATE

The latest issue of the Penn State Collegian has the following to say of Dr. Hunt:

Dr. E. W. Hunt, recently elected president of Bucknell University, made his first appearance before the Penn State student body Sunday morning at the chapel exercises.

Dr. Hunt chose as his subject the "Parable of hte Prodigal Son." He presented and showed it's practicability as a textbook for literature, a study of the short story, and a religious course. Taking as his viewpoint that ecah of us combines in his nature the characteristics of both the "Prodigal Son" and the "Elder Brother," he proceeded to a discussion of family relations, drawing an analogy between relations, human and divine. With forceful logic and clever humor Dr. Hunt developed his points, that often we don't get what the Father wishes because we are not in the right relation to Him. Being in the right relation with the Father shows that He wants paternal relations with us. What are ideal relations? When do we really pray?—only to desperate emergency? There can be no "sursosa" relations with God. The ideal world relation is a relation of man to man as brothers of man to God as son to father.

DR. HARVEY PROBABLE SPEAKER AT BAPTIST

Acting on the suggestion of Professor Bromley, '08, Dean Phillips is making an effort to secure a visit from Charles W. Harvey, 1960, one of the secretaries of the International Y. M. C. A. now located in Shanghai, China. Mr. Harvey, who is now in this country, and is said to hold a position of considerable importance in the religious life of the Celestial Republic.

BAPTIST RECEPTION FEB. 14

The next Baptist reception for students and townspeople will be held on the evening of Saturday, Feb. 14.

F AND M. LOST TO BUCKNELL FIVE BY 47-17 SCORE

LANCASTER COLLEGIANS PUT UP AN EASY GAME

MATHIESON, STAR FORWARD, OUT OF GAME WITH SEVERELY SPRAINED ANKLE

Garvey Was Only Player For Visitors While all Orange and Blue Tossers Showed Up Well.

In a battle which savored of football in its action, the Bucknell varsity basketball team defeated the Franklin and Marshall team, 47-17, but at a loss which more than overcomes the easy victory. In the second half, ex-Captain Mathieson was severely injured, suffering two pulled ligaments in his ankle. It is understood that this injury will keep the plucky little forward out of the game for the rest of the season, and may mean his complete retirement from the game. "Matty" was one of the best men this year and was sure of his position on the team and his loss will be keenly felt in the hard games remainme on the schedule.

The game itself was a very easy game for the varsity, as the Orange and Blue scrubs usually put up a much better game. The Lancaster team had only one man, Garvey, who

(On Page Three)

CAP AND DAGGER CANDIDATES MUST APPLY NEXT MONTH

All those desiring to try out for Cap and Dagger society must hand their names to the President, H. Le-Roy Hellar, at the Kappa Sigma house before the end of February.

Admission to the society by competition, each man being given small parts in cuts from several plays, which are given before the society, who choose the members at the beginning of the Spring term.

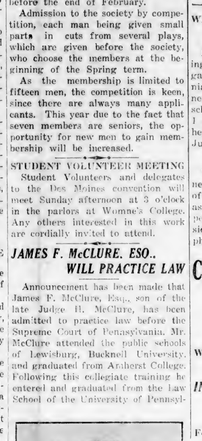
As the membership is limited to fifteen men, the competition is keen, since there are always many applicants. This year due to the fact that seven members are seniors, the opportunity for new men to gain membership will be increased.

STUDENT VOLUNTEER MEETING

Student Volunteers and delegates to the Des Moines convention will meet Sunday afternoon at 3 o'clock in the parlors at Womne's College. Any others interested in this work are cordially invited to attend.

JAMES F. McCLURE, ESQ.. WILL PRACTICE LAW

Announcement has been made that James F. McClure, Esq., son of the late Judge H. McClure, has been admitted to practice law before the Supreme Court of Pennsylvania. Mr. McClure attended the public schools of Lewisburg, Bucknell University, and graduated from Amherst College. Following this collegiate training he entered and graduated from the law School of the University of Pennsylvania. When the World war broke out and the United States entered the conflict, Mr. McClure enlisted and spent eighteen months in active service. It is his intention to practice law in Lewisburg and to occupy the office erected by his father some time before his death. Mr. McClure was recently elected Secretary of the American Legion of Lewisburg, and also a director of the First National Bank and the Buffalo Valley Telephone Company.



—Courtesy Sat. News.
James McClure, Esq.

ALL STUDENTS CONVALESCING

With twelve members of the Lambda Chi Alpha fraternity sick in bed early last week and others ill on the Hill and in other groups, Bucknell feared an epidemic. At present, however, every man is convalescent and most are now able to attend classes. Most cases were light attacks of "flu," although one or two developed into pneumonia.

WRESTLING PROSPECTS

Athletic Director Musser, assisted by Robert Donaldson, '20, a former Varsity wrestler, is attempting to revive the old time wrestling enthusiasm. Notices have been posted stating that classes will be opened for men of every class, also that freshmen choosing to engage in wrestling may do so as a substitution for physical training, and that credit will be given the same as in physical training.

If the calibre of those coming out warrant it, inter-collegiate matches will be scheduled.

ANOTHED TRUSTEE MEETING

On Friday there will be a special meeting of the Board of Trustees at Philadelphia Plans will be discussed for a campaign for an increase endowment and equipmnit for the college.

Charles Bromley, '09, visited his Deme brothers.

Delta Sigma will hold their Foundr's Day Friday.

Victor B. Luchsinger, '07, is visiting his Phi Gamma Delta brothers.

Date of Commencement Named For June 13 to 16 By Board of Trustees

WANT GAME WITH UNIV. OF CALIFORNIA

Bucknell athletic officials are making an endeavor to arrange a baseball game with the University of California nine which tours the East early next summer. California's tentative schedule is open between June 12 and 1 and it is hoped to secure a game here as a commencement feature on June 14, 15 or 16.

PRESS CLUB MEETING

The Bucknell Press Club met Wednesday evening and discussed matters of interest to newspaper men as well as taking steps toward a thoroughly permanent organization. The next session of the group will be in Theta Alpha room of February 2 at 10 a. m.

Rush H. Kress, 1906, treasurer of the chain of 150 S. H. Kress five-and-ten cent stores throughout the Southwest, was elected a member of the board of trustees. He is a member of the Sigma Chi fraternity and with his two brothers has become among the most influential business men in the country.

The board also approved the choice of Commencement dates which will be from June 13 to 16 inclusive. Tuesday, June 15, will be Alumi day and Wednesday, 16, will be Commencement. It was also voted to provide entertainment for the alumni as at the commencement period as last June.

At the suggestion of President Hunt, Dr. John H. Harris was made President Emeritus and Professor of Philosophy of the University. And a further honor the seminary building known as New building is named Harris Hall in honor of Dr. Harris. This building was erected quite a number of years ago and the new name approved will be sure to win the hearty support of the students and faculty.

It was also voted to lay plans for an appropriate observance of the Seventy-fifth anniversary of the founding of the college next year and a committee was appointed to begin arranging for the big event.

A request by the board will be made to the Philadelphia Alumnae association to constitute an advisory committee to observe the needs of the Women's College and make recommendations to the board.

Another live and important action by the trustees was the suggestion of a modification of some of the professors. Following are the new suggestions in the titles in the catalog, titles replacing the older and more unwieldy ones:

C. A. Lindemann, Professor of Civil Engineering.

W. K. Rhodes, Professor of Electrical Engineering.

Benjamin Griffith, Professor of Romance Languages.

Leo Rockwell, Professor of Germanic Languages and English.

William Owens was voted a leave of absence for the first semester next year. He plans to spend the time in an extensive trip to China and Japan. During his absence he will attend the World Sunday School Convention at Tokio, Japan.

DR. HARRIS MADE PRESIDENT EMERITUS AND PROFESSOR OF PHILOSOPHY.

R. H. KRESS, 1900, PROMINENT GRADUATE, ELECTED A TRUSTEE

New Building at Seminary to be Known as Harris.—Will Celebrate Seventy-fifth Anniversary of Found ing of College.

The setting of the date of commencement election af a new trustee and other items of interest to all persons interested in Bucknell were transacted at the meeting of the Board of Trustees of the University at Philadelphia on Friday. Many other important items were also transacted.

Rush H. Kress, 1900, treasurer of the chain of 150 S. H. Kress five-and-ten cent stores throughout the Southwest, was elected a member of the board of trustees. He is a member of the Sigma Chi fraternity and with his two brothers has become among the most influential business men in the country.

The board also approved the choice of Commencement dates which will be from June 13 to 16 inclusive. Tuesday, June 15, will be Alumi day and Wednesday, 16, will be Commencement. It was also voted to provide entertainment for the alumni as at the commencement period as last June.

At the suggestion of President Hunt, Dr. John H. Harris was made President Emeritus and Professor of Philosophy of the University. And a further honor the seminary building known as New building is named Harris Hall in honor of Dr. Harris. This building was erected quite a number of years ago and the new name approved will be sure to win the hearty support of the students and faculty.

CAP AND DAGGER SETS FEB. 2ND FOR FIRST PLAY

WILL BE GIVEN IN ORPHEUM THEATRE.

INITIAL PRODUCTION IS "STRONGHEART" AS ORIGINALLY PLANNED

Fourteen Members on Cast of Characters Listed to Present the Comedy Drama.

Cap and Dagger society will give its first play of the year, "Strongheart." The play will be given in the Orpheum theatre Mnoday night, Feb. 2, at eight o'clock.

The play was written by William C. DeMille. It is a comedy drama in four acts. "Cuts" from this play have been given here several times, and inasmuch as they were so well received, it was felt that the presentation of the whole play would meet with decided success. It is a drama dealing with college life, the setting being laid at Columbia University. Phases of college life so familiar to every college student abound throughout the production and it is felt a common chord of interest will be struck in the student body.

During the past seasons the dramatic society has had unusual success in the three plays staged each year, one each term, besides many cuts from plays and sketches for special occasions. Such comedies and dramas as "The Truth," "The World and His Wife," "A Doll's House," "The Queen of Hearts," "The Arrival of Kitty," "Officer 666" have been staged.

The student body has been anxiously awaiting for the society's first

(On Page Three)

EIGHT GIRLS CHOSEN FOR DEBATING TEAM

7 RYOUTS AT WOMEN'S COLLEGE LAST SATURDAY WERE UNUSUALLY GOOD

Plans Will Begin For Contest With Women of Penn State.

On Saturday morning in the parlors of Women's College, tryouts were held for the girls' debating team to represent the University in a debate being arranged with the girls' debeating team of Penn. State. The debeaters should be well organized and well prepared arguments as well as ability to speak well and with force. The tryout was very satisfactory. The subject upon which they debated was: Resolved, That, training in military relief and welfare work should be required of all women in colleges and that they should be subject to the draft.

Those who were chosen for the team were: Mary Appleman, '22, Jennie Burke, '22; Frances D. Keough, '23; Marguerite Lotte, '21; Lillian Russell, '23; Frances VanCleap, '22; Elizabeth Weidner, '22; Nina Grace Smith, '23.

The judges of the debate were Miss Carey, Miss Durner, Professor Rasweiler, Lydia Coene, '21, Hobart Evans '21 and Francis Reamer, '21.

Ernest "Squire" Cruse, '09, visited here on Monday.

Contributions from students and alumni are earnestly solicited. They should be written in a legible hand and on but one side of the paper. Address all articles to the Editor.

Member of the Intercollegiate Newspaper Association.

We find universities all over the country struggling to increase their endowments so that they may be able to pay their teachers and professors more. They are confronted with the danger of losing their best men and women. They are leaving not because of any lack of interest in the profession for which they have prepared themselves and to which they had dedicated their lives, but simply because they cannot live in ordinary decency and comfort, educate their children and give their families the surroundings they should have with the present utterly inadequate compensation which is the rule throughout the length and breadth of the land.

The men and women who are teaching the youth of the nation are waging a silent battle against the forces of ignorance and prejudice—a battle upon the outcome of which depends very largely the safety and permanence of our institutions.

Are we giving this great and most important constructive force proper recognition in the way of standing or pay? I feel very strongly that we are not. From schools and universities comes the complaint that their best teachers are learving to take other positions.

The call upon the teachers and professors for service during the war has, in numerous instances, demonstrated the value of the training and ability of our teaching force, and as a result many who left school and college to render special expert service have been offered positions in civil life which carry much better compensation, not to mention opportunities for future success, opportunities for gaining a comfortable competency, for winning the recognition which their talents, training and energy clearly entitle them to, and are not going back to their former occupation.

Men and women, after years of preparation, coupled perhaps with a long course of study abroad, enter our universities on salaries which give them less in the way of financial return than that received by unskilled workmen in many instances, and generally lower than that of skilled workmen. Many teachers and instructors, and even assistant professors, in our smaller colleges, are working for salaries less than that of a first-class chauffeur. Yet they are engaged in a work the importance of which cannot be over-estimated—work which is of absolutely vital importance to the nation.

Metropolitan, Dec., 1919.

General Leonard Wood.

UNIVERSITY CLUB LECTURE

Hamlin Garland, the novelist, will lecture to the students and townspeople under the auspices of the University Club on Feb. 6.

COMMUNICATION

The investigation carried on by the Senior Council as to why Bucknell University students were not given the privilege of voting on the League of Nations has disclosed certain facts. Perhaps the most noteworthy one is that the Faculty of Bucknell is either indifferent to the modern students' desire to discuss the great current questions, or that there has been a needless carelessness on the part of the faculty in handling this situation.

The Department of State sent the necessary advertisement and suggestions to Bucknell as to the voting on this great issue, which it did to about all the other colleges in the United States. Soon after the results were published in the newspapers. But Bucknell was not reported as having any opinion on the League of Nations. The student body would rather believe that the faculty were careless, however, than that there was a fear on the part of some professors that the result of the voting would be contrary to their hopes, owing to their political feelings.

The Senior Council promises to be a live wire this school year. It is now working out some problems that will be of great profit to the student body. The Trustee Board has served notice that it will not turn a deaf ear to our student legislature.

1920.

SOME CICERO

Can you beat this? A high school senior wrote an oration an commencement oration. In college, he entered the same oration, grown a bit with him, in the Freshman Declamation Contest, and did not even place. In the Sophomore Declamation Contest, a year later, he won out, and in his Junior year, he tied for first place in the big oratorical contest of the college. As a senior he won this contest and took fifth place in the "old line" State. In theological school, he won the local, State and Southern Interstate Prohibition Contests, and January 5, 1920, he went up against the National Oratorical Contest at Des Moines. And all this time, he has used the same oration, changing it as he personally changed with reading and study. Somebody will have to go some to beat Joseph Myers, Jr., Transylvania University, Kentucky, with that oration.

WILD ONES

Weekly Contribution By Our Staunch Friend "Scissors."

GONE BUT NOT FORGOTTEN.

Although the S. A. T. C. has been gone for almost a year, a student at the University of Iowa submits this belated verse:

Students' Army Training Corps,
You sure made us awful sorps;
Clumsy, tiresome, hopeless borps,
We were shot—but shot no gorps—
Studied little, pokered morps,
Raked the campus, scrubbed the florps,
Played the peeler, watched the storps,
Soaked up goulash, learned to snorps,
Had experience galorps
'Nough to make an angel rorps.
Now, imposter, all is orps;
Fare you well please shut the dorps.

Macleod—"It took the audience ten minutes to leave last night after the Y. M. C. A. meeting."

Anyone—"What's the matter, was he lame?"

Give us coal or let us shimmie.

Supreme Sacrifices
(with apologies)

Wheeling your sister's kid past the frat house.

Carrying home the family wash in a street car.

Buying lingerie ribbon— for your sister.

Laughing at a Prof's jokes.

Taking the chaperone home.

8:00 classes.

When was the loose leaf system frist used?

Eve used it to keep track of her party gowns.

A boy stood on the football field,
He stood there just a minute;
And then they called an ambulance,
And put his fragments in it.

"Now don't tell anybody that I walked home with you."

"No, I won't. I'm just as ashamed of it as you are."

MOONSHINE.

Two hearts that yearn,
For love's sweet prison,
Where his is her'n,
And her'n is his'n.

Former Groff House

INTER-FRATERNITY GAMES STARTED IN LINE ORDER

Wednesday night in Tustin "gym" saw the opening of the Inter-Fraternity basketball season when the Phi Kappa Psi and the Sigma Chi met and put to route the Kappa Sigma and the Delta Sigma. The games started promptly at 7:30 p. m. each team backed by a large crowd of rooters. A good crowd of "Semites" added greatly to the interest.

As the games progressed the fighting spirit of the teams rose higher and with each scrimmage the play became rougher. Col. Morris, who referred the contest in his usual impartial way was lenient with regard to unnecessary roughness and the players took advantage of it. Substitutions were in order as the pace set from the beginning was too fast for so early in the season.

The Phi Kappa Psi took the lead from the Kappa Sigma after the first few minutes of play and held it to the end of the game, although neither team let up fighting until the last whistle blew. The Phi Psi had the advantage because of their better team work and clever passing but lost out time after time as they worked the ball to the basket by fumbling but the poor shooting of the Kappa Sigma more than offset this. In the second half both teams scored about the same number of baskets but the nine point lead was too much for the Kappa Sigma to overcome even though their play in the second half had improved.

The second game promised well at the start to be a well balanced one as the good guarding of Delta Sigma seemed a match for the passing of the Sigma Chi. The Demes had the advantage in the jump off but were not able to keep the ball in their possession. As the game progressed the Sigma Chi gradually pulled ahead and were able to keep their lead to the end of the first half. In the second half the Demes threatened to stage a come back and for a few minutes exceptionally fine team work was pulled off but the Sigma Chi pulled themselves together and keep up their steady passing game to the finish, coming out the winner.

On Thursday night due to the inability of the S. A. E. to produce a team, several of their men being on the sick list, this game with the Phi Gamma Delta was postponed. Delta Sigma volunteered to substitute and a practice game was played.

The second game between the Forum and the Lambda Chi Alpha ended with the big end of the score with the Lambda Chi Alpha. The game started well and looked to be a fairly close match but the winners steadily increased their lead and were able to hold it to the end. The Forum rooters were there with the moral support and if rooting could have won the game the fraternity on the hill would easily have come out on top.

CHANGES IN BAPTIST PROGRAM

The recent changes in the program of the Baptist Church include a change in time of the morning services. Hereafter Sunday school convenes at 9:45 o'clock and morning worship at 11 o'clock. An economy of time has been made for the students at the evening services also. Student discussion groups are to meet at 6:15 o'clock and the general meeting is at 7 o'clock and classes at 7:45.

OTHER COLLEGE MEN AND WHAT INTERESTS THEM

Muhlenburg

Paul T. Wöhlsen was the winner of the prize of ten dollars offered by the executive committee of the Glee Club at Muhlenburg for the best skit written to be presented by the Glee Club this season. The title of the selection is "O Gosh!" and it is very cleverly written. The author took the plot from an incident, or rather succeeding incidents, at the college in which two old "roomies" showed a great deal of attention to the same "widow." The skit is one act, and the author added to its easy presentation by remembering that a traveling cast can not take along much scenery and therefore made it very simple al though it can be well presented.

Mass. Tech.

According to a recent decision of the faculty of the Massachusetts Inwill receive diplomas with the numerals of their original class. The ruling provides that all men who were in the federal service have their discharge papers and left the Institute in good standing shall, on graduation, be recommended "as of" the class with which they entered the Institute. This is applicable to all who failed to graduate with their class because of military service.

Tufts

A Movie Club is being formed at Tufts College by students interested in the various steps in the production of a picture. There are some undergrads who have been accepted; some can handle a movie camera, some have been vamps, villains, heroes, etc., on the silver sheet. As soon as the club is formed, it is thought that it might be able to film a short college comedy made up of Tufts men.

Princeton

Since Princeton was established, it has been the custom of the Freshman class to steal the clapper from the campus clock. The Class of 1923 has lived up to this eradition and the campus "cop" are searching in vain for the stolen clapper.

Rutgers

Rutgers College has dropped the requirement ofGreek for the Bachelor of Arts Degree. A strong fight was made by the scientific faction to have both Latin and Greek required of candidates. This failed, but hereafter only one year of Latin will be necessary. Rutgers is one of the strongest advocates of the classics. It was the eight college founded in the country, and was formerly connected with the Dutch Reformed Church. For the last centurj it has been the State College of New Jersey.

F. AND M. LOST TO BUCKNELL FIVE

(From Page One)

showed up against the local aggregation, getting 13 out of their 17 points. Dorris was the big man on the Bucknell team, scoring 12 points and Mathieson was next with 10. Townsend, Waddell and Bihl also contributed materially to the score, while Martin tossed a basket. Dietrich played a fine game at guard, and Dinn showed up well at center.

The playing of both teams was ragget, but the local tossers took the lead early in the game and kept it all the way through. The Bucknell guarding was very good, and the opponents were kept from scoring but four field goals. In the second half many of the second string were put in, and these men held the Lancaster collegians almost as well as the varsity did. Their playing gave promise that the Orange and Blue will be well represented in the future, as much fine material is being developed.

The lineup follows:

F. & M., 17;	Bucknell, 47
Garvey	Forward Mathieson
Mountz	Forward Townsend
Waugaman	Center Dorris
Hoover	Guard Waddell
Madison	Guard Dietrich

Field Goals: Garvey, 3; Mountz, 1; Kehrus, 1; Mathieson, 5; Townsend, 3; Dorris, 6; Waddell, 1; Dinn, 1; Hild 2; Martin, 1. Fouls—Garvey, 7; Waddell, 5; Bihl, 4. Substitutions—for F. and M., Kehres; for Bucknell, 11, Dinn, Bihl, Bowser, Martin Referee—Earnest.

FRESHMEN WON

(From Page One)

Goals from fouls—Julian 11 out of 18; Wilson 4 out of 9; T. Rhodes 6 out of 8. Referee—Ford of Burnham. Scorer—Derr of Bucknell. Timer—Kerr, of Burnham.

CAP AND DAGGER SETS FEB. 2ND

(From Page One)

play. The play received a late start and due to the large number of student activities and also to the fact that the play itself is rather heavy, it was deemed wise not to give it as a Fall term play, but to wait until this term. Though the customry, "a play a term," has not been adhered to, yet it is felt that the sacrifice will be well worth while considering the quality of the play that is to be presented.

All arrangements for the sale of tickets will be announced later in the bulletin boards. It is expected to have the tickets on sale by the end of the present week. The important characters in the cast are H. LeRoy Hellar, Hobart Evans, Harry Warfel, Francis Reamer, Pauline Schenck and Martha Leiser. The entire cast includes fourteen characters. The play is being coached by President Hellar, under the supervision of Professor Rassweiler.

The complete cast of characters is as follows:

Dick Livingston, a Junior—D. Hobart Evans.

"Billy" Saunders, a Senior—Harry R. Warfel.

Thorne, a "Special"—Thomas F. Reamer.

Frank Nelson, a Senior—Lewis G. Griffith.

Ross, a Freshman—Kenneth Lewis.

Reade, a "Grind,"—Fred S. Beers.

Fred Skinner, a Sport—David H. Stewardson.

Buckley, Head Coach, a "Grad!"—John C. Hendren.

Farley, Manager of Visiting team—D. H. Stewardson.

Black Eagle, a Messenger—J. C. Hendren.

Dorothy Nelson, Frank's Sister—M. Pauline Schenck.

Molly Livingston, Dick's Sister—Martha Leiser.

Mrs. Nelson, Frank's Mother.-Elthera Corson.

Among Our Alumni

The Rev. J. Edwards'09, who has been pastor of the First Baptist Church of Greenville for seven years, has resigned to accept the pastorate of the First Baptist Cuurch of Connollsville. He will take over the new charge on Sunday, February 1.

During his seven years as pastor of the Greenville Church, Mr. Edwards obtained 321 new members, increased the staff of the Sunday school and secured improvements to the church building valued at $10,000. Because of his activities the annual summer carnivals in Greenville were prohibited and the objectional side shows discontinued when the circus came to town.

He is a civil engineer by profession and a minister by calling. He graduated from the Delaware State College in 1906 with the degree of B. C. E. After his graduation he decided to enter the ministry and enrolled in Bucknell University of Pennsylvania, Philadelphia, in connection with the Crozer Theological Seminary, closing his course in 1913.

When the church was closed by health officials during the influenza epidemic, Mr. Edwards had sermons printed and mailed to the homes of members. Those sermons were also published in the Greenville papers. During the epidemic he succeeded in wiping out the church debt by a campaign throught the mails. The campaign quota was oversubscribed by $1,800.

The old-time Sunday school room has been changed to a six department room. Quarters for the school now are located over and under the church auditorium. He organized and conducted a Community School in the community. Through his activities, the quota of a recent drive for missionary contributions in the French Creek Baptist Association, of whish the Greenville church is a part, was raised.

Two alumni of Bucknell and members of the Demosthenean fraternity, had reason to be happy on December 21. From Mr. and Mrs. Lee Sprout, of Keystone Academy, comes word of the birth of a daughter named Dorothy Jeane. Mr. and Mrs. Frederick H. Igler, of Philadelphia, announce the birth of a daughter, Dorris Anne, on the same date. Mr. Igler is a graduate of the class of 1912 and Mr. Sprout is of the class of 1910. A late report states Igler is preaching in Philadelphia, Sprout is acting president of Keystone Academy at Factoryville for the present year. Following graduation he taught there for several years and also taught one year at Perkiomen. Last year he was prevailed upon to accept his present position for the year.

6534 Western Reference Teachers Wanted

During 1918-19 we received official requests from employers in forty-three States and four foreign countries for 6,534 teachers for Schools and Colleges from Kindergarten to University. OUR EIGHTH YEAR OF RECOMMENDING ONLY WHEN ASKED TO DO SO BY EMPLOYERS DIRECT. This is why OUR MEMBERS are usually chosen. They are wanted. No enrollment fee necessary. If you want a position with the Progressive Employers who depend upon our Professional Service for teachers you must use the same service they use.

BROMLEY'S ADDRESS MUCH APPRECIATED BY MANY STUDENTS

Dr. Charles S. Bromley, a graduate of the class of 1908, gave a splendid talk last Sunday morning in the Baptist Church on the topic: "China and her Problems." He first dealt with the internal problems of China which comprise adherence to tradition, lack of a cohesive spirit, and the inefficient political organization of that country. Tradition demanded that the youth of China follow in the footsteps of their ancestors in matters relating to worship, dress and government. Dr. Bromley stated that the lack of a national cohesive spirit was due to the existence of clans which had their own organizations that did not bear any relation at all to one another. As an illustration of the political organizations of China, the speaker presented a brief historical outline of the Chinese political upheavals from 1911 to 1917.

The greatest thought that Mr. Bromley left with his audience was his view of Chinese-Japanese relations. He stated that Japan had been taught by the Western powers that one of the principles of international politics was that "might makes right," and illustrated the fact by pointing out the various seizures made by the Western powers upon Chinese territory. Furthermore, Japan believes that if Christian nations have a right to partake of Chinese territory and resources, she has a right also.

Professor Bromley closed his speech with an intensely practical appeal for aid in the mission field in finances and volunteers.

BLUE TRIANGLE

Annual Student Volunteer Conference at Juniata February 27, 28 and 29. —Weekly Y. W. C. A. Meeting.

Are you going? You can't afford to miss this conference which is to be held at Juniata College, Huntingdon, Pa., on Feb. 27, 28 and 29. The purpose of this conference is to consider the needs of the Non-Christian world and their claim upon individual lines. Every college in Eastern Pennsylvania and New Jersey will be represented. It is desired that the students who shall be sent shall be for the most part non-volunteers.

Those who did not have the opportunity of Des Moines can attend this convention with very little expense. Fortune has already looked kindly upon this conference as evidence by the fact that we have been able to resume the services of Dr. Speer. It is worth while to come all the way from New Jersey just to hear God's message through Dr. Speer. This conference in its own way should be as great. There will be in the small group an increased intensity incident to the close association of the delegates with each other and with the leaders. These leaders have been chosen from the foremost men and women at Des Moines. Bucknell students here is a real opportunity within your grasp. You are needed! What do you say?

Jennie Burke was the leader of the Y. W. C. A. meeting last week and gave a stirring talk on "Others." Her talk was interesting and characterized by much vim and spirit. Esther Fleming delighted the audience with a violin selection, while many students gave impromptu talks on the subject when the meeting was open for discussion.

Cabinet meetings will hereafter be held on Thursday evenings. The cabinet wishes to urge more of the girls to attend morning watch services. Come and start the day right.

S. A. E. DANCE

The S. A. E. dance will hold an informal dance at the Lewisburg Club Saturday evening, Feb. 7, from 8 to 12.

WOMEN'S COLLEGE ACTIVITIES

Members of Girls' Glee Club Announced.—Basketball Loming Up Popular—House Presidents Chosen.

Basketball practice started this week among the classes and there was a goodly turnout every day. On Wednesday there was practice for beginners and the number present indicated the anxiety of the co-eds to participate in the sport. Miss Walton has charge of the coaching and is doing much to make the season an interesting one.

Tryouts for the Girls' Debating team took place on Saturday morning in Women's College living room. The contestants chosen are announced into another column of this issue.

Names were posted this week of the girls who were successful enough to become members of the Girls' Glee Club. Practices are held every Tuesday night in Bucknell Hall, and due to the efforts of Miss Shultz as director, and Agnes Hoffman, '20, as president, the girls are progressing rapidly. It is expected that a concert will be given in Spring term in connection with the Young Men's Glee Club.

Many of the "Semites" were alarmed during the week upon hearing that a case of mumps had developed in their midst. The patient, however, is quarantined and under the care of Miss Griffiths, so a speedy recovery is anticipated.

Kappa Delta's entertained at an informal dance in the Sewing Room of Women's College on last Friday night Music was furnished by Derby's orchestra.

Mr. Seegrave, a missionary from Burma, spoke at Women's College on Monday night. Briefly he told some of the experiences of his thirty years as a missionary in foreign fields.

Final selection of House Presidents took place this week which resulted in the following Seniors now holding office. In New building, Marion Reiss, Main, Charlotte Volkmar; Annex, Helen Walton; Bower house, Ethyle Culbert; Wolfe house, Miss Bromley.

Pi Beta Phs took advantage of the snow this week and made merry at a sleigh ride.

Misses Ruth King, '22, and Grace Poust, '22, spent Saturday and Sunday at their homes in Muncy.

Miss Angeline Kissinger, '22, visited her parents in Reading during the week.

Miss Bergstresser spent Sunday at Montgomery.

Miss Margaret Fowler visited her parents in Montgomery last week.

Miss Louise Coombs, '23, has her sister as her guest since coming back from Christmas vacation.

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. February, 3 1920 No. 15

Campaign in April For $1,500,000 Increase in University Funds

DRIVE WILL BE LAUNCHED IN APRIL FOR THIS LARGE SUM.

ENGINEERING BUILDING WILL BE ERECTED BEFORE NEXT FALL

Mechanical Course Will Secure First New Quarters.—Athletic Committee in Charge of Manager's Work. —New Publicity Man Soon.

At the last Trustees' meeting Friday at Philadelphia two more big actions were taken of vital interest to the future of the college, one being the decision to launch a campaign for a further endowment and improvement fund of $1,500,000 for the University, the other being the decision to erect an Engineering building to be ready for use next Fall. Action was also taken in the matter of filling the vacancy caused by the resignation of Graduate Manager A. C. Vorse.

The tentative plans for the launching of the campaign for the increasing of the University funds to a million and a half calls for a launching of the campaign during the month of April, along with the Interchurch World Movement campaign. Committees have been assigned on the work and April will prove a big month for those interested in Bucknell. Of this large amount $1,000,000 will be asked for endowment and $500,000 for building improvements.

The decision to erect an engineering building comes as a big and an agreeable surprise to alumni and students. A committee has been ordered to begin plans at once with the object in mind of having the Mechanical wing of the structure ready for occupation next Fall. At this early moment plans have not advanced far, but it is expected the building will be erected as near as posible to the power house between that building and East College. A wing of the building devoted entirely to Mechanical engineering course will first be erected and in all possibility ready for occupation in the Fall. In case plans follow the desired course, additions will follow immediately for the other engineering departments. The overcrowding of the mechanical department calls for speedy relief and for this reason they will secure first attention. It may be a temporary structure but the department will be taken care of next Fall.

The office of graduate manager of athletic has been placed in the hands of the Athletic committee. At present no announcement is made concerning the appointment of publicity manager but it is understood that the office will be filled at once.

INTER-FRAT GAMES LED BY LAMBDA CHI

REVISED SCHEDULE WILL BE ANNOUNCED IN NEAR FUTURE

Friendly Rivalry Beginning to Crop Out as Contests Begin to Wax Warm.

On Monday night of last week the Non-Frat Five defeated the Phi Psis 23-17 in a fast and well-played game. The game was hotly contested with the Non-Frats holding the advantage throughout. Bower's wonderful defensive work played havoc with the Phi Psis team play.

Delta Sigma outplayed Kappa Sigma, winning easily by a 22-8 score. Cooke's work at center outjumping his man at all times, had considerable to do with "Demes" success.

Lambda Chi had little difficulty in defeating the S. A. E. 48-9 on Wednesday evening. Rooney's field goal and seven fouls accounted for the entire nine points of the S. A. E. Aleshouckas was higher scorer for Lambda Chi, with 19 points.

The Sigma Chi defeated the Phi Gams 21-20 in the most interesting and fastest game played so far this season. The result of the game was in doubt with the final whistle blew. Dayhoff and Mangan played well for the winners, while Martin and Lees showed the best basket ball for the Phi Gams.

(On Page Two)

GLEE CLUB PLANS

It is understood that plans are rapidly forming for the Scranton trip, beginning about a week from Thursday when four towns will likely be visited for musical numbers. Wilkes-Barre, Scranton, Nanticoke and one or two other towns will likely enjoy concerts. Full details of the trip as well as the men who will take part will be announced in the next issue of this paper.

OPPORTUNITY FOR ALL YOUNG VOTERS

Republican Committee Offers Big Prizes for Essays on Platform Suggestions.

In a letter received recently by the Bucknellian, the students of Bucknell University are invited to participate in a contest for suggestions for the Republican platform in the coming presidential election.

Through the Republican National Committee, Mr. Trustun Beale, former United States Minister to Persia, offers cash prizes aggregating $10,000 for the best suggestions for the Republican platform by young voters, both men and women, in the country.

His offer has been formally accepted by Chairman Will H. Hays, of the National Committee, and the contest will open at once and close March 31, 1920.

A first prize of $6,000 will be given for the best manuscript received; $3,000 for the second best and $1,000 for the third.

Manuscripts are limited to 6,000 words and must be addressed to Walker Blaine Beale Contest, Division of Young Boters, Republican National Committee, 923 Woodward Building, Washington, D. C. Four typewritten copies must be submitted, one only of

(On Page Four)

SUDDEN DEATH OF MISS POLLOCK

Member of Freshman Class Died of Pneumonia On Sunday Morning Following Brief Illness.

The funeral of Miss Bertha A. Pollock, a member of the Freshman class, who passed away early Sunday morning, will take place at her home near Rochester Mills, Indiana County, on Wednesday. Miss Pollock's sudden death threw a sadness over the Seminary, although she resided at the Roth home on West Market street and not at the Seminary. She took sick on Monday and was under the care of Miss Carey, and the Seminary nurse, Miss Griffiths. Her condition became rapidly worse and pneumonia set in. The mother of the young lady was sent for and arrived several days ago.

Despite close attention and medical aid Miss Pollock failed to show improvement, and her death came early Sunday morning.

She was aged 28 years and left her mother, Mrs. Mary M. Pollock, four brothers and three sisters. She was a graduate of the Vocational School of Eldersridge, Pa., where she stood fourth in her class. Last fall she entered the college as a student in the two-year domestic science course. During her several months she endeared herself to companions by her friendliness and through a frank and generous disposition and an exceptional sunshiny character.

Miss Pollock was a member of the Presbyterian Church and was very active in the Christian Endeavor work here. The Rev. Mr. Everitt paid a wonderful tribute to her and it is felt by all who knew her that her place will be hard to fill.

MISS COOPER ENGAGED TO PROFESSOR MOYER

Many friends met at the home of the Misses Lawshe one evening this week and tendered a shower to Miss Jessie Cooper, an instructor in music at Bucknell. Miss Cooper is engaged to Prof. David Moyer, of Bucknell, also a music instructor. Mr. Moyer is known to many under his nom-de-plume as Prof. Berlino.

PRE-MEDICALS WERE ENTERTAINED ROYALLY BY PROF. STEWART

The Medical Society took on old-time interest and enthusiasm in a well attended meeting at Prof. N. H. Stewart's residence Friday evening. In the interesting style that characterizes his lectures and his method of entertainment, the professor told the men of "The Care of the Wounded in France."

He illustrated his work with photographs, and with drawings which he sketchel as he carried the members of the society through his personal experiences abroad. The gathering with its entertainment and refreshments was unusually appreciated and speaks well for a bright future for the society.

The next regular meeting will take place Friday afternoon at 4:30 in Room 8, Main Building.

TWO NARROW 'VARSITY DEFEATS ON RECENT TRIP

LOST BY ONE BASKET IN EACH GAME LAST WEEK.

NAVY SCORE 15-13; CATHOLIC 27-25 IN HARD BATTLES

Players Given Much Credit of Work Guarding Ability—"Matty's" Playing is Missed.

The 'Varsity basketball team met with two defeats on the Eastern trip last week, losing to Catholic University and the Naval Academy by two points in each game. The various Metropolitan newspapers in their write-ups of these games give much credit to the Orange and Blue team, especially on their guarding. Waddell was high scorer of both games, being moved up to forward to take the place of Mathieson, who was severely crippled in the F. and M. game. Waddell made good in his new position, being the heaviest scorer in both games. Bihl and Dietrich also made good as guards, while Bowser received favorable mention for his work at center in the Navy game.

In the Friday game at Washington against the Catholic University, Bucknell led in the first half by a score of 13 to 8, but the pace was too fast for the Orange and Blue team and the Washington team nosed out a 27-25 victory. The game was hard fought all the way through, and members of the team seemed certain that if the game had been played on the local floor, Bucknell would have come throughwith a bigger score. In this game Waddell made 13 points, while Doris was next with six.

The lineup was as follows:

Bucknell		Catholic U.
Townsend	Forward	Lyons
Waddell	Forward	McNamara
Dorris	Center	Dunn
Bihl	Guard	Glascott
Dietrich	Guard	Rutledge

Field goals: Townsend, Waddell 2, Dorris 3, Bihl 2, Lyons 3, McNamara 3, Dunn, Glascott 2. Fouls: Waddell 9, Glascott 9.

Navy Game

The New York Times gives the following account of the game at Annapolis:

The Naval Academy barely nosed out Bucknell at basket hall this afternoon, the score being 15 to 13. The game was one of the best contested and most expertly played games here for years. Both teams had a splendid system of defense and the individual playing was of a high standard.

The Navy had the edge in working for close in shots, but Waddell showed the best individual work on the floor and netted the ball on several long shots. He threw safely four times and was the only player on either team to score more than one field goal.

Bihl threw safely from the line, giving Bucknell the first score of the game, but the Navy scored eight points on field goals, McLauiry and Byerly and Watters shooting from the line. Dorris was the only player to score from the floor for Bucknell

(On Page Three)

DR. DAVIS WILL DELIVER INTERESTING LECTURE TO "Y" MEN

The Y. M. C. A. held a short meeting Thursday evening in the chapel. No special program was presented and the meeting was thrown open to those present. President Thomas asked several to give their ideas as to the lack of interest in the "Y" at Bucknell. The only definite reason given was that the student body has not grasped the true Christian spirit for which the "Y" stands for, this point being brought out in several interesting speeches.

This coming Thursday evening, Dr. Davis will frepent one of his pleasing lectures for the benefit of the student body. Those who have had the pleasure of hearing Dr. Davis before know that his lectures are of the highest type. President Thomas wishes a large attendance for this lecture.

"STRONGHEART" PRODUCED IN MASTER STYLE

BIGGEST AUDIENCE OF SEASON WITNESSED DRAMATIC ABILITY.

THE ENTIRE CAST DESERVE CREDIT FOR EXCELLENT WORK

Prof. Rassweiler's Coaching Looms Up in the First Play Given Under His Supervision.

"Stronghearr," given by the combined musical clubs at the Orpheum last evening, was witnessed by the largest crowd of the present term, and proved to be one of the biggest successes in the history of Cap and Dagger and Frill and Frown.

The entire cast proved of exceptional ability and the audience was held in close sympathy, forgetting the actors before them were anyone but professional artists. Many persons had to be turned away and it is likely that another performance may be requested.

The drama depicts in a graphic way the age-long barrier between the red and the white races. Strongheart, a clever athlete and staunch friend, seeking the hand of Deck's sister, recognizes this law when as both the boys and one of his tribe refuse to allow him to wed Dorothy Nelson. the girl he loves.

The plot in brief was: The Columbia football team prepared to meet its rivals the next day. Dick Livingston, the star halfback, broke training and lost $3,000 in a gambling game. To hedge this loss he borrowed another $3,000 from Thorne, a member of the team, to back Columbia and retrieve his losses. Thorne secretly loved Dorothy and hoped by getting rid of Dick to win her hand. To this end he plotted with the opposing team and later sends Columbia's signals to them written by Dick's hand.

At the end of the first half the opposing manager brought the signals to Columbia. Strongheart took the signals, refusing to divulge the writer's name. Captain Frank Nelson acceded to the players demands and took Strongheart out of the game. Dick scored a touchdown and Columbia won. By a clever ruse Stronheart proves Thorne's guilt and Dick is exonerated.

Billy relieves the high tension in several humorous love episodes with Molly—Dick's sister. Dick asks Frank for Dorothy's hand and is successful. Strongheart, however, is accepted by Dorothy and asks Frank's permission. The latter refuses. Obeying reason Strongheart decides to return to his tribe of which he now is chief.

"Abe" Hellar, as the hero, is the true idol in voice and appearance. He is appealing in his persuasion with Dorothy and dramatic in his wrath with Frank and Dick.

Dorothy, as portrayed by Pauline Schenck, was a beautiful conception. Her voice was sympathetically attuned to the atmosphere of the play, her movements were graceful. In the highest sense, the faith and ideals of womanhood were portrayed by her.

(On Page Four)

Fraternity men and pledges will receive their issues of the Bucknellian in one bundle at each fraternity house. Non-Fraternity men will continue to receive their paper at the post office.

MOVIE MACHINE INITIATED AT MECH. MEETING

ELATED OVER NEWS OF NEW ENGINEERING BUILDING NEXT FALL

Members Heard Interesting Address by Howard Hann and Decided to Have Old-Fashioned Banquet.

The meeting of the Mechanical Engineers last night was the first at which the new moving picture machine, purchased by the various engineering societies of the college and presented to the University, was officially used.

The machine is the most modern electric one to be had and will be used by the college, the Y. M. C. A., and various other organizations.

The machine was paid for out of the surplus funds of the societies and proves a valuable asset to the University. Interesting pictures were shown last night and at the future meetings prolonged programs will be exhibited.

The Engineers were addressed by Howard Hann, whose talk was greatly enjoyed. It was voted to have an old-fashioned banquet in the near future.

At this regular monthly meeting last night Professor Burpee made announcement that the Trustees of the University had voted to erect a new engineering building and that the Mechanical Branch of it will probably be ready for occupancy in the Fall of this year. This came as a distinct surprise to the students. This building is needed very much due to the crowded conditions of the mechanicals and that their end is to be taken of first caused much jubilation.

PROFS. FRIES AND SCHUYLER ON SICK LIST

Prof. C. C. Fries and Prof. William Schuyler are both quite ill and have been unable to be about for several days.

L'AGENDA COVER

The cover for the 1921 L'Agenda has arrived and will be placed on exhibition shortly in a prominent store window in Lewisburg.

University Announces New College Rates Effective Beginning Next Year

INCREASES IN ALL DEPARTMENTS AFTER MUCH INVESTIGATION BY TRUSTEES.

INSTITUTION'S EXPENSES HAVE CLIMBED STEADILY IN PAST FIVE YEARS

No "Profit" in Increases, But Instruction is Held in Reach of Student Who Must Earn Own Way.

One of the changes that becomes effective with the new semester system next fall will be a complete change in tuition and other rates in order to put the college on a more substantial basis, and still keep it within reach of students who must earn their own way. Practically all other colleges have raised their rates, and some plan a further increase next year. Bucknell has retained past rates as long as possible, but the increase becomes absolutely necessary.

The cost of education has increased during the last five years with all other costs. The constant question is how this increase shall be divided between the income of endowment funds, those who are doing the work and the students who are receiving the education.

After careful study by the administrative office and the Board of Trustees, involving both an inquiry into local conditions and a comparison of charges at other institutions similar to this, the following rates have been established for next year:

For tuition, room rent (unfurnished), heat, light and student budget, $110 a semester.

For the same with furnished room, $125 a semester.

For students living in town, $95 a remester.

For students in the Woman's College, including tuition, board and room, heat and light, and student budget, $225 a semester.

Certain especially desirable rooms as heretofore are listed at a slightly higher rate. Laboratory fees remain for the present the same as last year.

The charges in the music department are as follows, per semester:

Use of	Pipe	Full Course	Half Course
Vocal		$50.00	$25.00
Piano or Organ		50.00	25.00
Violin		50.00	30.00
Supervisors'		50.00	20.00
Harmony, in private lessons		50.00	
Guitar & Mandolin, in class		10.00	
Use of Piano for practice, daily		5.00	
History in class		10.00	
Organ for practice, one hour daily		15.00	

The regular charges for pupils residing in Woman's College will be as follows:

Full course in Music, per semester	$ 70.00
Piano for practice, one hour daily	5.00
Board, room, etc., and student budget	155.00
Total per semester	$230.00

Bucknell is "an institution not for profit." It is the intention to keep a college instruction within the reach of the earnest and industrious student who must earn his way. The increases made and the totals reached are less than those of most institutions of the grade of Bucknell.

DR. EMORY HUNT TO ADDRESS BUSINESS MEN

The regular meeting of the Business Men will be held tonight, Feb. 3, at 7:30 o'clock, in the American Legion rooms. A full program has been prepared. Dr. Emory W. Hunt will address the meeting, and every man in Lewisburg should attend.

PRESIDENT'S SECRETARY APPOINTED RECORDER ALSO

Miss Mary H. Hunt, secretary to Dr. Emory Hunt, has recently been appointed recorded in addition to the duties of which she now has charge. Miss Hunt will have charge of all the scholastic records of students.

Methodist Notes

On February 8, the Rev. Brenneman will preach a special sermon on "Lincoln, the Mystery fo History." The service flag will be taken down at that time. Four fraternal orders have been invited to attend.

ABSENCES

You have three "cuts" coming to you in each of your subjects this term. Are you going to take them? Did you pay for a course with three "cuts," or for a course without "cuts?" Most students have paid for the latter course and only serious illness or grave happenings will be weighty enough to cause them to be absent from any recitations.

It is the minority who should think of home and mother and dad,—and then cut classes. Perhaps absences wouldn't be quite so numerous. Absences have increased generously since the faculty abated the requirements for making them up and to all appearances a goodly number of students are doing their best to secure three absences in each subject.

Be square with yourself. You paid for a full course and you need lots more than can be received in a short three-month term in any subject. You're in college only four years out of sixty or more. Each minute is among the most precious and will be the most treasured during your life. Our President has said: "A man should be willing to take advise from the same source his checks come from." When you are considerig "cutting," remember others at home are effected.

A NEW FUTURE

In this issue is announced the new college rates that will go into effect next term. Read them carefully and recall that it probably has been many years since changes and increases have been made. Practically every other institution the size of Bucknell has rates substantially larger. The increase is only as great as is actually necessary.

The ultimate end of this move affects the life of the University. Under it appears the question of higher salaries for professors, a releasing of funds for other purposes, and a general improvement in all departments of the college. Just how these various phrases will alter will become fully evident in coming months.

COMMUNICATION

Not so fast there, sonny-you who accuse the faculty of neglect in matters of nital interest to your politics-or you who feel that students are not sufficiently entertained in faculty homes-or any more of you who have grievances against the faculty, collectively or as individual humans. There is no reason under the sun why you should not express yourself freely or give your opinion on any of the problems that oppresses and perplexes you. On the contrary, such expression is commendatory for it gives us faculty people a chance to know where we are hit-and why,-and perchance, to parry a stroke or two.

There's no use in mincing words. The key to the situation which puzzles yo ur young, inquiring minds is simply this. We are underpaid. And being underpaid, it follows that we are mentally undernourished and physically overworked. The result resolves itself to this-practical indifference to any and everything that does not have to do with the solving of this daily struggle for existence. We try to look interested in the student activities and some of us get away with a fairly good imitation of it-but it's all on the surface. Beneath, there is always the haunting worry, expressing itself in a thousand tormenting ways but amounting to this, "Last year we went into the hole three hundred dollars-things are growing steadily worse-how will we come out this year?"

Or, resolving itself in an illustration perhaps more concrete to the student mind, listen to Mr. Professor (likely to be almost any of us) as he says wistfully, "I'd like to bring two or three seniors from that last class home for dinner this evening-but I don't suppose—" And then hear Mrs. Professor as she says just as wistfully, "I wish we could! How we should enjoy it! But-a roast-would cost over two dollars-and dessert a lot more and we can't afford extra help in the kitchen. I wish I could do it alone-but with the children and all—And you know if we're alon, dear, we can use cheese instead of meat and do without dessert."

Imagine, you student, whose heaviest obligation in the course of the day is to route yourself out early enough of a morning to meet your first class at eight or nine or ten, and whose biggest problem is whether to see Mary Pickford today or Marguerite Clark to morrow-or both without unduly disturbing the occasionally inquisitive source of your income back home,-imagine, I say, a day like this.

Up at six-thirty, breakfast at seven, an hour or two before class to help with what is most necessary for the day's routine, marketing, laundering, sweeping or what not! A rush to the hill including grand effort to gain leisurely dignity during the ascent and sufficient enthusiasm about one's subject to satisfy professorial conscience and hold down the job. Three or four wearing hours of assiduous pumping in which assistence from the other side of the desk is usually worse negligible-(After all, why do some folks come to college?) After the afternoon class an almost overwhelming desire to get out for a trot around the four-mile-usually frustrated by house duties to relieve the little wife you had fondly hoped in earlier years might be sometime a real influence in the lives of the young college folks but who has somehow gradually fallen into the role of kitchen drudge washerlady and make-over seamstress.

Seven o'clock-and not one word of preparation for tomorrow's classes!

Consider the mad scramble of the day, the undercurrent of worry over the cost and worthlessness of shoes, stockings, etcetera too numerous to mention, the nerve-racking effort to hold down three jobs, teacher, housemaid and janitor besides the by-no-means negligible one of father of a lively child, or three or five.

Is it any wonder your professor has no nerve or strength or desire left for evening study? Yet he is supposed to be inspiring to the daily class, to enliven his recitations with displays of wit, and learning, to exude a cultural influence and refinement, to be interested in student activities, plays, athletics, politics, etcetera. I ask you frankly, how is he going to do it? How is a professor going to hold before his students high ideals of life and learning and experience in a broadminded, cultural fashion when he daily, almost hourly is rehearsing in his subconscious mind, "We're going into the hole- we're going into the hole- How are we ever going to get out" ad infinitum?

You students, the Senior Council, to be explicit, flatters itself that at last it has gotten the ear of the trustees in the way of a promise, insinuation or some such means, that this body of gentlemen will listen with interest and justice to the recommendations of the student body.

Good! Fine! We congradulate you! We, the faculty, have been trying to achieve this enviable consummation for lo-these mang years! We lack something that you possess-is it your finesse in weight matters? At any rate, we are not so fortunate as you. So, meanwhile, instead of wondering what in the dickens is the matter with the proffs, anyway,- and slapping us soundly for being uninterested in student activities, would it be asking too much of you to use your influence in our behalf? To pour into the eager, listening ear of the Trustees whatever tale you wish concerning our deficiences as college instructors just so you show them conslusively and succinctly that you as students have a right to a few considerations and privileges around here even tho the instructors themselves have none?

Hopeful.

S. A. E. RECEPTION

The S. A. E. fraternity tendered a reception to the members of the faculty last Friday evening.

INTER-FRAT GAMES

(From Page One)

Last evening the Lambda Chi five defeated the Phi Gams in a fast and well-played game. Both teams passed cleverly but the Lambda Chis were more successful in locating the basket. Searles' all-around playing featured for the Phi Gams. The team play of the winners stood out above the playing of members as individuals. The lineup:

Lambda Chi		Phi Gams
Aleshoucka s	Forward	Searles
Calhoun	Forward	Brandt (Koch)
Dinn	Centre	Martin
Larson	Guard	Lees
Clare	Guard	Bell

Field goals—Aleshoucka s 5, Calhoun 3, Dinn 3, Clare, Searles 6, Martin. Fouls—Aleshoucka s 2 out of 4; Martin 5 out of 15.

S. A. E.		Forum
McGill	Forward	DesCoursey
Williams	Forward	Malloy
Rooney	Center	Smith
Grieb	Guard	Gehret
Hutchinson	Guard	Reed

Field goals—McGill 3, Williams, Rooney 3, Malloy, Smith 4, Gehret 4. Fouls—Rooney 5 out of 10; DesCoursey 5 out of 15.

Last evening the Forum defeated the S. A. E. in a closely contested game. Gehret and DesCoursey did some clever passing, while Smith and Gehret were the leading goal getters with four basket each. Rooney and McGill did the best work for the losers.

Standing the Teams

	W.	L.	Pct.
Lambda Chi	3	0	1.000
Sigma Chi	2	0	1.000
Non-Frat	1	0	.500
xPhi Psi	1	1	.500
xDelta Sigma	1	1	.500
Forum	1	1	.500
Phi Gam	0	2	.000
S. A. E.	0	2	.500
Kappa Sigma	0	2	.000

xProtested games to be played later.

Games to be Played

Feb. 4—Non-Frat vs. Kappa Sigma.
Phi Psi vs. Sigma Chi.
Delta Sigma vs. Phi Gam.
Feb. 9—S. A. E. vs. Non-Frat.
Psi Psi vs. Forum.
Kappa Sig. vs. Lambda Chi.

Inability to secure three suitable playing dates a week makes it necessary to play three games each night hereafter, in order to complete the schedule this term. The first game will be started at 7 p. m. The schedule for the remainder of the season will be announced soon by the schedule committee which is at present working on it.

WILD ONES

Weekly Contribution By Our Staunch Friend "Scissors."

TO LATIN.

Dead are those that wrote it.
Dead are those that spoke it.
And they die, who try to learn it.
Blessed death, they surely earn it.

STUDENT VOLUNTEERS WILL GIVE TALKS IN NEARBY TOWNS

The Student Volunteers and the Des Moines delegates met in joint session at Women's College Sunday afternoon and arranged for Sunday meetings in nearby towns for the purpose of acquainting the people with the various phases of the great convention. Five delegates spoke in the First Baptist Church of Milton last Sunday evening and on next Sunday services will be held at Montandon and Chillisquaque. They also laid plans for missionary work.

FOR COLLEGE AND FRATERNITY

Pennants, Banners, Cushion Covers, Memory Books, Table Covers, etc., etc., we stand at the Top.

WEDNESDAY
OWEN MOORE
—in—
"PICADILLY JIM"

From P. G. Wodenhouse's Saturday Evening Post story. He simply could not resist a pretty face. He was gay, adventurous, and romantic. She was young and beautiful and needed help and she GOT IT. A comedy romance with a million laughs. Pathe News.

THURSDAY
MARY PICKFORD
—in—
"THE HOODLUM"

"Our Mary" in the Hoodlum does all the things she alone knows how to do. She romps through the picture in a manner that bring riffles of laughter every minute from young and old alike. The play is well mounted directorially and technically excellent. Another "Daddy Long Legs" is the verdict of public and critics. The story is unusual, dealing with a girl of wealth who deserts her luxurious Fifth Avenue home for the New York slums. She soon becomes known as "The Hoodlum" dancing, playing and shooting "crap" with the toughest kids of the streets. How does it all end? Well—that would be telling—so come see for yourself. Added comedy—"Are Flirts Foolish?" Admission—Matinee and Night 22c.

Some Advantages of Railroad Electrification

Saving the Nation's coal

Lower maintenance costs.

Greater reliability and fewer delays.

Ability to haul smoothly heavier trains at higher speed.

Operation of electric locomotives unaffected by extreme cold.

Ability to brake trains on descending grades by returning power to the trolley.

The Power of Electricity in Transportation

ELECTRICITY has leveled out the Continental Divide. The steam locomotive, marvelous as it is after a century of development, cannot meet all of the present demands for transportation facilities. Its electric rival has proved to be far superior.

On the mountain divisions of the Chicago, Milwaukee & St. Paul Railway—the world's greatest electrification—giant electric locomotives today lift an ever increasing freight tonnage over the mile-high Rockies and also make travelling clean and comfortable. They utilize the abundant energy of distant waterfalls and then, by returning some of this power to the trolley, safely brake the trains on descending grades. And their capabilities are not impaired by excessively cold weather when the steam engine is frozen and helpless.

Electricity is the power which drives the trains of New York City's subway and elevated systems. It operates the locks and tows the ships through the Panama Canal. It propels the Navy's latest super-dreadnaught, the *New Mexico*. Electric mine locomotives have replaced the slow-moving mule and the electric automobile has also come to do an important service. Such achievements were made possible by the extensive research and manufacturing activities of the General Electric Company.

Electricity has become the universal motive power. It has contributed efficiency and comfort to every form of transportation service and in this evolution General Electric apparatus has played a large part — from mighty electric locomotives to the tiny lamp for the automobile.

OTHER COLLEGE MEN AND WHAT INTERESTS THEM

Southern Colleges

Entry lists for the university teams in the triangular debate betwen the Universities of South Carolina, Florida, Tennessee will close soon, according to a ruling of the university debating council. The debate, which is an annual contest, is the university's most important intercollegiate meet of its kind. Each institution in the debate selects two teams, one on each side of the query, and three contests are staged simultaneously, the winner being required to win both contests. The University of Tennessee was victorious last year, the University of South Carolina getting second place when E. B. Smith and M. A. Wright defeated a team from the University of Florida.

Preliminary contests to decide the university's representatives will be held an. 20, at which time four men will be selected, two for each team. No little interest has been aroused in the contest this year and both the Euphradian and Clariosophic Literary societies are expected to be well represented in the preliminary debates.

Through College by Aid of Hens

Three Connecticut farmer boys wanted college educations.

Garry Miles, Sherman Ives and Clarence Ball were high in ambition but low in cash. But they went to college just the same. For financial support they leaned upon hens. Yes, hens!

Each lad took his flock of hens to college with him, quartering them in rented coops, feeding them and selling eggs after school hours.

Garry's hens paid him $275 above their maintenance. Sherman's brought him $204, and Clarence's hens netted him $285.74.

The boys are paying their own way through college. Rather, we should say, the hens are doing the paying, for it is they who are doing the laying.

All of which goes to show—

First—One can get a college education if he wants it badly enough.

Second—At the present price of eggs hens are gold mines.—Madison (Wis.) Journal.

Lafayette

In connection with the campaign being made all over the country to raise money for the Layfayette Memorial Gymnasium, a drive was made in chapel. The aim is to have each man in college either subscribe personally or solicit a subscription from some one else. Three fraternities have already attained the hundred per cent. goal with a subscription from every man.

Lehigh

A Rifle Club is being formed. From the members of this club will be chosen the Lehigh University Rifle Team which has already been entered in the Intercollegiate Gallery Championship Maches of the National Rifle Association for this spring.

Pennsylvania

In one of the stormiest undergraduate meetings ever held, Penn men declared themselves emphatically in favor of the underlaying principles of an All-University Code of Honor. After two hours of spirited speeches, the undergraduates voted for the establishment of a code drawn up in a definite, constitutional form, as opposed to any system resting on unwritten traditions and precedent.

Washington and Jefferson

Baseball will in all probability be restored as a major sport at W. and J. Several attractive offers for intercollegiate contests have been received.

Davidson College

Davidson students are to raise $10,000. This subscription is not a cash proposition but is to extend over a period of four years.

U. of W.

Returned aviators and air service men have organized an aero club at the University of Washington, the membership of which already exceeds fifty and includes a dozen or more qualified aviators. The purpose of the club is to promote interest in aviation and to secure the addition of a course in aeronautical engineering to the curriculum. A seaplane and a balloon have been placed at the disposal of the club and a landing field selected. Exhibitions will be conducted on college gala days, and it is hoped to enter an aeroplane in next year's intercollegiate races at Atlantic City.

CLARE NEW HEAD OF INTER-FRAT COUNCIL

Victor Clare has been elected president of the Inter-Fraternity basketball council, following the resignation of Harold A. Stewart, who has been forced to give up the office due to conflicting activities.

TWO NARROW 'VARSITY DEFEATS

(From Page One)

in the first half, which ended 9 to 4 in favor of the Navy.

The lineup:

Naval Acad.		Bucknell
Byerly	Forward	Waddell
Burkholder	Forward	Townsend
Greber	Center	Dorris
Watters	Guard	Dietrich
McLaury	Guard	Bihl

Field goals—Naval Academy: Byerly, Greber, Watters, McLaury, Blue. Bucknell: Waddell 4, Dorris. Foul goals—Naval Academy: Watters, 5 in 14. Bucknell: Bihl, 2 in 6; Waddell, 1 in 3.

Substitutions—Naval Academy:: Blue for McLaury. Bucknell—Bowser for Davis, Dorris for Townsend.

Referee—Mr. Battersby, Swarthmore. Umpire—Mr. McDevitt, University of Uennsylvania. Time of halves—Twenty minutes.

The work of the two freshmen guards deserves the best of praise as new 'Varsity men. Both put up a style of defense that won the good will of all spectators and it is largely due to their efforts that the scores were so low. In the Navy game Dietrich held his man to no score during the whole game and in the Catholic game he held his man from scoring for one half. Bihl almost duplicated the work and much of the scoring came from the center and guard men of the opponents.

Among Our Alumni

Roy B. Mulkie, of Union City, Pa., who was president of the class of 1898, is engaged upon extensive business development in the coal and feed supply lines. He is establishing a number of new stores and mills for his company and is looking after the welfare of the Western Pennsylvania and New York Retailers' Association in his line, being the secretary.

The Hon. Milton W. Shreve, '84, member of Congress, Republican, from the Erie-Crawford District, has announced his candidacy for renomination. He has given extra attention to United States trade development in South America during the past two years.

Frank W. Dillon, '98, managing editor of the Erie Evening Herald, has made a special effort through the news columns to keep Northwestern Pennsylvania people interested in the preservation of Fort Le Boeuf, on Lake Le Boeuf, Waterford, Erie County, the point where George Washington had the historically famous parley with the French commander from Forst Presque Isle, (Erie), 18 miles from Waterford, leading to the French and Indian war. About $3,500 has been raised to be duplicated by the State of Pennsylvania.

The Rev. F. B. Igler '12, student pastor at University of Pennsylvania, was in Lewisburg last week to attend the Founders' Day banquet of the Delta Sigma fraternity and to confer with Dr. Lewellyn Phillips concerning the Interchurch World Movement. Mr. Igler has charge of the gathering of information from all institutions in and about Philadelphia, through appointment by Dr. Phillips.

A recent edition of the Philadelphia North American has the following to say of Judge A. W. Johnson, of Lewisburg, who is a member of the board of trustees of the University:

Although politicians generally believe the Republican organization throughout the State will support Judge Sylvester Sadler for the vacancy in the Supreme Court next year, Judge Albert W. Johnson, of Union County, is stil campaigning for support in this city.

Judge Johnson has been soliciting politicians more or less openly here for some weeks. He has been particularly active around the Union League, seeking the backing of political leaders for his candidacy.

Friends of both political factions are said to have been approached by the Union County judge. He has been substituting in quarter sessions court throughout the present month, and also helped out the local judges as various times last year.

Among the leaders of the Penrose faction Judge Johnson is said to have asked to support him are the mayor, David J. Smyth, city solicitor; Harry McDevitt, the governor's secretary, and Murdock Kendrick, who was Moore's campaign manager.

Judge Johnson has been on the common pleas bench for about eight years. His most important cases recently in this city were the trials of William F. Rorke, Vare lawyer and legislator, charged with subornation of perjury, and William E. Finley, executive head of the Vare Republican city committee, charged with conspiracy to aid in the escape of gunmen and murders from the Fifth War.] Both were acquitted.

In the trial of thieves and highwaymen Judge Johnson earned the sobriquet of "treat 'em rough" because of the long sentence he imposed.

Judge Sadler is a brother of State Highway Commissioner Sadler and a close friend of Governor Sproul. The post to be filled next year in the supreme court will be that to be made vacant by the expiration of the term of Chief Justice J. Hay Brown, on January 1, 1921.

6534 Western Reference Teachers Wanted

During 1918-19 we received official requests from employers in forty-three States and four foreign countries for 6,534 teachers for Schools and Colleges from Kindergarten to University. OPPORTUNITY FOR YOUNG VOTERS

(From Page One)

the number being signed.

The following reason may explain Mr. Beale's eagerness to have the students of the United States to help in making the platform of his party.

"A political platform would surely have more clearness if thought out in the libraries and students of the scholars of the country than in the turmoil and noise of a political convention; it made away from its jarring elements; itw ould have fewer evasions and ambiguities if not made under the pressure of its clashing interests, and the great organic truths of sociology of a party could be more profoundly considered and more effectively expressed.

"There never has been a time when the two great parties have differed so fundamentally in principle as now, differences that go to the very foundation of society; never a time when so many brands of quack medicine have been so energetically talked about as cures for the distempers of the State, and therefore never a time when an honest platform and straight thinking, holding out no false hopes and promising no short cuts to the millennium, is more important than now."

"STRONGHEART" (From Page One)

This was Miss Schenck's first big part and she discloses striking dramatic ability.

Martha Leiser as Molly was never seen to better advantage. The audience felt that she was genuine in her tears when Billy treated her so cruelly.

Dick, by Hobart Evans, was well given. The part stood out as one of the best pieces of acting in the play.

Sturgas Beers portrayed the part of a typical grind in Reade.

Lewis Griffith was seen for the first time in dramatic work in the part of Captain Frank Nelson. Ross, the Freshman, was well handled by Kenneth Lewis. Billy, remaining true to Strongheart to the last, was handled in true style by Harry Warfel.

John Hendren as the coach was inimitable. Matilda Bell as the mother was a picture of indulgent kindness. In fact every member of the cast deserves especial mention for the production.

Francis Reamer played the difficult character role of Thorne in a most comendable manner.

To Prof. Rassweiler goes the credit for the real success of the play. His ability to grasp an entirely new situation and whip a first rate production into shape shows most marked ability. It is hoped that he will be the guiding spirit of Dramatics at Bucknell for future years.

Among the other features of unusual appreciation were the excellent stage settings and the high class of music played by the Derby orchestra.

Stewardson deserves marked credit for playing three parts, the latter part as Reade, having been assigned only late yesterday afternoon when it was learned Fred Beers was still too ill to take the role.

THE MATHEMATICAL CLUB

On Wednesday afternoon thirty-four students assembled in Room 4 to take definite steps in organizing the Mathematical Club, plans of which were outlined in last week's Bucknellian. Dr. Bartel's address upon Poincare's "Non-Euclidean World," proved highly interesting. J. V. Holmes was elected temporary chairman, the following committee was appointed to draw up a constitution: H. S. Everett, Elizabeth Widener and George Lowry. At the next meeting, Wednesday, Feb. 11, the committee will report the constitution for acceptance. Officers will be elected at at that time.

Columbia Five Defeated by Bucknell

Bucknell defeated Columbia in a fast game of basketball on Monday night by a score of 32 to 24. The game was fast throughout and was featured by the excellent guarding of Dietrich and Bihl. Dietrich's ability at playing the whole floor and continually breaking up opponent's passing was very noticeable and was closely seconded by Bihl.

The scoring for both teams was well scattered among the players with the exception of Townsend, showing that team work was the big feature of the evening. The latter part of the second half kept every spectator on his feet when Juniata with a determined air kept the ball in their possession most of the time until they had passed the local team's score. Bucknell strengthened and tied the score at 24-24 with but three minutes to play.

The game appeared to hinge its victory on a single basket and both fives showed their hardest and swiftest passing. Then Bucknell jumped into the lead by a single basket amid the cheering din of the rooters. Bucknell then put a pretty finish to the game by superior tactics in passing and the three more time the ball dropped through the basket. Juniata, however, was also active and several times her forwards caused tense moments

(On Page Four)

REVISED SCHEDULE OF INTER-FRATERNITY GAMES ANNOUNCED

Many changes have been necessary in the schedule of the Inter-Fraternity League and the representatives have reformed the times of playing in an endeavor to prevent conflicts with other activities. Three games will be played each Monday and Wednesday this month, the closing games being arranged for March 1.

Interest in the games is becoming more tense each week and excellent games are staged. The revised schedule follows:

Inter-Frat. Schedule

Feb. 9—S. A. E. vs. Non-Frat.
Phi Psi vs. Forum.
Kappa Sig. vs. Lambda Ch.
Feb. 11—S. A. E. vs. Delta Sigma.—Sigma Chi vs. Non-Frat
Phi Psi vs. Phi Gam.
Feb. 16—Lambda Chi. vs. Delta Sig. Kappa Sigma vs. Forum.
S. A. E. vs. Sigma Chi.
Feb. 18—Phi Psi vs. Lambda Chi. Kappa Sigma vs. Forum.
Delta Sigma vs. Non-Frat.
Feb. 23—Sigma Chi vs. Forum.
Phi Psi vs. S. A. E.
Phi Gam vs. Non-Frat.
Feb. 25—Delta Sigma vs. Forum. Sigma Chi vs. Lambda Chi. Kappa Sigma vs. S. A. E.
Mar 1—Phi Gam vs. Forum. Lambda Chi vs. Non-Frat.

Phi Psi Sig. Chi Tonight

Phi Psi and Sigma Chi will play tonight at 8:30. This is the game that was scheduled to have been played last Wednesday.

Buckwell University

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. February 10, 1920 No. 16

JUNIATA FIVE DEFEATED 32-24 BY BUCKNELL

MOST EXCITING HOME GAME OF PRESENT SEASON.

TEAMS EVENLY MATCHED AND SCORE VERY CLOSE DURING ENTIRE CONTEST

Townsend Led With Eight Baskets.—Teamwork Was Feature of Both Fives.

A tense, breathless finish, in the best home game this season gave the 'Varsity a narrow victory Friday evening against Juniata, the final score standing 32-24. Each team took its turn at leading in scoring and several times the boards showed an even tally for both quintets. Close guarding and passing was the feature of both teams which appeared evenly matched in these abilities.

The game opened in neatly directed passes and was well advanced before Bucknell netted the first basket. From then on the game climed to about six points when Juniata overtook the Orange and Blue and added an additional two points, giving them the lead. From this point until the finish the contest was the very best that has been played on the local floor as far as excitement is considered. The scoring was a laborious process in comparison to past games at home, the figures never varying more than six points until the final whistle.

At the close of the first half the points were 12-12, with Juniata matching the local team in well-placed baskets, one two forwards playing a pretty game against closely watching guards. Dietrich's ability at playing over the whole floor and continually breaking up opponent's passing was very noticeable and was closely seconded by Bihl.

The scoring for both teams was well scattered among the players with the exception of Townsend, showing that team work was the big feature of the evening. The latter part of the second half kept every spectator on his feet when Juniata with a determined air kept the ball in their possession most of the time until they had passed the local team's score. Bucknell strengthened and tied the score at 24-24 with but three minutes to play.

The game appeared to hinge its victory on a single basket and both fives showed their hardest and swiftest passing. Then Bucknell jumped into the lead by a single basket amid the cheering din of the rooters. Bucknell then put a pretty finish to the game by superior tactics in passing and the three more time the ball dropped through the basket. Juniata, however, was also active and several times her forwards caused tense moments

(On Page Four)

MRS. THOMAS HEIM PASSED AWAY LAST NIGHT

Ruth, wife of Thomas J. S. Heim, a member of the Senior class, passed away at her home in Winfield last night, following complications which set in at the birth of a son Monday morning. Mrs. Heim was formerly Miss Ruth Haines, daughter of Mr. and Mrs. A. Haines, of Winfield. Besides her parents, she leaves several brothers and sisters. The funeral will take place at the Haines home Friday afternoon at 2 o'clock.

CIVIL ENGINEERS REORGANIZED AND PLAN ACTIVE SEASON

The Civil Engineers held a meeting Thursday afternoon for the purpose of reorganizing the Civil Engineering Society and the following officers were elected: President, R. C. Umlauf; secretary, D. W. Korth; treasurer, A. F. Gardner.

The Civil Engineering Society will become a real live organization, revising the Constitution and by-laws of the Civil Engineering Society which passed out of existence during the Spring term of 1917, on account of so many of the members leaving for war service. The organization plans, if possible, to procure a charter for a student chapter of the American Association of Engineers, which is very similar in character to the A. S. M. E. and the A. I. E. E.

There will be another meeting of the society during the present week. Notices of the time and place will be posted on the Bulletin boards.

It is desired that every civil engineer in college attend this meeting. Professor Lindemann will be on hand.

NOTICE

All Freshmen must be in rooms at 9 o'clock on Monday nights is Senior Council's order.

Ministerial Meeting

The Ministerial Association, like other organizations at Bucknell, has grown in size this year and now numbers thirty-two students. A meeting will be held on Wednesday, Feb. 11, at 4:30 in Eupia. The Rev. Mr. Peacock will be present and has a matter of first-rate importance to bring up. Every ministerial is urged to be at this meeting.

Kappa Sigma	0	5	.000

Last Night's Games

The S. A. E. won 18-10 from the badly cripped Non-Frat team which failed to show its usually good form. Rooney proved to be the big man for the S. A. E., scoring 14 of his team's 18 points.

Phi Psi outplayed the Forum winning easily 37-14. The Phi Psi five showed excellent team play throughout the entire game, McGann playing during only one half of the game scored 5 baskets. Yon scored two pretty long goals. Reed and Gehret were in the limelight for the Forum.

Lambda Chi defeated Kappa Sigs in a tumultuous game. However, in spite of the absence of kid glove handling no hard feeling developed. Lambda Chi 10, Kappa Sig. 6, tells the story.

Wednesday Night Games

The first half of the Phi Gam-Deme game ended with the score in favor the Phi Gams. In the second half the Phi Gams secured a new lease of life, featuring snappy passing and accurate shooting. Eaton on the defense succeeded in breaking up many passes while Dave Martin did the high scoring for the Phi Gams. Cooke dribbled the entire length of the floor and threw a pretty basket during the first half. Tingley played a good floor game for Delta Sigma. Lineup:

Phi Gam		Delta Sigma
Searles	Forward	Stewart
Brandt	Forward	Ross (Beers)
Martin	Centre	Tingley
Lees	Guard	Tingley

(On Page Two)

Commendable Changes to be Instituted in Scholarships

Scholarships is the next reform among the commendable changes to be instituted next fall by the board of trustees and the faculty. The matter of awarding these helps and the number of them has long needed revising and with the beginning of the two-semester system next fall and the altered college fees, a thoughtful awarding of scholarships will fit very well and add prestige to the college.

Scholarships will be divided into four distinct classes and the total number in these four classes will be considerably less than at present. These aids will be subject to renewal each semester and applications for any of these scholarships should be made before June first.

Following are the facts concerning the changes as reported from the office of the president:

"Another section of the financial problem of the college to which reference was made last week is that of free scholarships. Of the annual charge for tuition of $150, the full amount has been paid this year by about one-half of the students. The other half has received upon representation of need a scholarship providing for $50 of the total bill. Two consequences flow from this generosity. First, the college feels the lack of income, and second, the faculty is always haunted by the feeling that some are thus receiving help who do not actually need it while others are bravely struggling to carry their own burden.

"The faculty has therefore given careful thought to the problem and the Board has approved of their recommendations. In accordance with the decisions reached, there will be four distinct classes of scholarships. First all of the scholarships announced in the catalogue for which a foundation has been created will be continued in accordance with the terms upon which they were established. Second, as heretofore, scholarships offering $50 a year will be granted to all children of ministers and missonaries in active service. Third, the faculty is authorized to select a few secondary schools who will be permitted to give scholarships offering $100 to their honor student. Fourth, twenty-five service scholarships will be maintained offering $50 a year, in return for which clerical work may be required, as in the case of the established Bucknell scholarships.

"Application for new scholarships should be made before June first.

"Scholarships will be held subject to renewal at the beginning of each semester, and the renewal will be conditional on the maintenance of an average grade of 80 and of continued financial aid.

"Students who already hold scholarships may count upon their being considerably reduced, so that it will be necessary for the committee in charge to have assurance of a real need on the part of the recipient in order that the greatest good may be done. It will also be noted that the conditions upon which a scholarship may be retained are such that the possession of one will constitute a certificate of merit."

BID DAY BIG SEMINARY EVENT

Banquets, Movies and Other Social Events Featured Program For Day and Evening.

Sorority bid day took place at the Women's College on Saturday, and a lively it was for the Freshies, as well as the Sorority girls who enjoyed sleigh rides, movies, good eats and dancing through the day and evening. Many alumni were present to aid in the festivities and renew friendships.

Delta Delta Delta extended membership to five Freshmen: Margaret Lees, Emma Kunkle, Ruth Ruhl, Ruth Apgar and Margaret Fowler. Later luncheon was served at the home of Sarah Bernhardt after which the movies were enjoyed followed by dinner at Delmar Inn.

Eta Sigma's program was the inviting of Misses Susanna Post, Marion Murphy, Elizabeth Grove, Mabel Baker, Anna Coyne and Margaret Morgan. Luncheon and dinner was served at the country home of Hattie Fertig, '21.

Following this a sleigh ride to Milton was enjoyed and also the movies.

Kappa Delta's invited Anna Fisher, Bertha Smith, Phylis Ottmyer, Margaret Young and Marion Jack. In the afternoon the biddies and active chapter enjoyed the movies after which came a banquet and dance at Delta Sigma House. Misses Irene Fritz, '14, and Margaret Finnerty, '19, represented the Alumnae at the banquet and dance.

Pi Beta Phi have as their biddies, Misses Emily Kurtz, Anna Hill, Marjorie Nichalls, Gladys Emerick, Margaret Smail, Marguerite Brierly, Elva Flannigan, Helen Furgeson, Dorothy Sholl, Dorothy Markham, Dorothy Auer, Louise Llewellyn, and Geraldine Schucker. Dinner was served them at "The Broadway" in Milton and after they enjoyed the movies.

The following are new Phi Epsilon biddies: Catherine Wagner, Louise Coombs, Carolyn Hunt, Ada Thomas, Susanne Statler and Lois Cruse.

GLEE CLUB TRIP POSTPONED BY FLU

Owing to the epidemic of grip and "flu" in that section the proposed trip of the Glee Club to Pittston and Olyphant, scheduled forthis week end, has been indefinitely postponed. Definite dates have been arranged for Shamokin on Feb. 27 and Williamsport on March 5, with the date at Sunbury still in doubt. There is also a possibility of a date at Mount Carmel the night following the Shamokin concert.

COLLEGE CATALOG WILL SHOW SOME RADICAL CHANGES

Genera Science Course is Dropped and Latin Will Not be Required For Degree.

Among some of the changes that will appear in the new catalog, and effective in the fall, are changes in the courses offer, the degrees granted, and the elimination of Latin requirements.

It will be of interest to note that the General Science course will be discontinued ;the degree of Bachelor of Science will be given in Biology, Chemical, Civil, Electrical and Mechanical Engineering, and in Home Economics.

Beginning next fall Latin is no longer required for the degree of Bachelor of Science nor for admission leading to this degree. Other changes, not yet fully decided upon, will be made to meet the changing conditions of the institution's educational program.

LATE "JERRY" SMITH TELEGRAPH OPERATOR KNOWN TO ALUMNI

"Jerry" Smith, the Lewisburg telegraph operator who has come into contact with almost every student at Bucknell in the past thirty-five years, will no longer tick off college athletic news for the outside world. "Jerry" answered his last Sunday morning when he dropped dead in the local postoffice.

Big, calm, good-natured Jerry for the past 35 years has been the medium through which Bucknell's news was sent to the bid dailies, besides having sent and received thousands of personal messages for students in all these years. For several decades up until ten years ago he conducted a tobacco store on the corner where the Lewisburg Trust Company bank now stands, and in connection with it he operated the telegraph. His store was one of the most popular in the town and will be remembered by hundreds of Bucknell alumni. Jerry was 62 years of age and a noted operator. It is said that he had such a clear manner of transmitting messages that receiving operators in distant towns could distinguish his code among dozens of others.

GROUP LEADERS MISSED

On account of the illness of Professor and Mrs. Leo Rockwell and Professor Fries their work with discussion groups on Sunday nights has been interrupted. All are engaged in organizing new topics and their absence is keenly felt.

VOCATION DAY AT PRESBYTERIAN CHURCH

Next Sabbath will be observed in the local Presbyterian Church as its annual Vocation Day, a day of special interest always to the student body. The special Vocational addresses will be given at 11 o'clock by the Rev. C. A. R. Janvier, D. D., President of Allahabad College, India.

Dr. Janvier was born in that country and has seen years of service there, and will bring a stirring message from a land that is noted for its intellectual qualities. Special music will be rendered. The University Club will meet Dr. Janvier in an informal reception in the library of the church on Saturday evening.

GEORGE F. MILLER BUCKNELL BALL PLAYER DIED LAST NIGHT

George F. Miller, '16, a well known business man of Lewisburg and a former noted ball player for Bucknell dropped dead while bowling at the American Legion rooms last evening. His death comes as a big shock for he was apparently in the best of health.

He was aged 27 years and left his widow ,who was formerly Miss Genevieve Shutterly, of Monessen, a member of the same class at Bucknell Their marriage took place at commencement time in 1916. He was a member of the Phi Kappa Psi fraternity. During the war he entered the Chemical branch of the army and was sent to State College as an instructor.

He was in the coal business with his brother in town during the past months and just recently announced hs name for nomnaton to legislature.

SIGMA CHI GAVE DANCE TO "SEMITES"

Last Friday evening Sigma Chi entertained a number of young ladies of Women's College with a dance he feature of the evening was the music which was furnished by the newly organized Sigma Chi orchestra, composed of Lees, Pangburn, Botts, Kostos and Woodring. It was their initial appearance and the quality of their music was thoroughly enjoyed by the chorus. Miss Dorcas chaperoned the dance which started at 7:30, lasting until 10:30.

SUBSCRIBE NOW FOR L'AGENDA

Women's College Ordered Many Volumes and Men Will be Given Opportunity to Sign Up This Week.

Subscriptions for the 1921 L'Agenda are coming in at a very satisfactory rate, according to Manager Martin K. Mohler, the Women's College has been thoroughly canvassed and tomorrow the men will be consulted As only a limited number are going to be ordered, it is important that everyone desiring a copy should make the fact known, as after the time limit has expired, it will be impossible to get extra copies. Only a sufficient number to cover the subscriptions will be ordered from the printer.

The sample copy, showing the cover and general proportions of the book has been on exhibition at Women's College for the past two weeks and will now be used in taking subscriptions among the men. The fraternity houses will be visited first, and then the manager will cover the "Hill."

The cover is dark brown flexible leather, with the name stamped upon it in a lighter shade of brown, making a rich and harmonious combination. There will be no cloth bound L'Agenda this year, but the cost of the leathered covered one will remain the same as last year. In spite of the fact that the cost to the student for these books has not increased, the contents will be of the same high grade and character as in former years, and in addition there will be many new feature departments. A number of unusually fine jokes will be run in with the advertisements, as well as reproductions of snapshots of various kinds, making every page of the annual contain some fine reading matter. New faces will be seen in the faculty, while the calendar will be the best that has ever appeared in a Bucknell publication, having some activity or humorous happening for every day. In this section, not even members of the faculty are spared, and their funny sayings are placed in the proper chronological order.

FRESHMEN DEFEATED BLOOMSBURG

SCORE STOOD 26-25 AT CLOSE OF EXCITING GAME

WREN CAGED WINNING BASKET IN LAST TEN SECONDS OF PLAY

Long Shots and Unsuccessful Foul Shooting Proved Big Factor in Defeat of Normal School Five.

In the last ten seconds of play Friday evening, a field goal by Wren, brought victory to the Bucknell Freshman team over the Bloomsburg Normal team 26 to 25.

The game was one of the closest and most exciting that the Freshman have played this year. The feature of the game was the passing done by the Bucknell men. Their opponents were powerless to break it up. Having been accustomed to six-inch extension baskets, the Freshies were handicapped in shooting by the twelve inch extension baskets in the Normal's gym.

The entire Freshman team played good ball, Julian led the scoring for Bucknell with one field goal and 8 fouls. Wren came next with four goals while Caldwell had three. For Bloomsburg, the heaviest scorer was Sweeney, with six goals.

Sweeney's constant attempts at long shots and his failure to make any of the nine chances at fouls proved a big factor in Bloomsburgs defeat.

Bloomsburg started off with two field goals by Sweeney from the center of the floor. Julian then shot two fouls. Two more field goals by Normal brought the score 8 to 2 in their favor. The Freshmen then got started. Dinn, Caldwell and Wren each caged a basket, while Julian shot three fouls. The half then ended 11 to 8 in our favor.

Wren opened up the second half with a field goal, followed by one by Caldwell and a foul by Julian. Then Bloomsburg started and tied the score at 16. The Freshies then climbed ahead to 24 to 17, when the Normal tied them with three fouls and two baskets. Only a minute of play remained. Schell shot a foul four Normal, putting them in the lead 25 to 24. In the last ten seconds, the Freshies worked the ball up the floor and passed to Wren who caged the final basket, and winning the game.

Summary:

Freshmen		B. N. Normal
Caldwell	Forward	Sweeney
Julian	Forward	Strange
Dinn	Center	Fish
Woodring	Guard	Cole
Wren	Guard	Shafer

Substitutions—Schell for Strange; Strange for Cole. Fouls—Julian 8 out of 11; Sweeney, 0 out of 9; Schell, 5 out of 5. Field goals—Wren 4, Caldwell 3, Julian, Dinn, Sweeney 6; Strange 2, Fish, Shafer. Referee—Wintersteen, Bloomsburg. Scorer—Werntz, Bloomsburg. Timer—Reamer, Bucknell.

MATHEMATICIANS WILL MEET TO FORM CLUB

Do you know how"s" came to be used as an unknown? Have you ever learned how the wheel of the striking mechanism of a clock controlling the number of strokes, or a cam giving any desired motion is laid out with the help of the Spiral of Archimedes? These two topics will form a part of the program for the next voluntary meeting of those interested in Mathematics. This meeting will develop into the first regular meeting of the Bucknell Mathematics Club if the constitution which has been prepared is adopted. Those who qualify will be listed as charter members. Officers will be elected, membership defined, and meetings scheduled. The activities and possibilities of the club will be outlined at the same meeting. It is evident, therefore, that this is a meeting of high importance. Since membership of different kinds will be provided for all in the college and town who are especially interested in Mathematics, it is important for you to be there.

Here is the date: Wednesday Feb. 11, at 4:30, Room 4.

Revised Varsity Basketball Schedule

Feb. 13—No Game.
14—Geo. Washington here.
19—Marrietta at Lewisburg.
20—Tornide at Philadelphia.
21—F. & M. at Lancaster.
27—Alumni at Lewisburg.
28—Gettysburg at Lewisburg.
Mar. 5—Dickinson at Carlisse.
6—Gettysburg at Gettysburg.
13—Lehigh at Lewisburg.

OUR UNIT FLAG

Have you seen that Bucknell Amblance banner that was returned to the college last spring from the battlefields of France? With its Croix de Guerre decoration and numerous citations it stands unobserved in a nook in the library. Such a prize should be placed under glass cover in a conspicuous place. It is evidently only a matter of instructing the proper authorities to place this honored emblem where it may be viewed.

It perhaps resolves itself into a duty to have this silk be-ribboned standard given a prominent place of honor. It was closely prized and cared for by Unit 525 in its travels through France and woven into it is the eternal reverence for three departed companions.

Last spring it was presented to the college bearing upon it evidences of the supreme efforts and sacrifices of our soldier companions. It deserves the highest honor Bucknell can give it. Where shall we place it?

DUTY TO PARENTS

An unusual state of affairs is making itself noticeable among the students of the college. In more numbers than can be supposed, letters and telegram queries are being received concerning the welfare of students. Neglect to write home is almost daily causing queries to be sent to the college office. College men are urged to place greater stress upon duty to their parents, especially in these days when influenza epidemics are so threatening.

It is almost unbelievable that such telegrams and letters as these are received: "Please wire me at once if my son,————, is well. Have not heard from him for————weeks and fear he is ill." Yet such is a common occurrence which has not only developed this year, but is increasing. Naturally, "flu" epidemics make parents unusually anxious, but it is surprising to discover so many young men who are lax in their duty to those at home.

If you haven't written home lately sit down tonight and have a chat with Mother or Dad.

INFIRMARY POSSIBILITY

The writer has often wondered why the University does not have an infirmary attached to the institution. Within the past couple years Women's College has had a nurse to look after and care for any young ladies who may become ill in the buildings of the Women's College.

Last year during the regime of the S. A. T. C. when the influenza epidemic was at its worst, an infirmary was established temporarily in the Academy, and the cases isolated.

Have the college authorities given this sufficient thought? Everyone is familiar with the possibilities of an epidemic, and the ravages of epidemics. What preparatory steps have been taken by college authorities to combat an epidemic of any description?

Students who room in the college dormitories should have the protection afforded by a modern infirmary. At present influenza is threatening this particular section of the State, and we are having a number of cases of students becoming ill in the dormitories. Fraternity men are protected to the extent that they are at all times in communication with friends who can secure medical attention from the physicians of the town. But with the non-fraternity men, and others who have rooms in the dormitories this is not the case. They may fall ill at any time, and before their absence would be noted could easily develop a serious illness before they could receive proper medical attention.

To keep the college within its advertised limits "A Twentieth Century Institution," why not add that which was developed long before the thought of the Twentieth Century—an infirmary where students receive proper and satisfactory medical attention.

A Hill Resident.

"PUSS IN BOOTS"

Speaking of fairy tales, and keeping mum about things about us, we take occasion to clip the following from the Smith College Weekly:

Do you suppose
That those girls who—
In spite of all warnings and protests—
Still wear their galoshes flapping—
Are so disillusioned
As to thing they sound
Like a loose chain of an auto
Which hits the mudguard
At every turn of the wheel?
If so—
That is a childish, stupid fancy
Not at all on the approved list.
And they are sadly mistaken
If they do it because they think
It looks "collegiate" or studiedly careless.

1921.

WILD ONES

Weekly Contribution By Our Staunch Friend "Scissors."

Other College Gambolings

When the galloping dominos beckon and call,
Stoop to 'em easy; don't rush in and fall.
For African golf is not just what it seems
And unbalanced bones are more than mere dreams.
When the deck has been stripped to the nine-spots or more,
When the deuces run wild and when cash keeps the score,
If yourself and opponents you would not embroil
Be sure that the game is according to Hoyle.
For there's many a man who will take it on word,
And for that selfsame reason, many a bird
Who missed on his draw or crapped out with expense
Lost all his dollars to gain bits of sense?

—Carnegie Tech Tartan

Sitting
In history
Class and Thinking
Of Nothing in
Particular which
Is what I
Do most of
My thinking about.
I was Listening to
A lecture and
Watching
the Prof.
also Rev.
We all now
Him. he
Toured in
France no so
Long ago when
certain Parts of
France were not
Healthy Even For
Frenchmen.
And he broke
A piece of Chalk
Into Two pieces as
He
Talked and Began
Shaking them in
His hand As he
Lectured
In a sort
Of absent Minded
Way. I mean
He Shook the
Chalk in an
Absent minded Way.
And I Listened to the
Rattling and Click
Of Those pieces of
Chalk
And watched The
Free wrist movement
And back in my mind
I Could Hear pleas
To "Little Joe" and
I Sat
And Listened
And Wondered.

Epitaph

Tready easy boys, here lies a Prof,
No more he draws his breath,
He never pulled an ancient wheeze,
And so was loved to death.

Our idea of the height of nerve is stopping a street car to use the step to tie your shoe-lace.

SOME SURPRISES IN FRAT GAMES

(From Page One)

Eaton .....Guard .....Bauman
Field goals—Searles 3, Brandt 4, Martin 5, Stewart 2, Cooke, Tingley. Fouls—Martin 4 out of 8, Bauman 5 out of 14. Referee—Dorris.

Fast passing and superior teamplay gave the Non-Frats a 26-13 decision over Kappa Sigma Wednesday. Treadwell and Morgan put up quite a battle at centre with Treadwell having the edge on his opponent. Mullen and Julian played a fast game. Hendren was the only Kappa Sig able to locate the basket from the field.

Non-Frat.	Kappa Sigma
Caldwell	Forward — Hendren
Julian	Forward — Steininger
Treadwell	Centre — Hahn (Morgan)
Donaldson (Dickerson)	Guard — Morgan (Hoffa)
Mullen (Lewis)	Guard — Hughes

Field goals—Hendren 3, Caldwell 2, Julian 3, Treadwell, Mullen, Lewis. Fouls—Julian 10 out of 15. Hendren 6 out of 13, Hoffa 1 out of 2. Referee—Dorris.

The Phi Psi and Delta Sigma teams replayed the last 6 minutes and 45 seconds of their protested game, using the same men and beginning with the same score of the previous game. A broken basket caused the game to be protested. During the period played Delta Sigma scored 5 points to the Phi Psis 3, making the final score 20-16 with the Demes on the large end.

Friday Afternoon Games

The Non-Frats continued their winning streak at the expense of the Forums winning 41-23. Treadwell, Caldwell and Julian had their skill in trim, scoring 39 of the Non-Frats 41 points. Gehret played a great floor game and made two pretty goals from near the centre of the floor.

Non-Frat.	Forum
Caldwell	Forward — Thomas (Dickerson)
Julian	Forward — De Coursey (Levine)
Treadwell	Centre — Smith (Bradley)
Mullen	Guard — Reed (Salacynzski)
Donaldson (Wood)	Guard — Gehret

Goals—Caldwell 6, Julian 4, Treadwell 6, Mullen, Thomas, De Coursey 4, Smith 2, Gehret 2. Fouls—De Coursey 4 out of 7; Julian 7 out of 12.

Kappa Sigma was unable to stop the Sigma Chi, losing 44-22 in a fast and tumultuous game. Shooting from the middle of the floor, Hendren made several spectacular baskets that kept the Kappa Sigs in the running, Collins and Woodring scored six and four baskets respectively.

Sigma Chi	Kappa Sig.
Mangan	Forward — Steininger
Collins	Forward — Hendren (Jones)
Kostos	Centre — Morgan
Woodring	Guard — Hahn
Gdaniec (Murray)	Guard — Homan

Goals—Hendren 5, Morgan, Hahn 2, Jones, Mangan 3, Collins 6, Woodring 4, Gdnaic. Fouls—Hendren 6 out of 8, Mangan 4 out of 6.

The Phi Gams won a loosely-played contest Friday from S. A. E. 42-14. Martin scored at will from the floor, making ten goals. Williams made some pretty shots and Morgan did some clever floor work.

S. A. E.	Phi Gams
McGill	Forward — Brandt (Purnell)
Williams	Forward — Searles
Rooney	Centre — Martin (Morgan)
Morgan	Guard — Eaton (Davie)
Hutchison (Haus)	Guard — Brown

Goals—McGill 4, Williams 4, Morgan 2, Hutchison, Davis, Brandt 2. Searles 4, Martin 10, Purnell 4, Brown. Fouls—Martin 0 out of 2, Rooney 2 out of 2.

OTHER COLLEGE MEN AND WHAT INTERESTS THEM

R. O. T. C.

The War Department has withdrawn authority to organize R. O. T. C. units from seven educational institution. It has done so because the latter have suggested that they did not wish to adopt military training as part of their curriculum. The list includes Amherst ,Trinity, Bowdoin and Union Colleges, Wesleyan University of Santa Clara, California.

R. O. T. C. men at Kansas University have adopted a uniform which is the happy medium between the regulation army uniform and civilian clothes.

U. of Purdue

Purdue University's sixth annual road school, scheduled for January 27-29, 1920, will afford 18 lectures, as many phrases of highway work, to the state,county, and municipal road superintendents, engineers and contractors of Indiana. The highway subjects covered by the course are to be presented in the form of addresses by selected authorities and followed by discussion.

Cup Regatta

Although no definite date has been set for the Childs' Cup Regatta in which Pennsylvania, Columbia and Princeton will compete again, it is very likely that it will be held on the second or third Saturday of May. Last year's contest was held on Lake Carnegie and was won by Penn. It is very probable that the race will be returned to the Schuylkill course again. The final arrangements, however, will be made on January 31 in New York, at the meeting of the American Rowing Association.

U. of C.

The fame of the Ohio-Miami Medical College, University of Cincinnati, has spread to such an extent that letters of inquiry are received from distant parts of the world.

The latest was received by Daniel Laurence, Secretary of the Board of Directors, from a French professor at Philippopoli, Bulgaria. It asks if the college offers a correspondence course in medicine.

Dickinson

The Campus Club of Dickinson was organized at an enthusiastic meeting. The purpose of this body is to foster the relation between the town and Dickinson College and the law school and to encourage the activity of these institutions.

COLUMBIA

A rare copy of a newspaper has come into the possession of the Columbia University library, Dr. Carpenter, acting librarian, announced, in the purchase of a copy of the Pennsylvania Packet and Daily Advertiser for April 14, 1788, from W. F. Smith, of Philadelphia. The paper, which was published by John Dunlap and David C. Claybol, in Philadelphia, is four pages in size, contains about two columns of news and the ballance is filled by commercial advertising. Of particular interest is a brief account of the Columbia College commencement of 1788. The first name on the list of candidates awarded the master of arts degree is Alexander Hamilton, and DeWitt Clinton holds the same position among the receivers of bachelor of arts diplomas.

Since all restrictions on football have been dropped at Columbia, big plans are being formulated for next year. These include the building of a big stadium overlooking the Hudson, and the hiring of Jim Thrope, the famous Indian player, as coach for the team. The usual inter-fraternity games will be abnnioned, so that more attention can be given to the varsity.

HARVARD

Harvard University has invited the University of California baseball team to play at Cambridge, next spring. The invitation will probably be accepted as the California nine is making a long trip east in order to play several teams in the Middle West.

U. of Rochester

The University of Rochester Physics Department has been installing a radiotelegraph station on the campus, with which they expect to hold communication with Cornell, Buffalo, and other universities nearby. According to present plans the system will be so perfect that messages will be received from high power stations in England, France, Germany and Italy.

Carnegie Tech.

The usual fee of $1.00 per day to a maximum of $5.00 will be charged for late registration.

RESOUTION ON DEATH OF MISS BERTHA POLLOCK

The members of the Christian Endeavor Society of the Presbyterian Church have drawn up resolutions on the death of the late Miss Bertha A. Pollock, who was a staunch member of the society and a loyal worker in the church.

Harold Beattie's Brother Dead

The epidemic of "flu' and pneumonia which is now claiming many victims from all over the country, took the brother of Harold Beattie last Saturday. His brother, W. S. Beattie, was 29 years old, a member of the Phi Sigma Kappa Fraternity. He graduated from Iowa State College in 1911.

CHESS CLUB FORMED AND OFFICERS ELECTED

On Tuesday afternoon a group of students interested in the game of chess met for the purpose of discussing the question of organizing a chess club. It was decided to form a club for teaching new students and for encouraging competition between those playing the game.

Officers were elected as follows: George Lowry, President; Elizabeth Weidner,Secretary. The following are the charter members of the club: Prof. Drum. Prof. Everitt, Ethelwyn Smith, Elizabeth Weidner, Lee Hess, Stephen Dimlick, Ralph Dyer, Mark Everett, Alexander Aleshouckas, Irvin Holmes and George Lowry.

The charter members believe that the best way of encouraging the game of chess will be by making the club entirely informal. They hope that all who are interested will make application to the secretary for membership which is open to all college students, alumni and residents of the town.

Applicants for membership will receive the names of two members of the club, whom he will be asked to play. If the applicant succeeds in winning one out of three successive games from each of the two members, he will be welcomed into the club. If he fails the applica tion may be renewed the following term. A general meeting may be held once a term,at which time an opportunity for exchanging pointers will be afforded. It hoped there may be inter-collegiate games in the near future.

Among Our Alumni

The Rev. Frank Anderson, class of 1901, has been selected by the New York State Sunday School Association as Superintendent of Division 17, comprising Tompkins, Cayuga, and Seneca Counties, Cornell University, Wells College, and Auburn heological Seminary are in the district.

The office is one of unusual honor after and after a wise and careful search for the right man, was entrusted to the Rev. Mr. Anderson. His headquarters will be at Auburn. He will direct the work of all the Sunday school activities as executive head. He will also address conventions and conduct conferences. The committee expressed themselves as making the selection for his maturity, long and varied experience in work for youth, and his youthful spirit.

A fully equipped office with competent help, an automobile ,and a large salary will be the compensations. The Rev. Mr. Anderson has held pastorates at Dividing Creek, Millville, and Collingswood all in New Jersey. At Johnstown and Watertown in New York State. He was also Field Secretary for the Barnea Men's Bible Class movement for two years traveling all over the country in the interest of men and boys.

He is a member of the Phi Gamma Delta fraternity and received his Master's Degree in 1903. He was one of the ten commencement orators, Editor in-Chief of the Junior Class L. Agenda. He has just competed a pastorate at Watertown, N. J.

Albert K. Stokebrand, '10, assumed his office as State Sunday school Superintendent of Young People Feb. 1.

J. W. Grier, ex-'09, is president of the Grier Brothers Company, Pittsburg.

Earl A. Morton, '05, has his law offices in the Park Building, Pittsburg.

J. Leigh Shields, '06, is selling contractors' supplies in Western Pennsylvania.

Mrs. Margaret Tustin O'Hara, Inst., '83, has been appointed a visitor to institutions in Philadelphia to which children are committed.

Rev. E. M. Lake, ex-'87, for the last ten years superintendent of the Michigan Baptist Convention, at Lansing, has resigned to accept the pastorate of the State Street Baptist Church, at Springfield, Mass. While in Michigan, Rev. Lake supervised more than 400 churches. After leaving Bucknell, he was graduated from the University of Chicago.

Louis W. Sipely, '18, who is connected with the sales office of the Electric Storage Battery Company of Philadelphia, visited his Alma Mater during the holidays. Sipley was married in October to Miss Virginia B. Wood, of Washington, Pa.

6534 Western Reference Teachers Wanted

During 1918-19 we received official requests from employers in forty-three States and four foreign countries for 6,534 teachers for Schools and Colleges from Kindergarten to University. OUR EIGHTH YEAR OF RECOMMENDING ONLY WHEN ASKED TO DO SO BY EMPLOYERS DIRECT. This is why OUR MEMBERS are usually chosen. They are wanted. No enrollment fee necessary. If you want a position with the Progressive Employers who depend upon our Professional Service for teachers you must use the same service they use.

BUCKNELL PRESIDENT HAS ACTIVE WEEK

Dr. Emory W. Hunt started a busy week by preaching in Danville Sunday and journeying to Washington, D. C., on Monday where he attended a meeting in the interest of religious education. He was a speaker. Today he went to Boston, where he will attend the sessions of the quarterly meeting of the Baptist Board of Foreign Missions which continue through Wednesday.

JUNIATA FIVE DEFEATED

(From Page One)

when each missed baskets by a very narrow margin.

Summary:

Townsend	Forward	Livengood
Dorris	Forward	Donelson
Bowser	Centre	Griffith
Dietrich	Guard	Butts
Bihl	Guard	Wolfgang

Substitutions—Dinn for Bowser, Townsend 8, Dorris 3, Bihl 2, Dinn, Dietrich, Livengood 4, Griffith 3, Butts 3, Donelson. Goals from fouls—Bihl 2 out of 7; Livengood 2 out of 9. Referee—Bechtel, of Lewisburg.

Notes on the Game

Bowser at centre put up a good game and spoiled a number of passes for the opponents.

Livengood's shooting was among the best seen here this season.

The similarity in method of playing by Dietrich and Bihl, makes a combination at the guard positions that assures Bucknell staunch support from this part of the floor for the balance of the season.

Waddell was missed from the floor in this game.

Townsend and Dorris met the work of a strong pair of guards in a pretty manner and their well directed shots saved the game in the last few moments.

Next Saturday George Washington will meet the Varsity on the home floor. Remember our five defeated them 42-17 on their own floor early in the season. Will the score be still better for this return game?

WOMEN'S COLLEGE NOTES OF INTEREST

Gmynasium Being Repaired.—Many Alumnae Visited During Past Week.—C. E. A. Initiates.

The following are the girls who were initiated into membership in C. E. A. last week: Dorothy Spangler, Dorothy Lent, Helen Kitlowski, Grace Swan, Susanne Plummer, Mary Williamson, Ray Seaman, Nellie Balliet and Kathryn Pettigrew.

"Gym" classes are suspended for several days due to the fact that some repair work is now being done. Basketball practice has been suspended for a day or two also.

Some of the Semites held a party in the living room on Saturday night at which a mock marriage was staged. Dancing and games were enjoyed and ten-thirty came too soon for the co-eds who were making merry

Miss Margaret Sipley, '20, entertained a number of friends at her home during the week in honor of her birthday. A pleasant time was enjoyed.

initiated into Delta Delta Delta dur-

Miss Elizabeth Laechlin, '22, was ing the week.

Phillis Ottmyer, '23, has returned to the "Sem," having been called home during the week on account of the death of her sister.

Miss Helen Beck, ex-21, visited with her Pi Beta Phi sisters during the week.

FATHER OF PROF. RICE DIED SUDDENLY SUNDAY

William Rice, father of Prof. John Rice, of the faculty, of Williamsport, died suddenly Sunday from heart disease. Funeral services will take place Wednesday afternoon at 2 o'clock in the Eagle United Evangelical Church.

Illness Prevented Nash Reital

Prof. Paul Stolz, of the music department, heard with regret the illness of Miss Nash who was to give a piano recital here last week. It is hoped that she may be secured for a recital later this month.

Wrestling Bouts Staged

Basketball spectators were given an unusual treat on Friday evening when two wrestling contests were staged between the periods. The first bout was between Earle, '23, and Reil Baird, '20. Earle's height and reach exceeded Baird's but weight was nearly equal and in somewhat over five minutes of hard wrestling, Earle force dhis opponent's shoulders to the mat with a stretcher hold on his arms. Donaldson, '20, who has been acting instructor in wrestling had an easy time with Bardo, 23, but the latter proved adept in the art and squirmed out of several holds in a neat manner. The latter bout was not finished due to the necessity of playing the second half of basketball.

BUCKNELL TAKES SECOND GAME BY 49-16 SCORE

GEORGE WASHINGTON FAILED TO SHOW MUCH FORM.

VISITORS SECURE ONE LONE BASKET IN WHOLE PERIOD

Waddell and Dorris Scored Almost at Will While Bihl and Dietrich Smothered Their Men.

The Orange and Blue basketball team, in spite of the fact that two of the members were on the sick list, easily defeated the team of George Washington University in a loosely played game here Saturday evening by a score of 49-16. At no point in the game was the outcome ever in doubt, as the visitors were not able to elude the Bucknell guards to secure enough baskets to make an appreciable showing. On the other hand, Waddell and Dorris scored easily and made most of the local team's scoring. Waddell was the highest scorer, with 22 points to his credit, while Dorris ran him a close second. The work of Bihl and Deitrich was worthy of notice, as they held down the score of the opponents by their close guarding. Bowser played a steady game at center, and had the jump on his man at all times.

In the first few minutes of play, Bowser started the scoring, placing a goal from the floor, and Waddell and Dorris soon added many more. At the end of the first half, the score was 26-2 with the Bucknell team holding down the big end. After ten minutes of play in the second half a substitute team was put in, which slowed down the action to a considerable degree. Searles did most of the scoring from this point on, and when the smoke finally cleared away, the score was found to be 49-16, with victory perched on the banners of the Orange and Blue.

This game was not up to the standard of those usually seen on the local floor but it demonstrated that a fighting team can be developed from the wealth of good basketball material here in spite of the fact that two of the regulars, Mathieson and Townsend, are out of the game.

Summary:

Bucknell		Geo. Washington
Waddell	Forward	Sproul
Dorris	Forward	Gilman
Bowser	Centre	Meyers
Dietrich	Guard	Underwood
Bihl	Guard	Daly

Substitutions, Bucknell—Cook for Bowser, Garrett for Dorris, Woodring for Dietrich, Searles for Waddell, Washington. Hatchet for Sproul, Botel for Underwood. Goals—Gilman 2, Daly 2, Hatchet, Botel, Waddell 6, Dorris 7, Bowser 2, Dietrich 2, Bihl, Searles. Goals from fouls—Botel 2 out of 2; Gilman, 2 out of 8; Waddell, 10 out of 14; Searles, one out of one. Referee—Betchel, of Lewisburg.

SENIOR MECHANICALS VISIT WILLIAMSPORT

The Senior Mechanicals and Prof. Frank Burpee inspected several manufacturing plants at Williamsport on Friday and Saturday. The men were especially interested in the turbines and generators at the Lycoming-Edison power plant and the manufacture of Dort motors at the Lycoming Foundry. Case '17 and Fairheller '18, accompanied the party.

Lambda Chi Dance

Lambda Chi Alpha entertained at an afternoon dance Saturday, when ladies from Women's College were the guests. Misses Bromley and Hunt were chaperones. Derby furnished the music.

MRS. FLORIN PASSES AWAY AFTER SHORT ILLNESS

After a week's illness, Mrs. Gustave Florin, of Johnsonburg, died of pneumonia at her home early Sunday morning a week ago. She was the mother of four Bucknell students; Lunetta, who was graduated from the institute in 1902; Helen C., 1919; Hazel, ex-'20; and Harold G., '22.

Mrs. Florin was taken sick early in the week. Her daughter, Lunetta, who was nursing her, also became ill. Shortly afterwards, Mr. Florin took to his bed. Harold Florin was called home Trursday a week ago.

S. A. E. VALENTINE DANCE

Sigma Alpha Epsilon entertained at a Valentine Dance Saturday night in the living room at Women's College. About twenty couples danced to the strains of Derby's orchestra. Miss Bromley, Capt and Mrs W. H. H. Morris chaperoned.

LAST WEEK'S INTER-FRAT RESULTS

Crowds Attending Bi-Weekly Contests are Increasing as Rivalry Grows Keener.

Tuesday Night

The Phi Psis won from the Sigs 23-17 in a game featured by exceptional team play. The game was hard fought and fast, but very clean, due to efficient refereeing of Gerhart, '19. In the first half Bunting's foul shooting gave his team the lead which the Sigs were unable to overcome. The absence of Dayhoff in the second half weakened the Sigs considerably. Wren played a wonderful game for the Phi Psis. Morrett, although sick, insisted upon playing and had much to do with his team's victory. Kostos and Mangan played well for the Sigs. Jones a new man in the Sig lineup made a favorable impression with the fans.

Sigma Chi		Phi Psi
Mangan	Forward	Wren
Dayhoff	Forward	McGann (Collins)
Kostos	Centre	Morrett
Woodring	Guard	Yon
Jones	Guard	Bunting

Goals—Mangan, Dayhoff, Kostos 2,Collins, Wren 2, McGann 2, Morrett, 3, Yon. Fouls—Mangan, 7 out of 9; Bunting, 7 out of 10.

Wednesday Night

S. A. E. lost to Delta Sigma in a game which developed into a hard-fought contest. The first half ended 14-7 in favor of the S. A. E. but in the second half without Peale S. A. E. went to pieces. Rooney who scored five baskets in the first half was held to one basket in the second half. Final score 18-16.

S. A. E.		Delta Sigma
McGill	Forward	Ross
Rooney	Forward	Stewart (Davis)
Peale	Centre	Cooke (Rooney)
Morgan	Guard	Tingley
Hutchison	Guard	Bauman

Goals—Rooney 6, Peale 2, Ross 3, Stewart, Cooke 3, Bauman. Fouls—Bauman 2 out of 8, Rooney 0 out of 3.

The Phi Psi made its three wins on three successive nights, defeating the Phi Gams 24-16. Wren played the best game for the Phi Psis. Brandt was the strong man for the losers.

Phi Psi		Phi Gam
Wren	Forward	Brandt (Purnell)
McGann	Forward	Searles
Ebner	Centre	Martin
Bunting	Guard	Lees (Eaton)
Yon	Guard	Bell

Goals—Brandt 3, Searles, Martin, (On Page Three)

FIRST DEBATE WITH PENN STATE

Opening Triangular Meet Will Take Place on Thursday 27.

On Friday evening, Feb. 27, Penn State will send one of its debating teams here to debate on the question: Resolved, that labor should, through representatives of its own choice, share in the management of the corporate industries. This is the debate of the Triangular League, composed of Penn State, Dickinson and Bucknell. One of our teams will be at Dickinson, while Dickinson's other team will be at State.

The debaters have been working hard for the past few weeks under the coaching of Professor Rassweiler.

The question itself is one which is of immense interest, inasmuch as it concerns one of the biggest problems of the day, the ever pressing problem of the differences between capital and labor.

Inasmuch as there are no other student activities scheduled for that night, the Alumni basketball game having been postponed, it is expected that there will be a large turnout by the student body.

IMPRESSIVE SERVICES FOR MRS. T. J. S. HEIM

Dr. John H. Harris Preached Sermon and Many Bucknell People Paid Last Respects.

The funeral of Mrs. Thomas J. S. Heim, who passed away a week ago yesterday, took place Friday afternoon from the Baptist Church at Winfield. The impressive services were in charge of the Rev. W. J. Peacock and the sermon was preached by Dr. John H. Harris, former president of the college. The Rev. John T. Judd and Dr. Leroy Stephens of the Baptist Board also tok part in the services. Members of Delta Sigma fraternity, of which Mr. Heim is a member, were pallbearers. A quartet of college students and several members of the music faculty had charge of the singing. A number of Bucknell graduates, Lewisburg people and college students attended the services. Interment was made in Windfield cemetery.

Mrs. Heim was a graduate of the Bucknell school of music in the class of 1915 in which class she took the Aviragnet prize for excellence in music. She was aged 26 years, and leaves her husband and infant son, her father and mother, and the following brothers and sisters: Mrs. A. G. Townsend, of Suburyn; Mrs. C. S. Roush, of Elmira, N. Y.; Clyde, of Elmira, N. Y.; Rev. George Haines, of Walker, N. Y.; and John, of Cleveland, Ohio.

"Dammit, He's Dead"

Six hundred students and the entire faculty of Simmons College attended the funeral of "Dammit," a white bull dog, which for four years had been the college mascot. He was found dead early yesterday. Funeral arrangements were on a large scale.

"Dammit" was buried in a casket in the college campus. A band played mournful airs, and a student delivered the funeral oration on the subject, "Every Dog Has His Day." Over the grave was placed a marble headstone bearing the inscription:

"Dammit, he's dead."

"Drop a Nickel on the Drum."

Within the next few days a small box will be placed in the hall of Women's College. In this all Fussers are urged to drop their spare coins. It is purposed to buy a new settee and avoins wearing out the rug by ardent callers for the fair ones.

In the meantime, fall in line.

Varsity Basketball Schedule

Feb. 20—Temple at Philadelphia.
21—F. & M. at Lancaster.
27—Alumni at Lewisburg.
28—Gettysburg at Lewisburg.
Mar. 5—Dickinson at Carlisle.
6—Gettysburg at Gettysburg.
13—Lehigh at Lewisburg.

Inter-Frat Schedule

Feb. 18—Phi Psi vs. Lambda Chi.
Delta Sigma vs. Non-Frat.
Kappa Sigma vs. Phi Gam.
Feb. 23—Sigma Chi vs. Forum.
Phi Psi vs. S. A. E.
Phi Gam vs. Non-Frat.
Feb. 25—Delta Sigma vs. Forum.
Sigma Chi vs. Lambda Chi.
Kappa Sigma vs. S. A. E.
Mar. 1—Phi Gam vs. Forum.
Lambda Chi vs. Non-Frat.

Remember "Y" meeting Thursday evening at 7:30.

DIRECTOR MUSSER AT CONFERENCE

Attended Three-Day Session in Baltimore and Heard Eminent Men Speak.

Physical Director Malcolm Musser returned last week from a three-day session of the conference of physical directors of the Middle Atlantic States. The sessions took place in the central Y. M. C. A. at Baltimore, Md., a week ago and were largely attended by delegates and many eminent men took part in the sessions.

The conference meets twice a year and is attended by men from all parts of the eastern states in the district. The recent sessions were both theoretical and practical in nature, including points for instructors. In the morning sessions the delegates received lessons in drill work, conluctions of games, etc., on the gymnasium floor, and in the afternoon and evening lectures were given.

TINY LITTLE MISS RULES EVERETT HOME

Prof. Everett's smile of the past few days is due to the arrival of a seven-pound baby girl on Saturday.

PHI KAPPA PSI ANNUAL WINTER DANCE

Waring's Orchestra of Tyrone, provided the music and entertainment for the Phi Psi winter dance Friday evening at the Lewisburg Club which was decorated for the occasion Many out-of-town guests were present among whom were W. S. Reed, Fay Snyder and J. J. Larey from State, Edward Mahoney of Lafayette, and B. H. Mackey, of Penn. Others present were: Mr. and Mrs. D. Cinger, Jr., Mrs. W. E. Dentler, Robert Baoy, Mrs. Newton Smith, Capt. and Mrs. W. H. H. Morris, Mr. Reed, Mr. Finnegan, Mr. Davis, of Phi Gamma Delta, Mr. Rickenberg, of Lambda Chi Alpha, Mr. Chance, of Sigma Alpha Epsilon, Mr. Stewart, of Delta Sigma, Mr. Hendren and Mr. Johnson, of Kappa Sigma, Mr. Kunkle, of Sigma Chi, Mr. Emerick of Gamma Lambda Sigma, M. S. Bowser, of Beta Theta Pi, and Mr. Treadwell, of Alpha Tau Omega. Luncheon was served at 12:30 after which dancing was resumed until two.

Sigma Chi Gives Dance

After the George Washington-Bucknell basketball game Saturday a dance was given to the members of the visiting team in the Chapter House of the fraternity. The Sigma Chi orchestra furnished the music, which was thoroughly enjoyed. Dancing began at 9:30, lasting until 11:45. Mr. and Mrs. Robbins were the chaperons.

INTERESTING CLIPPING CONCERNING BASEBALL

Philadelphia Ledger Contains Collection of Facts About Bucknell Sport.

Past baseball and Bucknell ball players are treated with interest in the following article in the Philadelphia Public Ledger:

The inauguration of George Hoverter as mayor of Harrisburg has unraveled some ancient baseball history in Lewisburg. It was in the early nineties that Mayor Hoverter played center field on Lewisburg's greatest baseball team. In a game with Scranton on the Bucknell campus, Hoverter made the hit that endeared him to the heart of every rooter. The game was going along to the close, with Scranton desperate, as they had failed to find the local twirler, and the score stood tie. It was George Hoverter, the last man up with the stick, as two men were out, but two men on bases. Just this one chance, and the mayor was equal to the crucial test. Broad-shouldered and strong, with good nerve, when the ball came along that was to fade him, he stepped back a few inches and let swing a bolt that cracked the sphere out among the pine trees for a home run and the game. The name of Lewisburg was not changed to Hoverter, but it was Hoverter's until the close of the season, and there was some celebrating that night.

It was around that time that Philly linn, alocal attorney, returned from Harvard, where he had captained the Harvard varsity during the spring. In a game with Sunbury, Linn, a left handed batter, swung into a ball that put the pitcher out of business. He hit the ball with such force that seemingly simultaneous with the cracking of the bat the ball hit the pitcher on his twirling arm, causing him to retire, (On Page Three)

SELOMRIDGE DIES AT EPHRATA HOME

Harry M. Selomridge, a student in the Freshman class of Electrical Engineering, died of pneumonia at his home in Ephrata, on Saturday, Feb. 7, after an illness of eight days. He became ill while at college and left for home on Jan. 30. No word has been received of the funeral.

BUCKNELL PLAYERS WERE SIGMA CHI GUESTS

G. Underwood, H. Myers and A. Zimer, members of the George Washington basketball team, spent the Sunday with their fraternity brothers at the Sigma Chi House.

DEATH OF G. W. POTTS AT GREENSBURG HOME

Following a protracted illness, George W. Potts, '13, died at his home in Greensburg, Pa., Sunday morning a week ago. While overseas, as lieutenant with the 74th Infantry, he was gassed in action, and was returned to this country as a casual in advance of his command. In an effort to regain his health, he spent several months among the mountains of Colorado. Upon his return home, he contracted pneumonia, dying a week ago.

He was a member of the Sigma Alpha Epsilon fraternity. Since leaving Bucknell, he acted as department manager for H. J. Heinz Company. Surviving him are his parents, Mr. and Mrs. David A. Potts, a sister, Jessie, '18, and two brothers, Harry E., ex-'19, and Robert, who graduated from Dickinson. Charles V. Iredell '20, represented the chapter at the funeral last Tuesday afternoon.

LAMBDA CHI STILL LEADS LEAGUE

Victory of Last Night Still Keeps Them One Game Ahead of Sigma Chi.

Standing of the Teams

	W.	L.	Pct.
Lambda Chi	5	0	1.000
Sigma Chi	5	1	.833
Phi Psi	4	2	.666
Non-Frat	3	2	.600
Delta Sigma	3	2	.500
Phi Gam	2	3	.400
Forum	1	4	.200
S. A. E.	1	5	.166
Kappa Sigma	1	5	.166

Last Night's Games

Last night the Lambda Chi Alpha quintet won their fifth straight, defeating Delta Sigma 29-13 in a fast game. Aleshouckas, the high scorer, totaled fourteen points, with Bauman a close second, basketing seven points. Cooke's jumping and fast floor work was rewarded by two successful shots.

Lineups:		
Lambda Chi		Delta Sigma
Aleshouckas	Forward	Ross
Calhoun	Forward	Stewart
Larson	Centre	Cooke
Dinn	Guard	Tingley
Clare	Guard	Bauman

Goals—Aleshouckas 4, inn 2, Larson, Stewart, Cooke 2, Bauman. Fouls—Aleshouckas, 6 out of 16; Clare, 0 out of 1; Bauman, 5 out of 13.

The Sigs had no trouble in defeating the S. A. E. 33-15 last night. Woodring secured the most baskets for the winners, Rooney's three baskets were of the spectacular variety.

Sigma Chi		S. A. E.
Mangan	Forward	Rooney
Mangan	Forward	Rooney
Collins	Forward	McGill (Gilaniec)
Kostos	Centre	Peale
Jones	Guard	Hutchinson (Davis)
Woodring	Guard	Morgan (Williams)

Goals—Rooney 3, McGill, Peale 2, Mangan 4, Collins 2, Kostos 3, Woodring 3. Fouls—Rooney 3 out of 4; Mangan, 5 out of 8.

The Kappa Sigs won their first League game, defeating the Forum 24-14. Morgan did the best work for the Kappa Sigs scoring four baskets and playing a good floor game.

Kappa Sig		Forum
Hendren	Forward	Thomas
Hoffa	Forward	Decoursey
Morgan	Centre	Wolfe (Smith)
Hughes	Guard	Gehret
Williams (Hahn)	Guard	Reed

Goals—Hendren 2, Hoffa, Morgan 4, Hahn 3, Gehret 2, Smith 2. Fouls—Hendren, 4 out of 11; De Coursey 5 out of 14; Gehret, 1 out of 3.

GIRLS' GLEE CLUB MAY TAKE PART IN HOME CONCERT

FUTURE PLANS DEVELOPING IN SATISFACTORY ORDER.

EASTERN TRIP TO NEW JERSEY BEGINS ON MARCH EIGHTEENTH

This Invasion Into Districts of Other Colleges Shows Bucknell's Musical Competition is of Highest Order.

Plans are being considered for a home concert in Lewisburg, including the Girls'Glee club with several numbers on the program. This should prove a special occasion for Bucknell and Lewisburg.

Plans for the eastern trip of the club through New Jersey during the spring vacation are beginning to take definite form now. Manager DeWire announces that six contracts for concerts have already been received, with several more waiting to be heard from. Thus far concerts are assured at Wilmington, Del., Bridgeton, Salem, and Vineland in South Jersey and Westfield and Newton in North Jersey. Concerts that are in doubt and are waiting to be heard from are possibilities at Camden, Trenton, Elizabeth, Norristown and Dover. A concert may also be arranged at Pottsville on the way to South Jersey. The trip will begin on March 18 and end at Newton, N. J., on March 28.

With such a program of events ahead, the members of the Glee club should be very enthusiastic in their work. Especially is it desired that a full attendance be had at rehearsals, not only of those men that make the western trip, but of all the men who are in the club. The men for any of the trips have not been chosen as yet and all are on equal footing with respect to the possibility of making the journeys. Watch the bulletin boards for future announcements of rehearsals.

PRESIDENT'S ANNOUNCEMENT CONCERNING INTER-TERM PARTIES OF FRATERNITIES

Some doubt has existed concerning the understanding of present rulings concerning inter-term parties and house parties. Replying to queries placed before President Emory H. Hunt, the following notice is issued from his office:

"In response to inquiries which have been made by students it is announced that the student attendance at parties will be interpreted as extending to such functions held the evening of Thursday, March 18, the day that the second term closes. The young women who accept invitations will return to the Women's College by twelve o'clock that night."

MARIETTA CANCELLED

Due to the epidemic of influenza the Marietta five will be unable to meet the Bucknell team on the local floor on Friday evening as scheduled.

MANY STUDENTS AT MILLER FUNERAL

Two Fraternity Brothers Acted as Pallbearers in Laying Young Man at Rest.

The funeral of George F. Miller '16, who died last Monday, took place Thursday afternoon from his late residence, by his pastor, Rev. William J. Peacock, whose touching remarks brought tears to the eyes of all present. Interment was made in the family plot in the beautiful Lewisburg cemetery.

The pallbearers were: S. A. Epler and A. D. Hoover, of the Phi Psi fraternity and Neil Baker, Harold Musser, Samuel B. Wolfe, Jas. Mathews, James McClure and Raymond Yeager of Lewisburg.

S. A. E. FRATERNITY DANCED AT CLUB

Saturday night Capt. andMrs. W. H. H. Morris, Jr., with Mr. and Mrs. Ralph Koser, chaperoned a dance given at the Lewisburg Club by the S. A. E. Fraternity. Out of towns guests included: Misses Levegood, of Clearfield; Hagerman, of Malaga, N. J.; Moore, Clayton, N. J.; Kaupp, Mussina, of Williamsport; Messrs. Ganiner, of Harrisburg, and Lathera, of Hollidaysburg.

Are you going to College Girls on Friday night?

Barrier Breakers

At the opening of the Inter-Fraternity basketball season there was some sentiment expressed disfavoring such playing because it fostered fraternity enmity. Class basketball was suggested in its place and class basketball failed to materialize. Why was it? The length of life of a cause depends on its worth. Each successive season for three years these games have increased in popularity. Are they working a detriment to the college through fraternity groups?

Bucknell is not alone in group basketball contests, but among other colleges, New York University, Carnegie Tech. and Penn State have such form of winter sport and their weekly publication depict the same live interest. The games bring into play many more players than could ever be encouraged or take part in class teams. Each Monday and Wednesday evening record crowds appear as the schedule progresses. There is hardly a man in college who is not closely interested in one or all of the teams playing.

But best of all is the exact type of spirit exhibited at the games and in discussions about the college. The constant plea for a unified interest to bring fraternities together and eliminate "cut-throat" attitudes is provided by Inter-Fraternity games. Men meet in friendly chats, very often through this common interest, who would otherwise never meet. At the games and in practice the men are thrown into contact in large numbers. The arrangement and progress of the schedule continues through a constant contact of men from all groups. In fact, no man, fraternity or otherwise, can possess any "pep" without finding himself in a deluge of basketball chats and develop himself into an ardent attendent at the contests. No other thing, including college class recitations, brings the men together in such mutual interest. Can we believe it is not melting down that "exclusive" wall around each group?

Insanitary Habits and Fin

Dean Phillips suggested a timely remedy for lessening illness among the students on the "Hill." His word to Senior Council representatives who approached him on the matter of an infirmary for college men was "sanitation." While the matter of an infirmary has been considered, it is impossible to say, "Presto," and have before use a complete infirmary and physician. While such a department is needed very much at the present time, this need is an exceptional one, and big expenditures in this manner first needs serious consideration.

Sanitation is the first preventative now. And it doesn't require anything except a little tidiness and a few precautions. It is understood that the rooms will be fumigated at regular intervals as soon as can be arranged, but in the meantime each man should aid in keeping conditions from becoming insanitary.

Rooms should be cleaned every few days besides being aired daily. The greatest stress however should be laid on not expectorating in corridors. This is by far the most rapid manner of spreading the prevalent malady and should be avoided as well as insisted upon by all students.

"Knocking" isn't in the optimist's curriculum. The pessimist is always "at home."

Some students are howling "More steam ahead, Doctor." They say a warm room at seven lessens lateness. From the number of men reporting for breakfast these past few mornings, it arouses those of the type, "Many are called, but few get up." Freeze 'em out, Doctor.

Owed to Insanity

T'was a dark and stormy night,
And the sun shone down in splendor,
Two men were standing face to face
With both their backs together.
One from his belt a pistol drew
And severed the head of the other,
When along the road a maiden tripped,
She was old and bent with years.
Upon her face she wore a smile,
Her eyes were filled with tears.
She recognized the dying man
And cried aloud, "Who is he?"
The headless man looked up and said,
"Be gorry, be golly, 'tis Lizzie."

—Tartan.

THE VALUE OF
A COLLEGE EDUCATION

In the World's Work Dean Holmes, of the Pennsylvania State college, gives us these statistics in regards to a college education:

Dean Holmes, of the Pennsylvania State college, after spending months gathering statistics and reducing them to orderly form, has discovered that the money value of four years at college is $20,000, or a financial return for every year so spent. Dean Holmes' investigations reveal the fact, which at first seems a little disconcerting to the advocates of university training, that the average earnings of a bachelor of arts amounts to $1,187 a year not quite $35 a week. But the situation brightens for the college when we learn that the average earnings of the average of the non-college men are only $818—not $10 a week. The difference between these two sums is $669, and since the average man lives thirty years after leaving college, his financial reward for four years of more or less arduous undergraduate toil is evidently something more than $208,000.

DO YOU AGREE?

Come to the "Y" Meeting and Discover for Yourself Says a Hill Resident.

Fellows, you don't know what you are missing by not attending the "Y" meetings held every Thursday in the chapel! You say you don't have time. Yes, but I see you two or three nights out of the week at basketball games, etc. I think if I find time for fraternity games, it is also my duty to play square, and deal out a portion of my time in support of our college Y. M. C. A.

I would look not only upon this matter as a duty but also a pleasure since the benefits derived therefrom are manifold. The "Y" meeting lines up opportunity for development along religious social and educational phases of human life. It's a mighty good chance to know each other in a whole-hearted way. All this you have to gain and nothing to loose.

Taking for granted that you will pardon this personal reference, I have been attending regularly each "Y" meeting and find I feel myself a better person in a good many ways. Broader ideas loom within me in a bigger spirit than in the past helping me to realize that "opportunity" is quite elusive if you don't hang on at the right time. Our chance in life will not pilot us, but we must pilot it.

Last Thursday evening there was a dandy meeting and President Thomas made some very excellent remarks. Some, indeed, that everyone here will always carry with them. Fellows, these meetings are worth while and will amount to one of the best spent hours of the week. Come on! let's boost the "Y." Save a date for Thursday evening at 7:30. You need the "Y" and the "Y" needs you.

Hill Resident.

TUESDAY
"THE WRECK"
featuring
ANITA STEWART

WEDNESDAY
ELAINE HAMMERSTINE
"The Girl of Your Dreams"
—in—
"The Country Cousin"

This is an adaptation of the famous stage success by Booth Tarkington and Julian Street. As a play it was one of the greatest successes ever staged by Klau and Erlanger. Nancy Price, whole-souled and sympathetic brings her refreshing simplicity to the blase environs of metropolitan society and there meets romance and adventure. A midnight water carnival with witching bathing beauties is one of the many big moments in the play. Pathe News.

THURSDAY
"MY LITTLE SISTER"
featuring
EVELYN NESBITT

The story is from the novel by Elizabeth Robins and tells of two young girls who started on a journey to London where they meet an "Aunt" whom they had never seen and were entertained in one of the most notorious resorts of Europe. No more vital message of the "big city dangers" of young girls has ever been thrown on the screen. Comedy —"Hits and Misses."

FRIDAY
A Great Arsen Lupen Story
"THE TEETH OF THE TIGER"

"Teddy" Roosevelt liked a detective story and President Wilson confesses he slips off at times with a detective yarn YOU too like a good detective story, and "The Teeth of the Tiger" is a good detective yarn by a great writer—Maurice LeBlanc. The story is full of "snap-action" which means the play is rapid-fire, and full of lively and intense situations. It don't lag for a moment and will keep your interest at snap-action throughout the picture. Played by an all star cast. Pathe News. Don't be sorry you missed this unusual picture. Admissions 22 cents.

Generator room of one of the hydro-electric plants which supply power to the C. P. & St. P.

Some Advantages of Railroad Electrification

Saving the Nation's coal
Lower maintenance costs.
Greater reliability and fewer delays.
Ability to haul smoothly heavier trains at higher speed.
Operation of electric locomotives unaffected by extreme cold.
Ability to brake trains on descending grades by returning power to the trolley.

The Power of Electricity in Transportation

ELECTRICITY has leveled out the Continental Divide. The steam locomotive, marvelous as it is after a century of development, cannot meet all of the present demands for transportation facilities. Its electric rival has proved to be far superior.

On the mountain divisions of the Chicago, Milwaukee & St. Paul Railway—the world's greatest electrification—giant electric locomotives today lift an ever increasing freight tonnage over the mile-high Rockies and also make traveling clean and comfortable. They utilize the abundant energy of distant waterfalls and then, by returning some of this power to the trolley, safely brake the trains on descending grades. And their capabilities are not impaired by excessively cold weather when the steam engine is frozen and helpless.

Electricity is the power which drives the trains of New York City's subway and elevated systems. It operates the locks and tows the ships through the Panama Canal. It propels the Navy's latest super-dreadnaught, the *New Mexico*. Electric mine locomotives have replaced the slow-moving mule and the electric automobile has also come to do an important service. Such achievements were made possible by the extensive research and manufacturing activities of the General Electric Company.

Electricity has become the universal motive power. It has contributed efficiency and comfort to every form of transportation service and in this evolution General Electric apparatus has played a large part — from mighty electric locomotives to the tiny lamp for the automobile.

OTHER COLLEGE MEN AND WHAT INTERESTS THEM

Dickinson

The members of the French Club of Dickinson College recently received word form Monsieur L. Poincare, saying that he accepted the position of honorary president of the club and considered it quite an honor. Monsieur L. Poincare is a brother of the president of the French republic.

Penn State

Penn State has been invited to enter a relay team in an indoor medley relay race to be held February 28, at Baltimore. This is being sponsored by John-Hopkins University. Special efforts are being made to have Blue and White representatives at this meet as Pitt and Syracuse are already entered and chances for comparison of track material from these institutions will be readily sought by followers of college athletics.

The medley race will consist of a quarter, half, three-quarter and a mile relay races.

Dr. E. E. Sparks, president of Penn State has again resumed his duties in connection with the President's Office, after an absence from these duties of some ten months due to illness and his consequent weakened physical condition.

WASHINGTON AND LEE

Washington and Lee students have signed pledges whereby each has engaged to work two hours each week between April 1 and June 1 on the enlargement of the Wilson Athletic Field. This plan was proposed by President Henry Louis Smith at an assembly of the student body.

The students will translate their loyalty into actual concrete service and will help to solve the labor problem. Besides the solution of the labor problem, thousands of dollars will be saved for the institution.

Work will begin as soon as the weather permits. The workers will be organized within the next few weeks and will be ready for their task. The athletic field is to be made about twice as large as it is at present.

Debates

The famous Debating Societies of Oxford and Cambridge Universities have recently had animated debates on the question of prohibition. The London Morning Post reported these debates as a significant indication of the trend of public opinion. The vote, apparently taken in the audience after the debate, went against prohibition in both cases; that at Cambridge being 205 against 182 for prohibition, and at Oxford, 204 against and 103 for.

Students are Substituting

Many college students are substituting in grammer and high schools in Lewisburg and vicinity during the past week or two due to illness of regular teachers.

INTERESTING CLIPPING CONCERNING BASEBALL

(From Page One)

and the game went to Lewisburg.

In a game with Mahanoy City, William Musser, now owner of a manufacturing plant here made the longest drive ever made on the Bucknell campus. The ball went on and on and out of sight, and was never found. The sphere probably defied Newton's gravitation theory and went on into space.

Lewisburg has had some great ball players. If all the stars that Bucknell has produced could unite on one team in their best days they would be a contender for the world's series. With Walter Blair, of the Washington Americans' behind the bat; Christy Mathewson, of the New York Giants, Jake Northrop, of Boston Nationals, and Wyceff, of the Athletics, on the mound; George Cockill, of the Eastern League, on first; Yencer Weidensaul, of Toronto, on second; Harvey Smith, of the Washington Nationals, on third Mieke Doolan, of the Philadelphia Nationals, at short; Harry McCormick, pinch hitter of the New York Giants; Jimmey Clark, of the St. Louis Nationals, in the outfield, and George Hoskins, trainer for the Cincinnati world's champions, as trainer it would be a combination hard to beat.

LAST WEEK'S INTER-FRAT RESULTS

(From Page One)

Wren 6, McGann 3, Ebner, Bunting. Foula—Martin, 6 out of 8; Bunting, 2 out of 6.

The first half of the Sig-Non-Frat game ended 8-8 but in the second half remarkably accurate shooting of the Sigs spelled defeat for the Non-Frats, the final score standing 25-14. Julian's foul shooting kept the Non-Frats in the running.

Among Our Alumni

The engagement of Miss Margaret Jacobs, of Milton, Pa., to Leroy C. Coon, of York, Pa., was announced recently. Miss Jacobs is a graduate of the Department of Music of the University.

Major William G. Murdock, ex-'04, of Milton, who served efficiently as chief draft officer for the State of Pennsylvania, has been authorized by President Hunt to collect data on Bucknell's participation in the war. Major Murdock will assemble complete information on the service record of every alumnus, matriculate, and undergraduate of the University, and will prepar a history of the institution's Student Army Training Corps unit.

At present, Major Murdock is compiling war records for the Pennsylvania War History Commission, in Philadelphia. He was recently made State Adjutant of the American Legion, with headquarters at Philadelphia.

Rev. D. E. Lewis, '96, recently began his pastorate at East Side Baptist Church, Sharon, Pa. That church was organized six years ago, the first pastor being John H. Mathinar, '09. C. E. Brockway,'07, an attorney in Sharon, is a member of the same church.

Howard H. Baldridge, '84, of Omaha, Nebraska, advocated the reorganization of the police department of Omaha following the recent race riots in his city. He delivered an address on the subject before the Omaha Chamber of Commerce, attended by Major General Leonard Wood, Governor McKelvie, judges of the district court, the city commission and about 100 business men. Judge Baldridge has been attorney general of Nebraska, and is a brother of Judge Thomos Baldbridge, of Hollidaysburg, Pa.

W. F. Gibbons, ex-'99, is teaching in Department of English, Pennsylvania State College.

John C. Groff, '05, is register-elect of Delaware County. He is a successful attorney at West Chester, Pa.

Arthur C. Fairchild, '11, is manager of the Indiana County District of the Penn Public Service corporation. His residence and office are at Indiana, Pa.

Norris I. Craig,'15, is chief clerk for the West Leechburg Steel company. He lives at Leechburg, Pa.

Frank B. Worrilow, '14, is superintendent of the electric blast furnace of the Millburg Steel Foundry Company at Millburg, Mass. "Skin" is married and has two daughters. While at Bucknell he was a famous basketball star and was captain of the team in his junior year.

Joseph C. Macro, '05, is an attorney-at-law and manager of the foreign exchange department of the Citizens' National Bank at Indiana, Pa.

Dayton L. Ranck, '16, of Reading, visited his Lambda Chi Alpha brothers Friday and Saturday.

Alexander Peter ex'21 is visiting his Delta Sigma brothers.

D. D. Hayes, H. D. Crawford and B. H. Mackey have been recent visitors at the Phi Kappa Psi house.

G. H. Northrop, '10, and family are ill of "flu" at the home of his mother-in-law, Mrs. Snyder, 118 Market street. "Jake" is now twirling for the Milwaukee nine. He formerly played on the Bucknell 'Varsity.

PATH TO COLLEGE INN CLOSED TO FRESHMEN

Senior Council has decided that the short-cut from the observatory path to the College Inn is by no means a campus path and freshmen will be cutting campus in using it

CORNELL

The Agricultural College has completed plans for new buildings and a general remodeling of conditions and faculty salaries at the school. The constructive program which provides for two vice-deanships is recommended by a Farmers' Joint Committee and in its entirely will cost ..... 4,000,000.

6534 Western Reference Teachers Wanted

During 1918-19 we received official requests from employers in forty-three States and four foreign countries for 6,534 teachers for Schools and Colleges from Kindergarten to University. OUR EIGHTH YEAR OF RECOMMENDING ONLY WHEN ASKED TO DO SO BY EMPLOYERS DIRECT. This is why OUR MEMBERS are usually chosen. They are wanted. No enrollment fee necessary. If you want a position with the Progressive Employers who depend upon our Professional Service for teachers you must use the same service they use.

WOMEN'S COLLEGE NOTES

Frill and Frown Society Presents Clever Playlet—Girls Will Play Basketball in Tustin Gymnasium.

"Jingle Bells! Jingle Bells! Jingle all the way," floated merrily through the air on Wednesday night when the Sophomore girls rode along "in a two-horse sleigh" to Mifflinburg, where a chicken and waffle dinner was served at Hotel Hopp. Miss Walton accompanied the girls.

A bachelor alone in his study, dreaming of "Seeing Nellie Home" and his college days with "Ray, Bucknell" and finally the one singing "Give me all your love, Dear," was the subject of the program staged by Frill and Frown girls Thursday night of last week. The title was "A Bachelor's Dream," with Lillian Russell, '22, playing the role of the dreaming bachelor, Susanna Plumner that of "Nellie," while Mary Appleman was "Ray, Bucknell" and Helen Kitowski, "The One." Much credit is due to the girls as well as Miss Walton who aided in the coaching, for the clever way in which the miniature drama was presented.

Freshmen vs. Sophomore girls will be the first to play the seris of basketball games beginning tonight in Tustin gymnasium. The girls have been practicing for some time, the girls "gym" having been fitted up for basketball. Practice will take place at the "Sem," but the class games will be played every Tuesday night in Tustin gymnasium.

Mrs. Louis Sipley visited her Tri Delta Sisters at Women's College during the week, and also the Sipley family in town. Mrs. Sipley was formerly Blanche Wood, '16.

Marguerite Lott, '21, spent Sunday at her home in Patterson, N. J.

Miss Oravilla Peters, '23, entertained her mother at the Seminary Saturday and Sunday.

Miss Beatrice Fetterman spent Sunday at her home in Delano.

Miss Grace Foust, '22, visited her home in Muncy last week.

COLLEGE GIRLS ANNUAL RECEPTION TO COLLEGE MEN

BIG EVENT LAST FRIDAY EVENING.

RECEPTION A SUCCESS IN EVERY RESPECT

Students, Faculty and Guests Unite in Spending Enjoyable Evening.—Derby's Orchestra Furnished Music.

The girls of the Women's College maintained their usual high standard of entertainment at the Annual College Girls' Reception which was held in the parlors of the Women's College on the evening of Friday, February Twenty. Excellent music, combined with a spirit of unalloyed cordiality lent to the affair an atmosphere which is always attendant upon Bucknell's social functions. Despite the wintry weather outside, a warm breeze of genial merry-making was born aloft on the cheery voices of the numerous college girls and their guests.

The reception was attended by two hundred students, together with a score of faculty members and their wives. Other invited guests were present and entered into the spirit of the occasion. The success of the affair was in proportion to the numbers, and every Bucknellian fortunate enough to have been among gay promenaders will agree that there was never before such a gala night in his college experience, the memory of which will last long in his mind. Too much credit cannot be given to the reception committee who surely spared no effort to make the reception of 1920 the most successful in years.

At eight o'clock the guests began to make their appearance at the old "Sem" gate, and after checking their hats and overcoats at the office were shown up to the parlors, where they were cordially received by the representatives of the Women's College and members of the faculty. From the parlors the stream of men poured over to the large hall where they met their partners for the evening. This room was modestly decorated to represent a large living room and here and there about the room were palms arranged in artistic fashion. Subdued light from above added effect to the already pleasing picture. In one corner was the Derby orchestra which was to furnish the music for the evening.

Each guest was then provided with a neat little program, which designated his partners for the twelve promenades of the evening. Shortly after eight the opening strains from the orchestra announced the beginning of the promenades. At this sign the partners for the first "prom" slowly made their way through the reception room and parlors or chatted here and there with friends in the numerous cozy seats about the edge of the rooms. The promenades continued throughout the evening, accompanied by appropriate music from the orchestra

At times groups of promenaders would make their way to the dining room below where, seated in groups about the room, they were served with dainty refreshments. After partaking of the refreshments they returned to the reception rooms, and continued their promenating .

The stroke of twelve announced the hour of parting, and came upon the guests as a surprise for the evening entertainment seemed only well begun. After expressions of appreciation all departed feeling that the mutual desire for a good time had been gratified to the satisfaction of all.

DR. EMORY HUNT WILL BE SPEAKER AT "Y" MEETING

Dr. Hunt will speak at the Y. M. C. A. meeting Thursday evening at 7:30 in the chapel. The object of the meeting is to stimulate interest and revive the "Y" spirit. President Hunt will have a talk that no student can afford to miss. President Harry V. Thomas, of the association, urges all men to attend.

KAPPA SIGMA HAD TWO SOCIAL EVENTS

Two social events were given at Kappa Sigma house this past week. On Monday afternoon a dance was given to Seminary girls. On Saturday night a party dance was given to Seminary and town guests. Derby's orchestra played.

DR. ENOCH PERRINE QUITE SERIOUSLY ILL

Dr. Enoch Perrine, of the English department, suffered a relapse Monday and is quite seriously ill. On Sunday he delivered an excellent address on "Washington" at the Baptist Church.

CAN YOU DO IT?

Can You Trisect a Given Angle?—Then Come to the Math Club Meeting and Hear How It's Done

The Mathematic club will meet Wednesday afternoon at 4:30 in room 4. The meeting will be unusually interesting. The first of three famous geometry problems will be discussed, the problem of trisecting an angle.

FORUM PARTY

On Monday evening the Forum fraternity entertained the Seminary girls at an informal dinner, followed by dancing till the allotted time of 10:30 arrived. The evening was thoroughly enjoyed by all. Miss Walton acted as chaperon.

GLEE CLUB SWAMPED WITH MANY REQUESTS

HOME CONCERT MARCH 1 AT METHODIST CHURCH

SEASON WILL EXTEND INTO NEXT TERM

Coming Events at Shamokin, Williamsport, Watsontown—Eastern Trip Rounding Out Well.

Display cards are out announcing a local concert by the Bucknell Combined Musical clubs in the Methodist church on the evening of March 1. No admission will be charged but there will be a silver offering taken at the door.

Manager Merrill Dewire says that present plans call for the big annual home concert to take place the early part of next term when the Girls' Glee club will combine with the mens' clubs for the biggest concert that has ever been given in Lewisburg by college students.

Other plans for the balance of the season are developing in excellent order. Most of the dates have been settled for the Eastern trip through New Jersey, during the coming vacation in March. Vineland is one of the stops where Prof. Walter S. Wilcox, former register of the University, is in charge of the event which will be given in the town under the auspicies of a Baptist organization. An attempt is also being made for a concert at Peddie Institute at Hightstown, N. J., where Dr. Hunt is well known and Bucknell alumni are prominent on the teaching staff. Concerts will be given as follows before the close of the term: Feb. 26—Shamokin.
March 4—At Williamsport.
March 5—At Watsontown.

Requests have just been received to give concerts at Muncy, Lock Haven and Montoursville.

Palmer Bateman Visits College

Palmer Bateman, a member of the 1921 class of Wesleyan University, was a visitor at the Phi Gamma Delta house over the week-end. Mr. Bateman was stationed at Bucknell for a short time during the S. A. T. C. last year and was then transferred to Susquehanna. He has the distinction of being the only man to score against the Bucknell S. A. T. C. football team. Bateman is a member of the Wesleyan chapter of Delta Kappa Epsilon.

'Varsity Basketball Schedule

Feb. 28—Gettysburg at Lewisburg.
Mar. 4—Alumni at Lewisburg.
5—Dickinson at Carlisle.
6—Gettysburg at Carlisle.
13—Lehigh at Lewisburg.

NOTE YE THESPIANS

A survey of the dramatic work in the various colleges is being made and it is desired that all the students who took part in any plays—including recital—during their years at college send or give to Martha Leiser'21, the names of the plays in which they took part. It is very important that this information be given by March first.

A. DON GRAY HERE

A. Don Gray, '14, who recently returned from France on a government mission under the direction of the War Department, is staying with his brothers at the Phi Gamma Delta house on a short visit. Another Bucknell man was a member of the same mission, W. L. Lesher, '14.

SCHEDULE NEARS END IN INTER FRAT. CONTEST

Deciding Game Between Lambda Chi and Sigma Chi Tomorrow Night.

Standing of the Teams

	W.	L.	Pct.
Sigma Chi	5	1	.833
Lambda Chi	5	1	.833
Phi Psi	5	2	.714
Delta Sigma	4	3	.571
Non-Frat.	3	3	.500
Phi Gam	3	3	.500
Forum	1	4	.200
S. A. E.	1	5	.166
Kappa Sigma	1	6	.143

No games were played Monday evening in the Inter-Fraternity league. Announcement will be made later of these contests.

Phi Psi-Lambda Chi

tinued their dizzy pace by landing a victory over the Lambda Chi crew. Lambda Chi for two years it the Frat League. In the first half the Phi Psis secured the lead and succeeded in maintaining a four point edge until the end of the half. However, the second half saw the Lambda Chis fighting gamely but failed to make good their many shots from the field. Aleshouckas scored all the points for his team. The Phi Psi baskets were well divided each man except Yon scoring two each.

Lambda Chi		Phi Psi
Aleshouckas	Forward	Wren
Calhoun (Caldwell)	Forward	McGann
Dinn	Centre	Ebner
Larson	Guard	Bunting
Clare	Guard	Yon

Baskets—Wren 2, McGann 2, Ebner 2, Bunting 2, Aleshouckas 7. Fouls—Aleshouckas, 3 out of 10, Bunting, 3 out of 7.

Phi-Gam Kappa Sigma

The Phi Gam five defeated the Kappa Sigs 24-20 on Wednesday evening. Kappa Sigma played in fine form for the first half and lead by four points at the close. Hendren was the chief cause for the lead, but in the second half Martin landed two field goals and four out of five fouls, putting the Phi Gams in the safe lead. Hahn and Purnell played good games.

Lineup:		
Phi Gam		Kappa Sig.
Purnell	Forward	Hendren
Searles	Forward	Hoffa
Martin	Centre	Morgan
Bell	Guard	Hughes
Lees	Guard	Hahn

Goals—Purnell 3, Bell, Martin 2, Lees, Searles 2, Hahn 2, Hughes 2, Morgan Hendren. Fouls—Hendren 7 out of 15, Hughes 1 out of 1, Martin 6 out of 11.

Delta Sigma-Non-Frat

Another exceptionally close game developed in the contest between the "Deme" group and the Non-Frat men. The results of the game was in doubt during the entire time and a solitary score from foul as the final whistle blew gave Delta Sigma the game by a score of 24-23.

The first half ended 12-11 in favor of Delta Sigma with Julian the best player for Non Frats while the scattered scoring showed work on the part of all the "Deme" five.

Lineup:		
Non-Frat		Demny
Julian	Forward	Stewart
Treadwell	Forward	Ross (Beers)
Klein	Centre	Cooke
Mullen	Guard	Bauman
Donahlson	Guard	Tingley

Goals—Julian 4, Treadwell 3, Mullen 2, Stewart 2, Ross 3, Cooke 4, Bauman. Fouls—Bauman 4 out of 11; Julian 5 out of 8.

WEEK OF PRAYER IN ALL COLLEGES

This week will be one of prayer for colleges. Two special religious meetings for students are to be held both under the leadership of President Hunt. One will be held in Bucknell Hall under the auspices of the Y. M. C. A. The other one will be held in the Baptist Church on Sunday evening, to which all students, professors and resident Alumni are urged to be present. The music will be in charge of Professor Stolz. Unusual attention is being directed to the colleges because of their participation in the drive to be conducted by the Interchurch World Movement.

Marguerite Lotte'21 entertained her parents over Saturday and Sunday.

FIRST DEBATE IN THREE YEARS FRIDAY EVENING

Opening Event of Tri-Angular League is Staged for This Week—Other Team at State College Same Evening.

The first intercollegiate debate since 1917 will be held on Friday night at 7:30 in Bucknell Hall, when Dickinson's negative team will meet our affirmative team. The question is: Resolved, that labor, through representatives of its own choice, should share in the management of the corporate industries.

It is hoped that a large crowd will attend since there are no other college functions that evening. Inasmuch as this debate is a college function, held on the campus, the privilege of "fussing" holds good.

While the affirmative team is debating here, our negative team will be at Penn State, State's negative team will be at Dickinson. These debates are in the Triangular League composed of Penn State, Dickinson, and Bucknell.

D. Hobart Evans'21; Frank R. McGregor '23; and C. Malcolm Enerick'20, will debate on our affirmative team, with William H. Sugden as alternate. Dickinson will be represented by William S. Keahl, Herbert L. Davis, and Edgar P. Lawrence. On our negative team debating at State College will be, Tinley Keech '22; Walter D. Roos '20; and Robert P. Hartz' 21; with George VanDyke'20, as alternate and manager.

Several musical numbers will be given during the time between the main speeches and rebuttal and while awaiting the judges' decision.

Are We Going to Let Gettysburg Defeat Us on Our Own Floor Saturday? Let Us Be Out With The Band and Repeat the Football Victory!

Colleges for Women

Wellesley, Mt. Holyoke, Vassar, and Smith College have abandoned the system of admission by certificate, and now condition admission on examination only.

OUR ALMA MATER

What Do You Think of the New Song That Will be Tried in Chapel Soon?

Does Bucknell have a worth-while Alma Matter song? Dr. Hully, former Bucknell professor, says, "A good college song will do more than any other single agency to rouse and sustain college spirit." The Alumni at their "Anniversary"last June in Bucknell Hall appointed a committee to select several songs from the "Song Book," or to secure a new song, and to report the selection to the college, and to the Alumni at the next anniversary meeting. Accordingly, the committee is about to put a new song before the college. It is entitled "Play Up, Bucknell, Play!" The words are printed herewith.

The song commemorates the return to Bucknell of our Soldier boys, after the war, and it is full of Bucknell spirit from that event The words are by a local alumnus.

The music is by Professor J. Browne Martin, ex-'98, (music '97.) Professor Browne Martin is at Ward-Belmont, Nashville, Tenn., and is now director of the Vanderbilt Glee Club. Among our musicians there is, perhaps, no one more in touch with college life and spirit ,better acquainted with present day college songs, and at the same time so talented, a musician as Prof. Martin. The committee will bring out the song. It will be up to the college to try it.

The music is now in the hands of a printer and as soon as it is printed

(On Page Three)

Inter-Frat Schedule

Feb. 25—Delta Sigma vs. Forum.
Sigma Chi vs. Lambda Chi.
Kappa Sigma vs. S. A. E.
Mar. 1—Phi Gam vs. Forum.
Lambda Chi vs. Non-Frat.

REV. G. E. RASSWEILER AT METHODIST CHURCH

The Rev. G. E. Rassweiler, of the faculty will speak in the Methodist Church on Sunday morning, March 7, on the subject, "The Last Word," by Van Dyke. Methodist students and others interested are invited to attend.

ALUMNI GAME SCHEDULED FEB. 4

The date of the Alumni basketball game has been changed from next Friday evening to March 4. It is requested that students keep in mind this change and prepare to see an excellent home game on that date.

Phi Psi Social Events

On Thursday night of last week the Gamma chapter of the Phi Kappa Psi fraternity held its Sixty-fifth annual Founders' day banquet. A goodly number were present and the event proved highly successful. On Saturday evening the Phi Psi men entertained the Seminary girls at a dance at the house.

SIGNAL HONOR IN BUCKNELL DRAMATIC FRAT.

FIRST CHAPTER TO BE GRANTED IN PENNA.

THETA ALPHA PHI IS NAME OF GROUP

Purpose is to Foster Wholesome Dramatics and Unite all of Histrionic Talent.

Bucknell received a signal honor on Monday when the Pennsylvania Alpha Chapter of Theta Alpha Phi Dramatic Fraternity was installed. Brought here by a number of students and Prof. Rassweiler, the chapter comes as the first in Pennsylvania and the sixth in the country. Though recently organized, the idea stood long in the minds of a number of the Dramatic and Public Speaking Professors of the country.

Arrangements were finally made and officers elected at the Public Speaking Professors Convention at Chicago several months ago. Prof. Charles M. Newcomb was elected Grand President and Prof. John R. Pelsma Grand Secretary-treasurer.

The purpose of the fraternity is to foster an interest in wholesome dra-

Pres. Harry R. Warfel

matics and provide the means for uniting socially students, alumni, and instructors who have histrionic talent. The local chapter does not aim to supplant the Combined Dramatic Clubs but to assist them wherever possible.

The officers of Pennsylvania Alpha chapter are: President, Harry R. Warfel '20; Vice-President, H. L. Heller '21; Secretary, Martha Leiser, '21; Treasurer, Francis E. Reamer '21.

COACH REYNOLDS REFUSED SYRACUSE TO COACH BUCKNELL

Bucknell graduates and students interested in football will hear with interest that Coach "Pete" Reynolds has signed the contract to take charge of Orange and Blue football again next year and has returned it to the athletic committee.

Coach Reynolds who has won the heart of every student and football player at Bucknell, was offered the position as head coach at Syracuse where his home and place of business is, but turned down this big offer to return to Bucknell for the second time next fall.

Ethel Richardson entertained her chum Helen Raudenbush of Reading over the holiday.

BUCKNELL WINS FROM TEMPLE STARS

DARTMOUTH'S VICTORS FALL VICTIMS OF OUR FIVE

F. AND M. ALSO BOWED TO 'VARSITY

Mathieson's Return to Team Makes Well-Grouped Quintet that is Hard to Excel.

The 'Varsity basketball team won two hard fought games on the recent trip, defeating Temple University 39-29, and Franklin & Marshall 38-33. Both of these games were of the best quality, and were close until the last few minutes, when the superior training of the Orange and Blue men showed up and brought them out on top. Waddell was the star of both games, winning both of them with his timely baskets and skill in foul shooting. In the Temple game he secured 27 of the 39 points, and in the F. & M. game 24 out of the 38. Mathieson's injured leg has recovered to the extent that he played in both games, and he was in very fine form in the F. & M. game, annexing a total of six field goals. Dietrich and Bihl also played wonderful games in their guard positions, and in addition to this Bihl also contributed one basket in each game. Bowser did well when substituted in guard and centre.

The Temple game was unusually thrilling, as Bucknell was in the lead by only one point until the last two minutes, when Mathieson shot a basket, and Waddell followed by two more, with several fouls thrown in for good measure. In the F. & M. game Bucknell lead at the end of the first half by a score of 25-12, but the Lancaster Collegians came back in the second half and made the game interesting.

Coach Musser has developed a fast, fighting team in the present lineup, and it is believed that there will be no changes unless something unforeseen turns up. Mathieson and Waddell form a wonderful set of forwards, both being unusually fast in addition to being reliable shots. Dorris at center can always be counted on to contribute his share of the points, while Bihl and Dietrich are excellent guards. The team is rounded out by Bowser, who can substitute either at center or guard.

The lineup of the Temple game follows:

Bucknell		Temple
Mathieson	Forward	MacPeak
Waddell	Forward	Gilliam
Dorris	Centre	Brock
Dietrich	Guard	Herzog
Bihl	Guard	Halstead

Field Goals—Mathieson 3, Waddell 4, Dorris 3, Bihl 1, MacPeak 1, Brock 1, Halstead 4, Gross 3. Fouls—Waddell, 17 out of 21; Gilliam, 11 out of 23 Substitutions—Bowser for Dorris, Gross for MacPeak

The lineup of the F. and M. game follows:

Bucknell		F. & M.
Mathieson	Forward	Mounts
Waddell	Forward	Garvey
Dorris	Centre	Madison
Bihl	Guard	Hoover
Dietrich	Guard	Hillegass

Field goals—Mathieson 6, Waddell 3, Bihl 1, Mounts 2, Garvey 3, Madison 3, Hoover 2. Fouls—Waddell, 18 out of 20, Garvey 13 out of 20. Substitutions—Bowser, Kelvus.

Notes on the Games

The defeat of Temple University is made more interesting by the fact that they won from Dartmouth on their own floor only a few nights before they bowed to the Orange and Blue.

Waddell won both games on his foul shooting. In the first game he only missed four out of twenty-one, and in the second he only missed two out of twenty.

Mathieson's return adds strength to the fighting five, and the remainder of the season should bring forth many more Bucknell victories.

Philadelphia alumni of Bucknell turned out en masse at the Temple game, cheering and yelling madly for the team in loyal Orange and Blue style.

FRESHMEN DEFEATS TAMAQUA HIGH IN GOOD GAME

The Freshman team defeated Tamaque High school Friday night by a score of 41-35, giving the home team its first defeat of the season.

Entered at the Lewisburg post office as second class matter.

Contributions from students and alumni are earnestly solicited. They should be written in a legible hand and on but one side of the paper. Address all articles to the Editor.

Member of the Intercollegiate Newspaper Association.

INTER-FRAT COUNCIL

The Targum, of Rutgers College, has the following editorial comment:

"At last the Interfraternity Council has drawn up rushing rules. Give them your earnest consideration, for regulation of some sort is necessary for the best interests of all."

Senior men are now considering such an organization at Bucknell. Its work would not intrfere with that of Senior Council in any manner, but if properly conducted, would in a great measure aid in placing our college well up in the ranks on the matter of fratenity pledging. That something must be done is evident. A popular system of "rushing," that has the sanction of faculty, alumni and undergraduates, can be found for a fair number of other institutions have "rushing" regulations.

Other matters concerning the mutual interests of the college and fraternity groups could be handled very ably and efficiently. It is the sincere hope of the Bucknellian that the men who are now considering this movement, will bring forth the best of results.

A BIGGER PAPER

Advertising is a local criticism of the BUCKNELLIAN. Our paper runs about as many inches of advertisements as news matter in each issue. It is fifty-fifty. The last issue of the Swarthmore paper makes a similar statement. In fact, nearly every recent college publication on our exchange list shows a half-and-half basis concerning ads and news.

Our paper is slowly growing in ads and shrinking in news. We, however, do not print any tobacco, pipes or Bevo ads which are so easy to secure for big space—yet the manager has had no trouble in securing a wealth of advertising. He is happy about it, but doubtless most of the readers are not.

To them we would say that they may hope for better days.

The budget allows the Bucknellian one dollar for each student member of the budget system. The actual cost of furnishing the paper to each student is considerably over this amount. The subscription is $1.50. The difference necessary to meet expenses can be seured only through sufficient advertising.

There are two remedies for the advertising situation. One is to suspend some of the advertising, the other to incrase the size of the paper. The first course is not progressive, it is like turning down a job because it would bring a taxable income. The matter of increasing the size of the paper seems to be a brighter and an expected step.

Here, however, enters the difficulty of securing larger-sized print paper which is very scarce. Slightly over a year ago the size of the paper was increased, but at the present, conditions do not warrant another increase in size. Such a change would be an agreeable one and would open the opportunity for special departments for engineering news, comments by professors, and similar grouped items.

That the college can support a larger paper is without question. The logical time for such changes should be at the opening of the college year when advertising rates and subscription rates can be arranged to meet the expenses of the size of a larger publication.

SUPPORT THE 'VARSITY

The failure of the students to support the home games of the 'Varsity basketball team is approaching a serious situation. Excellent games have been scheduled and many students are not attending, but are seen regularly at the Inter-Fraternity games. The fact of the matter is that on both the last two home games there was a decided loss financially. Such continued non-attendance of students will seriously hamper the athletic committee.

The team deserves your support. It is your duty as a loyal student to attend. Next Saturday we meet Gettysburg on the local floor, our biggest rival in athletics. Will you be there to help Bucknell defeat the rival Orange and Blue team? Two other home games follow, Alumni and Navy. Let's make it 100 per cent. support. Be at these three games. Remember we play Gettysburg on their own floor one week after the game here. Help the team to make a clean sweep of the balance of the schedule.

WILD ONES

Weekly Contribution by Our Staunch Friend "Scissors"

The average man is a pretty square fellow after all. There is the corner of his eye, the corner of his mouth, and a corn two on his feet.

Ode on the Receipt of a Pink Letter
The sky is green
The rose is blue
She loves me not
And so am I!

If We Always Spoke Our Minds
To the Prof.—"Sir, I am totally indifferent about learning anything concerning the existence of "e" but, etc., but I do want to kill time. I would like to have it explained in detail because I still have half the lesson to get over."

Hey, Officer!
The lightning-bug is a beautiful bug,
But he really has no mind;
He dashes through this world of ours
With his headlight on behind.—Ex.

And we are told that those coats of mail were only knight-shirts."—Ex.

Queen: "Have you ever kissed a girl?"

Jack: "Is that an invitation, or are you gathering statistics?"—Ex.

"Was Rome founded by Romeo?," inquired a pupil of the teacher.

"No, my boy," replied the wise man; "it was Juliet who was found dead by Romeo."—Tit-Bits.

Giddap, Napoleon

Frosh—Nope, he was eating meat the other day. Some one came in and yelled whoa! and he choked to death.

A tramp in a starving condition asked for food at the kitchen of a home in California.

"You likee fish?" asked the Chinese cook.

"Sure," replied the tramp eagerly.

"All lite; come alound Friday."

WESTINGHOUSE OPPORTUNITIES FOR ENGINEERS

Electric and Manufacturing Company Tells of Its Training Courses for College Graduates.

The article following was originally prepared for "The Sales Letter," a publication confidentially circulated to men in the Westinghouse Electric selling organization. The comments regarding it and requests for its distribution to college departments of engineering have resulted in the writer's revising it with a view to making it of more general interest and offering it to college publications. In this form it is offered exclusively to the publications of schools where young men are prepared for the Engineering profession.

The Westinghouse Electric & Manufacturing Company has always believed in the graduates of technical schools For over thirty years the company has annually recruited the ranks of its executives from the young technical men who have shown the canacity to rise. The roll of Vice-Presidents, Department Managers, District Office Managers, and Works Officers contains a liberal proportion of men who originally entered the employ of the company directly from college as graduate students, or apprentices as they were formerly called. Throughout this period the company has provided is some form or other a systematic, practical shop experience to supplement the theories which had been stressed at college. Several thousand technical graudates have completed the work. Along with other phase of engineering education this course of training has undergone evolutions within the last quarter of a century. Courses were originally several times the length they now are. Intensive, specialized training involleading to the various lines of work has supplanted the old plan of a general haphazard scheme for all. Little attention was formerly paid to the apprentice. He was allowed to work out his own salvation. He was considered a necessary evil. Now, much thought is spent on him and elaborate plans are made to round him out as quickly and as thoroughly as his capacity for assimilating experiences will permit.

Candidates for the Graduate Student Course of the Westinghouse Electric & Manufacturing Company are selected upon the completion of their technical course at the university by a representative of the company after a searching interview, a thorough investigation of scholastic records, and a complete analysis of standings in the college community. In this investigation equal importance is attached to physical qualities, traits of leadership, personality, special talents, and analytical ability. Each candidate is given a systematic rating on these characteristics very much along the lines devised by the Committee on the Classification of Personnel in the Army for the rating of officers for promotion. Few cadidates are selected without an interview, and then only after the fullest investigation of the qualifications. Young men so accepted are directed to report for work at one of the factories of the company—the training may include experience at several plants, but usually the first experience is given either at the East Pittsburg or the South Philadelphia Works.

Every effort is made to discover with the young engineer during his first few months the field of his greatest aptitude. To this end he is interviewed by representatives of the several departments. He is put in full possession of information concerning the work of the various departments, company policy and personnel. Personal interviews with departments heads and their immediate assistants facilitate this process of segregation.

The training falls into three distinct stages. In the first, all men whether segregated for design, application, commercial, or works engineering, pass rapidly through a number of shop manufacturing sections. They wear the garb of a workman and enter by the shop door. The mastering of details of construction of apparatus is the immediate thing in view. More important, however, is the contact which the young engineer gets with the shop man and shop methods, where the lesson of cooperation must be learned. It is the belief of this company that one of the greatest failings of young technical graduates is their inability to get along with other men, particularly those who have had fewer educational advantages. During the period of shop training essential structural features of Westinghouse apparatus are emphasized in a series of conferences with engineers. These discussions are parallaled with the work a man is doing in the shop. Conference groups are small and the burden of discussion in thrown on the youth. Questionnaires on the several types of apparatus provide a basis for observation in the shop and the discussion which follows. The length of time spent in manufacturing sections varies with the course, but infrequently is it longer than six months.

In the second phase of the work men do commercial and engineering testing on various types of machines. As construction is prominent in the first stage, the operating characteristics are featured in the test floor phase of the work. This experience is also paralleled by group conference with testing experts. Written reports of commercial and engineering tests are also required of all students. The men are afforded experience on different types of tests,—steam apparatus, dynamos, motors and controllers, as well as details. The length of the test floor training varies from three to six months depending on the course.

The third phase of training is the highly specialized work with more direct bearing on the position ahead. Special schools, varing in length from thirty to ninety days, consummate the several courses. A thirty days Commercial School for salesmen including in its curriculum a course in Advertising, Company Sales Policy, Commercial Law, Business English, Business Letter Writing, Salesmanship, Business Ethics, and related subjects. For all this work special texbooks have been devised and the lecturers are the company's leading men in the particular phase of work they present.

For designers and application men in the electrical field the Engineering School provides a three month's intensive training under the guidance of the Chief Engineer of the company. The outstanding features of the design of practically every standard piece of Westinghouse apparatus is considered in detail. In this school the special aptitudes of men specializing in design are developed and each man is studied thoroughly, with a view to locating him to his best advantage in the Engineering Departments. The work consists of but few lectures. Many reports are prepared by the group in order to develop the spirit of cooperation. Quizzes and individual conferences are frequent. Technical papers are written, presented to the group, and discussed. This work is under the immediate supervision and guidance of the Chief Engineer, Division Engineers, and Design Specialists. At the South Philadelphia Works for Mechanical Engineers a similar opportunity is provided the technical graduates to take advantage of contact with other mechanical engineers.

At the conclusion of any course men automatically become a member of the personnel of the department for which they have been trained.

This training of technical graduates represents an investment on the part of the company. While in training the men are on a salary basis, but the amount earned is considerably less than the salary paid. There is no doubt but the product of the labor of the hands of these technical graduates could be increased until it would be in line with the salary paid if this were desired, but training is the main point in view. Men are kept on one job only long enough to have made that operation a part of their experience and are then moved to a field of new experience. In a word, they are not allowed sufficient time to become manually expert on any operation. Training is the first consideration—production is only a part of the training. The second condition that keeps low the money value of the productive work of the Graduate is the fact that a considerable proportion of his time is spent in conference work, interviews, and in the highly specialized Commercial or

OTHER COLLEGE MEN AND WHAT INTERESTS THEM

Illinois Univrsity

A unit of cavalry is being established at Illinois University! The requisite for entrance into the detachment is that the men must have completed a course of at least one year in the R. O. T. C. A general course will be given, special stress being laid upon acquisition of a good seat and similar qualties essential to all riders, whether civilians or officers. Some 146 horses are now on route, and work will be started immediately upon their arrival.

Naval Acadmy

Since 1890, when the Navy first met the Army cohort in football, naval officers have steadily been trying to increase their range of athletics by playing more games away from the Academy. Although they have not been overly successful, they now have a team in the Intercollegiate Wrestling Association, and in addition hope to enter a crew in the Poughkeepsie Regatta. In football they have been allowed to schedule one game, beside the Army contest away from home. The coming year they will meet Princeton at Princeton.

Princeton

January 29th was the 27th anniversary of the adoption of the Honor System at Princeton. The idea was conceived and inaugurated by the students, and its success has been due to their spirit of pride and enthusiasm with which they have backed it. Since its adoption the system has become firmly established and has served as an example to many other institutions.

Cornell

The seniors at Cornell are attempting to give the college a lasting tradition, by wearing corduroys. Whether such a custom will prove successful, will be shown by the interest manifested by the 1920 class on "Corduroy Day," the official opening day for the custom. It is a question whether such a plan as having seniors wear corduroys or any other distinctive clothing is feasible at a university like Cornell.

BIG PHI GAM DANCE THIS WEEK

The Phi Gamms are preparing for a big dance which will be held at their house on Friday evening of this week. Delong's Orchestra has been secured to furnish the music.

LAMBDA CHI PARTY YESTERDAY AFTERNOON

Lambda Chi Alpha men gave an afternoon dance at the chapter house on the afternoon of Washington's Birthday. Derby's orchestra played.

Phi Gamma Delta Party

The Phi Gamms entertained twenty-five visitors from the women's College at an informal dance at their house yesterday afternoon as a fitting windup of the Washington's Birthday celebration. Delong's Jazz Trio furnished the music, and Mr. and Mrs. Robbins and Miss Fowler were the chaperones.

WESTINGHOUSE OPPORTUNITIES
(From Page Two)

Engineering schools during the course of which all salaries are a dead overhead weight.

Every effort is made to surround the young technical men both at East Pittsburg and Philadelphia with an atmosphere stimulating to their highest ambitions. The Westinghouse Club, located in Wilkinsburg, a residential section of Pittsburg offers an excellent opportunity for development along education, physical, and social lines. It is a natural rendezvous and the large number of technical men employed by the Westinghouse Electric & Manufacturing Company and affiliated interests. A Club aManager and Assistant devote their entire time to the Club's affairs. At the Club are maintained technical sections providing additional lecture work on various lines of engineering, commercial and works management subjects. Athletics are not neglected. The Club is largely supported by the Company, dues for members being only nominal and all overhead expense of upkeep being carried on by the Company.

Several thousand men who have complete the Graduate Student Course are in the service of the company or some one of its subsidiaries or affiliated interests. Many have entered the employ of concerns whose interests are closely identified with the success of Westinghouse products, for instance, the various railroad and interburban lines which have been electrified, and central stations which have been equipped with Westinghouse apparatus. On the engineering staffs of many technical schools and universities are men who amplified their technical training with practical experience as Graduate Students with the Westinghouse Electric & Manufacturing Company.

OUR ALMA MATER

the song will be tried at chapel services.

TO OUR SOLDIER BOYS—1919
Play Up, Bucknell, Play
Back again at old Bucknell,
"Blow, ye sirens, blow!"
Back again and all is well,
Blow, ye sirens, blow!
Kings and crowns are out of touch
Kaiser Bill is with the Dutch,
Loudendorff is not so much,—
Blow, ye sirens, blow!

Back again and feeling fine,
Sound the college gong!
With an eye upon the Rhine,
Sound the college gong!
Recitations! Bring your gun,
Get old Physics! He's a Hun!
Nine times nine are eighty-one,
Sound the college gong!

Out for glory! Pass the ball!
Play up, Bucknell, play!
Blue and Orange "ever all,"
Play up, Bucknell, play!
Hit them hard but hit them fair,
Give them all you have to spare,
Brighten up your "Croix de Guerre,"
Play up, Bucknell, play!

Graduation! Out to sweat!
Pull away, ye Grads!
Bend your backs there's gold to get,
Pull away, ye Grads!
Nerve and muscle tense and true,
What you will, you sure can do,
Bucknell pins her faith on you,
Pull away, ye Grads!

Among Our Alumni

Dr. George Morris Philips, '71, for the last thirty-nine years principal of the West Chester Normal School, is said to possess the world's largest single collection of autographed books. A part of Dr. Philips' library consists of 1,650 volumes, each one autographed by the man or woman who wrote it. Thirty-five years were required to collect the books, according to Dr. Philips.

You cannot name an author whose autograph would be of value that is not represented. All the notables of Europe from Tennyson and Tolstoy to Browning and Kipling and Hardy are there.

And no American is missed from Harriet Beecher Stowe, who penned in a copy of her immortal "Uncle Tom's Cabin" her favorite Biblical quotation, down to Roosevelt and Woodrow Wilson.

Jefferson Davis and Francis Parkman Russell Lowel, and the complete "Battle Hymn of the Republic" written with her own hand by Julia Ward Howe when a very old woman.

All these autographs were secured personally by Doctor Philips.

A rare gem bears the name of John Ruskin. That book had gone to the bottom of the sea when the ship sank, but after three months was salvaged with other mail.

Miss Ruth Williams, '16, and Albert J. Hamblin, '15, were married in December, at Wilks-Barre. They are living at 5215 North 11th street, Philadelphia, where the bridegroom is connected with the Earl Gear and Machine Co. oFr the last three years, Mrs. Hamlin was on the high school faculty, at Parsons, Pa.

Dr. Maurice Goldsmith, '06, was elected president of the Roslyn Farms Country Club at its recent election.

D.Steele, '08, is with the Standard Tin Plate Company, of Canonsburg, Pa.

Fred R. Zug, '07, who was recently elected secretary of the Pittsburg Alumni Association, is an optical specialist, at 34 Fourth avenue, Carnegie, Pa.

James B. Stevenson, '82, is president of the George K. Stevenson Company of Pittsburgh.

C. D. Loveland, '11, one of the best baseball men who ever cavorted around the short-stop territory for Bucknell, is a steel broker in Pittsburgh.

H. L. Ley, ex-'03, is president of the Ley Construction Company, of Pittsburgh.

W. R. Stevenson, '07, is in the sales department of the Crucible Steel Company, of Pittsburgh.

Irving P. Powers, '16, was a guest at the Forum House on Monday of this week. He is now teaching in the High school at Dover, N. J.

Harold D. Gerner, '19, paid a visit to his Forum brothers over the week-end.

John B. Gale, '12, entertained his sister, Miss Lillian Gale and Miss Catherine Cantner, of Philadelphia, over Sunday.

6534 Western Reference Teachers Wanted

During 1918-19 we received official requests from employers in forty-three States and four foreign countries for 6,534 teachers for Schools and Colleges from Kindergarten to University. OUR EIGHTH YEAR OF RECOMMENDING ONLY WHEN ASKED TO DO SO BY EMPLOYERS DIRECT. This is why OUR MEMBERS are usually chosen. They are wanted. No enrollment fee necessary. If you want a position with the Progressive Employers who depend upon our Professional Service for teachers you must use the same service they use.

THE WESTERN REFERENCE & BOND ASSOCIATION,
325 Journal Building, Kansas City, Mo.

LAST OF SERIES ON MODERN IRRELIGION

The last of the series of sermons on Modern Irreligion by the Rev. F. B. Everitt, in the Presbyterian Church, will be given next Sunday morning on the theme: "Modernism," or "The Supernatural in Religion." In the evening he will outline the Interchurch World Movement, as the "Church's Answer to a World Challenge."

HUNT AND PEACOCK AT HARRISBURG MEETING

Dr. Emory W. Hunt and the Rev. W. J. Pencock, of the Baptist Church, attended the meeting of the Interchurch World Movement at Harrisburg last week.

UNION ENDEAVOR PLAY

On March 14 the Union Endeavor Society will present a missionary play in the Presbyterian Church given once before in the Baptist Church. It is being repeated by request.

WOMEN'S COLLEGE NOTES

Freshies Defeat Sophs. by 28-1 Score in Tustin "Gym"—Sororities Had Parties.

Starting at the first blow of the whistle, the "Peppy" Freshman girls basketball team outclassed the Sophs completely in a game staged in Tustin gymnasium on Tuesday night last. The Sophs were able to cage but one foul basket while the Freshies piled their score up to 28 points against their opponents . The clever passing of the Freshmen and their good guard work is especially to be commended. Louise Llewellyn, the Freshman's star forward, scored most of the points for her team. She was assisted greatly by Misses Hood and Jack. For the Sophs. Watson, Fleming and Cornwall starred. The lineup follows:

L. Llewellyn ....Forward .....J. Burke
L. Hood .....Forward .....P. Annan
B. Smith .....Centre .....E Flemming
M. Heilman .....Guard .....F. Cornwall
M. Jack .....Guard .....F. VanCleaf

Substitutions—Watson for Van Cleaf; Kissinger for Annan; Young for Heilman.

Kappa Delta's entertained at a formal dance on Saturday night in the Women's College. The place was decorated with palms and sorority banners, making in all a very pretty appearance. Gubin's orchestra from Northumberland furnished the music. Misses Rainey and Fowler acted were chaperones.

Eta Sigma's celebrated their Founder's Day on last Friday. They were entertained at the home of Miss Edna Martin on Thursday evening.

Miss Marguerite May, '18, visited with her Kappa Delta sisiters Sunday.

Miss Helen Schwenk, of State College, and Miss Hotten, from Johnsonburg, were guests at the Seminary week.

Miss Lottie Deitz, '21, received a visit from her mother during the week.

Miss Ruth Apgar, '23, was visited by her sister last week.

Miss Margaret Minch, '23, had her father as her guest during the week.

ADVANCE SPRING MILLINERY

We are ready with a very complete line of advance spring millinery. We have it on display and are selling hats every day.

The new Dahlia hats are here, and they are beautiful and very becoming.

Then, too, we have several New York lines of ready trimmed hats, along with the new creations made in our own workrooms, designed by our Mrs. Rittenburg.

Every day there are new hats on the floor, something entirely different from the day before. We know the women of our city and surrounding section will be delighted with our advance spring showing, as well as our moderate prices.

Bucknell University

Alumni game on Thursday night at eight in the gymnasium.

THE BUCKNELLIAN

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. March 2, 1920 No. 19

Galoshes is a new name for arctics—both are open to criticism.

BASEBALL OPENS APRIL 17 WITH F AND M. COLLEGE

FIRST SIX GAMES TO BE PLAYED ON HOME CAMPUS.

THREE DATES OPEN AND ONE GAME PENDING

Lebanon Valley, Gettysburg, Albright and Hamilton are the Probable Colleges to be Signed Up.

The 'varsity baseball schedule opens on April 17 this year and the first six games will be played on the Bucknell campus. Three dates are still open and one game with Hamilton College is not yet quite assured.

There are two trips this year, one for three days in New York State and another three-day trip through this State ending at Carnegie Tech. on June 4.

By a two-game contract Gettysburg is yet to be arranged on the schedule for a reciprocal home game during one of the open dates. Our game on their campus comes on June 2. Albright and Lebanon Valley will likely be played on the present schedule and officials are awaiting final arrangement with Hamilton College for May 27.

Baseball season practice opened this afternoon in the gymnasium when a goodly number of men reported for the opening tossing of the batteries. Although a number of men were lost by graduation last year, there is considerable new material that will in all possibility show up well as practice advances.

Regular battery practice will take place four days a week for about an hour each day until basketball season closes. The days of practice are Monday, Wednesday, Thursday and Friday. About eighteen men reported yesterday.

The schedule follows:

Apr. 17—F. & M. at Lewisburg.
25—Swarthmore at Lewisburg.
30—Lafayette at Lewisburg.
May 18—Dickinson at Lewisburg.
12—Open.
15—Open.
22—Susquehanna at Lewisburg.
25—Syracuse at Syracuse.
26—Cornell at Ithaca.
27—Pending.
June 1—F. & M. at Lacanster.
2—Gettysburg at Gettysburg.
4—Carnegie Tech. at Lewisburg
5—Dickinson at Carlisle.
8—Susquehanna at Selinsgrove.
12—Open.
15—Alumni.

GEORGE A. IRLAND BUCKNELL GRADUATE TO ADDRESS ELECTRICALS

On Monday evening, March 8, at 7:30, in the Chemical Laboratory, George A. Irland, a former Lewisburg man, electrical engineer, class of '15, will read a paper on "The Use of Electricity in the Manufacture of Steel." The paper will be illustrated by the use of numerous lantern slides which Mr. Irland has accumulated during his several years in the service of the Bethlehem Steel Company at its Sparrows' Point plant. Everyone interested in this line of work should make an effort to be present, as Mr. Irland will present this matter in a very thorough and interesting manner which is so characteristic of the way he always does his work.

This meeting will be the regular monthly meeting of the Bucknell branch of the A. I. E. E.

LESS MATHEMATICS IN ARTS COURSES NEXT YEAR

At the recent faculty meeting it was decided to reduce the mathematical requirements in the Arts course for the first year. At the present time about as much Freshman mathematics are required in these courses as in the engineering courses. Next year the number of hours required will be reduced from 10 to 8 semester hours, or in total for the year it will make a lessening of about 40 hours.

ELECTRICALS BIG LECTURE

The electrical engineers are planning a big illustrated entertainment in the Chemical laboratory on the evening of March 8. A special lecture is on the program and all interested are invited to attend.

LAFAYETTE DEBATE MARCH 12

On the evening of March 12 Lafayette will meet our debate team at Bucknell in the second intercollegiate debate of the season for the Orange and Blue speakers.

BACK TO O. D.

Do You Want to Take a Visit Back to Your Old Army Cantonment and Live Over Your Soldier Days for a Short Time?—Then See the "Y" Movies.

How would you like to take a trip back to that old army cantonment where you spent your rookie days? How about going back to that place you were once so tired of and glad to leave, to see those companions, to doll up in your first outfit and to brush up against men and O. D.?

If you want a trip of this nature without any expense whatever come to the "Y" meeting Wednesday evening and see the movies "Fit to Win." Perhaps you saw them in camp, if you did you'll be there. The picture is bubbling over with camp life, the pains, the sorrows, the gloomy and the jolly days that will crowd your mind full of precious remembrances. Don't miss it!

President H. V. Thomas, of the "Y" announces that this week the meeting is on Wednesday at 7:30 instead of the regular evening due to the Alumni basketball game Thursday evening. The Y. M. C. A. has been allowed the use of the movie machine two nights a month and Secretary Warfel and President Thomas are doing their best to get pictures. There is a possibility that the next movies may be on wark risk insurance.

RECENT STARS IN ALUMNI GAME

Staunch Casemen of Wide Reputation Will Once Again Play on Their Alma Mater Floor.

On Thursday evening of this week, the 'Varsity basketball team will meet the strong Alumni team at the Tustin "gym," at eight o'clock. The game is assuredfi as all of the "old boys" are in training, having played all season on various teams throughout the State. The Alumni team will be composed of "Boogy" Sipley, "Sal" Fisher, "Mike" Fulmer, "Jim" Lowen, "Doc" Gerhart and Bartholomew. Sipley has been playing all season on the Nicholson team, Fisher, Fulmer and Lowen on the famous Tamaqua professional club, and Bartholomew has been coaching the Williamsport High school team.

This game is being played for the benefit of the present 'Varsity men, and the proceeds will be used for the purchasing of appropriate insignia. The regular team will probably line up with Waddell and Mathieson, forwards, Dorris, centre, Bihl and Dietrich, guards. The management of the Athletic Association requests that the student body turn out and show proper appreciation for the work that the team has been doing this year.

All these men at various times during Bucknell basketball history stood in past opinion as we now view the best players on the present team. They are still adept in the game and the present 'Varsity will have to play hard to win.

BUCKNELL STUDENTS CONTRIBUTE GENEROUSLY TO NEAR EAST RELIEF

All fraternities and Non-fraternity men pledged aid to the Near East Relief, according to Malcolm Musser who has charge of the college financial end of this worthy cause. The amounts received at the present are very munificient and the total is expected to be large. While the campaign closes tonight all those desirous of contributing to the fund should see Musser as soon as possible.

The necessity of aiding these people has been pointed out and the whole nation has united in aiding in the great cause.

New College Catalog This Month

The new college catalog goes to press this week at the Williamsport Sun which has the contract for printing. It is expected that it will be ready for distribution by the end of the month. This catalog will show many radical changes due to the extensive changes in curriculum and the two-semester year effective next fall.

COMBINED CLUB CONCERT PROVES HUGE SUCCESS

The combined musical club gave a concert in the Methodist Church last evening before a record crowd. Every number was very good, both instrumental and vocal. The church was filled to capacity and many encores were called for.

BUCKNELL FIVE WINS 59-18 FROM SUSQUEHANNA

SCARLET FEVER EPIDEMIC CAUSES GETTYSBURG TO CANCEL.

WADDELL AND DORRIS DID MOST SCORING FOR ORANGE AND BLUE

Attempt Under Way to Play Off Gettysburg Games When Quarantine is Lifted From That College.

The Bucknell 'Varsity easily defeated the Susquehanna basketball team at the Tustin "gym" Friday afternoon by a score of 59-18. The game was an easy one for the Orange and Blue. Waddell played his usual good game, netting 29 out of the 59 points. Dorris was second with 20 points, while the other members of the team each contributed at least one basket. Fo. Susquehanna, Sweeley was the only man who could find the basket at all, and close guarding held him down to three goals. The foul shooting was fine on both sides, Waddell getting five out of six and Cole four out of seven.

The game was not up to the usual standard of those seen on this floor, and was scheduled by Manager Bell after Gettysburg was forced to cancel because of a scarlet fever epidemic. It is understood that Gettysburg will be played later in the season, as efforts to arrange another date are being made by the local athletic officials.

The lineup follows:

Bucknell		Susquehanna
Waddell	Forward	Cole
Dorris	Forward	Graybill
Dinn	Centre	Sweeley
Bihl	Guard	Dunmore
Dietrich	Guard	Raynor

Field goals—Waddell, 12; Dorris, 10; Caldwell, 3; Dinn, Dietrich; Sweeley, 3; Dunmore, 2; Graybill, Cole. Foul goals—Waddell 5 out of 6; Cole, 4 out of 7. Substitutes—Caldwell for Bihl.

L'AGENDA SUBSCRIPTIONS

All those who have not subscribed for a copy of the 1921 L'Agenda and who wish to do so should see Mohler at the Kappa Sigma house.

SIGMA CHI WON FRATERNITY CHAMPIONSHIP

Nosed Out Lambda Chi in Deciding Game Last Week—Season a Big Success.

Standing of the Teams

	W.	L.	Pct.
Sigma Chi	7	1.	.875
Lambda Chi	5	2	.714
Phi Psi	5	2	.714
Phi Gamma Delta	4	3	.571
Delta Sigma	4	4	.500
Non-Frat.	3	3	.500
Kappa Sigma	2	6	.250
Forum	2	6	.250
S. A. E.	1	6	.143

Sigma Chi completely outclassed the Lambda Chi Wednesday evening, winning by a comfortable margin of 17-8. The game was fast and interesting the first half ending 6-4 in favor of the Sigs. In the second half the Sigs with Mangan leading the attack, came back strong, outscoring their opponents 11 to 4. The superior playing of the Sigs wrought havoc with the Lambda Chi passers. The largest crowd of the year saw the game.

The Forum Five won a hotly contested game from the Delta Sigma 19-17 on Wednesday. The game was close throughout, keeping the spectators on edge at all times. The Forum played a clever defensive game during the last few minutes of play.

The Phi Gamma Delta had no trouble in defeating the Forum 45-11. Every member of the Phi Gam team scored at least one basket. Purnell starred with seven baskets. Bell played a good defensive game.

Sigma Chi defeated the Forum 31-16 on Monday. The first half was close, ending 13-10 in favor of the Sigs. At the beginning of the second half Smith shot the ball into the Sigs basket after which the Forum went to pieces.

The Kappa Sigma defeated the S. A. E. The game was rather one-sided the final score showing a 26-9 version.

JUNIATA COLLEGE CONFERENCE WAS WELL ATTENDED

BUCKNELL SENT SEVENTEEN MEN AND WOMEN.

MANY MISSIONARIES OF NOTE SPOKE AT VARIOUS SESSIONS

Every Local Delegate is Enthusiastic Over Results of Banner Student Volunteer Gathering.

The seventeen delegates representing Bucknell returned yesterday from the Student Volunteer Conference at Juniata College highly pleased that they had the opportunity to attend. The sessions covered two and a half days and were led by some of the foremost religious workers in local and foreign fields. Among the speakers and leaders were Dr. Robert E. Speer, Secretary of the Board of Foreign Missions of the Presbyterian Church in the United States of America. Mr. Wilbert B. Smith, Secretary in charge of the Personnell Division of the Foreign Department of the Y. M. C. A.; Dr. Cyril Haas, Physician-in-chief of the American Hospital, Adana Celicia, Asia Minor; Mrs. J. M. Springer, for 20 years missionary to Africa, and Rev. Paul M. Kanamori, Evangelist, of Japan.

The speakers presented the needs of the distant lands in a graphic and entertaining manner. Dr. Haas was especially interesting in his description of the Armenian position. Africa appeared in a new light at the conclusion of Mrs. Springer's several addresses.

At the business session of the Volunteers McCullough petitioned that next year's conference be held here but the vote favored Lafayette College. Drew Theological Seminary also petitioned.

Those attending from Bucknell were Misses Etta Long, Marian Riess, Elizabeth Weidner, Nellie Balliet, Marguerite Lotte, Martha Achenbach, Margaret Russell, Harriet Kinsman, Helen Reed, Dorothy Davis, and Messrs. D. Hobart Evans, Andrew Mathieson, Harry Warfel, Perry Rogers, Harold McCullough, Charles Zeller and Floyd Mayhood.

FRESHMAN FIVE WINS ONE GAME OUT OF THREE

DEFEATS SUNBURY FRATERNITY BY 40-33 SCORE.

READING WINS 32-24 AND LANSFORD BY 29-23

Game at Reading High Played Before Crowd of 1,800 Spectators.

After winning from Tau Phi Sigma fraternity of Sunbury, on Thursday night by a score of 40 to 33, the Bucknell Freshmen went to Reading and Lansford where they were defeated by the High schools 32 to 24 and 29 to 23, respectively. Julian was high scorer for the three games, with a total of 49 points, 12 field goals and 25 fouls.

Tau Phi Sigma Game

At the close of the first half the Tau Sigma team led by a score of 19 to 17. In the second half Wren, Julian and Morrett got going, and each caged three baskets. This put the Freshmen five in the lead and they were never overtaken.

Freshmen		Tau Phi Sigma
Julian	Forward	Adams
Wren	Forward	Martz
Morrett	Centre	Heddens
Woodring	Guard	Shubert
Dayhoff	Guard	Davis

Field goals—Julian 6, Wren 3, Morrett 5, Dayhoff 2, Woodring, Heddens 7, Adams 3, Martz 2. Fouls—Julian, 6 out of 11; Heddens, 9 out of 14. Referee—Slater.

Reading Game

The game at Reading was played before a crowd of 1,800. It was fast throughout. The guarding of the Reading team was fine, the Freshmen quintet getting but one field goal the first half. At the end of the first half the score stood 14 to 6 in Reading's favor. The Freshies came back strong the second half, getting five field goals and six fouls, but the playing of Christian, of the Reading team with five field goals and six fouls, decided the victory.

Freshmen Reading

(On Page Two)

BUCKNELL CAMPAIGN MANAGER ANNOUNCED

Rev. Walter J. Sparks, Will Aid in Big Spring Drive for Funds.

Bucknell's spring campaign for greater funds officially took definite form yesterday when the Rev. Walter J. Sparks, took charge of the work of the extensive drive that will begin in a few weeks. It will be remembered that the campaign will be for $1,500,000. Of this amount $1,000,000 will be asked for endowment and the remaining $500,000 for building and improvements. The campaign will be conducted along with the Interchurch World Movement campaign.

The Rev. Mr. Sparks is a former member of the Northern Baptist Convention having been on the Board of Education of that body. He has done much work and is widely experienced in campaign conducting of the nature that Bucknell will have. His work began yesterday and his headquarters are located in Lewisburg. There is much preparation to be made in this big task before the drive opens in the next month.

Nash Recital Friday Evening

The recital of Miss Nash which was postponed several weeks ago due to her illness, will be given in Bucknell Hall Friday evening at 8 o'clock. No admission will be charged and all are invited to attend. Miss Nash comes with high reputation as a pianist and the concert will be an excellent one.

DETAILS OF REGISTRATION

Time and Place of Signing up For Spring Term—Bills Due April 3.

Registration of the Spring term opened yesterday and will continue through Friday. Usual fees for lateness in signing up and for changes are being charged. The place and time of registration is announced in this article.

Prof. B. F. Thomas, Registrar, announces that the new term will open on March 25 and all bills must be settled not later than Saturday, April 3.

Students will report for registration as follows:

Senior and Junior Civil Engineers to Prof. Lindemann.

Senior and Junior Chemical Engineers to Prof. Brown.

Senior and Junior Mechanical Engineers to Prof. Burpee.

Senior and Junior Electrical Engineers to Prof. Rhodes.

Senior and Junior Biological Students to Prof. Davis.

All students in Home Economics to Miss Carey.

All Sophomores not in Home Economics Course will report as on special schedule below.

All Freshmen not in Home Economics will report as on special schedule below.

All students not listed above will report to the Dean's office.

A fee of $3.00 will be charged for late registration and a fee of $1.00 for all altered registrations.

The members of the Sophomore Class will meet the new Registration Committee in the Library, from 2:30 to 5 p. m. in the following order on the days mentioned:

Tuesday, March 2—Margaret Abbott to Charles R. Dwyer, inc.

Wednesday, March 3—Frieda Ebner to Hugh D. Kyttle inc.

Thursday, March 4—Elizabeth Laedlein to Clarissa Russell inc.

Friday, March 5—Paul G. Schmidt to Elmer Worthington.

The members of the Freshman Class will meet their Registration Committee in Room No. 1 of the Academy, from 3:30 to 5 p. m. in the following order on the days mentioned:

Monday, March 1—Althouse to De Coursey, inc.

Tuesday, March 2—Deibler to Hendershot, inc.

Wednesday, March 3—Hendren to Malfara, inc.

Thursday, March 4—Malinowski to Sheffer, inc.

Friday, March 5—Shoemaker to Zug, inc.

All Freshmen must register on the day in which their name is included in the schedule. Otherwise they must wait until the committee has time to care for them after other students have completed their arrangements of courses.

A record crowd attended the "Mechanicals" movies last night. Music was excellent.

DICKINSON AND PENN STATE DEFEAT ORATORS

BOTH DECISIONS STAND TWO TO ONE.

LARGE CROWD ATTENDS AT BOTH COLLEGES

Triangular Event Shows Much Interest at Penn State, Dickinson and Bucknell.

Bucknell was defeated in a 2 to 1 decision in the first Intercollegiate debate in several years in Bucknell Hall Friday night. The debate was concerning a phase of the labor question, Bucknell upholding the affirmative and Dickinson the negative. Representing our college were Messrs. Evans, McGregor and Emerick, Mr. Sugden, alternate. Dickinson's debators were: Messrs. Keahl, Davis and Lawrence. Mr. Kreidler was alternate.

The Dickinson trio won the debate on a two to one decision. Their work indeed was praiseworthy in its clear cut style, delivery and especially good rebuttal. A noteworthy feature was the absolute lack of "mud slinging" so common in this form of argumentation. The third speaker, Mr. Lawrence, was extremely effective in his summarizing and clear-cut, forceful rebuttal.

The argumentation presented by Bucknell was an unusually fine constructive piece of work, showing clear concise thinking and a definite logical conclusion. Had the rebuttal been of the same high quality Bucknell would no doubt have won. But on this score, Dickinson had a little the advantage over the home team.

The first speaker on the affirmative, Mr. Evans, was perhaps second to none in delivery. His twelve minutes were filled with very good oratory and logic beginning with a welcome to Dickinson men then defining the terms of the question, showing the need of a solution and proving the "Americanism" of the plan to be offered by the affirmative.

Mr. McGregor tacitly carried the tide of development along and Mr. Emerick with his humor and vigor presented the plan of solution forcefully and offered evidence to prove its practicability.

The Bucknell trio as before stated presented an excellent constructive agrument and needed only a little more development in rebuttal to have turned the decision the other way.

A large audience, almost filling Bucknell Hall, attended the function and gave evidence that in events of this type Bucknell students are as willing and eager to support their Alma Mater as they are desirous of supporting athletics.

Mr. Seebach graciously favored those present with several delightful vocal solos during the intermission for judges decision. Judge Johnson acted as presiding officer and Rev. Everitt, Rev. Lentz and Attorney Kline were judges.

Bucknell Loses to Penn State

The negative team of Bucknell was defeated by Penn State team on the same evening at State College by a two to one decision also. The debate was close and there was little to choose between the teams. Bucknell's debaters presented a strong attack built upon a constructive basis which while State's method was somewhat general. The rebuttals on both sides were very good. The delivery of the speakers cannot be criticised because all of them delivered their speeches in excellent style.

The Penn State management entertained our debaters and attended them every courtesy. A good sized crowd witnessed the debate. Penn State had debated twice before on the same question and this was a big advantage to them in their debate with Bucknell.

PROF. LEO ROCKWELL NEW PUBLICITY MANAGER

Prof. Leo Rockwell, of the faculty, is the new publicity man appointed to take the place of A. O. Vorse who resigned last month. He has already taken hold of the work and is busy looking after the news events of the college. His duties also cover the Alumni monthly.

DELTA SIGMA DANCE

Delta Sigma fraternity will give a dance to Seminary girls at Women's College Friday evening.

Alumni Game Thursday night.

Member of the Intercollegiate Newspaper Association.

Alumni and Athletics

Some discussion has been heard about college during the past week concerning the feasibility of organizing an Alumni Athletic Association with the chief idea in mind of getting a more solid backing to Bucknell athletics. Due to dissatisfactory arrangements concerning the student budget the basketball games have not been attended as largely as could be expected and several of the past games here have been quite a loss to the Athletic association.

At present there is a suggestion that the matter be investigated concerning the opinion of alumni in forming an athletic association to aid Bucknell athletics. By the forming of such an association arrangements could be made for graduates to have a vote in Bucknell athletic affairs the same as the students now have in the Student Athletic Association. A fee of several dollars might be charged and this sum turned over to the support of athletics in addition to all other aid in alumni could give in the matter of athletics. There are hundreds of graduates who scan newspapers eagerly for Bucknell athletic news. Why can they not center this mutual interest in their alma mater athletics and take an active part in the work of the teams?

SOCIALISM IN COLLEGES

W. W. Atterbury, vice president of the Pennsylvania Railroad, has expressed his belief that too much socialism is taught in our colleges. Mr. Atterbury has expressed a belief that a great many other people entertain. For some time there has been something more than an impression that ideas of what constitutes a "liberal" education have been considerably twisted by professors and instructors more familiar with books than with the practical things of life. And for this reason—colleges are certainly not fitting young men and women to take a helpful part in the professional, business and social life of the nation.

Rather, it may be said that colleges are unfitting young men and women to play the parts they ought to play considering the investment in their education. They at first unfitted them by unsettling their religious ideas and beliefs, a fact commented on by church organizations and newspapers. Then they unsettled their political ideas, expounding to them socialism and other isms without showing them the weak points in the theories, some of which had long been exploded. As the result young men and women are "at sea" religiously and politically, knowing not why the exisiting order exists or why it should be supported.

Colleges that have so unsettled young men and women did so sometimes for notoriety, the University of Chicago for example; and sometimes for competitive reasons, Columbia for instance. Columbia has, however, begun to clean house and other colleges will have to do so if they gain support. Education in the right direction will be maintained but that which destroys will not be.—Forum Grit.

"BLESSED BE HUMOR"

Is Subject of Harbour's Lecture in Baptist Church March 15.

On Monday evening, March 15, the lecture of J. I. Harbour, the second arranged on the program of the University Club, will be given in the Baptist Church. Mr. Harbour has been connected with the editorial staff of the Youth's Companion for a long time and is known throughout the country as a lecturer. His subject is "Blessed Be Humor" and the lecture coincides entirely with the subject. The speaker has given this talk in more than half the States of the Union and more than 240 times, always with the most popular success.

The postponed lecture by Harold Caldwell will take place in April and most likely on April 16. This will complete the three lectures as originally planned.

PHI GAMMA DELTA DANCED

Phi Gamma Delta entertained Friday evening at an informal house dance, with music by DeLong's orchestra. The dancing lasted from 9 to 2:30, and a light lunch was served at midnight. The chaperons were Mrs. Christy Mathewson, Mrs. Crane, and Capt. and Mrs. Morris.

FORUM SOCIAL EVENT

On Saturday evening, Feb. 28, the Forum fraternity gave a dance to the Seminary girls. The house was prettily decorated with palms, and a green and yellow color scheme was secured with lights. Derby's orchestra furnished the music. The dance was chaperoned by Miss Schultz, Prof. Moyer and Miss Cooper.

Cooke is from Wilkes-Barre, and says that the coal output for this year looks black.

Current Advice to Electricals

When she talks to long-Interupter.
If her way of thinking is not yours
—Converter.
If she is willing to came half way—Meter.
If she wants to go farther—Conductor.
If she wants to go still farther—Dispatcher.
If she wants to be an angel—Transformer.
If she is excitable—Controller.
If she proves your fears are wrong—Compensator.
If she goes up in the air—Condenser.
If she wants chocolates—Feeder.
If she sings false—Tuner.
If she is in the country—Telegrapher.
If she is a poor cook—Discharger.
If she eats too much—Reducer.
If she is wrong—Rectifier.
If she is cold to you—Heater.
If she gossips too much—Regulator.
If she fumes and sputters—Insulator.
If she becomes upset—Reverser.
—An experienced Electrical Engineer.

CAPT. FRANK TOWNSEND UNDERGOES OPERATION

Franklin Townsend, a member of the Varsity basketball team, underwent an operation for appendicitis at the Williamsport Hospital. The operation was successful and the patient is getting along nicely.

SIGMA CHI GIVES SEM DANCE

On Saturday evening, members of the Sigma Chi entertained the Seminary girls with a dance at the chapter house. The fraternity ourchestra furnished the music which was enjoyed. Light refreshments were served at intermission. Dancing began at seven o'clock and lasted until ten-thirty. Miss Bromley and Miss Rainey were the chaperons.

FRESHMAN FIVE WINS ONE GAME

(From Page One)

Julian	Forward	Christian
Wren	Forward	Yoder
Morrett	Centre	Friedman
Woodring	Guard	Frars
Dayhoff	Guard	Fisher

Field goals—Julian 2, Dayhoff 2, Morrett, Christian 6, Friedman 3, Yoder, Fisher. Fouls—Julian, 12 out of 28; Christian, 10 out of 20. Referee—Adams. Scorer—Derr.

Lansford Game

The Lansford game was somewhat slower than the other two, neither team scoring much in the first half, the score at the end of the half being 8 to 4 in Lansford's favor. In the second half, Julian got started, scoring three field goals and 7 out of 7 fouls. For Lansford, Jones and Breen won the best scores.

Freshmen	Lansford
Julian	Forward J. Jones
Wren	Forward Gluck
Morrett	Centre Bacon
Dayhoff	Guard E. Jones
Gehret	Guard Hartranft

Here's a Wonderful Fitter

Some men go for years needing such a simple shoe as a combination last without even knowing that there is such a thing. The variety of Walk-Over shapes provides a perfect fit for everybody. A combination last is simply one made two widths narrower at the heel than at the tread. It fits thin-heeled men like a silk sock; and it's a swagger-looking shoe, too—now isn't it?

OTHER COLLEGE MEN AND WHAT INTERESTS THEM

COLLEGE STUDENTS

Dr. Dudley A. Sargent, the physical training expert, holds that American girls have increased an inch in height and gained an average of ten pounds in weight since the time of the world's Fair at Chicago, when he tabulated statistics relating to American physique. Students at men's colleges in the same period have added nearly two inches to stature and nine pounds to weight.

Operation on Student

A delicate operation has changed S. Dabney Crenshaw, Jr., former University of Virginia student, and son of a high official of a manufacturing concern in Richmond, Va., from a person with criminal instincts to a perfectly normal being. Young Crenshaw was committed to a hospital for the insane after being tried three times at Charlottesville, Va., for robbing the chemical laboratory at the University of Virginia early in 1917, of a quantity of platinum and then burning the building in an effort to cover the theft.

At each trial the jury failed to agree. The defense was that he was insane at the time of the commission of the crimes, but had since been restored to normal mentality by an operation on his skull.

PENN STATE

Glee Club men will tour Penn State ars of big interest. The most trip comes some time during the Easter season, when the club will give concerts at Wilson College, in Reading, Philadelphia and Brooklyn, New York. Since this itinerary is as yet a tentative one, other engagements may be added. It is contemplated that the trip will consume the better part of a week.

South America

In the universities of South America, subjects are commonly studied only for a professional end. The scholar studies natural sciences only in the medical school for their bearing on jurisprudence. Hence the Universities generally maintain only professional schools without any college of liberal arts.

BLUE TRIANGLE

Prof. Lindeman Speaks to Y. W. C. A.—Convention at Cleveland.

Recently the college girls were fortunate in having for a speaker Prof. C. A. Lindeman, who gave a stirring address on "Living a Christ-like Life" He discussed particularly a number of questions which young American atheists direct against the church and church members. The other speaker of the evening was Mr. Cunard, who discussed the "Inter-Church World Movement," stating also that a party of speakers expect soon to visit Bucknell in the interests of this movement. Musical selections were furnished by a trio composed of Mary Reed, Norman Appleton and Roy Stein, which proved a great delight to the audience.

A banner meeting is planned for next week inasmuch as this will be the last meeting held under the supervision of the present officers and cabinet members whose term will then expire. The president and cabinet members are to be congratulated upon the success of their efforts in building up and strengthening the Bucknell Y. W. C. A. The following girls comprise the present cabinet: Helen Moyle, President; Helen Reed, Vice President; Mary Reed, Treasurer; Elizabeth Couffer, Secretary; Elizabeth Patterson, Chairman of Meetings Committee; Katherine Fulford, Bible Study; Rhea Burgett, Missions; Esther Dodson, Social Service; Esther Fleming, Music; Elizabeth Weidner, Conference, and Emma Fuhrer, Publicity Chairman.

The national organization has announced a Y. M. C. A. convention to be held in Cleveland, Ohio, from April 13 to 20, inclusive. The basis of representation is one delegate for every hundred voting members in the association, three delegates to be members of Protestant Evangelical Church.

The visit of Miss Mae Fleming, student volunteer worker, was immensely enjoyed by the association members and it was with much regret on our part that it was so brief.

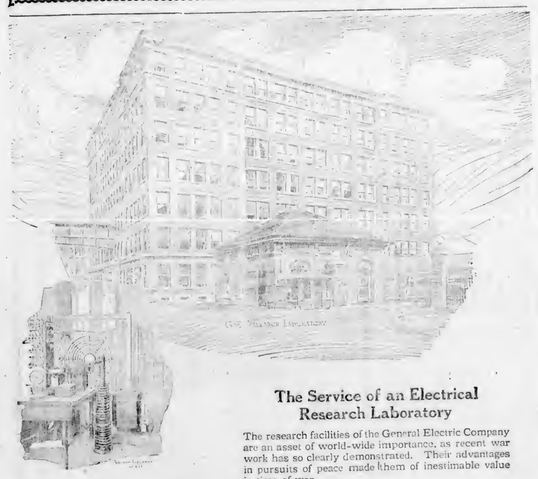
MATHEMATICAL CLUB OFFICERS ELECTED

On Wednesday afternoon at the regular meeting of the club the following officers were elected: President, Sidney J. Peeley; Vice President, Miss Elizabeth Spyker; Secretary and Treasurer, Miss Poust and Critic, Mr. Catherman.

The program which followed consisted of an interesting development by I. V. Holmes, '20, of the first of three famous problems of geometry, the Trisection of an Angle, and the impossibility of its construction by means of a ruler and compass.

An interesting program will be presented at the next regular meeting on Wednesday, Feb. 10, at 4:30 in Romo 4 and every one interested in mathematics is invited to be present. Come and make an out of classroom acquaintance with the science which treats of the measurement, properties and relations of numbers, quantities or magnitudes and of the methods and processes by which problems are solved.

C. H[illegible], Alpha Chi chapter of Sigma Chi, is spending the week-end visiting his fraternity brothers at the Sigma Chi house.



Some of the General Electric Company's Research Activities During the War:
Submarine detection devices
X-ray tube for medical service
Radio telephone and telegraph
Electric welding and applications
Searchlights for the Army and Navy
Electric furnaces for gun forgings
Magneto insulation for air service
Detonators for submarine mines
Incendiary and smoke bombs
Fixation of nitrogen
Substitutes for materials

The Service of an Electrical Research Laboratory

The research facilities of the General Electric Company are an asset of world-wide importance, as recent war work has so clearly demonstrated. Their advantages in pursuits of peace made them of inestimable value in time of war.

A most interesting story tells of the devices evolved which substantially aided in solving one of the most pressing problems of the war—the submarine menace. Fanciful, but no less real, were the results attained in radio communication which enabled an aviator to control a fleet of flying battleships, and made possible the sending, without a wire, history-making messages and orders to ships at sea. Scarcely less important was the X-ray tube, specially designed for field hospital use and a notable contribution to the military surgical service. And many other products, for both combatant and industrial use, did their full share in securing the victory.

In the laboratories are employed highly trained physicists, chemists, metallurgists and engineers, some of whom are experts of international reputation. These men are working not only to convert the resources of Nature to be of service to man, but to increase the usefulness of electricity in every line of endeavor. Their achievements benefit every individual wherever electricity is used.

Scientific research works hand in hand with the development of new devices, more efficient apparatus and processes of manufacture. It results in the discovery of better and more useful materials and ultimately in making happier and more livable the life of all mankind.

Booklet, Y-863, describing the company's plants, will be mailed upon request. Address Desk 37

Among Our Alumni

In this issue will be found an editorial concerning the possibility of an Alumni Athletic association. Alumni are requested to read it and send a communication to the Bucknellian concerning opinion of forming such an organization.

Miss Carrie Purdy, Inst., '84, of Sunbury, has returned to Mexico City, where she will again serve as a missionary in the turbulent capitol of our southern neighbor.

H. C. Gardner, '08, is manager of sales for the Twin City Forge and Foundry Company, at Stillwater, Minnesota. He has bene serving in th[illegible] capacity since October 20.

[illegible]e S. Pedigo, '17, is a chemical engineer connected with the General Chemical Company, Marcus Hook, Pa., was married to Marion A. Carony, Claymont, Delaware.

Miss June Herman, of Tionesta, Pa., was married to Marion A., Carringer, '00, December 10.

John Evans, '08, has sold his drug store, at Reimer, Pa., and has entered the coal business with Jas. Clark, '08, of Philadelphia. They have acquired some valuable mines in Indiana County, and will have their offices at Philadelphia.

Dr. Eli Slifer Walls, '04, who has practiced medicine in Pittsburg for the last decade, has opened an office in the East End.

Joe Waddle, '07, is employed as a chemist with the Carnegie Steel Company, at Wilson, Pa.

Several Bucknellians living near McKeesport, Pa., are reported active in the gas and oil boom that recently struck that territory. The Pittsburg Alumni Association expects to add a number of millionaires to its ranks this year.

C. E. Long, '08, is a civil engineer for the Mesta Machine Company, of Pittsburg, and is borough engineer for West Homestead. He is married and lives at Wilkinsburg.

G. F. Jammer, '10, who has been teaching at Monessen, Pa., has resigned to take up a position in the design department of the Kerr Turbine Company, Wellsville, N. Y. He is a member of the Lambda Chi fraternity.

Announcement has been received of the death of Mrs. John W. McCulloch, nee Leone Jones, at the home of her parents, Mr. and Mrs. William W. Jones, in Northumberland, recently.

Taken ill while visiting at her parent's home, after having contracted a cold, Mrs. McCulloch developed pneumonia, which caused her death. She had been ill only about ten days.

Mrs. McCulloch was the wife of the Rev. John McCulloch, a graduate of Bucknell and well known to many of Lewisburg people. He was also pastor of the First Baptist Church at Wheeling, Va. She was a graduate of Northumberland High school, class of 1911, and was numbered among the most popular and estimable young women of the town.

DISCUSSION GROUP LEADERS AGAIN BUSY

Professor Fries is back in charge of the Upperclassmen and Professor Stewart hereafter, will have charge of all the Freshmen, including both men and women. Professor Rockwell resumes the leadership of the Brotherhood and Mrs. Rockwell has a course under direction of the Student Volunteers which is proving very popular to other students as well. Mrs. Peacock has the world-wide guild discussion group composed of town girls and students. The pastor's course, "Jesus and the Young Man of Today," includes students of all classes and is a "drop in" class for newcomers.

WOMEN'S COLLEGE NOTES

Freshman Girls Defeat Juniors in Vigorous Game by 15-7 Score.

Yells and cheering from Tustin "gym" on Tuesday night indicated that a hotly contested basketball game was going on between Freshman and Junior girls. The Freshman team won by a score of 15-7. The game started out with a rush, the Freshmen being unable to repeat another victory over the Sophs. due to the good guard work of their opponents. The first quarter ended with a score of 0-0 and then baskets begin to pile up, first for the Freshies and then the Juniors retaliated and several field goals were caged. For the Freshies, Misses Hood and Llewellyn did good work as forwards, while Misses Heilman and Jack played a good game at guard against the snappy little Junior forwards, Fuher and Devine. Ella B. Osborne played a good game as centre, while the work of Elizabeth Spyker, at guarding, Miss Llewellyn was to be commended. Misses Dodson and Smith also played good games for their respective teams. The lineup:

Juniors		Freshmen
Devine	Forward	Llewllyn
Fuher	Forward	Hood
Osbourne	Centre	Smith
Spyker	Guard	Heilman
Dodson	Guard	Jack

The following spent the week-end at State College: Kathryn Spotts, '21, Emily Devine, '21, Hattie Fertig, '21, Mary Appleman, '22, Susanne Post, '23, Mabel Baker, '23.

SIGMA CHI PLANS BIG FORMAL DANCE

Sigma Chi is planning to make its annual formal dance one of the largest and most successful in the history of the chapter. The Kleft Club orchestra of New York has been secured and the date March 18, promises to be a memorial date to Sigma Chis. Due to the unusually large chapter the dance will be held in the armory, in which extensive decorations have been planned.

There She Goes

Up the street in a PROWANT'S Suit
Box--the "Premier" Suit or Overcoat.

Going straight into some home to spread sunshine and radiate the warmth and wealth of mind that comes from knowing you are rightly dressed without tormenting your soul, with the thought of extravagance

Every dollar you put into "Premier" clothes comes out on your back in good, hard, solid wear.

Every desirable thing about a high grade garment is yours—even to the last touch of custom tailoring—without the customary custom touch.

"Premier" clothes are $23 to $45.

THE BUCKNELLIAN

BUCKNELL UNIVERSITY

—Will We— Allow Lehigh to Defeat Us Twice?

Vol. XXIII. Lewisburg, Pa. March 9, 1920 No. 20

INTERCHURCH SPEAKERS HERE FOR THREE DAYS

LECTURES ARE FOLLOW—UP OF DES MOINES CONVENTION.

MANY NOTED LECTURERS WILL SPEAK DURING DAILY CHAPEL PERIOD

Record Mass Meeting on Thursday Evening for all Students—Illustrated Lecture This Evening.

As a follow-up of the Des Moines convention in the Interchurch World Movement, Bucknell will take an exceptionally active part in this work today, Wednesday and Thursday of this week. All colleges are being visited by prominent speakers and world-known men who are devoting their time to furthering this international cause. The part at Bucknell during these three days will be taken up with lectures during chapel periods which will be extended to one hour each day and a final mass meeting Thursday in connection with the regular Thursday evening "Y" meeting.

At least seven and perhaps more widely-known speakers are scheduled to be at college beginning today and perhaps others will arrive if their programs can be arranged. Some of the men are already here and will be placed around with the various fraternities in order that they may be in closer touch with students.

The chief speaker will likely be the Rev. R. S. Snyder, of Schwenkleville, who has spoken at Bucknell some years before. He is a former army chaplain with two years of service and at present is pastor of the First Baptist Church at Ocean City, N. J. His lecture will be illustrated and its title is, "The World Upheaval." It will take place this evening at 8 o'clock in the Chemical laboratory.

Other speakers to appear here in the next two days are Miss Springer on the Y. W. C. A. department of African Foreign Mission work, assisted by Miss Richards. Dr. F. W. Padelford, secretary of the Northern Baptist convention, E. M. Poteat, chairman of the Board of Promotions of the Northern Baptist conventoin, Charles W. Harvey, Jesse B. Davis, J. Campbell White and Frank Bible are the others who will be present. These people are all experts and closely interested in college students and education. The faculty has granted an extension of the chapel period to one hour and all will appear during these periods.

The men will visit at the various fraternities during their stay, and will be prepared at any time to answer all questions concerning life work, college problems and other topics and queries of students. All men are experts in college education and can offer excellent advice.

Thursday evening will close the series of lectures when a record mass meeting is planned to take the place of the regular weekly "Y" meeting, at 7:30 in Bucknell Hall. All students are urged to be present at this itme.

Mathematical Club Discussions

Members of the Mathematical Club and others interested will meet tomorrow afternoon at 4:30 in Room 4. Two interesting problems will be discussed, that of the "Duplication of the Cube" and "Squaring of the Circle."

Captain Townsend Improving

Frank Townsend, '21, captain of the basketball team, who underwent a successful operation for appendicitis, is improving very rapidly, and expects to be home Saturday. During his confinement, many of his Bucknell friends have visited him.

MEDICAL MEETING

The reuglar meeting of the Medical Society took place Friday afternoon. Doctor Davis gave a very interesting talk on "Theories of Diseases and Scientific Medicine," which was much appreciated. President King issues an invitation to all pre-medis., especially Freshmen, to join the society, and attend its meetings, which take place the first Friday of each month in Room No. 8, Main. The meetings are very interesting and beneficial.

REUNION OF USAACS TO BE HELD AT ALLENTOWN

The first annual reunion of the Usaacs, the Ambulance Corps recruit-the colleges and universities, will be held on the site of Camp Crane on June 8, 9 and 10. About 6,000 men were trained here and a majority served in France and Italy. On the opening day there will be a general reception by the people of Allentown to the visitors.

On the second day the business meeting will be held in the shape of a reunion convention, followed in the evening by reunions of members of the various units and sections, who will dine together, and the final day

DELTA SIGMA FIVE WILL PLAY H. S. ALUMNI

One of the double-header basketball games at Tustin gymnasium Friday evening will be between the basketball five of Delta Sigma and the Alumni team of the Lewisburg High school. Gerhart, Musser and Wagner, of the college, are expected to be on the lineup for the Alumni, Ross, Stewart, Tingley, Bauman and Cooke will represent Delta Sigma.

DICKINSON LOSES AGAIN TO BUCKNELL

FINAL SCORE FAVORS 'VARSITY 48-22.

DORRIS LOCATES BASKET FROM ALL ANGLES OF FLOOR

Bibl and Dietrich Put Up Scrappy Game at Guard and Matty Played Well.

Bucknell outplayed Dickinson in every department of the game on Dickinson's floor Friday night, winning an easy victory 48 to 22. At the start Dickinson scored a field goal, but after that Bucknell kept in the lead.

Dorris was high man with field goals, taging eight, several of them spectacular shots. "Ray" had his eye on the basket and seemed able to cage them fro many angle. Waddell was high scorer with seven field goals and eight fouls for a total of 22 points. Matty played his usual speedy floor game, while Bibl and Dietrich kept the opposing forwards close, with their scrappy guarding. Bibl getting two pretty baskets himself.

Dickinson opened the scoring with a field goal by their centre, Kreps. Dorris soon located the basket and Waddell shot a free toss, putting Bucknell in the lead. With Dorris caging most of his shots and the rest of the team doing some fast floor work, the score was soon run up to 24 to 11 when the first half ended.

Dorris opened the scoring in the second half with a pretty one from the side. Waddell followed with one under the basket. During this half the Bucknell quintet caged baskets frequently, Waddell getting four and making four out of four fouls. Smith and Irwin kept Dickinson in the scoring with two field goals each, and Kreps with three fouls. The game ended with the score at 48 to 22.

Bucknell		Dickinson
Mathieson	F.	Davis
Waddell	F.	Cohen
Dorris	C.	Kreps
Bibl	G.	Smith
Dietrich	G.	Menker

Substitutions—Irwin for Dorris. Field goals—Dorris 8, Waddell 7, Mathieson 3, Bibl 2, Kreps 2, Smith 2, Irwin 2, Dorris and Cohen. Fouls—Waddell, 8 out of 12; Kreps, 6 out of 12. Referee—Kennedy. Scorer—Wren.

Dickinson Game

Dorris brought frequent applause from the crowd by his spectacular shots from different angles.

Matty got a neat basket in the second half, in jumping near the basket and netting the ball with both hands.

A strange coincident of the game was the scoring of points. Each team scored the same number in both halves, and in the same manner, Dickinson scored 4 field goals and 2 fouls each half, and Bucknell scored 10 field goals and 4 fouls each half.

You are expected to be present at the chapel exercises as usual.

EXAMINATION SCHEDULE

Lecture courses Monday, March 15, at 8:00
10:30 classes Monday, March 15, at 10:00
11:30 classes Monday, March 15, at 1:30
8:00 classes Tuesday, March 16, at 8:00
1:30 classes Tuesday, March 16, at 1:30
3:30 classes Wednesday, March 17, at 8:00
9:00 classes Wednesday, March 17, at 1:30
2:30 classes Thursday, March 18, at 8:00

JUNIOR PROM ON APRIL NINE

Committees Working on Three Big Events for Week After Easter.

The Junior Prom will be held on April 9th, this year, at the Lewisburg Club, and as usual, will be a strictly formal affair. At a committee meeting called by Chairman Mangan yesterday afternoon, all plans were discussed, and action was started in making this Prom the biggest and best that has ever been held at Bucknell. Irvin's orchestra, of Altoona, has been secured to play for the dance, which will be held from nine till two. This group of harmony dispensers needs no introduction to the average Bucknellian, as it has appeared at several class and fraternity functions here in the past, and the music it furnishes has always been entirely satisfactory.

Only a limited number of tickets will be placed on sale, and these may be obtained only through members of the committee. Each fraternity and the non-fraternity group will be allowed its quota, and only after the members of the student body have had first choice will they be open to outsiders. The tickets are now being printed, and will be sold at the same price as those of last year. Further announcements of the Junior Prom will be made through these columns.

The Junior Reception is scheduled for April 7, while the popular Junior smoker is to be held on the following night. Effort is being put forth to make the Junior week more and more popular both with the students and the alumni.

LAST ISSUE

This is the last issue of the Bucknellian this term as examinations will be held next week. The next issue will be printed after Easter.

BUCKNELL-LAFAYETTE DEBATE MARCH 12

Bucknell will meet Lafayette College in a dual debate Friday, March 12. Bucknell will send her affirmative team to Easton, while the negative will remain here. Lafayette's debating teams have been very successful this season for they defeated Dickinson College earlier in the season. Bucknell expects strong opposition but is confident of winning both ends of the debate.

The following men will support the affirmative for Bucknell at Lafayette, Hobart Evans, '21, George W. Van Dyke, '20, and Charles M. Emerick, '20. The negative will be upheld here by Finley Keech, '22, Walter D. Roos, '20, Evan Ingram, '20.

William Sugden is alternate on the affirmative team and Frank McGregor is alternate for the negative.

Special musical numbers will again be rendered. The debate will take place in Bucknell Hall at 7:30. There will be no charge for admission.

IRLAND'S LECTURE AN INSTRUCTIVE ONE

At the meeting of the Electricals last evening George Irland, '15, who is connected with the Bethlehem Steel Company, gave a very interesting talk on the electrical features of a modern steel factory.

Slides accompanied the talk, which was highly educational and unusually complete for a lecture. The pictures showed machinery and apparatus of the Bethlehem Steel Company and recent daditions to the plant.

S. A. E. DANCE

The S. A. E. Fraternity will entertain at a dance at the Seminary Friday evening.

FROSH-SOPH ANNUAL BATTLE

Stage Ready for Basketball Contest on Wednesday Evening.

With both sides confident of victory, the Sophomore-Freshman basketball game, which is to be played tomorrow night in the Tustin "gym" is sure to be a pitched battle, and one which all lovers of the sport will enjoy. Preparations are being made to accommodate a record-breaking crowd, and it is expected that there will be much friendly rivalry exhibited by the members of the two classes while their representatives are battling for supremacy on the floor.

It is impossible to pick the winning team, as each has a wealth of good material. The Freshman team has been playing together longer, and has won six out of ten games played on foreign floors. It has been composed of Caldwell, Julian, Dinn, Woodring, Wren, Dayhoff and Ebner, and it forms a fast combination that is hard to beat. Coach Musser has had it under his special care, and has developed quite a machine.

On the other hand, the Sophomore team is composed on the stars of the Interfraternity League, who are all in fine condition, and who have been practicing hard and faithfully for this one game. Its squad numbers such men as Searles, Aleshouckas, Rooney, Parry, Mathieson, Treadwell Bowser, Mullen, Tingley and a number of others of no mean calibre. This team will be the heavier of the two, and will have the advantage of having played in a similar game last year. It must be remembered that in games of this nature it is the fighting spirit of the team which causes it to win, and not the individual stars on either side. Manager Bell is charging twenty-five cents admission for this game, to aid athletic funds, but it will be worth every cent of it to see the fighting exhibition which will be presented by the teams of the two under-classes.

"THE LOST WORD" BY PROF. RASSWEILER

On Sunday evening, Professor Rassweiler gave his dramatic reading of the "Lost Word" by Van Dyke.' It dealt with a man who had cast aside his ideas of religion and did not consider life worth while. At the death-bed of his father, he could not comfort his aged parent, for he had forgotten to whom he should pray. After he had been blessed with success by the acquisition of his father's estate, he left out the one cherished word—God. The coveted word came to him after his child had been injured.

Prof. Rassweiler interpreted the difficult messages very aptly and his impressive delivery carried conviction to the large audience that came to hear him.

PRESBYTERIAN NOTES

Communion services will be held in the Presbyterian Church Sunday morning, March 14. All are cordially invited.

The play, 'Sunlight or Candlelight," will be given Sunday evening, March 14, in the Presbyterian Church. It will begin at 7:15. The Baptist Discussion Groups and the Endeavor Society of the Methodist Church will not meet because of the play. This play was given some time ago in the Baptist Church and was a pronounced success. The students of Bucknell are cordially invited.

Delta Sigma Danced

The members of Delta Sigma fraternity entertained at a dance at 2 ;Lewn, 6 out of 15; Fisher, 2 out of 4. Referee—Bechtel. Scorer—Derr.

DEBATING FRATERNITY TO BE ESTABLISHED

In order to further stimulate debating and oratorical contests at Bucknell ,a debating fraternity is to be established. The fraternity is known as the Tau Kappa Alpha fraternity and is the largest of its kind in America. The purpose of the fraternity is to promote intercollegiate debating and oratorical contests in the various colleges. Only those who have participated in these contests are eligible to membership. The executive committee of the fraternity has expressed its acceptance for the establishment of a chapter at Bucknell. Negotiations to that end are now under way.

PITTSBURGH ALUMNI PLAN BIG GET-TOGETHER

The Pittsburgh Alumni of Bucknell are planning a big get-together in the near future which will be a notable event. Bucknell has an exceptionally large number of graduates in and about Pittsburgh, in business and professional lines many of them very prominent and it is expected that the event will outrival all past gatherings.

'VARSITY WINS EASY VICTORY FROM ALUMNI

FORMER STARS LOSE BY 42-26 SCORE.

SIPLEY AND MUSSER DID GOOD WORK FOR GRADUATE TEAM

Entire Freshman Five Substituted in Latter Part of Game.—Folmer, Lowen, Gerhart, Fisher and McClure Played.

The Alumni team proved little match for the Varsity team, being defeated by a score of 52 to 26. Familiar players were seen among the alumni; Charles Sipley, of Nicholson of the Inter-County League; Cy Folmer and Lowen of Tamaqua, Malcolm Musser, Sul Fisher, Weber Gerhart and Jim McClure.

Mathieson was the individual star with ten field goals, many of them the results of speedy plays to the basket. Waddell's clever passing was a big factor in the victory. In the latter part of the game the entire Freshman team was put in and showed up very favorably. As most of the alumni players have been using two-hand dribbles, this was allowed in the game.

The Alumni opened up the scoring with a foul by Lowen. This was soon followed by a foul by Waddell and a field goal by Mathieson, another foul by the Alumni tied the score. Both teams scored several field goals and fouls, bringing the score 12 to 11 in the 'Varsity's favor. Waddell caged a pretty one from the side line, and Matty dropped three in in quick succession. A foul shot by Waddell ended the half at 23 to 11 in favor of the 'Varsity.

The 'Varsity opened up the second half with some speedy playing, caging four field goals and two fouls. Three fouls and a field goal as a result of some pretty dribbling by Folmer gave the alumni five more. With the score standing 43 to 16, the Freshman team was substituted.

Wren was the chief scorer for Bucknell with three field goals, while Musser caged four neat ones from mid-floor. "Boogie" Sipley added two pretty goals as a result of some pretty passing. The game ended with Julian shooting a foul.

Bucknell		Alumni
Waddell	F.	Sipley
Mathieson	F.	Musser
Dorris	C.	Fisher
Bibl	G.	Folmer
Dietrich	G.	Lowen

Substitutions—Julian for Waddell, Dayhoff for Dietrich, Bowser for Dorris, Gehret for Bibl. Wren for Mathieson, McClure for Fisher, Fisher for McClure, Gerhart for Fisher. Field goals—Mathieson 10, Waddell 3, Dorris 3, Bibl 2, Wren 3, Dietrich, Bowser, Musser 4, Sipley 2, Fisher 2, Folmer, Fouls—Waddell 3 out of 5; Julian, 1 out of 1; Bibl, 2 out of 2;Lewn, 6 out of 15; Fisher, 2 out of 4. Referee—Bechtel. Scorer—Derr.

EASTERN TRIP COMBINED CLUBS NOW COMPLETE

NINE CONCERTS FROM MARCH 18 TO MARCH 27.

JOURNEY PROMISES TO COMPLETE BEST GLEE CLUB SEASON

Entertainments in New Jersey Field Will be New Venture for Bucknell Singers and Players.

The Glee Club spent a busy week last week and has another one ahead of them. The three concerts given last week at Lewisburg, Williamsport and Watsontown, were very successful. On Friday of this week the club journeys to Sunbury and daily rehearsals are being held in preparation for this date.

The plans for the Eastern trip have been completed, and the list of the men to make the trip will be posted on the bulletin board in a few days. The manner in which things are shaping themselves make it appear as though the eastern trip will vie with the western trip as to the success of the "journey." The schedule of the trip will be as follows:

March 18—West Chester, Pa.
19—Wilmington, Del.
20—Vineland, N. J.
22—Bridgeton, N. J.
23—Salem, N. J.
24—Perth Amboy, N. J.
25—Westfield, N. J.
26—North Plainfield, N. J.
27—Pittston, Pa.

This will complete the most successful season the Glee Club of Bucknell has ever experienced and this year's organization, under the splendid leadership of Prof. Stolz, Manager DeWire and Assistant Manager Hartz, has indeed proved itself of inestimable worth to the University, both in securing new students and in presenting a program filled with variety, entertainment and "pep." This program of the Glee Club will assure the organization a large place in the college activities in the years to come.

COLLEGES OF PENNA. RETURN QUESTIONAIRES TO DEAN PHILLIPS

Dean Llewellyn Phillips, of Bucknell faculty, who was commissioned by the Interchurch World Movement to gather information from the denominational schools of Pennsylvania, announced today that all except two of the denominational schools in the State, all the theological seminaries of the denominations represented in the movement, and all the denominational secondary schools have made a favorable response to the request for information sent out some time ago. Several have already returned questionairies and others have signified their intention of doing so soon.

This will make possible in the near future a preliminary compilation of the material, which will be the basis for determination by the Interchurch World Movement of the needs of the various institutions.

One unexpected result of the investigation is that the searching thirty-five page questionaire submitted to the colleges caused them some embarrassment. Nearly all of them found their records in several respects inadequate to furnish data required. This was true, especially in regard to information concerning alumni and financial records. This fact has given rise to a general movement for modernization in the keeping of college records in the State.

Sigs Working Hard for Big Dance

The members of Sigma Chi have been working hard all week improving the floor and other conditions about the Armory in which they are going to hold their annual spring dance. They are determined to make this dance one of the best ever held by the local chapter.

"Y" Reading Room Open

More students are urged to avail themselves of the Y. M. C. A. Reading Room which is open daily to students, especially those who live on the Hill. President Thomas asks men to please refrain from removing magazines from the room.

Battery Car Service

With Spring term vacation only about a week off we are beginning to think of going home for a few days. And home brings to our minds the problem of how to get out of Lewisburg. To those students who must depend of the battery car we extend our sincerest sympathy. Is it going to be used again to take half the student body out one time to Montandon?

At Christmas time students walked to Montandon, went in autos and some even went to Milton to be assured of catching the Pennsylvania train. It is lamentable that there cannot be some means of arranging with the railroad or the owners of the battery car service to accommodate the unusual crowd.

Surely, there should be some manner of college people foreseeing such a rush and take steps to request an extra car or an extra trip or two to get students to the main line only a mile away. Perhaps the recent formation of a Rotary Club in Lewisburg will have some effect upon car service in the near future. The college is as much a business enterprise to the town as any of its stores or manufacturing plants here. The students deserve sufficient transportation convenience. Who will solve the difficulty?

Lehigh will be the closing game of the basketball season. The team has made an excellent showing during the entire winter term winning most of the games. By far, the greater number of games on foreign floors were won by Bucknell, a feat which is difficult in basketball sports.

Lehigh defeated the Orange and Blue Five on the Brown and White's floor by the comfortable score of 42-18 after our team had played an even game with them during the first half. In this return game it is the duty of every student to help win.

A gigantic mass meeting is being arranged for Thursday evening after Y. M. C. A. meeting and start the ball rolling for a victory as a final clinch to the closing game of the season. Be out to the mass meeting Thursday in Bucknell Hall and at the game Saturday.

Repairs and improvements in West Wing, Main, have been completed and during the latter part of the week all students in East Wing removed to the remodeled rooms. The alterations in the wing include painting, linoleum, papering as well as all modern bath and toilet facilities.

This week the men began repairs in East Wing and will completely remodel these rooms, which when completed will make every dormitory of the college completely up-to-date. At Commencement the biggest group of alumni in years is expected and all this wing will be equipped to care for most of them.

FORUM DANCE

The Forum fraternity gave the annual term dance at Lewisburg Club Friday evening. Derby's orchestra was at its best and furnished music of a very high calibre. About eighty people attended the dance, a number of the guests being from out of town. Mrs. I. N. Earle and Captain and Mrs. W. H. H. Morris, Jr., were chaperons.

WOMEN'S COLLEGE NOTES

Freshmen Win Third Game by 21-8 Score—Frill and Frown Play May 15—Notes.

Freshmen, once again, were victorious over their rivals, the Sophomores in the basketball game staged in Tustin "gym" on Tuesday night last, the final score being 21-8. The Freshies started out at their usual pace, but the Sophomores, due to their good defensive game, soon checked the Freshies' lead and piled up a few points. Misses Kitlowski and Watson did good guard work against the Freshman star forwards, Hood and Llewellyn, while the Freshman guards Heilman and Jack, had all they could do to check Misses Kissinger and Sholl, the Sophomore forwards. Misses Peters and Smith played good at centre. The lineup:

Sholl	F.	Hood
Kissinger	F.	Llewellyn
Peters	C.	Smith
Watson	G.	Heilman
Kitlowski	G.	Jack

This evening Phi Beta Pi will clash with Non-Frats. and Juniors with Sophomores in Tustin "gym."

At last! Telephone booths are being installed in Women's College.

Delta Delta Delta entertained at a formal dance at Women's College on Saturday night. Sorority banners and colors were used in decoration and DeLong's orchestra furnished the music for dancing. Misses Fowler and Bergstresser were chaperons.

Frill land Frown Dramatic Club at its meeting on Thursday night, set May 15 as the date for their big play. Work will begin on the choosing of characters during the coming week. At the meeting this Thursday night Emily Devine, '21, and Barbara Coe, '21, will give a demonstration on "Make Up."

Miss Marjorie Nicholls spent the Sunday at her home at Clark Summit.

Miss Margaret and Charlotte Sipley entertained a few friends at their home Saturday night.

Miss Catherine Thompson, '19, and her sister, Sara, spent Sunday at Women's College. Miss Thompson is teaching languages and history in Reedsville High School.

Miss Helen Fowler, ex-'20, visited her Delta Delta Delta sisters over Saturday and Sunday.

Miss Vera Hauk, '22, was called home during the week, due to the death of her grandfather.

Miss Freda Mackreth, '21, visited last week at her home in Elkview, Pa.

Misses Corinne MacNamara, '22, and Nellie Balliet, '22, spent Saturday and Sunday at the latter's home at Nanticoke.

Miss Kathryn Johnson, '20, spent Sunday at her home in Williamsport.

NAGRO VIOLIN RECITAL WILL BE OF UNUSUAL MERIT

Constantino F. Nagro will render a recital of violin at United Evangelical Church Friday evening. He will be assisted by Harold Harner, pianist.

Mr. Nagro was graduated from the Bucknell School of Music in 1918. The year following this the young artist spent in post-graduate work both at Bucknell and in New York.

Mr. Nagro is spending the present year in special work on the violin in New York and it is by special request that he gives the recital in Lewisburg.

Bucknell has produced few if any more accomplished and talented violinists than this young man. The Friday evening concert offers an unusual opportunity for hearing high class music excellently presented.

The program follows:

Ciaccona in g minor ..... Vitali
Reverie Adagio ..... Vieuxtemps
Old English Dance ..... Kramer
On Wing of Song ..... Mendelssohn
Minuet in a major .... Bocherini-Musin
Mr. Nagro.
Sonata Op. 2, No. 3 ..... Beethoven
1. Allegro Assai.
2. Adagio.
3. Scherzo.
4. Allegro Molto con brio.
(b) Valse in c minor ..... Cropin
Mr. Harner.
Air for the G String ..... Bach
Schoen Rosmarin ..... Kreisler
Viennese Popular Song ..... Kreisler
Mr. Nagro.
Hungarian Rhansodie No. 12..... Lisst
Mr. Harner.
To a Wild Rose ..MacDowell-Hartman
Gavotte in D ..... Nagro
Concerto in G ..... Beriot
Allegro Maestoso.
Mr. Nagro.

Phi Gamma Delta Visitors

Francis Beckley, '17, with his younger brother, visited his Phi Gamma Delta brothers over Sunday.

WILD ONES
Weekly Contribution By Our Staunch Friend "Scissors"

Meritorious Service

"Yep," said the honest former buck, "I spent fourteen months in the lines without any relief."

"But I didn't know you were at the front at all," said his uncle.

"I wasn't," replied the buck, "but I spent eight months in the mess line, five months in the inspection line, and one month in the pay line."—The Home Sector.

Discovered

I've read the plays of Shakespeare,
I've enjoyed the lays of Scott;
And the brutish melodrama
Turns the blood from cold to hot;
The "Red Book" I have oft perused,
And the wicked tales of Rupert Hughes.

The "Cosmo" has my patronage,
I truly love the "Post,"
I've pored o'er every magazine
They print from coast to coast.
Yes, the "Blue Book," and the "Green Book,"
And every Motion Screen book.

But the greatest piece of fiction
To the unsuspecting reader
Is the college catalog;
It's a great, dense bank of fog.
It tells you you can get your meals
For dollars three a week—
I've searched the town of Lewisburg
And still that place I seek.

That books will cost you only eight
Is another thing I've seen,
I've bought but barely half of mine,
They cost me seventeen.

So I call to all great authors,
From the modern to the past,
To doff their hats in mute defeat—
They've lost their throne at last,
For the greatest piece of fiction.
Is the calm collegiate diction.

DANDERINE AND POSTUM
or
A Hair-Raising Romance
By the shores of Cuticura
By the Man-a-can water,
Lived the prophylactic Chiclet,
Danderine, the Helmar's daughter.

She was loved by Klaxon Postum,
Son of Sunkist and Victrola,
Heir apparent to the Mazda
Of the tube of Coca Cola.

Through the forests strolled the lovers,
Woods untrod by Anglo-Saxon,
"Lovely, little, wrigly Chiclet,"
Were the burning words of Klaxon.

"No Pyrene can quench the fire,
Tho' I know you're still a miss.
Oh, my prest-o-lite desire,
Let us wed, timpken djer-kiss."

No, Gwendolynne, the sailor boy
who shimmies is not necassarily know
as a salt shaker.

Funeral Arrangements Later

They met beneath the moon light,
And yet withal twas sad.
She gave away her sweet young life,
The only one she had.
They laid her 'neath the daisies,
In peace she's resting now
For there's always something doing
When a freight train meets a cow.

Quick Prof. the Biology Bottle

And of all the saddest themes
That is ever said or sung
Is the bleat of the mother angle-worm
Calling for her young.

Substitute for Intermissions

Find me a girl, trim and neat
To shimmie with me
While I rest—
My feet.

Missing Lynx

Found at last—The missing link between the animal and vegetable kingdom:—Hash.

S. A. E. FOUNDERS' DAY CELEBRATION

The sixty-fourth anniversary of the founding of Sigma Alpha Epsilon fraternity will be celebrated this evening at the home of the local chapter, Pennsylvania Zeta, with an annual banquet. A number of alumni are assembled to aid the active chapter and pledges to commemorate the event.

The Hon. Don M. Larrabee, of Williamsport, is a guest. Mr. Larrabee was one of the delegation to exchange fraternal greetings with President William McKinley upon his inauguration in 1896 and a member of the chapter at Allegheny College, McKinley's Alma Mater. His reminiscences of this event will be the principal speech of the evening. Grant G. Painter will act as toastmaster.

Violets, the fraternity flower, with daffodils will carry out the fraternity color scheme, purple and gold in the banquet hall. A special orchestra will provide entertainment during the evening.

Sigma Alpha Epsilon was founded at the University of Alabama (Tuscaloosa), March 9, 1856. Southern expansion was rapid during the first five years of its national life. The chapter at Bucknell was established December 30, 1893. A quarter of a century ago the fraternity moved into its present home at the corner of Fourth and George streets.

NASH RECITAL

The University School of Music presented Miss Frances Nash, pianist, to a large audience at Bucknell Hall, Friday in an appreciated recital. The moment Miss Nash began to play the audience had convincing evidence of the power she possesses in meeting symphony orchestra engagements. She was thoroughly enjoyed by her audience, which is the test artists care most about. Miss Nash is an accomplished performer with a highly developed technique and a wonderful touch, sonorous in depth and volume.

THEAT DELTA TAU INITIATION

The twenty-third annual banquet and initiation of Theta Delta Tau took place at the Hopp House, Mifflinburg, on Wednesday, March 3. The event places itself conspicuously in the annals of the fraternity's history for it surpassed all gatherings of previous years. A sumptuous dinner was served promptly at 8 o'clock. The banquet hall was tastefully decorated with green and white carnations, the fraternity's colors; music for the occasion was furnished by "Hopp's Jazz." Following the banquet the following men were initiated: H. H. Moore, V. A. Baldorf, W. L. Hill, G. Mathieson, J. C. Hendren, W. J. Rinebold, C. E. Wentz, A. L. Rooney, R. K. Hutchison, W. P. Day, F. P. McDermott and H. G. Florin.

Delta Sigma Visitor

B. M. Ogden, '09, visited his Delta Sigma brothers Saturday and Sunday. He is manager for Pittsburgh district of an electrical appliance corporation.

OTHER COLLEGE MEN
AND WHAT INTERESTS THEM

West Point

It is the intention of the War Department to send each year twenty-five or thirty West Pointers upon graduation, to the Massachusetts Institute of Technology for further instruction.

The idea underlying this plan is that the War Department realizes that the training at West Point does not give future army officers adequate technical instruction or knowledge. Therefore, the most promising men of the military academy are going to the institute for at least one year of intensified instruction in the technical and engineering subjects to be assigned to them.

Rutgers

The Rutgers football team will invade the West next fall for a game with the University of Detroit at Detroit. The game will be staged on Thanksgiving day and will be the first western game played by Rutgers.

Three games have been scheduled by Rutgers with western teams. Indiana will play in New Brunswick and Nebraska in New York.

Latin Contest

Two hundred and fifty dollars cash and a gold medal are awarded annually to the winner of a Latin League Contest in Wisconsin. Medals are given to the other winners and a trophy cup to the college having the highest average from its representatives. Six colleges will participate this year. Any student who has made a good record in Latin and has passed beyond the freshman year in college Latin may compete.

Miami

In order to encourage football in high schools, the "M" association of Miami University has inaugurated a movement to purchase two sterling silver trophy cups to be presented to the two high school football teams making the best annual records, beginning with the coming season.

With Dayton as the center, all high schools of Ohio, Indiana and Kentucky, within a radius of seventy-five miles, will be eligible to compete for these cups. There will be two classes of high schools, A and B. Class A will include schools having an enrollment of 800 students and over; Class B, less than 800 students.

BLUE TRIANGLE

Young Women Elect New Officers—Will Present Annual Circus Soon.

The election of officers which took place last Tuesday evening resulted as follows: President, Marguerite Lotte; Vice President, Emma Fuhrer; Secretary, Helen Ferguson and Treasurer, Clara Casner. We extend to these newly elected officers our best wishes for a successful term of office and know that the association members will give them their hearty support.

Don't fail to attend the Tuesday evening "Y. W." meetings. Many interesting speakers are scheduled whose message you cannot afford to miss and a fine musical program is prepared for each meeting.

There is another in store for you Remember the "Y" circus last year? soon which will rival Barnum and Bailey's.

MANAGER'S REPORT OF MUSICAL CLUBS

Following is the audited account of the Bucknell Musical Clubs as reported by the Faculty Auditing Committee:

Statement

Western trip during Xmas vacation
To cash received $1028.00
Carfare and expense 797.40
(Deposited Jan. 12)..... $ 230.60
To date—Cash on hand $225.32.

COLLEGE ANNUAL HOLDS JOLLY SURPRISES FOR EVERY STUDENT

The first section of the L'Agenda went to press on Monday, and the remaining sections will go soon. The management plans to have the annual in the hands of the student body by May 15, as the contract with the printers calls for delivery on that date. Many of the members of the faculty took advantage of Manager Mohler's kind offer to supply new cuts of all the professors, and some of the new faces will also be seen in this section.

The editor is still working on the feature section, and a number of pleasant shocks and surprises will be received by both the college men and women when the annual finally come out. The calendar was completed last evening, and H. M. Weber, an exceptionally clever artist, is now making the illustrations for it. This part of the book is bigger and better than ever, and not even faculty members have been spared its columns. Kostos, Keech and Bortz have supplied some very fine illustrations and other drawings, and their work will go a long way in making the 1921 'Agenda a representative college annual.

FRESHMAN FIVE WON SIX GAMES OUT OF TEN PLAYED

The Freshman team has played some fine basketball this season, playing some of the best teams in the vicinity. Out of ten games played, they won 6. Their score follows:

Freshmen—28,	Harrisburg Tech.,	40.
" 30,	Steelton	25.
" 29,	Wyoming Sem.,	46.
" 45,	Burnham Y. M. C. A.	35.
" 32,	Lewistown Big Five	18.
" 26,	Bloomsburg Nor.	25.
" 41,	Tamaqua H. S.	35.
" 40,	Tau Phi Sigma	33.
" 24,	Reading H. S.	32.
" 23,	Lansford H. S.	29.

Among Our Alumni

J. Wallace Green, '06, has forsaken the pulpit for salesmanship. He resigned his pastorate at the Third Baptist Church, Germantown, Pa., on June 1, for a connection with the Monitor Bi-Loop Radiator Company, of Lancaster, Pa. In his last year with the church, Green conducted a Bible class for 250 men, increased his church membership by more than 200, remodeled the church at a cost of $8,000 and built a $10,000 parsonage.

Miss Elmor Hyatt, '19, is teaching at Newtown, Pa.

General Tasker H. Bliss, ex-'74, one of the American delegates to the peace conference, returned to the United States recently. He has been assigned to duty in the office of the Chief of Staff of the War Department.

Benjamin Harris, '13, is practicing law with Attorney Lark, at Shamokin, Pa.

Dr. Edward Shields, '01, was married on December 31 to Ellen Augusta, daughter of Mr. and Mrs. Stephen Soars, of Muncy, Pa. His address after March 1 is La Crescenta, Los Angeles, Calif.

The following account of the death of Mrs. Harry T. Ruhl, who was born and raised at Buffalo Roads, is taken from an Albany Exchange, at Albany, N. Y.

The flag on the D. and H. building at Albany, N. Y., was at half mast for Harry T. Ruhl, 36, well known railroad official, who died recently at his home, 206 State street, after an illness of 12 days from pneumonia.

Mr. Ruhl for the past three years was connected with the Delaware & Hudson Company as maintenance of way engineer, with jurisdiction extending over lines from Canada into Central Pennsylvania.

After being graduated from Bucknell University, Mr. Ruhl selected railroad engineering for his profession. His first position was with the Canadian Pacific, where he was employed as civil engineer. Later he went with the Canadian Government railroads as division engineer. In 1917 he accepted a position with the D. & H. Company.

Mr. Ruhl left his wife and also his mother, Mrs. Francis Ruhl, of Mifflinburg, Pa., and a brother, Frank A. Ruhl, of Lewisburg, Pa.

Frederick P. Gutelius, federal manager of the D. and H., with whom Mr. Ruhl was associated for 15 years, in regard to his death, said in part:

"Having been closely connected with Mr. Ruhl for 15 years, I have found him a man whom the railroad world can ill afford to lose. He was energetic, and, in view of the fact that he acquired so much in so few years, gave promise of being one of America's greatest railroad men. He was successful in the true sense of the word, a hard worker and possessed a personality to be envied by all."

Sterling T. Post, '17, visited his Sigma Chi brothers on Sunday.

H. C. Reed, '19, is teaching a very successful year at Turotville High school.

The Rev. J. C. Hazen, '99, is pastor of the First Baptist Church at Peoria, Ill.

PROF. RASSWEILER TO BE WITH CHAUTAUQUA

Prof. Rassweiler made a recent trip to Washington, D. C. and completed arrangements for his summer Chautauqua work with the Radcliffe Chautauqua System, the largest system of the country, operating the fourth of the Chautauquas in the United States.

NATIONAL CITY BANK TO GIVE SCHOLARSHIP

Training For International Banking Offered Free to Selected Students.

This is the opportunity offered by America's largest banking institution—The National City Bank of New York—to city college men, who qualify for its Foreign Service Scholarship.

Seniors, juniors, and sophomores will be selected soon from colleges throughout the country to enter the Bank's Training Class for Foreign Service. While in training the men will receive salaries sufficient to meet their expenses.

Undergraduates will spend their summers in New York City, learning the "ropes" of the banking business. They will follow the laboratory method of doing real bank work in Wall Street. Training of the scholarship students is under supervision of the Bank's Educational Department.

After graduation students will finish training and be assigned to one of the more than 50 foreign branches of the Bank. These are located in South and Central America and Europe. Some students may be assigned to branches of the International Banking Corporation, located chiefly in the Orient.

The Bank announces that its resources now exceed one billion dollars. This is a new record for any bank in the Western Hemisphere. New branches are constantly being started, enabling students to advance in new fields when assigned.

Phi Gamma Delta Dance

On Friday evening the Phi Gamma Delta entertained a number of "Sem" girls with a house dance. "Rev." Doc Long's orchestra furnished the music. Colored lights and streamers produced a pretty color effect. Miss Fowler and Miss Walton were the chaperons.

Civil Engineers Met

The members of the Civil Engineering Society met last evening.

There She Goes

Up the street in a PROWANT'S Suit Box--the "Premier" Suit or Overcoat.

Going straight into some home to spread sunshine and radiate the warmth and wealth of mind that comes from knowing you are rightly dressed without tormenting your soul, with the thought of extravagance

Every dollar you put into "Premier" clothes comes out on your back in good, hard, solid wear.

Every desirable thing about a high grade garment is yours—even to the last touch of custom tailoring—without the customary custom touch.

"Premier" clothes are $25 to $45.

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. April 6, 1920 No. 21

Financial Campaign Includes Big Pageant Parade and Half-Holiday April 21

CAMPAIGN DIRECTOR SPARKS WILL SOON COMMENCE DETAIL OF BIG LOCAL CELEBRATION.

ROMAIN HASSRICK, 06, IN CHARGE OF ALUMNI END OF RECORD DRIVE

Districts Have Been Formed and Assistants Named — Big Gathering of Philadelphia Graduates This Thursday Evening at Bellevue-Stratford.

Bucknell's campaign which began this month under the guidance of the Rev. Walter J. Sparks for the sum of at least $1,500,000, is progressing well and in the next few weeks returns are expected to be pouring in. The work to date on the campaign which is being conducted in connection with the new World Movement and the Interchurch World Movement has been mostly that of organization.

Romain C. Hassrick, a member of the class of 1906 and a prominent newspaper man of Philadelphia has been put in full charge of organizing alumni for the big drive and the receiving of subscriptions. The sum asked for is divided, one million dollars being asked for endowment and the $500,000 for new buildings and equipment. One new building of great need is the Mechanical Engineering building at a cost of about $250,000 and also a new chapel that will seat the entire student body. The present chapel when crowded will seat only about 300 people.

The most interesting part of the campaign, however, will likely be the local campaign in which the students will be able to take part. The outstanding feature of the event will be a big pageant parade on the afternoon of April 21 when there will be a half holiday and every student of the University and perhaps the faculty will take part in the novel event which recently proved such a success at Harvard and at Cornell.

The Pageant will be quite similar to the ones at these two institutions during their financial drives. The chief object of the turnout of students will be to impress the townspeople of the size and the importance of the college to the town. Lewisburg people and even college students have never seen the entire group together at one time, and this occasion will be set aside for this purpose as well as to arouse interest in Bucknell.

Definite plans for the occasion are still to be formed and will be announced in the next issue, but it is definitely decided about the half holiday on April 21 and the massive parade and pageant throughout the town streets. The band will play a prominent part in the marching and fraternity, sorority and other groups will have opportunity to use their talent and ingenuity in novel floats, banners, etc. illustrative of the purpose of the campaign being conducted. The pageant will of course be dignified in nature and all banners, etc will partake of this nature. The event will be used to establish even more friendly and closer relationship with the residents of the town and an increased good will.

This fund of $1,500,000 is a part of the $100,000,000 fund which will be raised by the Northern Baptist Convention. Twenty-eight million dollars is being set aside by the Northern Baptist Convention for educational purposes and of this amount Bucknell University will receive $1,500,000, provided the quota of $100,000,000 is obtained. It is the duty and responsibility of Bucknell to raise, by a separate campaign, as large a percentage of the $1,500,000 as is possible.

It is purposed not only to solicit a proportion of this fund from among the alumni, alumnae and matriculates and friends of the institution, but it is proposed also to inculcate the idea of organization throughout the length and breadth of the country, in order that the results of this campaign, from an organization standpoint, will redound to the future benefit of the university.

In the matter of organization, it is proposed to divide the alumni, alumnae and matriculates according to geographical districts. There will be a grouping of several States into a district where there is not a large number of Bucknellians in any of the States; there will be sub-division into districts of such states as New York, Pennsylvania and New Jersey with representatives in various centers of population. In the State of Pennsylvania there will be eleven districts as follows:

Philadelphia District, Joseph W. Henderson, Chairman, comprised of Chester, Delaware, Montgomery and Bucks Counties.

Harrisburg District, James A. Tyson, Jr., Harrisburg, chairman, comprised of Dauphin, Lebanon, Lancaster, York, Adams, Cumberland, Perry, Franklin, Juniata and Fulton Counties.

Reading District, comprised of Berks, Schuylkill, Lehigh and Northampton Counties.

Scranton District, comprised of Lackawanna, Luzerne, Carbon, Wyoming, Clinton, Center, Sullivan, Tioga, Bradford and Potter Counties.

Lewisburg District, comprised of Union, Snyder, Northumberland, Montour, Columbia and Mifflin Counties.

Blair District, Dr. Augustus S. Kech, Altoona, chairman, comprised of Blair, Huntingdon, Cambria, Bedford and Somerset Counties.

Jefferson District, comprised of McKean, Elk, Cameron, Clearfield, Indiana and Jefferson Counties.

On Page Two

CLOSING DEBATES TALLY DEFEATS FOR BUCKNELL

Lafayette and Rutgers Both Won 2 to 1 Decisions on Labor Discussion.

The debating season closed with a defeat at the hands of Rutgers at New Brunswick, Thursday, March 18. The question debated was the same as in all the other debates: "Resolved, That Labor through representation of its own choice, should share in the management of the corporate Industries."

A double defeat was suffered Friday evening, March 12, when a dual debate was lost to Lafayette. The question was the same as in the other debates. Both debates were lost by 2 to 1 decisions. In part, all the debates of the year were so lost, by a 2 to 1 decision; for besides the defeats at the hands of Rutgers and Lafayette were those at the hands of Penn-State and Dickinson.

Though Bucknell lost all debates, there is no reason to feel other than proud of our showing. The men did their best as was shown by the events. The defeats resulted from lack of experience, for these were the first debates participated in since 1917.

Finley Keech, Evan Ingram, and Walter Ross composed the negative team both here against Lafayette and at Rutgers. George VanDyke, Hobart Evans and C. E. Emerick composed the affirmative team at Lafayette.

VARSITY TENNIS TEAM LACKS SEVERAL MEN TO FILL QUOTA

All men desiring to try out for the college tennis team, hand their names to Speare, '20, as soon as possible.

Due to the unexpected quitting of college of Lybarger, '22, a letter man of last year's tennis team, and Goho, '23, one of the most promising players of the freshman class, there will be a splendid opportunity for new men to make a berth on the tennis team. Speare is the only member of last year's tennis team who is at present in college.

Manager Connelly has already arranged some fine matches, and prospects of a successful season look very bright. Try-out tournaments will be arranged as soon as the courts get in the proper condition.

Last "Spring" Term for College

Bucknell opened its last Spring term on March 25 and with its close at Commencement time the college will see the departure of the three-term system and the beginning of the two-semester system.

HERBERT GRICE, '18, GAVE BLOOD TO SAVE LIFE OF WORKMAN

Close to 200 employees of the General Chemical Company, Marcus Hook, volunteered on March 27 to give some of their blood to save the life of Raymond Kelly, a fellow-workman, reported dying in the Chester Hospital from injuries received in an automobile accident on Thursday. He lost a great deal of blood before he could be given first aid.

Twenty of the volunteers were sent to the hospital, where Dr. George L. Armitage selected Herbert C. Grice. Grice was placed on the operating table alongside of Kelly and gave up a quart of blood. Late today Kelly was reported as "doing well" and surgeons say he has a good chance for his life.

Grice resumed work Monday none the worse for his experience.

It will be remembered that Grice is a Bucknell graduate of the class of 1918 and his wife was formerly Miss Emmaline Fisher, of this place, and a member of the class of 1920.

FULLER DETAILS OF SEMESTER SYSTEM

Changes Made in Hours Required and Only Two Degrees to be Granted.

The adjustment of the curriculum to the semester system, at which the faculty has been working for some months, has finally been completed. Several important changes have been made in it, to keep in line with modern tendencies in education.

In the first place, only two baccalaureate degrees will henceforth be granted, the A. B. and the Sc. B., the degree of Ph. B. having been eliminated. For graduation with the A. B. there will be required of the student the passing of a fixed number of credit-hours in each of certain groups of subjects, as follows:

English	9 hrs.
English Literature	3 hrs.
Foreign Language	12 hrs.
Fundamentals	1 hr.
History	6 hrs.
Mathematics	8 hrs.
Philosophy	9 hrs.
Physical Education	4 hrs.
Public Speaking	2 hrs.
Science	10 hrs.

By a credit hour is meant one recitation a week throughout one semester; this implies, of course, two or three additional hours of preparation per laboratory work.

Outside of this required group the student may elect in accordance with the "group system," selecting in his Sophomore year one "major" and two "minors." A major consists of 18 credit hours in one division of the following groups; a minor of 9 credit hours in one division of a group other than that in which the major is chosen.

The groups follow:

Group I
English
German
Latin and Greek
Romance Languages

Group II
Bible
History and Political Science
Law, Economics and Sociology
Philosophy and Education

Group III
Biology
Chemistry
Mathematics

The Arts student will carry normally 16 credit hours per week, but he may carry 19 in case he has obtained a grade average of A in his studies of the previous semester. For graduation in the A. B. course a total of 128 credit hours are required. The degree of Sc. B. is conferred

On Page Three

ANNUAL DELTA SIGMA DRAMA AT CLUB APRIL 16

Delta Sigma fraternity will give its annual play at the Lewisburg Club May 16. For a number of years it has been the custom of the organization to present a drama to invited guests each winter term of the academic year. Due to various causes the current play was delayed and will be presented on the date stated.

The plays rendered have always been of high character and display very good talent. The play custom stands out very markedly as one of the big events in the fraternity circle at the University. The invited guests look forward to an enjoyable evening.

CANDIDATES WANTED FOR ASSISTANT MANAGER FOR THE BUCKNELLIAN

All men wishing to try out for the assistant manager of the Bucknellian will report Tuesday, March 16, at the Journal office.

These men will work the remainder of this year and the first two weeks in the Fall Term of next year at which time the assistant will be chosen. There will be no voting, the man who secures the most advertising during this time will get the job.

Any further information desired will be gladly given by the present manager or assistant manager.

GARLAND LECTURE AT BAPTIST, APRIL 16

The last University Club lecture by Hamlan Garland will be given on the evening of April 16 in the Baptist Church. His lecture will be on his recent book, "Son of the Middle Border." An attempt will be made to have Mr. Garland meet the college classes in English.

SIGMA CHI EVENT LEADS ALL

Armory Dance and Reception One of Biggest Social Features in Years.

The Annual Sigma Chi Spring dance held Thursday, March 18, in the Armory Hall, and was one of the very finest dances ever given by Kappa chapter, as well as other fraternities at Bucknell. For several weeks prior to the event, preparations and alterations were being made in the armory which had been abandoned for dancing purposes for several seasons.

The decorations were unique and novel. Extending from the entrance of the armory to the edge of the sidewalk was a canopy at the top of which was displayed an electric "Sigma Chi." A forest of spruce, pine and hemlock completely covered the ceiling, while scattered among the green were countless small colored lights, switched on and off as the effect required. On every side of the hall were booths, draped with crepe-paper, large enough to comfortably seat four or six. An imitation stone well, upon which was placed the punch-bowl, adorned one corner, while in the opposite corner were seen the emblems of the different fraternities at Bucknell.

A novel feature used during the moon-light dances was a revolving mirrored ball, upon which a strong flash light played, sending flickering lights in every nook and corner.

The Glee Club orchestra from New York, composed of twelve talented musicians and entertainers, furnished the music, which was thoroughly enjoyed.

At intermission a delightful luncheon, including strawberries and cream, and cakes was served. During this time the dancers were delightfully entertained by humorous and classical selections by the Cleft Club musicians.

Jewel-case favors, upon which was the crest of the fraternity, were given out at the end of the grand march. Alumni members, and mothers and fathers of members of the fraternity in Lewisburg and vicinity acted as chaperons. The grand march began at 9:30 p. m., while the dance lasted until five a. m.

GENERAL BLISS, EX-'73, RELIEVED FROM DUTY

Following appeared recently in overnment announcements:

By order of the President, General Tasker H. Bliss (Major-General, U. S. Army, retired) is relieved from duty under his brevet rank of General and from further active duty, to take effect April 30, 1920, and is appointed governor of the United States Soldiers' Home, Washington, D. C., to take effect on that date for a period of three years unless sooner relieved, thereby relieving Lieut. Gen. Samuel B. M. Young, U. S. Army, retired, from further assignment and duty at that place. General Bliss was a member of the class of 1873.

Sigma Chi Entertains "Sem" Girls

On Saturday evening Sigma Chi entertained a number of young ladies at an informal dance given in their chapter house. The Sigma Chi orchestra furnished the music, which was enjoyed thoroughly. Miss Rainey and Miss Walton were the chaperons.

BUCKNELL CAME BACK AT LEHIGH WITH VENGEANCE

Final Score of 39-33 Wipes Out Defeat Early in Season.

The final basketball game of the season for the Brown and White quintet resulted in Bucknell getting revenge for their early season decisive defeat by nosing out the Lehigh five at Lewisburg last Saturday by a 39 to 33 score.

The game was won in the last few minutes of play and was "hip and tuck" throughout. Hess and Wysocki both were forced to retire in the second half, the former on account of a bad eye received in the State game, and the latter on account of an injury to his arm.

The contest was marked by the unusual number of fouls being called on both teams, totaling fifty-one altogether.

Dell and Mathieson and both played their usual excellent game as the last one on the Varsity quintet.

The summary:

Lehigh		Bucknell
Maurer	F.	Mathieson
Donovan	F.	Waddell
Hess	C.	Dorris
Straub	G.	Buhl
Wysocki	G.	Dietrich

Goals—Mathieson, 5; Waddell, 4; Donovan, 4; Maurer, 2; Hess, Leos, Straub, Dorris. Fouls—Straub, 15 out of 26; Waddell, 19 out of 25. Substitutions—Frain for Wysocki, Leos for Hess, Savaria for Maurer. Referee—White.

SEM GIRLS WILL ATTEND JUNIOR PROM AT ARMORY

Formal Hop Will Show Departure From Custom by Including Bucknell Women.

Chairman Mangan, of the Junior Prom committee, announces that the college women will be allowed to go to the Junior Prom, which will be held Friday evening of this week at the Armory. The Semites will be allowed to stay until midnight, as they are not required to return to the Sem until 12:30. This is a distinct innovation from the rule, and will be the first time in the history of the university that the college women have been allowed to attend such a function.

A goodly number of tickets already have been sold for the Prom, and as the number is limited, it is advisable to secure those that are left at an early date. These tickets may still be secured from members of the committee, or from Chairman Mangan.

The lavish decorations used by the Sigma Chi fraternity in its annual dance are still in place at the Armory, and the floor has been put in best possible condition. It is without question the best floor in Lewisburg at the present time, and will afford plenty of room for all the dancers.

As usual, the Prom is formal this year. Irvins' orchestra, of Altoona, has been secured to play for the dance, so that the latest, best and liveliest of selections are assured. This orchestra needs no introduction to Bucknell students, as it has been here for various college and fraternity functions in the past. The price for the Prom is five dollars a round trip, and it is the intention of the committee to make the dance well worth the subscription fee.

CAP AND DAGGER TRYOUTS

The time for Spring tryouts for the Cap and Dagger Dramatic club has arrived and any man is eligible to compete for a place in the club as well as an opportunity to become a member of the dramatic fraternity at Bucknell. There will be about seven vacancies this year, giving much opportunity for competition. Those desiring to try out hand their names to President H. L. Heller at Kappa Sigma house on or before April 10.

"Jim" Herman a Visitor

James R. Herman, '19, visited his fraternity brothers and friends here last week. Mr. Herman was one of the two commencement speakers and won the valued Kane prize. He is teaching this year in a New Jersey high school.

EASTERN TRIP APPRECIATED BY BIGGEST AUDIENCES

ALMOST EVERY CONCERT GIVEN BEFORE CROWDED HOUSES

ALUMNI PROMINENT IN SUCCESS OF MANY OF THE ENTERTAINMENTS

Director Paul Stolz Deserves Much Credit for Unusually Fine Season.

Singing before a capacity house of a thousand people at the high school auditorium at Perth Amboy, N. J., on Saturday evening a week ago, the Glee Club and orchestra of the University completed their Eastren trip, and it was even more successful than the most optimistic had anticipated. Greeted by record audiences at every concert, and given a royal reception in each town, the Glee Club boys surely gave the best that they had, and this "best" was greatly appreciated.

Newspaper reports of the concerts were also generous and filled with much praise for the club and the University. The following clipping from the Bridgeton, (N. J.,) Evening News, will give some idea of the 'write-ups" given the organization:

"An unqualified success was scored by the Glee Club and Orchestra of Bucknell University upon their appearance at the First Baptist Church last evening, in which a top-notch capacity house, good singing and playing and a happy dash of fun were all factors.

"The large auditorium of the church was practically filled a half hour before the time set for the beginning of the program. No tickets were sold at the door until time was allowed for those who had previously bought tickets to secure seats. Ushers saw to it that there was no space allowed to go to waste in the pews, the gallery was filled, chairs were brought in and finally the choir gallery was filled and some people stood throughout the evening."

The first concert was given at the New Century Club in West Chester, Pa., under the auspices of the First Baptist Church, of which the Rev. E. C. Kunkle, a Bucknell graduate, is pastor, and much credit is due him for making the concert a success. From West Chester the club went to Wilmington, Del., where they sang at the Second Baptist Church. Several Bucknell graduates including Harold Germer, "Bing" Kline and "Mike" Wittington attended to hear the boys sing.

Vineland, N. J., was the next stop, and here the boys were met by former Registrar Walter A. Wilcox, who had worked hard to make the event successful and his efforts were not in vain—for a packed house greeted the club. The club furnished special music for both morning and evening services at the Baptist Church Sunday, and the popularity of the organization and the appreciation of its efforts were shown by the large congregations filling the church both morning and evening. At the close of the concert a social was held for the Glee Club fellows and was much enjoyed.

At Bridgeton another Bucknell graduate was encountered. The Rev. Robert R. Thompson, pastor of the First Baptist Church, had charge of the concert and the results of the concert speak well for the efforts of pastor and people. At Salem, G. Wade Earle, '15, "engineered" the concert, and it was a great sucess, as a crowded auditorium at the high school encouraged the Glee Club to be better than ever. From Bridgeton to Salem the boys took the "flat car" route and had a great open air ride. Pleasant memories ! ! !

Crossing the Delaware River again the next concert was at Claymont, Del., a suburb of Wilmington, and here Pedigo, '17, another former Bucknell Glee Club man, helped make it an unusual event. The concert was given at the Community House, and a dance followed the program. It was at Claymont that "Doc" Speare made his request for "five minutes more" time, and also became "fussed" and "nervous."

On Thursday came the long jump from Claymont to Westfield, N. J., where the concert was given in the high school auditorium under auspices of the Parent Teacher Association. The boys have not stopped talking yet about the great reception and

Entered at the Lewisburg post office as second class matter.

Contributions from students and alumni are earnestly solicited. They should be written in a legible hand and on but one side of the paper. Address all articles to the Editor.

Member of the Intercollegiate Newspaper Association.

The College Editorial

It is interesting to note what a college paper is capable of accomplishing through its columns. Among the different departments attention is invited to the college paper editorial; and to certain possibilities for good inherent in it; but as yet apparently unappreciated. Editorials may be made to play a much more important part than they do in this present period of dubiety and hesitancy. Everybody is outspoken but the college man. The gutter-snipe knows what he wants, and says it with a megaphone; but the modest college editor is all too apt to withhold his wisdom.

Not that the college editor should feel himself licensed to "cut loose," to "let drive," to "show 'em up," after the manner of young Phateon who drove the chariot of the sun for a day, or of John Phoenix who had charge of a paper for one issue,—in which he traversed and reversed everything that paper had ever urged. The college editor need do nothing of the sort—not even air his own pet ideas. If circumspect, considerate, frank in his dealings with the men who are directing the college policy—like Davy Crockett, sure he is right—he can go ahead and say his say.

And what shall his say be about? Something of actual significance, of importance in college affairs, something that needs to be said but remains timorously unsaid. It is not easy to put the ball in the basket, and not easy to score with a college editorial; but it can and ought to be done, and done habitually. Skill is a pre-requisite. Without sensationalizing, without offending trustees and faculty, the adroit may make his editorial column count for a great deal.

Such is the excellent type of advice college editors receive through the efficient secretary of the Intercollegiate Press Association. What most college editors lack is a broad enough scope to see what a college publication really accomplishes even through such insignificant details as style of writing heads and general make-up of the newspaper. Student readers themselves little realize how they are influenced unless they are in a position to be in touch with several publications of different colleges.

INTER-FRAT COUNCIL WILL GOVERN "RUSHING"

Inter-fraternity council committeemen are busily preparing a constitution and by-laws to govern the initial system and ruling of the new organization to be established at Bucknell. The chief business of the body in the fall will be to govern fraternity "rushing." The ever-increasing friendly attitude between fraternal groups in college will aid materially in the installing on a new system of equality "rushing" next fall which will mean much to the college.

NEW CATALOG SOON

The proofs are now being read for the new college catalog which will soon make its appearance with its multitude of changes to be installed with the changing of curriculum, prices, degrees to be awarded and other systems so long in vogue at Bucknell. Students, faculty and alumni are awaiting with interest the appearance of the new volume.

APPRECIATION LETTER TO CAPT. W. H. H. MORRIS

The Bucknell unit of R. O. T. C. was disbanded during the recent vacation due to the fact that physical disability had brought the required numbers of members below the minimum number of 100 men required by the government.

Capt. W. H. H. Morris, Jr., of the unit, has been transferred from Lewisburg much to the regret of the students with whom he had won popularity and favor. Captain Morris was popular not only in military lines but had refereed a number of 'varsity basketball games and both he and Mrs. Morris were honored guests at many of the social events of the college.

His loss is keenly felt by the students and in appreciation for what he has been to Bucknell, the student body through Senior Council representatives and Senior President H. L. Nancarrow, have sent Capt. Morris a written tribute of their appreciation of his work and pleasant associations and what he has done for the college.

CO-EDS JUNIOR WEEK

College Women Have Arranged a Full Course of Events.

Junior girls are busy this week preparing for Junior Week, and the Co-eds are carrying out their part of plans in which every Junior girl expects to participate. Monday night will be Junior Night at the movies, when all the Junior Co-eds will go in a body; Tuesday night the dining room at Women's College will ring with class songs and yells from the class of '21; Wednesday night the 'Semites will enjoy a "Wenier" roast at Red Rock; Thursday night comes the reception given by Junior men to the Junior Co-eds at Women's College; Friday night a miniature Junior Prom is to be staged at the Seminary for the girls and Saturday the weather permitting, there will be one of the first hikes of the season.

Juniors are doing all in their power to make this Junior week one brimming over with 'pep' and the best in the history of the college. Junior Girls' class officers are: President, Emily Devine; vice-president, Verna Smith; secretary, Matilda Bell; treasurer, Clara Casner.

EASTERN TRIP

From Page One

entertainment shown them by the Westfield folks. At North Plainfield a fine crowd greeted the club at the Park Club, and a good concert was given. The "Hi-Tri" Girls, of High school, among them being Miss Irene Yarnell, '19, who is teaching there, worked hard to make this concert one of the best. At Perth Amboy Lester J. Bartlett, a graduate, helped the Senior class put the concert "over," and close a most successful year—the most successful that a Bucknell Glee Club has ever enjoyed, and much has been done to bring Bucknell into a larger place among the colleges of the East.

Too much praise cannot be given to Prof. Stolz, of the Music Department, and director of the club, for his untiring efforts in making the club what it is. The patience, tact and good will shown by the director throughout the whole year deserves mention, for a big factor in the club's success is this one office of which so little is said—the office of director.

COLLEGE CO-EDS WILL PLAY REAL OUTDOOR BASEBALL

Greater interest is being taken in "gym" classes this term. The usual exercises are being replaced by volley ball indoor baseball and hare-and-hound chases. Outdoor base ball will begin as soon as the weather permits. The girls are also anxious for the tennis courts to be put in shape.

WILD ONES

Weekly Contribution By Our Staunch Friend "Scissors"

A Tale

She lay in his arms and snuggled her little head against his neck—a rush of emotion surged through him—tenderly he caressed her and she closed her eyes in delight.

"Poor kitty. Did I step on your tail?"

Signs of Spring

In the spring a young man's fancy
Light turns to thoughts of
Jelly Beans!

My love, thy hair is woven sunshine;
In thine eyes two stars gleam bright
And thy sighs are southern zephyrs;
Smooth ,thy brow, and snowy white.

When thy soft voice ceases gently
And we sit in blissful hush,
Then thy ruby lips alluring,
And thy damask cheek—oh, mush!

MAY DAY EVENT PROMISES PRETTY QUEEN AND FANTASTIC DANCES

Preparations are under way for the annual May Day festival. The class dances are being rehearsed nightly and great interest is being taken. A playlet will be presented the name of which will be announced within a week or two. Of course no one will know who is May Queen until the great day arrives, however, she will be voted for Wednesday night in Student Government meeting. It is proposed to celebrate May Day early in the month, but the actual date has not been decided upon.

PHI GAMMA DELTA INTER-TERM HOUSE PARTY

Starting Thursday noon, March 18, and ending Sunday noon, March 21, Phi Gamma Delta held their annual House Party. The activities started with a dance at the house Thursday night from 9 to 2, with Waring's orchestra, of Tyrone, furnishing the music for the dance, as well as for the entire party. The formal dance was held in Lewisburg Club from 9 to 5, after which breakfast was served at the house Saturday night, another dance was held at the house from 8 to 12.

As favors, small Parker fountain pens, bearing the seal of the fraternity upon a gold band, were given. Mrs. Mathewson was chaperon of the party, while Mrs. T. M. Edwards, Prof. and Mrs. E. M. Heim, Prof. and Mrs. Ballentine and Professor and Mrs. Bromley Smith were present at the formal dance.

Mu Phi Epsilon Entertained

Mu Phi Epsilon entertained at a card party and dance at Women's College Saturday night last.

Sister of Miss Bromley a Visitor

Mr. Sherman a mining engineer from Brazil, and his fiancee, Miss Anna Bromley, sister of Miss Thirza Bromley, were entertained at dinner one evening last week at Delta Sigma. They will return to Rio De Janeiro in July where Mr. Sherman will continue his work. He has been traveling in the United States since his arrival in February.

FINANCIAL CAMPAIGN INCLUDES PAGEANT

From Page One

Venango District, Edgar T. Stevenson, Franklin, chairman, comprised of Venango, Forest, Clarion, Butler and Mercer Counties.

Erie District, Frank W. Dillon, Erie, chairman, comprised of Erie, Crawford and Warren Counties.

Allegheny District, comprised of Allegheny, Beaver, Armstrong, Washington, Fayette and Green Counties.

Allen G. Ritter of Los Angeles, Cal., will take care of the western end of the country; Frank W. Stanton, Cleveland, Ohio, will handle Ohio; Rev. James H. Bracker of Burlington, Vt., will handle Vermont and several adjoining States; James R. I. Digge, of Baltimore, Md., will represent the State of Maryland; Hon. J. Warren Davis, Trenton, N. J., has consented to organize New Jersey. A complete plan of organization cannot be announced at this time owing to the fact that the machinery has not been perfected.

Assisting the alumni and alumnae is a special trustees' committee, of which Dr. S. Lewis Ziegler, Philadelphia, is chairman and the members of which are: Dr. Milton G. Evans, Chester, Pa., Roy G. Boswick, Pittsburgh.

On Thursday evening of this week the Philadelphia Alumni will meet at the Bellevue-Stratford and outline their part in the campaign. Dr. Hunt will be present as well as Prof. C. A. Lindemann and big results are expected to be accomplished this evening following the banquet.

One of the details of the campaign will be to allow students to contribute if they desire or to give their parents opportunity to contribute should they wish to share in the campaign.

Haman-Forbes Marriage

Announcement is made of the marriage on Saturday last of Miss Gladys Forbes, of Elmira, N. Y., to Don A. Haman, of Broklyn. Mr. Haman, now an instructor at Pratt Institute, is a graduate of Bucknell, class of 1917, and a member of Sigma Alpha Epsilon fraternity.

Mississippi River Power Company, Keokuk, Iowa

A casting for one of the huge water-wheel driven generators installed in the Mississippi River Power Company's plant at Keokuk. This installation will ultimately consist of thirty of these machines, giving a total capacity of 315,000 kilowatts (360,000 horsepower). It is the largest hydro-electric development in the world. The General Electric Company builds generator for water-wheel drive in sizes ranging from 37½ to 82,500 kilowatts and the aggregate capacity of G-E units now in successful operation is in excess of four million horse-power.

Utilizing Nature's Power

ELECTRICAL energy generated by water power has grown to be one of our greatest natural resources—and we have only begun to reach its possibilities. It mines and refines our ores, turns the wheels of industry, drives our street cars and lights our cities and towns. The power obtained from Nature saves many million tons of coal every year.

At first the field of its utilization was limited by the distance electricity could be transported. But soon research and engineering skill pointed the way to larger and better electrical apparatus necessary for high-voltage transmission. Then ingenious devices were invented to insure protection against lightning, short-circuits, etc., which cause damage and interrupt the service. And now all over the country a network of wires begins to appear, carrying the magic power.

The General Electric Company, with its many years' experience, has played a great part in hydro-electric development. By successfully co-ordinating the inventive genius of the company and its engineering and manufacturing abilities, it has accomplished some of the greatest achievements in the production and application of electrical energy.

The old mill wheel of yesterday has gone. Today the forces of immense volumes of water are harnessed and sent miles away to supply the needs of industry and business and the comforts of the home.

General Electric Company

BASEBALL PLAYERS PREPARING FOR F. & M.

Walter Blair, who has consented to coach base ball team, will arrive the first clear day this week. Much material has been out for practice and he can undoubtedly pick out the best ones and whip them into shape in time for the Franklin & Marshall game on April 17.

The fellows have been very consistent in their early training. Those out for the team are as follows: Schwenkler, Tomlison, Miller, Mason, Levine, Julian, Peale, Beattie, Baird, Wagner, Bowser, Dayhoff, Stout and Baker for the batteries. Others comprise: Smith, Bradley, Rosenbloom, Heckendorn, Hohman, Parry, Decourcy, Dietrich, Dent, Woodring, Schultz, Waddell, Kostos, Bunting, MacDermott, Collins, Calhoun, Glanzier, Wargo, Fraker, Irvin, two Jones,' Smith and Stewart.

FULLER DETAILS OF SEMESTER SYSTEM

From Page One

in Biology, Chemical Engineering, Civil Engineering, Electrical Engineering, Mechanical Engineering and Home Economics. In each case the name of the department in which taken is included in the degree, that is, he student receives the degree of Sc. B. in Biology, Sc. B. in Civil Engineering, etc.

As has been the case heretofore, the technical courses offer much less chance for free election than the Arts courses, practically the entire four years' work being laid down in the curriculum. The number of credit hours per semester in these departments is somewhat greater than in the Arts courses, running from 19 to 22.

The general effect of the change will be that each student will carry a larger number of courses at the same time, the normal load being five three-hour courses and one or two one or two-hour courses each semester. The readjustment will also permit each instructor to offer a larger number of courses, permitting more variety in the curriculum.

Bates Visited Forum

Jeremiah Bates, of the class of '15, paid a brief visit to his Forum brothers Thursday.

BUCKNELL RAISES LIBERAL SUM FOR FRENCH GIFT

All Students Share In Fund For America's Memorial to France.

Late in 1917, it was announced in the Press that a Committee of representative American citizens had dedicated themselves to the plan of raising, by public subscription sufficient funds to erect on the site of the first battle of the Marne, a colossal statue in commemmoration of the victory of the French forces there in 1914.

Preparations are now under way to carry out the original plans and the distinguished American sculptor, Frederick MacMonnies, is now working on sketches for a statue of a size worthy of the event which it is to commemorate. MacMonnies is especially well fitted to carve this statue, His work is well known in France and in America. During the war he remained in France and turned over his studio near the Marne as a hospital for French soldiers whom he aided in every way. He is thoroughly in sympathy with and is peculiarly able to interpret the friendship of America and her admiration for the heroic spirit of France.

The offer of this memorial to the French Government has received the highest official sanction of the French Republican and the tender has been accepted with many expressions of gratitude. There is ample precedent for such a gift in our own statue of Liberty which was presented to us by the people of France and is now aglow with the light of that liberty which France helped us to win over a hundred years ago and protected for us at the Battle of the Marne.

It is estimated that $250,000 will be required to design and construct this statue, to transport it to France and to erect it at Meaux, where the battle was fought, upon a site to be selected by Marshal Foch and Marshal Joffre.

In order that the statue may be in truth "America's Gift to France," the funds must come from all parts of the country, from people in every walk of life.

With the comparatively limited sum required it has been thought wise to solicit popular subscriptions ranging from one cent to any amount the donor cares to give. A special appeal will be made to the twenty million school children.

A Memorial Book containing the names of all cities, towns and societies which have subscribed will be presented to the French Republic and placed in a museum in the base of the statue in token of the amity of the two republics.

Bucknell's subscription collected follows:

Emory W. Hunt, $2; J. H. Harris and wife, $1; C. A. Lindeman, $2; F. E. Burpee, $1; W. C. Bartol, $1; Llew. Phillips, $1; Enoch Decore, $1; E. H. Heim, $1; L. L. Rockwell, $1; J. P. S. Strickler, $1; H. S. Everett, 50c; M. L. Drum, 25c; B. W. Griffith, 25c; W. P. Rhodes, 25c; Malcolm Musser, 25c; Thomas Baker, 25c; Raymond Young, 25c; C. C. Fries, 25c; E. F. Thomas, 25c; F. G. Ballentine, 25c; Rev. Peacock, 25c; William O'Brien, 50c; K. K. Coulter, 50c; J. P. Bennett, 50c.

Women's College	$15.41

Total	$54.51

The above collection will be held open until Wednesday evening. Any person desiring to make further contribution can do so by seeing F. P. McDermott at the Kappa Sigma House.

The chairman of the local committee wishes to express his appreciation of the hearty cooperation which he met with on all sides. Women's College deserves special mention for their generosity and spirit in giving.

SENIOR COUNCIL NOTICE

At a regular meeting of Senior Council last week it was decided that any one caught breaking the door in on the fourth floor of West College, or in the attic of said building, and tampering with the fuses or the clock, will be brought up before the council and punished.

There will also be wire cages put on all the lights in the halls of the buildings in order that the bulbs will not be taken out or broken and any one caught removing these or breaking them will be dealt with in a severe manner.

H. L. NANCARROW,
President Senior Council.

Among Our Alumni

The Rev. Maxwell C. Wiant, of Reading, has been appointed director in Berks County of the campaign in which Baptists throughout the north and west seek to raise $100,000,000 between April 26 and May 2. He is organizing Reading churches much the same as communities were organized during the great war work drives. Mr. Wiant is a graduate of Bucknell and a member of Delta Sigma fraternity.

Carl E. Geiger, '15, was entertained by Delta Sigma along with his friend, Mr. Morris, of Keystone Academy Mr. Geiger for the past two years has been Professor of English at Peddie Institute.

Members of the First Baptist Church, of Burlington, N. J., have voted to request the Rev. Dr. T. M. Eastwood, '72, to reconsider his recently tendered resignation and to continue in the pastorate at an increased salary. Dr. Eastwood, who has served the church 32 years, recently received a call to the Baptist Church at Westwood, and has not yet announced his decision.

John W. Hague, '75, is an inmate of the Home for Disabled Volunteers at the National Soldiers' Home in Tennessee.

The Hon. Milton W. Shreve, '84, a member of Congress, Republican, from the Erie-Crawford District, has announced his candidacy for renomination. He has given special attention to United States Trade development in South America during the past two years.

The Rev. John William Griffith, '88, is with his son at Waverly, Ia., where the son is a professor.

Emma M. Bolenius, '98, has recently prepared and the Houghton Mifflin Co. has published a teachers' Manual and a Fourth Reader, a Fifth Reader, and a Sixth Reader. These will add to her already secure reputation as one of the leading English teachers in the country.

Dr. Heber W. Youngken, '09, Professor of Botany and Pharmacognosy and Curator of the Museum in the Philadelphia College of Pharmacy, was chosen Editor of the Section "Pharmaceutical Botany and Pharmacognosy" for "Botanical Abstracts" at the St. Louis meeting of the Board of Control of this periodical, held late in December. Dr. Youngken succeeds Prof. Henry Kraemer of the University of Michigan as Editor of this section.

Alexander F. Dershimer, '03, is a Major in the Quanrtermaster Corps in the Construction Division of the Army. His business address is care Construction Division of the Army, 7th and B streets, Building C, Washington, D. C. His home address is 425 South Second street, Bangor, Pa.

E. S. Walls, '03, is a surgeon located in the Highland building, East End, Pittsburg, Pa.

Mr. and Mrs. Russell M. McQuay, of Olean, N. Y., are rejoicing over the arrival of a daughter, Emma Elizabeth, on March 17. Mrs. McQuay was formerly Miss Helen H. Eede, '15.

6534 Western Reference Teachers Wanted

During 1918-19 we received official requests from employers in forty-three States and four foreign countries for 6,534 teachers for Schools and Colleges from Kindergarten to University. OUR EIGHTH YEAR OF RECOMMENDING ONLY WHEN ASKED TO DO SO BY EMPLOYERS DIRECT. This is why OUR MEMBERS are usually chosen. They are wanted. No enrollment fee necessary. If you want a position with the Progressive Employers who depend upon our Professional Service for teachers you must use the same service they use.

REV. E. O. CLARK DOING GOOD WORK

The last Sunday in March was a big day in the history of the Pitman, N. J., Baptist Church when 27 converts were baptized at the morning and evening services. The baptismal ceremony was performed by the Rev. Edward O. Clark, '15, who took up the pastorate of the local church a few months ago.

Pastor Clark recently concluded a successful two-weeks' evangelistic campaign and the candidates immersed today, most of whom were young people, professed conversion during this series of meetings.

INTER-CLASS MEET

Track Men of Four Classes Will Compete on Cinders on April 24.

At a meeting called by the graduate manager of athletics last Monday afternoon for track enthusiasts about twenty men responded and discussed the developing of a team this year.

In the discussion of track possibilities some doubt was found considering the advisability of attempting intercollegiate events in track sports, owing to the fact that it has been abandoned at Bucknell for the past several seasons.

Due to the large number of track men with experience in college it was decided to begin the season with an interclass meet this month to try out material. The date set for the event is April 24. If the results of the meet prove satisfactory a schedule will likely be arranged for the remainder of the season. The following committee respecenting the four classes was appointed to take charge of the interclass event: C. William, McGann, R. Williams F. Davis.

Physical Director Musser has been put in charge of the training and all men who wish to take part should see their class member on the committee and report to Coach Musser at the gymnasium any afternoon at 4 o'clock. Further details of the events of the meet will be published soon.

Phi Gamma Delta Visito

The following guests visited at Phi Gamma Delta last week: Jack Krinker, '17, Herbert Grice, '18, Carrol Dietrick, ex-'20, Prof. Woodruff, '95, of Susquehanna University, and Charles Cramer, ex-'22.

Warfel at Reading College Day

Harry R. Warfel, '20, spoke at the College Day at Reading High School yesterday. He is a graduate of that school.

Rosenberger-Hunsiker Marriage

Howard L. Rosenberger, class of 918, was recently married to Miss Blanche Hunsiker, of Petersburg, O. "Rosie" and his bride now live at Washington, D. C., where he is an instructor at the Catholic University. Mr. Rosenberger, while at Bucknell, was a most active member of S. A. E.

Death of Dr. Perrine Brings Deep Sorrow Over Entire College

BELOVED PROFESSOR PASSED AWAY SUDDENLY SUNDAY NIGHT.

FUNERAL WED. AT 2:30 IN BAPTIST CHURCH; COLLEGE TO CLOSE

Entire University Will Join in Paying Last Tribute to Noble Character—Burial Will be Made at Hightstown, N. J., on Thursday.

The last tribute to Dr. Enoch Perrine will be paid Wednesday afternoon at 2:30 o'clock when impressive funeral services will take place in the Baptist Church. The Rev. W. J. Peacock will have charge of the services.

Dr. Perrine passed away suddenly Sunday night to the great surprise and sorrow of his innumerable friends who supposed that he had almost recovered from his recent serious illness. Death was due to a form of heart trouble. Following several weeks of severe illness at the close of last term, he reported to his classes this term considerably improved. Saturday he suffered a relapse but his condition was not considered serious and his sudden death came as a shock not only to the college and townspeople but to his innumerable friends throughout the realm of Bucknell alumni, and wide educational circles.

The services will take place in the Baptist Church in order that students and members of the faculty may pay their last respects to the beloved teacher and friend. No classes will be held during the afternoon and the college will be closed throughout.

The remains will be taken to Hightstown, N. J., for interment on Thursday morning, accompanied by an escort from the faculty. Dr. Perrine left his widow and one half-brother, Dr. Clarence Slack, of Petersburg, Fla.

Enoch Perrine was born at Hightstown, N. J., November 18, 1853. He was prepared for college at Alexander's Classical Institute and at Peddie Institute, graduating from the latter institution in 1870. He was graduated from Brown University in 1874, and received the degree of A. M. from that institution in 1882. In 1875-6 he was editor of the daily True American published at Trenton, N. J., In 1877 he studied law which position he relinquished to help establish and edit Seaside, a newspaper printed at Manasquan, N. J. He was in law work during the year of 1878 and the following year resigned and became professor of the Latin department in Peddie Institute. He held this position continuously until 1886 when he came to Bucknell University and accepted the John P. Crozer Professorship of Rhetoric, from which the present courses in English have developed under his supervision. He was a also a member of Delta Phi fraternity and of Phi Beta Kappa.

During his entire life Dr. Perrine had been closely connected with literary work and had written many articles for publication as well as having been much in demand as a speaker and lecturer. While a student in college he was noted as a student in literature and political economy. He spent much of his time in writing and several terms was editor-in-chief of the Brunonian, a college publication of very high grade. At Peddie Institute he was chosen to be the founder of a publication much to the pleasure of his fellow students.

In addition to his classroom interests, Dr. Perrine was often chosen as a speaker and during his connection with Bucknell he lectured and preached in many of the most prominent places in Pennsylvania and New Jersey. He was licensed to preach by the Lewisburg Baptist Church and in 1887 and 1888 he was one of the lecturers of the Seaside Assembly held at Avon, N. J. He was also one of the lectures of the University extension course.

In 1882 he received his degree of Doctor of Literature from Gettysburg College. He was always closely interested in Peddie Institute and for considerable time served as president of the Alumni Association of that institution. Due to his literary ability he often was called to deliver orations at prominent scholastic occasions in different institutes and universities. Last Comgencement at Bucknell he was chosen to represent the faculty made the address, welcoming Dr. Hunt as new President, a high honor which Dr. Perrine filled in a most fitting manner.

Dr. Perrine wrote very largely for the various publications of the Baptist denomination and for some time was a regular contributor to the American University Magazine.

One of Prof. Perrine's greatest achievements has been the building up of the English department at Bucknell. From the professorship of Rhetoric he rapidly developed a department of English Language and Literature and since 1902 was head of the department. Since 1887 he has been secretary of the faculty. Among some of the subjects developed by him are English oratory, Advanced compisition, Anglo-Saxon, Shakespeare, and other subjects as well as "honor" work in Chaucer, Milton and Skeats and an excellent course in journalism.

WHO'LL BE QUEEN AT MAY DAY FESTIVITIES?

"The Enchanted Garden" is the pageant to be staged at the annual May Day festivities this year. Miss Walton, with the aid of Frill and Frown girls, and members of the various classes expects to make this May Day a novel one. May Queen was voted for on Wednesday night last, the girls eligible, all being members of the class of '20, who have taken part in three previous May Days at Bucknell. The girls eligible are: Elthera Carson, Marion Ellenbogen, Edith Gardner, Louise Howells, Aileen Lott, Helen Reed, Evelyn Powell, Elizabeth Patterson, Dorothy Willingen and Helen Walton.

FUSSERS WILL RECEIVE CHOICE L'AGENDA SPACE

Book Appears Next Month With Glory of Cartoons and Humor Respendent.

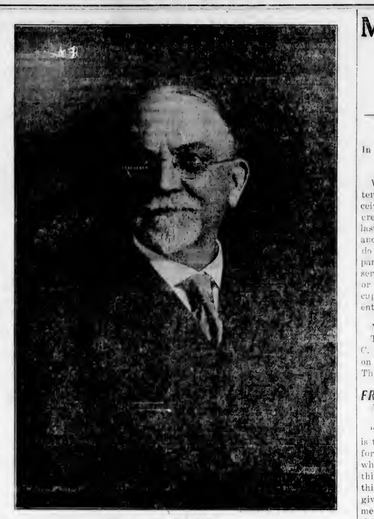
The last few sections of the 1921 L'Agenda were sent to the printers yesterday, and the management of the class annual hopes to have the book in the hands of the student body by the middle of May. The contract calls for delivery on or about May 15, but owing to the delay in getting some of the art work, it will probably appear about a week later than this date.

The art work will be one of the features of the 1921 year book, and will be of a quality never seen in a Bucknell publication before. Under the direction of the Art editor, James Bortz, and the Editor-in-Chief, Geo. Schuyler, special time and care has been given to this department, and it has been developed to an unusual extent. Cartoons by Keech, '22, of some of the familiar, humorous things about the institution, and his depiction of a funny fat Freshman in all of his work, will bring forth much laughter and favorable comment. The drawings for the calendar were entirely by Henry Weber, '20, and are guaranteed to bring out the funny events of the past year as only Weber can do. The drawings of the classes, by Bortz, depicts each class as it appears in the eyes of the L'Agenda board.

The Athletic department, under the direction of Frank Brandt, is more extensive than those of former years, and contains cuts of the various class teams in addition to the regular Varsity teams. It also gives a summary of the various athletic seasons of the year.

One of the crowning features, however, will be the "fusser's page," in which many familiar faces will blossom out in all their original splendor. Stunt books and photograph albums were secretly pilfered by members of the L'Agenda board, both in the Sem. and in various fraternity houses, and the best and choicest pictures from these were selected to go into this anthology of Bucknell fussers, and persons who were fortunate enough to see it before it went to the engravers are unanimous in saying that it looked like the balcony of the Orpheum on a busy afternoon. All of the regulars are pictured, thereon, and some of them are seen in wonderful and awe-inspiring poses. Very few were neglected, and those who were

On Page Three



The Late Dr. Enoch Perrine

SOPHS AS WELL AS FROSH IN SENIOR NET

Sophomores are meshed in the net of Senior Council as well as Frosh and next Monday night the following men will appear before the Senior body for the breaking of rules: Parry, Sisserson, McGill, Wren, Kimball, Hornin, Biddle.

A number of reports have been received of sophomores loiater about class memorials and strolling about without hats. These rules as well as all freshmen rules will be rigidly enforced and a large number of sophomores will soon feel sadder and wiser unless they hastily mend their ways and aid a number of frosh in following their example.

EDITOR AND MANAGER OF 1922 L'AGENDA

At a meeting of the sophomore class last week Finley Keech was elected Editor-in-Chief of the 1922 L'Agenda and Hugh Kytle was elected manager. They are already at work arranging a staff.

COMMENCEMENT COMMITTEES ARE NAMED

President Nancarrow Announces Members in Charge of of Various Class Events in June.

Members of the Senior class took initial steps in preparation for Commencement last week when a meeting of the class took place in Bucknell Hall and committees were announced to take charge of events concerning the graduating class.

The following are the committee named by Senior President H. L. Nancarrow:

Invitation and Program
Donald Korth, Chairman
Elthera Corson Robert Smith
Katherine Johnson Nelson E. Chance

Class Memorial
Walter L. Lees, Chairman
Dorothy Villinger Geo. N. Benjamin
Ruth Clark Robert N. Waddell
Helen Moyle George A. Smith
Felix Piekarski

Class Play
Harry R. Warfel, Chairman
Evelyn Powell David J. Martin
Beatrice Fetterman.

Class Play Manager
Andrew R. Mathieson.

Miss Esta Long and Merl DeWire will have charge of cap and gown arrangements.

President Nanearrow stated that he had chosen class members whom he believed had the best ability for certain committees with the object in mind of getting the most efficient committees in charge of the final action of the class.

TENNIS PLANS PROGRESSING RAPIDLY

Due to the unfavorable cold weather, tennis activity was somewhat held up last week, there being no preliminary or elimination matches played off. However it is planned that all those desiring to try out for berths on the team will be given the opportunity this week.

Manager Connelly has already arranged two matches with Penn State, a trip to Lafayette, Lehigh and Moravian College, and is negotiating for two satisfactory dates with Pitt and Carnegie Tech, to be played in Pittsburg. It is expected that matches with Susquehanna, Dickinson, and Gettysburg will be arranged.

Student Body Passes Resolutions

At the meeting of Senior Council last evening action was taken by the student body through Senior Council upon the death of the esteemed and beloved Dr. Perrine. Fitting resolutions were drawn up expressing the depth of sorrow felt by the loss of Dr. Perrine.

TRACK PRACTICE PRODUCES LIVE CAMPUS INTEREST

Progress of Inter-Class Contest April 24 Brings Out Many Candidates and Spectators.

Coach Musser's call for candiintes for track has resulted in a good turn out of material during the past week. The number of men getting into shape for the Inter-Class Meet April 24 is growing daily. Despite the rather cool weather during last week the candidates have taken their daily workout and the cinders and sawdust pit show live daily appearances rivaling baseball turnouts.

In speaking of the present outlook Coach Musser says, "Everything is moving along smoothly. More men are coming out every day, but there are still other men with experience who have not reported. There is something to work on in each event with a few exceptions. We need more material in the hurdles and in the weight events."

A meeting of the committee that was appointed by Prof. Griffith has been called for Tuesday afternoon to confer with the coach and make definite plans for the Inter-Class meet on April 24.

Regular practice is being held every afternoon at 4 o'clock. All men who are interested should report as soon as possible.

NO PRACTICE TOMORROW

No baseball practice tomorrow afternoon.

CIVIL ENGINEERS MET

The regular meeting of the Civil Engineering Society took place last evening.

Massive Plans With Full Holiday Urged For Pageant Parade

BOROUGH AND SURROUNDING TOWNS INCLUDED IN THE EVENT.

MOVIES CONSIDERED IN STUDENT DISPLAY FOR FINANCIAL AID

Full Committees of Town and College Named—Parade Divisions Outlined—Joint Booster Meeting at Women's College Wednesday at 7 P. M.

The biggest public event of a display nature that was ever known at Bucknell will take place a week from Wednesday on April 21, when the college will in all possibility have a full holiday and turn out in full pageant and gala form as their part in the huge financial campaign that is being waged for University funds. The extensive plans outlined by Senior Council last evening in the appointment of big committees give promise of rivaling the recent pageant parades of Harvard and Cornell which were so largely written up and discussed by newspapers and magazines.

Every student as well as town people will play a part in the long procession of waving banners, clever costuming, witty signs, lively music and all such talent that only college men and women can concoct. An intensive publicity will be given the event throughout the State and especially in nearby towns which will likely bring hundreds to witness the event. An attempt will be made to have moving pictures taken of the parade. Merchants will likely be called upon to decorate and a committee has been appointed to ask them to share in the massive event as well as borough schools and organizations.

The parade will be divided into divisions with marshals in charge. "Larry" Lees, who served as captain in the recent war will be chief marshall on account of his experience and will choose his aides and assistants. The order of march will be as follows:

First Division—Faculty.
Second Division—College Men.
Third Division—College Women.
Fourth Division—Rotary Club, Business Men's Club Civic Club.
Fifth Division—Boy Scouts, schools High School.
Sixth Division—Floats.

The committees announced in this article, especially those in which the townspeople are to share are tentative and may be still more largely developed by the residents to be appointed.

Banners and floats will bear such inscriptions as "Professors Can't Teach on Empty Stomachs" and more serious phrases concerning the value of the college to the town and the large amount of money brought here by students.

Following are the committees outlined:

Executive—Senior Council, Class Presidents, Girl Representatives, Jennie Burke, Katherine Fulford, Emily Devine, Esther Dodson, Elizabeth Spyker, Marion Ries, Hazen and Llewellyn.

Chief Marshal—"Larry" Lees, who will name his necessary aides.

Music—College Band, Citizen's Band, West Milton Band

Banner—Weber, Keech, Bortz

Float—Lighton, Pontius, Fonda.

Publicity and Dodger—Person, Schuyler, Reamer and Derby

Town Committee—To be announced.

Schools—Prof. Bourne and Malcolm Musser (tentative).

Finance Committee—Prof. C. A. Lindemann.

There will be a full joint meeting of these committees tomorrow, Wednesday evening, at 7 o'clock at Women's College living room and a full attendance of every committee is imperative.

STATE CONVENTION OF Y. M. C. A. AT ALLENTOWN

The State convention of the Y. M. C. A. will take place at Allentown on May 7, 8 and 9. The part Bucknell will take in this gathering is not outlined, but any men interested in attending are asked to confer with President Harry Thomas of the Y. M. C. A. or any members of the cabinet board.

Y. M. C. A. meeting Wednesday 7:30 in chapel.

PHILA. ALUMNI BANQUET AT NOTED HOTEL

PROF. LINDEMANN AND PRESIDENT HUNT ON PROGRAM OF TALKS

Alumni Events at Commencement Will Surpass All of Previous Years Assembly Dance in Gymnasium.

Last Thursday evening was a pleasant one for Bucknell alumni and friends at Philadelphia when more than 100 met in the Clover room of the Bellevue-Startford hotel, the finest banquet room in that building, for the annual dinner of the Philadelphia Alumni Association of Bucknell. From the loyal Bucknell spirit displayed the University is sure of an added support from this section of the state in any event.

Prof. C. A. Lindemann and Dr. Emory Hunt were the speakers best known to the students, but every graduate at the banquet showed the loyal Bucknell spirit with which all are familiar and results from the affair show just what part the alumni will take part in the coming Commencement.

The other speakers on the program were: The Hon. J. Warren Davis '06 who was toastmaster; Miss Margaret Groff '04, who told of "Some Twentieth Century Needs of Bucknell;" "Are They Cheap" was the subject of Prof. Lindemann's talk and Dr. S. Lewis Ziegler '80 told of "Our College Buildings." Joseph Henderson '80 made "Extemporaneous Remarks" and Dr. Hunt told of "Alumni and the College." Dr. Milton G. Evans, a graduate and president of Crozer seminary was called upon as well as Dr. A. J. Roland, secretary of the Bucknell Board of Trustees for many years.

The set of slides to be used in the campaign were shown as well as some local scenes. Among the items of business passed was a vote to extend greetings to Dr. John H. Harris and a vote to convey a message of sympathy to Dr. J. K. Weaver '61, who was unable to be present on account of illness. The enthusiastic Alumni plans for Commencement this year depicted by Mr. Henderson will depart very much from the more dignified and less snappy events. Alumni day will be featured with a real, live hairbreath genuine Alumni ball game. As the banner event and completely new departure there will be a grand Alumni Assembly dance to say nothing of the Alumni parade as a "pep" raising item.

A TRIBUTE

The frailty of words, their crude sign-post index to real heartfelt thoughts appears most painfully when man attempts to label his intangible self that others might glimpse at those influences which unconsciously guide and direct him.

Today we jest, we rub shoulders with a man whom we admire, respect and appreciate, all too thoughtlessly.

Another day dawns and closes with the same repetition, and another and still another. Then,—snap—and all these days are yesterday. The appreciation, the respect, the admiration are gone and in their place looms something greater, bigger, boundless,—what is it? You cannot name that surging, unstable feeling within that slackens the pace, droops the shoulders and bows the head in reverence. Words were never meant to portray such feeling.

It is the spirit God has placed within us paying last homage to a more noble creation of His. When our turn comes can we ask for a greater tribute than to have such a multitude of heads bow unconsciously into prayerful meditation when they learn we too are of yesterday?

MORE COURTS

The communication in this issue concerning the need of college tennis courts is a timely one and bears a thought well worth considering. It is safe to say that next to base ball, more students are actively interested in tennis than any other sport. The sport is growing rapidly each year. A real intercollegiate schedule will soon be demanded. Now it is almost impossible for the local accommodations for tournaments of such a nature.

At least three adjoining courts should be constructed somewhere on the campus, and according to tennis regulations another court could be laid out beside the two already placed on Women's College campus, **provided the backstops are moved back the necessary distance.**

Another excellent place where courts could be constructed with minimum labor and cost would be on the athletic field near the residence of Dr. Bartol.

This one fact must be remembered. If Bucknell wants home tournaments with other colleges she must not expect praise by having the various sets played in widely different places at the same time. Let's get together.

COMMUNICATION

Need of College Tennis Courts

It is an obvious fact that Bucknell does not have any collegiate tennis courts for the use of its faculty and students.

You may say, "Certainly we have, there at least seven or eight courts for the use of the students." Yes, but for the use of what students? The answer is very evident; for the use of those students belonging to the respective fraternities which made and control the courts. And no one, irrespective whether he be a professor, non-fraternity man, or member of another fraternity not fortunate enough to own a court, feels free to play on the fraternity courts, even with permission, knowing that by so doing, he is depriving the rightful owners of the courts the enjoyment of their own property.

It is certain that this lack of "collegiate" courts is not caused by the lack of space, there being many places on our campus where many courts in a row could be laid out.

If this were done, it would not only afford an opportunity to the many admirers of the sport to enjoy the game, but also remedy a great handicap to the Varsity tennis team, for it is the inconvenience of courts that makes it difficult to carry on inter-collegiate matches.

When a home match is to be played, it is entirely dependent upon the use of the fraternity courts, or the "Sem" courts which, because of the nearness of the back-stops to the service lines, are unregulational. Furthermore when these courts are used the matches are divided, one part being played on some "frat" court while another match is going on some other place, thus scattering the players and audience, greatly inconveniencing the game.

Bucknell not only owes court availability to students but to faculty as well, for it is doubtless whether there is a sport any more popular with our faculty, than the game of tennis.

It is not assuming too much to say, that if the proper college authorities were to give permission for the making of three courts in a row in whatever place they chose, a great proportion of the removing of the sod, packing of the clay, and rolling would willingly be done by the followers of the game, now deprived of its enjoyment.

Can we not have some provision for the mutual enjoyment of this clean sport and encouragement of tennis at Bucknell?

A STUDENT.

EDITOR AND MANAGER WANTED FOR HANDBOOK

Juniors desiring to be considered as candidates for editor and for manager of the 1920-21 Y. M. C. A. handbook (Freshman Bible) will please give their names to Thomas '21 or Warfel '20. It is hoped that the volume will be started by May first.

DELTA SIGMA IMPROVEMENTS

Among the improvements to the property of Delta Sigma now under way is the removing of a barn from the rear of the premises and the construction of a tennis court. For a number of years the fraternity had a court on the college campus, but they are turning this over to college authorities this spring when the new court is completed.

Phi Gamma Visitors

Harry Castler, '18, spent the week-end with his brothers.

"Bob" Bell returned to college for the Junior Prom. "Bob," having enough credits to graduate, did not remain for Spring term, but is taking up the banking business with his father in Mt. Union, Pa.

With Miss Bromley as chaperon, Miss Smith of Pittsburg, who is visiting Helen Ferguson, '23, and several other college girls, were entertained at dinner Sunday.

WILD ONES
Weekly Contribution By Our Staunch Friend "Scissors"

Have you noticed how the professors of mathematics are helping the government by getting rid of the radicals?

Steady!

She (at basketball game)—"Who is that handsome forward?"

He (same place)—That's Decruot; I think he'll soon be our best man."

She (still there)—"Oh dear, this is so sudden!"

A Deep One

Now we'll all join in singing that ouching little ballad entitled:

You can lead a cow to water, but it takes Bull-DURHAM

Ter Back 'Er!

Why They Go Wild

Young doughboy adjutant, foaming at the mouth and flourishing a elegram wildly: "Ye Gods! Here's bird wiring for extension of his A. W. O. L.!"

We always wondered what a few "cursory remarks" meant, until we ot our reports given out this term.

A Modern Drama

The Hero: Where is the che-i-ld, Oswald?

The Villain: I have him in my custody.

The Hero: And the papers, what have you done with them? ?

The Villain: I have them at the lacksmith shop.

The Hero: You are having them orged, then? Curses!

The Villain: No, I am having them filed.

What One Sees in China

During the season one may see in the interior of South China yards of poor people full of peach stones drying in the sun.—From the Daily News.

NEW OFFICERS OF COMBINED MUSICAL CLUBS

At a meeting of the Combined Musical clubs last evening the present officers closed their successful season and turned over the society to the following new officers: President, Norman R. Appleton; vice president, A. F. Gardner; secretary, Walter Galbraith; treasurer to be appointed by Director Stolz; manager, Ralph Hartz; publicity agent, Williams Willman.

A banquet committee of Keech, Bewire and Botts appointed to arrange for a banquet for the men who have made the trips. It will take place in the next few weeks. It may be possible the event will be an annual one.

Cross-Section of Mathematics Will Be Discussed Thursday

The regular meeting of the Mathematical club will take place Thursday afternoon at 4:30 in Room 4. The topic for discussion will be "Cross-Section of the History of Mathematics." Members and others interested are invited to be present.

Hamlin Garland Lecture Thursday

The University Club lecture by Hamlin Garland will take place in the Baptist Church Thursday evening. This is the last of the series of lectures arranged this season. The lecture is based on his popular novel, "Son of the Middle Border."

PROF. RASSWEILER WILL REPEAT "THE PILGRIM"

So many who heard Prof. Rassweiler give the dramatic impersonation of "The Pilgrim," in the Methodist Church two months ago, have requested to have it repeated, that the Presbyterian Church has arranged to have it given in their church Sunday, April 18, at 7:30 o'clock.

HARVARD PROFESSOR IN ENGINEERING WILL SPEAK HERE

Perhaps the greatest man in the engineering field that has ever visited Bucknell will be here Thursday evening to speak at the meeting of Mechanical Engineers in Bucknell hall at 7:30 o'clock. He is Ira Nelson Hollis, President of the American Society of Mechanical Engineers during 1917.

Hollis is one of the highest honor graduates of the Naval Academy. Following a wide experience in marine engineering he became a professor at Union College, later was appointed to high office in the Navy department and in 1893 was made a professor of engineering at Harvard University at the suggestion of the Secretary of the Navy. It is through his work in athletics at Harvard that the wonderful Soldiers' Field and the large stadium were constructed after the plot had been reclaimed from a swamp.

Mr. Hollis has not stated his topic but all interested are invited to attend.

Electricals Had Movies

The Electrical Engineers met last evening in Bucknell Hall and enjoyed several reels of movies concerning "The King of Rails," a timely and interesting picture for coming engineers.

F. & M. OPENS BASEBALL SEASON HERE ON SATURDAY

On Saturday, at 2:30 p. m. Franklin and Marshall College will meet Bucknell on the University campus in the opening game of the season. Manager Craig has issued a final call for all aspirants for berths on the 'Varsity squad and from the response, prospects for a successful year are particularly bright. Walter Blair, formerly of the New York Americans, has agreed to act as coach and with a host of good material to choose from, he should experience no difficulty in placing an exceptionally strong aggregation on the field. Captain Dent plans strenuous practice for the entire week, weather permitting.

Those contending for positions are: Peale, Beatty, Baker, Baird, Crawford, Wagner and Dayhoff, Pitcher; Levine, Mason, Julian and Miller, Catcher; Heckendorn, Foxall and Steininger, first base; Hewitt, Parry, Von, Woodring and Decoursey, second base; Dent, shortstop; Kostos and Waddell, third base; outfield, McDermott, Stewart, Wargo, Collins, Deitrick, Irvin and Glacenic.

The schedule is as follows:
Franklin & Marshall here, April 17.
Swarthmore here, April 23.
Lafayette here, April 30.
Dickinson here, May 8.
Susquehanna here, May 22.
Syracuse at Syracuse, May 25.
Cornell at Ithaca, May 26.
Franklin & Marshall at Lancaster, June 1.
Gettysburg at Gettysburg, June 2.
Carnegie Tech. here, June 4.
Dickinson at Carlisle, June 5.
Susquehanna at Selinsgrove, June 8.

Gettysburg will be scheduled here at an early date.

RAY DORRIS NEXT CAPTAIN AND F. F. REAMER MANAGER

An aftermath of the recent successful basketball season was a meeting of the athletic managers and the election of managers, assistant managers and captain for the next season. Ray Dorris, who won his letter this season and proved such a staunch man at the center position, was chosen captain.

F. F. Reamer, of Pittsburgh, was elected Varsity manager, H. N. Deer, of Milton, manager of the second Varsity, and Willard Collins, of Lewisburg, manager of the Freshman team. Harry T. Lapp, of Trenton, N. J., E. B. Sisserson, of Westfield, N. J., and George Mathieson, of Munhall, Pa., were elected assistant managers for the next year.

JUNIOR WEEK WAS DELIGHTFUL IN ALL EVENTS

CLASS VERY ELATED OVER SUCCESS OF PROM.

SMOKER TO SENIORS AND RECEPTION TO WOMEN WELL ARRANGED

Dancing Privileges Extend to College Girls Puts New Impetus in Annual Class Week.

The best ever! So the class of '21 feels about the Junior Week, for at no time in the history of the University was a Junior week a more representative Junior standing. The marked success was largely due to the newly acquired privilege of the college girls to dance. This, coupled with the live interest taken by every Junior served to make a memorable week.

The Smoker

On the part of the men, the smoker in the Gym Wednesday evening started things off. Nearly all the Juniors and a great many Seniors were on hand. The program consisted of fine wrestling match between two Juniors, Derr and Bitner; a boxing match which ended in a draw; a boxing match between two youngsters from town; speeches by Kunkle and the Junior President and Nancarrow, the Senior President. In the line of music, "Bobby" Hartz, "Cy" Haus, "Tom" Kreisly, and the Sigma Chi quartet rendered numbers. Punch and ice cream were served, and smokers were plentiful.

The Reception

On Thursday night in the parlors of Women's College, the men entertained the Junior girls. Billy Hartz's orchestra furnished music for dancing from 7 to 10. For those who did not dance, cards furnished the pleasing entertainment. Ice cream, cake, and coffee were served at 9:30.

The Prom

The crowning success of the week's events was the Prom. It was held in the Armory, which due to the beautiful decorations of the recent Sigma Chi reception there furnished all that could be asked for a suitable place for such an elaborate affair. The dance was highly successful and it is doubtful if a prettier Prom was ever given.

At 9 o'clock Junior President Kunkle, led the Grand March. From 9 until 2:30 some sixty couples enjoyed the music furnished by Irvin's orchestra of Altoona. At twelve, girls from Women's College and their partners bid a sorrowful good-night, although all were overjoyed at having had the privilege to attend. The others continued dancing until 2:30.

One of the pretty features of the evening was the Moon waltz. All the lights were turned out but that of the glowing electric moon, which gave a pleasing effect, shining through the spruce which adorned the ceiling.

The patronesses for the Prom were: Miss Anna R. Carey, Miss Thirza N. Bromley, Mrs. Marsh, Prof. and Mrs. E. A. Heim, Prof. and Mrs. C. A. Lindemann, Prof. and Mrs. F. M. Simpson, Judge and Mrs. A. W. Johnson, Prof. C. C. Fries and Mr. Roy Butler.

To "Tommy" Mangan and the Prom Committee is due much credit for the marked success of the affair.

The Dansant

In place of a hike, which uncertain weather prevented, the Junior girls gave a dansant in the parlors of Women's College Saturday afternoon from 3 to 5:30. Hartz's orchestra furnished the music. This pretty little dance brought a close to the wonderfully successful Junior Week.

SENIOR GIRLS' DANCE PROVES PLEASANT SUCCESS

Senior girls on Saturday night last, danced to the music of the Sigma Chi orchestra. The dance was informal with Miss Bromley as chaperon. Representatives from the three under classes were Juniors: Emily Devine, Lydia Cayne Sophomores, Jennie Burke, Frances VanCleaf, Freshmen, Mildred Hayden and Margaret Lees.

FUSSERS WILL RECEIVE CHOICE

From Page One

left out will know the reason,—perhaps in other pages of the feature section. That will have to remain a secret until the book is put on sale here at the University.

Many other interesting, familiar events and faces will be seen when the L'Agenda finally makes its appearance, and the whole combination will be a credit to the staff and the college. Only a limited number have been ordered, so those who desire books and have not yet ordered them should see Manager Mohler at once before the supply is gone.

Among Our Alumni

DR. RAYMOND WEST, '89.
IN IMPORTANT WORK

At a meeting of the administrative committee of the General Board of Promotion for the Baptist Five Year Movement, on January 27, Dr. Raymond M. West was unanimously chosen Secretary of the newly created life Work Department. This Department is to cooperate with the Board of Education and the Missionary Societies in choosing candidates for the various missionary enterprises of the denomination.

"The Baptist" in its issue of February 14th gives in the series "Who's Who Among Baptists," a review of the work of Dr. West. After graduation from Bucknell and Crozer, he held several pastorates in Pennsylvania and New Jersey. In 1903 he went to St. Paul, Minn., as pastor of the First Church, where he contributed largely by word and deed to the civic reform which St. Paul experienced in the succeeding years. He was called in 1908 to the Park Avenue Church at Rochester, N. Y., where he remained seven years and exercised a great influence over the students at the Theological Seminary. Thence he came to New Jersey to accept the position of Executive Secretary of the New Jersey Baptist Convention, a difficult office which he filled with characteristic success.

The Baptist says: "Few men are blessed with a mind so keen and analytical as that of Dr. Raymond M. West. He possesses a rare faculty of quickly comprehending a given situation, of rapidly taking into consideration all the facts in the case, and of reaching conclusions that are generally sound, constructive and irrefutable. Probably this accounts for his widely useful service on so many denominational boards and committees.

"That the great task of securing the large number of young men and women needed to carry out the new denominational program is in good hands is clear to all who know the new secretary."

Louis W. Robey, '04, is being considered by Director Ernest L. Tustin, '84, of the Philadelphia Public Welfare Department, for the appointment as chief of the Bureau of Legal Aid and Publicity to be created in this department.

Mr. Robey is counsel of the Legal Aid Society and one of the committee of five appointed recently by the Law Assbeiation of Philadelphia to cooperate with Mr. Tustin in the formation of the proposed bureau. While at college Mr. Robey was prominent in college activities. He is a member of Delta Sigma fraternity.

Felix V. Mikolajczak, '17, is Rector of the Academic Department of the Polish National Alliance College at Cambridge Springs, Pa., a junior college with some two hundred students enrolled in this department. He is doing an excellent work in this position. This year he sent two freshmen to Bucknell.

Y. W. C. A. OFFICERS AND COMMITTEES CHOSEN

On Wednesday, March 31, the new officers of the Y. W. C. A. were installed. They are: President, Marguerite Lotte, who succeeds Helen Moyle; vice-president, Emma Fuhrer, who succeeds Helen Reed; Secretary, Lillian Russell, who succeeds Elizabeth Couffer; Treasurer, Clara Casner, who succeeds Mary Reed; Chairman of Social Committee, Sue Plumner; Publicity Chairman, Ruth Brown; Chairman of the Missionary Committee, Rhea Burgett; Bible Study Chairman, Elizabeth Couffer; Musical Chairman, Margaret Small; Chairman of Religious Meetings, Ester Dodson; Chairman of Social Service, Mildred Hayden.

CO-EDS. MADE GALA EVENTS OF JUNIOR WEEK

Lively Social Gathering Every Evening Rounded Out Pleasant Series of Entertainments.

Brimming over with fun and "pep" from start to the end of last week, the Juniors celebrated what is known in the college as Juniors' Week. Preparations were in order long before hand and never before was more spirit and enthusiasm crowded into one single week as the Juniors put in the past one.

On Monday night the front rows of the movies were filled with happy co-eds, all of whom were Juniors. Then afterwards though the night was cold came a promenade about town for the "Semites"who on this special occasion were allowed the distinct privilege of staying out until ten p. m. On Tuesday night the dining room was prettily decorated in class colors and the Junior girls by their merry songs and yells, indicated that they were thoroughly enjoying themselves.

Wednesday night, it being too cold for a proposed hike, the "Semites" partook of a picnic supper in the "gym," where with dancing and games they passed the evening. Also a lively game of indoor baseball was played.

Junior Reception took place Thursday night in the living room of the Women's College, when the Junior co-eds were entertained by their Junior men. "Bobby" Hartz's orchestra furnished the music for dancing, while cards also were enjoyed. C. Franklin Brant and his committee were responsible for the success of the evening, and it was pleasing to note the goodly number of Juniors present on this occasion which is one of the few in which the whole class come together.

Customary "Sem" rules were amended this year and the Juniors allowed to go to Junior Prom on Friday night. However, the co-eds not attending, staged a miniature Junior Prom in the Women's College living room when the Junior girls acted as hostess to many of the underclassmen An elimination dance was the feature of the evening which was won by Mary Bierne, '21, and Constance Bennett, '20.

Junior Dansant was on Saturday from 3 to 5 p. m. Miss Walton was present as chaperon while S. A. E. orchestra played for dancing.

Thus ended the week's program which due to the cooperation of all the girls with Emily Devine, '21, as Junior girls, class president was one of the most successful in years.

There She Goes

Up the street in a PROWANT'S Suit Box--the "Premier" Suit or Overcoat.

Going straight into some home to spread sunshine and radiate the warmth and wealth of mind that comes from knowing you are rightly dressed without tormenting your soul, with the thought of extravagance

Every dollar you put into "Premier" clothes comes out on your back in good, hard, solid wear.

Every desirable thing about a high grade garment is yours—even to the last touch of custom tailoring—without the customary custom touch.

"Premier" clothes are $25 to $45.

THE BUCKNELLIAN

BUCKNELL UNIVERSITY

Vol. XXIII. Lewisburg, Pa. April 20, 1920 No. 23

EXCITEMENT STRONG FOR BIG PARADE

STUDENTS BUSY IN FINAL WHIRL OF PREPARATION

College Celebration To Outstrip Any Demonstration Ever Produced In History of Bucknell University

ALL COMMITTEES ANNOUNCE THE BEST OF PROGRESS IN LOCAL GALA EVENT TO INTEREST TOWNSPEOPLE IN FINANCIAL CAMPAIGN TO OPEN SOON.—BIG SURPRISES PROMISED IN MUMMERS' DIVISION AND ON FLOATS.—PARADE MOVES AT 2 O'CLOCK.

The greatest attempt Bucknell students have ever attempted will be staged tomorrow afternoon as the share undergraduates will take in urging a bigger Bucknell. The actual campaign for an increase in endowment of $1,000,000 and building improvements of $500,000 will take place April 24 to May 3 in connection with the Interchurch World Movement. Students are confident that the Baptist denomination in the State will easily subscribe this sum which means a large auditorium, a new engineering building and the establishment of a professorship in religious education.

With excellent success reported by all committees for the big parade tomorrow afternoon, students are working like beavers to put the last finishing touches to the floats and costumes which they will use in the pageant. Every committee has been meeting very often due to the short time in which the affair has been arranged, and all report the brightest outlook. The day will be one to mark as the high spot in the history of Bucknell.

G. W. Lees, chief marshal of the procession, with several years of military training to his credit, part of the time as a captain, knows well how to handle such affairs and has chosen to assist him four other men who served in the army during the war. His assistants are Joseph D. Dent, Sidney J. Peale, G. H. Beattie, and T. S. Morgan. These men with the chief marshal have been assigned to take charge of the five divisions.

Perhaps the greatest concern is being centered in the taking of pictures of the event. Late last evening no word had been received from the several companies mentioned except that they were considering sending a cameraman here. As no direct reply has been received for the companies consulted to the effect that they will not appear, the publicity committee holds high hopes that the cameraman will be on the job. Not one letter of refusal has been received from any movie concern. Two good cameramen have been secured to take snaps of the most interesting parts of the marching throng and these will be sent out to newspapers.

The event has been exceptionally well advertised both through State papers and through the large posters that appear in Lewisburg and miles in all directions. Last week cars were sent out in all directions in spite of rain and bad roads and posters were placed everywhere. Sunbury, Harrisburg and Williamsport received their share through mail or by students who took them to these towns and placed them in prominent windows of the towns. All the smaller towns intervening received a portion of the startling announcements. Today in Lewisburg dodgers were scattered throughout the town to make the local interest complete. More startling ones will appear during the parade. The publicity committee has several stunts they will disclose to aid enthusiasm.

The float committee in charge of Lighton, is receiving exceptional attention and the number of floats put on is far in excess of those planned at first. Each fraternity as well as the four classes at the Seminary and several other groups will depict college life in novel manners.

The rummeses' division will be more or less scattered throughout the procession to heighten the effect of the march. It is this section about which interest is centering and some of the cleverest ideas will be played. Where ready made costumes could not be secured, original and outlandish disguises have been called into use.

One of the men adept and skilled in trimming floats was sent to Philadelphia and secured a number of costumes besides most of the material for trimming the floats. The sign committee, composed of the handiest students with the brush, Weber, Keech and Bortz, have been slinging black paint and putting college wit and originality into definite form for the past few days and the banners they produce are bound to win admiration from the spectators.

In another part of this issue is a letter signed by many of the merchants, business and professional men of the town showing their interest in the parade and their assurance of cooperation. The Boy Scouts, High School and public schools will take part and the holiday throughout the town will be complete. In total it is expected that the number in line of march will be in the vicinity of two thousand and if weather is favorable many more than this number are expected to come to Lewisburg to witness the event.

Even the State Constabulary has not been forgotten and has been asked to be on the job for the afternoon. Full directions for the formation of the parade and the line of march will be found in a separate article on this page.

One of the latest matters to be considered is the appointing of judges to announce the prettiest floats, the cleverest stunts, etc. The matter has been definitely decided, and judges are being selected.

PARADE FORMS ON BROWN ST. AND ON CAMPUS

Complete Details Announced Below by Chief Marshal G. W. Lees.

Chief Marshal G. W. Lees has completed all arrangements for the line of march and the time and place of formation of the different sections of the parade. Every possible means has been used to facilitate the formation and ease in moving out from the athletic field where the principal formation will take place. Floats will form on Brown street from the Monument and join the procession at that point. Members of the float committee and aids will help in the formation of the divisions.

Persons on foot in the parade will form on the athletic field and pass through the main University street entrance. All vehicles will park on Brown street in order of division formation and join the procession at the monument as it passes. Any doubt as to place in the parade should be called to the attention of Chief Marshal Lees at the Phi Kappa Psi house.

The route of march does not include a counter-march and will be west only on Market street. Those who expect to take part in the parade should take special notice of the time of formation at 1:30 o'clock and the moving of the column at 2 o'clock sharp.

The different divisions for the parade will form at 1:30 o'clock around the track on the athletic field, facing west, preparatory to moving out on University avenue.

All floats will be parked, facing west on Brown street in the order which they will move in the parade, the head of the column being at the monument at the intersection of Brown and Third streets.

The column will move in the following order:

First Div.—Faculty, Jos. D. Dent.

Second Div.—College Women, G. W. Lees.

Third Div.—College Men, S. J. Peale.

Fourth Div.—Business Men, G. H. Beattie.

Fifth Div.—High School, Boy Scouts, T. S. Morgan.

The floats will be distributed in the column, immediately preceeding the group which they represent, or by whom constructed.

Arrangement of march in the several divisions will be in charge of the marshal of that division. **See the Marshal of your division for your place.**

Line of march will be as follows: From athletic field to University avenue, to Third street; on Third St. to St. Louis, on St Louis to Water street, on Water street to Market, on Market to Seventh, on Seventh to St. George, on St. George to Sixth, to Loomis street, and to athletic field.

The column will form at 1:30 p. m. and will move out promptly at 2 p. m.

In event of decidedly rainy weather at 8 o'clock tomorrow morning classes will be held and the holiday will be called for Thursday. Students not attending classes under such conditions will be given full deduction from their averages.

TRACK MEET POSTPONED UNTIL MAY 8

Rainy Weather Prevents Practice and Interclass Contests Will Take Place on Bucknell Day.

More candidates are reporting to Coach Musser as the weather gets warmer for tryouts in track and field events. The prospect for a well-balanced team increases each day and those concerned in making a successful season are encouraged by the increase in numbers as well as the increase interest on the campus. Only four Varsity men are left from the last track year: Lighton at the weights, Williams in the vault "Si" Morgan and Masters in the dashes. This leaves plenty of room for new men to find a berth. In the track events and hurdles remain the weak spot, while the weight events in the field need bolstering.

At a recent meeting of the committee on the Interclass Meet it was decided to postpone the date as too early in the season for a good meet and Saturday, May 8, Bucknell Day was set in its place. Largely because of the cold, rainy weather during the past week, the date was changed.

LEWISBURG MENS' LOYAL SUPPORT TO PAGEANT

Places of Business, Offices and Stores Heartily Endorse Unique Demonstration.

Following is the action which the people of the town have taken concerning the Pageant tomorrow:

IN BEHALF OF BUCKNELL
A Communication by Lewisburg Citizens

WHEREAS, Bucknell University is the pride of Lewisburg and an outstanding economic industry, an institution which brings publicity to our town and prosperity directly or indirectly to our citizens, and

WHEREAS, Bucknell University is now engaged in a canvass for funds to increase its endowment, to raise teacher's salaries, to erect new buildings and to improve the old ones, thus enlarging its equipment and providing room for new students, and

WHEREAS, The Interchurch World Movement has recommended Bucknell University to the county at large as worthy of support, and

WHEREAS, Wednesday, April 21, has been selected by the Faculty and the Student's Council as a holiday to make a public demonstration of Bucknell's place in the community,

THEREFORE, it is recommended to the community by the undersigned citizens of Lewisburg

1. That, as far as possible, the town cordially join Bucknell University in making a community holiday of the afternoon of Wednesday, April 21, that stores, shops and factories be asked to close in order that our citizens may enter into the celebration;

2. Likewise, that the public schools be asked to close for the half holiday, and that teachers and pupils may unite in the parade in honor of Bucknell;

3. That we call attention especially to the canvass for funds being made among our citizens and urge upon all the wisdom of designating our great local university as the proper beneficiary of their gifts.

The following communication is an evidence of the good will Lewisburg feels toward Bucknell University. The only reason, appearantly, why it fails to bear all the firms in town, is that the necessity for submitting it to the newspapers interrupted those who were presenting it. Every person who was approached gladly signed.

C. Dreisbach Sons, Max Harris, H. F. Bonehower, Peerless Laundry Co. W. N. Wensel. Wilson H. Zearfoss, J. F. Groover and Bro. Geo. T. Bender, Fred W. Lindig, Howard Leiser, Mrs. W. S. Kauffman, C. F. Roth, J. W. Parloe, H. H. Mathers, Atlantic and Pacific Tea Co. D. R. Angstadt, Francis T. Baker, Fred L. Getz, M. L. Sandel, J. Hower and Son, E. G. Noll, H. R. Miller. H. J. Nogel and Bro. Lewisburg Mills, F. P. Catherman, O. P. Miller, Robert A. Hoffa, William W. Musser.

COLLEGE WOMEN AWAIT WEATHERMAN FOR OUTDOOR GAMES

"Gym" classes are continually looking forward to days of sunshine, for with such comes hikes, hare-and-hound chases, as well as baseball, instead of the daily routine of work in the "gym" as is indulged in by all the "Semites." Tennis also will begin as soon as the weather permits.

CAMPAIGN FUNDS LOOMING UP STRONG

Another Bucknell alumnus is in the spot-light in connection with the Interchurch World Movement. E. C. Kunkle, '97, is pastor of the Baptist Church, West Chester, chosen to make a demonstration in advance of the financial drive which is to be made April 24, May 3. The church was apportioned $24,000 and the demonstration canvass made last Sunday resulted in returns of $50,000, with pledges still coming. The other demonstration church in Pennsylvania at Connellsville, was likewise headed up by a Bucknell graduate, Edwards, '07. An apportionment of $60,000 brought $72,000.

PHI GAMMA DELTA SECTION CONVENTION AT BUCKNELL FRIDAY

Section V of Phi Gamma Delta, composed of Bucknell, State and Gettysburg chapters, will hold its annual convention here at Bucknell this week-end. On Friday night there will be a dance at the club, with Gubin's orchestra furnishing the music. Saturday will be devoted to a business session and a banquet.

COMMITTEE WORKING FOR SOPH. COTILLION

Arrangements have been completed to hold the Sophomore cotillion on Friday evening, May 14, at the Milton Park. The committee is composed of Chairman Florin, Ross, Hill, Aleshouckas, Brown, Meyerly, Franklin, Diffendaffer and Parry. Irvin's orchestra of Altoona or the Bangs-Saxo orchestra of Harrisburg, will furnish the music. A detailed account of the plans for the event will appear in an early issue of the Bucknellian.

SOPHOMORE BANQUET AT MIFFLINBURG, APRIL 29

The annual Sophomore banquet will be held at Hopp house, Mifflinburg, Thursday evening, April 29, at 7:30 o'clock. Chairman Mathieson has put forth earnest endeavors to make the event successful and is being ably assisted by the following members of the committee: Parry, Lewis, Mullen, Calhoun, Sugden, Diffendaffer, Williams and Gardner. Lavish decorations have been arranged and a special orchestra will provide entertainment. Subscription, $2.25.

SEMINARY GIRLS HONOR LATE DR. ENOCH PERRINE

Dances were suspended at Women's College during the past week, owing to the death of Dr. Perrine.

LAST TRIBUTE TO DR. PERRINE VERY IMPRESSIVE

Dr. John Howard Harris Expresses Feelings of College and Community.

(Tribute by Dr. John Howard Harris

When a man has lived and served in a community as Professor Perrine did in Lewisburg for thirty-five years, he makes for himself a larger place in the mind and hearts of the people. Professor Perrine was always ready with tongue and pen and purse according to his means to render aid to every cause he esteemed as good. On February the twenty-second of this year, he delivered an address on the Character of Washington, in the morning, and in the afternoon an address upon the occasion of the reception of testimonials from the French Government for the soldiers from Union County who had served in that capacity. The latter address, published in the Journal, was characterized by an aptness and beauty of expression, such as we do not often hear. This work was for Dr. Perrine a labor of life. He was of French descent from those Huguenots who were driven from their na-

(On Page Two)

SIX SENIORS ARE SPEAKERS AT GRADUATION

FACULTY TAKES PRELIMINARY STEPS IN GRADUATION CEREMONIES.

NO SUMMER SCHOOL BUT FEW COURSES WILL BE OFFERED

Committees on Entertainment and General Program Have Been Appointed.—Pageant Parade Holiday Officially Announced.

Several unusual changes will take place this coming commencement was the decision at the faculty meeting last week. The matter of Commencement addresses was taken up as well as committees appointed to have charge of the different events.

There will be no public speakers brought to Lewisburg to make Commencement addresses, but six members will be chosen to speak from the senior class. There will be four men and two women, each of whom will speak not longer than ten minutes.

A committee on Commencement entertainment was appointed with Prof. L. L. Rockwell at its head while a committee on general program is in charge of Prof. C. C. Fries.

The Commencement exercises, contrary to past years, will begin at a different hour. The procession will begin at 9:30 a. m., and the exercises in Commencement Hall are called for 10 o'clock.

The faculty at this meeting took official action on the matter of a full holiday on Wednesday, April 21, for the Pageant day parade, and announced that it had been granted.

It was also definitely decided not to have a summer school but courses in Biology will be offered and possibly in other subjects as well for those desiring them.

MAY DAY PLAY WILL BE GIVEN AS SUN FADES

May Day will be out of the ordinary this year. It is going to be a novel one, as those concerned in the preparation of it will affirm. The pageant, "The Enchanted Garden," by Constance Makay, will probably be given at sundown and continue on until campus lights will take the place of the sun which is usually felt by participants, as well as spectators, in former years. Practices are being held several times a week, so a brilliant event may be anticipated.

Entered at the Lewisburg post office as second class matter.

Contributions from students and alumni are earnestly solicited. They should be written in a legible hand and on but one side of the paper. Address all articles to the Editor.

Member of the Intercollegiate Newspaper Association.

A SUGGESTION

One of the biggest features in the success of any college is keeping constantly before the public in as many different ways as possible. College men, both graduates and under-graduates, realize this point and place the greatest stress of publicity and the public eagerly reads college news of all sorts. Publicity is the life of a college. No opportunity to keep the public in touch with Bucknell should be passed up.

There is one avenue, one means of publicity that the public demands and yet Bucknell has not thought of it. In the course of a year thousands of people pass by the campus of which all of us are so proud. A Reading passenger train never passes the campus without a number of passengers wondering and even asking what the institution is.

Why not construct as appropriate sign on the athletic field facing the railroad, bearing the simple inscription, "Bucknell University?" Other colleges and educational institutions throughout the country that lie adjacent to railroads have such forms of publicity.

An appropriate sign is not a billboard or a baseball backstop with glaring paint. What could be more appropriate than two uprights and a steel wire mesh containing bronzed letters cut from sheet metal? Why should not the present senior class consider this as an appropriate class memorial?

To continue the subject of keeping Bucknell University before the public the University would not go amiss in constructing two other signs. One ought to be placed at Market and Third streets or at the [illegible] RR

new system of "rushing." The new system suggested has proved satisfactory at Dickinson for the past four years. Each fraternity man should give it the most serious consideration. Before this term closes there should be settled a definite system to go into effect next fall and have representative men to take charge of it.

LEARNING TO LIVE

By E. N. Vallandigham,
Delaware, 1873
(Contributed to The I. N. A.)

Education is the sole object of college life, as in a sense it is the sole object of all human life. Both living and earning a living are educative processes. We make them more or less effective as such according to the fashion in which we face both. Education at college as in life, is not alone of the head, not merely directed toward the essential of enabling the youth to earn his living in the market of the world. It is much more than that. It is much more than that plus the cultivation of an appreciative taste for the fine arts—of literature, music and the rest. It is more than all these plus education in manners, carriage, and deportment, plus the development of a sound, well functioning physique. It implies also education of the emotions, education in morals and the development of the religious sense and feeling. Whatever we do at college promotes or retards our education in one or more of these things that go to mould the civilized man at his best.

Education of the intellect, whether in matters technical or in those of taste, guarantees nothing as to moral or religious education. The president of an American university, when asked whether a college education tended to raise a man above the immortalities of practical politics, answered that it at least tended to raise his price. That was a way of saying that the education of the head is not necessarily moral education. It is notorious also that many men of exquisite taste and skill in the fine arts have been essentially immoral, and some such men have been essential nonmoral, though great art is never immoral, because it is impossible to present human life truly by means of the creative arts without teaching a moral lesson, just as it is impossible for a man to live without teaching a moral lesson to those who intelligently observe his life. Shakespeare is a great moralist, not because he sets out with direct intent to teach a lesson, but because he conceives of life as having a moral significance, and shows us men and women as they are.

If we come to college seeking merely such education as shall give us more butter on our bread than most men get, or hoping merely to acquire keener perceptions of taste, or in pursuit of fun, we shall lose much that college life should afford in the matter of education. Social contact, the athletic field, the class-room, the long walks and the long talks with congenial comrades, should all be educative. The honor system should be an education in the higher morals. These delightful spring days should be an education in aesthetics, and more in essential religion, for serene joy in the aspects of nature tends to bring men nearer to that great mystery called by all but gross materialists "God." If we leave college without having come to know that body, mind, and heart all share in education, without being better physically than when we came, keener in mind, clearer in moral perceptions, stronger in self-control, broader and more generous in our social and individual sympathies, so that we shall escape the pride and prejudice, the intellectual and spiritual arrogance which are the besetting sins of the academic class, we have failed to make the college an avenue to what is best in after living.

LAST TRIBUTE TO DR. PERRINE

(From Page One)

tige of the institution. Professor Perrine's predecessors in the chair of English were men of distinction whose merits Professor Perrine was always ready to recognize. Dr. Lucius E. Smith, famous as an author and journalist, Dr. Robert Lowry, with an international reputation as a musical composer, and Dr. Albert E. Waffle, distinguished as author and speaker. It is no slight evidence of Professor Perrine's ability that he not only took up and continued the work of these distinguished men, but made continual advance upon it. With the increase in attendance upon the college from seventy-one in 1889 to seven hundred and ninety-three in 1919, others had to be called in to carry on the work, and towards these colleagues Professor Perrine always showed in the highest degree a spirit of friendliness and helpfulness.

The two addresses on February 22 over-taxed Doctor Perrine's failing strength. A sivere attack of Angina pectoris and indigestion kept him from his work the rest of the term. At the opening of the Spring term, March 25, he attempted to take up his much-loved work, but again on Sunday the 11th of April, he had another attack of his malady which terminated fatally on that day. He retained his mental powers to the last; he continued his work up to the end, dying in the harness.

A great company of students and townspeople ,including the faculty in a body, attended the Baptist Church in Lewisburg on Wednesday afternoon to pay the last tributes of respect to his memory. Addresses were delivered by President Hunt and Doctor Judd. The sermon was preached by Dr. John H. Harris, and Doctor Everitt and Doctor Peacock, conducted the devotional services. The body was taken to Hightstown, N. J., for interment.

Dr. Perrine was married in 1905, to Miss Grace Browning Roberts, Bucknell, class of 1903, daughter of W. Dayton Roberts, D. D., a distinguished Presbyterian clergyman. She alone survives, his son and daughters having preceded him.

LAMBDA CHI DANCE

Lambda Chi will give a dance to Seminary women at the chapter house this evening.

TENNIS ELIMINATION MATCHES STARTED

With the arrival of real spring weather, tennis activity is in full swing. Preliminary elimination matches are now being played, and it is presumed that by the end of the week, by the method of the survival of the fittest, the 'Varsity team will be decided. There are twenty-two candidates for the four places on the team, and keen competition can be expected.

Those drawn by lot to play off the first leg of the elimination matches are as follows:

Mohler---Parks, Haslem---Brant, Beers---Harts, Hutchison---Spears, Seebauch---Getrich, Purnell---Rude, Mathieson---Mahoney, Koch---Gigle, C. Smith---Haus, Waddell---Hoffa, Stabler---Stien.

Report result of matches to Manager Connolly or Speare as soon as played in order that new arrangements can be made. The scores of the elimination matches will be printed in the columns of the Bucknellian.

Glee Club Practice

The first regular practice of the Glee Club under the new officers and managers took place last evening. It is understood the club is looking with favor upon a big home concert this term in which the girls may take part.

OTHER COLLEGE MEN AND WHAT INTERESTS THEM

George Washington

Students of George Washington University are certainly in favor of having football revived if the last issue of The Hatchet is any indication of it. Almost the entire paper of twelve pages was covered with football dope, opinions of the faculty, opinions of prominent students, opinions of prominent men, and a number of cuts of the 1916 football team, and also material which may be used next year. The student body has already petitioned the faculty for permission to be again represented in football and it seems very likely that it will be granted. Football has not been played by the University students since 1916.

New York University

A very interesting feature is carried on by the New York University in the way of community and educational work. Each afternoon, from 200 to 300 children attend a movie show given for the price of one cent by the University in the Judson Memorial Church. A feature in the evening has two cents for admission.

New York University has established a course in automotive motor engineering. It is being taken by students in the engineering department, who are being trained for construction work, as well as for machine engineering and for production managers.

Brown University

Brown University has established an "Appointment Agency" which will secure positions in business, professional, or educational work for unemployed graduates.

University of Virginia

An active Hoover Club has been organized at the University of Virginia to propagate sentiment favoring Herbert Hoover for next president of the United States.

Williams College

The uncertainty which has surrounded the question of a baseball coach at Williams College, was cleared up lately when it was learned that Harry Davis, formerly a member of the Philadelphia Athletics, will take the place of Ira Thomas, who is unable to keep his appointment with the Purple. Thomas has been excused for a year by the Williams authorities because of the fact that he has discovered oil on his land in Louisiana and will have to spend all his time there.

'VARSITY NINE PRIMED FOR SWARTMORE TEAM FRIDAY AFTERNOON

After two very snappy and strenuous practices the Varsity will enter the game against Swarthmore Friday with confidence. To be sure, Swarthmore just beat Princeton 5 to 1, but they will find in Bucknell's team a worthy rival. Ogden is Swarthmore's star twirler and it is probable he will start Friday's game. Trent expresses the opinion of the rest of the team when he declares it will be one of the hardest games on the schedule.

MARK EVERETT APPOINTED TO HARVARD FELLOWSHIP

Mark Everett, '21, has been named to the Austin Teaching Fellowship at Harvard for the year 1920-21. The fellowship is in the department of biological chemistry.

CHESTER LEABER, '19, TO SAIL FOR LONDON

Chester R. Leaber, '19, was at college yesterday visiting many of his friends as well as former classmates who returned to college this year following service during the war. Leaber has been appointed to the foreign staff of the International Banking Corporation of New York City. After having served in the New York offices for several months, he is visiting friends at college and his parents in Williamsport before setting sail Saturday for London where he has been assigned to duty. Later he will be transferred farther east. A number of men have become interested in this concern and Mr. Leaber was overwhelmed with requests for information although his visit was not of a business nature.

SPRING CONFERENCE OF I. N. A. AT RUTGERS

The Intercollegiate Newspaper Association of the Middle Atlantic States of which the Bucknellian is a member, has accepted The Targum's invitation to hold its third semi-annual meeting at Rutgers in New Brunswick, N. J. The tentative days for the meeting are May 7 and 8, but present plans indicate that only on the first of these two will Rutgers be the host of the journalists. That same week-end the Columbia Spectator has invited representatives from all the Eastern college newspapers to meet in New York for the purpose of mutual aid and to hear eminent newspaper men. A trip through the plant of the New York Times on Saturday evening is also contemplated. President Pearson of the I. N. A., editor of the Swarthmore Phoenix, is in favor of combining the meetings in New York on Saturday, and this will probably be done.

HOLLIS LECTURE ENJOYED BY MANY

Last Wednesday evening the A. S. M. E. held an interesting meeting in Bucknell Hall. The meeting was informal and after a short introduction Prof. Ira N. Hollis addressed the students. Prof. Hollis is a graduate of Annapolis Naval Academy and held a responsible position during the late war. He is also one of the former presidents of the A. S. M. E. At present he occupies the president's chair of Worcester Polytechnic Institute and is speaking throughout the country to college men. He is a former Harvard professor.

His subject last Wednesday was "A Cure for Class Distinction." Dr. Hollis was interesting as a speaker and more than that he had something to say. The meeting was thoroughly enjoyed by a large number of students in attendance.

WILD ONES

A timid little Freshman
To the mission box did come,
He dropped therein a penny
And waited for his gun.

One Week Only
According to experts the present value of a dollar is 48 cents. We are willing to buy them up at 50 cents each or two for one dollar. Come early to avoid the rush.

Among Our Alumni

J. H. Eisenhauer, '05, is principal of the Junior High School at McKeesport and resides at 721 Converse street.

"Happy" Cooper, '05, who is at the Brockport Normal School, New York, State, has a clever article entitled, "Telltale Tails" in the February issue of the School Bulletin and the New York State Educational Journal which seems at first blush to be a most unorthodox satire on a recent craze for standardization and stastics in matters educational. It is a burlesque report on the application of similar tests to the canine world.

Joseph Maero, '05, is an attorney and manager of the Foreign Exchange Department of the Citizens' National Bank at Indiana, Pa.

Writing December 11, 1919, from Impur, Assam, Dr. J. Riley Bailey, '06, announces the baptism of 462 converts in the first year after returning to his mission field from his recent furlough. At the Noga Association in November Dr. Bailey dispensed medicine from an improvised shed from early morning until late at night during the six days of the meeting and conducted a union service for more than two thousand people.

Norman E. Bliss, '06, is a salesman for Farm Machinery with the Avery Company, located at Peoria, Ill.

Catherine F. MacLaggan, '06, is teaching Romance Languages at the Evanston Township High School at Dolton, Ill.

Gordon Evans, '07, is with the Duponts at New York City.

E. M. Gress, '07, teaches Biology at Schenley High School, Pittsburg, and is working for the Bureau of Plant Industry at Harrisburg.

The Rev. John Morris Lyons, 1851, Bucknell's oldest graduate, is very much alive at 92 years of age. On February 2, he preached in his home church in Germantown a sermon of which the "Church Journal" speaks as follows: "The sermon is still being referred to as a discourse of great spirituality, sweetness and vigor of thought. In manner and in its evidence of physical as well as mental strength, everybody considered it remarkable that one quite past his ninety first year should be able to accomplish a feat of preaching beyond the ability of most in their prime." Mr. Lyons keeps busy writing hymns, songs, and poems.

Dr. Samuel Zane Batten, '85, known as an expert in social and industrial conditions, spent two busy days in Williamsport in March, speaking at the First Baptist Church and the Memorial Baptist Church, of which Rev. Alvin A. Cober, '96, is pastor, and addressing the Williamsport ministers and Church Federation on various phases of the present social unrest.

Rev. Charles S. Roush, '09, is Associate Pastor of the First Baptist Church, Elmira, New York, one of the largest churches in the city.

Floyd D. (Nick) Beemer, '10, is cashier of the Providence Bank, at Scranton.

George Fetter, '10, is pastor of the First Baptist Church at Mount Carroll, Ill., and teaching Sociology in the High School at that place.

W. J. Schultz, '10, is with the Duponts at Wilmington, Del.

F. G. Davis, '11, left Alaska in the spring of 1917 to become Superintendent of Schools at Auburn, Wash. He is at present Principal of the Kennard Junior High School at Cleveland, Ohio.

"Don" Gray, '14, has just returned from France, where he was sent on a special mission by the Government for certain phases of reconstruction work. "Bill" Leshe, of '12, was on the same mission. Mr. Gray has accepted a position with Olmstead Brothers, Landscape Architects, in Boston. His present address is 1120 Walnut street, Philadelphia, Pa.

F. B. Worrilow, '14, is superintendent of an Electric Blast furnace with the Millburg Steel Foundry Co., Millburg, Mass. He is married and has two daughters.

H. F. Reish, '14, is Chief Deputy Clerk of the United States District Court at Sunbury.

Edgar T. Clapp, '15, is a draftsman with the Newport Mining Co., Ironwood, Michigan. His residence is 653 McLeod avenue.

Harold C. Edwards, '15, was recently admitted to the bar of the Supreme Court of Pennsylvania. He is now practicing law at Stroudsburg, Pa. While in college he was a member of the 1913 and 1914 football teams.

DELTA SIGMA PLAY PROVES BIG SUCCESS

Annual Event Enjoyed by More Than One Hundred Guests.

Friday evening Delta Sigma rendered its annual play in the Lewisburg Club. The drama entitled, "He and She," which was presented, was one of the strongest literary problem plays written in a number of years. It is a masterpiece both in its construction and in the idea it presents.

"He and She" deals with old time question of woman's rights and her responsibilities in the home. The daughter of the artist largely brings about a conclusion in which the wife is reconciled to the home as the greatest expression of herself.

Great praise is due to the cast for the masterly way in which they presented the drama. Each part showed a great amount of careful study and interpretation. The play had been under their study for several weeks and the night of the production certainly gave substantial evidence of their efforts.

About a hundred guests were present and enjoyed the evening. Judging from the applause and verbal acclamation the play and the idea it conveyed "went across" very strongly. Already several requests have come to the cast to repeat the play before the student body.

After the performance which lasted two hours, refreshments were served. During the interval between acts the guests were entertained by unusual numbers both vocal and instrumental. As a departure from previous years college women took part in the play, adding greatly to the effect produced.

BUCKNELL DAY BIG SUCCESS IN SPITE OF WET WEATHER

Track Meet, Collegiate Tennis, and Many Fraternity Dances in Honor of First Annual Holiday.

In spite of a thunder shower which halted the Penn State-Bucknell tennis matches and prevented the Dickinson-Bucknell baseball game, the events of Bucknell Day were of such a character that the plan may well be called a success. Starting promptly at ten in the morning, a fast and exciting Interclass track meet took place, in which the Bucknell record for the pole vault, held since 1902 by Thiess, '02, was broken by Haslam, '23. The Freshman class carried away the honors for the meet and won the "Bucknell Mirror" trophy.

In the afternoon a hard thunderstorm broke just as the tennis match with Penn State was getting well under way, making it impossible to get a decision. In the evening, however, the weather moderated and dances were held by the various fraternities. At the Phi Gamma Delta house DeLong's orchestra played for a very nice dance, with Miss Fowler acting as chaperone. The Kappa Sigma fraternity had the Banjo-Saxaphone orchestra of Williamsport, which furnished excellent music. Miss Carolyn chaperoned this dance. The Sigma Chi orchestra was the attraction at the Sig house, and a very fine dance was hel, with Miss Bromley as chaperone. Dances were also held at the Phi Kappa Psi and the Lambda Chi Alpha houses, while the Forums held a very nice party.

One of the best features of the day was the spirit shown during the dances in the evening, as fraternity men passed from house to house, enjoying a dance in each. The spirit of Bucknell was everywhere in the air, and the unanimous opinion of the student body seems to be that Bucknell Day shall be made an annual affair.

INTERCHURCH DRIVE REPORTING PROGRESS

All reports from the Interchurch World Movement look promising; so far the general campaign has passed the fifty million mark. Bucknell itself has raised over $67,000. This includes the town, nearby towns, the church and students and professors. The Baptist Church of Lewisburg raised $14,674; while the town has raised, so far over $19,000. The largest individual contributions from our alumni, who are holding up their end very well, have been two of $10,000 each. One very interesting contribution was a check for $100 from an alumnus who is eighty-one years of age. He stated that he did not know know whether he would live to fulfill a pledge, so instead he would send what he could now.

Union County has been one of the first to fulfill its quota, going over the top. If every county proves as loyal as Union all will be well. There is every reason to be hopeful for complete success.

ORIGINAL STUNTS AT FROSH HOP

The Freshman Hop held last Friday evening in Tustim Gymnasium was a decided success. The building had been cleverely decorated with a canopy of orange, blue and green streamers and around the walls were pennants and banners which gave it a college-like effect. The music, supplied by the Mannix orchestra from Harrisburg, was enjoyed by all. Dancing began about 8:15 and ended at midnight. The floor was in good condition and improved as the dancing went on. The feature of the evening was a favor dance in the second half when paper hats and streamers were given out.

The program were printed on white paper in green ink and each dance was named with a selection from the Freshman Rules. The guests who attended were: Miss Anna Carey, Miss Thirza Bromley, Prof. and Mrs. Lindemann, Dean and Mrs. Phillips and the presidents of the three upper classes.

DELTA SIGMA DANCE FRIDAY

The annual formal Spring Dance of the Delta Sigma Fraternity will be held at the Armory, Friday, May fourteenth.

Hutchinson '22, entertained his parents on Friday.

1921 L'AGENDA WILL APPEAR IN TWO WEEKS

The 1921 L'Agenda is fast nearing completion, and will be distributed here within the next two weeks. Most of the proof has been read already on the annual, and it will go to press the last of this week. As soon as it comes from the bindery, the Buffalo publishing firm will sent it to Lewisburg, where it will be distributed by Manager Martin K. Mohler. Only a limited number of L'Agendas were ordered, and any person desiring a copy should make the necessary arrangements with the manager within the next few days. The proofs, as received by the editor, were well made up, and the book promises to be of a style that is new and unusual to the eyes of the student body. The art work shows up especially well, and will be quite a treat to the readers of the 1921 L'Agenda.

FROSH-SOPH BASEBALL GAME ON MAY 26

Managers Myerly and Wren have arranged the annual Sophomore-Freshman baseball game for Wednesday afternoon, May 26.

GLEE CLUB MAKES BIG HIT AT MUNCY

Combined Musical Clubs Given Royal Reception—Plans Made for Concert With Girls' Glee Club on May 24.

The Glee Club journeyed to Muncy last Monday evening and awakened the echoes of that Normal town by rendering their usual good program at the Lutheran Church—even though the orchestra was somewhat "under-sized." A good crowd greeted the club and gave them a good response to every member onshrill a shrol-unmu[illegible] number on the program, and especially the popular song by Hans [illegible] who appeared four times in encores.

The coming concert by the Bucknell University combined musical clubs to be given in the Baptist Church on the 24th of this month promises to be one of the best musical treats ever presented in Lewisburg. This year, the final concert by the Bucknell musical clubs will be a feature in that the women of the college will also take part in the work. At the present time the club are practicing with the women in preparation for the concert. Prof. Stolz, when interviewed, said that the work was entirely satisfactory and entirely up to his expectations. The soloists for the clubs will be Ralph F. Hartz, whose fine work has been appreciated in the past and who has been heard many times before with the men's organization; Robert P. Hartz, who also has appeared with the men's club on their trips; Hobart Brown, baritone, who is so widely known that no comment is necessary; and Susanne Statler, who possesses a very beautiful contralto voice. The men and women will appear together at two separate times and the men will appear alone and the women alone. The Bucknell quartette will also appear and possibly a quartette of the women. Manager R. F. Hartz has announced that students will be admitted upon their budget tickets and that a general admission of fifty cents will be charged to the general public.

STUDENT EX. ELECTION

Student government elections for the coming year held at the Woman's College last week, resulted in the choice of the following: President, Matilda Bell, '21; Emily Devine, '21; Emma Fuhrer, '21; Elizabeth Confeur, '22; Emma Kunkle, '22; Marjorie Nichols, '23.

PHI GAM VISITORS

John Neff, W. C. McFarland and M. R. DeLong were visitors at the Phi Gam house over the week end.

Dewey Frymire, ex-'22, who is now attending State College, visited his Phi Gamma Delta Brothers on Bucknell Day.

Sigs Entertain Mothers

Sigma Phi gave an informal reception to the mothers and wives of its members and alumni, Sunday afternoon from 2 to 4 p. m. It was a unique occasion, twenty-four ladies affiliated to Sigma Chi either by a son or a husband, gathering at the chapter house, where all formalities were thrown aside, and personal acquaintanceship was established. The Sigma Chi orchestra played appropriate music, which was thoroughly appreciated by the ladies, a number of whom were from out of town. Light refreshments were served.

El-Azhar, the Mohammedan University of Cairo, teaches the Koran only, but has over 9,000 students. Students squat in small groups around their teachers in the great courtyard. Many of the graduates can recite the and memorize their sacred book Koran verbatim.

DARTMOUTH

A change in requirements for entrance to Dartmouth College, which is considered the first step in a considerable revision as affecting high and preparatory schools with the certificate privilege, was announced today by President Hopkins.

Under the new plan certificates from accredited high and preparatory schools will be accepted only from students who for their four years in school have stood in the first quarter of their class. Under the present plan an average grade of 85 per cent is required for the certificate privilege. The new plan will go into effect in September, 1921.

It was deemed advisable to adopt the new method President Hopkins said, because of the great number of applications now being received for admission.

MUSIC RECITAL PLEASES MANY

Miss Armstrong and Miss Bergstresser Entertain Big Audience in Bucknell Hall With Violin and Piano Concert.

Miss Charlotte Armstrong, violin, and Miss Katherine Bergstresser, piano, members of the faculty of the Bucknell School of Music, appeared in joint recital on Thursday evening, April 29, in Bucknell Hall. Miss Armstrong is an exponent of the Belgian School of violin playing, the broad style of bowing, and has been coaching for the past several years with Ovide Nursin, of New York City, the chief exponent of this method in this country. Miss Armstrong was at her best in the exacting and difficult ballade and Polonaise of Vientemps and the Concerto in D Major of de Berlot, and displayed great artistry in their interpretation and execution. Though always artistic and master of her instrument, Miss Armstrong's work showed a steady growth and improvement over that of former years.

Miss Bergstresser, a talented graduate of the Bucknell School of Music in 1916, played with much intelligence and charm and showed great improvement over her student days, as a result of her study with George F Boyle of Peabody Conservatory, of Baltimore All her numbers revealed technical ability and temperament but Die Lorley was given with particular finish and style Miss Bergstreser also proved herself an intelligent accompanist and furnished a proper background for the solo instrument.

KINDNESS APPRECIATED

The captain and manager of the tennis team wish to thank in these columns Mr. P. B. Linn, Mr. J. McClure, the Kappa Sigma and the Sigma Alpha Epsilon fraternities, respectively, for the use of their courts on Bucknell Day. It is only due to their kindness that a big collegiate tennis match can be played here at home.

W. C. Wolfe Lehigh, '23, was a guest at Phi Gamma Delta house over the week end.

THE BUCKNELLIAN, BUCKNELL UNIVERSITY

NEW CATALOGUE MAKES APPEARANCE

Many New Features Are Included in Attractive New Booklet—Will be Distributed Within a Few Days.

The new college catalogue for the school year of 1919-1920 has just been received by the college authorities and will soon be ready for distribution. In every particular it seems to be a marked improvement over the catalogues issued in previous years, and is indeed worthy of the institution. The cover is simple, containing merely the title and the new Bucknell seal printed in black ink on brown cover paper. After the title page and the table of contents comes a panoramic view of the college, and following this there is a map of Lewisburg, showing the location of the college, fraternity houses, churches, etc. Then comes the school calander for 1920-1921, giving the dates for the opening and closing of school and all of the intermediate holidays. This is followed by a statement of the corporate rights, the benefactors, the Board of Trustees and the various committees of the board.

The next section contains a list of the buildings and equipment, with a brief but comprehensive statement about them. The buildings of the Women's College are included in this also, and they are briefly described. Following this section comes the College, with a list of the members of the faculty and the faculty committees. Then comes statements regarding admission to college and graduation from college, with all of the requirements for both of these important steps.

The courses of instruction are outlined in a very comprehensive manner, with a very clear account of each subject taught and the professor or instructor in charge of each class. Expenses are also quoted, and it will be interesting to note that these are all strickly up to the minute and in accord with the latest actions of the Board of Trustees. General regulations are also given two pages, but showed that tennis is a popular sport at Bucknell.

SOPH COTILLION EVENT OF WEEK

Record Making Orchestra Will Play for Big Class Dance at Milton Park Friday Evening—All Plans Completed.

The Sophomore Cotillion will be held Friday evening, May 14, at Milton Park, dancing from nine to two. Specht's Socket, Serenaders, a group of exceptional musicians from Reading, will provide entertainment. Cars will leave Lewisburg promptly at eight o'clock standard time and arrangements have been completed with the park management for trolley service after the dance.

The committee has made elaborate preparations for the event and it promises to surpass all others of previous years. Specht's orchestra has achieved distinction throughout the State and has been introduced to the musical world by playing for the Columbia Graphaphone Company. The programs also embody a touch of individuality. The hall will be tastefully decorated with palms and fraternity banners, Bucknell's colors, Orange and Blue, predominating. It is the aim of the committee to leave nothing undone to assure the Cotilion's success.

Mr. and Mrs. Walter Blair, Mr. and Mrs. Roy Butler, Dr. and Mrs. Gerhart, Mr. and Mrs. J. F. Kurtz, Mr. and Mrs. H. J. Nogle and Dr. and Mrs. Roland have kindly consented to act as patrons and patronesses.

CALENDAR FOR 1920-1921

1920

March 23-30—Spring Recess.

May 30—Holiday.

June 10—Second Semester Ends.

June 12—Baccalaureate Sunday.

June 14—Alumni Day.

June 15—Annual Commencement.

LOCAL DELEGATES ATTEND STATE "Y" CONFERENCE

Beginning with the banquet for "Y" Presidents on Thursday and closing Sunday the Y. M. C. A. conference at Allentown was a complete success. Over a hundred and fifty men were present, representing college "Y's" from nearly every school in Pennsylvania and New Jersey.

The following evening all delegates attended a banquet at the Allentown "Y" being addressed by the President of Muhlenburg College. At the business meeting Saturday, President Thomas, of the local Y. M. C. A., was elected chairman of the convention and took charge immediately. Among the speakers were Higgenbotham, who talked upon conditions in India; and Carruthers of the State, and Tinker, of the National Y. M. C. A.

Bucknell played a prominent part at the convention, Thomas being elected both chairman of the conference, and one of two representatives from the State of Pennsylvania to the InterState College Y. M. C. A. conference. Those attending from Bucknell were Hooven, Thomas, Emerich and Eaton.

RAIN STOPS BIG TENNIS MATCH

Bucknell in the Lead With Penn State When Thunder Storm Interrupts Match—First Local Match in Four Years.

Rain, the common foe of recent scheduled athletic contests, prevented the completion of the tennis match with Penn State, although by beginning the matches at one-thirty, three single matches were played, while the fourth was well under way. This was the first collegiate match to be scheduled on the home court since 1916, when Bucknell defeated the net men from State 5-1.

The teams were especially primed for victory, Saturday and some excellent tennis was played on the various courts. The enthusiastic and appreciative audience at the courts, showed that tennis is a popular sport at Bucknell.

BUCKNELL SCRIBES ATTEND ANNUAL PRESS CONFERENCE

Person and Benjamin Delegates to Intercollegiate Newspaper Association Meeting at Rutgers College.

The Bucknellian shared in the semi-annual conference of the Intercollegiate Newspaper Association of the Niddle Atlantic states held at Rutgers University, New Brunswick, N. J., on Friday and Saturday. Sixteen colleges were represented by editors and managers who later went to New York city and met with the Eastern Intercollegiate Newspaper Association which held sessions at Columbia University.

Editor Hayes L. Person and Manager George N. Benjamin, of the Bucknellian, were the local representatives. Other colleges in the association are Lafayette, New York University, Rutgers, Dickinson, Lehigh, Gettysburg, Penn State, Ursinus, Haverford, Muhlenburg, Stevens, Swarthmore, Washington and Jefferson, Franklin and Marshall and George Washington University. The last two were elected to membership at this conference.

Sessions began Friday afternoon and extended until late in the evening, separate sessions being held for managers and for editors. At the meeting in the evening, Dean Louis Bevier, of Rutgers, etended a hearty welcome to the delegates and the sessions which followed pertained to problems met by editors and managers in issuing college publications.

Officers elected for the coming year resulted as follows: President, C. L. Glenn, of Stevens; vice president, James E. Bogardus, of Swarthmore; secretary, Frederick Leuschner, of Penn State; treasurer, John R. Hoopes of Haverford. The next convention will take place at Penn State College in October.

In the afternoon the delegates were given an instructive trip through the plant of the New York World, where they watched the various editions turned out in each department. This trip brought to a close the most successful convention the association has ever held. Only one feature proved belated and that was the announcing of prizes by the Philadelphia Public Ledger company for the three best college papers in the association. The three prizes are usually announced at this time but files of each paper were not presented in time for a decision The winners will receive word of their prizes in the next week or ten days. Last year the Bucknellian won second prize in the contest. This year all the publications have adopted marked changes and additions so that it is hard to judge who will be the lucky editors this year.

INTERCLASS MEET GOES TO FRESHMEN

First Year Class Wins Mirror Trophy With 77 Points—Treadwell High Scorer of Meet With 14 Points—Record Broken.

Despite a threatening day the bleachers on the athletic field were crowded to capacity when the gun cracked for the first event of the Interclass meet in the morning of Bucknell Day. The track was a fine condition for the races and interest ran high as to the outcome All the races were fast, one record being taken and several put in danger. The Frosh cleaned up the games with a total score of 77 points, placing in every event and taking nine first places out of a possible fourteen. The Mirror Trophy for the class winning the meet was to the class of 23, and will be held for one year. The Sophomores came second with 28 points and the Seniors and Juniors next with 13 and 3 points respectively.

Treadwell, the mainstay of the Sophomore class took first honors as high point scorer of the meet, collecting a total of fourteen points. He won the high jump with a leap of 5 feet 6 1-2 inches and took first in the high huddles, second in the discus and third in the shot-put.

The pole vault record, which has stood since 1902 when Theiss made a leap of eleven feet was raised on Saturday by Haslam. He cleared the bar at eleven feet 1 1-2 inches. Lovejoy and Hahn exceeded expectations in their respective events and stepped over the cinders in nearly record time. The 100 yards event went at 10.1, while the 440 event was clocked in 53 seconds, flat. Lighton, who gathered in two firsts, came within 7 feet of the local record in the discus, making a heave of 108 feet.

Admission 22c.

THURSDAY AND FRIDAY
ADOLPH ZUKOR
presents
The Super Picture
"THE COPPERHEAD"
with
LIONEL BARRYMORE
The story of a man who lived for his country and served his President—Abraham Lincoln.
More pathos than "The Miracle Man;" more heart-interest than "Shore Acres;" more human appeal than "The Auctioneer;" more big spectacular scenes than "Ben Hur." Better acting than the screen has ever seen. Put on the screen—superbly—for all the world to see, to love, to cherish. Founded on the great American play by Augustus Thomas, "Here's the beat of the human heart transferred into a dramatic entertainment that has never equalled in the history of pictures. No man, woman or child can look at "The Copperhead" and fail to feel its tender pathos, its vital appeal, its uplift of emotion. Truly, it is one great American picture of today. Same series as "Miracle Man," and "Male and Female." Please don't miss this production. Civil War Veterans admitted free.
Admission 22c.

SATURDAY
Another Breezy Saturday Show
"THE WALK-OFFS"
featuring
MAY ALLISON
A stage play written by Frederic and Fanny Hatton and produced by Oliver Morosco. By the same authors as "Lombardi, Ltd." May Allison is the actress who played here in "Fair and Warmer" and made such a favorable impression.
A smart society story featuring a society circus that is well done.
Added "Sunshine" Comedy
"BACK TO NATURE GIRLS"
Just full of girls
Admission 22c.

DELTA SIGMA PLAY PROVES BIG SUCCESS

Annual Event Enjoyed by More Than One Hundred Guests.

Friday evening Delta Sigma rendered its annual play in the Lewisburg Club. The drama entitled, "He and She," which was presented, was one of the strongest literary productions plays written in a number of years. It is a masterpiece both in its construction and in the idea it presents.

"He and She" deals with old time question of woman's rights and her responsibilities in the home. The daughter of the artist largely brings about a conclusion in which the wife is reconciled to the home as the greatest expression of herself.

Great praise is due to the cast for the masterly way in which they presented the drama. Each part showed a great amount of careful study and interpretation. The play had been under their study for several weeks and the night of the production certainly gave substantial evidence of their efforts.

About a hundred guests were present and enjoyed the evening. Judging from the applause and verbal action the play and the idea it conveyed "went across" very strong. Already several requests have come to the cast to repeat the play before the student body.

After the performance which lasted two hours, refreshments were served. During the interval between acts the guests were entertained by unusual numbers both vocal and instrumental. As a departure from previous years college women took part in the play, adding greatly to the effect produced.

COLLEGE SENIORS!!
Business Training Fellowships!
The Metropolitan Merchants of today want college-trained men; they recognize your ability and are willing to meet you halfway in providing you with the practical business training necessary for your ultimate success.
UNLIMITED OPPORTUNITIES
Twenty of the largest department stores in New York City have cooperated with New York University in establishing a Graduate Course for the purpose of training college graduates as teachers of salesmanship or for the numerous executive positions, as directors of training and personnel managers in the stores.
The Graduate Training Course requires two years for completion and combines THEORY and PRACTICE as follows:
Mornings to study and lectures at the University.
Afternoons and vacations to PRACTICAL BUSINESS TRAINING.
YOU ARE PAID A SALARY WHILE YOU LEARN!
Graduate Fellowships, each worth from $700 to $1,000 yearly, are awarded each college man or woman accepted for the course. You have a bona fide business connection with the cooperating stores during training, and you are given an opportunity to study all departments in many stores.
For further information write or call on Dr. Lee Galloway, New York University, Room 803-C, 32 Waverly Place, New York, N. Y.

Others Colleges And What They Are Doing

Mohammendan University

El-Azhar, the Mohammedan University of Cairo, teaches the Koran only. It has over 9,000 students. Students squat in small groups around their teachers in the great courtyard Many of the graduates can recite the and memorize their sacred book Koran verbatim.

DARTMOUTH

A change in requirements for entrance to Dartmouth College, which is considered the first step in a considerable revision as affecting high and preparatory schools with the certificate privilege, was announced today by President Hopkins.

Under the new plan certificates from accredited high and preparatory schools will be accepted only from students who for their four years in school have stood in the first quarter of their class. Under the present plan an average grade of 85 per cent is required for the certificate privilege. The new plan will go into effect in September, 1921.

It was deemed advisable to adopt the new method President Hopkins said, because of the great number of applications now being received for admission.

Penn State

Arrangements are under way whereby the Penn State Freshman Male Quartet may be the recipients of a concert tour to the Isthmus of Panama. If the offer is accepted they will leave at the close of school in June. Professor Robinson applied for the trip recently and word has been received from Washington that the authorities are considering the proposition and all indications point toward their selection. The trip was made in 1914 and 1915 but at the outbreak of the war was postponed. The men are already at work on an interesting program will contain many novelties and should impress the Isthmians sufficiently to perpetuate the trip for future years and uphold the record Penn State has already made in Panama.

"Contentment," remarked Shinbone, "am a mighty fine thing; de only trouble 'bout it is it's kin' 'o hahd to 'stinguish from jes' plain laziness.,,—Boston Transcript.

Intercollegiate Athletics

Intercollegiate athletics, in the year of 1918-1919, cost Columbia the sum of $7,798.55, this being the deficit between the receipts and expenditures when balanced, according to a report by the athletic association. The income from alumni, faculty and students' athletic fees was only slightly more than $8,100 and the total expenses nearly $16,000. Track, baseball and crew were the heaviest losers, while football under the S. A. T. C. regime was the only sport to show a credit. The minor sports helped to make up the deficit.

An ingenious professor of Mathematics has figured out that one cent invested at the beginning of the Christian era(1,919 years ago) at a rate of interest equal to the government Liberty bonds, that is, 4 1-4 per cent, with interest compound to date, would make 100,000 globes of sold gold, each the weight of the earth. The earth weighs six and twenty-one ciphers tons. But the 1 cent, with its accumulations, reduced to a minimum weight in gold at the rate of $20 in the ounce, would, he says, make 1000,000 planets of the earth's weight.

Entrance fees to every college in Pennsylvania, affecting both incoming and old students, to substantiate a salary increase for teachers, has been agreed on by 22 college presidents representing the Association of College Presidents of Pennsylvania.

For the first time in Yale history, students may now be admitted without Latin, while John Hopkins requires it only for admission to the Medical School.

The University of Oxford, England, is composed of 22 colleges and three halls. The average enrollment of these is about 150. Cambridge University has 17 colleges and one hall. Its largest college, Trinity, has about 550 undergraduates.

Jacob Could Schurman, M. A., D. S., LL. D., for 28 years President of Cornell University, has recently tendered his resignation to take effect in June. Dr. Schurman, then Sage Professor of Ethics and Philosophy at Cornell, was elected to the presidency of the university in 1892, succeeding the late Charles Kendall Adams. He was head of the first United States Commission to the Philippines and spent most of the year 1899 in those islands. In 1912-13, during the Second Balkan War, he was United States Minister to Greece and Montenegro.

Among Our Alumni

The Rev. Frank Anderson, '01, has been selected by the New York State Sunday School Association as Superintendent of Division 17, comprising Tompkins, Cayuga and Seneca Counties. Cornell University, Wells College and Auburn Theological Seminary are in this district.

The office is one of unusual honor and, after a wise and careful search for the right man, was entrusted to the Rev. Mr. Anderson. His headquarters will be at Auburn. He will direct the work of all Sunday School activities as executive head. Rev. Mr. Anderson has held pastorates at Dividing Creek, Millville and Collingswood in New Jersey, at Johnstown and Watertown, New York. He was also Field Secretary for the Barnes Men's Bible Class Movement for two years.

In collge he was a member of the Phi Gamma Delta Fraternity, Editor in Chief of the L'Agenda and a Commencement speaker. He received his Master's Degree from Bucknell in 1903.

B M. Ogden, ex-'09, visited old friends in Lewisburg recently. He is sales agent for the Stroud Michael Company, Electrical Specialties, Pittsburgh. His address is 225 Oliver Avenue.

J. R. Schultz, '08, is managing editor of the DuPont Magazine in Wilmington. He and his wife, formerly Hannah Mervine, '09, reside at 1605 West Thirteenth street, Wilmington, Del. He is a brother of Miss Schultz of the Music School Faculty.

David N. Boswell, '18, who is in his middle year at Rochester Theological Seminary, has accepted a call to the First Baptist Church at Nunda, New York.

C. Walter Lotte '14, of Paterson, N. J., and Frank A. Berkenstock '18, principal of the Renovo high school visited their Delta Sigma brothers. Lotte was recently promoted to manager and director of the National Dye and Silk Corporation.

VISITING HERE

G. I. Irland, '14, electrical engineer, now rwkoing at Sparrows Point, N. J., is spending a few days visiting brothers at the Sigma Chi House.

Miss Mary Bierne, '21, spent the week-end at her home in Wilkes-Barre.

WOMEN'S COLLEGE NOTES

Sandwiches! Sandwiches! is the call that is issuing forth in the "Sem" several times a week, and the cause is the fact that the girls need new tennis nets and balls, as well as to square up some bills of the athletic association. Sandwiches, ice cream and soft drinks will be sold several times a week so that by this means the co-eds can meet all bills and improve the tennis courts in front of the Women's College. Every day the courts are in constant use by the "Semites," who since the weather has permitted, are taking a keen interest in the sport. Many of the girls are just learning while others are developing into real stars.

WONDERFUL CHANCE FOR SOMEBODY

Prize of $500 Will be Given to Successful Contestant in Competition for Biographical Play.

The present serious shortage of nurses and the excellent opportunities for college trained women to attain positions of leadership in this rapidly developing profession will be emphasized by the country wide celebration on May 12, of the hundredth anniversary of the birth of Florence Nightingale. One of the most interesting features of the celebration is the prize of $500 offered by the Central Council for Nursing Education, for the best full length play based on incident in the life of Florence Nightingale.

The competition closes August 1st, 1920. Manuscripts should be submitted in typewritten form accompanied by a stamped return envelope and should be addressed to the Nightingale Centennial Committee, National Organization for Public Health Nursing, 156 Fifth Ave., New York City. The manuscript should be signed, not by the name of the author, but by a pen name. An accompanying envelope inscribed with this same pen name should contain the full name and address of the author. The following committee has been appointed to judge the manuscripts: Mrs. Minnie Maddern Fiske, Miss Marylka Modjeska, Miss Alice Beer, Miss Lillian D. Wald.

No restrictions are imposed either on the form of the play or on the treatment of the subject matter. It is urged, however,that persons wishing to compete for the prize prepare themselves by a study of Florence Nightingale's writings and of the biographies, such as the two volume "Life" by Sir Edward T. Cook (MacMillan & Co., New York) and the section on Florence Nightingale in Lytton Strachey's "Eminent Victorians" G. Putman Sons, New York.

Suggestions may also be obtained from the Florence Nightingale Tableaux published by MacMillan, and from Mary Ald's brief monograph, both of which may be obtained in pamphlet form through the Nightingale Centennial Committee, National Organization for Public Health Nursing, 156 Fifth Avenue, New York City..

Miss Virginia Walton entertained her mother during the week.

Miss Evelyn Powell, '20, received a visit from her mother over the week-end.

S. A. E. CELEBRATES MOTHERS' DAY

Pa Zeta of Sigma Alpha Epsilon observed Mothers' Day Sunday, May 9, by entertaining the following mothers and friends of the members and pledges of the chapter. Mrs. R. Haus, Reading; Mrs. A. N. Bitner and Mrs. J. W. Moore, Milton; Mrs. J. Davis, Mrs. C. Ingram, and Mrs. Vandermark, Nanticoke; Mrs. F. B. Wheat, Millville, N. J.; Mrs. Bavsley, Wintsontown; Mrs. T. S. Williams, Wilkes-Barre; Mrs. A. Tredell and daughter, Frances, Painted Post, N. Y.; Miss Schultz, Bloomsburg; Miss Elsie Barrett, Altoona; Miss Thelma Lather, Hollidaysburg; Miss Thelma Cary, of Wyoming.

About five years ago the S. A. E. fraternity instituted the custom of commemorating this day. The occasion provides an opportunity for the mothers to meet the other fellow's mothers and it has proven more successful each successive year.

Our Own Ad. Colm

For Sale—A Fliv
One Ford car, with a piston ring,
Two rear wheels; one front spring.
Has no fenders; rent made of plank,
Runs lots of gas; hard to crank.
Carburetor busted half way through;
Engine missing—hits on two.
Only three years old, four in Spring;
Has shock absorbers n everything.
Ten spokes missing, front axle bent.
All tires punctured—not worth a cent.
Gee lots o' speed, will run like the
deuce,
Burns either oil or tobacco juice.
If you want this car, inquire within—
Helluva good car for the shape it's in.

—Ex.

Winston—My career at college is like an open book.

BUCKNELL UNIVERSITY
Vol. XXIII Lewisburg, Pa. May 18, 1920 No 26

NEXT BUDGET PROPOSES GOOD APPORTIONMENT

WILL BE VOTED UPON BY THE GROUPS TONIGHT.

ATHLETICS, BUCKNELLIAN AND GLEE CLUB FIGURE

Agreeable Class Memorial Suggestion Added—Total Amounts Reaches Sum of Thirteen Dollars.

The matter of Budget apportionment was taken up last evening by a group of fraternity and non-fraternity representatives. All sums were fully discussed and a list was drawn up to be submitted to each group this evening.

The new figures show an increase to Athletics, Bucknellian, Glee Club and a new fee for Class Memorial which promises to eliminate much inconvenience. The proposed budget follows:

Athletics	$ 7.50
Y. M. C. A. or Y. W. C. A.	1.00
Band	.50
Bucknellian	1.25
Class Dues	.50
Glee Club	1.00
Debating	.25
Dramatics	.25
Senior Council on Stud. Ex.	.25
Class Memorial	.50
Total	$13.00

Class dues will accumulate during four years of each student. In Mens' budget Y. M. C. A. and Senior Council with share. In Womens' budget the sum will go to Student Executive and Y. W. C. A.

POSSIBLE MEET WITH GETTYSBURG

Negotiations Under Way for Local Tilt With Battlefield Lads May 29.

Although no definite word has been received from Gettysburg with reference to a proposed track meet to be held Saturday, May 29, it is hoped that the arrangements can be made. Gettysburg has been competing each week and has developed a team of real worth so that if the arrangements can be completed satisfactorily, fine competition will be seen on the Bucknell campus.

Gettysburg has held her own with other colleges in the Middle Atlantic States and in putting her strength against the rival Orange and Blue would make every effort to take off first honors. With the exception of the Interclass Track Meet Bucknell has held no opportunity to show her material but from the results of that meet it would seem that the Orange and Blue would make a fine showing against the men from the Battlefields. Further announcement of the arrangements will be made later.

Coach Musser is keeping all men in taraining and is confident that two more weeks of practice will put the men in still better condition.

DELTA SIGMA HIKE

Delta Sigma will hold a hike Saturday.

CAMPAIGN FUNDS GROWING RAPIDLY

Treasurer John T. Judd Reports Sum Total of $112,000 With Many Alumni to Hear From.

Bucknell's subscriptions to the campaign fund for increased endowment is progressing rapidly since last week and has reached the total mark of $112,000. Treasurer Dr. John T. Judd reports of this sum Lewisburg alone has gone over the $20,000 mark.

A goodly number of alumni have responded but there are still hundreds to be heard from. A number of leaders in different sections of the State have not yet made reports in detail and practically all are continuing to add to their amount previously reported. Williamsport has reached an approximate sum of $6,500. These figures compared with those of last week show amounts have almost doubled and the results are coming along quite favorably.

Somebody Wants Money

Martin K. Mobler, manager of the 1921 L'Agenda, requests that all outstanding bills from the different fraternity and other groups be settled as soon as possible.

SENIOR RECEPTION ON THURSDAY EVENING

The annual reception of the President of the University to the members of the graduating class will take place Thursday evening, May 20, from eight until ten-thirty at the home of the President. There are about 130 members in the present graduating class and the event promises to be a large one.

This social affair is one of the forerunners of Commencement and is always looked forward to with much pleasure by the seniors. The event this year will be the first given by Dr. and Mrs. Emory W. Hunt. Seniors will meet at Women's College at 8 o'clock Thursday evening and march to the reception.

DELTA SIGMA FORMAL DANCE WAS ENJOYED

Guests and Hosts Pleased With Second Big Dance of Season in Lewisburg Armory.

The annual formal dance of Delta Sigma fraternity took place Friday evening, and was attended by more than 40 couples. The Armory, in which the dance was held, was beautifully decorated and literally covered with fraternity and college banners and fraternity and college colors. At each end of the hall were tables spread with a buffet lunch. Two artistic rooms of crepe were built on the south side of the hall while on the north side were the orchestra and a stone well containing punch. Subdued lights added to the general effect. Alexander's ten-piece orchestra of New York City presented the finest type of music and delighted all. During intermission they entertained while a collation was served. The ladies were favored with gold lockets embossed with the fraternity coat of arms.

Out-of-town guests and representatives from Bucknell fraternities attended. The visitors included: P. H. Ramsay, Washington and Jefferson; Thomas H. Latta, D. C. Clark, and Mr. McGivern, University of Pennsylvania; Arthur H. Stewart, Jr., University of Pittsburgh; Granville B. Brumbaugh, Lehigh; Howard L. Stuart, Pennsylvania State College; John F. Preston, Allegheny; John Morgenthaler, Dickinson; Alfred G. Trundle, Gettysburg; and Messrs Blaisdell, Harper, and West of Swarthmore.

The patrons included Dean and Mrs. Phillips, Prof. and Mrs. Drum, Prof. and Mrs. Rice, Prof. Fries, Dr. and Mrs. Roland, Mrs. Foster, and Mr. and Mrs. Foster. Many of the guests remained in town for dances Saturday evening and for the baseball game in the afternoon.

ELECTION OF ATHLETIC OFFICERS

Polling Place in Reading Room on May 26—Candidates to be Named.

The date set for the annual election of officers of the Student Athletic Association is May 26 when president, vice president and secretary will be elected.

Announcement as to nominations will be made through Senior Council and candidates chosen will be announced in the Bucknellian next week as well as being posted. Election will take place in the Reading room on May 26 under conditions to be announced next week. Names of men to be considered as nominees must be presented to Senior Council by next Monday night.

SENIOR COUNCIL HAS INTERESTING INFORMATION FOR UNDERCLASSMEN

Sophomores will pay their last tribute as underclassmen on Thursday night when they will be in their rooms at 9:30 o'clock and also impress the freshmen by that time to do likewise. As usual all first year men will hunt their heaviest shoes for usage.

Senior Council has received an accurate roll of all underclassmen and their rooms and drastic measures are being prepared for all men missing after 9:30 o'clock that night.

FORUM VISITORS

Miss Dorothy Emerich was a Forum guest over Sunday.

Miss Livingston, her mother and her brother, and Miss Isabelle Webster, were entertained on Sunday.

ANNUAL CONCERT OF GLEE CLUB NEXT MONDAY

COMBINED WITH GIRLS' CLUB AS FINALE.

JOKES, CARTOONING AND MUSICAL NUMBERS GALORE

Baptist Church Will be Scene and Event Will Begin at 8 O'clock Monday, May 24.

The annual home concert of the Combined Bucknell Musical Clubs will be given Monday evening, May 24, in the Baptist Church, at eight o'clock. The event promises to far outshine the popular events of past years by uniting with the Girls' Glee Club in closing the season with a climbing success under the new officers and management. Not only will the Girls' Club take a big part but the reason will be disclosed why Bucknell singers have made such a decided hit on both the Western trip and the Eastern trip. Cartooning, jokes, humorous and classical musical numbers will all play a well arranged part to give the student body and the people of Lewisburg a treat that will even excel the big success of former years when two and three concerts

MEN'S COMBINED CLUBS

had to be given to accommodate the crowds.

Rehearsals have been held regularly for several weeks, and all of them point to a great treat for lovers of good music. Prof. Stolz has been working hard with both the men and women to "whip" them into shape.

This concert will be the culmination of the best season that a Bucknell Glee Club has ever enjoyed, and the experience of over 25 concerts on both the Eastern and Western trips this season will be brought to bear upon the program to make it the best ever.

Special emphasis is placed upon the part the girls will have in the program. Miss Josephine Greene who made a decided success and a host of admirers at her recent recital by her splendid voice will be the soloist for the girls. A duet by Miss Josephine Greene and Miss Elthera Corson will also have a place on the program. Miss Susanna Statler will sing the obligato parts of the program numbers. The Girls' Club will sing several numbers with the Mens' Glee Club and also several separate renditions.

As soloists for the Mens' Club the Hartz Brothers—Ralph with his term voice and "Bobby" on his violin—are working hard on new material to repeat the great applause they gained on both the big trips, when they were given exceptional ovations by every audience before which they appeared.

The Glee Club quartet that made such a "rep" for itself throughout the season, will also be on hand with new selections. The string trio will do likewise. In fact, it will be a complete new program, with all the old-time "pep" and variety that has made the Club compare more than favorably with many other college organizations. A new feature to Bucknell audiences will be the work of the Cartoonist Keech, who was greeted everywhere on the trips with a "royal hand" by his audiences. He will be on deck with a new line of sketches,

15—Alumni.

SUMMER SCHOOL IN BIOLOGY BEGINS JUNE 23

PROFESSORS DAVIS, STEWART AND RICE IN CHARGE.

ONLY THIS DEPARTMENT WILL OFFER COURSES

Exceptional Advantages Offered Under New Credit System With Many Courses Open.

Bucknell will have summer school in the Biological Department this year although the University as a whole will not continue its full college courses of the past four summers. The summer courses which are in charge of Dr. N. F. Davis will begin June 23 and continue until August 3. Complete information concerning the courses has been worked out. It follows:

The Staff

Nelson Fithian Davis, Sc. D. Norman Hamilton Stewart, A. B., Sc. M. John Winter Rice, Sc. M. A. M.

Courses of Instruction

Teacher's Biology

This course is arranged for those who have a professional interest in Zoology and Botany. In the lectures will be considered such questions as text-books, laboratory supplies, the making of charts, types of animals for dissection, injection of blood systems, and in fact those questions which help to make the teacher ready to meet his classes.

The laboratory and field work will include the study of conditions under which organisms, used in the laboratory, normally live, how to collect these forms and prepare them for classes, how make cultures of the Protozoa, such as, Amoeba, Paramecium, Vorticella, etc.

A series of field trips will be conducted to points of biological interest where the distribution of plant and animal life may be studied. One evening each week will be devoted to the discussion of subjects of general interest to Biologists. Lecture and laboratory work three hours daily.

Entomology

In this course each student makes a thorough study of the dissection, life history, and habits of the insects in various habitats. Special attention is given to the economic importance and the relation of insects to agriculture. Lecture and laboratory work three hours daily.

Teacher's Physiology

This course is designed to aid teachers of Physiology in the secondary schools who wish to make a thorough study of experimental methods. It affords opportunity for observations on the more intricate phases of Physiology, such as, the mechanics and chemistry of respiration, muscular contraction, mechanical and chemical phases of digestion, the action of internal secretions, the essential physiology of the organs of special sense, etc. Lecture and laboratory work three hours daily.

Practical Bacteriology

It is the aim of this course ot present the experimental evidence of the methods of transmission of micro-organisms, i. e., by insects, fomites, and "earriers." Quantitative bacteriological determinations are made on drinking water and milk. A bacteriological survey of a water-shed is made with the end in view of determining its potency for community use. Each student prepares the various kinds of media necessary for the determinations to be made. The morphology of the micro-organisms encountered is determined by the usual microscopic methods. Lecture and laboratory work three hours daily.

Admission

No examinations are required for admission to the summer courses.

(On Page Two)

NEW SENIOR COUNCIL FOR 1920-21 SEASON

The present Senior Council is rapidly drawing to a close and will soon resign their successful year to the newly elected men. Following are the men who will govern mens' activities next year:

Mason, Kappa Sigma.
Mayhood, Delta Sigma.
Davis, Phi Gamma Delta.
Beattie, Phi Kappa Psi.
Rounsley, Forum.
(Not Elected)—Sigma Alpha Epsilon.
Linker—Lambda Chi Alpha.
Moore—Sigma Chi.
Baird, Douglas, Lewis—Non-fraternity.

ALUMNI DAY WILL SAVOR OF PAST TIMES

Enthusiastic Committees Threaten to Make Tuesday, June 15 the Biggest Round of Events During Entire Week.

President Joseph W. Henderson, '98, of the General Alumni Association, working in conjunction with President Hunt of the University, has almost completed the program for Tuesday of Commencement Week, which was set aside last year by the Trustees as Alumni Day.

The program will be opened with the Annual Meeting of the Association in Bucknell Hall, at 11 o'clock in the morning. The early afternoon will be devoted to the Alumni Parade. Blair Jaeke, of the class of 1904, has been appointed Chairman of the Parade committee, and will be in communication with all Alumni with a view to procuring class representation in the parade.

This will be followed by the Alumni baseball game, which will be played between two teams composed entirely of Alumni, an innovation which will certainly add greatly to the interest in this feature of the day. All old swatters are urged to bring their batting clothes, though some unkind soul has suggested to President Henderson that the runs be limited to five per inning!

The usual Band Concert will be held around six o'clock, followed by a reception tendered the Alumni by President and Mrs. Hunt at their home. At 8:30 there will be held in the Gym, the Alumni Assembly, another innovation, which is bound to create boundless enthusiasm and real interest in the affairs of the college. It will be given by the Alumni Association without expense to the Alumni, invitations being sent out to all those eligible for the Alumni Association in accordance with the Alumni list of the College, graduates of the Institute, and the graduating class of the College.

Arrangements for the Assembly were in charge of a committee headed by Dr. Albert R. Garner, '99, and composed of Rush Kress, Rex Wagner, C. A. Weymouth, Blair Jaekel, Harry Wassell, Walter Hill, Willard Bunnell, Louis W. Robey, William G. Murdoch, Andrew A. Leiser, Jr., Athon V. Wise, Roy G. Bostwick, Ernest L. Tustin, and Joseph W. Henderson, ex-officio.

The entertainment of the Alumni during their stay in Lewisburg has been placed in the hands of a committee composed of Leo L. Rockwell, Prof. Frank E. Burpee, and Dean Anna R. Carey. Alumni expecting to attend Commencement are urged to get into touch with this committee at once.

SONG RECITAL BY RENOWNED SOPRANO AT BAPTIST CHURCH

Eva Emmet Wycoff, Soprano, who, has appeared with all the leading Symphony Orchestras in this country, will give a song recital in the Baptist Church on Sunday night, May 23, 7:30 o'clock. Students and citizens are invited to attend. No admission; no collection.

L'AGENDA COMING

According to word received from the Baker, Jones, Hausauer, Inc., printers of the 1921 L'Agenda, the books will be received by the manager here by the first part of next week, and as soon as the copies arrive they will be distributed to those who have orders in for them. Those who had no orders placed will be "out of luck," as only a limited number have been secured.

F. & M. DROPPED 18 TO 5 BEFORE BUCKNELL NINE

ORANGE AND BLUE FOUND VISITORS EASY.

BAIRD PITCHED CONSISTENT GAME AND WAS SUPPORTED

Runs Rolled in Without Difficulty and Game Was Easy Going Throughout.

Franklin and Marshall proved easy picking on Saturday, faining by a score of 18 to 5. "Red" Baird was in the box for Bucknell, and held the visitors for 8 innings, letting up in the ninth, when they secured three runs. The entire team played a good fielding game, making but 3 minor errors. At bat, they showed true form. Linker had 3 singles, McDermott a triple and a single, and Waddell a double and a single, while Kostos had two singles. May, for the visitors, had 3 hits, one a double. Dudley had 2, one a triple.

Bucknell scored first when Calhoun, who had been given a base on balls, scored on McDermott's slashing triple to right. Kostos brought Mac in with a single to center, stole second and scored on Linker's one bagger through second.

We scored 4 runs in the third. Kostos singled through third and went to third on Linker's single to right. On the shortstop's fumble of Heckendorn's grounder, Kostos scored, and Heckendorn took second on the throw home. Julian brought both Linker and Heckendorn home with a single, and scored himself on Baird's hit to the pitcher.

The feature of the visitor's half of the 4th was the sentational one-handed catch by Calhoun, after misjudging Groff's line drive. Bucknell's half of the 4th netted 4 runs. McDermott got his base, stole second and scored on a passed ball, Linker dropped a Texas league over second and took third on the shortstop's fumble of Dent's grounder. Linker scored Heckendorn's single. Dent score on the fumble by the first baseman of Julian's bounder. When the third baseman missed Baird's grounder, Heckendorn scored.

The fifth inning meant another run on Waddell's double through third, Mac's sacrifice fly, and Kostos' out at first.

The visitors scored their first run on Dudley's three-bagger to left and Groff's out at first.

Baird opened the 7th, when 4 more runs were scored by getting safe on an error by the third sacker. Calhoun got a base on balls. Decoursey, running for Baird and Calhoun worked a double steal, and "Do" scored on a passed ball. Waddell drew his base on four wide ones. MacDermott got safe on the throw home at catch Calhoun, who scored. The pitcher fumbled Kosto's grounder and Waddell and Mac each scored. Kostos scored Dent's out at first.

F. and M. opened the 8th with a run. Benethum singled through second and took second on Calhoun's fumble of the ball. Waddell made a

(On Page Four)

SOPH. GIRLS DELIGHT GUESTS WITH DANCE

Pretty Decorations and Pleasant Program Make Event in Tustin Gymnasium One to be Remembered.

One of the most successful dances held this year was given by the Sophomore girls on last Saturday Orange and Blue crepe paper, fraternity and sorority banners and blossoms composed the decorations. One corner of the "gym" was furnished as a living room.

Over fifty couples including representatives from the three other classes, danced to the strains of Gubin's Orchestra of Northumberland. Visiting members of Phi Delta Theta fraternity were also the guests of the Sophomores. Dancing ceased at ten-thirty. Miss Bromley and Miss Rainey of the Women's College acted as chaperones.

SENIOR CLASS MEETING

There will be a meeting of the Senior class Wednesday afternoon at 2:30 o'clock in the chapel.

ENGLISH?

A few days ago a glaring baseball sign on the bulletin board attracted much humorous comment because of its misspelled title "Oppertunity." Numerous and interesting remarks were passed about it, quite as ungrammatical as the object of criticism. It was quite evident that the author was no more at fault than those who said "Loukit at," Watyu know 'bout that," etc.

It is in keeping with an editorial discussion of the same subject at Swarthmore College recently which told about Jonnie brining home profane language from school. He answered the doorbell one day, and when questioned as to the whereabouts of Mr. Brown, "I ain't seen him, he lives across the damn street." His mother called a protest from upstairs, "Johnnie, how many times have I told you never to say 'ain't'?"

Here at Bucknell, as otherwise, all are ready to cast the first stone of abuse at slight breaches of petty social conventions, but readily ignore what amounts to a profane perversion of the English language. If a man is slightly out of attire at dinner or lacks elite table etiquette he gets the brunt of considerable embarrassing compliments and even small fines in some instances. But there is no punishment for the continued universal abuse of the English language; to conglomerate our mother tongue words is no sin, indeed, the cleverer the combination, the heartier the applause.

"Watz at? Furs bell?"
"Passa butter, wilyu?"
"Weaken go in ten minutes."
"Hay, Soo, lemme yer hair-net fer te-night?"
"Len me a bone til a morrow, huh?"
"Who yu taken tu the hop-"
"Whoze gotsum Jerkiss in kin spill on ma neck?"
"I wonner what kine i scream wier gonna have."

To be able to use correct English in conversation is going to be required of all of us as soon as we leave the jargon-loving college halls. But in this all-important faculty we will graduate, unqualified. We will not have learned the art of voice control and tone modulation, so necessary to effective private speaking; of many of the words we do have at command we will not know the shades of meaning or practice the proper pronunciation; and, further, we will not have learned to speak complete sentences. Our clever slang and conscious mispronunciation will not serve us in great stead when we begin to mingle in business or social relations with persons who have agreed to try to improve on the English language, and who speak it uncorrupted and unabridged.

Those who have hopes of really attaining the highest success in life must "mend their speech."

HOW ABOUT IT?

Hardly a college at the present time is without either a Hoover Club or a General Wood Club. Where does Bucknell stand on this matter of Booster clubs? Practically every college in Pennsylvania has a Hoover Club, and Wood Booster College Clubs are running a strong second. At State College both professors and students are having regular and well attended Hoover Club meetings.

A great number of Bucknell men will cast a vote for president in the Fall. What will you know about the candidates? How are you going to decide for whom you will vote? Who are going to be the men at Bucknell who will step up and call a meeting in the next few evenings to form one or more political booster clubs with the ultimate aim of perhaps keeping a line on Presidential candidates? How about some real campaign speeches to give desired information, and the election of officers to continue the organization next Fall?

REGISTRATION FOR ROOMS NEXT WEEK

Students Who Want Most Desirable Locations Must Arrange With Registrar.

The matter of Room registration for next year has been taken up by Registrar B. F. Thomas and arrangements have been made for signing up for rooms next year. A rapid influx of students will likely take place during the summer and men who desire their rooms they now hold or first choice at other rooms should sign up according to the schedule arranged.

Room Registration for school year 1920-1921 will be observed at the Registrar's office as follows:

Monday, May 24, for Juniors.
Monday, May 25, for Sophomores.
Wednesday, May 26, for Freshmen.

No rooms will be reserved unless a deposit fee of ten dollars is paid. All rooms not secured in above dates will be declared open for assignment. Students will be asked to designate preference for furnished or unfurnished rooms.

Holders of scholarships will be supplied with renewal blanks on above dates in order mentioned.

SUMMER SCHOOL BEGINS JUNE 23

(From Page One)

Courses are open to men and women who are qualified to pursue them to advantages, but persons who desire credit toward a degree must satisfy the entrance requirements of Bucknell University before the work may be so credited. A permanent record will be kept of all work satisfactorily completed in the summer sessions.

Credit

One course will aggregate four semester-hours. Two courses aggregate 8, as presented during the regular College session, toward graduation or an advanced degree.

Fees

A charge of thirty dollars will be made for one course. Forty-five dollars will be charged if two courses are taken. A laboratory fee of five dollars will be charged in each subject to cover the cost of materials used.

Registration

Students will register for the Summer courses through the Registrar's Office in the College.

Location

The Biological Laboratories of Bucknell University are located in Central Pennsylvania in the valley of the west branch of the Susquehanna River, one of the best localities for Ecology and Nature Study to be found in the Eastern United States. The distribution of life is represented by, the Carolinian and Alleghanian zones, with a slight tinge of the Canadian zone in the peat bogs and lakes in the higher mountains at Rasick Heights. The mountains, swamps, river plains, and streams in this locality afford excellent habitats for the study of Biology.

General Information

Students will secure board and lodging in the town at reasonable rates. The athletic field and the tennis courts of the College will be open for the use of the students taking the Summer courses. Any course may be withdrawn at the option of the Instructor if there are fewer than five persons registered for the course. Schedule for classes will be arranged at the opening of the session. Classes will begin at 1:30 P. M., June 23. For further information inquire of Prof. Nelson F. Davis, Lewisburg, or the Registrar of the University.

University of Michigan

The University of Michigan is to have a Sunday college paper. It will contain feature articles written by the students and faculty. It is the only paper of its kind known.

in
"STRONGER THAN DEATH"
From the novel by I. A. R. Wylie.
A powerful drama of Love and Danger in the Heart of India. Nazimova as a London dancer who enters the British colony in a barracks town in India and immediately divides the colony into two factions—one hating and the other adoring her. There is an uprising of the natives and in order to gain time until the arrival of the troops, Nazimova dances on the steps of the Temple in the moonlight, thus playing upon the superstition of the natives, who fear to attack the whites during the dance. In the meantime the British soldiers arrive and save the colony. A picture with all the Weirdness and Mystery of India.

WOMEN HOLD CLASS ELECTIONS

Miss Emly Devine, Senior Girls' President, Miss Burke for Juniors and Miss Louise Hood for Sophomores.

Election of class officers for the coming year held at Women's College during the week resulted in the choice of the following: Senior Class of next year, Emily Devine '21, was elected to the office of President, while the other officers are Elizabeth Weidner, vice president; Ruth Mount, secretary and Clara Casner, treasurer.

Jennie Burke '22 will hold the position of President of her class while assisting her are Mary Sholl, as vice president, Rhea Burgett as secretary and Elizabeth Couffer as treasurer.

Next year Louise Hood '23 as class president of the Sophomores will have charge of taking care of the incoming Freshmen and seeing that they behave properly: Louise Llewelyn as vice president will assist her. Elva Flannigan was chosen for the office of secretary and Anna Fisher for treasurer.

Sophomore Girls Hiked

A number of the Sophomore girls hiked to Red Rock Saturday afternoon and enjoyed supper there.

COLLEGE SENIORS!!
Business Training Fellowships!
The Metropolitan Merchants of today want college-trained men; they recognize your ability and are willing to meet you halfway in providing you with the practical business training necessary for your ultimate success.
UNLIMITED OPPORTUNITIES
Twenty of the largest department stores in New York City have cooperated with New York University in establishing a Graduate Course for the purpose of training college graduates as members of salesmanship or for the numerous executive positions, as directors of training and personnel managers in the stores.
The Graduate Training Course requires two years for completion and combines THEORY and PRACTICE as follows:
Mornings to study and lectures at the University.
Afternoons and vacations to PRACTICAL BUSINESS TRAINING.
YOU ARE PAID A SALARY WHILE YOU LEARN;
Graduate Fellowships, each worth from $700 to $1,000 yearly, are awarded each college man or woman accepted for the course. You have a bona fide business connection with the cooperating stores during training, and you are given an opportunity to study all departments in many stores.
For further information write or call on Dr. Lee Galloway, New York University, Room 803-C, 32 Waverly Place, New York, N. Y.

Training School For Liberal Ministry
Open to men and women, modern, undogmatic, scholarly, practical. Liberal scholarship provisions, including TWO SUMMER SESSIONS at the UNIVERSITY OF CHICAGO.
Four scholarships of $500.00 each for college graduates of high standing and large promise intending to enter the Liberal Ministry. Traveling fellowship yielding $1000.00. Apply to F. C. Southworth, D. D., President.

Others Colleges And What They Are Doing

Kentucky State

An interesting investigation is being conducted at Kentucky State. From a questionaire sent out by a Faculty Committee it was found that 63 per cent. of the students were earning at least a part of their expense money during their college course and that two per cent. were earning enough to pay their entire expenses.

Purdue University

All cases of dishonesty reported at Purdue University will be published in the Daily Exponent, each month. The Dishonest Committee and the Student Council are cooperating on this policy in an effort to eradicate all forms of cheating.

Syracuse University

The Syracuse Varsity rifle team lowered the intercollegiate record in a recent match, shooting 999 out of a possible 1,000. The former record of 997 was established earlier in the season by the same squad. Although comparative standings are not available, yet, the Syracuse marksmen have maintained an excellent average throughout the season, and they will undoubtedly finish in the lead. These contests are held at short ranges, and sub-calibre ammunition is used exclusively.

Booster Clubs

After the organization of various booster clubs for presidential candidates, at Cornell, a straw vote will be taken for the next president of the United States. Prominent among the clubs are the Hoover and General Wood clubs. Much interest is being taken in the anticipation of the election Booths are being placed at various points on the campus.

University of Illinois

Ancient Rameses and all his court will reign again at the Egyptian Fete to be staged by Illinios. A big parade, in which all the famous ancients will be represented, will start the event. Side shows and dancing are offered as entertainment for the evening of the big day. The students at Cornell have decided to produce a Roman Spring Carnival. There will be a triumphant march through the city, after which chariot races, gladiatorial contests, and dances will be held on the athletic field for the amusement of visitors.

University of Vermont

The University of Vermont is the first college to adopt the plan of insuring against baseball financial losses due to bad weather.

College Resignations

A notably large number of college and university presidents are resigning this spring in addition to Dr. H. S. Drinker of Lehigh. A partial list reads: Arthur Twining Hadley, of Yale; Edwin Earle Sparks, Pennsylvania State College; Provost Edgar F. Smith, University of Pennsylvania; Dr. M. L. Burton, University of Minnesota; Dr. Edmund James, University of Illinois; Dr. W. H. Crawford, Allegheny College; Chancellor Frank Strong University of Kansas.

Latin-American Students

Recently in New York City, 45 Latin American students, dressed in the bright colors of their native costumes, with all the gay decorations so dear to the Latin heart, smoking their native cigarettees, and while waiting, indulging in spontaneous dances, gathered to discuss with representatives of the Intercollegiate Prohibition Association the effect of prohibition in America and the part American students played in the reform. The questioning showed much interest on the part of the Latin students.

Frank Cruikshank, '12, now holds a position of general manager with Armour Co. of Chicago, Ill.

FORUM HIKERS

Last Saturday the Forum gave a hike for the Seminary girls. The expedition was chaperoned by Miss Griffith. Everyone had plenty of fun, even Gehret, who, while umpiering an impromptu baseball game, suffered 5 temporary displacement of the upper inclsors as the result of a contested decisions.

Bauman--Morton Wedding

The wedding announcement of Fred B. Bauman '18 and Miss Millie Morton of Apollo, Pa., have been received by the Bucknellian. Mr. Bauman is employed as a Mechanical Engineer by the Standard Steel Car Co., of Butler, Pa. During the war he was an Engineering Ensign.

Y. M. C. A. CABINET FOR NEXT YEAR

Following are most of the men who will compose the Y. M. C. A. cabinet next year. Non-fraternity names have not yet been received but it is understood these men have been elected and will be announced soon. The cabinet consists of:

Nichols— Lambda Chi Alpha.
Smith—Forum.
Derr—Phi Kappa Psi.
Stewardson—Kappa Sigma.
Davis—Sigma Alpha Epsilon. (Not Chosen)—Phi Gamma Delta. (Not Chosen)—Sigma Chi.
F. S. Beers—Delta Sigma.

SOPHOMORE COTILLION HIGHLY SUCCESSFUL

The Annual Sophomore Cotillion at Milton Park Friday evening was well attended and much enjoyed. Specht's orchestra of Reading played for 18 pleasant numbers.

The evening's program was a pleasant one and well arranged. The dance list was a neat little blue-covered folder, the first social program to bear the new college seal.

Patrons and patronesses were Mr. and Mrs. Walter Blair, Mr. and Mrs. Roy Butler, Dr. and Mrs. Gerhart, Mr. and Mrs. J. F. Kurtz, Mr. and Mrs. H. J. Nogle, Dr. and Mrs. Roland.

FERVENT BOND OF MUTUAL SYMPATHY

After telling all about the "blushing bride," a Kansas paper said: "The large elaborate bouquets of roses were punk."

The blushing bride's father—who happened to be the Mayor of the town—called around and demanded an explanation. The editor explained how typographical errors will occur in the best regulated shops, and promised that he would make it right in the next week's issue, as everybody understood about these typographical errors:

The next issue said: "We wish to apologize for the manner in which we disgraced the beautiful wedding last week. Through an error of the typesetter we were made to say, "the roses were punk.' What we wanted to say was that 'the noses were pink.'"

And it is local history that the father of the blushing bride made the editor leave town.—Kablegram.

WILD ONES

College Days

Each year has 365 days. You sleep eight hours each day, which equals 122 days. This leaves 243 days. You rest eight hours each day, which equals 122 days. This leaves 121 days. There are 52 Sundays that you do not work, or 52 days. This leaves 69 days. You have one-half day off each Saturday, or 26 days. This leaves 43 days. You have one and half hours each for lunch, 28 days. This leaves 15 days. You get two weeks' vacation each year, or 14 days. This leaves one day, and this being the Fourth of July we close on that day, so you're done no work at all.

First—He put his arm around me five times last night.
Second—Some arm.

Bolshevikey

It was dark in the great roomovitch with a sobsky of despairovitch she threw her armsky around his neckoff.

"Have you forgotten our lovsky, my darling Samovar," cried she, with tearsky in her voiceoff.

"What the trotsky do I caresky about your loveoff," he sneeredovitch, lighting his tenth soiret.

"Oh, you vile wretchvike" . . . she screameroff and hurled off a bombsky into the fire-placevitch.

He laughedsky. . . .

Then quietly the house blew up into airoff and all was still as deathsky; only in the distance the Chocko-Sneezaks were shoting crapsoky.

PHI KAPPA PSI PLEASANT HOUSE PARTY

Phi Kappa Psi had an enjoyable week-end House party last week which began Wednesday evening with a reception and dance at the chapter house. DeLong's orchestra played.

Thursday included a straw ride and picnic at Wolfland and a dance at Milton Park in the evening with music by a Banjo orchestra of Tyrone. A movie party was enjoyed Friday afternoon and the Sophomore Cotillion in the evening. On Saturday the baseball game and a dance in the evening by Derby's orchestra were enjoyed. Chaperons were Mrs. Leiser and Mrs. Marsh. Fountain pens with fraternity crests were the favors given.

WOMEN'S COLLEGE NOTES

An informal dance was conducted in Women's College Living Room on Friday night at which Sigma Chi Orchestra furnished the music for dancing. Miss Bromley was present as chaperon.

Saturday afternoon the Women's College was also the scene of an informal dance, "Rev." DeLong's orchestra playing for the dance.

Misses Lydia Coene '21 and Anna Hill, '23, spent the week-end at Wesleyan University, Middletown, Conn.

Miss Bess Davis '21 visited her home in Nanticoke Sunday.

Miss Tess Lott, '21, and Marion Jack spent Saturday and Sunday at their respective homes in Paterson, N. J.

ANNUAL CONCERT OF GLEE CLUB

(From Page One)

having much local coloring and fun, and will have a good laugh "on tap" for his observers.

Mr. Haus—Alis "Cy" will render a new assortment of popular airs. The program for the evening follows: See for yourself and be convinced that it is the best yet.

Orchestra.

Mixed Chorus—Farewell to the Forest—Mendelssohn. The Sea Hath its Pearls—Pinsuti.

Vocal Solo—Il Bacio—Arditi. Josephine Green.

Ladies' Chorus—An Arab's Song—Higgs. Row us Row us Swiftly)—Campana. (Solo, Suzanna Statler).

Tenor Solo—I hear a Trush at Eve.—Ralph Hartz.

Men's Chorus Twilight—Buck.

Violin Solo—Mazurka—Myllarniski. Robert Hartz.

Vocal Duet—Every Flower, from Madame Butterfly—Puccini. Josephine Green, Elthera Corson.

Sketches—Finley Keech.

Male Quartet—Old Black Joe—Steven Collins Foster. Hartz, Martz, Cloward, Appleton.

Ladies' Chorus—Charity—Rossini. Solo and obligato—Josephine Green.

The Snow—Elgar.

Gypsy Life—Schumann.

Popular Songs—Allen R. Haus.

Mixed Chorus—Good night, good night Beloved—Pinsuti.

The admission for the entertainment will be fifty cents, which is less than has been charged in many places where the Glee Club has appeared. Students will be admitted on budget tickets. Remember the time and place, and back this organization that has made such a good name for the University during the past season.

PAYNE, '09, TO BANQUET SENIOR COUNCIL MEN

Guy Payne '09 of the College Inn will show an innovation to Senior Council members Wednesday night when he will give his First Annual Senior Council banquet. It is understood the banquet is the outcome of a clever little tragedy on the part of several dudes and their sister in which Payne smiles and Senior Council once more holds sway by sustaining its power of authority.

D. HOBART EVANS ELECTED Y. M. C. A. HEAD

At the regular meeting of the Y. M. C. A. Thursday evening D. Hobart Evans was elected President for the coming year. The other officers are: Homer T. Eaton, secretary, William Sugden, treasurer, Arthur E. Harris, President Harry V. Thomas spoke and Homer Eaton, made a report on the recent State Y. M. C. A. convention at Allentown, featuring the exact importance of the honor of President Thomas being elected Chairman of the convention and C. E. Emerick being appointed on the nominating board of the convention.

JUNIOR PROM REPORT

The Faculty Auditing Committee makes the following announcement: "Mr. T. F. Mangan, chairman of the Junior Prom Committee, has submitted his accounts to the Faculty Committee on Student Activities for audit. The Faculty Committee reports that the finances were handled in a creditable manner and all bills promptly paid.

Among Our Alumni

REAR-ADMIRAL GILL, '65.

INJURED IN HARD FALL

Rear Amiral Thomas A. Gill, of Boston, a member of the college class of 1865 and a graduate of the old Theological Seminary of the year 1867, is slowly recovering from severe injuries sustained in a fall on the ice in the late winter, among them a badly fractured arm and serious bruises.

The mention of Rear-Admiral Gill brings to mind the unique military and naval record which it has been his good fortune to establish.

Being in college during the fateful summer in 1863, he was one of the students who compelled the college practically to close its doors by enlisting "for the emergency." The character of service rendered by the boys of the University at Lewisburg during the Gettysburg campaign was suggested in our recent obituary notice of Captain T. R. Jones. The late Prof. R. A. Townsend, '64, in an interesting article in the 1901 L'Agenda, did not hesitate to claim, on apparently good grounds, that the Lewisburg boys were on this occasion really the saviors of the Pennsylvania State Capitol.

The following year, on the threat of another Confederate raid by the army under Early, a second call was made for men, and again the Lewisburg students responded. Ten of them were in an independent company of cavalry, or mounted infantry, including the late Charles S. Wolfe, '66, of Lewisburg, Dr. Leroy Stephens, '68, and C. B. Lowe, '65, of Vineland, N. J.

T. Rockefeller Jones, '62, Dr. A. J. Rowland, '62, and Dr. J. K. Weaver, '61, were in what might be termed an "Officer Group."

Bucknell at Wilkes-Barre

A number of Bucknell people are on the factulty of the Wilkes-Barre High school. Charlotte Lloyd, ex-'10, heads the instruction in Spanish, assisted by Dorothy Kantor, '18. Benjamin T. Harris, '08, teaches Latin. Emmanuel Warmkessel, '10, is head of the Modern Language Department. Ida Luchsinger, '09, is teaching mathematics, as is Arthur Evans, '15. A. L. Rummer, ex-'16, has charge of the "gym" work for boys.

G. J. Meredith, Jr., of the class of 1915, Roselle, N. J., is arranging an European tour of 65 days beginning June 19 and lasting until August 23. The trip includes travels in Scotland, England, Belgium, Alsace-Lorraine, Swithzerland and France. The trip is for tourists who wish to travel in parties under an American guide.

The April number of the Conner Compass, an Advertising publication of Conner Company of Denver, Col., contains a cut of T. Russell Hedge, ex-'15, who was wounded and gassed while in infantry service in France with the First Division. The paper gives the following information:

Mr. Hedge has joined the research and rate department. He served with the First Division A. E. F., on the Sazerais sector. St. Mihiel and the Meuse-Argonne Offensive, where he was wounded with shrapnel and also gassed. He formerly attend Bucknell University and later was employed in the sales department of the White Motor Company.

Young "Chesty" is one of three brothers to attend Bucknell, all three being members of Delta Sigma fraternity.

SENIOR RECITAL BY MUSIC STUDENTS

Miss Fleming and Miss Greene Give Pleasing Entertainment Several Evenings Ago.

Last Tuesday evening Miss Esther Marie Fleming and Miss Josephine Iva Green gave a Senior recital at Bucknell Hall which was very well received by the audience and is a fitting tribute to the young ladies who have won a name for themselves in the department of music. Miss Fleming is a pupil of Miss Armstrong and Miss Green is a pupil of Miss Shultz. The accompanist for the recital was Miss Bergstresser.

The following is the program which was rendered:

1. Violin, Sonata ..... Grieg
   Allegretto tranquilo.
   Allegro animato.
2. Voice
   (a) An Open Secret... Woodman
   (b) A Spirit Flower ... Campbell Tipton
   (c) That's the World in June ... Spross
3. Violin, Romance ..... Vieuxtemps
4. Voice
   (a) Ave Maria ..... Schubert
   (b) I Love Thee ..... Grieg
   (c) Il Bacio ..... Arditi
5. Violin
   (a) Berceuse ..... Vet
   (b) Tambourin ..... Rameau-Kreisler
   (c) Hungarian Dance... Haeseche
6. Voice
   (a) Berceuse (from "Jocelyn)" ..... Godard
   (b) One Fine Day (from "Madame Butterfly) ..... Puccini
   (c) Every Flower (duet from "Madame Butterfly" ... Puccini Contral ..... Elthera Corson

ANNUAL JUNIOR DEBATE WEDNESDAY MAY 26

The annual Junior debate will take place Wednesday evening May 26 in Bucknell hall. The question is: Resolved, that the five socialist assemblymen who were ejected from their seats in the New York Assembly should be reseated at once.

E. S. Smith and Homer Eaton will support the affirmative and Francis Reamer and Robert Hartz will uphold the negative. Musical numbers are included on the evening's program.

The Freshmen oratorical contest will take place in Bucknell hall June 2 and the Sophomore and Junior events will be given together on the evening of June 7.

F. & M. DROPPED 18 TO 5 BEFORE BUCKNELL NINE

(From Page One)

pretty one-handed catch of a fast bounder and threw the runner out at first on Julian's wild heave to catch the runner at third. He scored.

Julian scored our last run by getting safe on the shortstop's slow fielding of his grounder, by stealing second, going to third on a passed ball, and scoring on Baird's single to right. In the 9th, on a triple, an error by Baird, and two singles, F. and M. scored three runs.

Crozer Theological Seminary

Located within thirteen miles of Philadelphia, students have access to the great museums and libraries of that city. Experienced faculty. Tuition and room rent free. Scholarships available to qualified students.

Through connections with the University of Pennsylvania the Seminary can offer:

1. Regular Courses for Preachers and pastors. Seminary. Degree of B. D., or Diploma.
2. Special Training for Community Service. Seminary and University. Degrees B. D. and A. M.
3. Training for Advanced Scholarship. Seminary and University.

Degrees of Th.M. and Ph. D.

MILTON G. EVANS, LL.D., President, Chester, Pa.

EXTENSION COURSE

Crozer Seminary maintains a Correspondence Department for men unable to take a course in residence.

Six usual Seminary studies. Each studied as an individual.

Cost, including books, $10 a year. Faculty certificate on completion.

Address ELI S. RHINEHOLD, A. M., Director, Chester, Pa.

FRESHMEN WEAR SHOES TO BED AS ORDERED

UPPERCLASSMEN ENTERTAINED BY FROSH ANTICS.

"PREXY'S RECEPTION" AFTERMATH SUCCESS

Much Talent Discovered in Freshman Class.—One Soph. Misbehaves.

The night of "Prexy's Reception" will be long remembered by the present Freshman class,—at least, most of the indications seem to point that way. For indeed, it was a night of great trial and tribulation for the men whose verdant coloring is turning to a darker hue, and the dignity of more than one of the first-year men was sadly shaken as he participated in hula-hula dances, track meets, and various other forms of entertainment. The upperclassmen put the Frosh through their paces in a very thorough and scientific manner, and the evening was most enjoyable for all the Seniors and Juniors who viewed the exhibitions.

It was discovered that there was a great amount of latent talent hidden away in the class of 1923. Frosh after Frosh went through the manual of arms, standing on a trunk, and using an umbrella or broomstick for a Springfield, in such a perfect manner that had any West Pointer been present, he would have crawled under a table and died of envy. Many a circus sideshow craves the presence of such slippery twisters and muscle-dance artists as those who rendered the very latest steps in the intricate hula-hula on the third floor hallway in East College. These men won undying fame for themselves, and their efforts were so appreciated that the upperclassmen hated to allow them to stop.

One of the most interesting and educating features of the evening was an address on the "League of Nations," presented in perfect Chinese bya Freshman. At least, he said it was Chinese, and no member of the awed and breathless audience could contradict him. Another great find was one who balanced a lighted candle on his big toe with perfect ease, while still another debated a very serious and complex question with himself from the lofty top of his bed.

East College was also the scene of a track meet, in which some very fine material was discovered. Record after record was broken, and the time for the difficult act of getting under the bed without polishing too much of the floor was lowered by one-fifth of a second. A great variety of footwear was displayed during the whole evening by the first year men, and some interesting styles were presented. Much to the astonishment of the visiting upperclassmen, the last expiring sigh of fashion's latest whimsy seemed to be that the pedal extremities should be fully encased by leather footwear for sleeping purposes. Every Freshman visited was found to have at least one pair of shoes on, although some of them insisted that the wearing of hosiery in conjunction with the leather encumbrances was not the proper form for formal evening dress. The matter was settled in a satisfactory manner by the upperclassmen without any reference to Hoyle.

On the whole, the Sophomore class was well behaved, and kept within the strict confines of their respective abodes. However, one of the more rambunctious of the outfit was given a free bath in the showers of West College by a number of Frosh hosts, and was later treated to another kind of a party on the Quadrangle. Taken all in all, the aftermath of "Prexy's Reception" was a great success, and will be remembered long in the history of Bucknell.

ANNUAL JUNIOR DEBATE WEDNESDAY MAY 26

The annual Junior debate will take place Wednesday evening May 26 in Bucknell hall. The question is: Resolved, that the five socialist assemblymen who were ejected from their seats in the New York Assembly should be reseated at once.

E. S. Smith and Homer Eaton will support the affirmative and Francis Reamer and Robert Hartz will uphold the negative. Musical numbers are included on the evening's program.

ATHLETIC ELECTION WILL BE HELD TOMORROW

Balloting Will be Held in Chemical Laboratory.

The election for officers of the athletic association will take place on Wednesday morning in the Chemical Laboratory from 10 until 12 o'clock. The candidates running for office of president, vice president and secretary were announced by Senior Council last evening. The results of the election will be posted on the bulletin board in the afternoon of the day of election.

The candidates nominated are as follows: For President, H. A. Larson and Eugene Kallay; for Vice President, John Beers; for Secretary, Selah W. Sutton. Verification of these names should be made on the bulletin board in Main College.

GETTYSBURG BASEBALL TEAM HERE FRIDAY

The Gettysburg baseball team will meet the Bucknell team on the local grounds Friday afternoon. A good game is expected, and a big crowd should be on hand. The Bucknell team will be rested after the strenuous trips to Cornell and Syracuse, and a real battle is expected.

SUSQUEHANNA TO PLAY HERE ON THURSDAY

FINE CHANCE TO SEE THE HOME TEAM WIN.

SELINSGROVE ATHLETES ARE COMING HERE FOR REVENGE

Defeated in Last Match, They Seek a Chance to Turn the Tables on Bucknell.

The Susquehanna tennis team will play off team on the local courts on Thursday afternoon at two-thirty. This match will afford a splendid opportunity to our rearranged team to get into first class form for the match with our rival, Penn State, Saturday at State College.

Although our boys won every match at Selinsgrove Friday, it must be remembered that it was the first tournament for Susquehanna, who might spring some surprises here on Thursday. We should not underestimate our opponents down the river as it will be recalled that they have sprung on Bucknell many surprises in athletic contests in the past. The matches will be played on the same courts as used in the match with Penn State: McClure's, Linn's, Kappa Sigma and Sigma Alpha. Epsilon.

FROSH—SOPHOMORE BASEBALL GAME COMES TOMORROW

The Freshmen—Sophomore baseball game will be held on the Athletic field Wednesday afternoon at three o'clock. All Freshmen must be on the side of the field toward the railroad tracks. This game should be quite a battle, as both teams are trying hard to win. The class winning the decision in this game will have the honor of taking most of the class athletic honors, as the Sophomores won the football game and the Frosh took the basketball game. Both of these games were hotly contested, and a similar battle may be expected Wednesday.

KAPPA SIGMA HOLDS ANNUAL LAWN PARTY

The Kappa Sigma Fraternity gave their annual lawn party last Saturday afternoon and evening. The event began with ball game where the guests saw the Bucknell nine take Susquehanna over the line. After the game all adjourned to the lawn which had been decorated with Jack O' Lanterns. Supper was served on the lawn, after which everyone indulged in dancing to the strains of Derby's brchestra or wandered about the lawn enjoying the pretty scene and the fine evening. The party came to a close at ten-thirty, having been much enjoyed by all. Miss Carey and Miss Fowler were the chaperons from the Women's College, and Judge and Mrs. Johnson from town. President and Miss Hunt were welcome guests during the early part of the entertainment.

TO ENTERTAIN JUNIORS

Freshman Girls will entertain their Junior Sister class with a straw ride to Wolfland on Friday, May 28, at 4:-30 p. m. All Junior Girls are invited to attend.

GETTYSBURG TO BE THE ATTRACTION HERE SATURDAY

ORANGE AND BLUE MUST WORK HARD TO WIN.

BATTLEFIELD BOYS OUT TO AVENGE FORMER DEFEATS

Gettysburg is Especially Strong on Weight Events and Distance Runs.

Arrangements have been completed with Gettysburg for a track meet to be held next Saturday, May 29. Negotiations for this competition have been underway for some time and word was received yesterday stating that they would be on hand Saturday. This is the only meet that has been scheduled for this year and from present indications it promises to be hotly contested from the crack of the first gun.

Gettysburg has been in competition all season and the performances on Saturday should be at their heighth. Hachelu, who starred for Gettysburg last Saturday against Dickinson, winning the weight events and the discuss, is the mainstay of the team and Williams and Lighton will both have to be at th's best to hold their own with him. Drew also scored heavily the weights for Gettysburg and will push the Orange and Blue lads to their limits. Cable, running for the Battlefield boys stepped out with two firsts, running the mile in 4:47 and the two-mile in 10:29. However, Davis, wearing the Orange and Blue stripes, is getting in shape to better the present local record of 4:32 3-5. Musser plans on using Davis in both the mile and two mile. If Lovejoy can repeat in both the 100 and 220-yard dashes he should score 10 points for Bucknell. He has been clocked several times since the Interclass Meet, when he did 10:1, in the fast time of 10:2. This sprint seems to be Gettysburg's weak point and Bucknell should score heavily. The best race of the day seems to point toward the 440. Gettysburg took the event from Dickinson in the fast time of 52:3 and Hahn, who will represent the Orange and Blue in this event, was caught in 53 flat. Hahn is fine condition and if he can step into the lead on Saturday he will probably have to break the local record to win.

On the field events, with the exception of the weights, Bucknell should be able to pick up three firsts and several seconds and thirds. This seems to be the big weakness ofthe Gettysburg team, and Treadwell, Dinn and Haslam should win their respective events. In the hurdles both Wren and Dayhoff will have to make the cinders fly in order to break the tape in front of their men. Dayhoff's fall in the Interclass Meet spoiled one of the best races of the day and this race on Saturday promises to be a fast one.

Coach Musser intends to put the men through some hard work these next few days, as this will be the only meet of the year. The time of the meet will be announced later.

FRILL AND FROWN TO PRESENT "TWIG OF THORNS"

Play Will be Held on Saturday Evening in Commencement Hall.

"A Twig of Thorns" is to be the play produced by Frill and Frown this coming Saturday night, May 29, in Commencement Hall. Preparations have been well underway for some time on this play which is the bi-annual one. Formerly the affair has been private, but this year the Girls' Dramatic Society is giving it to the public in Commencement Hall will be thirty-five cents as the price of admission.

The story of "A Twig of Thorns" has an Irish background, and in it is found the old Irish folk lore and dances, as well as some love scenes between the wandering fiddler, the country youth, and the little Irish colleen. Throughout the play is filled with smiles and sympathies which promise to make it a dramatic success. However, Frill and Frown is bent upon making it a financial success as well, so the girls are busy selling tickets and intend to make a canvass of "Sem," Hill, Frat Houses and town.

HOLIDAY MONDAY

Monday, Memorial Day, will be celebrated as a holiday by the college and no classes will be held.

LAST CONCERT BY GLEE CLUB FILLS CHURCH

BAPTIST CHURCH CROWDED TO CAPACITY.

GIRLS' GLEE CLUB BIG FACTOR IN ENTERTAINMENT

Combined Work of Both Clubs Was Excellent—"Cy" Haus Hit of Evening.

Before an audience that well filled the Baptist Church on Monday evening, the Women's College Glee Club and the Men's Combined Musical Clubs gave their annual home concert. The evening was, indeed, a rare treat for lovers of good music, and the audience showed their appreciation of the various numbers on the program by the rousing hand given in each and every case. It was a most fitting way to close a year that has been so successful as the one just past, and the result of the experience gained on the trips by the Men's Club was manifested in the rendition of the various individual numbers and the presentation of Dudley Buck's "Twilight."

The work of the Girls' Glee Club under the direction of Miss Shultz deserves special mention, especially for the way in which they handled Higgs' "An Arab's Song" and Elgar's "The Snow." Miss Josephine Greene pleased the audience very much with her solo "Il Bacio," and also scored another hit in her duet with Miss Elthera Corson. Ralph Hartz was especially effective in his solo work singing "I hear a Trush at Eve,' 'and Robert Hartz appeared to good advantage with "Mazurka" on his violin. Five encores were necessary for "Si" Haus with his singing of popular before the audience was satisfied, and the sketches by Keech were pleasing and interesting with their touch of local affairs.

The program as rendered was as follows:

Orchestra.

Mixed Chorus—Farewell to the Forest, by Mendelssohn.

The Sea hath its Pearls, by Pinsuti.

Vocal Solo—Il Bacio, by Arditi—Miss Josephine Green.

Ladies' Chorus—An Arab's Song, by Higgs.

Row us, Row us Swiftly, by Campana.

Tenor Solo—"I hear a Trush at Eve"—Ralph Hartz.

Men's Chorus—"Twilight" by Buck.

Violin Solo—"Mazurka," by Mylarniski—Robert Hartz.

Vocal Duet—"Every Flower" from Madame Butterfly—Josephine Green Elthera Corson.

Sketches—Finley Keech.

Male Quartette—"Old Black Joe"—Hartz, Hartz, Cloward, Appleton.

Ladies' Chorus—"Charity," by Rosini.

"The Snow," by Elgar.

"Gypsy Life," by Schuman.

Popular Songs—Allen R. Haus.

Mixed Chorus—"Good Night, Good Night, Beloved," by Pinsuti.

NIGHT GOWN PARTY HELD IN WOMEN'S COLLEGE

"Which is the prettiest night gown?" you might have thought the Woman's College Living Room was the scene of a contest of needlework, crocheting, tatting, and the like, had you entered and seen the vast array of night gowns there Saturday night. However, the event was the annual Sophomore—Senior night gown party, when each Sophomore makes a night gown for the Senior who has chosen her for the honor. It is an honor, at that, for the Seniors presented the Sophs with gold bar pins and entertained with dancing and games.

Delta Sigma Hike

Delta Sigma men and a number of young women from Women's College enjoyed the first hike of the fraternity last Saturday. The group journeyed to Shriner's island where they enjoyed a picnic lunch and returned late in the afternoon. The chaperones were Prof. David Moyer and Miss Jessie Cooper.

SENIOR COUNCIL SAYS

Freshmen will be allowed to remove their dinks on the Thursday before examinations if they win the baseball game tomorrow. If they lose, they will be compelled to wear the obnoxious sky-pieces until examinations are over.

Y. W. C. A. MAKES PLANS FOR COMING BIG CONFERENCE

The Y. W. C. A. held a meeting last Wednesday night to start plans for and enthuse people to attend the coming Y. W. C. A. conferences. The Eagles Mere Conference is to be held from June 18—28th. Since Bucknell is so near Eagles Mere we hope for a large delegation. Eight girls attended last year and it is hoped that more will attend this year. From the 22nd of June to the 27th a conference is to be held at Northfield, Mass. This is to be a large conference and Bucknell should send at least one delegate. The girls have never sent a representative to this conference and now is the time to begin. Mary Sholl led the meeting on Wednesday night and several of the girls who attend the Eagles Mere conference last year gave reports. Miss Walton gave an especially interesting talk on the athletics at the Eagles Mere conference.

Notice To Contestants

College women who expect to take part in the essay contest as announced two weeks ago, should keep in mind that the event will be brought to a close on Saturday morning in the Main room of the Academy building at 9:15 o'clock. Prof. Fries, who is in charge, will be present to meet the contestants.

DR. AND MRS. HUNT GIVE RECEPTION TO SENOIR CLASS

PLEASANT SOCIAL GATHERING ENJOYED BY GUESTS.

FIRST PRE-GRADUATION ACTIVITY OF YEAR

Graduating Class Well Represented at Reception.—First in New Regime.

Pre-graduation events for the senior class began on Thursday evening when President and Mrs. Emory W. Hunt gave their annual reception to the coming graduates. The evening proved one of the pleasantest to the large group of guests who enjoyed the social hour, excellent music and choice refreshments served in a style out of the ordinary.

At eight o'clock the seniors marched from the Women's College to the home of the President where they met the reception committee and began their social evening. The committee consisted of Miss Carey, Dr. Hunt, Mrs. Hunt, Dr. Harris, Dr. Phillips, Mrs. Phillips, Prof. Stolz, Mrs. Stolz and Miss Mary Hunt.

Music by an orchestra of three proved exceptionally fine and an abundance of enjoyable refreshments were served by each class president of the girls' four classes, with one assistant from each class. The young women were attired entirely in white with crepe aprons and caps of class colors and the pleasant manner in which they cared for their coming graduates put the final touch to a social evening complete in every detail.

FORUM DANCE

Last Friday evening the Forum held their spring term dance for town girls with a very enjoyable evening reported by all. The house was very prettily decorated with purple and white streamers and palms. Derby's orchestra furnished the music, while Dr. and Mrs. Breisch acted as chaperons.

Fountain Pen Lost

A silver fountain pen, bearing the following engraved words, "Alpha Delta Phi House Party, 1920," was lost on the campus last week. Finder please return to Miss Anna Hill, at the Wolfe house.

ONLY ONE MORE

Next week's Bucknellian will be the last issue for the year, as approaching examinations will render it impossible to publish another issue before the Commencement News appears.

NEW LAMBDA CHI

Dr. Henry T. Colestock, of the Department of History, was made an honorary member of the local chapter of Lambda Chi Alpha fraternity at appropriate exercises last Wednesday.

BASEBALL SCHEDULE

25—Syracuse at Syracuse.
26—Cornell at Ithaca.
June 1F. & M. at Lancaster.
2—Gettysburg at Gettysburg.
4—Carnegie Tech. at Lewisburg
5—Dickinson at Carlisle.

SUSQUEHANNA BOWS TO STRONG BUCKNELL NINE

ORANGE AND BLUE FINDS VISITORS EASY.

BEST GAME SEEN ON HOME GROUNDS THIS SEASON

Beattie Pitches Wonderful Game—Waddell and McDermott Each Emulate Babe Ruth.

In the best game so far this season, Susquehanna was defeated by a score of 3 to 1. Beattie was in the box for Bucknell and held the Selinsgrove nine in his power, pulling himself out of several holes with some masterful pitching. Waddell starred at bat, with three hits, one a home run, out of four times to bat. "Bob" also scored two runs and handled eight chances in the field without a flaw, having 5 put-outs and 3 assists. McDermott won the game in the first inning with a homer to the railroad tracks, bringing in Waddell on the drive. "Mac" also had a single. Dent and Heckendorn put up a bangup game in the field, while the outfielders handled their end in fine shape.

The pitching of Kleskie for Susquehanna was of the best. Outside of the two home runs, he held our batters very close. Kassler and Heintel each had two hits, while Baker on first looked best in the field for the visitors.

The game opened with Susquehanna's first man being thrown out, Waddell to Heckendorn. Beattie hit the second man, and the third man singled. But the next two were easy outs, Beattie fanning the first and the second being thrown out, Dent to Heckendorn. In our half of the first, Calhoun went out on a flie to the shortstop. Waddel singled through second and McDermott smashed one to the railroad tracks for a homer, sending Waddell over the plate before him. This proved to be enough runs to win, so to "Mac" goes the credit for putting the game on ice.

Neither team was able to do much until the fifth, when each scored one run. The visitors got their run as follows: Dugan went out, Waddell to Heckendorn; Kleskie got his base, Swope was hit by a pitched ball, Riden was safe on his hit to Kostos, which forced Kleskie out at third, Cassler then singled over second, scoring Swope. The next man fanned.

In our half, after Beattie and Calhoun had flied out, Waddell caught one on the nose and sent it over the tracks for a home run.

The only other time that the visitors looked dangerous was in the sixth The first man up drew a base on balls. The second flied out to Linker, the third doubled to left. Beattie then tightened and struck out the next two.

Bucknell—	Ab.	R.	H.	Po.	A.	E.
Calhoun, lf	4	0	0	2	0	0
Waddell, 2b	4	2	3	5	3	0
McDermott, lf	4	1	2	0	0	0

Totals	39	1	7	24	10	3

Summary: Earned runs—Bucknell, 3. Susquehanna 1. Two-base hits—Baker, Heintel. Home runs—McDermott, Waddell. Struck out—By Beattie 7, Kleskie 7. Base on balls,—Off Beattie 2, Hit by pitcher—Beattie 2, Kleskie 1. Left on bases—Susquehanna 11, Bucknell 6. Umpire—Logan, of Watsontown. Scorer—H. G. Florin. Time of game—1 hour, 45 minutes.

PHI GAM DANCE

Phi Gamma Delta entertained a number of Sem. girls at a dance Saturday evening. Miss Downer was the chaperone and the Sigma Chi orchestra furnished excellent music. A. C. Bowser, '22, was present as a guest, and dances were exchanged with members of the Kappa Sigma fraternity, who were having a dance at the same time.

Business Manager
VICTOR G. CLARE, '21

Published weekly during the college year by the Bucknellian Board, representing the student body of Bucknell University. Subscription $1.50 per year. Make all checks payable to the Manager.

Entered at the Lewisburg post office as second class matter.

Contributions from students and alumni are earnestly solicited. They should be written in a legible hand and on but one side of the paper. Address all articles to the Editor.

Member of the Intercollegiate Newspaper Association.

A TRIBUTE

A tribute is due Hayes L. Person and George N. Benjamin for their successful efforts in handling the Bucknellian during the past school year. Never in its hostory has the Bucknellian received the notice and applause as it has under their direction, and never has it presented a better newspaper appearance. The work of these two men has been unselfishly directed at the problem of making this paper bigger and better, and we cannot help feeling that success has crowned their efforts. Obstacles have come in their way, but these have been swept aside in the constant struggle for perfection, and at the present time the Bucknellian occupies a truly high place in the field of college journalism.

Beginning with Errol H. Derby, it has been the policy of the Bucknellian to copy no other college paper, but rather to inaugurate a distinctive style of its own, with several of the best metropolitan newspapers as guides. Editor Person continued this policy, and developed the Bucknellian as only a man of previous newspaper experience could do. Manager Benjamin put it on a firm financial basis, and kept it there in spite of the strikes, labor troubles and advancing costs of all newspaper materials.

It shall be the aim of the next year's staff to follow the same policy that has been so successfully put before us, and to endeavor, in our poor way, to make the Bucknellian worthy of the college whose name it so proudly bears.

LET GEORGE DO IT

"Let George do it."

This is the unfortunate attitude many assume today.

It is not a new practice. George has been called upon for years to perform many of our important tasks. As a result the rudder of our good old ship of State has not been kept in proper repair. Conditions were getting somewhat dilapidated before the war, but during that "cost-plus" period too many of us forget that we were in the world for any other purpose than to have a good time. While we complain about high prices, governmental inefficiency and other matters which are in need of repairs, we overlook the fact that responsibility rests upon each of us.

It's useless to call on "George" to do the things we should do ourselves. One can't keep the rats out of his cellar unless he plugs up the hole.

IN OBLIVION

Owed to Senior Council

Those four bold ducks that woke in the morning,
Quack, Quack, Quack,
To give Piekarski a timely warning,
Quack, Quack, Quack,
Didn't know how eager he was
To set the Senior Council a-buzz,
And send the poor ducks to the Land of Was,
Quack, quack, quack.

Now this little rhyme holds a bit of instruction
To the Guy with a querulous quack;
If you don't want to suffer a Payneful abdue(k)tion,
Don't get Harry N. on your track.

Alcoholism is rife on the west coast of South America. In Valparaiso, Chile, there is one saloon for every twenty-four men.

"How is your song getting on now?"
"Oh, fine. He's busy now at Shakespeare's works."
"What do they manufacture there?"

ASSISTANTS NOW IN FULL CHARGE

Person and Benjamin Turn Over Bucknellian to Assistants After Very Successful Season.

Beginning with this issue, Assistant Editor George B. Schuyler and Assistant Manager Victor Clare will assume charge of the Bucknellian to relieve the manager and the editor who are now preparing for graduation. The work on the several remaining issues before the Commencement News will give the new men opportunity to acquaint themselves with handling the publication before an active year beginning next September.

Students and staff are looking forward to printing the paper in the college printing office next year in bigger form than ever. Plans are being considered whereby the Bucknellian will have an office on the Hill where the staff or business manager can be reached at all times. Readers are asked to remember that beginning with this issue all information or material for publication should be addressed in care of Editor Schuyler or Manager Clare.

By Commencement time the Faculty committee in English in charge of Bucknellian appointments hopes to announce the names of the next assistant editor and assistant manager.

Concerning the present year's standing of the Bucknellian in the Public Ledger contest for best college yet received any word of three winners, but expects decisions to be made any day. Many students are inquiring concerning the awards.

PAYNE'S DUCKS DISAPPEAR FROM COLLEGE CAMPUS

Senior Council Banquets on Last of Famous Flying Squadron.

The ducks which caused so much amusement, and consternation as well, by taking up their abode on the college campus are no more. Last Wednesday evening Guy Payne,'09, their owner, saw them disappear into the hungry mouths of the members of Senior Council, at a banquet which he gave to that august body. All the Senior Council men were present to perform the last sad rites on the ducks which they had legislated out of existence, and Dean and Mrs. Llewellyn Phillips and Prof. and Mrs. Lindemann were also present as guests. The banquet was quite elaborate, and appropriate speeches were made afterward. The new Senior Council for next year is wondering if Payne intends to make this duck dinner an annual affair.

SEM FROSH SLEEP WITH SHOES ON THURSDAY NIGHT

"Put on your shoes!" "If you don't you'll get a ducking!" "No, this did not come from "the Hill" on Thursday night, after Prexys Reception, but rather from the Woman's College where the Sophomores in a body, visited each little Freshies room to see that she was abiding by the annual custom of wearing her shoes to bed. Girls can fight, even though they are small, for it took three husky Sophs to hold down one little ninety-eight pound Freshman while her shoes were put on and then tied in numerous knots. The Sophomores, however were to be obeyed as several of the little Freshies found out when they were dumped into a tub of cold water; and then when one poor little girlie was so clever as to hide all her shoes, she forgot to hide her skating shoes so the class of '22 saw to it that she wore skates and all to bed. Were the Sophs victorious? Well, they would have been were it not for six Freshies, concealed in one room, which the Sophs while trying to barracade, were forced to use umbrella to protect themselves from the rain coming from the transom. The Sophs pushed and shoved and pushed, but the six Freshies were too much for them.

It was a wonderful night! All enjoyed the sport, and Freshies through most of them did wear their shoes, feel as if they were not entirely defeated and have something to be thankful for.

Solicitous Old Gentleman: "Hello, Willie! How is your grandpa standing the heat?"

Smart Willie: "Haven't heard from him yet, he's only been dead a week."—Ex.

You tell him Casket, I'm coffin';
You tell him Pieface, I haven't the crust;
You tell him Jackass, I'm a little hoarse;
You tell him False Teeth, I haven't the nerve;
You tell him Ouija, I haven't the spirit;
You tell him Carpet, I'll beat it;
You tell him Fly Paper, I'm stuck;
You tell him Tomato, I'm canned;
You tell him Landlord, I'm moving.

in
"HIS HOUSE IN ORDER"
Miss Ferguson always makes good here and is very popular. The story is by Sir Arthur Pinero. Miss Ferguson enacts the part of a young English nurse who later becomes the wife of a wealthy member of the English Parliament. Her rise in the social scale creates an interesting picture. Miss Ferguson presents three distinct, interesting characters.

VIOLA DANA
in
"THE WILLOW TREE"

A romantic phantasy of old Japan with the fragrance of Cherry blossoms. Picturization of the famous Broadway success. A Japanese version of tale of "Pygmalion and Galatea." A young Englishman falls in love with the image of a beautiful maiden who is extremely life-life. The reflection from a mirror brings the image to life and thus begins the love idly of the slant-eyed maiden which is as beautiful as that of the famed "Butterfly." Beautiful scenes of lovely Japan.

The great Super-Picture—
"ON WITH THE DANCE"

The Inquiring Reporter of the Chicago Tribune, who every day asks persons, picked at random, the same question, recently propounded—"What what do you do with the money you used to spend for beer?" Four of the five indicated that they were spending it for clothing, soft drinks, and were putting some in the savings bank. The fifth said she was still buying beer, but had to pay more for it.

Others Colleges And What They Are Doing

Penn State

Dr. Edwin Earle Sparks, president of Pennsylvania State College has just issued an earnest appeal to college men and women to recognize the sound principles of saving and right spending and the need of personal thrift as a factor in national prosperity in order that they may assume their proper place as leaders of constructive thought and action in America. In referring to the preparation necessary to such leadership, Dr. Sparks said:

"The development of high ideals, sound principles of conduct and strong essential of character are as necessary in a college course as the acquiring of languages, mathematics or a profession. At one time in American home life this training was safely left with the parents; but with the disintegration of the home, through the demands of business and social obligation it has largely disappeared with the holding of family prayer, the blesing at table and the reading of the Scriptures. Thrift was inculcated with religion in the pioneer days.

"The teaching of self denial, doing without, economical purchasing and the like are most fundamentely not confined to the class in economics in college. Few subjects do not lend themselves to pointing a moral and adorning a tale for the conscientious teacher who assumes some responsibility for the character standards of his students. He finds opportunity of pointing to the three hundred millions of dollars worth of silk imported from Japan last year to make a Coney Island or Atlantic City display by people who according to their incomes normally should make a cotton display.

"The appealing fact to the college man who is to be the leader of the future, if signs during the war are dependable, is the new world relationship come to us through the annihilation of space and time. We talk across the ocean and fly to and from Europe. No longer can we, in our splendid isolation, roll in our riches. We must contrive to consider the other fellow and what he needs or may take by force of trait. Military was is occasional; economic war is incessant.

"The splendid young men and women who are crowding to coal colleges today should respond readily to the new missionary call of world responsibility. And through their instuctors they should be given sound principles of saving and spending, true valuation of money calls of life and the need of personal thrift as a factor of national prosperity if not of national preservation."

MATH. CLUB MEETING

The Mathematical Club will hold its last meeting of the term on Wednesday evening May 26, in Room 4 at 7:30 o'clock. Prof. Rholes is the speaker and he has taken for his subject, "The Theory of Motion." This is an interesting subject, and one that is brought before us almost daily yet surprisingly few people really understand the fundamental principles of it. This will be a great opportunity to learn something really worth while, for Prof. Rholes is very well acquainted with this subject and is prepared to give a very interesting discussion on it.

The meetings thus far have been well attended, but there is plenty of room for more, so every one interested is invited to attend. The meetings are not open to members only but to every one interested in the subject of mathematics. No admittance card stating that you are a "bona fide" member is required.

OLD CLOTHES

Old Top, Shelf, you're doomed.

Commencements coming and all your musty, moldy, mysteries are going to come tumbling down to be frowned over, laughed over—so that some fresh can start his heap of good-for-nothing-but-too-good-to-be-thrown aways up there.

And that bottom drawer in the trunk! No use trying to cart all that stuff back home again. The folks wouldn't have it around for one minute. It does seem a shame to throw it all out, though, doesn't it? Old mackinaws, sweaters, riding breeches, shoes, and whatnots. You never wear them now and you never will. You know that as well as anybody. Still, there's a certain sentimental soomthing about all that old stuff. There usually is about musty, useless things.

There's an Old Clothes campaign coming along about the first week in June—just when you're wondering what to throw away, what you'll want at home, and what you will want to take with you out into the cold and cruel next fall. The Old Clothes are going to be boxed up, sentiment and must having been hygienically eradicated, and shipped off to Armenia, where they will be received as eagerly as if they were brand-new, spick and span, right out of the band-box things. If you haven't had a whole garment to your name for nearly six years, you're bound to look on even an old frayed mackinaw as a godsend, don't you know?

Save up those top-shelf and bottom drawer treasures for Old Clothes Week.

Send to local Near East Relief Headquarters for national store room at 549 West 39th Street, New York City.

What a Brogue Is

A brogue is a shoe whose upper is decorated. Full decorations make this oxford a full brogue. Full brogues are the thing this Spring, but that wing-tip isn't just for show. It supports the upper where side-strain comes, keeps it from bulging over the welt. You'll be strong for this oxford's handsome welt-stitching. A Walk-Over—made by the makers of the best welt shoes in the world. Let us fit you to full value.

FINE CHANCE FOR COLLEGE MEN IN OLYMPIC GAMES

Seventh Olympiad Will Be Held in Antwerp This Summer—American Team to Compete.

For all Americans interested in amateur sport and recreation, 1920 is an important year, for the Seventh Olympiad will be held in Antwerp this summer. Throughout the United States, the Elimination trials which will decide the personnel of the American Olympic team have revived the fervor of contest that flames up with the approach of every international competition. The departure of the hockey and golf teams and the tryouts for the other teams wich will make up the American representation at Antwerp have been followed more enthusiastically than in any previous Olympic year. The Army and Navy, through a special committee, will take a more active part than heretofore in the trials.

Gustavus T. Kirby, president of the American Olympic Committee, points out that the spirit of the Olympic contest is peace and good will. More particularly is this true of the seventh of the modern series of games. The choice of Antwerp as the place for the contest was a happy one; Belgium is a dramatic if somewhat tragic figure among the nations that have sacrificed so much for peace and good will.

In former Olympic games, the United States has taken so prominent a part that the American team this year will be watched with unusual interest by the thousands of spectators who will crowd the stadium in Antwerp. All the more reason, then, why the best of our athletes, inside and outside the colleges, should be found on the American Olympic team. We are going to have a really representative team only in the event that every man boosts for fair play, for equality of opportunity; for sportsmanship and for the amateur spirit.

Winning the largest number of points in the Seventh Olympiad will not be a glorious end in itself. Stamina and the will to win fairly, by-products of the contest, are far more important than bringing home the bust of Charles the Twelfth, which has been put up as a prize by the King of Sweden for the classic pentathlon, or the challenge cup offered by the father of the modern Olympic games, Baron Pierre de Coubertin, for the modern pentathlon.

It is an encouraging commentary upon American life that workmen, scholars, millionaire sportsmen, or business men can make the American Olympic team. That shows there is amply opportunity for any American, through the scientific application of his leisure time, to win the highest honors in the athletic world. Granted that there is just a little too much emphasis upon the star system in American amateur athletics, the fact remains that more and more people are being drawn into recreation and sports. Every kid in a playground, every man on a university track, every worker who uses a community center can develop himself. It's a fair field for all that the American Olympic Committee offers to American athletes.

The man who "goes out for" the American Olympic team is an inspiration to the other young men of his community, particularly if he makes his way up to the final elimination tests in Boston in July. It is interesting to see that even when a man has gone across to compete with the great athletes of other nations, it is the thought of applause from his own folks that steels will and nerve to the ordeal.

If Waterloo was won the playing fields of Eton and Harrow, much more so will the Antwerp Olympiad have been won on the gridiron or the playground.

So closely are the famed Olympic games bound up with true recreation, and sport in the United States that Community Service, Inc., the successor of War Camp Community Service, which organized so many athletic programs for soldiers and sailors during the war, is assisting the American Olympic Committee in various ways throughout the country. The Secretary of War has pointed out that the work of the American Olympic Committee is important in physical education, apart from what it is doing in cultivating international good feeling. The interests of Community Service, Inc., and of the colleges and universities of Americans are identical with those of the Olympic Committee.

Customer (angrily): "Waiter, there is a dead fly in my soup! This is the second time such a thing has happened."

Watier (systematically): "Ah, poor thing. It's the boiling that kills 'em."

Among Our Alumni

E. M. Richards, '13, who is now in Washington, D. C., will remove July 1st, to Pittsburgh, where he will be with the Westinghouse Airbrake Co.

Dr. B. H. Olmstead, '08, after a very interesting war experience, has returned to the practice of medicine and surgery with offices at 46 Warren avenue, Detroit, Mich.

George W. Leach, '07, of New Bethlehem, Pa., has been in Denver during the last eighteen months for the benefit of his health but expects to come home in June. His wife was Ursula Parmley, '07.

Grace Guthrie, '94, who formerly taught at Vassar, has for several years been teaching Latin and Greek in the Washington Irving High School, New York City.

Irland Lawshe, '06, who has accepted the position as chemist at Pittsfield, Mass., spent several days with his family at Lewisburg before leaving to assume his new duties.

Robert G. Carulla, '19, removed recently to New York City where he is engaged in Mechanical Engineering. He visited in Lewisburg during April. His address is 600 West 141st street.

E. B. Woods, '10, supervising principal of the Glassboro schools, has announced his intention of applying for admission to the New Jersey bar in June.

Stanley M. Winter, ex-'10, is located at Duryea, Pa.

Cyril E. Lewis, '16, is Results Engineer for the Acme Power Co., Toledo, Ohio, a subsidiary of the Henry L. Doherty Co., of New York.

Dr. Frank W. Tilley, '98, was visited by Registrar Thomas on a recent trip to Washington. He is Bacteriologist in the Bureau of Animal Industry of the Agricultural Department and resides at 1311 21st street, N. W. He has recently been made secretary of the Alumni Club of Washington.

The Rev. John G. Lauderbaugh, '98, is pastor of the Calvary Baptist Church at Albany, New York. He resides at 119 Lancaster street, Albany, N. Y.

Rev. John Truman Anderson, '98, is located at 2104 Rosedale street, Baltimore, Md.

Fred Bremier, '10, has been in Bismarck, North Dakota, with the Railroad Commission of North Dakota, as Director of the Division of Utilities, since the Spring of 1919. Prior to that time, he was in the Naval Aviation Service, and before that was in the employ of the Federal Trade Commission, making special investigations on the subject of private car lines.

Albert W. Owens, '09, son of Prof. Owens, has recently had published in the American Chemical Journal the thesis on which he took his Ph. D. He is with the Bureau of Standards in Washington and resides 3733 Jocelyn, Chevy Chase.

John McCulloch, ex-'13, who is pastor of the First Baptist Church at Wheeling, W. Va., is planning a trtip to Scotland, his native home, and will enter the University of Edinborough next fall. He recently sustained a severe loss in the death of his wife.

March L. Baldwin, '11, is finishing his second year at the Hill School, Pottstown. He was transferred this year from the Latin to the French Department. With some kindred spirits he has recently founded a Dante Club.

Harry R. Coulson, who captained the 'Varsity in '10, is an open hearth smelter with the Cambria Steel Co., at Johnstown, residing at the Y. M. C. A.

TENNIS TEAM WINS ANOTHER FINE VICTORY

DEFEATS SUSQUEHANNA IN EVERY FEATURE.

NET MEN MAKE GOOD ON DOWN RIVER COURTS

Bucknell Men Win Every Match—Whole Team Shows Up Well in Easy Battle.

On Friday afternoon the tennis team met the Susquehanna net-men on their courts, completely outclassing our rivals, by winning every match. The men who represented Bucknell were: Capt. Speare, Gedrich, Brandt and Koch. It was Koch's initial appearance on the team, however he played like a veteran, completely outplaying his opponent in all stages of the game. Although our boys won every match, the score is not indicative of the games, which were keenly contested.

Capt. Speare easily defeated Stong in two decisive sets, 6-1, 6-2; Gedrich found strong opposition in Capt. W. Decker whom he defeated in two hard fought sets, 6-4, 9-7. Brandt outclassed his opponent W. Decker from the start, winning his match in two sets 6-1, 6-2, while Koch also got an early start defeating Streamer 6-1, 6-1.

In the doubles, Speare and Gedrich defeated Stong and S. Decker 7-5, 6-4; while Brandt and Koch easily won their match from W. Decker and Streamer 6-0, 6-1.

Susquehanna will meet our boys on the local courts Thursday afternoon at 2:30, as they will be anxious to avenge their defeat of Friday, a splendid match can be expected.

Oh Boy!

She was leaning forward—
Her brown eyes pleading,
Her carmine lips upturned,
Pursed and small—
Waiting to be kissed—
Her soft cheeks blushing,
Her throat white,
Her arms extended—
OH BOY!
Some magazine cover!

"One-third of the college students go to the devil; one-third are just average; and one-third rule the world."

WOMEN'S COLLEGE NOTES

The patronesses of Pi Beta Phi entertained the chapter at a "get together" at the home of Dr. and Mrs. Leiser, Saturday afternoon.

Eta Sigma biddies entertained the active chapter on Thursday with a picnic supper at Red Rock. Miss Walton chaperoned.

Mr. W. R. Reed and daughters Ruth and Esther of New Brunswick, N. J., spent the week end as the guests of Helen Reed,'20.

Miss Helen VanDyne '19 was a visitor at the Women's College over the week end. Miss VanDyne is teaching, at present, in Washington, N. J.

The biddies at Pi Beta Phi entertained the active chapter at the home of Natalie Musser on Friday afternoon.

Miss Dorothy Markham '23, had her mother as her guest during the week.

Miss Matilda Bell '21, Student Gov't President, spent the week end at the home of Lillian Russell '22 in Meshoppen.

Miss Tess Lott '21, received a visit from her mother during the week.

UNIQUE GIFT

A unique contribution to the Bucknell Endowment Fund was received this week. Two loyal college women interested their Milton lady friends, held a food sale in Milton which netted $36.50, which they turned over to the Fund. The ingenuity of a willing heart always wins!

From a Girl's Diary.

Monday—Virgil tried to hug me.
Tuesday—Tried again.
Wednesday—Ditto.
Thursday—Said if I didn't let him next time we went riding he would turn the car over and kill us all.
Friday—I saved seven lives today.
—Exchange.

All Ages Meet
At Prowant's

Pure worsted suits for men of years of that firm-twisted material that accepts a lot of wear as a matter of course, without giving "back-talk" in return.

Smooth-finished cashmeres for dignified youths who think so much of style that they wouldn't be without it.

Unfinished effects for the middle man who likes a pretty surface and a spunky underneath—and a homespun for the fellow who wouldn't feel at home unless he had something a bit out of the ordinary.

Every cloth and every weave that's good and fine and desirable is here in "Prowant's." Clothes for any man—young, old, or in-between at $45.00 and $50.00.
